The City Manager submitted a report on permits not in use as of January 1, 1947.

The following resolution was introduced by Mr. Dunn, who moved its adoption:

Prior to roll call Mr. Gardner offered an amendment to the motion to provide that all permits to be cancelled be given to ex-G.I.s to operate ten-cent jitneys, in order to create better transportation in which the bus company has so miserably failed. There was no second to the amendment.

On roll call Mr. Gardner stated that he would vote "no" unless the Commission agreed to give the permits to ex-G.I.s, so that the City would have better transportation.

Mr. Dunn stated that he had suggested jitney service, but that Mr. Gardner had stated that jitneys would not provide good service.

Mr. Thomson pointed out that the Commission had gone on record to accept applications for additional permits for taxicabs and to issue permits in the order in which the applications were received.

LIQUOR ORDINANCE AMENDMENT:

Attorney Abe Aronovitz appeared in reference to a proposed ordinance passed on first reading at the meeting of September 10th and entitled:

AN ORDINANCE PROVIDING FOR THE RIGHT OF REMOVAL OF A LIQUOR LICENSE HERETOFORE ISSUED TO A PLACE WITHIN 300 FEET FROM A LOCATION TO WHICH IT HAS BEEN ISSUED, PROVIDED THE NEW LOCATION IS NOT OTHERWISE IN CONFLICT WITH ALREADY EXISTING ZONING LAWS, EXCEPT FOR DISTANCE, AND PROVIDED FURTHER THAT NO SUCH RIGHT OF REMOVAL SHALL BE GRANTED EXCEPT IN SUCH CASES WHERE EVIDENCE IS FURNISHED TO THE CITY COMMISSION THAT IT IS NECESSARY FOR THE LICENSEE TO REMOVE FROM HIS ALREADY EXISTING PREMISES BY REASON OF DIFFICULTIES WITH THE LANDLORD OF THE SAID PREMISES; REPEALING ALL LAWS IN CONFLICT HERewith

and stated that he had made certain changes in the ordinance as suggested by the City Attorney.

Mr. Thomson stated that he did not know whether he would be in favor of the ordinance if it would permit liquor establishments to operate next door to one another.

Mr. Aronovitz explained that under the zoning regulations the distance between liquor establishments in the downtown area is fixed at 500 feet, and in the outlying sections at 2500 feet, so that under the proposed ordinance a licensee could not move his business closer than 200 feet to another establishment in the downtown section or 2200 feet in the outlying sections, with the exception of a few places that were established prior to the adoption of the zoning regulations.

Mr. Dunn stated that he would not be in favor of the ordinance if the Commission did not have control of a transfer of license from one location to another.

Mr. Thomson stated that it would circumvent the Planning Board.

In reply to a question by Mr. Thomson as to whether or not this would be the proper procedure without clearing through the Planning Board, the City Attorney stated that he could see no objection to the ordinance as the transfers would be under the control of the Commission and that the Planning Board deals primarily with classification of property. He stated that this is a matter of policy. He pointed out that he had suggested the following changes in the proposed ordinance:

1. To add "if approved by the Commission" after the word "right" in the second line under Section 1.
2. To add "between established licensees" after the word "distance" in the 5th line under Section 1.
3. To add to Section 1 "Nothing contained herein shall be construed to grant power to locate any liquor business within the prescribed distance limitations from churches or schools".

Thereupon the ordinance, as amended, and entitled:

AN ORDINANCE PROVIDING FOR THE RIGHT OF REMOVAL OF A LIQUOR LICENSE HERETOFORE ISSUED TO A PLACE WITHIN 300 FEET FROM A LOCATION TO WHICH IT HAS BEEN ISSUED, PROVIDED THE NEW LOCATION IS NOT OTHERWISE IN CONFLICT WITH ALREADY EXISTING ZONING LAWS, EXCEPT FOR DISTANCE BETWEEN ESTABLISHED LICENSEES, AND PROVIDED FURTHER THAT NO SUCH RIGHT OF REMOVAL SHALL BE GRANTED EXCEPT IN SUCH CASES WHERE EVIDENCE IS FURNISHED TO THE CITY COMMISSION THAT IT IS NECESSARY FOR THE LICENSEE TO REMOVE FROM HIS ALREADY

EXISTING PREMISES BY REASON OF DIFFICULTIES WITH THE LANDLORD
OF THE SAID PREMISES; REPEALING ALL LAWS IN CONFLICT HEREWITH

was introduced by Mr. Dunn, seconded by Mr. Gardner, and passed on first reading by title only by the following vote - AYES: Messrs. Dunn, Gardner, Hosea. NOES: Messrs. Palmer and Thomson.

Mr. Palmer stated that he was opposed to circumventing the Planning Board in reference to liquor licenses.

TRANSFER OF FUNDS - HURRICANE CLEAN-UP EXPENSE:

Ray Williams, Director of the Department of Engineering, reported that he had made an investigation as to the amount of material to be removed as the result of the hurricane and that the volume appears to be less than after the 1945 hurricane. He stated that he does not know how long it will take to remove debris, but based on hiring six cranes and 25 private trucks and using the City's equipment and operating the trash trucks on double shifts and the garbage trucks an extra shift for removal of trash, the average daily expense will be \$4,790.00.

Mr. Gardner stated that after the 1945 hurricane, the city spent a lot of money and hired heavy equipment which damaged the pavement.

The City Manager stated that there are not sufficient funds available in the waste and Park Division accounts to cover the cost of removing and disposing of the debris.

Messrs. Dunn, Hosea, Palmer and Thomson expressed themselves as being in favor of proceeding immediately with the work of cleaning up the streets.

The following resolution was introduced by Mr. Dunn, who moved its adoption:
