Pursuant to action of the Trustees November 28, 1944, on application from Julius F. Parker with offer of \$10 an acre, the following Notice was published in the Palm Beach Post, West Palm Beach, Florida, in the issues of December 10th, 17th, 24th, 31st, 1944, and January 7th, 1945:

#### NOTICE

Tallahassee, Florida, December 6, 1944

NOTICE is hereby given that the Trustees of the Internal Improvement Fund of the State of Florida

offer for sale to be sold to the highest bidder, in Tallahassee, Florida, at 12:00 o'clock NOON, January 9th, 1945, the following described land in PALM BEACH County:

BY ORDER of the Trustees of the Internal Improvement Fund of the State of Florida.

Spessard L. Holland, Governor.

ATTEST: F. C. Elliot, Secretary  
Trustees I. I. Fund.

Upon the land being called out for sale, the only bid received was \$10 an acre from Julius F. Parker on behalf of client, Alberto Esteves of Miami, Florida.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees accept offer from Mr. Esteves of \$10 an acre for the land described. Upon vote the motion was adopted.

---

Discussion was had on the subject of advertising State land for sale and Mr. Mayo informed the members of the procedure heretofore followed. Several suggestions were made for giving wider publicity to proposed sales, and Mr. Mayo and Mr. Wells were requested to look into the matter and report back to the board at the next meeting with their recommendations.

---

Consideration was also given to employment of an appraiser for the Trustees, Mr. Bayless having attended to a part of this work since the resignation of Mr. S. S. Savage sometime ago. This matter was also referred to Mr. Mayo for investigation as to the advisability of employing an appraiser on full time basis, with request that he make report at the earliest opportunity.

---

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline to accept offer of \$3

an acre from Mr. Julius F. Parker, on behalf of client, for all of Township 47 South, Range 36 East, and that part of the hiatus east of Sections 24, 25 and 36, same township and range. Upon vote the motion was adopted. Land in Palm Beach County.

Mr. Parker explained that the land is located about eight (8) miles from a road and before it can be used it will require construction of a road thirteen miles long. In view of the cost of the road, applicant feels that the price offered is in line with other sales.

Mr. Mayo suggested for future consideration that it might be well to request the State Road Department to construct a road through that part of the County, in which are located the lands applied for by Mr. Parker, in order that those lands may be available for development the same as land on Road No. 26.

---

Application was presented from A. A. Beck of Moore Haven, Florida, offering \$20 an acre for a small island in Section 23, Township 40 South, Range 32 East, Glades County.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the land be advertised for bids, based on the offer from Mr. Beck. Upon vote the motion was adopted and so ordered.

---

Mr. T. W. Conely, Jr., of Okeechobee, Florida, presented application on behalf of Horace Davis to purchase 128.83 acres of reclaimed lake bottom land in Section 6, Township 38 South, Range 35 East, Okeechobee County. ---

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees defer action pending further information on application from Kenyon Riddle with offer of \$240 for S $\frac{1}{2}$  of NE $\frac{1}{4}$  of Section 5, Township 44 South, Range 43 East, not included in Government Lot 7, lying West of right of way of West Palm Beach Canal, in Palm Beach County. Upon vote the motion was adopted and so ordered.

---

Request was submitted from A. A. Poston of West Palm Beach, Florida, on behalf of the County Commissioners, offering \$10 an acre for land in Section 5,

All in Glades County.

Mr. Conely stated that he had taken the matter up with Mr. Bayless in Okeechobee and furnished information as to character of the land, the muck having been burned off, not near a road and surrounded by ownership of applicant; that Mr. Bayless stated he would recommend advertising with bid of \$5 an acre.

Based on the information given, motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees authorize the land advertised for bids and in the meantime that further appraisal be secured. Upon vote the motion was adopted and so ordered.

Upon motion of Mr. Larson, seconded by Mr. Watson, the matter was held pending investigation. Upon vote the motion was adopted and so ordered.

The Trustees directed that there be referred to the Attorney General a proposal presented from Mrs. Joe M. Shingler of Donalsonville, Georgia, having reference to tax deed on S $\frac{1}{2}$  of NW $\frac{1}{4}$  of Section 14, Township 55 South, Range 39 East, Dade County, owned by the State. Governor Caldwell presented request from Mr. F. E. Bayless, Chairman of the State Road Department, that the Trustees sell the Department the Plymouth car formerly used by Mr. Bayless as Chief Land Clerk.

Action was deferred on the request pending decision on whether or not it will be necessary to employ a Land Appraiser for the Trustees.

---

Mr. Elliot presented letter from the National Audubon Society with reference to adoption of a resolution requesting the said Society to cooperate with the United States Fish and Wildlife Service in protection and conservation of the area within the proposed Everglades National Park. It was explained that at the conference held December 13, 1944, it was understood that the Audubon Society would be requested to cooperate with the Fish and Wildlife Service in carrying on this work during the ten year period,

or until the Everglades National Park was officially established.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees adopt a resolution requesting the United States Fish and Wildlife Service and the National Audubon Society to carry out the necessary protection and conservation work within the boundaries of the proposed Everglades National Park under arrangements to be agreed upon between the two agencies. Upon vote the motion was adopted and the Secretary requested to prepare form of resolution subject to approval by the Attorney General.

Senator King stated that the request was made in the interest of recreation for men in the Service and to some extent for civilians.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that no official permit be issued but that Senator King be advised that the Trustees have no objection to Mr. Wile's erecting the diving stand out in Lake Howard in front of his home. Upon vote the motion was adopted and so ordered.

ATTEST:

F. C. Elliot,  
Secretary.

---

Tallahassee, Florida,  
January 10, 1945

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.

J. Edwin Larson, Treasurer.

Nathan Mayo, Commissioner of Agriculture.

F. C. Elliot, Engineer and Secretary.

#### SUBJECT UNDER CHAPTER 18296

Mr. Mayo reported that Mr. M. M. Parrish had taken up with him the matter of purchase of certain land in Alachua County located about six miles from Gainesville, containing about sixty acres cut up into lots assessed at \$20 per lot. Title to the land came to the State under provisions of the Murphy Act—Chapter 18296, Acts of 1937. Application to purchase was made in the name of Lakeside Estates Realty Company and the price recommended by the Special Case Committee was \$650.00 as base bid, which amount Mr. Parrish agreed to bid at sale.

Mr. Elliot stated that Mr. Parrish had talked with him and the understanding was that the base bid would be at the rate of \$10 an acre, or a total of \$570.00.

Information was furnished that the land in question is located across the road from an area sold by Mr. Parrish and Mr. Phifer to Florida Farm Colony a few years ago at a price of \$15 an acre. Governor Caldwell inquired why the State should not receive as much for the land in question as that purchased by them. Mr. Larson replied that there were additional costs, such as advertising, Clerk's fee, etc., that would bring the total to approximately \$15 an acre.

Mr. Mayo stated that Mr. Parrish was under the impression that the land would be sold to him without advertisement, but since that is not the case he requests that bidding be on the tract as a whole and not on separate lots. Governor Caldwell was of the opinion that bids should be asked on separate parcels or on the whole tract and accept whichever was the better bid; that the Trustees probably do not have authority to authorize sale as a whole tract, omitting competitive bidding on separate parcels.

It was explained that applicants were former owners of this tract; that it was subdivided into lots at the

height of the boom; that a favor had been done the Board of State Institutions in the purchase of land for the Farm Colony when part of the acreage of that institution had been lost for airport purposes.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Clerk of the Circuit Court be instructed to offer the area for sale as a whole tract and not by separate parcels. Upon vote the motion was adopted and so ordered.

Governor Caldwell said, under the circumstances, he was willing to accede to the arrangement in this particular instance but did not want to set a precedent, his opinion being that bids should be called for the whole tract and for separate parcels.

Mr. Elliot was requested to notify Mr. Evans of the action taken.

---

Upon motion duly adopted, the Trustees adjourned.

MILLARD F. CALDWELL,  
Governor—Chairman.

ATTEST:

F. C. Elliot,  
Secretary.

---

Tallahassee, Florida,  
January 16, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. Edward Larson, Treasurer.  
J. Tom Watson, Attorney General.  
Nathan Mayo, Commissioner of Agriculture.

---

F. C. Elliot, Engineer and Secretary.  
Sinclair Wells.

---

Pursuant to action of the Trustees January 9 that Mr. Mayo and Mr. Wells look into the matter of giving wider publicity when State lands are being advertised for sale, Mr. Mayo reported that he had studied the question and his recommendation was that rather than run notices in several papers over the State, the Trus-

tees furnish the Florida State Marketing Bureau with copy of all notices for advertisement in the "FOR SALE, WANT AND EXCHANGE" publication put out by the Bureau twice a month. Mr. Mayo explained that there would be no cost attached to such advertisements and copies will be mailed free to any person desiring their name placed on the mailing list; that the bulletin has a wide circulation among people who would be interested in land.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the recommendation of Mr. Mayo be adopted as the action of the Trustees and that as wide publicity as possible be given to all land sales.

---

Motion was made by Mr. Mayo, seconded by Mr. Watson, that hereafter all land sales be advertised with the time for receiving bids designated as eleven o'clock instead of twelve as heretofore. Upon vote the motion was adopted and so ordered.

---

The Trustees having referred to the Commissioner of Agriculture the advisability of employing a land appraiser on a full time basis, Mr. Mayo reported that his recommendation was that the Trustees use suitable men in each locality where necessary to obtain additional appraisals or information; that the Trustees have appraisals covering a majority of the State lands, which have been made within the last two or three years, and that it would be less expensive to use parties in each locality and the appraisals by such persons would more nearly reflect the actual value at the time than if a stranger should go in and try to secure such information.

Mr. Mayo moved that the Trustees do not at this time employ an appraiser on a full time basis and that the Land Department be authorized to work out each case with local information. Motion seconded by Mr. Watson and upon vote adopted.

---

In view of the action taken as to the Land and Timber Appraiser, motion was made by Mr. Larson, seconded by Mr. Watson, that the State Road Department, through Mr. F. E. Bayless, Chairman, be allowed to purchase the Plymouth car owned by the Trustees at a price to be agreed upon between Mr. Mayo and

Mr. Bayless. Upon vote the motion was adopted and so ordered.

---

Mr. J. Irvin Walden presented application of his client, Mr. Roy Crowley, offering \$4 an acre for assignment of Mortgage No. 17334 dated August 12, 1925, from L. G. Johnson and Verdor O. Johnson, involving the following described land in Sarasota County:

W $\frac{1}{2}$  of NE $\frac{1}{4}$  of Section 25, Township 36 South, Range 20 East, containing 80 acres.

Mr. Walden explained that the land was located about thirty miles from Sarasota, Florida, and adjoins land owned by Mr. Crowley. Mr. Crowley has purchased the interest of the heirs of L. G. Johnson in the mortgage and now desires an assignment from the Trustees at a price of \$4 an acre.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the Trustees decline offer of \$4 an acre but agree to accept \$5 an acre for assignment of Mortgage No. 17334 in favor of Mr. Roy Crowley. Upon vote the motion was adopted.

---

Pursuant to action taken November 28, 1944, on application of M. D. Williams, to purchase an island in the Anclote River at a price of \$150 an acre, the Trustees ordered the land advertised for competitive bidding, and the following Notice was published in the St. Petersburg Times, St. Petersburg, Florida, on December 16, 23, 30, 1944, and January 6 and 13, 1945:

ATTEST: F. C. Elliot, Secretary

Discussion was had as to the location of the island and the character of the land, whereupon, motion was made by Mr. Larson, seconded by Mr. Watson, that sale be postponed and the question of authority of the Trustees to sell such land be referred to the Attorney General; also that he be requested to make a personal investigation of the area and report back to the Trustees as soon as possible. Upon vote the motion was adopted and so ordered.

Spessard L. Holland, Governor.

ATTEST: F. C. Elliot, Secretary  
Trustees I. I. Fund.

Motion was made by Mr. Larson, seconded by Mr. Watson, that sale of the land be postponed and that the Attorney General be requested to advise the Trustees as to authority for sale of such land and also that a personal investigation of this particular area be made. Upon vote the motion was adopted and so ordered.

---

Application was presented from Kenyon Riddle of West Palm Beach, Florida, with offer of \$240 for a tract of land described as,

S $\frac{1}{2}$  of NE $\frac{1}{4}$  of Section 5, Township 44 South, Range 43 East, being that part not included in Government Lot 7 lying West of right of way of West Palm Beach Canal, containing 12 acres in Palm Beach County.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees accept offer of \$240 from Mr. Riddle for the land described. Upon vote the motion was adopted.

---

Request was presented from the State Road Department that the Trustees disclaim interest in a portion of the area covered by the Overseas Highway in Monroe County. Information was furnished that the area was the old Florida East Coast railroad right of way and now the right of way of the present Overseas Highway. One section of the area crosses Sections 20 and 29, Township 64 South, Range 36 East, and the other extends from the North Shore of Grassy Key to the South end of Key Vaca, the width of the right of way being 100 feet over the Keys and 400 feet through the water area.

Discussion was had on the subject after which motion was made by Mr. Watson, seconded by Mr.

Mayo, that the Trustees convey title in the land to the State Road Department but have full oil and mineral reservations confirmed in the Trustees of the Internal Improvement Fund. Upon vote the motion was adopted and so ordered.

---

Motion was made by Mr. Larson, seconded by Mr. Watson, that the Trustees decline to authorize oil lease in favor of River Oil Company covering the bottoms of Suwannee River in Townships 3 and 4 South, Range 11 East, Suwannee County. Upon vote the motion was adopted and so ordered.

---

Mr. Elliot submitted recommendation from Representative D. P. McKenzie of Levy County that the Trustees advertise for competitive bidding all land in Levy County, title to which vested in the Trustees under provisions of Chapter 14572, Acts of 1929; that the County Commissioners will then send copies of the paper containing the notice to all persons who might be interested in buying the land; that the sale be held by the Clerk of the Circuit Court at the Court House in Bronson, and report made to the Trustees of all bids received.

Discussion was had on the subject and various suggestions offered, resulting in action being deferred pending an opinion from the Attorney General as to whether or not the Trustees had authority to convey land which came to the Trustees under the above Chapter, consideration for which would be the full oil and mineral rights being retained by the Trustees. It was so ordered.

---

Telegram was presented from Mr. K. I. McKay requesting information as to whether he should submit proposed assignment of contract of Arnold Oil Explorations, Inc., to Mr. J. Turner Butler or the Attorney General.

It was the opinion of the Trustees that Mr. Butler had finished the matters for which he had been employed and assignment of the Arnold Contract to the Texas Company should be sent to the Secretary of the Trustees.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that Mr. McKay be notified to submit the pro-

posed assignment to Mr. Elliot for examination by the Trustees. Upon vote the motion was adopted and so ordered.

Request was submitted from the United States for permanent and perpetual right of way and easement over Murphy Act land in Wakulla County, covered by Certificate No. 321 of 1933, and located in Section 12, Township 5 South, Range 3 West, containing 0.03 acres. School District No. 2. Upon vote the motion was adopted and so ordered.

Request was presented from Janie Bell Myers, colored, that the Trustees allow protest to Nassau County sale listed on Report No. 52 with Willie Mitchell as high bidder on Lots 1 and 2, Block 13, Oldtown. Information was that former owner was dead but his heirs did not receive notice of sale and the 21-day limit had expired before Janie Bell Myers, one of the heirs, learned of the sale. She has been living on the property and has deposited with the Clerk amount necessary under the protest rule.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees allow protest requested and notify the Clerk to proceed with new advertisement and sale. Upon vote the motion was adopted and so ordered.

---

Request for allowance of protest was submitted from W. H. Norton to sale of Duval County land, described as Lot 13, Block 6, North Brookside, Report No. 50—J. C. and Montine Stone, high bidders. Statement was made that Mr. Norton, former owner, did not receive notice of sale, owing to a mix-up in the plat of the property, and desires an opportunity to regain title to his property.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees allow protest requested by Mr. Norton and that the Clerk be notified to proceed with new advertisement and sale. Upon vote the motion was adopted and so ordered.

---

Letter was presented from Palm Beach County with statement that protest was filed by Mrs. Estelle B. Poston to joint sale with Everglades Drainage District, but the District declined to allow said protest. Mrs. Poston now requests that the Trustees allow protest. Information was furnished that none of the parties are former owners and Mrs. Poston was present at the sale December 8, 1944, when Charles J. and Frances G. Fox made the high bid of \$12.34, but made no attempt to raise the bid; that she holds quitclaim deed dated in December, 1944, from a party claiming to be former owner.

No report having been received from the Clerk of the Circuit Court, motion was made by Mr. Watson that the Secretary be requested to make inquiry of the Clerk as to whether or not a legal protest has been filed. Motion seconded by Mr. Larson and upon vote adopted.

The Trustees having on December 27, 1944, authorized sale at \$50 to Mr. Egbert N. Bowyer, former owner, on account of certain circumstances, motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees wire Mr. Bowyer that unless he deposits \$50 plus costs on or before the 20th of January, 1945, the action will be rescinded and sale in favor of Mr. Dewell's clients will be confirmed and deed delivered. Upon vote the motion was adopted and so ordered.

---

The Secretary submitted list of certificates under the Murphy Act which the Clerks of the Circuit Courts of the various counties had requested cancelled.

There being question as to several of the certificates, motion was made by the Attorney General, seconded by Mr. Larson, that the list be referred to the Attorney General's office for report at the next meeting with recommendations. Upon vote the motion was adopted and so ordered.

---

Mr. Watson reported that he had prepared shell lease in favor of Duval Engineering and Contracting Company and asked if the Trustees desired the lease executed and delivered before investigation as to the physical facts was made by Mr. Mayo's office.

The subject was further discussed and Mr. Mayo suggested that the Conservation Department not be a party to the lease as there was no duty to be performed by that department in the operation of the lease.

At the suggestion of the Governor action was deferred until the Governor could have opportunity to study the case and confer with the Conservation Commissioner as to the shell beds in the area involved.

---

The Secretary reported as information that the Memorandum of Understanding adopted by the Trustees December 28, 1944, had been signed by Secretary of the Interior, Harold L. Ickes, January 12, 1945, and one copy returned to the Trustees; that the Memorandum of Understanding would be delivered to the Land Office and that deed conveying an area in Dade, Monroe and Collier Counties would be forwarded by the Land Department to the Department of the Interior, for the proposed Everglades National Park.

Request was presented from the Land Department that refund check be drawn in favor of Albert Leitner. It was explained that the payments have not been kept up on the land and taxes have become delinquent, resulting in purchase of a certificate by an individual and the amount necessary to redeem the land is \$121.00. Land in Brevard County.

Motion was made by Mr. Larson that the matter be referred to the Attorney General for investigation and if approved by him that warrant be issued for redeeming the land from taxes. Motion seconded by Mr. Mayo and upon vote adopted.

The Secretary presented the following list of bids received by the Trustees for lands under Chapter 18296, and reported that they were regular in all respects, had been properly checked, and were ready for consideration:

COUNTY	DATE OF SALE	NO. OF BIDS
Dade	11/8/44	6

COUNTY	DATE OF SALE	NO. OF BIDS

Seminole	12/11/44	2
Seminole	1/8/45	1
Washington	3/8/44	1
Washington	3/8/44	1
Washington	5/10/44	2

Motion was made by Mr. Larson, seconded by Mr. Watson, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however, to any protest filed under the rules. Upon vote the motion was adopted and so ordered.

Mr. Robert T. Dewell came before the Trustees and requested reconsideration of action taken December 27, 1944, in the matter of sale of Lots 32 to 50, Haines City Terminals, Section 28, Township 27 South, Range 27 East, Polk County, which action provided for cancellation of sale to clients of Mr. Dewell and authorization for deed to be executed in favor of Mr. Bowyer at a price of \$50.00, an amount less than the bid at regular sale—\$142.50. John R. Wadsworth, Jr., and Ernest M. Smith, high bidders at sale September 29, 1944.

Discussion was had on the subject and information furnished by Mr. Dewell which had not heretofore been placed before the board.

Upon consideration of information from both parties, motion was made by Mr. Watson that the Secretary of the Trustees be requested to furnish memorandum covering the case and that the Attorney General be instructed to write Mr. Boyer that the Trustees have rescinded action authorizing delivery of deed to him at a price of \$50.00; that deed will not be delivered to Wadsworth and Smith, high bidders at sale September 29, 1944, but the whole matter will be held in abeyance for thirty (30) days. Motion seconded by Mr. Larson and upon vote adopted.

Request was presented from Alex J. McClosky for release of State road right of way reserved by the

Trustees in Hillsborough County Deeds No. 3086, No. 3153 and No. 3397.

Without objection it was ordered that action on the request be deferred pending conference between the Attorney General and Mr. Elliot with reference to such releases.

---

Application was presented from the State Road Department for right of way easement across Murphy Act lands in Pinellas County located in Sections 12 and 13 of Township 27 South, Range 15 East, and in Sections 7, 8, 17 and 18 in Township 27 South, Range 16 East.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize execution of right of way easement in favor of the State Road Department covering the lands described for use in connection with State Road No. 15—Project 1502-107—SRD No. 1. Upon vote the motion was adopted and so ordered.

---

Letter was presented from the Attorney General, recommending that the Trustees stipulate with the United States in a condemnation suit entered by the Federal Government designated as,

U. S. A. Petitioner vs. 2100 Acres in Hernando County, Florida, and Hernando Development Co., et al. No. 549-T-Civil (File 3450).

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees stipulate with the United States as requested, thereby agreeing to accept not less than one-fourth the 1932 assessed value for Tract 31-A, Plat Book 3, Page 38, covered by Certificate No. 4091 of 1933. Upon vote the motion was adopted and so ordered.

---

Letter was presented from Mr. J. S. Long, requesting that the Trustees authorize the Clerk to accept his application to purchase 130 acres of land in Section 13, Township 27 South, Range 17 East, Hillsborough County, which tract was withdrawn from sale at the request of the Park Board of Hillsborough County.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the Trustees authorize the Clerk of the

Circuit Court of Hillsborough County to accept application from Mr. Long for the parcel described. Upon vote the motion was adopted and so ordered.

---

Resolution was presented from the Board of County Commissioners of Hillsborough County requesting that the Trustees convey to the County without payment additional land for reforestation and park purposes. The land requested was assessed in 1932 at \$10,580.00.

It was the understanding of the Trustees that the several areas already conveyed to Hillsborough County, without consideration, was all that the Trustees would be justified in deeding unless offer was made to make payment somewhere in line with the regular base bid. Whereupon, motion was made by Mr. Watson, seconded by Mr. Mayo, that the Trustees decline to grant request of Hillsborough County, and that all areas heretofore withdrawn from sale at the request of the county be restored to the list of lands for sale. Upon vote the motion was adopted and so ordered.

---

Letter was presented from Attorney General Watson, making recommendation with reference to Certificate No. 978 of 1927 certified to the State under the Murphy Act, covering the E $\frac{1}{2}$  of NW $\frac{1}{4}$  and SW $\frac{1}{4}$  of NW $\frac{1}{4}$  and N $\frac{1}{2}$  of SW $\frac{1}{4}$  of Section 7, Township 22 South, Range 20 East, Hernando County. It was explained that the land was purchased by H. S. Simmons in 1941; that prior thereto the former owner had attempted to pay all his taxes but one certificate was overlooked by the Clerk.

Recommendation of the Attorney General was that the present owner of the land be allowed to redeem the certificate held by the Trustees under the Murphy Act, and with respect to taxes from 1936 to 1940 inclusive, and for the years 1942 and 1943, he should consult the County Attorney of Hernando County for determining whether or not the taxes are subject to redemption.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees approve the recommendations of the Attorney General and direct the Clerk of Hernando County to proceed accordingly; also notify Mr. Simmons of the action taken and suggest that he take the matter up with the Clerk and also the County

Attorney. Upon vote the motion was adopted and so ordered.

---

Application was submitted from the City of West Palm Beach, Florida, for conveyance of approximately 1527 twenty-five foot lots in the subdivisions of Mari-mont, Marian Park and Woodlawn, together with offer of \$1527 for said lots.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees accept offer of \$1527 for the lots applied for by the City of West Palm Beach, and that conveyance be made under the provisions of Chapter 21684, Acts of 1943, deed to contain the provision that the land be used for municipal purposes only. Upon vote the motion was adopted and so ordered.

---

Request was presented from the City of Titusville that the Trustees withhold from sale any Murphy Act land located within the city limits of said town, and allow sufficient time for the City to prepare lists of the lots and submit a bid to the Trustees for purchase.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the Clerk of the Circuit Court of Brevard County be directed to stop sales for a period of thirty (30) days on all Murphy Act land located within the city limits of Titusville where no application or sale is now pending, within which time the City is to furnish the Trustees with list of lands with offer to purchase. Upon vote the motion was adopted and so ordered.

---

Letter was presented from Clerk of the Circuit Court of Putnam County requesting that the Trustees make some disposition of a pending sale and trespass case. The Secretary explained that D. L. Chesser of Interlachen, Florida, removed timber estimated at \$60.82 from approximately 160 acres of land in Section 35, Township 12 South, Range 27 East, Putnam County; that he also applied to purchase this land, together with 40 acres in Section 36 of Township 12 South, Range 27 East, and submitted a bid of \$115.00 which was the highest bid received for the land; that the deed was held up pending settlement for the trespass, and Mr. Chesser has refused to pay for the timber taken.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the Clerk of the Circuit Court of Putnam County be directed to transmit to the Trustees from funds deposited for purchase of the lands involved the amount of trespass—\$60.82—and that the balance be refunded to D. L. Chesser; also that the sale at which Mr. Chesser was high bidder and the deed be cancelled, and that the land be placed on the list of lands for sale. Upon vote the motion was adopted and so ordered.

Upon vote the motion was adopted and so ordered.

The suggestion was made that the Trustees have certain days on which to hold sales of land advertised for bids and objections and give as much publicity as possible to those dates.

Upon discussion of the subject, motion was made by Mr. Lee, seconded by Mr. Larson, that the Trustees set aside the first and third Tuesday in each month as land sales' dates and give notice of such dates in the newspapers of the State, the first sale under said rule to be March 20th. Upon vote the motion was adopted and so ordered.

Motion was also made by Mr. Lee, seconded by Mr. Mayo, that hereafter all lands be advertised before sales are made and that applicant be required to deposit an amount equal to advertising costs when making application to purchase State land. Upon vote the motion was adopted and so ordered.

Information was furnished that there was some misunderstanding with reference to request from Mr. Bayless to purchase the Plymouth car owned by the Trustees for the State Road Department. It was explained that Mr. Bayless desired to purchase the car personally and not for the Road Department.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees present the car to Mr. Bayless, provided the Attorney General advised that there was legal authority for making such disposition of the car. Upon vote the motion was adopted, Mr. Lee voting No for the reason that he had opposed purchase of the car in the first instance.

The Trustees having referred to the Attorney General for examination the sale of Pinellas County land, advertised for competitive bids to be received on January 16, 1945, Mr. Watson reported that the sale could be made.

Mr. Wells stated that the parcel applied for was a small island in Anclote River, comprising 1.53 acres in

Section 3, Township 27 South, Range 15 East, and the offer of \$150 an acre from M. D. Williams was the only bid received. Copy of Notice giving detailed description appears in Minutes of January 16, 1945. (Minutes of January 16th carry copy of Notice with detailed description.) The Attorney General reported that the land could be sold and consideration was given to the price offered, which the Trustees thought was not sufficient, compared with other recent sales in that general locality. Mr. Richardson was requested to submit the proposal in writing and indicate on a map the State ownership and the property owned by Brown Company, for consideration at a later meeting. It was so ordered.

---

Suggestion was made by Attorney General Watson that Sheriffs of the various counties be furnished with list of State owned land, especially timbered areas, and their attention called to the statutes providing for protection of State property.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Attorney General be furnished with a list of lands owned by the State where there was any possibility of timber of any value being located thereon, with the view of having the Sheriffs check on trespass. Upon vote the motion was adopted and so ordered.

Attorney General absent for remainder of the meeting.

---

Inquiry was made as to application from the Town of Belle Glade for easement deed through Murphy Act land in Palm Beach County. Information was furnished that the matter was being handled in the Attorney General's office and would be presented to the Trustees as soon as certain information could be obtained.

It was explained that the land was formerly owned by Mr. B. Bragdon who is now physically and mentally

incapacitated and his attorneys, Davis, Davis and McClure of Madison, Florida, requested that the sale be held up until they could investigate the legal phases of the case. A quorum of the Trustees not being available, the Attorney General wired the Clerk to hold up the sale until further notice and he desired the board to have knowledge of this action.

Pending information from attorneys of the former owner, no action was deemed necessary.

---

Request was presented from Clerk of the Circuit Court of Nassau County that the Trustees allow him to use a short form of description in advertising approximately 40 acres subdivided into lots and blocks; also that he be allowed to offer the property as a whole and not in separate parcels, and that notice to former owners be waived.

Motion was made by Mr. Lee, seconded by Mr. Larson, that the matter be referred to the Attorney General for advice as to whether the Trustees have authority to grant request from Nassau County. Upon vote the motion was adopted and so ordered.

---

Application was submitted from Duval County that protest by former owner be allowed to sale of October 16, 1944, at which Prince McIntosh, colored, was high bidder at \$55.00. Information was furnished that the former owner is an inmate of a New York insane asylum and is represented by her sister in protesting the sale. The Clerk recommends that protest be allowed.

Motion was made by Mr. Lee, seconded by Mr. Mayo, that the Trustees authorize allowance of the protest as requested. Upon vote the motion was adopted and so ordered.

---

Request was submitted from the City of Fort Meade, Polk County, that the Trustees cancel Polk County Deed No. 2140, sale of July 31, 1944, involving land in Block G of Dzialynski Sub. of Section 27, Township 31 South, Range 21 East, and convey the land, together with other parcels described, under Chapter 20424 of 1941 upon payment of \$1 per lot or parcel.

Motion was made by Mr. Lee, seconded by Mr. Larson, that the matter be referred to the Attorney General for examination and recommendation as to

whether deed should be cancelled. Upon vote the motion was adopted and so ordered.

---

Request was again submitted from the Board of Public Instruction of Polk County that the Trustees convey without compensation

Lots 1 to 20, Block 63, Haines City, Section 29,  
Township 27 South, Range 27 East, comprising  
2.3 acres

to be used as a playground area and later as a probable building site.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize conveyance under Chapter 21684 of 1943 of the lots applied for, consideration to be \$5 and the deed to contain a reservation that the land will be used for public school purposes only. Upon vote the motion was adopted and so ordered.

---

Suggestion was made that for all deeds executed by the Trustees conveying land under provisions of Chapter 20424, Acts of 1941, 21684 and 21929, Acts of 1943, where the consideration is less than \$5 that a minimum charge of \$5 be made for such deeds.

Motion was made by Mr. Lee, seconded by Mr. Larson, that the matter be taken up with the Attorney General and final action had at the next meeting. Upon vote the motion was adopted and so ordered.

---

Information was submitted from Everglades Drainage District that the District desired to raise the base bid for joint sales under Chapter 18296 from ten times the zone rate for 1941 taxes to fourteen times said rate and requested that the Trustees approve that rate.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees approve as the base bid, for joint sales within Everglades Drainage District, fourteen times the zone rate for 1941 taxes in compliance with request from the District. Upon vote the motion was adopted and so ordered.

---

Motion was made by Mr. Larson, seconded by Mr. Lee, that protests from the following parties be re-

ferred to the Attorney General for investigation and recommendation:

Alachua County—Second protest by former owner, Chas. G. Woodbridge;

Duval County—Protest by former owner, Cecil O. Graham;

Charlotte County—Request from General Securities Co. that protest of former owner, J. W. Jones, not be allowed.

Palm Beach County—Protest from Mrs. Estelle Poston, claiming to be former owner.

Upon vote the motion was adopted and so ordered.

---

The Trustees having authorized an easement in favor of the United States across Murphy Act land in Wakulla County, subject to approval of the form by the Attorney General, the instrument as recommended by Mr. Watson was submitted.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees authorize execution of permanent easement in favor of the United States, as approved by the Attorney General, covering a right of way through Lot 81, Town of Sopchoppy. Upon vote the motion was adopted.

---

Upon motion duly adopted, the Trustees adjourned.

BY ORDER of the Trustees of the Internal Improvement Fund of the State of Florida.

Millard F. Caldwell, Governor.

ATTEST: F. C. Elliot, Secretary  
Trustees I. I. Fund.

The description was read out and bids called for. Competitive bidding resulted in an offer of \$7.50 an acre being made by Senator G. Warren Sanchez on behalf of Lloyd E. Cribbs, for the land advertised. Senator Sanchez also offered \$7.50 an acre for the NW $\frac{1}{4}$  of SE $\frac{1}{4}$  and SE $\frac{1}{4}$  of SW $\frac{1}{4}$  of Section 6, Township 6 South, Range 14 East, 80 acres—not advertised for bids.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees accept offer of \$7.50 an acre from Mr. Cribbs for the land advertised and also for the 80 acres in the same section described as not advertised. Upon vote the motion was adopted and the offers accepted.

---

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees decline the offer of \$5.25 an acre from J. Lawrence Perry of Tampa, Florida, for Section 15, Township 46 South, Range 38 East, containing 640 acres in Palm Beach County. Upon vote the motion was adopted and so ordered.

---

Application was presented from Julius F. Parker offering \$7.50 an acre for

Sections 19, 20, 29, 30, 31 and 32, Township 46 South, Range 37 East, Palm Beach County, Florida.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the offer be declined and counter proposal submitted that if Mr. Parker will agree to bid not less than \$10 an acre, the land will be advertised for competitive bidding. Upon vote the motion was adopted.

---

Application was presented from E. S. Boyd of Sarasota, Florida, with offer of \$600 for assignment of Mortgage No. 17693 dated in 1926 from J. Phil Martin, involving 12.65 acres in Section 7, Township 37 South, Range 18 East, Sarasota County. It was explained that there is a balance due on the mortgage of \$950.00 principal.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline the offer of \$600.00 for assignment of Mortgage No. 17693, but make a

counter proposal to accept \$750.00. Upon vote the motion was adopted and so ordered.

---

Request was submitted from Florida Power and Light Company for right of way across the following described land in Palm Beach County:

Lot 12, Section 36, Township 43 South, Range 36 East; E $\frac{1}{2}$  of SE $\frac{1}{4}$  and SW $\frac{1}{4}$  of SE $\frac{1}{4}$  of Lot 5, Section 1, Township 44 South, Range 36 East; Lot 1, Section 11, Township 44 South, Range 36 East.

The Company offers fifty cents (50¢) per rod for 386 rods over which the line will run.

Motion was made by Mr. Lee, seconded by Mr. Larson, that the Trustees authorize easement in favor of the Florida Power and Light Company at the price offered and that the Attorney General be requested to make investigation as to prices being paid for private property and also look into form of easement being used by the Trustees. Upon vote the motion was adopted and so ordered.

---

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees decline offer of \$3 an acre from A. R. Richardson for purchase of

E $\frac{1}{2}$  of Section 28, Township 4 South, Range 20 East, containing 320 acres in Union County.

Upon vote the motion was adopted and so ordered.

Governor Caldwell suggested that if applicant desired to make a bid of \$5 an acre, the land could be advertised for sale.

---

Comptroller Lee inquired as to what action had been taken with reference to employment of a Land Appraiser for the Trustees, in reply to which the Governor advised that action had been taken that for the present any appraisals needed would be obtained locally. Further discussion was had on the subject, Mr. Lee expressing the opinion that with the activity in land sales now was the time the Trustees needed a man especially for appraisals; also that he knew of a man who was qualified to handle the work.

Motion was made by Mr. Watson, seconded by Mr. Lee, that the Secretary list as the first item on his agenda for the next meeting the subject of employing a Land Appraiser for the Trustees. Upon vote the motion was adopted and so ordered.

---

Upon vote the motion was adopted and so ordered.

**SUBJECTS UNDER CHAPTER 18296**

Mr. Elliot presented the following list of bids received for land under Chapter 18296 and reported that

they were regular in all respects, had been properly checked, and were submitted for consideration:

COUNTY	DATE OF SALE	NO. OF BIDS
Brevard	12/19/44	1
Citrus	2/7/45	10
Dade	12/8/44	89
Hamilton	2/5/45	3
Hillsborough	1/22/45	2
Indian River	1/22/45	16
Jefferson	1/8/45	1
Lake	1/8/45	22
Orange	1/1/45	17
Pasco	1/1/45	5
Polk	12/29/44	2
Santa Rosa	1/1/45	11
St. Johns	1/12/45	7
St. Lucie	12/4/44	11
St. Lucie	1/1/45	5
Sumter	12/18/44	36
Taylor	1/26/45	1
Wakulla	12/6/44	3

Motion was made by Mr. Larson, seconded by Mr. Watson, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however to any protest filed under the rules. Upon vote the motion was adopted and so ordered.

---

Request was presented from Pinellas County for correction deed to be issued in favor of O. W. Hill and Dot Hill, his wife, instead of O. W. Hill.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize execution of Pinellas County Deed No. 2400-COR. for the purpose of correcting name of grantee as requested. Upon vote the motion was adopted and so ordered.

---

Report was presented from Attorney General Watson having reference to three requests for allowance of protests from former owners which were referred to him from the meeting of February 6th. Recommendation of the Attorney General is in substance as follows:

Alachua County—Request from Chas. G. Woodbridge for allowance of second protest. Recommendation is that protest be not allowed as former owner had notice of and was represented at both sales. No equities presented to justify withholding deed to highest bidder at second sale, and second protest is contrary to rule of Trustees;

Duval County—Request from Cecil O. Graham for allowance of protest. Recommendation is that request be denied as the former owner was advised in time to file protest within the 21-day limit and both he and his attorney failed to do so; Palm Beach County—Request from Mrs. Estelle Poston, claiming to be former owner by virtue of deed which was executed subsequent to time title to the land vested in the State. Recommendation is that protest be allowed for the reason that protest was filed within the 21-day limit by a citizen who proposes to pay more for the land than the bid protested.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the recommendation of the Attorney General in each of the three cases be accepted and approved as the action of the Trustees. Upon vote the motion was adopted and so ordered.

---

Attorney General Watson reported that he had requested a sale of land in Madison County held up pending investigation of certain legal questions by the attorney of a former owner; that through error a second parcel of land was also withheld from sale, and he recommended that the Trustees direct the Clerk to readvertise the parcel described as,

15½ acres of Lot 180 Orig. Georgia, SW Corner of Township 3 North, Range 7 East,

and pay cost of such new advertisement.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the Trustees authorize the Clerk to re-advertise the parcel erroneously withheld from sale and submit bill for such notice to the Trustees for payment. Upon vote the motion was adopted and so ordered.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees defer action on applications from City of Titusville and City of West Palm Beach for conveyance of a large number of lots within the limits of the respective towns, pending investigation as to whether there are any improvements on the lots. Upon vote the motion was adopted and so ordered.

---

Request was presented from Everglades Drainage District that the Trustees allow former owners to acquire lands which had been withheld and set aside as Conservation Areas, the District being of the opinion that such sales would in no wise jeopardize the proposed water conservation plans.

Upon expression of views by the board, motion was made by Mr. Watson, seconded by Mr. Mayo, that the request be denied at this time and held for further consideration when more information can be furnished on the subject. Upon vote the motion was adopted and so ordered.

---

Letter was presented from W. J. Sears, Jr. of Jacksonville, Florida requesting that the Trustees allow Mr. Seth F. A. Wood to purchase the S $\frac{1}{2}$  of Block 25, Town of Archer, for the amount of delinquent taxes, and not allow the parcel to go to sale as advertised. Statement was made that Mr. Wood is an heir of the former owner of the property which was offered at Murphy Act Sale November 22, 1944, and bid in by B. M. Bishop. Protest from Mr. Wood was allowed by the Trustees December 27, 1944, and the land was again advertised to be sold February 21, 1945. The file discloses that Mr. Wood has paid City taxes on this property through 1943 and his statement is that he thought he was paying all taxes due at the same time.

---

Upon consideration of the case, motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees instruct the Clerk to cancel the sale advertised for February 21st and prepare deed in favor of Seth F. A. Wood upon payment of an amount equal to all delinquent taxes, or amount deposited as protested bid, whichever is the larger amount. Upon vote the motion was adopted and so ordered. Alachua County land.

Request was submitted from F. C. Stone that he be allowed to withdraw his bid of \$300.00 offered at sale of January 6, 1945, for Lots 1 and 2, Block 2, Weise S/D of Lot 1, Section 49, Township 9 South, Range 27 East, Putnam County, listed on Report No. 61. He explained his reason for withdrawing the bid was that he learned the former owner, James Littles, was an old negro now living on the property.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees allow Mr. Stone to withdraw his bid provided he will pay all costs of sale. Upon vote the motion was adopted and so ordered.

---

Mr. J. Palmer Williams and Mr. John D. Bischoff of Jacksonville, Florida, requested that the Trustees disclaim interest under the Murphy Act in certain certificates covering the following described property:

Lots 1 to 4 S/D Tract 37  
 Lots 1 to 4 S/D Tract 40  
 Tracts 38 and 39  
 Lots 1 to 4 S/D Tract 21  
 Tracts 22 and 23  
 Lots 1 to 4 S/D Tract 24  
 All in Section 6, Township 4 South,  
 Range 28 East—Duval County, Florida.

Information was submitted with reference to payment of taxes and Mr. Bischoff contended that the issuance of tax certificates under which title came to the State was erroneous.

After hearing statements from Mr. Williams and Mr. Bischoff, motion was made by Mr. Watson, seconded by Mr. Larson, that the entire matter be referred to the Comptroller for investigation, and if it was found that the certificates were erroneously issued and did not vest title in the State, the Trustees could disclaim interest in the land; that upon report from the Comptroller the matter would be given further consideration. Upon vote the motion was adopted and so ordered.

---

The subject of oil and mineral reservations in Murphy Act deeds was discussed and it was the opinion of all members except the Comptroller that the reserving clause in the deeds should be changed to cover

all land rather than an area comprising ten acres or more.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the reservation with reference to oil and mineral interest in all Murphy Act land outside of the corporate limits of any municipality be applicable regardless of the acreage, and not only to ten acres or more. Upon vote the motion was adopted, Mr. Lee voting in the negative.

With reference to land within municipalities, motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees request the Attorney General and Mr. Elliot to submit at the next meeting a form of reservation covering Murphy Act land located within the corporate limits of any municipality where the area is less than ten (10) acres. Upon vote the motion was adopted, Mr. Lee voting No.

The Secretary was requested to notify all Clerks of the Circuit Courts, as agents for the Trustees, that the change in oil and mineral reservations applicable to land outside of municipalities will be effective after February 19, 1945, and all purchases made on applications received after that date will come under the new rule.

Governor Caldwell suggested that the reservations be made as short as possible.

In line with salary raises for employees being paid out of funds under Chapter 610, motion was made by Mr. Mayo, seconded by Mr. Watson, that the salaries of each of the following employees under Chapter 18296 be raised \$10.00 per month, effective February 1, 1945:

Ernest Hewitt  
Helen Phillips  
Mary Evans Voss  
J. R. Roberts

Upon vote the motion was adopted and so ordered.

Upon motion duly adopted, the Trustees adjourned.

MILLARD F. CALDWELL,  
Governor—Chairman.

ATTEST: F. C. Elliot,  
Secretary.

Tallahassee, Florida,  
February 14, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. M. Lee, Comptroller.  
J. Edwin Larson, Treasurer.  
J. Tom Watson, Attorney General.

Governor Caldwell explained that the special meeting was called for the purpose of hearing objections from Gulf coast property owners to issuance of oil lease in favor of Arnold Oil Explorations, Inc., and to give attorneys for Mr. Arnold the opportunity to be heard also.

Those present objecting to leases on the Gulf coast were:

Truman Green, President, Tampa Chamber of Commerce;

Ralph Richards, City Attorney of Clearwater;

S. Henry Harris, Representative from Pinellas County;

John C. Blocker, Attorney for Pinellas County;

L. E. Cole, St. Petersburg;

George R. Seavy, Mayor of Clearwater;

Jerry Collins, Representative from Sarasota County;

Lewis Wray, City Attorney of St. Petersburg.

Representing Mr. Arnold and asking that lease be executed on the coastal areas were:

W. H. Jackson, Attorney, Tampa;

R. F. Maguire, Attorney of Orlando.

Mr. Jackson presented resolution adopted by the Trustees in December in which the Arnold interests were asked to negotiate with the parties objecting. He stated that his client had indicated a willingness and would be agreeable to reasonable modifications to protect property owners, but now the objectors are requesting that the whole area be excluded.

Mr. Green, representing the Tampa area, reported that meetings had been held with other coastal interests and a resolution was adopted June 17, 1944, and presented to the Trustees, requesting that the coastal areas be protected. He remarked that his delegation had no information as to the meeting today and did not have time to prepare briefs; that if discussions were to be entered into he would like to have time to make preparation for it and get the opinion of other coastal areas.

Letters were presented and read from Chambers of Commerce and State departments of California, Alabama, Louisiana and Texas, giving information in reference to oil well drilling along coastal areas in those States, some of the letters stating that there was very little damage as a result of oil wells and others that the damage was very material.

Questions were asked by the Board members on different phases of the case, the coastal interests being of the opinion that the drilling of oil wells would greatly damage the adjacent property, the beaches and would pollute the waters; that the restrictions in the leases now being given by the State would not afford sufficient protection. The Arnold interests insisted that the present laws amply protected private and public property and even though the leases did not carry all the restrictions necessary they would have to be subject to any existing laws or any laws to be passed in the future.

Motion was made by Mr. Watson that both sides be given opportunity to be heard and that he then be given ten minutes for rebuttal. Seconded by Mr. Lee and upon vote adopted.

Mr. Arnold read from the Minutes of the Trustees in July 1941 when the leases were directed to be signed and read the conditions of the leases with reference to protection of upland property, called attention to Federal statutes governing oil well drilling and the placing of any structure in navigable waters; the State laws having reference to capping of wells and the provision for protecting waters against pollution.

Mr. Maguire cited the case of Mitchell vs. Doggett, in which the Court ruled that any State law applying to particular subject matter is a part of the contract. Gave information that since 1937 there has been sub-

stantially no pollution by reason of drilling in the waters of the three primary oil bearing states—California, Texas and Louisiana. Other cases cited where Supreme Courts of the three states have rendered decisions on the subject which made the penalty for violating the laws, with reference to pollution and contamination, such that no company could afford to violate it; that the equipment now being used today would preclude pollution such as sustained in years gone by. Mr. Maguire reiterated what Mr. Jackson had said, that the Arnold interests would be willing to do anything reasonable for the protection of the rights of the people of the State. He stated that so long as the people of the State protest drilling for oil, so long will the State be precluded from getting oil; that Mississippi has 400 wells in that State while we have been prospecting in Florida three years.

Mr. Green reviewed statements made at the June meeting and in addition made substantially the following remarks: That the resources of the State be developed; that adequate provision be made to safeguard the gulf front beaches and protect the channel and waterways; that the proposed lease provides no protection to property owners more than 300 feet; that Florida has the opportunity to provide protection of its coastal areas before drilling for oil gets out of control; that the beaches are the main attraction for tourists and the people of that section want to maintain them for that purpose. Letters and statements were read from California and Texas on the danger of oil drilling in the waters of those States. Mr. Green informed the Board that he was speaking for all the communities along the gulf coast as they did not have opportunity to get representatives up here in time for the meeting.

Mr. Watson moved that if the matter could not be disposed of by 12:45 that the meeting adjourn at that time and convene again at 2:30 so that all parties might have opportunity to be heard. Motion seconded by Mr. Lee and adopted.

John C. Blocker, Attorney for Pinellas County, protested the leasing of the gulf coast areas without adequate protection for the beaches, for private property and industries; that the tourist trade is the business of that section and the beaches the main

attraction; also when prospective purchasers of real estate learn that oil reservations are made in deeds, they are no longer interested in buying; that there are few municipalities along the coast and many fine beaches are outside the city limits—those would have no protection whatever. He suggested that the oil companies explore on uplands before damaging the beaches.

Mr. L. E. Cole of St. Petersburg remarked that he thought Mr. Blocker covered what St. Petersburg and the Gulf coast had in mind, but in addition wanted to call attention to the fact that it had been a long and expensive struggle to build up the beaches for tourist trade; that many of the beaches had no zoning laws to protect them; that he has seen the damage done to beaches in other states and feels that the Trustees should not rush into something that might damage one of the greatest assets Florida has; that already cases have come up where post war plans have been abandoned for filling and future development because of the proposed drilling for oil in the area.

Mayor George R. Seavey of Clearwater informed the Board that the City limits of Clearwater extended ten miles out into the water and whatever protection the laws gave, they would have advantage of that, but adjoining communities of Dunedin and Bellair have no protection and in view of the vast acreage on the upland under lease that might be explored it would seem that drilling along the coast could be deferred until laws could be enacted to give some protection.

Representative S. Henry Harris, for the County and representing two small communities, requested that no hasty action be taken but consideration be given to the damage that would accrue to the beaches by drilling in those areas along the coast. He informed the board of a number of real estate deals that fell through when it was learned mineral rights would be reserved and possible drilling along the beaches. He protested the leasing of any beach areas until regulations can be put into the leases in such manner as to not disturb buildings and property and that will adequately protect the valuable beaches. He urged that the matter be deferred until the legislature could have opportunity of studying the question and passing laws to provide for proper and desirable exploration and at

the same time preserve the valuable asset the coastal communities now have.

Representative Jerry Collins of Sarasota County stated that the tourist business was the greatest business in Florida and that he did not want to see it jeopardized by the threat of oil wells being drilled along the beaches of Sarasota County; that there was a considerable area in his county where drilling would harm no one and the same applied to other counties along the coast, and if they could be given the assurance that one or two wells would be drilled in certain locations that would not damage the beaches or harm the tourist trade, there would not be any objection raised. He felt the matter should be delayed until some legislation could be enacted to handle the situation adequately and protect the coastal areas.

Mr. Lewis Wray, City Attorney of St. Petersburg, expressed the opinion that drilling should be done on the uplands first to determine whether or not there is oil in Florida, but to lease the water rights first would be premature.

Mr. Green stated that the communities along the Gulf coast would be glad to have further meetings and consider any points the Board thought should be gone into.

Mr. Wray suggested that since the parties protesting have not seen the proposed lease or had opportunity to examine the terms and conditions thereof, that if additional time could be allowed in which the oil interests and communities and chambers of commerce could consider the questions raised, that something might be worked out satisfactory to all interests.

Attorney General Watson gave information as to the areas covered in the three contracts and what was required in the way of exploration work by lessees; that the subject was new and untried in this State and the Trustees did not have information when the contracts were executed that they are obtaining now; that this State has no commission to control oil drilling; that the Trustees have the right to make rules but it is a limited power; that there are many things to be taken into consideration and it will be necessary to have laws to protect public and private interests but it will take a little time to work these questions out and get legislation to correct mistakes that have been made.

All parties having expressed their views on the subject, the meeting was adjourned.

Washington	3/8/44	1

Motion was made by Mr. Larson, seconded by Mr. Lee, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however to any protest filed under the rules. Upon vote the motion was adopted.

---

Request was presented from Volusia County for correction deed to correct name of grantee in Murphy Act Deeds Nos. 773, 805, 1798 and 1823 from N. P. Dodge Corporation to N. P. Dodge.

Question was raised by Comptroller Lee as to whether it would be proper for the Trustees to issue correction deed without first receiving conveyance back from grantee before execution of correction deed.

The matter was ordered held for further study as to proper procedure in such cases.

---

Report was submitted from the Attorney General in reference to request from the City of Fort Meade that the Trustees cancel Deed No. 2140, Polk County, and convey the land covered thereby under the provisions of Chapter 20424 of 1941, upon payment of \$1.00 per parcel or lot.

It was explained that conveyance under Deed No. 2140 was in accordance with application and regular sale under the Murphy Act, the consideration being

\$37.50, and there was no showing that error had been made in conduct of the sale.

Based on the Attorney General's report and the record of sale, motion was made by Mr. Lee, seconded by Mr. Larson, that the Trustees decline to cancel deed No. 2140 in favor of the City of Fort Meade. Upon vote the motion was adopted and so ordered.

---

Report was presented from the Attorney General on request from Nassau County Clerk that he be allowed to depart from regular procedure in advertising and selling approximately 40 acres of land subdivided into 30 blocks in the Town of Hilliard, against which there are over 130 certificates. Recommendation from the Attorney General is substantially as follows:

1. As to naming the aggregate blocks in the advertisement, instead of repeating the descriptions in the tax certificates, it is suggested that the certificates need not be mentioned in the advertisement, but that the notice list the lots in each block;
2. As to offering all property for sale at once for one bid rather than each item separately, it is suggested that the Clerk might use his sound discretion in a sale of this kind; that circumstances may exist which render it impracticable to realize the best price from separate sales and which would make it for the interest of the State that the sale be in bulk; that the Clerk might offer the property in separate tracts or lots and then as a whole and accept the latter bid if greater than the total bids upon separate tracts.
3. As to waiving notice to former owner, etc., it is suggested that the Clerk not waive the notice, but, where possible, send notice to one of the persons required under the rule.

Motion was made by Mr. Larson, seconded by Mr. Lee, that the Trustees abide by the recommendations of the Attorney General and instruct the Clerk to act in accordance with the letter from the Attorney General. Upon vote the motion was adopted and so ordered.

---

Application was presented from Town of Crescent City, Putnam County, together with check in amount

of \$1, requesting conveyance of Pt. Lot 2, Block 36, Bk 65, Page 375—Crescent City—Certificate 1580 of 1933, under provisions of Chapter 20424 of 1941, payment to be \$1 per lot. Certificate was furnished by the Clerk as to former ownership by the City. This application was ready for presentation to the Trustees February 6th but no action taken, pending decision as to minimum charge of \$5 for conveying any land under the Murphy Act.

Motion was made by Mr. Larson, seconded by Mr. Lee, that the Trustees authorize deed in favor of the City of Crescent City under provisions of Chapter 20424, Acts of 1941, conveying Lot 2 as described, upon payment of \$5.00. Upon vote the motion was adopted and so ordered.

---

Application was presented from the City of Chipley that the Trustees convey Washington County land to said City under the provisions of Chapter 20424, Acts of 1941. Certificate was furnished as to former ownership of the lot, and offer of \$1 was made for the lot.

Motion was made by Mr. Larson, seconded by Mr. Lee, that the Trustees authorize execution of deed in favor of the City of Chipley, under provisions of Chapter 20424, Acts of 1941, for conveying

Lot 6 in E $\frac{1}{2}$  of SW $\frac{1}{4}$  of Section 3, Township 4 North, Range 13 West, Washington County,

upon payment of \$5.00. Upon vote the motion was adopted and so ordered.

---

Letter was presented from Mr. W. A. Glass, Director of Department of Water and Sewers for the City of Miami, asking that two changes be made in deed to the City conveying 1815 acres of land in Sections 11, 12 and 14 of Township 53 South, Range 39 East, for water supply purposes.

Motion was made by Mr. Lee, seconded by Mr. Larson, that the letter be referred to the Attorney General for report as to the changes requested by the City of Miami in the deed. Upon vote the motion was adopted and so ordered.

---

Mr. Elliot Adams, Attorney of Jacksonville, having requested an appointment for officials of the City of

Jacksonville Beach to meet with the Trustees, it was agreed that February 27th would be satisfactory if a quorum was present. The Secretary was requested to so advise Mr. Adams.

---

Letter was presented from Mr. Robert Dewell of Haines City, Florida, asking that the Trustees deliver deed to his clients, John R. Wadsworth, Jr., and Ernest M. Smith.

The Trustees having allowed thirty (30) days for Mr. Egbert N. Bowyer, claiming to be former owner of the property, and Mr. Dewell's clients to try to work out some adjustment of their differences, it was agreed that no action be taken until the thirty days had elapsed.

---

Mr. Lamar Warren, Assistant Attorney General, presented Bay County case involving issuance of Deed No. 123 to Mrs. Mattie Campbell, conveying N $\frac{1}{2}$  of Lot 15, Block 32, St. Andrews. It was explained that the deed failed to include in the description the words "less highway" and the grantee had a public street closed; that Mrs. L. C. West has protested the closing of the street as one of the property owners abutting thereon. Mrs. Campbell refuses to return the deed to the Trustees for correction, and the Attorney General recommends that the Trustees issue a deed with correct description and have it recorded; that with reference to closing of Beck Street, this is a matter for the City authorities of St. Andrews to handle.

Motion was made by Mr. Larson, seconded by Mr. Lee, that the recommendation of the Attorney General be approved as the action of the board and the Secretary requested to have new deed drawn as suggested. Upon vote the motion was adopted and so ordered.

---

Comptroller J. M. Lee made verbal report on Duval County case referred to him at the last meeting, having reference to application from J. Palmer Williams, on behalf of John D. Bischoff, that the Trustees allow cancellation of a 1933 tax certificate on land in Sweetwater Farms Subdivision, formerly owned by Mr. Bischoff. Mr. Lee explained that the Clerk made application to have the 1933 tax certificates cancelled

on the ground that it was illegal because it had not been advertised as required by law, but the request was refused; that Mr. Bischoff now offers to pay up all delinquent taxes against the property; that in view of the circumstances, the Comptroller recommends and offers the motion that upon payment by Mr. Bischoff of all taxes, which have not been paid since 1925, the Trustees disclaim interest in the 1933 certificates by which title vested in the State under Chapter 18296. Motion seconded by Mr. Larson and upon vote adopted.

Motion was made by Mr. Larson, seconded by Mr. Lee and duly adopted, that the following salaries and miscellaneous expense be approved and that the Comptroller be authorized to issue warrants in payments therefor:

Western Union Telegraph Co., Tallahassee ... \$	6.44
The H. & W. B. Drew Co., Jacksonville .....	240.40

Tallahassee, Florida,  
 February 27, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
 J. M. Lee, Comptroller.  
 J. Edwin Larson, Treasurer.

Mr. J. Julien Southerland and Mr. Robert C. Graham, representing Miami Beach Heights, Inc., were present and requested that the Trustees reconsider action recently taken, suggesting a price of \$1000 an acre for property described as,

All submerged lands adjacent to Government Lots 1, 2, 3 and 5, Section 26, Township 52 South, Range 42 East, containing 20 acres in Dade County.

Mr. Southerland explained that the area applied for was inadvertently taken in when the company constructed its sea wall in front of their upland and it was now necessary for them to purchase from the State in order to clear the title; that they had offered \$100 an acre sometime ago and the Trustees declined to sell at that price but indicated that they would accept \$250 an acre. Later that price was also declined and a price of \$1000 suggested.

Mr. Southerland and Mr. Graham informed the board as to the character of the land, its location, and

cited a number of sales where the prices had ranged from \$250 to \$500 an acre in the same locality. They also furnished information that the sea wall alone had cost \$17.50 per foot, not including the fill material, and that the entire 138 acres was assessed at its full value in 1944 at \$300 per acre as filled land. Mr. Graham asked that the Trustees consider their position and be as fair as possible with them.

Upon a thorough discussion of the subject, motion was made by Mr. Larson, seconded by Mr. Lee, that the Trustees agree to accept \$500 an acre for the 20 acres of State land applied for by Miami Beach Heights, Inc., subject to approval by the full board. Upon vote the motion was adopted and the matter ordered held until it could be presented to the full board for confirming sale.

Governor Caldwell stated that he was particularly anxious to have Mr. Mayo's views on the subject before it was finally closed as the matter came directly under his department.

---

#### SUBJECT UNDER CHAPTER 18296

Polk County case involving Deed No. 2272 to John R. Wadsworth, Jr., and Ernest M. Smith, protested by E. N. Bowyer, was again called up for consideration. The Trustees, on January 23rd, allowed thirty (30) days within which the interested parties were requested to try to work out some equitable adjustment of their differences. The thirty days having expired and no report of agreement having been reached between the parties, motion was made by Mr. Lee, seconded by Mr. Larson, that the Trustees confirm sale to John R. Wadsworth, Jr., and Ernest M. Smith, highest bidders at sale September 29, 1944, conveying Lots 32 to 50, Haines City Terminals, Section 28, Township 27 South, Range 27 East, Polk County. Upon vote the motion was adopted and deed ordered delivered to purchasers.

Upon motion duly adopted, the Trustees adjourned.

Information was also furnished that this property would be transferred to West Palm Beach Water Works as soon as title was conveyed to Mr. Smith.

Mr. Kenneth W. Kerr of St. Petersburg, Florida, submitted application on behalf of Contract Investment Company to purchase approximately 114 acres involved in State Mortgage No. 17534 from Dunedin Syndicate. Mr. Kerr explained that this area had been used by the Navy Department as an amphibious base; that they were now ready to give up the lease and dispose of the improvements located thereon either to the property owners or sell to the highest bidder; that if his client could purchase the property they planned to take over the improvements from the Government and develop flying and promote a GI training school. Mr. Kerr said that he had in mind a price of \$75 an acre for regaining title to the lots in Pinellas County.

Governor Caldwell observed that the board had no offer to act upon, whereupon, motion was made by Mr. Larson, seconded by Mr. Mayo, that the land be advertised for objections, provided client of Mr. Kerr will agree to bid \$100 an acre on date of sale. Upon vote the motion was adopted and so ordered.

---

Mr. Kenneth W. Kerr presented an offer of \$25.00, on behalf of Mary E. Shanklin, for Lot 17, Block 35, Dunedin Isles Unit No. 1, Pinellas County, which lot he said had been overlooked when other parcels were released from the mortgage held by the State upon payment of \$25 each.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees accept offer of \$25 for lot 17

of Block 35, applied for on behalf of Miss Shanklin. Upon vote the motion was adopted.

---

Mr. John Wigginton, Executive Secretary for the Governor, brought to the Trustees' attention the payment of expenses of the Water Resources Investigation Committee appointed by the Governor to make survey of the State's water resources. He stated that the Committee did not want payment except for expenses, but that such expenses exceeded \$6.00 per day, which was the allowance for expenses under State law, for which reason the Comptroller declined to pay bills as submitted and asked that action be taken by the Budget Commission thereon.

Motion was made by Mr. Mayo, seconded by Mr. Lee and adopted, that \$10.00 per diem be allowed plus mileage expense, which would be sufficient to cover the actual expenses of the persons on the Committee, all to be paid from funds of the Internal Improvement Fund.

---

Mr. Julius F. Parker brought to the attention of the Trustees the action recently taken declining to advertise Palm Beach County land with a bid of \$7.50 an acre, but agreed to do so if \$10.00 an acre was offered; that he so notified his clients and when they met the price fixed by the Trustees it was again submitted and declined, with the information that \$12.50 an acre would have to be guaranteed before the land could be advertised.

Upon discussion of the subject, motion was made by Mr. Larson, seconded by Mr. Lee, that the Trustees authorize advertisement for competitive bids,

Sections 19, 29 and 31, Township 46 South, Range 37 East, Palm Beach County,

with a bid from Mr. Parker's clients of \$10.00 an acre. Upon vote the motion was adopted and the land ordered advertised.

---

The Trustees having held over from the meeting of March 6th final approval on sale of Palm Beach County land described as,

Sections 11 and 12, Township 44 South, Range 31 East, containing 1280 acres, more or less,

for which \$15 an acre was bid by Harry K. Wells, represented by A. R. Richardson, motion was made by Mr. Larson, seconded by Mr. Lee, that sale of the land be confirmed to highest bidder—Harry K. Wells. Upon vote the motion was adopted and so ordered.

The Trustees of the Internal Improvement Fund and the State Board of Education reserve the right to reject any and all bids.

BY ORDER of the Trustees of the Internal Improvement Fund and the State Board of Education of the State of Florida.

Millard F. Caldwell, Governor.

ATTEST: F. C. Elliot, Secretary, Trustees I. I. Fund.  
Colin English, Secretary, State Board of Education.

Upon call for objections, the following parties submitted protests to the sale:

John W. Watson, City Attorney for Miami, objected to the sale on ground that the Bay was an asset to the city and should remain as it is for the benefit of the public; that the area is the last strip of open bay north of 79th Street Causeway; that it is the location where the annual Regatta is usually held; that the Bay is practically filled with islands and the City, the Chamber of Commerce, the County, the Miami Realty Board and the citizens in that locality protest the sale.

Upon inquiry from Governor Caldwell as to whether or not the City or County would be interested in buying the bay bottoms, in view of the trust imposed on the Trustees, Mr. Watson replied that the City or County should own the bay bottoms and that they should not be bottled up.

Mr. Ben Shepard, City Counsel for the City of Miami Beach, protested the sale on the ground that the City objected to the development in the Bay; that if the City or the County had to buy this particular area, they would have to buy the whole of Biscayne Bay; that there were various kinds of trusts and he did not think the trust in this particular case meant that the

Trustees should turn the land into money; that it might be that the trust imposed on the board was to preserve the waters for the benefit of the public, for bathing, fishing and boating and enjoyment of the view; that the legality of such sale has not been passed upon by the Attorney General; that the Florida Supreme Court has discussed the point of how far the State should and can go without violating the trust; that sovereignty lands could be sold provided such sale did not deprive the people of the State of their rights or injure them in so doing. He did not think the law required that the Trustees should sell the waters of the State and allow them to be dredged, filled in and built upon.

N. P. Lowrey, County Commissioner of Dade County, protested the sale on the ground that the people down in that section were spending better than six million dollars to preserve the beauty of the water front for the recreation of the people of the State and the entire nation; that at present the sewage of the City of Miami empties into the area advertised for sale and building up of the islands would create a hazard to the City; feels the Trustees should not sell the land but preserve it in its natural state not only for Dade County but for all the people of the State and nation; that the Board of County Commissioners directed that he oppose the sale of any more areas in Biscayne Bay for building up islands.

Mr. Earl M. Rader, City Engineer for Miami, protested the sale from the standpoint of the effect it would have on the tidal currents in the Bay; that Haulover Cut had been dredged to relieve the situation and if islands were built in the Bay they would cut the circulation of the currents and make for more unsanitary conditions.

Mr. F. E. Bayless, Chairman of the State Road Department, filed an objection to the sale on the ground that fill material for construction of the proposed 36th Street Causeway might be needed from that area.

Telegrams from the following parties were submitted and read:

H. G. Shaw, President of the Chamber of Commerce and for Greater Miami Port Authority, asked for a reasonable period to submit a proposal to the Trustees, and protesting sale to private interests;

George A. Steiner, a bayshore property owner, protesting sale;

Miami Board of Realtors, Chas. A. Post, President, protesting sale;

A. B. Curry, City Manager, Miami, requesting information as to terms and conditions of the proposed sale;

Franklin D. Roosevelt, President of the United States, requesting that if possible sale be delayed pending survey by the War Department to be started at once.

Letters and resolutions from various public and private interests were reported as having been filed with the Trustees objecting to the sale or requesting delay.

Mr. Horobin, applicant to purchase the land, disagreed with the parties protesting, explaining that the area was not used for boating and bathing as Government Survey in 1935 recorded the depth of the water as from one to two feet; that the only channel is the Intracoastal Waterway dredged by the Federal Government—500 foot right of way; that before making application to the Trustees he had taken the matter up with the War Department, also as to the requirements that would have to be met before the islands could be built up; that he proposed separating the islands by channels from 400 to 800 feet wide, and instead of obstructing the flow of the tide it was his opinion that the War Department would agree that the development would be helpful; that the elevation of the islands will be seven feet with six foot bulkheads; that access will be from two public streets of Miami Beach, which is public property, and there will be no interference with navigation, as the War Department would not allow it; that the area is not and never has been used for swimming or boating as the water is too unsanitary and not of sufficient depth for boats, except very small ones; that he has made an offer for the four parcels and feels sure that the Trustees have the right to sell the land and realize as much as possible from the sale, and that the objections filed are not of any consequence.

Attorney General J. Tom Watson expressed the opinion that he recognized the existence of a trust in

the State in holding title to the large area of water lands coming within the classification of sovereignty and swamp and overflowed lands; that the trust could not be over-ridden and he would continue to recognize it if and when he was called upon to pass upon the existence of such trust.

Upon inquiry from Mr. Mayo as to whether the parties objecting to the sale and asking for delay would be willing to make a bid in line with Mr. Horobin's, Mr. Lowrey replied that he did not think anyone could answer that question just at this time.

Governor Caldwell asked if the delay was granted would the City, County and other interests get busy and decide what they could do about submitting an offer.

Mr. Lowrey remarked that if the public agencies planned to develop the area as a subdivision they would be in position to make a better offer, but as it was their desire to retain it in its present condition for the people of the State by preserving it in its natural beauty, they could not pay as much for it as a private company could.

Mr. Watson moved that the matter be referred to the Attorney General for an opinion on the question of whether or not the sale can legally be made to anyone and that in rendering such opinion the same be made to cover the rights of the Federal Government over the land involved and the right of the State to sell to any public agency as well as to private interests. Motion seconded by Mr. Larson and upon vote adopted.

Mr. Watson also offered the motion that the sale be postponed pending receipt of the opinion from the Attorney General and action thereon by the Trustees. Motion seconded by Mr. Mayo and upon vote adopted.

Upon call for bids, offer of \$2.10 an acre was presented from A. A. Poston, on behalf of client F. J. Lewis, with the understanding that Mr. Lewis would assume redemption of any outstanding taxes or tax certificates against the land. No other bids received.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees accept offer from F. J.  Township 30 South, Ranges 38 and 39 East;

The lease will cover the areas to the high water mark lying west of the mid-channel line of Indian River, and will be restricted to the taking of rutile, ilomite, zircon and associated minerals. Applicants agree to file a bond with the Trustees in amount of \$1000 as guarantee for faithful performance of the contract. No offer is made to pay the State for mined or secured substances but similar leases provide for payment of \$1.00 per ton for minerals taken with a minimum royalty of \$25 each month.

Motion was made by Mr. Lee, seconded by Mr. Larson, that the request be referred to Mr. Elliot, Mr. Wells and Dr. Gunter, for investigation and report to the Board. Upon vote the motion was adopted and so ordered.

---

Mr. Wells reported that Lease No. 274 dated August 1942 was issued to E. E. Carter and J. H. Graves for removing mineral sand from an area East of the mid-channel line of Indian River, and that the lease is delinquent in payments several months. Offer has been made by lessees to settle the account on the basis of fifty per cent (50%) of amount due.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees decline to accept one-half the amount due on Lease No. 274 and the Land Office was instructed to request payment in full. Upon vote the motion was adopted and so ordered.

---

Upon report made by Mr. Wells that there were a number of land sale contracts delinquent in payments, motion was made by Mr. Lee, seconded by Mr. Mayo, that notice be sent to all parties delinquent in payments that the terms of the contracts must be complied with or they will be cancelled. Township 50 South, Range 41 East, Broward County.

Accompanying the mortgage are three notes in amount of \$1,968.75 each due in 1926, 1927 and 1928, respectively, with six per cent interest thereon. No payments have been made since purchase.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the offer be declined and counter offer made to accept \$1000.00 for assignment of the mortgage. Upon vote the motion was adopted and so ordered.

Three applications were submitted from Thomas H. Horobin on behalf of clients for purchase of areas immediately adjacent to their upland property in Dade County, as follows:

Dr. M. J. Flipse—Offer of \$500 an acre for 18.5 acres of land in Biscayne Bay, adjacent to and in front of his upland property.

Motion was made by Mr. Mayo that the Trustees decline offers of \$500 an acre from clients of Mr. Horobin for the submerged areas in Biscayne Bay, but agree to advertise for objections provided the applicants will agree to offer \$1,000 an acre for the land. Motion seconded by Mr. Larson and upon vote adopted.

---

Upon vote the motion was adopted and the offers declined.

---

Mr. H. J. Driggers, on behalf of Cracker Oil Company, presented request for extension of Oil Lease No. 168 expiring in April 1946. Mr. Driggers explained that due to war conditions they had been unable to secure necessary machinery and equipment for carrying out the provisions of the contract but feels sure that if extension of one year is allowed they will be able to get the rig down and go to work.

Mr. Watson expressed the opinion that no further extensions should be granted unless strict requirements were made for actual drilling to be commenced within the time allowed.

Motion was made by Mr. Watson that the Trustees extend Lease No. 168 dated April 1, 1941, for a period of one year from April 1945 upon payment of \$1406.00 and that such extension require lessee to commence drilling prior to expiration date of the extension, it being understood that this additional period is for performing those things required to be done under the provisions of the lease. Motion seconded by Mr. Mayo and upon vote adopted. The Attorney General was requested to prepare the necessary papers for execution.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer of \$2 an acre from Telfair Stockton for

Mr. Van Camp, representing Magnolia Petroleum Company, applied for oil lease on three parcels of State land described as

SW $\frac{1}{4}$  of SE $\frac{1}{4}$  of Section 29 and NE $\frac{1}{4}$  of NW $\frac{1}{4}$  and Lot 3, Section 32, all in Township 3 South, Range 15 West, Bay County.

Mr. Camp explained that the additional land was desired to solidify and block in with a location that the company has selected for drilling, lying one and one-half miles north of the Naval Base. A five-year lease on Standard Form No. 88 was requested.

Suggestion was made that it might be better to include the new area in the present lease held by Magnolia Company if it could be handled in that manner. Mr. Camp replied that it would be satisfactory to tie the parcels in with the present lease.

Governor Caldwell suggested that if the board agreed to lease the additional areas to Magnolia Petroleum Company, that the Attorney General be asked to advise whether or not such areas could be tied in with the present lease, or what form of lease should be used.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees grant the request of Magnolia Company and authorize lease over the areas applied for, subject to approval of the Attorney General as to form of lease to be used. Upon vote the motion was adopted and so ordered.

Mr. Watson remarked that he would prepare the lease in line with the Governor's suggestion and submit to the board.

---

Letters addressed to Governor Caldwell were presented from the following parties, protesting oil leases being granted on the Gulf coast of Florida:

K. I. McKay, Attorney, Tampa, Florida.

Truman Green, President, Tampa Chamber of Commerce.

R. W. Birdsell, Jr., Indian Rocks, Florida, with protest signed by 148 parties.

Mr. Watson reported that he had information that Secretary of the Interior, Harold L. Ickes, had made a statement that he would lease as Federal lands the coastal lands of the United States for oil drilling purposes. Further information was that there was a move on foot to have an act passed in Congress confirming ownership of the coastal lands in the States and recognizing such ownership; also that a suit is pending, involving the Arnold lease, the sole issue of which is whether or not the State of Florida has the right to convey any of the sovereign lands in any way that would conflict with the trust; that in the appeal taken the ownership of the State of Florida in the land is being asserted and if such position is maintained the ownership of the State will be confirmed.

Governor Caldwell remarked that some years ago this question was contested and a bill introduced in Congress to declare the coastal lands as United States property; that he is apprehensive as to the position the United States Supreme Court might take on the question of State's ownership, and also that he did not know what the chances would be on passage of a bill in Congress to declare ownership in the States, but if such an act could be passed it would close the question.

Mr. Watson offered to do anything the Trustees desired in connection with the passage of the bill.

Letters and petitions from the Tampa area were ordered filed.

---

Mr. Elliot presented letter from Magnolia Petroleum Company reporting on progress of exploration work being done on areas covered in Contract No. 223. The letter explained that there were found surveying errors in the refraction work which would require entire repeat of the field work and would delay completion of the seismograph report; that to do the re-checking would take about sixty (60) days, and application was made for an extension of sixty days from March 19, 1945, within which to complete and make report as required. Further information was furnished that the Navy

Officer in charge of Pensacola Naval Station had informed the Company that no derrick would be permitted in East Bay, Escambia or Pensacola Bays, and for that reason another location had to be selected but drilling would commence in advance of June 19.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees grant sixty (60) days extension as requested by Magnolia Petroleum Company. Upon vote the motion was adopted, Mr. Watson casting his vote against granting the request.

Mr. Van Camp, representing Magnolia Company, being present, was informed that extension agreed upon would be prepared as soon as possible.

---

Judge Wilbur F. Anderson, representing the Board of County Commissioners of Levy County, came before the Trustees with a proposal by which the County would advertise all lands, title to which vested in the Trustees under provisions of Chapter 14572, Acts of 1929. The County Commissioners desire permission from the Trustees to have the land advertised, get in touch with prospective purchasers and work up interest in the sale of the land; said sale to be held at the Court House at Bronson at the time advertised and competitive bidding to be had, after which bids would be submitted to the Trustees for acceptance or rejection.

The question of reservation for oil and minerals was discussed and opinion from the Attorney General was read, which held that deeds from the Trustees would have to carry the reservations.

Judge Anderson informed the board that in view of the Attorney General's opinion he did not believe the County would be interested in going ahead with the proposal as the value of the land at present was potentially for oil. No action was taken on the subject.

---

Application was presented from the Jewish Community Center offering \$125 for Lots 12 and 13, Block A, Charles E. Knight S/D of Sarasota, located adjacent to the Jewish Church.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees decline offer of \$125 for the lots and make counter proposal to sell at \$200.00. Upon vote the motion was adopted and so ordered.

---

The Trustees having declined offer of \$150.00 from the City of Sarasota for purchase of Lot 8, Berry & Small S/D of Lot 15, Block "I" Plat of Sarasota, amended bid of \$300.00 was presented from the City.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees accept \$300 for the lot in Sarasota, Sarasota County, applied for by City of Sarasota. Upon vote the motion was adopted and so ordered.

---

Application was presented from Dr. Richard E. Halton, raising his offer from \$50.00 to \$75.00 for Lot 18, Block "A" Bay View S/D, Sarasota County. Title to the lot came to the Trustees through foreclosure by the County under Chapter 14572, Acts of 1929, and the Trustees set a price of \$125.00 on the parcel.

Motion was made by Mr. Mayo, seconded by Mr. Larson, to decline offer of \$75.00 and stand by price of \$125.00, heretofore agreed upon. Upon vote the motion was adopted and so ordered.

---

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer of \$40 an acre from L. S. Remsberg for purchase of

Upon vote the motion was adopted and so ordered.

---

There was submitted to the Trustees as information, letter from Attorney General Watson on the subject of deeding to Levy County certain land, title to which vested in the Trustees under provisions of Chapter 14572, Acts of 1929, and the retention by the Trustees of full oil and mineral rights as the Trustees' entire equity in such land.

F. C. Elliot, Engineer and Secretary.

Application was presented from John C. Blocker of St. Petersburg, Florida, on behalf of his client, F. J. Mr. Blocker requests that the Trustees withdraw protest to War Department for dredging in the Bay.

The Trustees having no information as to value of areas in that locality, it was ordered that action be deferred pending examination and report from the Appraiser.

Suggestion was made that the burden be put on the applicant for identifying the land applied for by proper description, plat and survey where necessary. No action was taken on the question.

---

The Secretary reported that he had been informed by the Attorney General's office that approximately 3000 acres of land in Istokpoga Drainage District, owned by the Trustees and by the State Board of Education, are delinquent in subdrainage district taxes, and that offer had been made to permit redemption at 40% of amounts due on certificates; that unless redeemed by March 10th the liens would be foreclosed.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the subject be referred to the Attorney General for handling, there being some question as to whether the District could foreclose taxes on State lands. Upon vote the motion was adopted.

---

Letter was read from Attorney General Watson to J. V. Walton, Attorney for Wilson Cypress Company, outlining a compromise settlement which he would recommend to the Trustees in an effort to settle pending litigation between the State and Wilson Cypress Company.

Mr. Mayo remarked that he thought the offer made by the Attorney General was a fair one and he recommended that it be approved.

Mr. Watson replied that Mr. Walton had turned down the proposal and the suit would have to be litigated to consummation.

In connection with the litigation, Mr. Watson explained that the law firm of Mickler and Mickler of St. Augustine had been employed to assist in this case on a contingency basis; that he had recommended to the Trustees that the fee be ten per cent; that since that time the timber had been sold and Mickler and Mickler would like to come before the board and submit claim for fee.

Mr. Larson expressed the opinion, concurred in by Mr. Mayo, that the Attorney General had handled the case in a very able manner and really made progress in a situation that had been pending for a number of years prior to Mr. Watson's term of office, and that they were willing to leave it to him to recommend what fee should be paid Mickler and Mickler. Mr. Watson

requested that Mr. Mayo be appointed to confer with him in the matter, whereupon, motion was made by Mr. Larson, seconded by Mr. Watson, that the question of fee for Mickler and Mickler be referred to Mr. Watson and Mr. Mayo for making recommendation to the Trustees. Upon vote the motion was adopted and so ordered.

---

The strip was desired for erecting and maintaining horizon lights and other requirements of the War Department.

(Request later withdrawn by U. S.)

gested change in the oil and mineral reservations and the reservation for State roads carried in the deed.

TRUSTEES OF THE INTERNAL IMPROVEMENT FUND OF THE STATE OF FLORIDA.

BOARD OF COMMISSIONERS OF EVERGLADES DRAINAGE DISTRICT.

By..... Agent for Trustees of the Internal Improvement Fund and for Board of Commissioners of Everglades Drainage District, ..... County, Florida, and that the two reservations in deeds be amended to read as follows:

AS TO ALL LANDS, there is reserved unto the State of Florida the title to an undivided one-half of all petroleum and petroleum products, and title to an undivided three-fourths of all other minerals which may be found on or under the said land, together with the privilege outside any municipality, this date, to explore for and to mine and develop same. Said privilege to explore, mine and develop is to be conducted on

and under lands inside any municipality, this date, only with the consent of the surface owner.

AS TO ALL LANDS outside of any municipality, as of this date, there is reserved unto the State of Florida an easement for State road right of way two hundred (200) feet wide, lying equally on each side of the center line of any State road existing on the date of this deed through so much of any parcel herein described as is within one hundred (100) feet of said center line.

The Secretary was requested to furnish the Clerks of the Courts with amended notices and have deed forms prepared with the reservations as adopted.

---

Without objection, action was deferred on letter from Attorney General's office having reference to Dade City foreclosure suit in which Murphy Act lands were involved, the Attorney General having requested opportunity to review the file. It was so ordered.

---

Application was presented from the State Board of Administration for deed under the provisions of Chapter 21684 of 1943, conveying

Lots 34 to 40, Barwick Addition to the City of Wildwood, Sumter County.

It was recited that the State Board of Administration came into possession of the lots through assignment of mortgage from Sumter County March 30, 1933, and the certificates were issued for delinquent taxes prior to that date. Offer of \$5 was made for deed from the Trustees.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the request of the State Board of Administration be granted and deed issued under Chapter 21684 to the lots described upon payment of \$5.00. Upon vote the motion was adopted and so ordered.

---

Request was presented from the City of Bartow that the Trustees execute deed under Chapter 21684 of 1943, conveying

East 60 feet of Lots 5 and 6, Oakdale S/D to Bartow, Section 7, Township 30 South, Range 25 East, Polk County,

upon payment of \$37.75. Amount offered is in excess of one-fourth of the 1932 assessed value.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees execute deed as requested by the City of Bartow, conveying the land described for a consideration of \$37.75. Upon vote the motion was adopted and so ordered.

---

Offer of \$105.00 was presented from the City of Stuart, Florida, for conveyance under Chapter 21684 of 1943, of the following described land under the Murphy Act:

Lots 4, 5, 6, 7, 8, 9 and 10, Block 1, Woodlawn Park Addition to Stuart, Martin County, Florida.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize deed in favor of the City of Stuart, conveying the lots applied for, upon payment of \$105.00, deed to contain reversion clause in the event the land should be used for other than public purposes. Upon vote the motion was adopted.

---

Motion was offered by Mr. Watson that in all cases where Murphy Act land is sold at a reduced price for public purposes, the Trustees include the reverter clause in the deed in the event of use for other than public purposes. Motion seconded by Mr. Mayo, and upon vote adopted.

---

Request was submitted from the Clerk of Lee County that he be allowed to waive the rule requiring notice to former owner as there are about 400 certificates against an old subdivision located about 18 miles from Fort Myers in Section 17, Township 43 South, Range 23 East, Lee County.

Without objection, the request was referred to the Attorney General for working out a suggested form of notice in line with rules of the Trustees. It was so ordered.

---

Application was presented from Earl D. Farr that the Trustees release the oil and mineral reservation on land in Charlotte County sold to clients of his upon payment of \$1.00 an acre for such release. The land

on which the release is requested is in Township 42 South, Ranges 22 and 23 East.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the request for release of the reservations be denied. Upon vote the motion was adopted and so ordered.

---

Letter was presented from B. M. Bishop of Archer, Florida, protesting action of the Trustees by which they cancelled second sale of Alachua County land, described as

S $\frac{1}{2}$  of Block 25, Archer,

and ordered deed executed in favor of Seth F. A. Wood for amount required for protest bid.

Upon reviewing the case, motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees decline to rescind former action as requested by Mr. Bishop. Upon vote the motion was adopted.

---

Request was submitted from Volusia County that the Trustees allow advertisement of subdivision property, containing approximately 3595 lots, with a base bid of \$456.00, the lots having been applied for by Wheeler Marsh and R. B. Prosser.

The Secretary explained that the lots are in West Highlands Subdivision of Section 4, Township 18 South, Range 30 East, with assessed value in 1932 of \$13,910.00. The 1942 assessed value was \$3110.00. The land is located about one and one-half miles south of DeLand, has no roads, no streets, no improvements and is not near any railroad.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees authorize the Clerk to advertise the 3595 lots applied for with a base bid of \$456.00; that on date of sale the land be offered for bids on the whole tract and by separate lots, starting with bid of \$1.00 per lot, and that the highest bid be reported to the Trustees. Upon vote the motion was adopted and so ordered.

---

Mr. Watson reported that he was making a number of recommendations to the Legislature, among which were suggestions with reference to drainage districts,

and certain changes in Murphy Act sales, and that he would furnish each member of the Board with copy of the recommendations.

---

Request was presented from County Commissioners of Suwannee County for deed to Lots 14, 15 and 16, Block J—Live Oak, in Section 23, Township 2 South, Range 13 East, on which is located the County Armory.

After discussion of the information furnished, motion was made by Mr. Mayo that the Trustees authorize sale of the three lots described, with deed to be issued to Suwannee County under Chapter 21684 of 1943, and to contain a reversion clause in event the lots were used for purposes other than the Armory site; payment to be \$5.00. Motion seconded by Mr. Larson and upon vote adopted.

---

Motion was made by Mr. Watson, seconded by Mr. Mayo, that request for allowance of protest from J. M. Glickstein, attorney for C. O. Graham, be granted, the case having been reviewed and former decision reversed. Upon vote the motion was adopted and protest allowed to Duval County sale.

---

Letter from the Attorney General was presented recommending that deed be issued to Waite's, Inc., upon payment of \$1.00, conveying Murphy Act land in Dade County, formerly owned by another party.

It was explained that David E. Johnson, former owner, was deceased at the time application was made, but heirs of Mr. Johnson applied to purchase in his name and deed was issued to him. Evidence having been furnished that Raymond A. Johnson was the only heir of former owner, and had conveyed title to Ralph J. Powers and Sam Simonhoff and they in turn had conveyed to Waite's, Inc., it was recommended that deed be made to the latter party.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees now execute Deed No. 2302-A in favor of Waite's, Inc., for a consideration of \$5.00, to take the place of original deed in favor of David E. Johnson. Upon vote the motion was adopted and so ordered.

Request was presented that the Trustees authorize a new sale held involving NE $\frac{1}{4}$  of Section 26, Township 41 South, Range 21 East, Charlotte County, purchased at sale of January 10, 1944, by General Securities Corporation. Protest was filed by former owner and allowed. Second sale was held but the Clerk failed to notify General Securities Corporation, which now applies for new sale.

Upon recommendation of the Attorney General, motion was made by Mr. Larson, seconded by Mr. Watson, that protest be allowed and the Clerk notified to again advertise the land for sale, notice to be sent to both parties of date of new sale. Upon vote the motion was adopted and so ordered.

---

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees approve the following report from the Special Case Committee:

As stated, we recommend the authorization by the Trustees of the sale of the lands involved by separate

tracts, for the minimum base bid shown on each sheet under the line of "Committee Recommendation."

Respectfully yours,

---

Application was presented from the City of Fort Meade, Florida, for conveyance under Chapter 20424 of 1941 of the following lots in Polk County, formerly owned by the City:

Lots 3 to 6 Bowers & Roberts Sub;  
 Lots 2 to 27, Block A, G, D, Godwins Sub;  
 All in Section 27, Township 31 South, Range 25 East.

Offer of \$30.00 was tendered for the lots together with certificate from the Clerk as to former ownership of the parcels.

Motion was made by Mr. Larson, seconded by Mr. Watson, that pursuant to the provisions of Chapter 20424, Acts of 1941, the Trustees execute deed in favor of the City of Fort Meade, Florida, conveying the lots described for a consideration of \$30.00. Upon vote the motion was adopted and so ordered.

---

Upon request from Town of Orange City, Florida, for price on

Lots 6 and 7, Block 4, Jackson's Addition in  
 Block 31, Volusia County, Florida,

motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize conveyance under Chapter 21684 of the lots described, upon payment of \$62.50, which is one-fourth of the 1932 assessed value placed on the land. Upon vote the motion was adopted and so ordered.

---

Request was presented from the City of Jacksonville, Florida, that the Trustees convey without cost the fol-

lowing described parcel of Murphy Act land in Duval County, to be used in extending Harrison Street to 23rd Street:

Lot 14 of Flynn's Subdivision of Lot 2, Block "H", Long Branch.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees grant right of way easement over so much of Lot 14 as is required for street right of way, upon payment of \$5.00. Upon vote the motion was adopted and so ordered.

---

Letter was presented from R. E. Skinner, requesting that the Trustees include in oil lease heretofore authorized, a lease on the retained interest in Murphy Act land sold by the Trustees, for which he offers twenty-five cents (25¢) an acre. Mr. Skinner explained that he was securing leases from title holders of the land described as,

SE $\frac{1}{4}$  of SW $\frac{1}{4}$  of Section 16, Township 27 South, Range 16 East, Pinellas County, and  
Tracts 1, 12, 13 and 14 in SW $\frac{1}{4}$  of Section 21, Township 27 South, Range 17 East, Hillsborough County.

Motion was made by Mr. Watson that the Trustees rescind former action and authorize five year lease of the retained interest in oil and minerals of the land described in application submitted October 3, 1944, and the two parcels herein described; payment to be fifty cents (50¢) per acre for the entire area, conditioned that Mr. Skinner procure leases from title owner of the land. Motion seconded by Mr. Larson and upon vote adopted, the Attorney General to prepare lease for execution.

---

Duval County case was again presented with reference to request from John D. Bischoff for cancellation of Murphy Act certificates against land formerly owned by him. Information was furnished from the Clerk of the Circuit Court that pursuant to action taken by the Trustees February 20th, Mr. Bischoff had paid all taxes due and unpaid since 1925.

Motion was made by Mr. Watson that the Trustees disclaim title to the land in Sweetwater Farms S/D,

described in Minutes of February 20th, and recommend to the Comptroller that the Murphy Act certificates issued against the land be cancelled upon payment of amounts represented by all unpaid taxes since 1925, plus interest and costs. Motion seconded by Mr. Mayo and upon vote adopted.

---

Application was presented from Robert M. Thomson of Miami, Florida, on behalf of Philadelphia-Florida Corporation, for option from the Trustees to lease the oil and mineral rights retained by the State on 21,990 acres purchased from the Trustees and the Everglades Drainage District at joint Murphy Act sale. The land purchased is located in Township 52 South, Ranges 38 and 39 East, Dade County.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that Mr. Thomson be informed that the Trustees would be glad to cooperate in working out a fair lease on the lands, similar to that on Model Land Company's land. Upon vote the motion was adopted and so ordered.

---

Upon motion duly adopted, the Trustees adjourned.

MILLARD F. CALDWELL,  
Governor—Chairman.

ATTEST: F. C. Elliot. Secretary.

---

Tallahassee, Florida,  
March 27, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. M. Lee, Comptroller.  
J. Edwin Larson, Treasurer.  
J. Tom Watson, Attorney General.  
Nathan Mayo, Commissioner of Agriculture.

---

F. C. Elliot, Engineer and Secretary.  
Sinclair Wells.

---

The Secretary presented Minutes of the Trustees for the past several meetings for approval.

Motion was made by Mr. Larson, seconded by Mr. Lee, that the Trustees approve Minutes of December 28, 1944; January 9, 10, 16, 23; February 6, 13, 20, 27; March 6 and 13, 1945. Upon vote the motion was adopted and so ordered.

---

Upon motion of Mr. Mayo, seconded by Mr. Larson and duly carried, the following Resolution was adopted:

#### RESOLUTION

WHEREAS, pursuant to Chapter 20658, Laws of Florida, Acts of 1941, the Trustees of the Internal Improvement Fund of the State of Florida are required to ascertain and certify the assessed value of lands of the Internal Improvement Fund within Everglades Drainage District, and the said Trustees having ascertained the assessed valuation of such lands, now, therefore,

BE IT RESOLVED That the assessed value of lands of the Trustees of the Internal Improvement Fund as ascertained by said Trustees for the year 1945, be and the same is hereby certified to the Board of Commissioners of Everglades Drainage District as set forth on the attached lists, as appearing in the column headed "DESCRIPTION" and the column headed "VALUE."

The Secretary was requested to certify the lists to the Everglades Drainage District for transmittal by them to the various tax assessors.

---

Mr. Wells reported that at the meeting of the Trustees December 19, 1944, Thomas H. Horobin made application to purchase submerged lands in Biscayne Bay, Dade County, lying between 79th Street Causeway and the proposed 36th Street Causeway, and agreed to bid at sale not less than \$400.00 an acre. On date of sale—March 20, 1945—the matter was referred to the Attorney General. Since that date Mr. Horobin has increased his offer to \$700.00 an acre for the submerged areas advertised for sale.

The Attorney General submitted his opinion dated March 26, 1945, and read it to the board.

Upon consideration of the opinion from the Attorney General, and the increased bid from Mr. Horobin, Mr. Mayo suggested that all interested parties be noti-

fied that bids would be received at the next meeting for the land advertised for sale March 20, 1945.

Attorney General Watson recommended that if the Trustees decide to sell the land, that they predicate the sale on the finding that the property does not constitute property fit for either bathing, fishing or navigation and is therefore not subject to the trust conditions.

Mr. Wells called attention to the fact that three parcels were advertised for objections and competitive bids and the fourth parcel was advertised for objections only. This was done at the request of Mr. Horobin who agreed to bid as much for the land advertised for objections only as was bid for the other parcels at competitive bidding.

Upon discussion of this point, Mr. Horobin stated that if it would facilitate the sale he would withdraw his request and release the Trustees from their agreement to allow him to purchase one parcel without competitive bidding, and that it would be satisfactory with him that all four parcels be put up at competitive bidding. It was so agreed.

Motion was made by Mr. Larson, seconded by Mr. Lee, that the Trustees set the date for receiving bids on the four parcels as Tuesday, April 3, 1945, and that all interested parties be notified that competitive bids would be received on that date. Upon vote the motion was adopted, the Attorney General voting No.

#### SUBJECTS UNDER CHAPTER 18296

The Secretary presented the following list of bids received for lands under Chapter 18296, and reported that they were regular in all respects, had been properly checked, and were submitted for consideration:

Seminole	3/12/45	30
Sumter	3/19/45	18
Suwannee	3/5/45	11
Volusia	3/12/45	84

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however, to any protest filed under the rules. Upon vote the motion was adopted.

---

Suggestion was made by Mr. Mayo that with the increased activity in land it might be well to increase the base bid from one-fourth of the 1932 assessed value to one-half of such value. After discussion of the subject, Mr. Lee made the motion that the bids be put on the basis of what this board considers a reasonable bid for the property; that when ridiculously small bids come in the Secretary be instructed to return them and advise that such bids will not be considered. Motion seconded by Mr. Mayo.

The motion was discussed but no definite action taken.

---

The Secretary presented memorandum of suggestions for Murphy Act sales, recommending that the Trustees advertise all Murphy Act land for sale, except such parcels as they desire to reserve in each County, and suggesting method of holding such sales, requirements and conditions thereof.

The memorandum was ordered held for further study by the individual members.

The Trustees ordered held for further information, request from Colonel E. P. Gaines that oil and mineral rights and State road right of way be released in Hillsborough County deeds No. 3746 and No. 3768 dated January 19, 1945.

---

Letter from Attorney General Watson dated March 24th, was presented. The substance of the letter was explained by Mr. Watson as having reference to application for tax deed based on twenty-five individually held Everglades Drainage District tax sale certificates covering land which reverted to the State under Chapter 18296 and which lands are now under lease to O. D. Robinson for oil exploration purposes. The conclusion reached by the Attorney General was that, in view of construction of the Supreme Court placed on Section 9 of the Murphy Act, the individually held Everglades Drainage District tax certificates were not exactly wiped out but were in suspension and unenforceable, and that the Clerk should be notified to refuse to issue tax deed.

Motion was made by Mr. Larson, seconded by Mr. Lee, that the advice of the Attorney General be accepted and the Clerk notified to refuse to issue tax deed as applied for. Upon vote the motion was adopted and so ordered.

---

Application was submitted from the Board of Public Instruction of Nassau County for conveyance of Block 163 of the Town of Hilliard as provided by Chapter 21796, Acts of 1943. The Act directs that the Trustees deed the Block to the Board of Public Instruction.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that deed be issued to Nassau County Board of Public Instruction covering the lands referred to in Chapter 21796 of 1943. Upon vote the motion was adopted and so ordered.

---

Consideration was given to Pinellas County sale in favor of Ellen Fulton which was protested by a number of negroes who were purchasing under contract from former owner. The City of Oldsmar having interceded on behalf of the negroes, Governor Caldwell suggested that the City be requested to furnish further information and affidavits in support of the negroes' claim,

and if not submitted within a reasonable time that sale to Ellen Fulton be confirmed.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the suggestion of the Governor be adopted as action of the Board. Upon vote the motion was adopted.

---

Upon motion duly adopted the Trustees adjourned.

Mr. J. Mark Wilcox, representing plaintiffs in a case entitled,

Charles H. Crandon, et al., Plaintiffs

vs

Millard F. Caldwell, Governor of the  
State of Florida, et al.,

to temporarily enjoin the Trustees from selling areas in Biscayne Bay, advertised to be sold March 20, 1945, and Mr. Julius Parker, on behalf of the Trustees of the Internal Improvement Fund, reported to the board the result of application for temporary injunction which was heard by Circuit Judge W. May Walker, Second Judicial Circuit, on April 2, 1945.

The Order of the Court was considered by the Trustees, after which executive session was called. At the conclusion of the executive session Governor Caldwell informed Mr. Wilcox and other interested parties that the Trustees had concluded to receive bids for the four parcels advertised and hold them pending investigation by the Trustees of the facts.

The description of the four parcels, containing approximately 589 acres, having been called out at the beginning of the meeting, bids were called for.

Mr. Thomas H. Horobin of Miami having offered \$500 an acre for the land, subsequently raised it to \$700 an acre, which was the only bid on file with the Trustees. Mr. A. R. Richardson of Tallahassee bid \$800 an acre. Mr. Horobin raised the bid to \$900 an acre, at which figure the bidding closed.

Governor Caldwell remarked that the Trustees will reserve the right to tabulate the bids, and upon determination of facts conclude whether the sale should be consummated.

---

The Trustees recessed to meet at four o'clock in the afternoon.

---

Four o'Clock P. M.

The Trustees met with the same members present.

---

Without objection the Trustees deferred action on shell lease application in favor of Duval Engineering and Contracting Company, involving areas in St. Johns River. It was so ordered.

---

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees decline the following offers:

Ambrose Becker of Miami, Florida—Offer of \$40 an acre for S $\frac{1}{2}$  of NW $\frac{1}{4}$  and S $\frac{1}{2}$  of SE $\frac{1}{4}$  of Section 28, Township 53 South, Range 40 East, containing 80 acres in Dade County;

H. Gregory of Miami, Florida—Offer of \$30 an acre for E $\frac{1}{2}$  of NE $\frac{1}{4}$  and W $\frac{1}{2}$  of E $\frac{1}{2}$  of Lot 13, Section 36, Township 50 South, Range 41 East, Broward County, and

William J. Pruitt of Miami, Florida—Offer of \$1,000.00 for approximately 25 acres known as "Cross Key", located west of Jewfish Creek, on the main highway to Key West, in Township 60 South, Range 39 East, Monroe County,

and request the Land Appraiser to make examination of the parcels in Dade and Broward Counties and report back to the Board. Upon vote the motion was adopted and so ordered.

---

Without objection, the Trustees deferred action on application from E. M. Magaha, on behalf of Mr. and Mrs. C. J. Geary, with offer of \$150.00 for parcel of land on Porpoise Island, Lee County. The Land Department was requested to take the matter up with Mr. John M. Boring for getting further information on the subject. It was so ordered.

---

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees advertise for competitive bids land in Marion County applied for by W. A. Shands with offer of \$5 an acre, the land being described as,

E $\frac{1}{2}$  of SE $\frac{1}{4}$  of Section 6, Township 12 South, Range 24 East.

Upon vote the motion was adopted and so ordered.

---

Offer of \$75 was again presented from Clifford A. Payne of Jacksonville, Florida, for purchase of unsurveyed Sections 19 and 20, Township 1 South, Range 28 East, Duval County.

The Trustees having heretofore deferred action on this offer, pending re-examination of the area to determine whether or not the Trustees had ownership in the sections named, motion was made by Mr. Lee, seconded by Mr. Larson, that no action be taken at this time as information required had not been furnished. Upon vote the motion was adopted and so ordered.

Offer of \$100.00 an acre was presented from Senator Harrison E. Barringer of Sarasota, Florida, on behalf of V. B. Dixon, for purchase of an area located in

Section 1, Township 39 South, Range 19 East, containing 11 acres in Sarasota County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that action on the request be deferred pending examination and report by the Land Appraiser. Upon vote the motion was adopted and so ordered.

---

Motion was offered by Mr. Lee, seconded by Mr. Larson, that the Trustees defer action on application from T. W. Conely, Jr., representing Austin Pearce, for purchase of Lots 6, 7, 8, 9, 11, 12 and 13, Section 3, Township 37 South, Range 33 East, Highlands County, with offer of \$5 an acre; that the appraiser be requested to make examination of the property and submit report to the Trustees. Upon vote the motion was adopted and so ordered.

---

Offer of \$900.00 was presented from William Garrison of Dunedin for

Government Lot 3, Section 20, Township 28 South, Range 15 East, containing approximately 84 acres in Pinellas County.

Mr. Wells furnished information that the lot is located on an island known as Hog Island and that a legislative act, Chapter 18400 of 1937, authorized the Trustees, in its discretion, to convey the property to the City of Dunedin for park purposes, and that the said City has made application for the parcel.

Motion was made by Mr. Lee, seconded by Mr. Larson, that the Trustees defer action on the question and have an appraisal made of the present value of the lot. Upon vote the motion was adopted and so ordered.

---

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees decline offer of twenty-five cents (25¢) an acre from W. B. Norton of Moore Haven, Florida, for five-year grazing lease on State land located between his upland property and Lake Okeechobee in Section 3, Township 40 South, Range 33 East, containing

160.51 acres, and that counter proposal be made to authorize lease at a rental of fifty cents (50¢) an acre. Upon vote the motion was adopted and so ordered. Land is located in Glades County.

---

Mr. Wells presented letter from F. E. Snow, having reference to mineral sand lease authorized in his favor, with request that lease be drawn in the name of A. W. Young. Also presented letter from J. Hubert Graves requesting permission to assign Lease No. 274 to A. W. Young, all delinquent payments having been made on said lease.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize lease granted F. E. Snow be made in the name of A. W. Young and that permission be given E. E. Carter and J. Hubert Graves for assigning Lease No. 274 to A. W. Young. Upon vote the motion was adopted and so ordered.

---

Request was presented from the United States, Navy Department, Miami, Florida, for permission to trim Australian pines growing on a small spoil bank located about one-half mile off shore from Dinner Key Seaplane Base. It was explained that the pines had grown to such height that they interfere with clear vision of the operations tower.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees grant permission to the Navy Department for trimming the pines on the spoil bank, and request that they be cut just as little as possible. Upon vote the motion was adopted and so ordered.

---

Upon request from Miami Shipbuilding Corporation, motion was made by Mr. Lee, seconded by Mr. Larson, that the Trustees authorize extension of one year from this date on Lease No. 340 dated October 23, 1943—executed in favor of J. L. McCord and later assigned to Miami Shipbuilding Corporation—the extended time being needed for completing the first well required under terms of the lease. Upon vote the motion was adopted and so ordered.

Governor—Chairman.

ATTEST: F. C. Elliot, Secretary.

Tallahassee, Florida,  
April 5, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. M. Lee, Comptroller.  
J. Edwin Larson, Treasurer.  
Nathan Mayo, Commissioner of Agriculture.

F. C. Elliot, Engineer and Secretary.  
Sinclair Wells.

Governor Caldwell called the meeting for the purpose of allowing Senator D. C. Coleman of Miami, Florida, an opportunity to discuss proposed legislation involving bay bottoms in Biscayne Bay, recently advertised upon application of Thos. H. Horobin of Coral Gables.

Mr. Wells reported that following action of the Trustees at the meeting when bids were received for the land, the Land Office had furnished Mr. Horobin with a letter to the War Department in order that he might secure information as to dredging by the Federal Government and the depth of the water in the area involved.

The Governor informed the Board that Senator Coleman desired to find out the attitude of the Trustees toward a bill which he will introduce authorizing conveyance of these lands to Dade County upon payment by the County of an amount to represent the School Fund's equity in the land.

Senator Coleman explained that the people in his county and along the East coast desire to preserve Biscayne Bay in its natural state and not allow the building of any more islands; that he had been urged to put a bill through the Senate authorizing the Trustees to convey the land for public purposes; that it was of vital interest not only to the people of that section but to the adjoining towns and counties to the north and he requested that the Trustees give careful consideration to the wishes of the East coast area before making sale of the property.

Comptroller Lee asked how the equity of the School Fund would be determined, to which Senator Coleman replied that the bid received by the Trustees would have to be taken into consideration. Discussion was had as to the position of the Trustees, in view of the advertised sale and the offering of bids which were raised from \$700.00 to \$900.00 an acre.

Senator Coleman advised that if an act was passed by the Legislature authorizing the Trustees to transfer title to the bay bottoms to Dade County for public purposes, that would take care of any proposed sale to individuals; that his county desired to retain the bay in its natural beauty. Further that he would discuss the question with the County Commissioners of Dade County as to the interest of the School Fund.

No action being deemed necessary at this time, upon motion the Trustees adjourned.

MILLARD F. CALDWELL,  
Governor—Chairman.

Representative W. S. Middleton of Pomona, Putnam County, Florida, was present and called attention to an act of the 1945 Legislature—Chapter 21784—which authorized the Trustees to deed to the town of Pomona approximately 300 acres of marginal lands around Lake Broward. An offer of \$50.00 was submitted to the Trustees for the School Fund's equity in the land. It was proposed that the town take title to the property and in turn deed to respective adjoining owners areas in front of their property.

Governor Caldwell explained that the land had been appraised at \$10.00 an acre and that further consideration would be necessary in view of the offer from the Town of Pomona.

Opinion from the Attorney General was presented and read. Mr. Watson remarked that the only thing necessary was to decide on the consideration to be received and arrangements under which sales would be made to adjacent owners.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees consider the request and take

final action at a later date. Upon vote the motion was adopted.

Further consideration was given to Dade County land in Biscayne Bay, for which Thos. H. Horobin bid \$900.00 an acre. Temporary restraining order having been handed down by the Circuit Court of the Second Judicial Circuit, discussion was had on the effect of said order. Mr. Julius Parker, Attorney who represented the Trustees in the case before Judge Walker on the 3rd of April, and Mr. Lamar Warren, Assistant Attorney General, were present and gave their interpretation of the Restraining Order, what effect it had on the proposed sale, and their views as to the meaning of the Act under which the Trustees convey submerged areas with respect to the fixing of a date for determining the depth of water over the bay bottoms in question.

The Trustees being of the opinion that no action should be taken at this time with reference to sale of the property, motion was made by Mr. Lee, seconded by Mr. Watson, that the matter be deferred until the Court had entered final decree in the case. Action on the motion withheld pending discussion of the Order. Mr. Parker read the Restraining Order of the Court, which is as follows:

IN THE CIRCUIT COURT OF THE SECOND  
JUDICIAL CIRCUIT OF FLORIDA, IN AND  
FOR LEON COUNTY. IN CHANCERY.

This cause came on for argument upon the Motion of Plaintiffs for a Temporary Restraining Order, and after argument by counsel for Plaintiffs and for Defendants, and upon consideration of various affidavits introduced and documentary evidence, including United States Coast and Geodetic Survey maps, it is, upon consideration,

ORDERED, ADJUDGED, AND DECREED that the Defendants Millard F. Caldwell, Governor of the State of Florida; J. M. Lee, Comptroller of the State of Flor-

ida; J. Edwin Larson, Treasurer of the State of Florida; J. Tom Watson, Attorney General of the State of Florida; Nathan Mayo, Commissioner of Agriculture of the State of Florida, as Trustees of the Internal Improvement Fund of the State of Florida, and Millard F. Caldwell, Governor of the State of Florida; R. A. Gray, Secretary of State; J. Tom Watson, Attorney General; J. Edwin Larson, State Treasurer; and Colin English, Superintendent of Public Instruction, as and constituting the State Board of Education of the State of Florida, be and they are hereby enjoined and restrained until the further order of the Court from selling or conveying any of the lands described in the Bill of Complaint which were as of the effective date of the Act of 1913, now codified as Section 253.06, Florida Statutes 1941, covered by water more than three feet deep at high tide and not separated from the shore by a channel or channels not less than five feet deep.

This injunction shall be immediately effective and shall remain in full force and effect for a period of five days, or until the further order of this Court, during which time the Plaintiff shall be required to file a bond, to be approved by the Clerk of the above entitled Court, in the sum of One Thousand Dollars (\$1,000.00). In the event said bond is not filed with said Clerk within said five-day period, then this injunction shall automatically dissolve and be of no force and effect.

DONE AND ORDERED in Chambers at Tallahassee, Florida, this 3rd day of April, 1945.

Circuit Judge.

W. MAY WALKER, Judge.

Mr. Parker informed the Board that he did not believe any final order could be given by the Court without lengthy testimony being taken in Dade County; that it might take a year before the case could be completed. The Court places the burden on the Trustees that the land was under water not over three feet deep.

Governor Caldwell remarked that he would like to have further facts before taking action, whereupon, motion of Mr. Lee was put. Upon vote the motion was adopted.

Mr. Watson informed the Board that he had rendered an opinion in this case regarding the law as the same affects the Board's right to sell the land; that he has been made a party defendant in the suit and will represent himself personally in the Court proceedings, and he therefore asked that the following motion be adopted:

"That the Attorney General be officially relieved of any representation in this suit with acknowledgement by the Board that he will officially represent himself consistent with the opinion he has given in the matter."

Motion of Mr. Watson was seconded by Mr. Lee and upon vote duly adopted.

Motion was offered by Mr. Watson, seconded by Mr. Larson, that the Trustees employ counsel to represent them in the case. Upon vote the motion was adopted and so ordered.

Governor Caldwell appointed Mr. Watson, Mr. Mayo, Mr. Larson and Mr. English to confer with counsel and work out the terms of the case.

Mr. Parker asked for authority to accept service for the Trustees in the suit, whereupon, motion was made by Mr. Mayo that Mr. Julius Parker be authorized to accept service in this suit on behalf of the Trustees of the Internal Improvement Fund. Motion seconded by Mr. Larson and upon vote adopted.

---

Mr. Wells reported that under date of December 19, 1944, the Trustees considered application from Duval Engineering and Contracting Company for renewal of Shell Lease No. 158 covering areas in Duval County. Offer for renewal for seven cents (7¢) per cubic yard for shell removed from State owned property and one-half cent ( $\frac{1}{2}$ ¢) per cubic yard for shell removed from private property. Based on the application the Trustees authorized a one-year renewal upon the terms offered and requested that the Attorney General prepare the lease. Lease as prepared by the Attorney General was submitted for action.

Discussion was had as to the provisions of the lease, the Governor expressing the view that he was generally opposed to exclusive leases but since this is for one year, he will waive that feature. Question was asked as to payment for shell taken from privately owned property and it was explained that in order to reach

private property and get the shell out it had to be transported over State property and it was hard to determine which was State and which was private property in some areas.

Further discussion was had on the lease being made by the Trustees and the Conservation Board and it was agreed that there was no necessity for the Conservation Board to join in the lease.

Motion was made by Mr. Watson that the Trustees execute one-year shell lease in favor of Duval Engineering and Contracting Company covering the areas described in the form upon payment as stated, with notice to be given the lessee that no renewal will be granted upon the same terms and conditions. Seconded by Mr. Larson and upon vote adopted.

Governor Caldwell expressed the opinion that disposition should be made of the question of ownership of the areas covered in the shell lease.

Mr. Watson moved that the Attorney General be furnished with the description of the lands covered by the lease for determining the ownership, and that the description of lands owned by private parties, from which shell is being taken, be ascertained also for determining ownership. Motion seconded by Mr. Larson and upon vote adopted.

Mr. Wells was requested to secure a list of the lands owned by private individuals and submit to the Attorney General together with description of the State lands.

---

Mr. Thomas H. Horobin came into the Board room and asked if any disposition could be made of the Bay Biscayne areas on which he had made a bid of \$900.00 an acre, and was informed of the action taken earlier during the meeting.

Mr. Horobin stated that he was not asking for definite sale at this time, but would like to be assured that sale would be made to him at the price bid when the Court ruled that the Trustees had authority to sell, to which Governor Caldwell replied that it was the sense of the Board that his bid would be accepted if and when the Trustees are authorized to sell the land.

Further comments and suggestions were offered on the subject but the Trustees remained of the opinion that no definite action as to sale should be taken

pending final ruling of the Court, whereupon, Mr. Horobin asked that his bid remain in force till July 1, 1945. This was agreeable to the Trustees and it was so ordered.

Attorney General Watson informed the Board that he was recommending that an act be passed at this session of the Legislature, having reference to division of proceeds derived from sale of lands, title to which came to the Trustees under Chapter 14572, the 1935 Legislature having repealed that part of the law providing for division of proceeds. Mr. Watson asked that the Trustees give consideration as to whether they would recommend the same division as carried in the former law, or some other.

Without objection the matter was deferred for further consideration.

---

Request was presented from J. P. Scranton for a second extension of his Exploration Contract and Option to Lease No. 344 dated October 26, 1943, for the reason that extreme difficulties have been encountered in making geophysical surveys, and he has been unable to complete explorations required. The lease covers oil and mineral reservations retained by the Trustees in land sold to Model Land Company.

Discussion was had on adoption of a policy to be followed in connection with extensions of leases, Mr. Larson being of the opinion that extensions should be for a period of six (6) months, with a limit to the number of extensions to be allowed on any one lease, and in case of non-performance within that period that the lease be cancelled.

Governor Caldwell remarked that he had expressed himself as not being very favorable to the granting of extensions; that he felt when exploration contracts were approved the lessee should get busy and carry out the obligations; that in the instant case he thought an extension should be granted Mr. Scranton as the area was very difficult to work in except at certain times during the year.

Mr. Lawrence Truett explained that the present extension would expire April 28th and that the Company had not been able to get the seismograph work done but that the Petty Geophysical Company had promised to get a crew in that area at an early date. Mr. Scran-

ton offers to pay a consideration of \$1000.00 for the extension applied for—one year.

Mr. Watson inquired whether or not the Scranton contract was involved in any of the Blanchard contracts, to which Mr. Truett replied that it was not; that the contract was strictly between the Trustees and Mr. Scranton. Mr. Watson was of the opinion that it was tied in in someway, or Mr. Blanchard claimed some interest.

Mr. Watson stated that he was in favor of granting extension to Mr. Scranton but thought it should be conditioned upon an entirely new contract being entered into between the Trustees and Scranton after declaring the present contract forfeited. He offered motion to that effect, which was seconded by Mr. Larson, but no action taken.

The meeting recessed to meet at 2:30 P. M.

---

2:20 P. M.

The meeting convened with all members present except Comptroller Lee.

Further consideration was given to request from Mr. Scranton for extension of his contract, and discussion was had with reference to suit involving the Blanchard contracts, as between Mr. Blanchard and associates, and inquiry was made as to what progress was being made to settle the case. It was the view of several members that all parties having any interest in the Blanchard contracts should get actively behind the case and get it out of the way; that the Trustees are evidencing their good faith in granting extensions for carrying on the explorations and feel that the law-suit should not be allowed to drag along indefinitely.

Mr. Watson remarked that his proposal contemplated taking advantage of the present forfeiture rights under the Scranton Contract No. 344 and separating such lease from any connection with the Blanchard interests.

Governor Caldwell was in favor of granting the extension, but with the understanding that it would be the last.

Motion was made by Mr. Larson that the Trustees authorize extension in favor of J. P. Scranton for a period of one (1) year from April 28, 1945, upon payment of \$1000.00 with the understanding that it would be the final and last extension of said Contract No. 344.

Motion seconded by Mr. Mayo and upon vote adopted, Mr. Watson voting No for the reasons already expressed.

---

Mr. Watson stated that he wished to vote No on the application recently submitted from Miami Shipbuilding Corporation, for the same reason that he voted No on the Scranton application.

---

Honorable Doyle E. Carlton and Mr. E. D. Pressler, representing Humble Oil and Refining Company, were present and Attorney General Watson remarked that question had been raised as to whether there was conflict in two sections of one of their leases—Sections 6 and 10 of Lease No. 338 dated October 13, 1943; that he made examination of the points in question and had prepared report thereon. Report was read.

Mr. Carlton stated that he understood that rental under the lease comes due September 1945, to which the Attorney General replied that he agreed with the interpretation placed on the Sections by Mr. Carlton and that there was no conflict so far as he was concerned, however, in order to clarify the terms of the contract he would give an opinion on that point and furnish attorneys for the Humble Oil and Refining Company with copy.

---

Mr. Doyle E. Carlton, representing Humble Oil Company, applied for lease covering the retained oil interest of the State in land near the new location at Punta Gorda, Charlotte County. Offer of fifty cents (50¢) an acre was made for the Trustees' interest in the land as well as for a small tract of Murphy Act land. It was explained that these parcels block in an area already under lease to the Company.

Upon discussion of the application it was thought best to have a written application with description of the land, whereupon, motion was made by Mr. Watson, seconded by Mr. Larson, that Humble Oil Company submit to the Trustees their application in writing, giving description of the tracts desired, and if no legal objections are found the lease be approved. Upon vote the motion was adopted and so ordered.

---

Mr. Wells reported that on October 24, 1944, the Trustees agreed to advertise the following described

land for competitive bids provided clients of Mr. Julius Parker would agree to bid not less than \$7.50 an acre on date of sale:

Sections 17, 18, 19, 20 and 21, Township 47 South, Range 37 East, Palm Beach County.

Mr. Parker was present and agreed to bid not less than \$7.50 an acre on date of sale.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees advertise the land for competitive bidding based on offer of \$7.50 an acre from Mr. Parker's client, Guillermo Cabrera. Upon vote the motion was adopted and so ordered.

---

Request was presented from Miss Pearl Pearce for five-year extension of Lease No. 18447 expiring January 26, 1946, covering 592.19 acres of State land in

Townships 38 and 39 South, Range 34 East, and Township 39 South, Range 33 East, Glades County.

Offer of fifty cents (50¢) an acre.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the lease be extended for five years from January 26, 1946, with payment at the rate of fifty cents (50¢) an acre. Upon vote the motion was adopted and so ordered.

---

Offer of \$5.00 an acre was presented from L. S. Rensberg for the following described land in Broward County:

$W\frac{1}{2}$  of  $NE\frac{1}{4}$  of  $NE\frac{1}{4}$ ;  $NW\frac{1}{4}$  of  $NE\frac{1}{4}$ ;  $S\frac{1}{2}$  of  $NE\frac{1}{4}$ ;  $N\frac{1}{2}$  of  $SE\frac{1}{4}$ ;  $E\frac{1}{2}$  of  $SE\frac{1}{4}$  of  $SE\frac{1}{4}$ ;  $E\frac{1}{2}$  of  $SW\frac{1}{4}$ , Section 20, Township 49 South, Range 41 East.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that action be deferred and that the Appraiser be requested to report as to the value of the land. Upon vote the motion was adopted and so ordered.

---

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees have an appraisal made of an island in the Anclote River, containing 2.64 acres in Pasco County, which was applied for by Mr. Archie Clements with offer of \$151.00 an acre. Upon vote the motion was adopted and so ordered.

Letter from Harvey W. Seeds Post, American Legion, Miami, Florida, was presented, with reference to legislation affecting deed from the Trustees to said Post.

At the suggestion of the Governor the matter was referred to the Attorney General with the further observation that something satisfactory might be worked out informally with the House Committee. It was so ordered.

---

With reference to lease authorized in favor of M. L. Benedum covering lands owned by the State in fee and Murphy Act lands, as well as the retained interest of the State in other lands, Mr. Watson explained that the descriptions furnished him were indefinite. He recommended that the Benedum interests be requested to furnish detailed description of all lands to be incorporated in the deed.

Mr. Basil Lucas, who was present representing Mr. Benedum, informed the Board that the Attorney General's request would be complied with.

---

The Attorney General presented the request from the Florida Board of Forests and Parks that conveyance by the Trustees to the Park Board of approximately 17,000 acres of land be without oil and mineral reservations. Mr. Watson explained that he had conferred with the Forestry Department and prepared a report on the subject; that he felt that the Trustees have the legal right and that the law requires in any conveyance that the rights be reserved in the State, provided the oil reservation is made so as not to be against the park purposes.

It was also suggested that agencies, boards and departments of the State should not be given the right to make oil and mineral leases or contracts; that they should be controlled by the central agency, the State; that while the State has the power to do this now there was the question of whether or not legislation should be asked which would preserve this power in one agency entirely.

The subject was discussed but no final action taken.

---

Representative J. C. Getzen of Sumter County presented application from J. T. Hancock of Okeechobee, Florida, for purchase of land described as,

$E\frac{1}{2}$  of  $E\frac{1}{2}$  of  $SW\frac{1}{4}$ , and  $W\frac{1}{2}$  of  $W\frac{1}{2}$  of  $SE\frac{1}{4}$  of Section 32, Township 37 South, Range 35 East, containing 80 acres, more or less, in Okeechobee County.

An amount of \$37.50 an acre was offered for the land if not advertised for bids, but if advertised, Mr. Hancock would agree to bid not less than \$32.50 an acre on date of sale.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees advertise the land for sale at competitive bidding, based on offer of \$32.50 an acre from Mr. Hancock. Upon vote the motion was adopted.

---

Mr. Lamar Warren, Assistant Attorney General, having requested an appointment with the Trustees to hear attorneys in the mortgage foreclosure case of Sum-

ner and Hunt, Mr. John W. Bull, representing R. H. Sumner, Jr., and Mr. Erle B. Askew, representing C. Frank Harrison and associates, were present.

It was explained that a resolution was adopted by the Trustees August 15, 1939, accepting a proposal made by R. H. Sumner, Jr., which was, in substance, that he bring proceedings to cancel a certain tax deed held by Walter Collany involving all of the lands covered by Mortgage No. 17460 dated January 15, 1925, and pay the costs thereof, and also to pay the costs of mortgage foreclosure proceedings on condition that after said suits have been completed and title shall revest in the State, the Trustees will convey to R. H. Sumner, Jr., one-fourth of the premises to be agreed upon.

Mr. Bull stated that Mr. Sumner had foreclosed the mortgage and the title to the land was back in the State and the question now was whether the foreclosure wiped out the tax lien; that Mr. Sumner attempted to have the tax lien wiped out of the picture but failed; that he feels he has carried out his part of the agreement by paying all costs of foreclosure and doing everything he could to have the tax deed cancelled. He contends that he is entitled to have one-fourth of the property deeded to him.

Mr. Askew, on behalf of his client, stated that they had offered to convey to the State all of the 212 acres originally deeded to Hunt & Sumner except approximately 18 acres of upland for which they request a quitclaim deed; that they bought the tax deed in 1929 and have paid taxes ever since.

The claims as submitted by both parties were considered and the terms of the resolution discussed, the Trustees being of the opinion that the proposal made by Mr. Sumner, and accepted by the Trustees, clearly intended that the tax deed was to be gotten out of the way entirely and unencumbered title returned to the State; that upon these things being done the Trustees would convey to Mr. Sumner one-fourth of the land originally conveyed under Deed No. 17460; that Mr. Sumner had failed to get the tax deed cancelled and therefore had not carried out his part of the contract. The value of the land was discussed and both Mr. Askew and Mr. Sumner were of the opinion that \$1800.00 would be a fair value.

All parties having been heard, motion was made by Mr. Watson that Mr. Sumner and his attorney and Mr. Askew get together and try to work out a proposal to submit to the Trustees. Motion was seconded by Mr. Larson and upon vote duly adopted.

Mr. Wells reported that the Trustees had advertised for sale on April 17th land in Collier, Gulf and Hendry Counties, but a quorum of the Board not being present, the following bids were received and held pending action:

ATTEST: F. C. Elliot, Secretary.

Tallahassee, Florida,  
May 8, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. Edwin Larson, Treasurer.  
J. Tom Watson, Attorney General.

Sinclair Wells.

Honorable Doyle Carlton, representing Humble Oil and Refining Company, was present and requested that the Trustees adopt a short resolution which followed the opinion of the Attorney General, for the purpose of definitely defining what date rental becomes due on Lease No. 338. It was explained that there was some conflict in the mind of the Company as to Sections 6 and 10 of the lease; that the Attorney General had ren-

dered an opinion, which was in agreement with the opinion of the Company, but in order to have the sections clarified and something of record in the minutes of the Trustees, the adoption of the resolution was desired.

Mr. Watson submitted the following copy of letter to Mr. Carlton and a memorandum opinion on the question and informed the Board that there was no conflict between the two sections and he could see no reason for adoption of a resolution as requested:

Tallahassee, Florida,  
April 19, 1945.

Honorable Doyle E. Carlton  
Attorney at Law  
1214 First National Bank Building  
Tampa 1, Florida.

Re: Lease of State to Humble Oil  
& Refining Company on Dade  
County Lands Dated October 13, 1943.

Dear Mr. Carlton:

I have your letter of April 12 concerning the above and beg to state that I have consulted the files of the Land Department, and I find there a letter from L. T. Barrow, Vice President, Humble Oil & Refining Company, dated 3/3/45, in which he reports on drilling of well as outlined in your letter.

If the lease became a commercial lease when the well was drilled to a depth of 6,000 feet, which, according to your letter and the letter of L. T. Barrow, was on September 7, then the next rental payment will be due on September 7, 1945.

I trust that this is the information that you desire.

Very truly yours,

J. TOM WATSON  
Attorney General

SUMTER LEITNER  
Assistant Attorney General.

## MEMORANDUM

RE: Humble Oil & Refining Company Lease  
No. 338.

QUESTION 1: Is there a conflict between Sections 6 and 10 of the contract?

Section 6 of the lease provides that if the lease becomes a commercial lease under the provisions of paragraph 4 (which states that a commercial lease is one when well is drilled to a depth of 6000 feet or commercial production found at a lesser depth) nevertheless it will terminate as to both parties if on or before one year from the date it becomes a commercial lease, lessee has not commenced drilling operations, additional drilling or re-working operations, or pays rental.

Section 10 of the lease provides that if prior to the discovery of oil, gas or other mineral, a dry hole should be drilled, or if after the discovery production should cease, the lease will terminate unless lessee commences additional drilling or re-working operations within sixty days, or within 60 days pays a rental of \$10,272.00 per calendar year, or fraction thereof.

I can see no conflict in the above sections.

Section 6 refers to a **commercial lease** (one when well is dug or drilled to a depth of 6000 feet or **commercial** production found at a lesser depth.)

Section 10 refers to **dry wells**, regardless of depth (except each well must not be over 6000 feet in depth or it will be a commercial lease) or if after production (provided the production is not commercial production, otherwise it will be a commercial lease) production should cease.

QUESTION 2: If under the contract a dry well is drilled, within what time must additional operations or re-working operations commence, or rental be paid?

This will depend upon the well drilled. If well is drilled to the depth of 6000 feet or more, additional drilling operations or re-working operations must commence or rental be paid within one year from date this depth is reached. (Section 6 of contract). If well is drilled to a depth of less than 6000 feet, additional drilling operations or re-working operations must commence or rental be paid within 60 days from stoppage of drilling. (Section 10 of contract).

J. TOM WATSON.

Mr. Carlton explained that his company felt that there was sufficient doubt as to the construction that might be placed on the two sections to file with the Trustees a check in amount of \$8,000.00 in order to have their lease in good standing; that they were of the same opinion as the Attorney General—that the date for the next rental payment was September 7, 1945—and wanted the board to go on record as approving the Attorney General's opinion and fixing the date.

Mr. Watson stated that if Mr. Carlton would submit in writing his request and he could have opportunity to examine the contract he would give an opinion to the Trustees by noon of the next day.

Governor Caldwell asked Mr. Carlton to submit his request in writing to the Attorney General and a meeting would be held at 12:45 the next day for final action on the subject.

ATTEST: Jentye Dedge  
Acting Secretary.

Tallahassee, Florida,  
May 10, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol, pursuant to call for special meeting.

Present:

Millard F. Caldwell, Governor.  
J. M. Lee, Comptroller.  
J. Edwin Larson, Treasurer.

F. C. Elliot, Engineer and Secretary.

The Trustees having on May 8th asked the Attorney General to give an opinion as to the date rental becomes due under the terms of Lease No. 338 dated October 13, 1943, in favor of Humble Oil and Refining Company, which opinion was to be predicated upon written request from Honorable Doyle E. Carlton, Attorney for Humble Oil and Refining Company, the following letters were presented and read to the Trustees:

"Tallahassee, Florida,  
May 9, 1945.

"Trustees of the Internal Improvement Fund  
The State Board of Education, and  
Honorable J. Tom Watson, Attorney General  
Capitol Building  
Tallahassee, Florida.

Gentlemen:

Humble Oil and Refining Company on September 7, 1944, under its lease No. 338 covering what

is commonly known as Dade County land, drilled its well to a depth of six thousand (6000) feet. In March 1945 the Company completed this well to a depth in excess of eleven thousand (11,000) feet and abandoned it as a dry hole.

The lessee Company requests the lessor to advise the date when the rental is due. That is to say, whether sixty (60) days after the well was abandoned, or whether on September 7, 1945, one year after the well reached a depth of six thousand (6000) feet.

It is our opinion that the lease became a commercial lease on September 7, 1944, and the rental payment is due September 7, 1945. If you approve this construction we would appreciate official action by the boards recognizing this construction, and respectfully suggest the passing of a motion in substantially the following form:

'To avoid confusion between Sections 6 and 10 of Lease No. 338, commonly known as Lease of Dade County lands from the Internal Improvement Fund to Humble Oil and Refining Company, it is moved and carried that when the well which was drilled on the leased lands reached a depth of 6000 feet, the lease became a commercial lease and rent became due and payable, in lieu of production, drilling or reworking operations, one year thereafter, to-wit: September 7, 1945; that Section 10, which relates to dry holes had no application to this first well that was drilled, as this well was drilled as a part of the consideration for the lease; therefore no rentals are payable in lieu of drilling until September 7, 1945, this being the intention of the parties and the proper construction of the lease.'

Respectfully submitted

Humble Oil & Refining Company

By Doyle E. Carlton  
Attorney."

"Trustees of the Internal Improvement Fund  
C A P I T O L  
Tallahassee, Florida.

Gentlemen:

Replying to the letter from Honorable Doyle E. Carlton, attorney for the Humble Oil and Refining Company, dated May 9, 1945, concerning Lease No. 338 between the Humble Oil and Refining Company and your body, said lease dated October 13, 1943, in which letter it is stated that that company drilled this well to a depth of 6,000 feet on September 7, 1944, but abandoned same on March 1945, when the well had been drilled to a depth in excess of 11,000 feet. Under these facts the Company requests to be advised the date when its rental is due in lieu of commencing operations for drilling on the leased premises.

It is my opinion the rental payment is due on or before September 7, 1945.

I suggest the following motion for your use in connect.on with this:

It appearing that the Humble Oil and Refining Company on September 7, 1944, under its lease No. 338, drilled its well to a depth of six thousand (6000) feet but abandoned this well on March 7, 1945, after drilling same to a depth in excess of eleven thousand (11,000) feet, when the well which was drilled on the leased lands reached the depth of six thousand (6000) feet the lease became a commercial lease and rental became due and payable in lieu of drilling and reworking operations on or before one year thereafter; to-wit, on or before September 7, 1945.

Very truly yours,

J. TOM WATSON  
Attorney General.

By: Sumter Leitner  
Assistant Attorney General."

SL:lh.

Upon consideration of the two letters, motion was made by Mr. Larson as follows:

It appearing that the Humble Oil and Refining Company on September 7, 1944, under its Lease No. 338, drilled its well to a depth of six thousand (6000) feet but abandoned this well on March 7, 1945, after drilling same to a depth in excess of eleven thousand (11,000) feet, when the well which was drilled on the leased lands reached the depth of six thousand (6000) feet the lease became a commercial lease and rental became due and payable in lieu of drilling and reworking operations on or before one year thereafter; to-wit, on or before September 7, 1945.

Motion was seconded by Mr. Lee and upon vote duly adopted.

Mr. Doyle E. Carlton was present and requested that check in amount of \$8,442.74 which was transmitted to the Trustees of the Internal Improvement Fund by letter dated April 30, 1945, as rental payment in the event it was construed that payment was due at an earlier date, be returned to Humble Oil and Refining Company in view of the foregoing action.

Motion was made by Mr. Larson that check No. 33299 from Humble Oil and Refining Company, drawn on First National Bank in Houston, Houston, Texas, dated April 30, 1945, in amount of \$8,442.74, tendered in payment of any rental due on Lease No. 338, pending construction of the lease, be returned to said company. Motion was seconded by Mr. Lee and upon vote adopted.

Upon motion duly adopted, the Trustees adjourned.

Request from Mr. W. S. Middleton was again submitted for action on application from the City of Pomona, Putnam County, to purchase certain land around Lake Broward at a price of \$50.00.

Mr. Elliot reported that Chapter 21784, Acts of 1943, authorized the Trustees to convey the land to the Town of Pomona upon such terms and conditions as may be agreed upon; also provided for a survey to be made to ascertain the configuration and area of the lake, without cost to the Trustees; that the survey has been made, a plat prepared, approved by the Trustees and filed with the Commissioner of Agriculture, and an appraisal made by Mr. Bayless placing the value of the property at \$10.00 an acre.

Mr. Watson presented the subject of Wilson Cypress Company's suits and briefly reviewed the history of the case for Governor Caldwell.

The Trustees having referred to the Attorney General and Mr. Mayo the matter of fee to be paid Mickler and Mickler, attorneys employed to assist in prosecution of the suits, Mr. Watson reported that original agreement with Mickler and Mickler was that their fee would be on a contingency basis of ten per cent (10%) of the recovery to the State, but since that agreement timber on a portion of the property has been sold for a price of \$100,000.00 and Mickler and Mickler feel that recovery was reduced by such sale; that he and Mr. Mayo agreed there was some merit in the contention and felt a fee of \$5,000.00 would be fair; that the Trustees had paid \$500.00 to Mickler and Mickler, which amount would be deducted from the total fee of \$5,000.00, leaving a balance due of \$4,500.00.

Recommendation of the Committee was that the Trustees approve allowance to Mickler and Mickler, attorneys, of \$5,000.00 in payment for all services already performed and those to be performed in connection with Wilson Cypress Company suits, the Attorney General to pay all expenses of said attorneys out of his office funds; that warrant for \$1,000.00 be issued now and remainder to be paid at intervals as the suits progress.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the recommendation of the Committee be approved as the action of the Trustees, the Trustees approving a fee of \$5,000.00 to Mickler and Mickler, (\$500.00 having already been paid on such fee) for all services rendered and to be rendered in litigation between Wilson Cypress Company and the Trustees; the sum of \$2,000.00 to be retained until all litigation has been concluded. Upon vote the motion was adopted and so ordered.

Sumner, Jr., and Charles Addison, in connection with Pinellas County land, as suggested by the Trustees at the meeting April 24, 1945; that they had indefeasible title to the land and would stand on their rights. He stated, however, that their proposal was still open to set aside the tax deed provided the Trustees would con-

vey the 18-acre tract mentioned when they appeared before the Trustees on April 24th.

Tallahassee, Florida,  
May 29, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. Edwin Larson, Treasurer.  
Nathan Mayo, Commissioner of Agriculture.

F. C. Elliot, Engineer and Secretary.

Mr. Lamar Warren, Assistant Attorney General, presented request from Sperti, Inc., that the Trustees allow certain changes made in lease authorized by the Trustees November 28, 1944, for the purpose of gathering seaweed from which to take agar agar covering that section of the Indian River from St. Lucie Inlet north to Fort Pierce Inlet. The changes requested were explained to the Trustees and memorandum of recommendations as to such requests.

Upon consideration of the request for changes and the recommendations from the Attorney General's office, motion was made by Mr. Mayo, that the subject be referred to Mr. Warren and Mr. Elliot for joint recommendation to the Board. Upon vote the motion was adopted.

It was also suggested that Mr. Baldwin, Land Appraiser, be requested to make report as to construction of the plant to be constructed under the terms of the lease.

Letter was presented from Dr. Raymond Bellamy, Secretary-Treasurer, Florida Academy of Sciences, requesting that the Trustees make available to the Academy an amount of from \$1500.00 to \$1800.00 annually.

Upon considering the request, the Trustees were of the opinion that they had no authority to allocate funds of the Trustees for the purpose requested, whereupon, motion was made by Mr. Mayo, seconded by Mr. Larson, to deny the request. Upon vote the motion was adopted.

## SUBJECTS UNDER CHAPTER 18296

Mr. Elliot presented the following list of bids received for lands under Chapter 18296 and reported that they were regular in all respects, had been properly checked, and were submitted for consideration:

COUNTY	DATE OF SALE	NO. OF BIDS
Dade	4/20/45	1
Duval	3/22/45	185
Hillsborough	4/23/45	1
Leon	5/21/45	2
Martin	12/18/44	1
Osceola	3/12/45	1
Pinellas	7/11/44	7
Pinellas	8/15/44	8
Walton	3/19/45	1

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however, to any protest filed under the rules. Upon vote the motion was adopted and so ordered.

---

Applications were presented from the City of St. Petersburg for conveyance of approximately 122 lots in the Subdivision of "North St. Petersburg," and 183 lots in the Subdivision of "Toy Town." The lots are desired for public park and reforestation purposes and the City offers \$1.00 per lot.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize conveyance of the lots described under the provisions of Chapter 21684, upon payment of \$1.00 per lot; the deed to recite that the land is to be used for public park and reforestation purposes. Upon vote the motion was adopted.

---

Letter was presented from Attorney General Watson giving an opinion that he could see no objection to releasing reservation for right of way requested by F. C. Graves in deed to Indian River County land.

Mr. Elliot reported that the State Road Department had recommended release of the reservation.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize execution of Indian River County Quit Claim Deed No. 183 to Forrest C. Graves and Lenore Graves, for the purpose of releasing from original deed the reservation for state roads. Upon vote the motion was adopted.

---

Upon motion of Mr. Larson, seconded by Mr. Mayo, the Trustees deferred action pending report from the Appraiser, on request from the City of Titusville for conveyance of 457 lots within the city limits at a price of \$457.00, except in a few instances higher offers were made. It was so ordered.

Request was presented from Colonel E. P. Gaines for release of State road right of way and also oil and mineral reservation retained in Murphy Act Deeds No. 3746 and 3768, dated January 19, 1945, conveying title to 27 lots in Beach Park S/D, Hillsborough County.

Recommendation has been received from the State Road Department that the State road right of way be released; also letter from the Clerk of the Court states that his best information is that there is not ten acres in either tract.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize execution of Hillsborough County Quit Claim Deeds Nos. 3746 and 3768, upon payment of \$5.00, releasing State road right of way reserved in original deeds, but no release of oil and mineral reservations be given as the reservation did not apply where the area was less than ten acres. Upon vote the motion was adopted and so ordered.

---

Request was presented from Mr. James H. Millican, Jr., Palatka, Florida, that the Trustees take some action to clear status of Putnam County land on which he redeemed taxes in 1934 and 1936 and also paid taxes since that time through 1944. Mr. Millican stated that it was his intention to redeem all taxes in 1934 and 1936, but two old certificates—1894 and 1896—were overlooked. The land in question is described as "Part of John Huertas Grant, Book 24, Page 320, Section 48, Township 9 South, Range 27 East."

Motion was made by Mr. Larson that the question be referred to the Comptroller for recommendation as to whether or not the Trustees should disclaim interest

in the certificates under the Murphy Act and allow redemption of the two old certificates. Motion seconded by Mr. Mayo and upon vote adopted.

---

Application was presented from the City of St. Augustine for conveyance of the following lots for public park purposes:

Lots 24, 25, 26, 27, Block E, Wildwood Park S/D.

No offer was made for the lots, which had an assessed value in 1932 of \$225.00. Land located in St. Johns County.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize issuance of deed under the provisions of Chapter 21684 of 1943, upon payment of \$56.25; the deed to carry the reservation for public park purposes. Upon vote the motion was adopted.

---

Request was presented from the City of Jacksonville for conveyance of Lot 4, Parkers S/D of  $W\frac{1}{2}$  of  $E\frac{1}{2}$  of  $SE\frac{1}{4}$  of  $NW\frac{1}{4}$  of Section 7, Township 2 South, Range 27 East, Duval County, desired for enlarging the City's dumping ground.

Information was furnished that the 1932 assessed value of the lot was \$100.00. Motion was made and seconded that conveyance be authorized under provisions of Chapter 21684 of 1943, upon payment of \$25.00. Upon vote the motion was adopted and so ordered.

---

Letter was presented from the Attorney General with reference to sufficiency of description on Franklin County Murphy Act certificate, the opinion being that description was sufficient to identify the property and that property described passed to the State pursuant to the Murphy Act.

Mr. Mayo stated that he had formerly owned the land described in the opinion and had attempted to pay taxes thereon, but owing to the wrong block number having been entered on the tax roll the taxes were not paid; that the United States had later come in and condemned the land and fixed appraisal on the two lots—559 and 560, covered by Certificates Part 134 and

134½ of 1934—at \$275.00, and he recommended that the appraisal be accepted as it was considerably higher than the Government allowed on his private property down there.

Mr. Mayo also asked that he be allowed to redeem another parcel in Franklin County, being described on Certificate No. 99 of 1934 as Blk. 40, N½ of Block 238; that there being no such block as 238, the Clerk did not figure in Certificate No. 99 when other certificates were being redeemed.

Memorandum from the Comptroller's office was read on the question, whereupon, it was ordered that the Trustees disclaim interest in Cert. No. 99 of 1934 and recommend to the Comptroller that Mr. Mayo be allowed to redeem said certificate upon payment of all taxes which have not been paid on the property. It was so ordered.

---

Upon motion duly adopted, the Trustees adjourned.

Mr. Lamar Warren, Assistant Attorney General, reported on Baker County case involving Deed No. 2 dated July 18, 1940, executed in favor of B. J. Padgett of Macclenny, Florida. Explanation was made that through error Lot 9 in Block 28, Town of Macclenny was certified to the Trustees under the Murphy Act; that the lot was a burial ground or cemetery and should not have been assessed for taxes; that the Trustees have attempted to secure quitclaim deed from grantee, B. J. Padgett, to the lot and have failed. It is recommended that the following resolution be adopted and placed of record in Baker County:

RESOLUTION OF TRUSTEES OF THE INTERNAL  
 IMPROVEMENT FUND OF THE  
 STATE OF FLORIDA

WHEREAS, it has been made to appear to the Trustees of the Internal Improvement Fund that Lot 9, Block 28 of the Town of Macclenny, Baker County, Florida, has been used for cemetery purposes for fifty (50) years or more, grave markers being located thereon at this time; and

WHEREAS under the laws of the State of Florida such property is exempt from taxation; and

WHEREAS the tax assessors of Baker County inadvertently and erroneously assessed said lot for taxes; and

WHEREAS the tax collector of Baker County, pursuant to the above mentioned erroneous assessment, sold said land for taxes in the years 1929, 1930, 1933 and 1936, and tax certificates numbered 178, 457, 838 and 172 issued thereon, respectively, for the aforementioned years; and

WHEREAS the Clerk of the Circuit Court of Baker County certified to the Trustees of the Internal Improvement Fund said tax certificates as being certificates within the terms of Chapter 18296, 1937 (Murphy Act), which act caused the title to the land embraced in certain certificates to vest in the State of Florida on June 9, 1939; and

WHEREAS in accordance with an application to said Clerk to purchase said lot, the same being believed to be Murphy Act land, the Clerk sold and the State of Florida, by and through the Trustees of the Internal Improvement Fund, attempted to convey said lot 9, block 28, by deed known as Baker County No. 2, dated February 24, 1940, to B. J. Padgett, when the title to said lot in law and in fact had not vested in the State of Florida under the aforesaid Chapter 18296, Acts of 1937; and

WHEREAS the State of Florida, by and through the Trustees of the Internal Improvement Fund, conveyed no title by its deed; and

WHEREAS the said Trustees wish the public records of Baker County to reflect the facts above recited, now, therefore,

BE IT RESOLVED that the said Trustees of the Internal Improvement Fund have the same appear of record by recording this resolution in the public records of Baker County.

The Trustees having referred to the Attorney General the request from the City of Miami for certain changes in Deed No. 06-21684 heretofore authorized, conveying Murphy Act land in Dade County for Water Supply purposes, Mr. Lamar Warren, Assistant Attorney General, presented recommendations of that office. Mr. Warren explained that the City desired change made in next to the last paragraph of the deed by using the word "public" rather than "domestic" and another change affecting reversion of the land.

Recommendation from the Attorney General's office was that the reverter clause be amended to read as follows:

"PROVIDED, however, that the lands herein described shall be used for public water supply purposes by the City of Miami, and such other purposes as are collateral thereto, and in the event the land should ever be used for any purpose other than public water supply and such other purposes as are collateral thereto, title to said land shall revert to the State of Florida."

Motion was offered by Mr. Watson, seconded by Mr. Mayo, that the reverter clause as recommended by the Attorney General's office be embodied in deed to the City of Miami, in lieu of the clause appearing in said deed. Upon vote the motion was adopted and so ordered.

---

Upon motion duly adopted the Trustees adjourned.

Mr. Allen C. Grazier, Attorney of St. Petersburg, and others representing the Port Authority of the City of St. Petersburg, presented to the Trustees application for approximately 5775 acres of State land to be used as a right of way for causeway and bridge and port development in connection with Pinellas-Manatee Bay crossing over Tampa Bay. Request was that conveyance be made by either deed or easement and if deed that the contribution to the School Fund be as small as possible.

The subject was discussed and some of the points brought out were, if there would be any objection

raised to the State reserving the oil and mineral rights. Mr. Glazier replied that St. Petersburg would not have.

Governor Caldwell desired to know what the State Road Department thought of the project. The answer was that the plans had the approval of the State Road Department and that the bridge and causeway would eventually be taken over by the Road Department.

Inquiry was made as to whether the land was sovereignty or not and the reply was that part of the land was submerged under water more than three feet and some was not.

It was explained that the project would be financed with public funds and the Port Authority had been assured that it could be done.

The Trustees asked that the Port Authority submit the application in writing, making two separate proposals, one for the bridge and causeway and the other for the port development; that the proposal in detail be worked out with the Attorney General and Mr. Elliot, the Engineer, along the lines of either a lease or easement.

Upon motion duly adopted the Trustees adjourned.

Tallahassee, Florida,  
July 11, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. M. Lee, Comptroller.  
J. Edwin Larson, Treasurer.  
J. Tom Watson, Atty. General (present part time)  
Nathan Mayo, Commissioner of Agriculture.

F. C. Elliot, Engineer and Secretary.  
Sinclair Wells.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees approve the Minutes of said Board dated May 8th, 15th, 22nd, 29th, and June 5th, 1945, as presented by the Secretary. Upon vote the motion was adopted and so ordered.

Mr. W. H. Jackson, on behalf of Arnold Oil Explorations, Inc., presented request for lease covering the area south of the south line of Pasco County embodied in Exploration Contract No. 224. He read a resolution adopted by the Trustees December 27, 1944, and stated that pursuant thereto his clients had tried to work out some amicable arrangement with the Tampa Chamber of Commerce, and others protesting the lease, but had been unable to agree on anything; that the objectors wanted the entire area abandoned. In March 1945 another meeting was held and a resolution prepared requesting that the Trustees refrain from leasing the area between Pasco County and Naples until after the Legislature had opportunity to enact laws governing oil leases; that laws were passed at the 1945 session of the Legislature affecting leases and contracts heretofore granted, as well as future contracts, which amply protected all towns and beaches.

Provisions of the law referred to by Mr. Jackson were discussed but the Trustees not having had opportunity to analyze the laws they were not in position to state what effect they would have on action taken by the old Board. (Governor Holland's administration.)

Governor Caldwell remarked that he was not satisfied with the drilling requirements under the lease form attached to exploration contracts and there was question in his mind as to what extent approving action of the old board would be binding on the present board.

Mr. Larson inquired of Mr. Jackson whether or not his clients would consider revision along the line of the Governor's thought, or would they insist that the action of the old board was binding and that they should have the same leniency as under the old contract.

Mr. Jackson expressed the opinion that action of the old board was equal to a contract and felt that his clients should have a lease under the old agreement, form of lease having been attached to and made a part of the contract.

Mr. Larson further stated that his position had been consistent all along with reference to Contract No. 224 and he had maintained throughout that exploration work required had not been performed; that with the new provisions of law in effect, he felt that the Trustees should start anew on this contract; also that the Trustees should have Mr. Elliot and Mr. Wells analyze the new laws and see whether they would have any bearing on a new contract on the southern portion. On the other hand, if Mr. Jackson felt he had a contract he would like to get an opinion from the Supreme Court on the basis of new legislation.

Governor Caldwell was of the opinion that the Trustees should have the ruling of the Attorney General as to whether or not there was a binding obligation on this board to proceed under the old exploration contract and the resolution dated December 27, 1944; that it would be necessary to know what the legal limitations were before action could be taken.

Motion was made by Mr. Larson that procedure outlined by the Governor be followed. Motion seconded by Mr. Mayo and upon vote adopted.

H. H. Ewing, J. L. Gillson and M. H. Miller, were present as representatives of E. I. Dupont DeNemours & Company, and applied for permission to prospect for ilmenite in the St. Lucie and Banana Rivers, Mosquito Lagoon, and in Indian River not now covered by lease. A non-exclusive lease for a period of ten years was requested and an offer of fifteen cents (15¢) per ton was made for all ilmenite removed. It was proposed that applicant be allowed to prospect the inland waters and if results were favorable the State would be asked for a contract which would provide for taking out approximately 100,000 tons of the mineral each year. The sand would be dug up with a suction dredge, or some similar method. The ilmenite would be washed from the sand and the sand would then go back into the water at approximately the same place. Would be no damage to fishing or marine life. Area to be worked in a year would be approximately one mile square. The value of the material at the plant in Delaware was given as \$15.00 per ton in normal times but higher during the war. It was estimated that the operation would require around 300 men.

Discussion was had as to other minerals such as zircon and rutile. Applicants were not interested in taking minerals other than ilmenite but suggestions were offered that possibly other plants in Florida might use such minerals; that they would be deposited in piles after ilmenite was removed.

The question of royalty was discussed and Mr. Elliot suggested that a contract might be worked out with a minimum royalty based on present prices with a sliding scale as the price advanced; that other minerals could be so deposited that they could be utilized when a market could be found.

Governor Caldwell requested that applicants submit the proposal in writing together with a form of agreement to be entered into in order that the Trustees may study the plan and investigate the physical and legal questions involved; that it would be necessary to consult with the State Game & Fresh Water Fish Commission and the Conservation Department.

Upon inquiry as to what expenditure would be involved, Mr. Gillson replied that if a plant was constructed in the area it would cost around a million dollars.

Mr. Gillson asked if they had the permission of the Trustees to bring in tugs and explore the area indicated.

The Governor replied that if it was consistent with the views of the Conservation Department and the Engineer, he could see no objection to granting such permission. This was agreeable to the other members.

formation that his department had accumulated and its value to the State as well as the Federal Government. He requested that the Trustees participate in furnishing funds to assist in carrying out the program for further work in the State.

Mr. Elliot suggested that the Trustees would be justified in taking part in the program in connection with the lakes as most of the lakes affected were navigable waters and under the control of the State to a certain extent.

Mr. Larson suggested that Mr. Ferguson confer with Mr. Elliot on some plan to be submitted to the Board at a later date. The suggestion was approved by the Board.

---

Mr. Elliot presented request from A. A. Poston, member of the Board of County Commissioners of Palm Beach County, that the Trustees release the oil and mineral reservations in deeds authorized at the meeting March 22 in favor of F. J. Lewis and J. W. Robison. It was explained that title to this land vested in the Trustees through foreclosure by the County under provisions of Chapter 14572, Acts of 1929.

ALSO:

Another application was presented from F. J. Lewis for purchase of land of the same character, accompanied by resolution from the Board of County Commissioners recommending sale at the price offered by Mr. Lewis, which resolution provides for payment of the full equity by the State and an amount agreed upon to be paid the Trustees for administrative purposes.

Mr. Poston was present and requested that the Trustees modify the charge from \$5.00 to \$1.00 per certificate for release of the oil and mineral reservations in the land applied for by Mr. Lewis, in view of the large number of subdivision lots involved, and that the said reservations either be omitted from the deeds, or released by separate instruments.

Mr. Watson explained that Mr. Poston had taken the matter up with him and stated that it had been the understanding of the County Commissioners all along that the reservations would be released; that the County having the largest interest in the land felt the Trustees should not retain the oil and mineral rights; that after he had gone into the matter thoroughly with Mr. Poston he was willing to recommend to the Trustees, upon the statement made by Mr. Poston, and the records of the Trustees, if available, that the deeds be drawn omitting the oil and mineral reservations, provided the County Commissioners would adopt a resolution agreeing that the omission of the reservations would only apply to municipal property and not to any acreage outside of a municipality; that his recommendation is predicated upon the fact that the Trustees will be carrying out an agreement made some years ago.

Mr. Elliot explained that the procedure followed in past years was to retain the oil and mineral rights in the deed and then issue quitclaim deed releasing such reservation upon payment of a price either per lot or parcel.

The subject having been discussed, motion was made by Mr. Watson that based on the statements made by Mr. Poston, on behalf of the Board of County Commissioners of Palm Beach County, and conditioned upon adoption by the County Commissioners of a resolution as suggested, that the Trustees authorize execution of the deeds conveying land under Chapter 14572 of 1929 without oil and mineral reservations. Motion seconded by Mr. Larson and upon vote adopted.

Also, motion was made by Mr. Watson, seconded by Mr. Larson, that payment in lieu of reservation be at the rate of \$1.00 per certificate for the lands applied for by Mr. Lewis. Upon vote the motion was adopted.

Mr. Poston requested that deeds be made in the name of Mission Company, Inc., covering applications from F. J. Lewis to lots as listed, in the following subdivisions:

All lots in Monroe Heights in Blocks 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 16, 17, 18, 19, 20, 21 and 25;

Lots in Acrehome Park 3rd Add. in Blocks 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11;

Lots in Acrehome Park, First Add. in Blocks 3, 4, 5, 7, 8, 9, 10, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 23, 24, 25, 26, 27, 28, 29, 30, 32, 33, 34, 35, 37;

Lots in Acrehome Park;

Lots in Acrehome Park 2nd. Add. in Blocks 3 and 8;

Amended Plat of Lauraville, in Block 3 and Block 5;

Lots in Inlet City in Blocks 4, 9, 16, 18, 34, 45 and 53;

Lots in Pleasant Heights in Block 4;

Lots in Dunbar Terrace in Blocks 5 and 6;

Lots in Lauraville in Blocks 1, 2, 3, and 5;

Lot in Inlet Grove, Block 1;

Lots in Riviera, Block 20;

Lots in Acrehome Park, Block 8.

---

Resolutions were also presented from the Board of County Commissioners of Palm Beach County, recommending acceptance of the following bids for lands under Chapter 14572:

Brady F. Grimsley and wife—Offer of \$29.06 for Lots 17 and 18, Block 57, Inlet City;

Ruth and Henry DeLoach—Offer of \$23.70 for Lots 4 and 5, Block 3, Acrehome Park;

Ruth and Henry DeLoach—Offer of \$27.33 for Lot 6 (less N 65') Block 3, Acrehome Park;

Babe Mills—Offer of \$36.04 for Lots 1 and 2, Block 36, Inlet City.

It was also requested that oil and mineral reservation be omitted from deeds covering these applications.

Information was furnished that by resolutions adopted, the County agreed that the State receive its full equity in the land and the Trustees the regular fee, the County taking the loss on its tax equity.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees accept the offers recom-

mended by the County Commissioners based on the resolutions adopted in each case and that the oil and mineral reservations be omitted from deeds. Upon vote the motion was adopted and so ordered.

---

Letter was presented from Attorney General Watson having reference to protests received from Ellis F. Davis, Attorney of Kissimee, to private individuals being allowed to dig canals through the ordinary high water mark of Lake Jackson, Osceola County, thereby lowering the water level. Mr. Watson's recommendation was that an investigation be conducted by the Trustees and by the State Game and Fresh Water Fish Commission.

Motion was made by Mr. Larson, seconded by Mr. Watson, that the matter be referred to the Attorney General for taking whatever action he deemed necessary. Upon vote the motion was adopted and so ordered.

---

Request was presented from Robert M. Angas of Jacksonville, Florida, and from J. A. Fitzsimmons of Fort Lauderdale, Florida, for appointment with the Trustees to present the application of Beaty-Horton-Stadler for tide water lands in New River Sound, Broward County.

Mr. Elliot informed the Board that application involved legal questions as to titles and descriptions of areas in New River, determination of which had been in the Courts for some time.

Motion was made by Mr. Larson that the Secretary notify Mr. Angas and Mr. Fitzsimmons that the Trustees request that they take the matter up with the Attorney General in order that he may have opportunity to examine the legal questions before the case is presented to the Board. Motion seconded by Mr. Watson and upon vote adopted.

Motion was made by Mr. Larson, seconded by Mr. Watson, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however to any protest filed under the rules. Upon vote the motion was adopted.

Request was presented from Shell Oil Company for purchase of reserved oil rights in certain lands sold to C. W. Parker, involving 166 acres in Santa Rosa County. Applicant claims to have leased the oil rights from the fee owner and offers to make payment at the same rate for lease on the reserved interest of the State.

The Attorney General reported that under the laws the Trustees did not have authority to lease the reserved oil interest in Murphy Act land, but there was authority for entering into an operating contract under certain terms and conditions providing for royalty to be paid.

Without objection, action was deferred on application from Shell Oil Company.

The Secretary reported that some time ago, at the request of the Attorney General, the Trustees held up issuance of quitclaim deeds releasing all or any portion of the 200-foot reservation for State road right of ways. The point in question was whether or not the charge for such release should be based on the value of the area to be released, or whether the original purchase price covered the entire tract.

Letter was submitted from the Attorney General in which he gave an opinion that the charge heretofore made by the Trustees for release of State Road right of way was sufficient where such release was made to original purchaser.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Secretary be authorized to follow the principle suggested by the Attorney General. Upon vote the motion was adopted.

In view of the foregoing action, motion was made by Mr. Larson, seconded by Mr. Watson and duly adopted, that the Trustees authorize execution of the following quitclaim deeds for the purpose of releasing part or all of the 200-foot reservation for State roads, the State Road Department having so recommended in each case:

Letter was presented from the Attorney General submitting request from the United States for stipulation in the case entitled,

“U. S. vs. 960 Acres, Broward County, Florida,  
et al., No. 688-M-Civil—File 4147.”

Stipulation provided for acceptance of \$62.50 on the part of the Trustees for Parcels designated as 3 and 56, covering Murphy Act land in Broward County owned by the State.

Motion was made by Mr. Larson, seconded by Mr. Watson, that the Trustees authorize the Attorney General to stipulate with the United States as requested. Upon vote the motion was adopted.

Upon motion duly adopted, the Trustees adjourned.

MILLARD F. CALDWELL,  
Governor—Chairman.

ATTEST: F. C. Elliot, Secretary.

Tallahassee, Florida,  
July 24, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. Edwin Larson, Treasurer.  
Nathan Mayo, Commissioner of Agriculture.

F. C. Elliot, Engineer and Secretary.

Mr. Julius F. Parker, Special Attorney for Trustees, made verbal report on his recent trip to Miami for the purpose of securing information with reference to depth of water in certain portions of Biscayne Bay in connection with recent suits filed against the sale of such areas, based on applications from Thomas H. Horobin.

Mr. Parker informed the Board that in the interest of getting the suits released he had met with City and County officials of Miami and Miami Beach to ascertain what their attitude was; that he learned that they were very much opposed to sale of any areas in Biscayne Bay. They stated that if sales were attempted they

would be forced to continue the lawsuits and secure permanent injunction to the sales. He discussed with them another proposal made by Mr. Horobin to purchase from the State an area below Miami, which would provide for deeding a right of way strip to the County and constructing bridges for connecting the parcels and asked them what their attitude to the Biscayne Bay sales would be if the other proposal could be worked out. Their reply was that they would still be opposed to the sales in Biscayne Bay.

Upon discussion of the report from Mr. Parker, it was the opinion of the members present that in view of the opposition of the two cities and Dade County, the sales pending in Biscayne Bay should not be consummated.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that Mr. Parker prepare a proper motion for adoption at the next meeting in line with the expressed opinion to decline offers for the land. Upon vote the motion was adopted and so ordered.

---

Mr. S. H. Rogers of Tampa appeared before the Trustees relative to extension of Mineral Sand Lease No. 291. He read letter which he had prepared asking for extension of the contract from 5 to 7 years. He stated he had paid the minimum required under the lease regularly—\$25.00 per month.

A condition entering into the lease is the establishment of a plant. Mr. Rogers says it will take from 6 months to a year to get this plant established and will cost around \$150,000.00. The area covered extends from the Okaloosa County line on around East Bay, the coastal area covering around 150 sq. miles.

Governor Caldwell asked Mr. Rogers if he expected to get the money required for building the plant from someone else. Mr. Rogers said the Cyanide Company is backing them and will furnish the required funds.

The Governor suggested that upon the establishment of a substantial plant the Trustees might then extend the period of the lease an additional two years.

Mr. Larson moved that upon the establishment of a substantial plant the Trustees agree to extend Lease No. 291 for a period of two years. Seconded by Mr. Mayo, and upon vote adopted.

Mr. Elliot presented telegram received from Currie Investment & Title Guaranty Company, protesting sale of Palm Beach County land, (title under Chapter 14572, Acts of 1929) approved by Trustees at July 17th meeting.

Mr. Elliot explained that Mr. A. A. Poston, representing the Board of County Commissioners, had submitted resolutions from his Board recommending sales to several parties; that no other bids had been received and the Trustees had accepted the offers as presented, accompanied by resolutions from the County; that his information was that the County Commissioners had stated they would stand by their resolutions and desired the sales to be consummated by the Trustees.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that in view of the refusal by the County Commissioners of Palm Beach County to withdraw from their position, the request from Currie Investment & Title Guaranty Company be denied. Upon vote the motion was adopted.

---

The Secretary presented letter from W. S. Middleton, Mayor of the Town of Pomona, and Representative from Putnam County, requesting that the Trustees give further consideration to request for conveyance of sub-marginal land adjacent to and surrounding Lake Broward in Putnam County.

It was explained that the Trustees recently fixed a price of \$10.00 an acre for this land, conveyance of which was authorized by Chapter 21784, Acts of 1943, to the City of Pomona.

Mr. Elliot suggested that in view of the nature of title to certain areas around the Lake the Trustees might be justified in making a price of \$5.00 an acre on the area covered by the Act.

Mr. Elliot was authorized to discuss the subject with Mr. Middleton along the lines suggested and ask that he take the matter up with the City of Pomona and advise the Trustees of their decision. It was so ordered.

---

The Secretary read a suggested resolution for adoption by the Trustees.

Upon discussion of the suggestion, motion was made by Mr. Mayo, seconded by Mr. Larson and duly carried,

that the following Resolution be adopted by the Trustees:

### RESOLUTION

WHEREAS, Chapter 610, Laws of Florida, Acts of 1855, is for the purpose indicated by its title as follows: "An Act to Provide for and Encourage a Liberal System of Internal Improvements of This State," and

WHEREAS, the Trustees of the Internal Improvement Fund for the past ninety years have undertaken and carried out works of internal improvements in this State, among which are State buildings as coming within the category of internal improvements, and

WHEREAS, Chapter 22820, Laws of Florida, Acts of 1945, authorizes the provision of certain State buildings and other facilities for State purposes and also provides that "any act providing for the disposition or application of money by a department shall not be construed to be violated when funds of a department are applied under this section for assisting the State in securing such buildings or other facilities as may be required in the furtherance of the State's operations,"

NOW, THEREFORE, BE IT RESOLVED by the Trustees of the Internal Improvement Fund that such monies of said funds as are not required for expenses shall be usable to such extent and in such manner as said Trustees may determine toward assisting the State in its State Building Program.

---

Mr. Elliot stated that if the Trustees authorized him to employ an additional assistant to help out in the work in his office, he would give that assistant certain part time work under the State Building Program Act and treat that time as a contribution of the Trustees to the Building Fund.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that Mr. Elliot be authorized to employ such assistant as he deemed necessary. Upon vote the motion was adopted and so ordered.

---

Application was presented from Thad Whidden, on behalf of Herman Wood, to purchase

Lot 21, Mackey's Addition to Pahokee, Section 18, Township 42 South, Range 37. East, Palm Beach County.

The Secretary explained that title to the lot came to the Trustees through settlement with Everglades Drainage District in 1931, pursuant to Chapter 14717, Acts of 1931, that Mr. Wood lives on the property and has paid sub-drainage taxes thereon. He recommended a price of \$100.00 for the lot.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize sale of the lot applied for by Mr. Wood at a price of \$100.00. Upon vote the motion was adopted.

Motion was made by Mr. Larson, seconded by Mr. Mayo and adopted, that the Trustees approve the following salaries, expense accounts and miscellaneous bills and that the Comptroller be requested to issue warrants in payment therefor:

Application was presented from the City of Hialeah for conveyance under the provisions of Chapter 21684 of 1943, of 639 Dade County lots located within the City limits of Hialeah. Mr. Martin F. Whelan, on behalf of the city, offered \$1.00 per lot or parcel and agreed that the City would conduct sale of the said lots in the same manner as carried out in former transaction—Deed No. 03—Chap. 21684 dated September 26, 1944—advertising all lots prior to sale and giving former owners opportunity to reacquire title where desired.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize sale to the City of Hialeah, Dade County, Florida, of 639 lots located within the city limits, at a price of \$1.00 per lot; conveyance to be made under provisions of Chapter 21684, Acts of 1943, and conditioned upon the City's agreeing to advertise all lots prior to sale, allowing former owners to re-purchase if desired, and conducting the sales in a manner similar to former transaction under Dade County Deed No. 03—Chap. 21684. Upon vote the motion was adopted and so ordered.

Three requests were presented from the State Road Department for right of ways through Murphy Act land in Bay, Brevard and Pinellas Counties, desired in connection with State roads.

Manatee County.

Upon vote the motion was adopted and deed ordered executed.

---

Mr. Elliot presented letter from Adjutant General Vivian Collins, State Military Department, St. Augustine, Florida, making application for use of a tract of land comprising 120 acres in Section 32, Township 51 South, Range 39 East, Broward County, released June 26, 1945, by the United States as a rifle range. It was explained that the United States had turned the property over to the State with all equipment as a rifle range and that the State Militia was in need of an adequate rifle range for Dade and Broward Counties.

Motion was offered by Mr. Mayo, seconded by Mr. Larson, that the Trustees grant permission to the Adjutant General for use of the Broward County area as a rifle range for the State Militia, but not under long term lease. Upon vote the motion was adopted.

---

Application was submitted from the City of Vero Beach, Florida, that the Trustees release reservation in Indian River County Deed No. 267 dated May 25, 1942, such reservation being that the land will be used for public purposes only. Purchase price was \$1.00 per lot, or a total of \$68.00.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Secretary notify the City of Vero Beach that the Trustees will be agreeable to making release of the reservation when and if the plans of the City are ready to be effectuated for a consideration of \$5.00. Upon vote the motion was adopted and so ordered.

Request was presented from the City of Tampa that action of the Trustees May 15th be rescinded, authorizing delivery of deed to Sol Adelson conveying three lots in McFarlane's Add. to West Tampa, Hillsborough County. The City requested deed under Chapter 20424 and furnished certificate as to former ownership.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees agree to deed the lots to the City of Tampa under provisions of Chapter 21684 upon payment of \$250.00, which was the amount of high bid at sale, plus costs incurred by applicant. Upon vote the motion was adopted and so ordered.

---

Letter dated June 5th was presented from the City of Tampa requesting deed under Chapter 20424 to Hillsborough County property described as:

Lots 1 to 14, Block 1 of Vedado S/D.

Lots 1 to 14, Block 5 of Vedado S/D.

Statement was furnished that the City acquired these lots in 1937 for park and playground purposes and an old certificate was overlooked. Recently application was made to the Clerk by an individual and the lots were advertised for sale June 18, 1945.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees agree to cancel sale to individual applicant, and authorize deed in favor of the City of Tampa upon payment of amount offered by applicant to purchase at advertised sale, plus costs. Upon vote the motion was adopted.

---

The following applications were presented from the City of Tampa, Florida, for Murphy Act land in Hillsborough County:

1. That the Trustees decline offers from individuals for the following described lands included in an area which the City heretofore requested withdrawn from sale and which they desired to purchase in connection with Hillsborough River Dam Project:

Lots 1, 21 to 24, Block 61, Temple Crest  
Unit No. 3;

Lots 1, 2, 4, 5, 6, 7, Block 41, Temple

Crest Unit No. 3;

Lot 13, Block J, Elizabeth Court;

2. That the Trustees convey lots and acreage along Hillsborough River, heretofore withdrawn from sale, located in Sections 1, 2, 11, 12, 13, 20, 21, 22, 23, 24, 26, 27, 28, 29, 32, 33, Township 28 South, Range 19 East, and in Sections 28, 19, 31, 32, 33, 36, Township 27 South, Range 20 East.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees agree to decline offers made for land being advertised for sale described under (1) provided the City of Tampa will agree to pay an amount equal to bid by individual, plus costs, and as to (2) the Trustees will make conveyance upon payment by the City of one-fourth of the 1932 assessed value, deed to be executed under the provisions of Chapter 21684, Acts of 1943. Upon vote the motion was adopted and so ordered.

MILLARD F. CALDWELL,  
Governor—Chairman.

ATTEST: F. C. Elliot, Secretary.

---

Tallahassee, Florida,  
July 31, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. Edwin Larson, Treasurer.  
J. Tom Watson, Attorney General.  
Nathan Mayo, Commissioner of Agriculture.

---

F. C. Elliot, Engineer and Secretary.  
Sinclair Wells.

---

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees approve the Minutes dated June 26, July 10, 11, 17 and 24, 1945, as presented by the Secretary. Upon vote the motion was adopted and the Minutes ordered approved.

---

Mr. Wells presented for reconsideration the sale of an area in Biscayne Bay, Dade County, advertised for objections to be heard June 19th, and a quorum not being present on that date sale was brought up at the July 11th meeting and again deferred until this date. Thomas H. Horobin applied for the parcel on behalf of Milton Steinhard, who agreed to pay \$1000.00 an acre for 23.52 acres of submerged land in Section 3, Township 53 South, Range 42 East.

The Secretary explained that Mr. Tyrus A. Norwood, Attorney for David Molloy, filed protest to the sale and applied to the Circuit Court of the Second Judicial Circuit in and for Leon County, for a restraining order. Dean Louis Tribble, of the Comptroller's office, and Mr. Elliot, representing the Trustees, assured Circuit Judge W. May Walker that plaintiffs would have ample opportunity to present objections before action was

taken on the sale; also that sufficient time would be allowed for objectors to apply for restraining order in event the Trustees declined to recognize protests. Based on the statements made, the Court declined to issue the restraining order, without prejudice to plaintiffs.

Mr. Elliot further informed the Board that Mr. Horobin has amended his application for land involved in the Molloy protest, and offers \$1000.00 an acre for a parcel comprising approximately three and one-half acres instead of 23.52; that the land in the amended application is all under water less than three feet deep at high tide; that he had discussed the matter further with Mr. Norwood and believes there will be no objection to sale of the drawn-in area.

Mr. Julius Parker stated that all parties concerned agreed on a certain line, beyond which the amended application would not go and over which the water was not more than three feet deep.

Governor Caldwell was of the opinion that there was nothing before the Board for action at this time, except to either confirm or reject the sale as advertised.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees decline to sell the parcel applied for by Mr. Horobin according to advertisement—see copy of Notice in Minutes of July 11, 1945. Upon vote the motion was adopted and so ordered.

Governor Caldwell advised Mr. Horobin that if he desired to make application for the smaller area consideration would be given at a later date.

---

Letter was presented from Attorney General Watson, furnishing information that an application was to be made to Honorable W. May Walker, Circuit Court Judge, on Wednesday, August 1, 1945, at 2:30 P. M., by William Burbridge for temporary restraining order enjoining and restraining conveyance by the Trustees of certain submerged areas in Biscayne Bay containing 26.8 acres, more or less; that it had come to his attention that objections had been filed to the sale; that the same elements were present in this suit as were involved in another suit affecting Biscayne Bay lands, and in an opinion to the Trustees he had pointed out the doubtful legality of such a sale; that in view of such opinion he did not feel that he could represent the Trustees as he

intended filing an answer in his individual capacity as a member of the Trustees. He suggested that the Trustees obtain other counsel to handle this suit.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that notice of the proposed suit be referred to Mr. Julius Parker with request that he handle this as well as other suits filed against the Trustees involving Biscayne Bay areas, and that the Committee appointed by the Governor—Messrs. Larson, Watson, Mayo and English—be requested to make arrangements with Mr. Parker for handling the suit. Upon vote the motion was adopted.

Mr. Watson made the motion that he be allowed to withdraw from the Committee appointed to make arrangements for handling suits referred to. Motion seconded by Mr. Larson and upon vote adopted.

---

At the meeting of the Trustees July 24, 1945, the matter of the application of Mr. Thomas H. Horobin for purchase of the islands located in Biscayne Bay, Florida, as described in the case of Charles H. Crandon, et al, vs. Millard F. Caldwell, as Governor of the State of Florida, et al, came up for consideration. A report was made by Julius F. Parker, special attorney for the Trustees, of an investigation made by him of situation relative to the lands sought to be bought by Mr. Horobin.

Mr. Thomas H. Horobin also appeared before the Board in connection with the matter.

After having duly considered the offer of the said Thomas H. Horobin, it was moved by Attorney General Watson that the offer for the purchase of lands, as described in the application and in the lawsuit above referred to, be rejected and that the lands be not sold. The motion was seconded by Mr. Larson and adopted with the following vote: Ayes—Governor Caldwell, Mr. Larson, Mr. Watson and Mr. Mayo. Nays, none.

Mr. Parker informed the Board that based on action taken he would request the Court to dismiss the suits and would like to have certified copy of the Minutes to file with the request for dismissal. The Secretary was requested to furnish the necessary copies to Mr. Parker.

Application postponed from last week was presented from Thomas H. Horobin for purchase of approximately 2500 acres of submerged lands and keys lying between Key Biscayne and Elliott's Key in Townships 55, 56 and 57 South, Ranges 41 and 42 East, Dade County, for which he offered \$100,000.00. Mr. Wells reported that two objections had been filed to sale of this area.

Mr. Julius F. Parker informed the Trustees that he had appeared before a joint meeting of the City and County officials of Miami and Dade County and asked if there would be any objection to such sale. The subject was discussed but no official notice given that there would be no objections; that the City and County were very eager to get the bridges and right of way for the scenic highway down the keys, a proposal having been made to them by Mr. Horobin that he would purchase the land from the State, provide the right of way and construct the bridges if the City and County would withdraw objections to sale of an island he desired to purchase from the State. Mr. Mark Wilcox, as representative of the County, promised to have further hearings and notify Mr. Parker of the position of the officials.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees advertise the area for objections, based on offer of \$100,000.00 from Mr. Horobin. Upon vote the motion was adopted, Mr. Watson voting in the negative.

---

Offer of \$1000.00 an acre was presented from Thomas H. Horobin, on behalf of Point Holding Company, for purchase of 33.40 acres of submerged land lying immediately North of the Seventy-Ninth Street Causeway and East of the holdings of Radio Station WIOD, in Township 53 South, Range 42 East, Dade County.

Section 25, Township 49 South, Range 51 East,  
containing 40 acres in Broward County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer of \$20.00 an acre for the land and that counter proposal be made to advertise for competitive bids provided applicant would agree to bid not less than \$50.00 an acre. Upon vote the motion was adopted and so ordered.

---

Letter was presented from Mr. Julius F. Parker, Special Attorney for the Trustees, reporting that temporary restraining order had been issued in the Circuit Court of the Second Judicial Circuit, in and for Leon County, Florida, the style of the case being:

William Burbridge, et al  
Plaintiffs

vs

Millard F. Caldwell, Governor of  
the State of Florida, et al,  
Defendants.

Further information was that Mr. Horobin had been requested to have survey made of the depths of water over the land before he could recommend to the Trustees that the sale be made.

Mr. Parker made verbal report with reference to the restraining order and the conditions found when he visited the area sought to be purchased; also as to the sentiment of residents of Dade County, Miami and Miami Beach.

Discussion was had on the subject and also on the request that no further areas be sold by the Trustees in Biscayne Bay.

Mr. Larson expressed the opinion that some resolution should be adopted by the Trustees with reference to sales in Biscayne Bay and furnished each member with copy of a proposed resolution, stating that he did not ask for passage at this time but it was more in the way of a suggestion for working out a policy along the lines set forth.

In discussing the request that no further sales be made in Biscayne Bay, the Governor was of the opinion

he could see no objection to the Land Office furnishing the officials of Dade County, City of Miami and Miami Beach with notice of any proposed sales; that he approved the suggestion made by Mr. Larson that applicants submit proof that land sought to be purchased could legally be sold by the Trustees but he would be opposed to the Trustees agreeing that they would make no further sales in Biscayne Bay without the approval of Dade County.

No action taken on the subject.

---

Mr. Elliot presented copy of letter from Mr. Wayne Thomas of Plant City, addressed to Mr. Larson and containing an offer of \$200.00 or \$250.00 for parcel of land in Hillsborough County, title to which vested in the Trustees through foreclosure by the County under Chapter 14572, Acts of 1929. Description of the land is as follows:

NE $\frac{1}{4}$  of Section 5, Township 31 South, Range 21 East, containing approximately 25 acres in Hillsborough County.

Information was furnished that amount of the Decree was \$1600.49 and that the Trustees had declined to sell any land of this character at a price less than the decree unless recommended by the Board of County Commissioners of that County, in which event the Trustees would require full payment of the State's equity and fee to the Trustees.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the policy of the Trustees be followed in this case, and that Mr. Thomas be notified to so advise his client, V. R. Sims, of such action. Upon vote the motion was adopted and so ordered.

---

In pursuance of resolution adopted July 24, 1945, motion was made by Mr. Mayo, seconded by Mr. Larson and duly adopted, that the Trustees authorize and direct that warrant be drawn in favor of the State Building Fund in amount of \$250,000.00, to be deposited in said fund and made available to the Board of Commissioners of State Institutions in pursuance of Chapter 22820.

Mr. Watson recorded as being present.

Sumter	7/2/45	28
St. Johns	6/8/45	30
Taylor	6/29/45	2
Volusia	5/7/45	2

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however to any protest filed under the rules. Upon vote the motion was adopted.

Letter was presented from the Attorney General, pursuant to request from the Trustees for opinion on

whether or not title vested in the State under Chapter 18296 by means of the lien of delinquent taxes for 1933 where no certificate was issued for 1933 taxes.

Opinion of the Attorney General was in the affirmative, a former opinion rendered in 1941 being reaffirmed, with the additional statement that he would not apply the same ruling to delinquencies for 1934 for the reason that the certificate might not be issued in time to bring the land involved within the two-year period of the statute.

In view of the opinion of the Attorney General, the Secretary presented several deeds conveying Pinellas County land which had been held up until the question of the 1933 certificates could be settled.

Motion was made by Mr. Larson to approve the opinion of the Attorney General and authorize execution and delivery of Pinellas County deeds as follows:

- No. 2443 in favor of Robina Tillinghast
- No. 2447 in favor of Clarence H. Chesbro
- No. 2464 in favor of Charles S. Schuh
- No. 2475 in favor of Pearl Fisher
- No. 2491 in favor of Emma Clark
- No. 2807 in favor of Benjamin Sutton,

information having been furnished that title to land covered thereby came to the State based on 1933 delinquencies. Motion seconded by Mr. Mayo and upon vote adopted.

---

Mr. J. Lewis Hall, representing Simonhoff and Simonhoff, presented suggested resolution for adoption by the Trustees, which, if adopted, would authorize sale of the land in question to his clients but would retain control in the Trustees of the oil lease.

Upon discussion of the subject, motion was made by Mr. Larson, seconded by Mr. Mayo, that the proposed resolution and application be referred to the Attorney General for examination and report. Upon vote the motion was adopted.

---

Attorney General Watson called attention to a frequent practice of transacting business affecting the Trustees without the Secretary being present to take

the Minutes on the subject, resulting in no record of the action taken. He suggested that the Trustees adopt a policy of never taking up matters pertaining to the Trustees without having Miss Dedge present to take the Minutes.

The Governor suggested that a general policy might be adopted to not revert from one Board to another before finishing with the business of the first Board, and at all times have the appropriate secretary present when that particular Board is in session.

The suggestions were agreed to and the policy adopted.

---

Letter was presented from Attorney General Watson having reference to request from Assemblies of God Church at Richland, Florida, that the Trustees take proper action to cancel Pasco County Deed No. 768 issued to H. J. and E. J. Lane, as to Lot 4, Block 5, Tier 2, Richland, information having been furnished that the lot was formerly owned by the Church and the church building was erected thereon. A memorandum was attached reviewing the circumstances and the Attorney General recommended that the State not take the initiative in bringing any proceedings to eject the adverse claimant to the property, but should offer the church their support in any suit brought by the church for recovery of same.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the recommendation of the Attorney General be approved and that the attorney for the Church be so advised. Upon vote the motion was carried.

---

Letter was presented from the Attorney General giving opinion on the question of whether or not conveyance could be made of land under the Murphy Act to Boards of Public Instruction under the provisions of Chapter 21684, Acts of 1943. The opinion in substance was that the Trustees could only "Withdraw tracts or parcels from public sale considered by the Trustees of the Internal Improvement Fund to be valuable for public purposes, and dedicate such tracts or parcels to such public use considered necessary and proper by the said Trustees." The opinion was conditioned, however, upon the land applied for by the

county being used by the board for educational purposes in the county.

The Secretary suggested that it might be proper to execute deeds to the municipalities in which the lands are located and such municipalities could then convey the property to the school boards.

Motion was made by Mr. Watson, seconded by Mr. Larson, that disposition of the requests from Lake, Seminole and Sumter Counties be deferred pending applications being received from the towns in which the property applied for is located. Upon vote the motion was adopted and so ordered.

---

Application was presented from the State Road Department for right of way across Murphy Act land in Brevard County desired in connection with State Road No. 24.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize right of way easement in favor of the State Road Department through

Lot 1, Block 24, Plat of Melbourne, Florida, in  
Sections 2 and 3, Township 28 South, Range  
37 East,

to be used in connection with Road No. 24, Project 1126—SRD No. 18. Upon vote the motion was adopted and so ordered.

---

Request was presented from A. C. Strecker for release of right of way through land conveyed by the Trustees in Hillsborough County Deed No. 3417 to Claire B. Alsobrook.

Mr. Elliot informed the Board that recommendation had been received from the State Road Department that the release be authorized as the parcel would not be needed for road purposes.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize execution of Hillsborough County Quitclaim Deed No. 3417 in favor of A. C. Strecker, present owner, upon payment of \$5.00. Upon vote the motion was adopted and so ordered.

---

Letter was presented from Attorney General Watson recommending adoption of resolution in connection

with sale to Southwest Tampa Storm Sewer Drainage District of Murphy Act land in Hillsborough County, terms of sale having heretofore been agreed upon. Deed was also presented with clause inserted therein providing for carrying out sales to former owners.

Mr. Watson explained the reasons for adoption of the resolution and for inserting the clause in the deed and recommended the adoption of both and execution of the deed.

Motion was made by Mr. Larson, seconded by Mr. Mayo and duly carried, that the following Resolution be adopted and that the deed as presented be executed:

#### RESOLUTION

WHEREAS, the Trustees of the Internal Improvement Fund on December 19, 1944, as disclosed by minutes of that date, agreed to sell certain Murphy Act land to Southwest Tampa Storm Sewer Drainage District for consideration at the rate of fifty cents per acre, and the further consideration as set forth in said minutes that "it being understood that the District will allow former owners the privilege of regaining (the State) title from the District at the same price paid the Trustees," etc.;

NOW, THEREFORE, BE IT RESOLVED by the Trustees of the Internal Improvement Fund that the part of said consideration in reference to privilege to former owners shall be carried out by the District as follows: That up to and including December 1, 1945, the former owner of any of said lands on June 9, 1939, located in said district, and which reverted to the State under Chapter 18296, shall have the privilege of reacquiring the land at a price of fifty cents per acre, or fraction of an acre, plus accumulated district taxes through the year 1944; that a list of said lands shall be made available up to the date December 1, 1945, aforesaid, in the office of said District at Tampa, Florida.

The conditions hereof shall be agreed to by Southwest Tampa Storm Sewer Drainage District.

Application was presented from Florida Forest and Park Service for disposition of Murphy Act certificates on Suwannee County land which has been owned by the Florida Board of Forests and Parks since 1936. It was suggested by the Secretary the land could be deeded under provisions of Chapter 21684 without advertisement and sale.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize conveyance under Chapter 21684 of 1943, of the following described land:

Lots 2, 5, 6, Section 7, and  $W\frac{1}{2}$  of  $NE\frac{1}{4}$  of  
Section 18, Township 1 South, Range 12 East,  
Suwannee County,

consideration to be \$5.00. Upon vote the motion was adopted.

---

Letter was presented from the Clerk of the Circuit Court of Lake County presenting protest from Ralph Geiger to sale of land to Dibrell Duncan Smith and Helen Nan Smith covering

Lots 3 to 10, Block 11, Groveland.

Information was furnished that protest is filed by a non-owner and Mr. Smith, successful bidder at sale, is now in the Army.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that in view of the circumstances, the protest be denied and sale consummated to highest bidder at sale.

---

Request was presented from City of St. Augustine that the Trustees reconsider action fixing a price of one-fourth of the 1932 assessed value as consideration for

Lots 24, 25, 26 and 27, Block E, Wildwood Park  
S/D—St. Johns County,

statement being made that the land is to be used for public park purposes.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees rescind former action and authorize conveyance of the lots under Chapter 21684 for consideration of \$5.00, conditioned that the land be used for public park purposes. Upon vote the motion was adopted.

---

Letter was presented from Florida East Coast Railway Company requesting that the Trustees authorize sale of a small parcel of land to North St. Lucie River Drainage District in order that the Railroad Company may acquire right of way for Fort Pierce Cut-off.

Application having been received from North St. Lucie River Drainage District to purchase

Lot 60, Block B, Maravilla Heights S/D, Section  
28, Township 35 South, Range 40 East, St. Lucie  
County,

and offer made of one-fourth the 1932 assessed value, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize deed under Chapter 21684, Acts of 1943, conveying the lot to the District, upon payment of \$5.00. Upon vote the motion was adopted.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees approve the following report submitted by the Special Case Committee and adopt recommendations made as the action of the Trustees:

Re: Report on Murphy sales  
in Special Cases.

Gentlemen:

Your Committee undersigned, having examined the list of properties submitted to it by the

Secretary-Engineer of your board, representing Murphy land sales for prices considered insufficient, does hereby recommend the sale of said lands for the minimum base bid shown upon sheets numbering from 359 to 382, dealing separately on each sheet with each separate tract, the said sheets being made to accompany this report and enclosed herewith.

We also are filing a master sheet of these separate tracts, numbering from 359 to 382, and each item on the master sheet having its corresponding listing on one of the separate sheets first above referred to herein.

As stated, we recommend the authorization by the Trustees of the sale of the lands involved by separate tracts, for the minimum base bid shown on each sheet under the line of "Committee Recommendation."

Respectfully yours  
NATHAN MAYO  
Commissioner of Agriculture

J. EDWIN LARSON  
Treasurer

J. TOM WATSON  
Attorney General

M/h/s  
Encls.

Upon vote the motion was duly carried.

Application was presented from City of Apalachicola for conveyance of Murphy Act land to be used as a city cemetery. The City made an offer of \$93.75 for the tract, which is in excess of the 1932 assessed value.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees accept the offer from the City of Apalachicola for

Lots 7 to 16, Block B—Cottage Hill  
Lots 8 to 12, Block 203, Greater Apalachicola,  
Franklin County,

and authorize deed issued under Chapter 21684, Acts of 1943. Upon vote the motion was adopted.

Pursuant to action of the Budget Commission this date, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees approve salary increase of 16½% for Jentye Dedge under Chapter 610, and 10% increase in salaries of Ernest Hewitt, Helen Phillips, Mary Voss, J. R. Roberts, Vivian Dedicos, Mildred Scott and Jentye Dedge, under the Murphy Act. Motion duly adopted.

Upon motion duly adopted, the Trustees adjourned.

MILLARD F. CALDWELL,  
Governor—Chairman.

ATTEST: F. C. Elliot, Secretary.

Tallahassee, Florida,  
August 14, 1945.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. Edwin Larson, Treasurer.  
Nathan Mayo, Commissioner of Agriculture.

Sinclair Wells.

Mr. Julius F. Parker of Tallahassee, and Captain R. C. Whitener of Montbrook, Florida, offer \$7320.00 for the purchase of 7320 acres of land in Levy County, title to which vested in the Trustees through foreclosure proceedings under Chapter 14572, Acts of 1929. Mr. Parker presented a letter from the Board of County Commissioners of Levy County recommending sale at the price offered, and explained that an act of the 1945 Legislature provided for advertisement of the land at public sale.

Information was furnished that title to the land vested in the Trustees through foreclosure by the County under provisions of Chapter 14572, Acts of 1929.

Discussion was had on the two Acts and the opinion was expressed that there was some doubt as to the constitutionality of the 1945 Act.

Governor Caldwell stated that he did not think the Trustees had a question before them at this time as there was no evidence that the laws had been complied with, but if the Board was satisfied that the laws had been complied with and Captain Whitener was willing to assume responsibility for title, he would raise no objection to approving the sale.

Mr. Mayo expressed the opinion that the land had not been advertised and submitted a letter to the land office in which the Clerk stated the land would be advertised for sale in October.

No action was taken on the application.

---

Mr. A. R. Richardson asked if the Trustees would be agreeable to an exchange of land with Brown Company in order to block up holdings of both the State and the Company. Sections 15, 23, 25, 27 and 35 of Township 46 South, Range 38 East, Palm Beach County, owned by the State, were requested in exchange for certain sections owned by Brown Company.

Upon discussion of the subject, the Trustees indicated they would be favorable to the proposal if satisfactory exchange could be worked out and requested that Mr. Richardson have his client make the proposal in writing accompanied by two colored maps, one showing ownership of the State and one showing Brown Company's holding, with the sections desired to be exchanged. It was so agreed.

---

Application was presented from Dewey D. Allen, Inglis, Florida, offering \$300.00 for timber on the following described land:

NW $\frac{1}{4}$  of Section 14 and Lots 1, 2, 4, 5, 10, 11 and 12 of Section 36, all in Township 16 South, Range 15 East, containing 611.95 acres in Levy County.

The Land Clerk presented report from the Land Appraiser giving the value of the timber in Section 14 as \$200.00 and on the land as \$400.00, and in Section 36 as \$160.00 for the timber and \$3.00 an acre for the land.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer of \$300.00 and make counter proposal to accept \$400.00 for the timber allowing two years for removal. Upon vote the motion was adopted.

The Trustees deferred action pending appraisal on land applied for by G. L. Miller of Miami, Florida, said land and offers being as follows:

\$3.00 an acre for Section 35, Township 48 South, Range 30 East—640 acres, and

\$3.00 an acre for the N $\frac{1}{2}$  and SW $\frac{1}{4}$  of Section 23, Township 47 South, Range 30 East—480 acres, all in Collier County.

---

Mr. J. L. McCord, on behalf of Miami Shipbuilding Corporation, presented request that the Trustees consummate modification of Oil Lease No. 340, dated October 27, 1943, in favor of Florida Oil and Refining Company and later assigned to Miami Shipbuilding Corporation. It was explained that action was taken by the Trustees February 18, 1944, authorizing exchange of certain lands within the leased area for other State lands not included in the lease all as set forth in letter from the Corporation February 18, 1944; that the agreement had not been concluded on account of the Blanchard litigation, but the exchange of lands had been worked out and the Company would like to have necessary instruments executed as soon as possible.

The Minutes of February 18, 1944, were read and discussed, whereupon motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees follow the agreement as set forth in the minutes of February 18, 1944, and refer the matter to the Attorney General for preparation of the necessary exchange papers. Upon vote the motion was adopted and so ordered.

Mr. Elliot presented the following list of bids received for lands under Chapter 18296 and reported that they were regular in all respects, had been properly checked, and were submitted for consideration:

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees accept bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however to any protest filed under the rules. Upon vote the motion was adopted.

---

Application was presented from the State Road Department for right of way across Murphy Act land in Marion County for use in connection with State Road No. 2.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize easement in favor of the State Road Department through land

In Sections 8, 9, 16 and 33, Township 12 South,  
Range 21 East, and

In Sections 3, 10 and 15, Township 13 South,  
Range 21 East,

to be used for purposes of State Road No. 2—Project 3603-104—SRD. No. 156. Upon vote the motion was adopted and so ordered.

---

Mr. Larson called attention to Clay County case which was presented to the Trustees at the meeting July 31st and action taken authorizing the Clerk to waive notice to former owner—applicant to purchase, L. M. Hankins, being former owner of the property—but

requiring that separate bids be allowed if anyone desired to make such bid.

The Clerk now requests that the Trustees reconsider action on the last point and allow sale of the tract as a whole.

The Trustees were of the opinion that separate bids should not be shut out as the law requires the highest and best bid.

Governor Caldwell suggested that the Clerk be notified to receive bids on the whole tract, then announce that bids would be received on separate parcels, after which the remainder of the tract would be offered for sale. After all bids are in, ascertain whether bid on the whole tract is greater than bids on the separate tracts plus bid on the remaining parcels, and report the higher bid to the Trustees.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the suggestion of the Governor be adopted as the action of the Board. Upon vote the motion was adopted and so ordered.

Upon motion duly adopted, the Trustees adjourned.

Mr. Fred J. Stewart, Port Engineer for Broward County Port Authority, presented written application for deeds and easements to certain areas for the purpose of maintaining and rebuilding structures which are in existence. Attention was called to action taken by the Trustees March 27th and October 3rd, 1944, authorizing sale of lands in Township 50 South, Range 42 East, New River Sound, Broward County, to Beatty, Horton and Stadler, clients of J. A. Fitzsimmons, and to the Port Authority; also tentative agreement that there would be no objection to the Trustees granting an easement to a maintenance strip along the outside of the north and south jetties. Mr. Stewart further stated that application was made to the Trustees January 23, 1945, for deeds and easements which would properly protect the public interests which own and operate Port Everglades; that if existing conditions would not permit granting deeds to the property that perpetual easements be authorized, and later when conditions permitted that deeds be then issued.

Upon inquiry, Mr. Elliot explained that the position taken by Mr. Fitzsimmons was that Government Lot 6 having been eroded any accretion would belong to his clients who own adjoining land; that they would have no objection to easements being granted the Port Authority for maintenance strips but preferred that

title not pass until the Courts had decided the questions raised by his clients.

The Trustees having recently requested the Attorney General to take up with Mr. Fitzsimmons and Mr. Robert Angas the questions being litigated in connection with New River Sound areas, and then present the case to the Board, it was decided that no action be taken on application from Broward County Port Authority at this time but that a date be arranged when all parties may be present and the Attorney General prepared to make his report. It was so agreed.

Mr. Watson recorded as being present.

---

Mr. David S. Picton, representing J. P. Scranton, requested that the Trustees agree to assignment of Oil Leases No. 228 and 344 of all the rights and interest of J. P. Scranton to the Gulf Oil Corporation. It was explained that under the terms of the contracts Lessee would have to get the approval of the Trustees before assignment could be made to another party and that the company to which the leases would be assigned would assume all the requirements under the leases.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees agree to assignment of Leases 228 and 344 from J. P. Scranton to Gulf Oil Company. Upon vote the motion was adopted.

---

Mr. Lawrence Truett and Mr. Basil Lucas, representing M. L. Benedum and O. D. Robinson, requested that the Trustees execute oil, gas and mineral lease in favor of their clients pursuant to resolution of April 18, 1944, agreeing to lease certain lands owned by the State in fee, Murphy Act lands and the reserved oil interest in Dade County lands heretofore sold by the State, said lands being classed as "A," "B" and "C."

Mr. Truett explained that following adoption of the resolution the preparation of the lease was referred to the Attorney General who favored entering into a working agreement rather than a lease; that under the provisions of the resolutions a well was to have been commenced eleven months from April 18, 1944; that in the meantime an extension of six months was granted applicants, but said extension will expire the 18th of

September 1945, and it is urgent that contracts be signed so that work can be started. Mr. Truett also informed the Board that his clients would pay full rental from April 18, 1944, but desired the leases dated October 18, 1944, in order that they have till March of 1946 to carry out the drilling obligations.

Mr. Leitner, Assistant Attorney General, explained the different classes of land covered by the contracts—Murphy Act land, fee simple land and reserved oil interest in land sold by the State prior to October 18, 1944—comprising a total of 48,197.03 acres in all.

Mr. Watson explained that his recommendation was that an operational contract be entered into which gives five years within which to drill on the land under contract; that he wanted the Trustees to understand that the contract in question involves 48,000 acres and runs for five years with rental at fifteen cents (15¢) an acre.

Mr. Truett brought out that the original application contemplated only one lease but the Attorney General was of the opinion that there should be two leases, one covering land and another for the reserved interest in land already sold; that his clients were agreeable to that but it meant the drilling of two wells within five years rather than one.

Attorney General Watson stated that lease of the Murphy Act land was agreed to by him, notwithstanding his heretofore expressed opinion—that the State does not have authority to lease these lands—because the lessee assumes full liability for this possible lack of authority. Mr. Truett replied that his clients assumed full responsibility.

Motion was made by Mr. Larson that the Trustees grant request of Mr. Truett's clients and authorize lease and agreement to be dated October 18, 1944. Motion seconded by Mr. Mayo and upon vote adopted.

---

Mr. H. P. Adair, Attorney of Jacksonville, Florida, came before the Trustees on behalf of clients, Estate of James Deering, and reviewed the history of sale involving 9 shoals in Biscayne Bay sold to his clients in 1942; also purchase of area from which to take fill material. He informed the Board that he understood Mr. Thomas H. Horobin had applied for an area running from Key Biscayne down to Sands Key and that

the Trustees had agreed to advertise it for sale; that one of the proposed islands conflicts with land purchased by the Deering Estate, and he would like to be heard when Mr. Horobin comes before the Board on this matter. Mr. Adair also asked that the Trustees look into the matter of a fishing camp lease granted B. E. Johnson, which also involves an area purchased by his clients.

Mr. Wells stated that a lease had been authorized in favor of Mr. Johnson but the executed instrument had not been delivered.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the lease in favor of Mr. Johnson be held in abeyance until it could be determined whether or not the land had been sold to clients of Mr. Adair. Upon vote the motion was adopted.

Mr. Larson also asked that suggested resolution presented by him be called up for consideration as it affected Biscayne Bay lands under the jurisdiction of the Trustees. No action taken.

Mr. Adair stated that he was informed that another lease had been applied for covering land of his clients but did not know whether or not it had been granted, to which Mr. Wells replied that application had been received from Jack Latham and if the land had been sold he would be notified that the Trustees did not have title.

Mr. Adair was assured that he would be notified of the date when Mr. Horobin would be present and that he would be given an opportunity to be heard at the same time.

Mr. Watson submitted written report on investigation of the cutting of a canal from Lake Jackson, in Osceola County, to Lake Kissimmee, a distance of about three or four miles. Report was in substance as follows:

Personal examination of the condition was made by Mr. Lamar Warren, Assistant Attorney General, in company with two conservation officers of the Game and Fresh Water Fish Commission, August 10th. The canal was cut by Mr. W. C. Mann, who owns approximately all the

land around Lake Jackson, and is probably the third largest cattle owner in that country. Canal is about 20 feet wide and when first completed was 6 to 8 feet deep but is now 5 to 6 feet deep. Excavation of the canal was started in 1944 from Lake Kissimmee and was dug to within a few hundred yards of Lake Jackson where it was halted for sometime. Later it was finished almost over night and the water started through at considerable rate. The canal has lowered the level of Lake Kissimmee at least three feet and when the present rainy season is over it will probably be lowered from 2 to 2½ feet more. Elevation of Lake Jackson is higher than Lake Kissimmee and the shore of each lake covers a considerable area, owing to the flat nature of the country. The Conservation officers are of the opinion that "sport fishing" has been considerably damaged by lowering of the water in Lake Jackson, and while they have had no complaint about damage to commercial fishing they do not see why it should have escaped damage. In conference with Mr. Ellis F. Davis, one of the parties protesting, he felt that a practice of this kind should not be allowed, not only from the standpoint of fishing but on account of the promiscuous drainage from other bodies of water.

Mr. Watson advised that either the Trustees or the Game and Fresh Water Fish Commission may proceed to bring action against Mr. Mann, criminally and civilly, for cutting the canal into the lakes and lowering the water level.

Discussion was had as to the best method of handling the case and Mr. Mayo suggested that first, Mr. Mann be contacted and advised of violation of the law by him and of the protests filed in connection with cutting the canal; that he felt sure Mr. Mann would see that the condition was remedied if called to his attention.

Motion was made by Mr. Watson that the matter be referred to Mr. Mayo for taking up with Mr. Mann with a view to having the canal closed and restoring the level of Lake Jackson. Motion seconded by Mr. Larson and upon vote adopted.

Mr. G. E. Ferguson, District Engineer for the U. S. Geological Survey, again requested consideration of participation by the Trustees in the proposed cooperative program of hydrologic surveys of important lake basins in this State. This subject was presented at a previous meeting and referred to Mr. Elliot and Mr. Ferguson to work out a proposal to be submitted to the Board.

Mr. Ferguson explained the program proposed and the participation expected from local sources, such as conservation areas, county boards; that if the State would agree to put up one-fourth and local sources one-fourth the Federal Government would make available the other half.

Mr. Elliot recommended that the Trustees allocate up to \$5000.00 for one year, provided local interests would put up a like amount and the Government match State and local funds, and that a contract be worked out along those lines.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees agree to make available \$5000.00 for a period of one year, ending June 30, 1946, for hydrological studies in Florida, the condition upon which such amount will be made available being that it will be matched by local interests and the sum of both will be matched by the Federal Government; that the amount to be made available by the State shall be subject to the working out of an agreement to be executed between the Trustees and the United States Geological Survey. Upon vote the motion was adopted.

ATTEST: F. C. Elliot, Secretary  
Trustees I. I. Fund.

On September 4th a quorum of the Trustees was not present, but the sale was called out in the board room and Mr. J. V. Keen protested the sale for R. C. Houser on behalf of Flora G. Simpson Estate on the ground that applicant to purchase (Estate) was not the upland owner. Disposition was deferred until this date.

Mr. Keen was present and explained to the Board that his client had entered into negotiations for sale of the adjoining property to Mr. Potts but the sale had to go through the office of County Judge and is now pending before that officer. He requests that the Trustees do not make sale of the parcel of submerged land, adjoining property of his client, until action has been taken by the Court.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the sale be deferred pending determination by the Court of the proposed sale of the upland property. Upon vote the motion was adopted, Mr. Watson voting No.

Mr. Evans Crary requested that the Trustees give consideration to certain changes requested by Sperti, Inc., in proposed lease providing for the taking of seaweed from which agar agar is produced. Statement was made that the company has spent approximately \$90,000.00 in Florida in starting this enterprise, \$50,000.00 of which is in the plant.

Mr. Lamar Warren, Assistant Attorney General, presented memorandum of the requested changes with recommendations of the Attorney General. The changes were considered separately and the following action taken thereon:

1. Typographical error, which was corrected without objection.
2. Lease provides for period of ten years. Lessee desires option to renew lease for additional ten years upon terms agreeable to the Board. Motion made by Mr. Mayo, seconded by Mr. Larson, that the Trustees agree to renewal of the lease for an additional period of ten years, subject to agreement by the Trustees as to amount of rent to be paid for the lease. Upon vote the motion was adopted.

3. Definition of the term "Dry Ton." Motion was made by Mr. Mayo, seconded by Mr. Larson, that a "Dry Ton" shall be defined as seaweed containing ten per cent (10%) of moisture and shall be determined by the gross weight adjusted to the agreed percentage of moisture according to methods of analysis, A.C.A.C. Fifth Edition 1940, Section 28, 60, or corresponding sections of subsequent editions of these methods of analysis. Upon vote the motion was adopted and so ordered.

4. Request by the Company that the language in paragraph "1" of lease providing for payment upon abandonment of the lease, be changed to provide for payment of \$500.00 only.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the language in Paragraph "1" of the lease be changed to provide that in the event of abandonment of lease for reasons beyond control of the company that lessee shall be liable for only one additional payment of \$500.00 as liquidated damages. Upon vote the motion was adopted.

5. Under paragraph "2" of the lease, the company desires addition of certain words to clarify the meaning. Assurance being given that there would be no additional rights granted, motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize Paragraph "2" changed to read, "Lessee agrees that all seaweed collected under the terms of this lease, after harvesting, shall be delivered to a place of business maintained by Lessee and there weighed, after having been dried," etc. Upon vote the motion was adopted and so ordered.

6. The Company requests that the language in the lease, "harvested by cutting" be changed, for the reason that the seaweed is a floating plant and has no roots on the ground.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the seaweed be gathered in such manner as not to interfere with or affect

any Marine life within the area covered by the lease, the findings of the Conservation Department to be conclusive, subject however to review by the Courts. Upon vote the motion was adopted.

7. The Company requests that the four-foot limitation for taking seaweed be eliminated. Motion was made by Mr. Mayo, seconded by Mr. Larson, that the four-foot limitation be eliminated and the lease provide that the seaweed shall be harvested in such manner as will not interfere with other marine life or its natural reproduction. Upon vote the motion was adopted.
8. The Company desires the 10-day grace period in the event of default of payment. Motion was made by Mr. Larson, seconded by Mr. Watson, that the request be granted. Upon vote the motion was adopted.
9. Lessee desires a reasonable time within which to comply with rules and regulations of the State Board of Conservation. Upon discussion of this point, motion was made by Mr. Mayo, seconded by Mr. Larson, that the company be allowed a reasonable time not to exceed thirty (30) days for complying with requirements of the Conservation Department. Upon vote the motion was adopted.

The Attorney General was authorized to make the changes agreed upon for submission to Mr. Crary's clients—Sperti, Inc.

Application was presented from Mrs. W. H. Powell for five-year lease on an area approximately 300 feet fronting the highway and 180 feet deep, lying between Indian Key Bridge and Lignumvitae Channel, in Township 64 South, Range 36 East, Monroe County. An amount of \$50.00 annually was offered for the lease.

Motion was made by Mr. Mayo, seconded by the Governor, that the Trustees authorize five-year lease in favor of Mrs. Powell at a yearly rental of \$50.00, the lease to carry a clause to the effect that lessee recognizes the title of the Trustees to the land described. Upon vote the motion was adopted, Mr. Lee voting No.

---

Offer of \$50.00 an acre was presented from E. D. Tessier for

Submerged land adjacent to and on the West side of Mud Key, approximating 5 to 6 acres, and the submerged land adjacent to and North of Mud Key, approximating 15 to 18 acres, Pinellas County.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees decline to sell the land at the price offered, but agree to advertise the two parcels for sale provided applicant will agree to bid \$75.00 an acre. Upon vote the motion was adopted and so ordered.

---

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the following applications be denied:

Julius F. Parker, on behalf of Alberto Esteves, offered \$12.50 an acre for Sections 13 and 24,

Township 47 South, Range 38 East, Palm Beach County; and

Johnson & Johnson, on behalf of Wm. F. Dethlefs, offers \$6.00 an acre for approximately 120 acres in the NW $\frac{1}{4}$  of Section 29, Township 45 South, Range 43 East, Palm Beach County.

Upon vote the motion was adopted and the offers declined.

---

Request was presented from Sea-Bay Corporation of Miami, Florida, for quitclaim deed for the purpose of effecting a closure in description of a parcel of sovereignty land in Section 9, Township 53 South, Range 42 East, Dade County. Information was furnished that the land was involved in deed from Placer Development Company to Trustees of the Internal Improvement Fund dated March 18, 1940; that description had been checked by Mr. F. C. Elliot, Engineer, and approved for deed.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that quitclaim deed be issued to Sea-Bay Corporation for the purpose of correcting description in original deed. Upon vote the motion was adopted.

---

Mr. Wells reported that pursuant to action of the Trustees June 5, 1945, on offer of \$2400.00 from Colonel V. B. Dixon for land in Section 1, Township 39 South, Range 19 East, Sarasota County, the Attorney General rendered an opinion that

“title to the spoil area remains vested in the Trustees and that riparian rights on the east no longer continue that would enable the lot owners, under Section 253.13, to object to the sale of these lands by the Trustees.”

The land having been properly advertised—see notice recorded in June 5th minutes—and opinion received from the Attorney General, motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees approve sale in favor of Colonel Dixon for the land advertised at the price offered. Upon vote the motion was adopted.

---

Application was presented from John D. Bischoff of Jacksonville, Florida, representing Arlington Cor-

poration, for release of all reservations in Deed No. 16812 dated September 18, 1919, issued to W. E. Motes, conveying Lots 2, 3 and 4 in Section 18, Township 24 South, Range 28 East, Duval County.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees agree to release canal reservations contained in Deed No. 16812 for a nominal consideration, but decline to release oil and mineral rights. Upon vote the motion was adopted.

---

Mr. Wells reported that the Attorney General's office had completed foreclosure proceedings in connection with Mortgage No. 17389 covering Lots 3 and 4, Tier 17, Newman's Survey, Township 50 South, Range 41 East, Broward County; that while the title to the land was in the name of the individual, taxes became delinquent and tax certificates issued; that it will be necessary for the Trustees to redeem the land from said certificates held by individuals in an amount of \$267.80.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees authorize payment of amounts necessary to take up the individual certificates. Upon vote the motion was adopted.

---

Letter was presented from John C. Gramling, on behalf of Dr. Fuad Hanna, agreeing to pay at the rate of \$1000.00 an acre for a small parcel of sovereignty land between his upland property and the channel in Biscayne Bay, Dade County, the Trustees having on July 31st declined to convey at a price of \$250.00 for the 0.42 of an acre.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees advertise the parcel for objections only, based on offer of \$1000.00 an acre. Upon vote the motion was adopted.

---

Request was presented from Harvey W. Seeds Post of the American Legion that the Trustees eliminate all reservations from Deed No. 18259 dated November 14, 1934, conveying a parcel of land in Biscayne Bay, Dade County, for purposes of the Post exclusively. Mr. Wells furnished information that a special Act had been passed by the Legislature—Chapter 23125—authorizing the Trustees to convey the land without restrictions,

reservations or reversion provisions and that the American Legion Post had agreed that it would be satisfactory for the Trustees to insert a clause in the deed that in the event the land was ever sold Harvey W. Seeds Post would pay to the Trustees \$1,000.00 an acre therefor.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees execute deed in favor of Harvey W. Seeds Post for the land described in Deed No. 18259, eliminating all restrictions, and reservations, except the clause providing for payment of \$1,000.00 an acre in event of sale. Upon vote the motion was adopted.

---

Pursuant to action heretofore taken by the Trustees, offer of \$3000.00 was presented from Mrs. Allen Kissam for purchase of three parcels of reclaimed land in Orange County, located on Lake Conway, designated as Tracts "A," "B" and "C," comprising 16.46 acres.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees advertise the land for objections only. Upon vote the motion was adopted and so ordered.

---

Application was presented from Bussey, Mann and Simmons, on behalf of clients who are adjacent owners, offering \$1000.00 for purchase of land in Clearwater Harbor, Pinellas County, in order to clear up disputed ownership of certain land in Township 29 South, Range 15 East. It was explained that applicants claim title to Government Lot 1 of Section 18, and Government Lots 1 and 2 of Section 19, in said township and range, and they contend that Lot 1 of Section 18 has either eroded or that the action of the elements has moved this lot into Sections 17 and 20. Official plat in the Land Office does not show any area of land in Sections 17 and 20 at the time the plat was made, but does show Government Lot 1 in Section 18.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that in view of the existing conditions the Trustees agree to advertise the land for objections only provided applicant will agree to pay \$1500 for the land in Sections 17 and 20, Township 29 South, Range 15 East, containing 49.45 acres in Pinellas County. Upon vote the motion was adopted.

Application was presented from Samuel A. Patrick for lease or working agreement covering the reserved interest of the Trustees in

400 acres of land in Township 2 North, Range 7 West, Liberty County.

Title to the land is vested in Dr. C. K. Wall who has leased his one-half interest to Mr. Patrick at an annual rental of \$200.00 for a period of ten years. He offers the same amount to the Trustees for a ten-year lease of the State's interest.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees authorize a ten-year lease or working agreement in favor of Mr. Patrick, covering the retained interest of the State in the oil and minerals in the land described, upon payment of \$200.00 annually. Upon vote the motion was adopted.

---

Mr. Wells reported that under date of May 1, 1945, the Trustees authorized fishing camp lease in favor of B. E. Johnson involving one-half acre near Marker No. 414, Biscayne Bay in Section 17, Township 55 South, Range 42 East, Dade County, for which he paid \$25.00 in advance for one year on a five-year lease; that since this action was taken question has arisen as to whether or not this submerged parcel is now owned by the State.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that lease in favor of Mr. Johnson be cancelled. Upon vote the motion was adopted.

---

The Trustees deferred action, pending additional information, on application from C. D. Outz and Fred Ladd of Newport, for lease of Long Bar extending from a point near Old St. Marks Light House Dock to the channel near No. 6 Buoy, Wakulla County.

---

Letter was presented from Attorney General Watson reporting on foreclosure of Hunt & Sumner Mortgage No. 17460—Trustees et al v. Sumner, Chancery No. 23,682. Information was furnished that while title was in the name of Mr. Sumner, taxes became delinquent, tax certificates were issued and a tax deed secured in 1935; that the purchasers of tax deed and Mr. Sumner make claim to an interest in the property and

at a meeting with the Trustees in April of this year an attempt was made to compromise the demands, but this was not effectuated. The tax deed purchaser has brought bill for declaratory decree against the Trustees, representing absolute and indefeasible title to land covered by said tax deed. The Attorney General contends that the Trustees may pursue their former practice of redeeming any such tax deed upon reinstatement of title in the Trustees and advises that his office is prepared to defend title of the land involved.

The Trustees approved the position taken by the Attorney General and his suggestion to defend title of the State in the land. It was so ordered.

---

Pursuant to action of the Trustees July 11, 1945, letter was presented from Mr. Watson, giving his opinion on whether or not the exploration contract between the Trustees and Arnold Oil Explorations, Inc.—No. 224—was a binding obligation on the Board to give lease covering the area south of the south line of Pasco County. The opinion rendered was in substance that the Trustees are not required to give the said Arnold Oil Explorations, Inc. a lease over the property above described, being that area south of the south line of Pasco County.

The letter was ordered filed, and action on the subject deferred for the present.

---

Letter was presented from the Attorney General referring back to the Trustees deed issued in favor of the following parties, conveying land in Palm Beach County, title to which vested in the Trustees under provisions of Chapter 14572, Acts of 1929:

W. J. Robison,

Babe Mills,

Henry and Ruth DeLoach,

Brady F. Grimsley and Ella Grimsley.

Attention was called to the charge of \$5.00 per deed for release of the oil and mineral reservations. Mr. Watson suggested that if this charge was approved that the deeds be rewritten leaving out of the deed the oil and mineral reservations.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees reaffirm former action making the charge of \$5.00 per deed, but that said deeds be re-written omitting the reservation clause. Upon vote the motion was adopted.

---

Attorney General Watson recorded as being present.

---

Mr. Mayo advised that Mr. Willis G. Waldo, Vice-President of Florida Ramie Products, Inc. had been discussing with the Board of State Institutions the leasing of an area at the Belle Glade State Farm for production of ramie, but since the land was owned by the Trustees it would be necessary for the lease to be executed by that Board.

Mr. Waldo presented the following written application for lease of land in Palm Beach County:

Tallahassee, Florida,  
September 11, 1945.

Trustees of the Internal Improvement Fund  
State of Florida  
Tallahassee, Florida.

Gentlemen:

The undersigned, Florida Ramie Products, Inc., a Florida corporation, is engaged in producing ramie fiber and the by-products thereof for commercial purposes.

The ramie plant has never been cultivated commercially in the Western Hemisphere. Its possibilities are so great that it should constitute an important staple crop in those portions of the South where climate and soil will permit its successful cultivation.

As growers of ramie and producers of its products, we feel that the more widely its properties and uses are known, the greater our future markets and the stronger the foundations of our business.

We are not prepared, however, to enter into a general program of agricultural and marketing research to cover the multitude of applications

which we already see for the utilization of this remarkable crop.

We have no desire to monopolize these commercial opportunities. We believe that the field is so broad and the opportunities are so great that no one concern should try to obtain them for its exclusive benefit.

We believe that it is of first importance that the public should understand how the use of ramie fiber in combination with cotton will add to the value of the yarn and multiply the opportunities for employing cotton in industry. The same applies to the other commercial fibers. For example, where ramie is combined with rayon, the product is neither rayon nor ramie but a new yarn combining the best features of both. This may also be said of wool, silk and worsted so that ramie becomes a valuable aid to the fibers of commerce rather than their competitor.

We believe that these facts and many others should be confirmed in detail by an independent agency of investigation and that the results should receive the widest publicity.

We, therefore, by this letter do set up a trust fund for the foregoing purposes to be held intact by you as Trustees until the State Legislature shall take appropriate action to authorize the administration of such funds.

In order that the Trustees may have a definite income for the aforesaid purposes we agree to make a monthly contribution into this fund, which shall be at the rate of Two and One-half Dollars (\$2.50) for each ton of ramie processed by us, raised on such land as we have leased or shall lease from time to time from you.

We wish to make it clear that said Trustees shall not be limited to ramie research in the use of these funds but may employ them for any other purpose which, in their judgment, will aid in establishing ramie as a commercial crop within the State of Florida, or for any other purposes

which in the judgment of said Trustees shall be legal and proper under the circumstances.

Trusting that this fund may bring valuable results to the ramie industry and promote the welfare of agriculture in the State of Florida, we are

Respectfully yours,

FLORIDA RAMIE PRODUCTS, INC.,  
a Florida Corporation

By /s/ Willis G. Waldo  
Vice-President.

WGW:lh

Upon discussion of the proposal motion was made by Mr. Mayo, seconded by Mr. Lee and duly adopted, that the following lease be executed in favor of Florida Ramie Products and the Trust arrangement be approved, with the understanding that at the next session of the Legislature provision will be asked for distribution of the money received:

TRUSTEES OF THE INTERNAL IMPROVEMENT  
FUND OF THE STATE OF FLORIDA

LEASE OF AGRICULTURAL LANDS

No. 424

KNOW ALL MEN BY THESE PRESENTS:

That the Trustees of the Internal Improvement Fund of the State of Florida, hereinafter known as the Lessors, for and in consideration of the sum of One Hundred (\$100.00) Dollars to them in hand paid by the Florida Ramie Products, Inc., a Florida Corporation, having its principal office at West Palm Beach, Florida, hereinafter referred to as the Lessee, have leased, and do by these presents lease, unto the said Florida Ramie Products, Inc., its successors and assigns, for a period of ten (10) years from September 11, 1945, for field or other crops, the following described lands, situate, lying and being in Palm Beach County, State of Florida:

In Section 19, T. 43 S., R. 37 E. the NW $\frac{1}{4}$  of the SW $\frac{1}{4}$  of said section containing about 40 acres more or less; also the SW $\frac{1}{4}$  of the SE $\frac{1}{4}$  of said section containing 40 acres more or less; also out

of Section 20 T. 43 S., R. 43 E: that part of the NW $\frac{1}{4}$  of said section lying east of the right of way of the Florida East Coast Railway Company, and containing about 150 acres more or less; also the N $\frac{1}{2}$  of the NE $\frac{1}{4}$  of said section containing about 80 acres more or less.

The said Lessee, its successors and assigns, shall have the full and free rights of ingress and egress to, from and upon said lands for a period of ten (10) years from September 11, 1945, for the purpose of utilizing said land for field and other crops only.

The said Lessee agrees to pay on or before the first day of January of each year, beginning January 1, 1946, the sum of Twenty-five (\$25.00) Dollars per acre, for the foregoing land, representing an annual rental on said lease.

The said Lessee, its successors and assigns, will not, without previous license in writing from the said Lessors, or their successors in office, assign, underlet or part with the possession or control of the said premises or any part thereof.

The Lessor reserves the right to harvest, within a period of three weeks from the date hereof, any crop now growing on said land, and grants to the Lessee the right to plow up any portion of such crop remaining after said harvesting period has expired.

The Lessors and their employees shall have free entrance at all reasonable times to view the state and condition of said premises.

It is understood and agreed that the State has heretofore established water control on the leased lands by means of canals, ditches, levees and pumping plants and that such water control may be inadequate for the purposes of the Lessee. If this should be the case, then Lessee hereby agrees to extend and enlarge said water control or any part thereof as in its judgment shall be required for the successful growing of its crop without cost or obligation on the part of the Lessors, and the Lessee further agrees that such additional and supplementary water control which shall include all pumps and pumping plants as it shall place on the leased premises shall become the property of the Lessors at the end of the lease period, free and clear of any encumbrance or indebtedness.

IN WITNESS WHEREOF the said Trustees of the Internal Improvement Fund of the State of Florida have hereunto subscribed their names and affixed their seal and have caused the seal of the Department of Agriculture of the State of Florida to be hereunto affixed at the Capitol, in the City of Tallahassee, and the said Florida Ramie Products, Inc. has caused this instrument to be signed by their Vice President this 12th day of September, A. D. 1945.

Mr. Willis G. Waldo, on behalf of Florida Ramie Products, Inc., informed the Trustees that in connection with company's operations they had applied to the State Road Department for permission to remove approximately four thousand (4000) yards of rock from a pit used by the Road Department under permit from the Trustees; that it was agreeable with the said Department for the rock to be removed by his company subject to approval of the Trustees.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees authorize the State Road Department to allow Florida Ramie Products, Inc., to remove up to four thousand (4000) yards of rock from the Borrow Pit used by the Road Department under

permit from the Trustees dated May 20, 1945, located in the N $\frac{1}{2}$  of SE $\frac{1}{4}$  of Section 1, Township 44 South, Range 36 East, Palm Beach County. Upon vote the motion was adopted and the Secretary was instructed to so advise the State Road Department.

Mr. Watson excused from attendance.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however, to any protest filed under the rules. Upon vote the motion was adopted.

---

The Attorney General not being present, action was deferred on letter from him dated August 10, 1945, on the subject of leasing fifty per cent (50%) of the retained oil interest in Murphy Act land.

---

Request was presented for correction deed covering Dade County land, original deed having been issued in favor of a corporation which had been dissolved three years prior thereto. Members of the former corporation desire deed in their names.

The Attorney General's office having approved the correction, motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees execute Dade County Correction Deed No. 2304 in favor of John M. Powers, E. M. Young and Ralph J. Powers, upon payment of \$5.00. Upon vote the motion was adopted.

---

The Trustees on July 31, 1945, authorized conveyance under Chapter 21684 of 1943 of approximately 100 lots to the City of Leesburg, at a price of \$500.00. Deed was to contain a provision that the City would allow ninety (90) days within which former owners would have the privilege of regaining title to land. In order that the land may be placed on the tax rolls in time for next year's assessment, the City requested that the time limit be made sixty days.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the request of the City of Leesburg be granted

and the provision be changed from ninety to sixty days. Upon vote the motion was adopted and the change authorized.

---

Application was presented from the City of New Smyrna Beach, Florida, for purchase of approximately 35 lots located in Raulerson's Subdivision of Sheppard and Sanchez Grant; in Picket Grant and in Snider's Subdivision of Pickett Grant, Volusia County. The City offers \$177.50 for the lots, which is one-fourth of the 1932 assessed value.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees authorize conveyance of the land applied for, for the consideration of \$177.50, deed to be issued under Chapter 21684 of 1943. Upon vote the motion was adopted.

---

The following applications were presented for deeds under provisions of Chapter 20424, Acts of 1941, providing for conveyance of Murphy Act land to municipalities where proof of former ownership was established:

Bay County—City of Panama City applies for seven parcels, being lots in Blocks 1 and 3 in Ware's Plat of  $W\frac{1}{2}$  of  $SE\frac{1}{4}$  and  $SW\frac{1}{4}$  of Section 1, Township 4 South, Range 15 West, and in Block 3, Segler Plat of Section 5, Township 4 South, Range 14 West;

Orange County—Town of Apopka applies for 89 lots in Apopka Heights S/D, Plat Book K, Page 65.

Certificate was filed from each town showing proof of former ownership.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees authorize deeds under Chapter 20424 to the City of Panama City and to the Town of Apopka, upon payment of \$1.00 per parcel. Upon vote the motion was adopted.

---

Request was presented from M. C. Scofield, County Attorney for Citrus County, that the Trustees recommend cancellation of 1933 and 1934 certificates covering a parcel of land described as

7 acres East of Hard Road in SE $\frac{1}{4}$  of NW $\frac{1}{4}$  of Section 27, Township 19 South, Range 20 East,

acquired by the County May 12, 1919. The Attorney states that the land should not have been assessed subsequent to date of purchase, and asks that the Trustees decline offer submitted at sale of July 30, 1945—Report No. 54.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees decline offer for the parcel described, disclaim interest in the 1933 and 1934 certificates issued against the land and recommend to the Comptroller that said certificates be cancelled. Upon vote the motion was adopted.

---

Board of Public Instruction of Sumter County requested that bid of \$5.00 offered at regular sale July 30, 1945, be accepted. Explanation was made that the parcel described as

Begin 210 feet North of SW corner of Block 1, run East 132 feet, North 60 feet, West 132 feet to beginning, in Section 16, Township 21 South, Range 22 East,

was formerly owned by the County School Board and was inadvertently placed on the assessment roll and later sold to the State for non-payment of taxes.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees accept bid of the Sumter County School Board and authorize deed issued to the parcel described. Upon vote the motion was adopted.

---

Mr. Watson recorded as present.

Mr. J. Lewis Hall again presented request from his clients, Simonhoff and Simonhoff of Miami, Florida, for deed to Murphy Act land formerly owned by them, and which subject was referred to the Attorney General from a recent meeting of the Board.

Mr. Watson reported that he could not approve the proposal as submitted, which in substance was that in consideration of the Trustees accepting bid of the Simonhoff's and deeding the property, reserving oil and mineral rights, the grantee would ratify and confirm in the Trustees oil lease in favor of M. L. Benedum

and assign the proceeds thereof to the Trustees, except in the event oil should be discovered the Simonhoff's would receive its fifty per cent (50%) of all oil produced on the land during the term of the lease.

It was explained that the land was advertised jointly by the Trustees, under the Murphy Act, and by Everglades Drainage District, and on date of sale the District consummated the sale but the Trustees declined to sell for the reason that an oil lease had been given on the land and clients of Mr. Hall desire to secure the Murphy Act title.

After a full discussion of the subject, motion was made by Mr. Watson that the Trustees sell to clients of Mr. Hall fifty per cent (50%) of the oil rights in the land in exchange for deed from the Simonhoffs to the title received from the Everglades Drainage District, thereby vesting in the Trustees full title to the land and rental from the lease in favor of M. L. Benedum. Motion seconded by Mr. Mayo and upon vote adopted. Mr. Lee was recorded as not voting for the reason that he was not sufficiently advised on the subject to cast his vote.

Mr. Hall was favorable to such disposition of the matter and stated that he would submit it to his clients immediately and notify the Trustees of their decision.

---

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees deny request from J. A. Roberts of Tampa, Florida, for allowance of second protest to sale of

Lot 31, Days S/D of Block 26, Brush Addition to  
Gainesville, Alachua County,

information being that Mr. Roberts was present at both sales and had opportunity to protect himself at the sale. Upon vote the motion was adopted.

---

Request was presented from Pinellas County for cancellation of Certificate No. 18510 of 1932, the Clerk having certified that the land covered by the certificate had been purchased under the Murphy Act prior to June 9, 1939, and said certificate should have been delivered at that time.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees disclaim interest in Certifi-

cate No. 18510 of 1932, Pinellas County, and recommend to the Comptroller that the same be cancelled for the reason stated. Upon vote the motion was adopted.

Mr. Charles O. Andrews, Jr., of Orlando, Florida, representing Florida Humus Company, related to the Board the history of a parcel of land which his clients acquired through chain of title conveyed by the State December 15, 1892, by Deed No. 14757 to Apopka Canal Company under the swamp and overflowed Act. It was explained that original grantee from the State made an agreement to lower Lake Apopka and thereby create additional land; that the State did not have patent to the land but grantee took title on an acreage basis describing fractional sections, there being no established meander line according to the records. Patent was applied for covering the land but was never received by the State and the land was not classified as swamp and overflowed, however, in 1917 the Legislature passed an act giving authority for the Trustees to sell sovereignty land. Mr. Andrews requests that the Trustees now issue sovereignty deed to his clients conveying the land attempted to be conveyed in 1892.

After discussing the subject, it was agreed that no action be taken at this time and that Mr. Andrews confer with Mr. Elliot and present his request to the Trustees at a later meeting. It was so ordered.

Julius F. Parker, Special Attorney for Trustees, reported with reference to lawsuit designated as "Charles H. Crandon et al vs Millard F. Caldwell, as Governor of the State of Florida, et al," furnishing information that following action of the Trustees de-

clining to sell the land in Biscayne Bay to Thomas H. Horobin he had sent a copy of motion to dissolve the temporary injunction, together with copy of the Trustees' Minutes, to Attorneys Hudson and Cason and asked if they would consent to an order dismissing the complaint and dissolving the injunction. Attorneys for complainants were not willing to do that and asked that the Trustees adopt a resolution agreeing that they would not sell any lands in the future in Biscayne Bay. The City of Miami and Dade County would like to have the injunction made permanent.

Governor Caldwell expressed the opinion that the Trustees would not agree to adopting a resolution that would provide for no further sales in Biscayne Bay.

Mr. Parker stated that he believed he could get the injunction dissolved provided that when protests were made to sale of sovereignty lands the Trustees would reserve the right to withdraw such land from sale.

Mr. Larson brought up the question of considering a proposed resolution suggested by him at a recent meeting, and remarked that he thought if the Trustees did not cooperate with the City and County they would continually be having trouble; that he felt the Trustees should give the County Commissioners some assurance that Biscayne Bay areas would not be offered for sale in the immediate future.

Governor Caldwell remarked that the situation in Biscayne Bay was the same as other places around the coast of Florida and he did not think that the Trustees should foreclose itself of the right to dispose of land that could appropriately be sold; that the Trustees might adopt a policy, when sale of tidal land was pending, that the County Commissioners of the County involved be advised in writing of any application to purchase and give the Board the opportunity to register any protest; also if the land is within an incorporated municipality, that the City officials be notified and given opportunity to be heard.

Mr. Parker asked if it was the desire of the Trustees that he set down the motion for dissolving the injunction and let the Court decide the question.

After a discussion of the suggestions and views expressed, motion was made by Mr. Mayo, seconded

by Mr. Lee, that Mr. Parker be instructed to file motion to dismiss the temporary injunction. Upon vote the motion was adopted.

---

Mr. Willard G. Smith of Pahokee, Florida, on behalf of his sister, Mable Smith, submitted an offer of \$350.00 for purchase of

Lot 51-A and E $\frac{1}{2}$  of Lot 52-A,

Also the area lying between extension of East and West exterior lot line of Lots 51-A and 52-A, to the dike, containing approximately one-half acre in Section 18, Township 42 South, Range 37 East, Palm Beach County.

Miss Smith is upland owner of Lot 51 and E $\frac{1}{2}$  of Lot 52, Ridgeway Beach.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees advertise the land for sale, subject to objections only, based on offer from Miss Smith. Upon vote the motion was adopted.

---

Mr. Victor L. Barothy made application to purchase a parcel of land in Monroe County, approximately 350 feet by 350 feet over which he proposed to erect a dock for his fishing business.

The Trustees not having information as to the exact location of the property, it was decided to defer action on the application until an appraisal could be made and report received as to value of the property. It was so ordered.

---

Mr. Mayo reported that pursuant to action recently taken on the cutting of a canal between Lake Jackson and Lake Kissimmee in Osceola County, he had called on Mr. W. C. Mann who cut the canal between the two lakes and that he had assured him he was willing and would do anything to remedy the cause; that he had already contacted the County Engineer and asked that he make recommendations as to what would be necessary for him to do and would send such report to the Trustees as soon as received; that he and another party owned all land around Lake Jackson and between it and Lake Kissimmee and was ignorant of the fact that he was breaking the law by cutting the canal.

The report was accepted and Mr. Mayo was requested to follow up the matter.

Tallahassee, Florida,  
September 25, 1945.

The Trustees of the Internal Improvement Fund met on this date in the Office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. Edwin Larson, Treasurer.  
J. Tom Watson, Attorney General.  
Nathan Mayo, Commissioner of Agriculture.

Mr. H. P. Adair, on behalf of James Deering Estate, and Mr. Thomas H. Horobin were present in connec-

tion with action taken by the Trustees July 31, 1945, agreeing to advertise for objections only approximately 2500 acres of submerged lands and keys lying between Key Biscayne and Elliott Key, in Townships 55, 56 and 57 South, Ranges 41 and 42 East, Dade County. Application to purchase the tracts was made sometime ago accompanied by offer of \$100,000.00 from Mr. Horobin.

Mr. Adair presented map indicating the areas owned by his clients and requested that the Trustees not make sale to Mr. Horobin, or anyone else, as the parcels in question overlapped holdings of his clients; that other parties owning property in that vicinity were very much upset about the proposed sale and would strenuously oppose it; that they would all like to see the project abandoned and the land withdrawn from sale.

Mr. M. B. Garris, Engineer of Miami, who is familiar with the area in question, informed the Board that there were very few places where the water was shallow enough to allow sale by the State.

Mr. Horobin stated that he had asked that the advertisement be held up as he wanted to try and work out a purchase of holdings of the Deering Estate as well as the Hugh Matheson property; that he had eliminated from his application the area claimed by the Deering Estate; that the building of the road was the suggestion of Dade County and that he was only trying to acquire the land for the proposed highway; that if there were going to be opposition and protests filed to the sale, he did not care to bother with it.

Governor Caldwell suggested that it might be well for interested parties to adjust their differences and bring the subject up again before advertising.

Mr. Larson was of the opinion that with the feeling of opposition existing in Dade County, the Trustees should have absolute proof as to the depth of water covering the areas sought to be purchased before any advertisement was authorized. Whereupon, motion was made by Mr. Larson that the matter be indefinitely postponed. Seconded by Mr. Watson and adopted.

---

Mr. H. P. Adair, on behalf of James Deering Estate, requested that the Trustees execute correction deed

involving land in Biscayne Bay, Dade County, conveyed by Deed No. 16504 dated November 20, 1915 in favor of James Deering. The reason given was that original deed covering four (4) small islands containing 4.1 acres, was indefinite; that a survey has been made of the area and metes and bounds description furnished showing the area to be 3.85 acres.

Mr. Elliot having approved the description, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize execution of correction deed in favor of the Deering Estate. Upon vote the motion was adopted.

---

Mr. Doyle E. Carlton of Tampa, Florida, representing Humble Oil & Refining Company, requested that the Trustees execute lease and working agreement authorized April 11, 1945, involving 5 acres of Murphy Act land and the retained interest in oil rights of 3136.91 acres, Charlotte County, heretofore sold by the State, said parcels being designated as follows:

**Murphy Act Land:**

A strip of land lying between the right of way of the Atlantic Coast Line Railroad and State Road No. 5 (Tamiami Trail), containing 5 acres, more or less, lying in the S- $\frac{3}{4}$  of Section 28, Township 41 South, Range 23 East, Charlotte County;

Retained Oil Rights in land located in Township 41 South, Range 23 East; Township 42 South, Range 22 East, and Township 42 South, Range 23 East, containing 3136.91 acres in Charlotte County.

Mr. Carlton explained that the form of lease and working agreement were in conformity with similar instruments recently granted another oil company; that they provided for the drilling of a well within one year; that the Company already had a well down in excess of 10,000 feet located on a parcel within six miles of the five-acre parcel of Murphy Act land; that the lease and agreement were to run for a period of five (5) years from April 11, 1945, with payment of \$5.00 annually for lease on the Murphy Act land and

\$1,568.46 annually for the working agreement—rentals commencing April 11, 1945.

The Attorney General stated that he took the position that the State did not have the authority to make a lease or contract on the reserved oil interest; that the presumption is that the State has reserved the oil interest for a purpose, but that purpose does not contemplate a lease; that there is an implied authority for making a contract with an agency to go in and produce the oil but he does not consider a five-year contract as being an agency contract, it is the giving of a lease over the thing itself and the State has no authority to do that. Mr. Watson was of the opinion that a two-year period was sufficient.

Governor Caldwell stated that he did not agree with the Attorney General as to the authority of the Trustees to make a lease covering the reserved interest. His opinion was that if the Trustees had authority to sell or lease the land they had the same right over any thing on or under the surface.

Form of lease and agreement were discussed as to whether they were in conformity with similar instruments authorized in favor of J. P. Scranton and Mr. Watson remarked that he had asked Mr. Carlton to not bring the matter up till next Tuesday when he would have a report ready for the Board.

Mr. Carlton remarked that the matter had been pending since April and his company would like to have it closed out as soon as possible.

Motion was made by Mr. Larson that the lease and contract, copy of which was submitted, be now approved. Motion seconded by Mr. Mayo and adopted, Mr. Watson voting No.

The Governor asked if the originals were ready for execution, but upon being informed that they were in the Attorney General's office, Mr. Watson stated that they would be turned over to Mr. Carlton.

---

Mr. T. W. Conely, Jr., on behalf of J. R. Edwards, applied to purchase lands in the Eagle Bay section of Okeechobee County located between the 17-foot contour of Lake Okeechobee and the Government North Shore Levee right of way. Offer of \$17.50 an acre was made for land fronting Tracts 24 and 25 in Sections

8 and 17, Township 38 South, Range 35 East, owned by Mr. Edwards.

Motion was made by Mr. Mayo, seconded by Mr. Watson, to advertise the land for objections, based on offer from Mr. Edwards, and in the meantime have the Appraiser make report of its present value. Upon vote the motion was adopted.

---

Application was made by A. R. Richardson, representing Bona Allen, Jr., for purchase of the

NW $\frac{1}{4}$  of SE $\frac{1}{4}$  of Section 17, Township 1 South, Range 9 West, Calhoun County.

Offer of \$6.00 an acre was submitted for the land.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees advertise the land for competitive bids but not on the basis of \$6.00 an acre. Upon vote the motion was adopted.

Mr. Elliot being unable to make the examination, Attorney General Watson suggested that Mr. Herman Gunter, State Geologist, be requested to go down, make the necessary investigation, certify as to the location and report to the Trustees. The suggestion was agreed to by Mr. Lee, Mr. Larson and Mr. Mayo and became the action of the Trustees.

The Trustees and the Board of Commissioners of State Institutions went into joint session for the purpose of considering a program proposed by Florida

Ramie Products, Inc., in connection with the growing of ramie on the land covered by Trustees' Lease No. 424 dated September 12, 1945, in favor of Florida Ramie Products, Inc. The proposal provided for improvement and enlargement of the ditches and canals; providing suitable levees to hold back the water; preparation of the land for planting the crop and the repairs and improvements to be made to the dragline owned by the State Prison Farm which will be used in cultivating the crop.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees and the Board of Commissioners approve the new program for cultivation of ramie as indicated by letter dated September 29, 1945, from Mr. Willis G. Waldo, Vice President and Chief Engineer for Florida Ramie Products, Inc. Upon vote the motion was unanimously adopted.

Joint session concluded.

Mr. Elliot presented for approval Minutes of the Trustees dated July 10th, 11th, 17th, 24th, 31st, August 14th, 27th, September 11th and 17th, 1945.

Mr. William E. Thompson, on behalf of the City of Tampa made application for conveyance of certain sovereignty lands in Hillsborough County to be used for the City's water supply system in connection with which it is proposed to construct a dam for water conservation, flood control and water supply. Explanation was made of the proposed improvement and the necessity for acquiring the land from the State.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees authorize execution of quit-claim deed granting perpetual easement in favor of the City of Tampa of an area of sovereignty land along the Hillsborough River. Upon vote the motion was adopted.

Messrs. J. L. Gillson, Homer H. Ewing and M. H. Miller, representing E. I. duPont deNemours and Company, presented application for lease permitting dredging for ilmenite in the waters of Halifax River and such parts of its tributaries as are navigable; Ponce DeLeon Inlet and navigable tributaries; Hillsborough River and navigable tributaries; Mosquito Lagoon and navigable estuaries and tributaries; all tidal or navigable waterways lying between Mosquito Lagoon and Banana River; Banana River and Indian River and navigable tributaries thereof, excepting certain areas already under lease, and renewed their offer, submitted to the Board July 11, 1945, of fifteen cents (15¢) per ton for all ilmenite removed from the area. Mr. Ewing explained that if the material was available his company contemplated removing approximately 100,000 tons annually; that they would be willing to prospect to the extent of \$50,000.00 to ascertain if there will be sufficient ilmenite for them to erect a factory.

Governor Caldwell suggested that it might be well to take the subject up with the U. S. Bureau of Fisheries for ascertaining what effect the dredging would have on marine life; also to consult the Conservation Department as to whether there would be any damage to shell fish industry.

Removal of other mineral sands, such as zircon, rutile, etc., was also discussed.

Upon full discussion of the subject, motion was made by Mr. Watson that the matter be referred to the Conservation Department for report on the effect upon marine life of operations under the proposed lease and if the Trustees make a lease that the consideration shall be thirty cents (30¢) per ton, but not less than \$100.00 monthly payments, on ilmenite taken for the first five-year period; such lease to provide for a renewal period of an additional five years at a consideration to be based upon the then sale price of the material at not less than two per cent (2%) thereof. Thirty days to be given for receiving report from the Conservation Department. Motion seconded by Mr. Larson and upon vote adopted.

Motion was made by Mr. Larson, seconded by Mr. Lee, that action be deferred pending appraisal by the Field Agent.

Application was presented from F. E. Bayless, on behalf of D. C. Latimer and Clarence E. Brown, offering \$50.00 an acre for purchase of

Lot 2, Section 27,

Application was presented from James A. Ball, Jr., on behalf of E. T. Morris, offering \$100.00 an acre for approximately 17 acres of reclaimed lake bottom land in Township 43 South, Range 36 East, Palm Beach County, located adjacent to upland property of Mr. Morris in Lots 8 and 13, Section 13, Township 43 South, Range 36 East.

The Field Agent having placed a higher value on the land, motion was made by Mr. Larson, seconded

by Mr. Lee, that the offer from Mr. Morris be declined and a counter proposal made to accept \$2337.50 for the 17 acres. Upon vote the motion was adopted.

Mr. Elliot presented report of bids received October 1, 1945, by the Clerk of the Circuit Court of Levy County for all land in Levy County, title to which vested in the Trustees under provisions of Chapter 14572, Acts of 1929, and also pursuant to Chapter 23123, Acts of 1945. Information was furnished that the land, comprising 18,960 acres, was advertised for sale in the Levy County Journal on September 20th and 27th; that on date of sale bids totaling \$34,462.00 were received, or an average of \$1.82 an acre, and ten per cent of each bid was deposited with the Clerk pending action by the Trustees. Mr. Elliot also reported that approximately \$10,000.00 had been received for timber taken from this land by T. T. Scott under lease from the Trustees.

Memorandum was presented from the Attorney General to the effect that Mr. Otis Sistrunk had inquired whether or not the Trustees would consider his bid of \$2.50 an acre flat for all the land advertised and he had been informed that if he would make such bid to the Trustees, depositing ten per cent of the total, that such offer would be submitted to the Board for consideration.

Mr. D. P. McKenzie, Representative from Levy County, was present and stated that he was as anxious as anyone for the Trustees to receive as much as possible for the land and he would have no objection to delaying final action on the bids for one week, as had been suggested by one of the members, however, that he felt the sale was conducted in a proper manner and all parties concerned in Levy County were satisfied with the bids and anxious to have them accepted.

The question as to reservation of oil and mineral rights was discussed and the effect of Chapter 23123, Acts of 1945.

Comptroller Lee reviewed the history of Chapter 14572, Acts of 1929, as he was familiar with the reason for its passage, and his opinion was that it was not the intention of the Legislature that any reservations should be put in deeds, and for that reason he did not

think the Trustees should reserve the oil and mineral rights.

Governor Caldwell was inclined to think the State should be entitled to its pro rata share of the oil and mineral rights, and he did not believe the Special Act could deprive the State of such rights.

After full discussion of the subject, motion was made by Mr. Watson that when the Trustees made a deed to the land for which bids were received by the Clerk of Levy County on October 1, 1945, that deeds be made without oil and mineral reservations. Motion seconded by Mr. Lee and upon vote adopted.

Mr. Watson also made the motion that the Trustees defer action on the sale of the land for one week, allowing time for Mr. Sistrunk to file a bid if he so desires. Motion seconded by Mr. Larson and upon vote adopted.

It was understood that in the event a bid was received from Mr. Sistrunk in excess of the bids already filed, that another sale would be held allowing all parties opportunity to bid.

Mr. T. Franklin West, on behalf of M. W. Foley and himself, applied for five-year lease to permit mining diatomite and diatomaceous sand from creeks, basins and bayous connected with or emptying into Blackwater River, between its mouth and the point where Coldwater Creek empties into Blackwater River. All the property is below mean high tide, being sovereignty land in Santa Rosa County.

Applicant agrees to pay two per cent (2%) of gross revenue f.o.b. plant, royalty to be not less than \$25.00 monthly for first year; \$50.00 monthly for the second year; \$125.00 monthly for the third year and \$250.00 monthly for the remainder of the lease; that in event the lease is renewed the lessee shall pay two per cent (2%) of the gross revenue but not less than \$250.00 per month for the five-year renewal period. Other provisions are that no damage will be done private or public structure or property or public beaches; that payment for material will be made at the end of each month and not later than the 10th day of the succeeding month; Lessees will provide plant and equipment costing not less than \$15,000.00 located within the

State of Florida within one year from date of lease and \$1000.00 performance bond shall be deposited with Trustees.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees authorize five-year lease in favor of Mr. West and Mr. Foley on the terms as set forth and further conditions carried in similar leases, conditioned that a plant costing not less than \$15,000.00 shall be commenced within one year, and with option for renewal for another five years with monthly payments of not less than \$250.00 monthly. Upon vote the motion was adopted and lease authorized.

Mr. A. A. Poston, West Palm Beach, Florida, presented request from Mr. Norman C. Schmid, Engineer for the Town of Palm Beach and for the owners of Lots 5, 6 and 7 of Eden Villa, Palm Beach, for permit to dredge an area in Lake Worth and deposit the fill material on Lots 5, 6 and 7. The parcel to be dredged is described as follows:

A submerged area 310 feet wide extending from the East shore of Lake Worth westward to the channel of the Florida Intracoastal Waterway, a distance of approximately 2500 feet, and lying on both sides of the boundary extended westward between Sections 34 and 3 of Townships 42 and 43 South, respectively, Range 42 East, Palm Beach County.

Upon recommendation of Mr. Elliot, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize permit in favor of Gilbert G. Drake, M. L. Smythe and H. A. Bedford, for dredging and removing material from the parcel described upon payment of one cent (1¢) per cubic yard, or a total sum of \$300.00 for the thirty thousand yards, conditioned that the channel dredged shall be open to the full and free use of the public and that the usual War Department permit be secured. Upon vote the motion was adopted.

---

Mr. Mayo reported that he had received letter from Mr. W. C. Mann with reference to canal cut by him from Lake Jackson to Lake Kissimmee, in which he

stated that owing to the storm and flood waters the County Engineer has been unable to complete the survey and make recommendations but as soon as the waters recede report will be made to the Trustees.

Information was ordered filed pending further report from Mr. Mann.

---

Mr. Watson excused from further attendance.

---

Mr. Elliot reported that pursuant to action of the Trustees September 12, 1945, requesting that he handle the "Ramie Research Fund" to be set up in connection with Lease No. 424 executed in favor of Florida Ramie Products, Inc., he had taken the matter up with the State Treasurer's office and that they had worked out an arrangement for handling the account. The following resolution was submitted for carrying out the plan recommended:

#### RESOLUTION

BE IT RESOLVED by the Trustees of the Internal Improvement Fund of the State of Florida:

1. That the said Trustees having accepted the proposal of Florida Ramie Products, Inc., do hereby agree that they will set up, out of moneys contributed by said company together with other moneys contributed for the same purpose, a trust fund to be known as "Ramie Research Trust Fund," said fund to be available to Trustees for carrying on or encouraging such research, experimentation and development work with respect to ramie as in the judgment of the Trustees appears to be advisable within the limitation of the moneys available therefor.

2. That for the purpose of insuring the application of funds to the purpose referred to in (1) it is directed that said moneys, as and when received, be deposited with the State Treasurer to the credit of the Trustees of the Internal Improvement Fund in a fund or account designated "Ramie Research Trust Fund," and that moneys thereof shall be disbursed on warrant issued by the Comptroller against said fund on requisition from Trustees of the Internal Improvement Fund.

3. That the said "Ramie Research Trust Fund" shall continue as set forth in (1) and (2) until changed by resolution of the Trustees, or until provision shall be made by legislative act for administering such fund.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the resolution be adopted. Upon vote the motion was carried.

Dr. Herman Gunter, State Geologist, having been requested to report on the location and operations of J. P. Scranton's Well No. 1, State, submitted the following report:

Tallahassee, Florida,  
October 2, 1945.

Trustees of the Internal Improvement Fund  
Capitol Building  
Tallahassee, Florida

Re: Location and operations,  
J. P. Scranton's Well No. 1, State

Gentlemen:

In accordance with your request of September 27th through Mr. F. C. Elliot, Engineer and Secretary, that I make an examination of the premises and location of the above named well, covered by lease No. 373, dated October 1, 1944, I proceeded to Miami on the early plane September 28, 1945. Shortly after arrival in Miami I was met by Mr. James Glen, an associate of Mr. J. P. Scranton and Mr. David M. Picton, Jr. In company with Mr. Glen I drove to Key West, making a stop at the point where a road was being constructed from a junction with U. S. Highway No. 1 on the east Big Pine Key to the site of the well. On the morning of September 29th we returned to Big Pine Key and the following is my report:

#### LOCATION

The map herewith indicates the location of the well and the road to it now under construction from the U. S. Highway No. 1. The well location itself is in the waters of Coupon Bight, approximately 125 feet east and approximately 200 feet north of the fringe of mangroves. The exact location is as follows: 2310 feet east, and

1390 feet north, from the southwest corner of Section 2, Township 67 South, Range 29 East, Monroe County.

## OPERATIONS

Activities around the proposed well site indicate that work is progressing rapidly. At the junction with U. S. Highway No. 1 a bulldozer, dragline, trucks, and other road making equipment were actively digging rock and associated material for the road bed and necessary fill for the "Y" connection with U. S. No. 1. This rock fill was almost to grade on Saturday, September 29th. The portion almost to grade is indicated in red on the map. The road way clearing is complete from the well site to the highway junction and can without much difficulty be brought to grade. A low area, indicated approximately by dashed red lines, will have to be filled in same manner as that approaching the "Y" connection. This fill material will be taken from a rock pit along the road way.

The well location is off shore about 125 feet east and about 200 feet north of the mangrove fringe. The four forms for the derrick base and the form for the cellar under the derrick floor were in place. The four corner forms are 12 feet at base, 8½ feet at top, and 5 feet high, all with 6-inch wall. The cellar form is 5 by 5 by 5 feet, with 6-inch wall.

Upon completion the derrick will be on an artificial island 160 by 190 feet, with connecting road way to mainland. The fill for this road way on September 29th extended about 125 feet from the mainland, and at the rate the material was being placed should be completed promptly.

The contractor for this road construction, the foundation for derrick, the artificial island, and the erection of the 136-foot all steel derrick with 31-foot base, is J. Ray McDermott, New Orleans. The derrick will be moved on to the job by truck and two truck loads were en route somewhere between Pensacola and Florida City. In fact,

these trucks were expected at Florida City on Saturday.

The contractor for drilling the well is Lyle Cashion, Houston, Texas.

#### ACKNOWLEDGMENTS

As previously related, I was most courteously and cordially taken charge of in Miami by Mr. James Glen. At Key West and at the well location I had the pleasure of meeting Mr. B. W. Haywood, Zone Agent, and Mr. Murray Johnstone, Assistant Zone Agent of the Gulf Oil Corporation, under whose immediate supervision all the work at the well location comes. I also met Mr. O. H. Jones, Superintendent for J. Ray McDermott, Mr. Barnam, Licensed Engineer, Biscayne Engineer Company, Miami, and Mr. Wm. G. Blanchard. Every courtesy was shown me by the representatives of the interested companies. The facilities so freely provided made the inspection of the work under way most pleasant and satisfactory.

Very truly yours,  
/s/ HERMAN GUNTER

Dr. Gunter also furnished copy of certificate he had executed as to the location of the well being drilled under provisions of Lease Agreement No. 373 in favor of J. P. Scranton, dated October 31, 1944.

Motion was made by Mr. Mayo, seconded by Mr. Larson, to approve report and certificate furnished by Dr. Gunter. Upon vote motion was adopted and so ordered.

Resolution was presented from the Board of County Commissioners of Palm Beach County, recommending sale to Felix Newbold, former owner of Lots 1 and 2, Block 3, Inlet City, Palm Beach County, at a price less than amount of the decree filed in foreclosure of land under Chapter 14572, Acts of 1929. The resolution

provides for the County to receive less than its part under the decree but for the State to be paid its full equity.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees accept the offer submitted by Mr. Newbold as recommended by the County Commissioners plus \$5.00 per lot for release of the oil and mineral reservations, or a total of \$41.05. Upon vote the motion was adopted.

Consideration of letter from Attorney General, recommending employment of someone to handle oil matters for the Trustees, was deferred until a meeting at which Mr. Watson could be present.

Mr. Watson recorded as being present.

Mr. William E. Thompson, Assistant City Attorney for the City of Tampa, presented request for conveyance under Chapter 20424, Acts of 1941, of a number of parcels of land which have been used for years as parks, playgrounds and waterworks purposes and which came to the State under Chapter 18296. A list of the parcels was exhibited to the Trustees describing land used for public municipal purposes.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize conveyance to the City, under Chapter 20424, of all parcels of land in Hillsborough County, title to which was in the City at the time Section 9 of Chapter 18296 became operative, upon proper certification by the Clerk as to former

ownership; conveyance to be for public purposes. Upon vote the motion was adopted.

---

Attorney General Watson called attention to letter he had received from Mr. Tom Sale, Attorney of Panama City, with reference to sale by the Trustees held November 8, 1943, of the

SW $\frac{1}{4}$  of SE $\frac{1}{4}$  and SE $\frac{1}{4}$  of SE $\frac{1}{4}$  of Section 24,  
Township 1 South, Range 14 West, Bay County.

Mr. Sale states that his client, A. J. Gainer, is owner of the land, having paid taxes from 1932 to 1936, both inclusive, and was therefore entitled to have tax certificates cancelled under the Futch Acts. He states that he is going to bring suit to set aside Deeds 591 and 592 executed by the Trustees.

The matter was referred to Mr. Elliot for report at the next meeting.

---

Mr. Watson reported that Nassau County had included Murphy Act land owned by the State in delinquent tax proceedings under Chapter 22079 of 1943, without making the State party to the suit, and that final decree had been filed quieting and confirming title in Nassau County; that the only remedy the State has would be legal action in the nature of a Bill of Review, time for appealing having expired.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees authorize the Attorney General to take the necessary steps to protect the State's interest. Upon vote the motion was adopted.

---

Upon motion duly adopted, the Trustees adjourned.

BY ORDER of the Trustees of the Internal Improvement Fund of the State of Florida.

Millard F. Caldwell, Governor.

ATTEST: F. C. Elliot, Sec.

Trustees I. I. Fund.

The land was called out for bids and the only offer received was \$6.00 an acre from Mr. Allen.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the offer be accepted. Upon vote the motion was adopted.

---

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees have an appraisal before taking action on application from C. L. Anderson. Offer of \$10.00 an acre was submitted for Lot 1, Section 20, Township 1 South, Range 28 East, Duval County. Upon vote the motion was adopted and appraisal ordered.

---

Offer of \$75.00 was submitted from Herman Goodwin, Inc., on behalf of Arthur K. Gibbons, for purchase of 0.242 of an acre of land on Lake Conway, Orange County, adjacent to upland ownership of Mr. Gibbons.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees advertise the parcel for objections based on offer of \$75.00. Upon vote the motion was adopted.

---

Request was presented from John C. Blocker of St. Petersburg, Florida, on behalf of F. J. Q. Inc., for ap-

pointment to appear before the Board with reference to purchase of Pinellas County land.

On account of engagements already made by the membership of the Trustees during November and December, it was suggested that a date after the first of next year be arranged for Mr. Blocker to come up. It was so ordered.

Mr. Allen C. Grazier, representing St. Petersburg Port Authority, having requested an appointment for November 10th, the Secretary was requested to suggest that he also arrange for an appointment after the first of the year.

---

The Trustees having requested Mr. Wells to ascertain from Mr. Samuel Patrick the time within which he contemplated drilling for oil on land in which the Trustees agreed to lease their reserved interest, letter was read from Mr. Patrick in which he stated drilling would be done by Pan American on land owned by Dr. C. K. Wall of Thomasville, Georgia, as soon as drilling equipment could be obtained.

At the suggestion of the Governor, Mr. Wells was directed to advise Mr. Patrick that upon information as to the time element for drilling, further consideration will be given as to execution of the lease. It was so ordered.

---

Request was presented from J. C. B. Koonce that the State allow an exchange between Dade Memorial Park and an individual in order that the park property in Sumter County will have access to the highway.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees refer the matter to Mr. Baldwin to try and work out something to give the Park entrance to the highway. Upon vote the motion was adopted.

---

The Trustees had under discussion Chapter 22860, Acts of 1945, providing for homesteading State land by honorably discharged veterans of World War II. Information from the land office was that it was doubtful if there was any land of the character described in the

act and it was the opinion of the Trustees that any applicants be advised of the facts with the suggestion that they take the matter up with the County authorities and if any land could be located the Trustees would be glad to cooperate in any way possible.

---

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline to sell and withdraw from the market land located along Overseas Highway in Monroe County, applied for by Lt. J. R. Shields. Upon vote the motion was adopted.

It was agreed that applications for leases on this type land would be given consideration.

---

Offer of \$15.00 annually was submitted from Mrs. W. H. Powell for an additional 50 feet to be added to lease recently granted her covering an area along Overseas Highway, Monroe County, original lease being for a period of five years with rental at \$50.00 annually.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees grant request of Mrs. Powell and add the additional footage to her lease, it being understood that such lease conveys no property rights or priority for purchase of the property under lease. Upon vote the motion was adopted.

---

Action was deferred on application from Thos. H. Horobin for purchase of an area in Biscayne Bay, Dade County.

---

Mr. H. M. Forman came before the Board and requested that agreement entered into October 27, 1942, be consummated. It was explained that Mr. Forman offered the Trustees \$500.00 for Lots 3 and 4, Tier 17, Newman's Survey, Township 50 South, Range 41 East, Broward County, covered by Mortgage No. 17389. Mortgage and notes were taken from Greenlawn Realty Company in November 1925, for balance of purchase price but nothing further was paid and the mortgage was foreclosed. At the time the agreement was made in October 1942, no mention was made of the delinquent taxes against the property and Mr. Forman has bought up certificates, settled a judgment and paid off all tax

debts in a total amount of approximately \$600.00. One tax item of \$111.10 is still outstanding and Mr. Forman agrees to reimburse the Trustees such amount if they will pay it up. Mr. Forman also put up the sum of \$100.00 as expense of foreclosure.

Upon discussion of the proposal the Trustees were of the opinion that the 1942 agreement carried with it the obligation on the part of Mr. Forman to stand all costs of foreclosure which would include all outstanding indebtedness against the property.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the tax item of \$111.10 outstanding against the land be paid. Upon vote the motion was adopted.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees carry out the agreement made in October 1942 on the basis of \$500.00 plus cost of foreclosure and plus taxes paid by the Trustees. Upon vote the motion was adopted.

---

Attorney General Watson reported that he had ready for consideration of the Board form of contract and oil lease for handling oil contracts according to the 1945 laws, and stated that Mr. Sumter Leitner of his office was ready to explain any of the details; that he would like to have these or some other forms adopted as soon as possible.

It was suggested that each member be furnished with copy of the forms for study of the provisions and that action be taken at a later date. Mr. Watson agreed to furnish copies to each member.

---

Mr. Julius Parker reported that the case of Charles H. Crandon et al. v. Millard F. Caldwell, et al. had been terminated by entry of an order of the Circuit Court of Leon County, dismissing the suit of Mr. Crandon and dissolving the temporary injunction restraining the Trustees from selling certain Biscayne Bay property to Thomas H. Horobin. Mr. Parker explained that the Trustees did not win the law-suit as the order was given because the Trustees declined to accept the offer for the land.

Mr. Larson informed the Board that the Committee appointed to decide on the fee to be paid Mr. Parker

for handling this and other suits filed against the Trustee had not had opportunity to get together with Mr. Parker, but that they would do so immediately after the meeting and report their recommendations.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees approve the following expense account from Mr. Parker and request the Comptroller to issue warrant in payment therefor:

Julius Parker	
Attorney	
Tallahassee, Florida .....	\$147.09

---

Mr. Elliot presented application from J. W. Adkins of Moore Haven, Florida, for purchase of Block 2—Moore Haven, title to which came to the Trustees under the provisions of Chapter 14717, Acts of 1931—The Everglades Act. The Clerk of the Circuit Court advised that Mr. Adkins has paid taxes on property since 1940 and desires to know at what price the Trustees will sell the block.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees accept \$500.00 for the block applied for by Mr. Adkins. Upon vote the motion was adopted.

---

Mr. Elliot reported that pursuant to action of the Trustees warrant was being requested drawn in amount of \$23,000.00 in favor of Humble Oil and Refining Company as balance due on award of \$50,000.00 for discovery of the first oil well in Florida as provided under Chapter 20667, Acts of 1941; that there was a balance in said fund amounting to \$15,274.45 and he recommended that the Trustees authorize the State Treasurer to transfer the balance, after payment of the award, to the regular account of the Trustees.

Upon discussion of the subject, action was deferred until organization could be completed for handling the oil business under the Conservation Department.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however, to any protest filed under the rules. Upon vote the motion was adopted.

Mr. Elliot presented deed recommended by the Attorney General for conveying interest of the State under the Murphy Act to the Trustees covering

Lots 5 to 8 inclusive and 43 and 44, Block 9,  
Dixie Park Heights, Dade County.

It was explained that the Trustees took title to the land under the provisions of Chapter 14717, Acts of 1931—Everglades Act—and this method was considered proper by the Attorney General for merging the title of Murphy Act and the Trustees in one agency.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees approve execution of deed recommended by the Attorney General. Upon vote the motion was adopted.

---

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees authorize execution of Pinellas County Q.C. Deed No. 1807 in favor of Elizabeth J. Freese for the purpose of releasing state road right of way reservation contained in original deed, the State Road Department having recommended that the reservation be released. Upon vote the motion was adopted.

---

Motion was made by Mr. Larson, seconded by Mr. Mayo, that request from H. J. Gaus be granted and that the Trustees execute Dade County Deed No. 3423-COR. in his favor for the purpose of correcting the spelling of his name. Upon vote the motion was adopted and deed ordered issued.

---

Request was presented from the City of Titusville that the Trustees eliminate from deed authorized October 17, 1945, for conveying 476 lots at a price of \$2,000.00, the usual reservations or restrictions, and also that the City not be required to sell a particular lot to the former owner who is a negro for the reason that the entire block in which said lot is located is owned by white people and has been re-zoned as such.

Motion was made by Mr. Watson that in view of the fact that the application to purchase was made prior to the time the Trustees reserved oil and mineral rights in city lots, that such reservation be omitted from the deed, but that no change be made in action taken with reference to allowing purchase by any former owner. Motion seconded by Mr. Larson and upon vote adopted.

---

Application was presented from the City of Lakeland for deed under provisions of Chapter 20424, Acts

of 1941, for conveying the following described land formerly owned by the City:

$S\frac{1}{2}$  of  $SW\frac{1}{4}$  of  $SW\frac{1}{4}$ , East of RR, and  $S\frac{1}{2}$  of  $SE\frac{1}{4}$  of  $SW\frac{1}{4}$  and  $SW\frac{1}{4}$  of  $SW\frac{1}{4}$  of  $SE\frac{1}{4}$ ; and  $N\frac{1}{2}$  of  $S\frac{1}{2}$  of  $SW\frac{1}{4}$ , East of RR, and  $SW\frac{1}{4}$  of  $SE\frac{1}{4}$  Less  $SW\frac{1}{4}$ , all in Section 2, Township 29 South, Range 24 East, Polk County.

Offer of \$5.00 was made for the land.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the Trustees authorize deed in favor of the City of Lakeland for conveying the parcels described. Upon vote the motion was adopted.

---

Letter was presented from Shell Oil Company asking if the Trustees would consider leasing for oil exploration Murphy Act land in Walton County which was taken off the market in January 1943 pending the outcome of a well being drilled near DeFuniak Springs. Representative of the Company desires to discuss terms and conditions if the Trustees are inclined to lease the land.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Secretary request the Company to submit a proposal for leasing the area. Upon vote the motion was adopted.

---

Application was presented from the City of Jacksonville, Florida, for Murphy Act land in Duval County to be used for opening Cleo Street through to 16th Street, the lots being described as,

Lots 1 and 20, Block 1—Josephine Hagan's S/D.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize conveyance of the two lots under Chapter 21684 of 1943, for public street purposes only, upon payment of \$10.00. Upon vote the motion was adopted.

---

The following applications were presented for conveyance of land under the provisions of Chapter 21684 of 1943, with offers of amounts representing one-fourth of the 1932 assessed value:

Franklin County—City of Apalachicola applies for Wharf Lot 2—Apalachicola—with offer of \$250.00, the lot to be used in connection with City sewage disposal plant;

Polk County—City of Lake Wales applies for Lot “A” Tilman’s S/D of Section 2, Township 30 South, Range 27 East, with offer of \$10.00, the lot being desired for street purposes.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the Trustees accept the offers from City of Apalachicola and City of Lake Wales and authorize execution of deeds under Chapter 21684. Upon vote the motion was adopted.

---

Request was presented from the City of Okeechobee that the Trustees issue correction deed for the purpose of eliminating “for public purposes” clause from original Okeechobee County Deed No. 01-Chap. 21684 dated March 23, 1944. It was explained that the City Council and Chamber of Commerce of Okeechobee desired to contribute a portion of the land conveyed to encourage a new industry coming into the town but they could not do so under the conditions of the deed.

Judge T. W. Conely, Jr. of Okeechobee was present and the Trustees requested that the City furnish description of the parcel to be donated for the new industry, the opinion being that there would be no objection to releasing the reservation on the area to be donated; that upon receipt of this information further consideration would be given. Action was deferred for the present.

---

Resolution was submitted from Board of Public Instruction of Putnam County requesting that the Trustees withdraw approximately 75 lots in Burts S/D of NE $\frac{1}{4}$  of SE $\frac{1}{4}$  of Section 12, Township 10 South, Range 26 East, and Calhoun’s S/D of Block 14, Burts S/D, and cancel advertisement running for sale of the lots, and that said lots be conveyed to the School Board under provisions of Chapter 21929 of 1943. No offer was made for the property.

The Trustees deferred action on the request and suggested that the Putnam County School Board furn-

ish a plat showing the location of the school property with reference to the Murphy Act land, the purpose for which the land will be used and what offer the county will make for the land. It was so ordered.

---

Upon motion duly adopted, the Trustees adjourned.

J. Tom Watson, Attorney General.

---

Mr. Watson stated that at his request the Governor had called the meeting; that it had come to his attention that four members of the Trustees had held a meeting November 6, 1945, at which he was not present, and the first notice he had was when he obtained a copy of the Minutes showing action taken; that he had prepared a statement for the press and one for each member of the Board, which statement he desired made a part of the Minutes. The statement is as follows:

“My attention has been called to a meeting of the Trustees of the I. I. Board held on November 6th last, and the action of this meeting in employing Mr. Julius Parker as special counsel for the Trustees in lieu of the Attorney General, at a salary of \$6,000.00 per year, his services to begin immediately.

These Trustees consist of the Governor, the Comptroller, the Attorney General, the State Treasurer and the Commissioner of Agriculture, but the Attorney General had no notice of, and was not present at, this meeting. Its minutes show that the Governor stated that “in view of his former association with Mr. Parker, he would not participate in the discussion.”

It is a fact that a previous meeting of the Governor, the Commissioner of Agriculture, and the State Treasurer, was held prior to November 6th, when this same employment was discussed and in which discussion the Governor did participate. Because of such previous meeting and the Governor's full participation in it, and the fact that at the November 6th meeting, the minutes showed the Governor to have voted for this employment, his non-participation in the discussion at the November 6th meeting becomes immaterial and the minutes' attempt to make a point out of such alleged non-participation, reflects both insincerity and inconsistency on the Governor's part regarding the matter involved.

How well the Governor laid his predicate in the previous meeting for his non-discussion in the November 6th meeting, it is evident from the unanimous action of those present in the last meeting in selecting the Governor's former law partner as the Attorney General's legal successor to be the Board's representative, and the minutes of the November 6th meeting do show his participation in voting for his employment.

At this November 6th meeting, the minutes also show that the Governor's former law partner, was voted a fee of \$4,500.00 for services

rendered in the case of Crandon vs. Trustees of the I. I. Board. This case involved a sale of sovereign lands located in Biscayne Bay, in Dade County, which sale a majority of the Trustees had previously voted to make to Thomas H. Horobin. This sale was agreed to by the Trustees against the advice and vote of the Attorney General, and contrary thereto. Citizens, residents and taxpayers of Dade County then brought this suit in Leon County to enjoin this sale. Mr. Crandon is the initial party named in this suit and happens to be also the Chairman of the Board of County Commissioners of that county. The suit was brought against the five Trustees of the I. I. Board, among whom the Attorney General is one. The Attorney General promptly notified the Governor and the other three board members, that he was disqualified to represent the Trustees in the suit because he had advised against the sale which the suit was brought to enjoin. They then employed Mr. Parker to represent four of them, not including the Attorney General and the Attorney General filed an answer in the suit setting up the reason for the advice he had previously given the Trustees and his official position as a Trustee with respect to such sale, showing that in his opinion the sale ought not to be made because of reasons stated fully in his answer.

In a hearing had in the case under a motion for a temporary injunction, argued by Mr. Mark Wilcox of Miami representing the plaintiffs, the court sustained the Attorney General's position and granted a temporary injunction against the Trustees making the sale. Subsequently, the four Trustees reversed themselves on the sale and determined not to make it. Whereupon Mr. Parker, representing them, filed a motion to dismiss the suit, because the issue involved had become moot, since the Trustees had rescinded their former order of sale. Whereupon the court dismissed the case. For this service, the four Trustees at the meeting on November 6th, now under discussion, voted the Governor's former

law partner, a fee of \$4,500.00. Had the Attorney General's advice with respect to its subject matter been followed by the four Trustees in the first instance, this suit would never have been brought.

The minutes of the November 6th meeting recite that the employment of Mr. Parker had become necessary because of the dissatisfaction on the part of the public over delays, carrying the implication that such delays were attributable to the Attorney General. I wonder what delays are referred to. If it should prove that certain persons, firms or corporations, claim that delays have been occasioned in the handling of applications for oil leases and the like, I shall be happy to have a thorough investigation on the part of impartial public representatives to determine whether or not those delays were the result of efforts on the part of the Attorney General to represent the public interests involved, rather than because of any neglectful performance by him. I am perfectly willing for the representation as shown from day to day and week to week by my office of the Board of Trustees throughout the last five years to speak for itself, and to be judged accordingly. Tax payers are shouldering the burden of an unnecessary \$4,500.00 fee for the trivial services in the case referred to herein, and a \$6,000.00 annual fee for the legal, annual employment of outside special counsel, such counsel in both instances being the Governor's former law partner.

With respect to the employment of this special counsel in substitution of the Attorney General, there is a question of right and legal authority involved, and because of the public interest which this question embraces, the Attorney General will test such action by appropriate court proceedings."

Mr. Watson further informed the Board as to his position and stated that new counsel employed by the Trustees would have full cooperation from him in getting information necessary, but that he reserved the

right as a minority member of the Trustees to represent himself in a legal capacity as his best judgment dictated and that it was his intention to test the authority of the majority of the Board to employ counsel other than the Attorney General; that such test is not predicated upon any opposition to associate counsel but only upon the belief that the law contemplated the Attorney General as the legal representative of the Trustees.

Governor Caldwell stated that he had hoped to get a meeting the day before in order that the Attorney General could have the opportunity of making any statement he desired on action taken at the November 6th meeting, but was unable to get such meeting.

Mr. Larson suggested that as only three members were present that the meeting adjourn until the full membership could attend.

The meeting adjourned.

SUBJECT UNDER CHAPTER 18296

Mr. Luther Taylor of Winter Haven, Florida, submitted application from John A. Snively with offer of \$1,765.00 to purchase approximately 500 lots of a boom time subdivision known as Inwood No. 5 and Inwood No. 6, Section 6, Township 28 South, Range 25 East, containing 80 acres, estimated. Information was furnished that the land was formerly owned by Lake Eloise Groves, now defunct, and that Mr. Snively was a member of that company and makes application as former owner. In 1932 the land was assessed at \$17,515.00 and in 1944 at \$10,060.00, is not subject to any drainage or municipal taxes and has no timber or any improvements thereon. Polk County land.

Motion was made by Mr. Watson to decline offer from Mr. Snively and made counter proposal to allow the lots advertised with a base bid of \$5.00 per lot with deed to contain oil and mineral reservations. Motion seconded by Mr. Larson and upon vote adopted.

Mr. Watson presented request from F. M. Hahn of Tampa, Florida, that the Trustees waive its mortgage claim on Pinellas County land covered by Mortgage No. 17333 dated September 9, 1925 from R. E. Skinner and wife, involving the following described land:

In Lot 1—33 acres, more or less, and the submerged shallow flats in Clearwater Harbor adjoining and lying East of said Lot 1, containing 73 acres, more or less, all located in Section 29, Township 28 South, Range 15 East, Pinellas County.

Information was furnished that principal of the mortgage amounted to \$18,000.00 and the Trustees foreclosed said mortgage receiving final decree in June

1945. While title to the land was out of the State a tax certificate was issued and the property was certified to the State under the Murphy Act. Mr. Hahn purchased the said land under the Murphy Act and now desires that the Trustees waive its claim under the mortgage.

Motion was made by Mr. Watson that the Trustees have the land appraised and allow Mr. Hahn to purchase for amount of the appraisal less payments made for the Murphy Act deeds. Motion seconded by Mr. Larson and upon vote adopted.

---

Mr. Watson brought up the question involving ownership of a strip of unsurveyed land in the lower part of the State title to which is claimed by the Model Land Company and also by the Trustees. The Attorney General recommended that the question be taken into court so that identification of the land may be determined. The strip in question is located between Townships 58 and 59 South, in Ranges 31, 32, 33, 34, 35 and 36 East, Monroe County.

Motion was made by Mr. Watson that the Trustees authorize that legal proceedings be brought to determine the identification and ownership of the land involved. Motion seconded by Mr. Larson and upon vote adopted.

Further discussion was had as to the advisability of having the area surveyed for determining the location and also the possibility of adjustment of the claims in order to avoid litigation. No action was taken on these two points, the Board being of the opinion that when the Attorney goes into the case these items can be considered.

---

Mr. Julius F. Parker, Attorney for the Trustees, presented form of resolution that Mr. Robert M. Thomson requests the Trustees to adopt in reference to leasing the reserved interest held by the State in approximately 22,000 acres of land, title to which land is in the name of Philadelphia-Florida Corporation.

Mr. Thomson was present and informed the Board that the oil company they were dealing with was not interested in a lease at this time but would like to have a ten-year option on the reserved interest of the Trus-

tees for a cash consideration and if and when the lease was taken it would contain the usual drilling requirements.

Mr. Parker called attention to the fact that the application of Mr. Thomson's clients presented questions that he would like to have a Court decision on and asked authority to file a petition for declaratory decree in the Courts of Leon County for determination of whether the State has the right to reserve the minerals, and if so, does it have the right to lease the reserved interest, or enter into an operating agreement, and if so, does the lease or agreement of the reserved interest have to be advertised under the 1945 Act of the Legislature.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize Mr. Parker to bring suit to settle the questions brought up. Upon vote the motion was adopted, Mr. Watson not voting.

The Trustees indicated that they would not be favorable to granting the option desired and no action was taken with reference to the resolution, pending outcome of the suit to be brought.

---

Mr. Parker requested authority to defend suit instituted by the Attorney General questioning authority of the Trustees to employ Mr. Parker as attorney.

Motion was made by Mr. Watson that Mr. Parker be authorized to defend the suit brought. Motion seconded by Mr. Larson and upon vote adopted.

---

Mr. Morris White of Tampa, Florida, stated to the Board that he understood an application was pending for exclusive shell lease in the Tampa Bay area and requested that the Trustees not take definite action until clients of his have an opportunity to submit a proposal which if the plans go through will mean construction of a chicken feed plant at a cost of not less than \$100,000.00.

Mr. Morris was informed that the Trustees did not have an application before them for an exclusive shell lease and when his clients were ready to submit a proposal it would be given consideration.

---

Mr. Watson excused from further attendance.

Mr. Elliot presented letter from Mr. Noah B. Butt of Cocoa, requesting information as to whether or not the Trustees will handle applications from honorably discharged veterans for homesteading County owned lands in the same manner as applications for State lands will be handled under the provisions of Chapter 22860, Acts of 1945.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that Mr. Butt be advised that it was the opinion of the Trustees that the applications should be handled by the various counties. Upon vote the motion was adopted and so ordered.

---

Upon request from Allen C. Grazier, on behalf of St. Petersburg Port Authority, for appointment to meet with the Trustees early in January, 1946, Tuesday, January 8th, 1946, was agreed upon as a date for hearing clients of Mr. Grazier, and other parties who desired to come before the Board.

Application was presented from Thomas H. Horobin with offer of \$1000.00 an acre for a portion of submerged land in Biscayne Bay which is not covered by water more than three feet deep at high tide. The

area is described as lying east of the west boundary line of Miami Beach for a distance of 1200 feet and extending south from land now owned by applicant on 79th Street Causeway to the right of way of 36th Street Causeway, a distance of approximately two miles, and containing approximately 250 acres. The offer also includes payment for all fill material between 79th Street Causeway and Venetian Causeway, except land and fill material conveyed to the State Road Department. Land and fill material are located in Dade County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, to advertise the area under water not more than three feet deep for competitive bids and objections, and that the County and City officials of Miami and Miami Beach be notified in order that they may file objections if they have any. Upon vote the motion was adopted.

Request was presented from Waybright & Waybright, Attorneys for H. C. Salis, for purchase of

Lot 1, Section 20, Township 1 North, Range 28 East, containing 23½ acres in Duval County.

Mr. Wells reported that one or two other parties had evidenced interest in the property but an offer of \$11.00 an acre from Mr. Salis was the best price received so far; that Mr. Salis is reported to be living on the property, having constructed a house and other buildings, and feels that he is entitled to some consideration since the improvements were put on the property through mistake of the boundaries of adjoining property.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the offer of \$11.00 an acre be declined and that the land be offered to Mr. Salis at \$15.00 an acre. Upon vote the motion was adopted.

N $\frac{1}{2}$  of Lot 11, Section 9, Township 42 South, Range 37 East, Palm Beach County.

It was explained that the State Agricultural Marketing Board had a lease from the City of Pahokee for an adjoining parcel which expires June 1, 1964, and as it was contemplated that a \$50,000.00 Market building would be constructed on the property the Marketing Board desired that the leases expire at the same time.

All in Township 40 South, Range 32 East,  
Containing 174.53 acres in Glades County.

Mr. Robert M. Thomson came back before the Board and asked that the Trustees revert to the subject presented by him earlier in the day. He asked that the Trustees agree to joint advertisement with the owner of the land asking for bids to lease for oil and mineral purposes, such advertisement to exclude the area to be embodied in suit to be filed by Mr. Parker.

---

Request was presented from Mr. Ted Duncan, on behalf of Amelia Simmons, colored, former owner of Lot 21, Story Plat of Section 32, Township 9 South, Range 20 East, Alachua County, that the Trustees do not accept bid of \$10.00 from R. D. Kelly but make conveyance to former owner who agreed to pay \$20.00 and costs. Sale held September 19, 1945.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize the Clerk to accept protest from Amelia Simmons and readvertise the land, provided she deposits amount of costs and a bid of \$20.00 for the lot described. Upon vote the motion was adopted.

---

Request was submitted from Lt. Jack S. Reaves of McCook, Nebraska, that the Trustees allow him the benefits of the Soldiers and Sailors Relief Act and decline to accept bid on Lot 2, Block 3, Olmstead Add., Alachua County, formerly owned by himself and sister.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees direct the Clerk of Alachua County to decline any bid for the lot, except from Lt. Reaves, and withdraw the land from sale for a period not exceeding one year. Upon vote the motion was adopted.

---

Offer of \$25.00 was presented from the City of Homestead for purchase of

$\frac{1}{4}$  acre, being West 45 feet of SE $\frac{1}{4}$  of SW $\frac{1}{4}$  of Section 7, Township 57 South, Range 39 East, Dade County.

Information was furnished that the parcel comprises a part of NE Second Avenue in Homestead and the bid equals one-fourth of the 1932 assessed value.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees accept the offer and authorize conveyance of the parcel under provisions of Chapter 21684. Upon vote the motion was adopted.

---

Application was presented from the Board of Public Instruction of Duval County for conveyance of the  $W\frac{1}{2}$  of Lot 4, except platted in Blanchard's S/D, Plat Book 2—78, and part in A.C.L. Ry R/W Block K, Duval County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline to convey the land under Chapter 21929, but make counter proposal to deed the land under Chapter 21684 upon payment of \$50.00, which is one-fourth of the 1932 assessed value. Upon vote the motion was adopted.

---

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize the following permits for extension of power lines;

Lake County—Permit to Florida Power Corporation for right of way across Murphy Act land in East Umatilla S/D in Section 8, Township 18 South, Range 27 East. Consideration to be fifty cents per rod or \$83.35.

---

Mr. Watson recorded as present.

---

At the request of the Attorney General, action was deferred on the following subjects:

Request from the City of Titusville, Brevard County, that the Trustees eliminate clause in deed requiring the City to allow ninety days for former owners to reacquire property; and

Request from Mr. Lewis Hall, on behalf of Sam Simonhoff, that the Trustees reconsider action

heretofore taken and accept bid of his clients with certain provisions enumerated in proposal submitted.

---

Attorney General Watson requested action on request from the City of Jacksonville for consent by the Trustees to a court order in condemnation proceedings—470-J-Civil—File 5072. The proposed order provides for distributing the entire award as to parcels 8 and 27 to the City of Jacksonville, explanation being made that the award on parcel 8 amounted to \$2,567.50 and the City of Jacksonville has claims for delinquent taxes amounting to \$6,830.20; that the award for parcel 27 was \$762.50 and the City's claim was filed as \$584.89, approximately \$200.00 less than the award. It now appears that there was an error in figuring the interest rate on Parcel 27 and the City asks that the Trustees consent to the entire award going to it.

Attorney General Watson recommended and offered a motion that the Trustees authorize stipulation in the above cases and permit the City of Jacksonville to receive the entire award on each of said parcels. Motion seconded by Mr. Larson and upon vote adopted.

---

Attorney General Watson inquired what the attitude of the Trustees would be with respect to the question recently raised by Humble Oil & Refining Company as to claim of the State in the reserved oil interest in Murphy Act lands sold and conveyed previous to adoption of the rule making the reservation a part of the deed. Mr. Watson was of the opinion that the Trustees should dispose of the question and get a Court decision.

Mr. Watson moved that the Trustees institute legal proceedings to clear up two questions with reference to oil reservations in Murphy Act lands:

1. Whether the Statutes require oil and mineral reservations in Murphy Act deeds, and
2. Whether or not deeds executed without the reservation carries by force of law a reservation that is in existence and should be enforced.

Motion seconded by Mr. Larson and upon vote adopted.

#### SUBJECTS UNDER CHAPTER 18296

The Secretary presented the following list of bids received for lands under Chapter 18296 and reported that they were regular in all respects, had been properly checked, and were submitted for consideration:

COUNTY	DATE OF SALE	NO. OF BIDS
Charlotte	12/10/45	2
Dade	11/7/45	1
Hamilton	12/10/45	1
Nassau	12/10/45	1

Motion was made by Mr. Larson, seconded by Mr. Watson, that the Trustees accept the bids listed and authorize the issuance, execution and delivery of deeds corresponding thereto, subject however, to any protest filed under the rules. Upon vote the motion was adopted.

---

Request was submitted for correction deed in favor of Eunice B. Bryan and John P. Bryan, for the purpose of inserting the section, township and range numbers in the land description, such information having been omitted from the original deed.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees authorize execution of Putnam County Deed No. 1097-Cor. in favor of Eunice B. Bryan and John P. Bryan, husband and wife, in order that the section, township and range numbers may be properly given in the description. Upon vote the motion was adopted.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees decline to waive interest for three months on award from the United States covering Murphy Act land in Volusia County that was condemned by the United States. Upon vote the motion was adopted.

---

Mr. J. Lewis Hall, representing Sam Simonhoff on behalf of his clients H. G. Simpson and J. M. Gusky, requested that the Trustees reconsider action declining to execute Murphy Act deed to

Section 1, Township 59 South, Range 39 East,  
Dade County, Florida,

which land was offered for sale October 11, 1944, but the bid declined on the ground that the land was involved in an oil lease. It was also explained that the sale was held jointly with the Everglades Drainage District and that said District had issued its deed to his clients. Mr. Hall asked that the Trustees now consider proposal which had been worked out with Mr. Elliot and Mr. Julius Parker, and recommended by them.

The proposal was discussed and Mr. Watson stated that he was opposed to granting the request.

Neither Mr. Elliot nor Mr. Parker being present, motion was made by Mr. Larson, seconded by Mr. Lee, that action be deferred until the Secretary and Attorney could be present. Upon vote the motion was adopted.

Mr. D. C. Smith, Attorney for Fort Pierce Inlet District, Mr. Dan McCarty and commissioners of the District, were present. Mr. Smith presented application from the District for conveyance by the Trustees of the Internal Improvement Fund of a spoil area and adjoining submerged lands in St. Lucie County, described as:

Filled-in and submerged lands lying within the Causeway South Spoil Area (Spoil Area No. 1) containing 170 acres, approximately 12 acres of which is filled in and the remainder submerged.

It was explained that the land or funds derived from the use thereof would be used for public purposes;

that it was understood conveyance would be made subject to a perpetual easement issued to the United States in 1936. Maps were displayed showing the area. Upon inquiry as to whether or not the area applied for was involved in pending litigation, Mr. Smith replied that it was not.

Mr. Watson stated that he could see no objection to selling the filled-in area but did not think the Trustees had authority to dispose of submerged portions.

Mr. Smith and Mr. McCarty agreed that the submerged area would be eliminated from the application.

It was also pointed out to applicants that any conveyance would have to be conditioned upon preservation of any private rights in adjoining areas or any rights of the United States, and it will be necessary that the parcel be advertised as required by law.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees authorize conveyance of the filled-in portion of the tract applied for, subject to approval of the Special Attorney for the Trustees and also subject to any existing easements or agreements involving the area. Upon vote the motion was adopted.

---

Mr. D. C. Smith, on behalf of the Board of County Commissioners of St. Lucie County, applied to purchase at a price of \$10.00 an acre a parcel of land described as,

E $\frac{1}{2}$  of Lot 8, Section 19, Township 35 South,  
Range 41 East, containing 20 acres in St. Lucie  
County.

Mr. Smith explained that the land was located about two (2) miles south of the Inlet, only a small portion of the tract being on the ocean, and the purpose for which it was desired was to establish a bathing beach and park for negroes of the County. Also, that the area is at present under lease to the United States Navy in connection with Ft. Pierce Amphibian Training Base which is now in process of being closed out.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees authorize sale of the 20 acres to St. Lucie County at a price of \$10.00 an acre, deed to carry the condition that the area shall be used for public bathing beach purposes. Upon vote the motion

was adopted. Conveyance will be made subject to lease to the United States.

---

Mr. W. H. Jackson and Mr. Chester Ferguson, representing Arnold Oil Explorations, Inc., requested consent and approval of assignment of Leases Nos. 224-A and 248 and Exploration Contract No. 224 held by the Arnold company, assignment to be made to a new company to be formed for the purpose of receiving title. Information was given that controlling interest in the leases and contract would be in the new company headed by Lykes Brothers and the Arnolds would be stockholders in the corporation.

Mr. Watson expressed the opinion that on assignments of this kind the Trustees have the right to impose conditions with reference to drilling operations of the assignees and he would suggest that the matter be referred to the special attorney for the purpose of conferring with applicants and bringing recommendations back to the Board; that now is the time for the Trustees to exercise its right and require that the new company obligate itself to a program that will mean advancing the work and the commencement of wells earlier than required at present; that the State should be the beneficiary from this assignment and if the leases are assigned and a well comes in, it will be worth more than it is now, but with the large area involved and no further requirements imposed the land will be tied up for another four years with no obligation on the new company to start drilling any earlier than the present company.

Messrs. Jackson and Ferguson stated that they were not in position to submit a definite program for drilling because the company had not been formed; that Lykes Brothers would head the new organization and they would be fully responsible for carrying out all the requirements under the Arnold contracts and leases; that all obligations would be transferred and all the terms and conditions would be assumed by assignees.

Mr. Watson stated that he would be agreeable to considering the application if a definite proposal was submitted for early drilling in the area.

Comptroller Lee expressed the view that he was in favor of making such change as will be necessary

to further the matter to the end that drilling of wells be started; that he believed the Trustees' position would be better if assignment was made to the new company.

Mr. Mayo agreed that the Trustees' position would be improved by assigning the leases.

Motion was made by Mr. Mayo that the Trustees approve assignment of Leases Nos. 224-A and 248 and Exploration Contract No. 248 held by Arnold Oil Explorations, Inc. to a new company to be formed, as represented by Messrs. Ferguson and Jackson. Motion seconded by Mr. Lee and upon vote adopted, Mr. Watson not voting.

---

Mr. W. H. Jackson, on behalf of Arnold Oil Explorations, Inc., requested that the Trustees refer to the Special Attorney the question of the effect the 1945 laws have on Contract No. 224 and application for lease on the area south of the Pasco County line.

Without objection, the Governor directed that the question be so referred.

---

Mr. Allen C. Grazier, representing St. Petersburg Port Authority, presented application for right of way easement across Tampa Bay for proposed Pinellas-Manatee Bridge Crossing over Lower Tampa Bay. Mr. Grazier explained that the application was first presented in July 1945 and since that time certain changes had been made in the plans to meet requirements of the War Department; that while the permit had not been issued, Colonel Jones, U. S. Engineer, had assured him by telephone that all matters had been worked out and the permit would be issued.

Mr. Watson stated that he would like to know if any of the communities in that section would have objection to the granting of right of way. Mr. Grazier replied that the application had been given wide publicity since July and that changes had been made to meet certain requirements of the port of Tampa.

Mr. Watson asked that action be delayed till the next meeting allowing him time to contact Tampa Chamber of Commerce and other communities in that area.

Mr. Grazier explained that the application covered two projects,—one for the Causeway and Bridge, and the other for port facilities; that the causeway and bridge would eventually become the property of the State Road Department, but the port facilities would remain the property of St. Petersburg Port Authority. He also brought out that the War Department required that the channel be dug as a part of the Intracoastal Waterway and displayed maps showing the two areas embodied in the application.

Discussion was had as to character of the two parcels. Mr. Grazier informed the Board that if the application as submitted could not be approved as one proposal, new description would have to be prepared.

Mr. Watson stated that he approves granting the right of way and additional spoil area but does not approve the water bottoms as there are legal objections involved.

Motion was made by Mr. Watson that the application be acted on at the next meeting of the Trustees. Seconded by Mr. Larson and upon vote adopted.

---

Action was deferred on application from Southern States Oil and Land Company for permit to explore for certain metals, stones, etc. in waters of Escambia, Santa Rosa, Okaloosa, Walton and Bay Counties.

Mr. Watson asked for executive session on this application when it was considered.

---

Offer of \$1000.00 was presented from Miami Beach Heights, Inc. for permission to remove 75,000 cubic yards of material from a location on the southerly shore of Baker's Haulover Cut, at the junction of the latter with Biscayne Bay and on the westerly side of Collins Avenue in Miami Beach, Dade County.

Mr. Elliot explained that application had been made to the War Department by the company and protest had been filed on behalf of the Trustees; also that a similar permit had been issued in 1929 to fill this area but only a small amount of material had been taken and recent storms had washed out the area on which the fill was deposited.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees accept the offer and authorize

permit in favor of Miami Beach Heights, Inc. for taking material from the area described. Upon vote the motion was adopted.

---

Application was presented from Walter A. McElfresh, on behalf of Charellen Corporation and M. A. Hortt, to purchase submerged lands in Hillsboro Bay, Broward County, described as:

M. A. Hortt offers \$150.00 an acre or \$472.50 for Lot 2 in NE $\frac{1}{4}$  of Section 6, Township 49 South, Range 43 East,—containing 3.15 acres, and

Charellen Corporation offers \$150.00 an acre or \$873.00 for Lot 3 in NE $\frac{1}{4}$  of Section 6, Township 49 South, Range 43 East,—containing 5.82 acres.

Motion was made by Mr. Mayo, seconded by Mr. Larson, and adopted, that the Trustees advertise for objections lands applied for by clients of Mr. McElfresh on the basis of offers submitted. Mr. Watson not voting.

---

Request was submitted from Florida Inland Navigation District for right of way across State land in St. Johns County designated as follows:

MSA-205-B—Certain portions of Pablo Creek which lie in Government Lot 1, Section 18, Township 3 South, Range 29 East—containing 4.25 acres;

MSA-231-A—Certain bay and creek bottoms in unsurveyed Sections 2 and 3, Township 5 South, Range 29 East,—containing 22 acres;

MSA-231-C—Certain bay and creek bottoms in portions of unsurveyed Sections 10 and 11, Township 5 South, Range 29 East,—containing 31 acres;

MSA-SJ 1-A—An area of sawgrass marsh in unsurveyed Section 14, Township 9 South, Range 30 East,—containing 41.5 acres;

MSA-SJ-1-B—A tract of sawgrass marsh in unsurveyed Sections 23 and 24, Township 9 South, Range 30 East,—containing 39 acres.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees grant request of Florida

Inland Navigation District and issue easements. Upon vote the motion was adopted.

Request was submitted from the War Department for execution of Supplemental Agreement granting extension of six months for use of spoil areas in the St. Johns River, Duval County, described as:

S/A Parcel No. 19-A—Part of Quarantine Island and adjacent submerged areas in St. Johns River southerly of Dames Point, containing 220.4 acres more or less;

S/A Parcel No. 22-A—Part of an unnamed island and adjacent submerged areas in St. Johns River, approximately 400 feet southwestwardly from the mouth of Dunn's Creek, containing 41.9 acres, more or less.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize execution of Supplemental Agreement as requested by the War Department. Upon vote the motion was adopted.

Mr. Cody Fowler, Mr. T. R. Stacy and Mr. B. W. Haywood, representing Gulf Oil Corporation, presented written application requesting four (4) oil leases under the provisions of Exploration Contract and Option to Lease No. 344 issued to Joseph P. Scranton October 26, 1943, covering land in Dade and Monroe counties. There was also filed with the Trustees assignment from J. P. Scranton and Alma Victoria Scranton to Gulf Oil Corporation transferring interest in

Contract No. 344 and Option to Lease, dated Oct. 26, 1943;

Contract No. 248 and Option to Lease, dated Feb. 27, 1943;

Lease No. 362 dated September 5, 1944;

Lease No. 363 dated September 5, 1944;

Lease No. 364 dated September 5, 1944, and

Leases No. 373 and No. 374 dated October 31, 1944.

The application called for leases on four areas designated as Block 1, Block 2, Block 3 and Block 4, covering land described in Schedule "A" of Contract No. 344, each contract providing for payment of \$250.00 cash, or a total of \$1000.00, check for which was tendered with application.

Information was furnished that the leases follow the lease form attached to and made a part of Contract No. 344 as provided in said contract; also that the Trustees on September 11, 1945 consented to assignment of Contract No. 344 to Gulf Oil Corporation.

Motion was made by Mr. Watson that the application be referred to the Special Attorney, Mr. Julius Parker, for examination and that a time be set for the Trustees to receive his report thereon. Motion seconded by Mr. Larson, and upon vote adopted.

Application was presented from Hillsborough County Board of Public Instruction with offer of \$54.39 for conveyance of

Lot 14, Block 7, Bell's Addition to Tampa Revised Plat, recorded in Plat Book 1, Page 96, Hillsborough County, Florida.

Mr. Elliot explained that title to the land vested in the State by Master's deed under provisions of Chapter 14572, Acts of 1929, and that the State and Hillsborough County had an equity in the land, the county's equity amounting to \$422.00 and the State's—\$49.39; that by resolution adopted October 19, 1945, the Board of County Commissioners of Hillsborough County waived its equity in the proceeds from sale recommending that the Trustees of the Internal Improvement Fund convey the property to the School Board of that county free and clear of the County's proportionate share of taxes.

The Hillsborough County School Board having offered an amount equal to the State's equity, plus \$5.00 to the Trustees, motion was made by Mr. Mayo, seconded by Mr. Larson, that conveyance of the lot be

made to the School Board as requested. Upon vote the motion was adopted and deed ordered executed.

Mr. J. V. Keen of Tallahassee, Florida, representing A. E. Cummer of Sarasota, Florida, submitted a plat showing areas bordering on Sarasota Bay in Sarasota County which had been filled and improved by Mr. Cummer and adjoined his upland property. Application was made to purchase two tracts, one being formerly submerged land and the other high land; Tract "A" containing 19.8 acres and Tract "B" containing 32.4 acres, located in the SW¼ of Section 30, Township 36 South, Range 18 East. It was represented that the area was to be subdivided and sold, and that the City and County had approved the project. Applicants asked that they be allowed to purchase at the price they would have had to pay at the time permit was secured from the United States for filling the areas.

Information from the Land Office was that recent sales in that locality had been made at a price of \$150.00 an acre to parties owning adjoining uplands.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees agree to accept \$150.00 an acre for the formerly submerged area and the tract of high land, subject to advertisement for objections. Upon vote the motion was adopted and advertisement ordered upon receipt of proper description.

Motion was made by Mr. Larson, seconded by Mr. Mayo, to decline offer of \$30.00 an acre and make counter proposal to advertise the land for competitive bidding provided applicant agrees to bid not less than

\$32.00 an acre on date of sale. Upon vote the motion was adopted.

---

Request was presented from Shark Industries, Hialeah, Florida, for permission to use a small area of spoil islands off the northwest shore of Key West for the purpose of drying shark fins. They agree to remove at any time requested by the Trustees the simple installations to be erected by them.

Application was presented from R. W. Thomas, Jr., on behalf of Bay Dredging & Construction Company of Tampa, Florida, for three-year shell and sand lease covering areas in Tampa Bay, Hillsborough County. Offer was made at the rate of seven and one-half cents ( $7\frac{1}{2}\text{¢}$ ) per cubic yard for shell and five cents ( $5\text{¢}$ ) per cubic yard for sand to be removed from the area, and agreement that there would be no interference with navigation or with live oyster bars.

---

Offer of \$91.50 was presented from Ray M. Browne of Belle Glade, Florida, for land described as:

0.61 of an acre of reclaimed lake bottom land adjacent to a parcel recently purchased in Section 25, Township 43 South, Range 36 East, Palm Beach County.

Without objection the following requests were referred to F. C. Elliot, Engineer, for report and recommendations:

J. M. Couse of Moore Haven, Florida, requests declaration from the Trustees giving assurance that the State will not exercise the reservation for canal purposes or mining for oil, or grant such privilege to others, on land occupied by Glades Electric Cooperative, Inc., or on land near enough to constitute a threat to the proposed generating plant.

---

A. R. Richardson, representing R. C. Alley and Bessemer Properties, submitted an offer of \$700.00 an acre for a parcel of submerged land containing 1.47 acres located in Lake Worth, Palm Beach County, adjacent to property purchased from the State in Deed No. 17116.

Recent sales in that locality having been made at a price of \$1000.00 an acre, the Trustees were not agreeable to accept \$700.00. Mr. Richardson raised the offer to \$1000.00 an acre.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees accept the offer of \$1000.00 an acre subject to advertisement for objections only. Upon vote the motion was adopted, Mr. Watson voting No.

---

Request was presented from Judge J. C. B. Koonce, representing Dade Memorial Park in Sumter County, that the Trustees authorize exchange of certain lands in order that the Park may have access to the highway.

Mr. Wells reported that this subject had been referred to the Land Appraiser to work with Judge Koonce with a view to arranging an exchange, which had been done and recommendation is now made that the Trustees authorize exchange of the

West 50 acres of NW $\frac{1}{4}$  of NE $\frac{1}{4}$  and NE $\frac{1}{4}$  of NW $\frac{1}{4}$  of Section 20, Township 21 South, Range 22 East, owned by the State,

for

17 acres in NE $\frac{1}{4}$  of NE $\frac{1}{4}$ , and a strip 210 feet wide, East of the 17 acre parcel, out to the highway, in same section, township and range, owned by Joe Webb.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize exchange of the land as outlined. Upon vote the motion was adopted.

---

Reconsideration was requested of application presented from Dennis Small at a recent meeting making the following offers for Hendry County land:

- \$4.75 an acre for Sections 8 and 9;
- \$4.50 an acre for Section 10;
- \$6.00 an acre for Section 17, the E $\frac{1}{2}$ ;
- \$5.50 an acre for Section 21,

All in Township 44 South, Range 33 East.

At a recent meeting the land was authorized advertised for bids at a flat price of \$6.00 an acre. It is requested that the land be advertised for bids on the basis of offers made as they are in excess of the appraised value and in view of the fact that the Trustees are not obligated to accept any bids.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees rescind former action and authorize advertisement of the land described for bids based on offers made by Mr. Small. Upon vote the motion was adopted.

---

Mr. Wells reported that on December 18, 1945, the Trustees offered for sale

9.30 acres of lake bottom land in Okeechobee County, in Sections 8 and 17, Township 38 South, Range 35 East,

applied for by T. W. Conely on behalf of J. R. Edwards with a bid of \$17.50 an acre. The offer from Mr. Edwards was the only bid received at time of sale and Mr. Conely was advised that the bid would be accepted, however, a higher bid, from J. T. Hancock, was received by telegram prior to time of sale but was not delivered until after sale was held. Action on the sale was reconsidered and the Land Clerk instructed to get in touch with both parties and if necessary have the land readvertised. Upon contacting client of Mr. Conely he advised that he would not be interested in buying the land at the price offered by Mr. Hancock —\$1000.00 for the parcel.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees accept the offer of \$1000.00 from Mr. Hancock for the land described. Upon vote the motion was adopted.

Attorney General Watson called attention to a condition that had been brought to his attention in connection with Grazing Lease No. 18447 dated April 2, 1938, in favor of Pearl, Clara and Edna Pearce, renewed in the name of Pearl and Edna Pearce with expiration date of January 26, 1946.

It was explained that Miss Pearl Pearce in April 1945 asked that the lease be renewed in her name only, stating to the Land Office that her sister was not interested further in leasing the land. Pursuant thereto, renewal was authorized for five years from January 26, 1946, in the name of Pearl Pearce. It has developed that Miss Edna Pearce does desire lease in her name and asks that the Trustees rescind action taken April 11th and make the lease to Pearl and Edna Pearce.

Motion was made by Mr. Watson that the Trustees rescind action taken April 11, 1945, revoking renewal of Grazing Lease No. 18447 in the name of Pearl Pearce only, and that renewal lease for a period of five years be made to Pearl and Edna Pearce jointly, covering marginal lands between the meander of Lake Okeecho-

bee and the lake, Glades County, at a consideration of fifty cents an acre annually. Motion seconded by Mr. Mayo and upon vote adopted.

Request was submitted from Florida Humus Company, successor in title to land conveyed by Trustees December 15, 1892 to Apopka Canal Company in Deed No. 14757, recorded in Deed Book 84, Page 330, Public Records of Orange County, Florida, for conveyance of 2608.22 acres of reclaimed land in Lake Apopka. Information was furnished that Apopka Canal Company and its successors in title permanently drained said land in pursuance of contract with the Trustees; that application was made to the United States for patent to the land but the request was denied on the ground that the lands were already held by the State by virtue of its sovereignty, being a part of the bottom of Lake Apopka. The Trustees did not have authority to convey that character of land until 1919 when an act was passed giving such authority.

Mr. Charles O. Andrews, Jr., representing Florida Humus Company, now asks that the Trustees deed the land to his clients at the price of \$1.00 an acre, which was the price agreed upon when original deed was issued in 1892.

Mr. Elliot reported that a survey has been made of the area and field notes prepared, conforming to requirements for State Surveys, and recommends that the Trustees upon being furnished with original township plat, accompanied by field notes, accept the same as a State Survey. He also reported that he thought it was in order for the Trustees to convey the land applied for and the only question was whether or not they would be agreeable to accept the price offered.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees authorize conveyance of the 2608.22 acres located in Sections 10, 11, 12, 13, 14, 15, 23 and 24, Township 21 South, Range 27 East, and in Sections 18, 19 and 30, Township 21 South, Range 28 East, Orange County, at a price of \$1.00 an acre plus interest at the rate of three per cent (3%) from December 15, 1892. Upon vote the motion was adopted.

Mr. Larson called up for disposition application from St. Petersburg Port Authority for easement across Lower Tampa Bay desired in connection with Pinellas-Manatee Bridge crossing. It was explained that Mr. Allen C. Grazier appeared before the board January 8th and presented the application; that action was deferred until this date in order that Mr. Watson have opportunity to ascertain whether there were any objections from the Tampa area.

Mr. Watson reported that he had taken the matter up with officials of Tampa and Hillsborough County and had received a letter from the Tampa Chamber of Commerce in which it was stated that Tampa and Hillsborough County would have no objections to the improvement provided the taxing powers of the county would be protected; that no more land than was agreed upon would be involved; also that the clearances of the bridges would be sufficient, and that the Chamber of Commerce was on record as not opposing the construction provided any substantial objections on the part of the County were met. The letter further stated that Colonel Gilbert A. Youngberg of Jacksonville, Florida, had been employed to represent Tampa and that he has filed his brief with Colonel Jones, U. S. District Engineer at Jacksonville, Florida.

Mr. Watson advised that he was recommending easement for right of way for the bridge and causeway but did not recommend that the area for port facilities be granted. Other members were willing to grant areas for both projects.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize easement in favor of St. Petersburg Port Authority for the two projects—the bridge and causeway and for port facilities. Upon vote the motion was adopted, Mr. Watson requesting that his vote be recorded as against the area for port facilities.

The Trustees went into joint meeting with the Board of Commissioners of State Institutions and the State Board of Education for the purpose of discussing proposed lease in favor of Florida Ramie Products, Inc.

Mr. Julius F. Parker, Special Attorney for the Trustees, presented proposed lease of State land described as:

S $\frac{1}{2}$  of Section 16, Township 43 South, Range 37  
East—(School Land) and

Sections 20 and 21, Township 43 South, Range 37  
East—(I. I. Fund land)

All in Palm Beach County, Florida.

Upon discussion of the terms and conditions, motion was made by Mr. Mayo, seconded by Mr. Larson, that the lease be amended to include a clause providing that the Board of Commissioners of State Institutions agrees to furnish Florida Ramie Products, Inc. with sufficient ramie roots, without charge, for planting sixty (60) acres. Mr. R. R. Saunders, representing Inlet Beach Inc., applied to purchase an area in New River Sound, described as

That part of the E $\frac{1}{2}$  of New River Sound lying West of the S $\frac{1}{2}$  of Government Lot 6, Section 13, Township 50 South, Range 42 East, Broward County.

Mr. Saunders explained that there had been considerable litigation in connection with Government Lot 6 and read the Supreme Court opinion on the subject. Also read opinion from the Attorney General, displayed maps showing the area and reviewed the history of Lot 6 and the claims and counter claims as to the existence of said lot.

Mr. J. A. Fitzsimmons, representing clients, also made application to purchase the same land applied for by Mr. Saunders taking the position that Government Lot 6 had been eroded some years ago and that Inlet Beach, Inc., was not the adjoining owner to State land. He displayed maps showing the same area and stated that they were conclusive evidence that there was not now any land where Government Lot 6 had formerly been located and asked that the land be sold to his clients so as to reestablish his clients' property as ocean front, which was its former character, the work of the Port Authority having washed away their land.

Upon inquiry as to what offer was being made to the Trustees for the land, Mr. Saunders made an offer of \$150.00 an acre, Governor Caldwell stated that the price was considerably lower than other recent sales of similar land. Mr. Saunders replied that his clients would bid in line with the price the Trustees had been selling other land but they wanted an opportunity to buy this property as adjacent owners.

Mr. J. W. Hamm, client of Mr. Saunders, asked that the Trustees advertise the land for bids and allow his company to make a bid which would be acceptable to the Trustees.

The subject was further discussed and a price of \$1000.00 an acre was suggested for advertising the tract.

Motion was made by Mr. Mayo that the Trustees advertise the land on an offer of \$1000.00 an acre from Mr. Saunders. There being no second, the motion was lost and no action taken on the applications.

---

Motion was made by Mr. Larson, seconded by Mr. Mayo, that appraisal be made of land covered by the following applications:

W. A. Bishop—Offer of \$30.00 an acre for NE $\frac{1}{4}$  of SW $\frac{1}{4}$  of Section 29, Township 34 South, Range 18 East, containing 40 acres in Manatee County;

A. P. Krueger—Applies for two small islands in Indian River, Martin County, located near St. Lucie Inlet and Sewell Point, Section 18, Township 38 South, Range 42 East.

Upon vote the motion was adopted.

---

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer of \$40.00 an acre from J. E. Frierson of Moore Haven, Florida, for purchase of

26.17 acres in Section 23, Township 42 South, Range 32 East, Glades County.

Upon vote the motion was adopted.

---

Application was presented from Thos. H. Horobin to purchase submerged land described as,

63 acres in Township 52 South, Range 42 East, in Biscayne Bay, Dade County, located North of Indian Creek Golf Club and West of Surfside and Graham-Fisher Village.

Map was displayed showing an island composed of Government lots described as:

Government Lots 1 and 2 and Fractional SE $\frac{1}{4}$  of SE $\frac{1}{4}$  of Section 27;

Government Lots 1 and 2, and NE $\frac{1}{4}$  of NE $\frac{1}{4}$  of Section 34;

Government Lot 2, Section 35, and

Government Lot 4 of Section 26,

All in Township 52 South, Range 42 East.

Mr. Horobin explained that the submerged areas applied for were located around the edge of the island, and his application also called for the taking of material from bottoms adjacent thereto for filling entire area described; that a channel not less than 150 feet wide would be cut between the property applied for and the village of Surfside, and another channel not less than 150 feet wide to be provided between the island and the Graham-Fisher tract. There was also indicated on the plat an area from which to take fill material, designated as follows:

Extending in a westerly direction, in projection of the South boundary of the tract to be conveyed, 2620 feet; thence in a Northeasterly direction parallel with the Intracoastal Waterway, 5460 feet, more or less;

Thence South 59° 30' East, 3030 feet;

Thence South 15° East, 3090 feet, more or less, to the South boundary of Section 26, said Township and Range;

Thence following in a southerly direction the Easterly boundary of the tract to be conveyed for a width of 150 feet to the Southeast corner of said tract to be conveyed;

Thence westerly following the channel to the point of beginning, less that part to be bulkheaded and filled.

Mr. Horobin offered \$1000.00 an acre for the 63 acres of submerged land in Township 52 South, Range 42 East, which also includes permit to take fill material with which to fill the entire area, including the Government Lots where fill is necessary.

Mr. Horobin agreed that the Trustees make a part of the deed the condition that the 150 foot strip for channel purposes would never be filled.

Motion was made by Mr. Mayo that the Trustees agree to sell the submerged areas applied for by Mr. Horobin at the price offered, subject to advertisement for objections, sale to include permission to remove fill material from the area designated. Motion seconded by Mr. Lee and upon vote adopted.

Sections 4, 6, 7 and 8, Township 46 South, Range 34 East,

All in Hendry County, Florida.

Report having been received from the Land Appraiser with higher valuation placed on the land, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer and make counter proposal to advertise the land for competitive bids provided applicant agrees to bid not less than \$6.00 an acre on date of sale. Upon vote the motion was adopted.

---

Offer of \$20.00 an acre was submitted from W. C. Prewitt of Clewiston, Florida, for an area of lake bottom land described as:

1.9 acres between original meander line and boundary of the United States Levee right of way, adjacent to upland property of client in Section 28, Township 43 South, Range 35 East, Palm Beach County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, to decline offer submitted and agree to accept \$100.00 for the parcel. Upon vote the motion was adopted.

Application was presented from D. C. Haddock of Hilliard, Florida, offering \$8.00 an acre for

Lot 8, Section 17, Township 4 North, Range 25 East, containing 5.20 acres in Nassau County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees advertise the land for competitive bids based on offer from Mr. Haddock. Upon vote the motion was adopted.

---

Request was submitted from South Lake Worth Inlet District for spoil deposit areas in Lake Worth, comprising two tracts 300 feet wide North and South by 1000 feet long lying East of and adjacent to right of way of Intracoastal Waterway. At the meeting of the Trustees January 29th, Mr. Elliot, Secretary, and Mr. Parker, Special Attorney, were requested to make recommendation and report to the board in connection with application from J. Lewis Hall, on behalf of clients of Simonhoff and Simonhoff of Miami, Florida.

-----------------------------------------	-------------------------------------------------------------------------	-------

Joint written report was submitted by Mr. Elliot and Mr. Parker, making recommendations substantially as follows:

"That certain Murphy Act lands in Dade County were applied for by Simonhoff & Simonhoff, on behalf of clients, and were advertised for joint sale by Trustees of the Internal Improvement Fund and Everglades Drainage District; that upon bids being received and reported the Trustees declined to accept offers made owing to an oil lease having been issued on the land in the meantime; that Everglades Drainage District accepted bids and executed and delivered deeds.

"Clients of Mr. Hall and the Simonhoff's have applied to the Trustees for consummation of the sale held October 11, 1944, and have agreed to the following conditions:

"1. That the party of the first part (Trustees) hereby recognizes the ownership of the hereinabove described property by parties of the second part save and except the reservation of oil and mineral rights contained in the deed heretofore given by party of the first part to parties of the second part.

"2. Parties of the second part hereby accept, ratify and confirm the lease of the party of the first part to Superior Oil Company.

"3. That parties of the second part hereby sell, transfer and convey all of their rights, title and interest in and to said lease to party of the first part, hereby assigning to said party all rental proceeds derived from said lease, provided, however, that in the event that oil should be produced upon said lands while said lease is in force and effect that then in such an event party of the first part will pay unto parties of the second part one-half of all royalties received from such production of oil.

"4. Party of the first part hereby contracts and agrees that in the event oil is produced upon the property hereinabove described while said lease is in force and effect, that then and in such an event party of the first part will pay unto parties of the second part one-half of all royalties received by party of the first part under the terms of said lease.

"5. That upon termination of said lease or expiration thereof, all rights, title and interest of party of the first part in said lease and in and to oil rights in said lands shall cease and terminate save and except the reservation contained in the deed from party of the first part to parties of the second part.

"6. It is further understood and agreed that party of the first part shall collect the rentals and enforce all provisions and terms of said lease, and shall have full authority in the enforcement thereof as long as said lease will remain in force and effect, as if the complete title to the surface were held by said party, and that parties of the second part have no interest in or authority over said lease save and except to receive from party of the first part the portionate part of the royalties of oil produced from said lands and as hereinabove set forth."

Mr. Elliot and Mr. Parker recommended that the Trustees agree to deed the land described, and for which Everglades Drainage District executed deeds, and enter into an agreement embodying the foregoing conditions.

In addition to the report, Mr. Elliot brought out that other oil leases have been made on Murphy Act land and that the action in the instant case would establish a precedent which could be followed in other like cases under similar circumstances.

Motion was made by Mr. Larson that the Trustees accept the written report of Mr. Elliot and Mr. Parker and adopt their recommendations as the action of the board. Motion seconded by Mr. Mayo and upon vote carried.

Upon motion duly adopted, the Trustees adjourned.

Sinclair Wells, Land Clerk.

---

Mr. E. B. Casler, Jr. of Clearwater, Florida, requested that the Trustees issue correction deed in favor of client William P. Hayes. It was explained that through error The Contract & Investment Company conveyed the land in question to the Trustees—said company not having any title thereto—and it is now desired that the Trustees quitclaim the land erroneously deeded to the legal title holder. Mr. Wells explained that the subject had been taken up with the Attorney General and his recommendation was that a deed be issued to clear up the situation.

Motion was made by Mr. Watson that the Trustees authorize correction deed in favor of William P. Hayes for conveying the land in Section 15, Township 28 South, Range 15 East, Pinellas County, erroneously conveyed to the Trustees by The Contract and Investment Company. Motion seconded by Mr. Larson and upon vote adopted.

---

Application was presented from Douglas Silver, on behalf of Indian River Broadcasting Company, for an easement or lease covering an area of submerged land in Indian River, St. Lucie County, off the Fort Pierce water front, described as:

Beginning at a point where the seawall forming the western shore line of the Indian River intersects an extension of the north line of Block 7 of Riverside Addition to Fort Pierce, according to plat thereof recorded in Plat Book 3, Page 51, St. Lucie County, the area to be used for construction, maintenance and operation of a radio tower and appurtenances.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees authorize ten-year (10) lease

on the area described upon payment of annual rental of \$100.00. Upon vote the motion was adopted.

---

Offer of \$15.00 an acre was presented from Edward O. Denison of Fort Pierce, Florida, for land described as:

The North 440 feet of Government Lots 1 and 2,  
Section 30, Township 35 South, Range 41 East,  
containing 26½ acres in St. Lucie County.

Information was furnished that the land is of the character of pickle feed marsh and mangrove swamp, located on the Indian River, and backs up to ocean front property of applicant.

The land having been appraised at \$25.00 an acre, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer of \$15.00 an acre and make counter proposal to advertise the parcel for bids and objections provided applicant agrees to offer \$25.00 an acre on date of sale. Upon vote the motion was adopted and so ordered.

---

Mr. J. Kenneth Ballinger and Mr. A. R. Richardson came before the Trustees with application for sand lease in the Ochlockonee River from Georgia-Florida state line to a point where the river intersects the north boundary of Township 1 North, Range 2 West, said lease to be exclusive for a period of five (5) years with expiration date of March 1, 1951.

Upon discussion of the consideration for such lease, Mr. Richardson stated that they would pay ten cents (10¢) per cubic yard for an exclusive lease, paying in advance \$300.00 annually and depositing \$1,000.00 bond guaranteeing performance.

Governor Caldwell expressed the view that the area involved was rather large for tying up in an exclusive lease.

Mr. Watson remarked that he would be willing to give a lease on the area and if the company did well he would not be inclined to give any others in that area.

Motion was made by Mr. Watson that Mr. Richardson be given conditional lease at the rate of ten cents (10¢) per cubic yard; lease to be non-exclusive for a term of five (5) years, and if lessee makes a good showing as such under the lease, renewal thereof would

be favored. Motion seconded by Mr. Larson and upon vote adopted.

---

Application was presented from Julius F. Parker on behalf of George S. Dales offering \$10.00 an acre for

Tracts 106, 107, 108, 109 and 110, Sections 23, 27 and 35, Township 31 South, Range 39 East, containing approximately 264.45 acres in Indian River County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize the land advertised for competitive bidding based on offer of \$10.00 an acre. Upon vote the motion was adopted.

---

Request was presented from Charles E. Fisher of St. Petersburg, Florida, that the Trustees release the canal and state road right of way reservations in Deed No. 16341 dated January 6, 1912, issued to Thomas C. Hammond, conveying

Lots 1 and 2, Section 25, Township 31 South, Range 15 East, containing 21.95 acres in Pinellas County, Florida.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize release of the reservations requested. Upon vote the motion was adopted.

---

Offer of \$500.00 was submitted from B. F. Hughes of Fort Myers, Florida, for purchase of

Lot 15 on Porpoise Island, Township 44 South, Range 22 East, Lee County, Florida.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees decline offer of \$500.00 and make counter proposal to advertise the lot for competitive bids provided Mr. Hughes would agree to bid not less than \$600.00 on date of sale. Upon vote the motion was adopted.

---

Application was submitted from Richard R. Roberts of Islamorada, Florida, for five-year lease of two small islands in Florida Bay comprising approximately one

acre, for which he offered \$50.00 annually. Lease was desired for experimenting with the shrimp industry. Monroe County.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that matter be referred to the Conservation Department for report and recommendation. Upon vote the motion was adopted.

---

Application was submitted from Mr. Robert M. Skillman of Miami, Florida, for purchase of

Sovereignty land lying within the area of Section 16, Township 47 South, Range 43 East, Boca Raton, Palm Beach County, containing approximately 1 acre.

Information was furnished that the land applied for is bordered on the east and west by land of applicant.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees agree to advertise the land for objections only, provided Mr. Skillman will agree to bid not less than \$400.00 on date of sale. Upon vote the motion was adopted.

---

Offer of \$2.00 an acre was submitted from R. M. Zimmerman of Miami, Florida, for lease on an area of submerged land southeast of Garden Cove on Key Largo for the purpose of studying marine life.

Without objection this application was referred to the Conservation Department for report.

---

Mr. John M. Boring, representing a number of residents of Little Pine Island fill, presented their application for purchase of the parcels upon which their homes are built. The area in question begins at the west line of Government Lot 1 and follows the highway to the west line of Section 22, Township 44 South, Range 22 East, Lee County.

Upon discussion of the subject, motion was made by Mr. Watson that the applicants have the County Engineer prepare a plat of the entire area, indicating parcels occupied by present residents, the size of each lot, and that the remainder of the tract be divided into fifty-foot (50') lots; that the present occupants be protected to the extent of allowing purchase of a parcel

not in excess of fifty feet (50') on a basis of one dollar (\$1.00) per front foot, and any additional purchase to be at the current price for land. Motion seconded by Mr. Mayo and upon vote adopted.

---

Request was presented from S. J. Stubbs Lumber Company for eighteen (18) months' extension on Leases No. 321 and 322 dated June 5, 1943, for removal of timber required. It was explained that the leases call for removal of four million feet of timber and payment therefor on the basis of \$20.00 per thousand feet within two and one-half years from date of lease. Lessee has been unable to employ the necessary crew with which to remove the timber and desires an extension in time.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize extension of twelve (12) months on each of the two leases. Upon vote the motion was adopted.

---

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the Trustees decline to authorize lease in favor of Southern States Oil and Land Company for the purpose of searching for and removing precious metals and stones from submerged areas in Escambia, Santa Rosa, Okaloosa, Walton and Bay Counties for which he offered \$100.00 annually plus twelve and one-half percent royalty. Upon vote the motion was adopted.

---

The following applications were presented from Walter P. Fuller, on behalf of clients:

W. C. White offers \$575.00 for 5.75 acres of submerged land directly in front of his property located in Section 12, Township 31 South, Range 15 East, Pinellas County, and

Stewart E. Cloete offers \$335.00 for 3.35 acres of submerged land directly in front of his property located in Section 12, Township 31 South, Range 15 East, Pinellas County.

Report from Mr. Wells was that the two parcels had been examined by the Field Agent and the offers made were in excess of the value placed by him.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize advertisement of the two parcels for objections only, based on offers submitted by clients of Mr. Fuller. Upon vote the motion was adopted.

---

Application was presented from Bussey, Mann & Simmons of St. Petersburg, Florida, on behalf of Victor Chemical Works, offering \$50.00 an acre for

11.6 acres of submerged land in Section 2, Township 27 South, Range 15 East, Pinellas County.

The offer being less than the appraisal placed on the property, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline to accept \$50.00 an acre and make a counter proposal to advertise the land for objections only, provided applicant will agree to bid not less than \$60.00 an acre on date of sale. Upon vote the motion was adopted.

BY ORDER of the Trustees of Internal Improvement Fund of the State of Florida.

ATTEST: F. C. Elliot, Secretary  
Trustees I. I. Fund.

It was agreed that bids would be received on each section separately and also as one tract totalling approximately 2,880 acres made up of all sections advertised. Bids were offered by Dennis Small, J. C. Jackman and E. C. Mills, on separate sections, resulting in the highest bids being made by Mr. Mills as follows:

Section 8 .....	\$ 8.25 an acre
Section 9 .....	7.25 an acre
Section 10 .....	6.00 an acre
E $\frac{1}{2}$ Sec. 17 .....	10.25 an acre
Section 21 .....	7.25 an acre

The combined sections together with a school section were then put up for bids as one tract and the highest bid—\$34,500.00—was made by E. C. Mills.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the bid of \$34,500.00 made by E. C. Mills be accepted for sections advertised. Upon vote the motion was adopted.

Mr. G. L. Reeves, representing the Atlantic Coast Line Railroad Company, made application to the Trustees for right of way 200 feet wide through State land in Sections 6 and 8 of Township 45 South, Range 35 East, Palm Beach County. It was explained that a new sugar mill is to be constructed by South Okeelanta Growers and Processors and the railroad company has been asked to build a track to serve the plant. Location of the land was given as four miles west of Lake Harbor and east of Bare Beach.

Discussion was had on the application—the price to be paid for the land; the effect of an old lis pendens and whether an easement would be satisfactory.

Mr. Reeves asked that the Trustees pass the necessary motion that the matter be referred to the Attorney General for opinion as to whether the land could be granted to the railroad company, and if not then application for lease would be considered.

At the suggestion of Governor Caldwell, the Trustees referred to the Special Attorney the question of conveying its land, and to the Attorney General the question of conveying school land, and that Mr. Mayo and Mr. Elliot bring the matter up as soon as opinions can be furnished. It was so ordered.

It was explained that Mr. Dubbs as former owner made application for the land and on date of sale he was the highest bidder; that through error deeds were issued to Fred and W. F. Anderson and Mr. Dubbs asks that the land be again advertised and sold.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees allow protest requested by Mr. Dubbs for resale of Lots 6 and 7, Block 89, Grand Park, provided he immediately deposits with the Clerk

of the Circuit Court the necessary amounts. Upon vote the motion was adopted.

---

Application was presented from Clay County for conveyance of ,

Lot 6, Block "E", Shands Plat of Green Cove Springs,

with offer of \$50.00 for the lot. Information was furnished that the County purchased the lot from a company now out of existence but failed to have deed recorded; that there is a County warehouse on the property and in order to clear the title they offer one-fourth of the 1932 assessed value.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize conveyance of the lot under Chapter 21684 of 1943 in favor of Clay County at the price offered. Upon vote the motion was adopted.

---

Consideration was given to request from Indian River Farms Drainage District that the Trustees allow sale of the following described Murphy Act land in said district with a base bid of fifty cents (50¢) an acre:

Tracts 2 and 8 of Section 15, and

Part Tract 1 and all Tracts 2, 3, 5, 6 and 7 of Section 14, all in Township 33 South, Range 38 East, Indian River County.

Information was furnished that the land was being advertised for sale on March 18, 1946, based on action taken by the Trustees in 1943 that a portion of the land could be advertised at fifty cents an acre, however, it was understood by the Trustees in 1943 that the transaction would be closed within a reasonable time.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline to allow sale with base bid of fifty cents an acre and that the Clerk be notified that the sale could be held with bids starting at one-fourth the 1932 assessed value. Upon vote the motion was adopted.

Request was presented from City of Stuart that the Trustees convey to the City certain Martin County land described as,

30 foot private road south of S/D Bessey's Second Addition—part of Government Lot 6, Section 5, Township 38 South, Range 41 East,

for which they offer \$100.00, or one-fourth of the 1932 assessed value.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize conveyance of the parcel to the City of Stuart at the price offered, deed to be made under provisions of Chapter 21684, Acts of 1932, containing the condition that the land will be used perpetually as a public street. Upon vote the motion was adopted.

---

Letter was presented from Clerk of the Circuit Court of Volusia County requesting that he be allowed to eliminate mailing registered notices to former owners of approximately 110 lots in Tomoka Park, a boom-time subdivision. It was explained that the Special Case Committee had recommended advertisement of these lots upon application from Geraldine Littlefield with a base bid of \$330.00, but it was necessary to have authority from the Trustees for omitting sending notices.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees waive the rules and authorize the Clerk to omit the mailing of registered notices to former owner in the advertisement and sale of lots in Tomoka Park applied for by Geraldine Littlefield. Upon vote the motion was adopted.

---

Request was submitted for approval of Volusia County deed in favor of New Smyrna-DeLand Drainage District, issued under provisions of Chapter 22967 which provides for conveyance of Murphy Act land in said District for a consideration of \$100.00.

All requirements having been complied with, motion was made by Mr. Larson, seconded by Mr. Mayo, that the deed be approved for execution. Upon vote the motion was adopted.

Consideration was given to amending the "Guide of Procedure in the Sale of Land Under Chapter 18296" with reference to giving notice by registered letter to former owners. It was the view of the Trustees that sufficient time had elapsed within which former owners, if interested, could regain title to property now under the Murphy Act, and that the time and expense incurred in rendering this service was no longer necessary.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Guide of Procedure now in force be amended as follows:

That all that part of said Guide of Procedure relating to "former owner" as appearing on Pages 2, 3 and 4, be eliminated,

and that the Clerks of the Circuit Courts be notified of such action, which action makes it unnecessary to send registered notices to former owners. Upon vote the motion was adopted.

---

The Secretary called attention to a condition existing in connection with provisions of Chapter 21684, Acts of 1943, which provides for conveyance of land to certain public agencies without advertisement or public sale; that numerous cases have come up where application has been made by an individual for sale in the regular manner under Chapter 18296—in many cases the advertisement running and sale date set—and prior to issuance of deed a public agency applies for deed under said law first mentioned without an offer to pay for the land; that in some cases the Trustees have cancelled the advertised sale and conveyed to the public agency; that this condition is causing confusion and complaints. In order to avoid such situations it was suggested that applications be not accepted under Chapter 21684 covering parcels of land already applied for and for which bid has been deposited under Chapter 18296 in accordance with the rules of the Trustees.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the subject be referred to the Attorney General for opinion as to whether the Trustees would be justified in taking such action under provisions of the Act referred to. Upon vote the motion was adopted.

Request was presented from Lonnie Knight for allowance of protest to sale of Alachua County land January 23, 1946. Information was given that Notice did not reach Mr. Knight until after the time allowed for filing protests under the rule.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that protest be allowed as requested by Mr. Knight provided the necessary deposit is filed with the Clerk immediately. Upon vote the motion was adopted.

---

Consideration was given to application from City of Palmetto, Manatee County, for conveyance of

Lots 1, 2, 3, 4, 5, Block 3—N. S. Davis' ReSub,  
and Lot 5 Robinson's Subd.,

which the City desires in order that the property may be conveyed to the School Board for school purposes.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize conveyance to the City of Palmetto, Florida, of the lots described, deed to be made under provisions of Chapter 21684 for consideration of \$5.00, conditioned that the land be used for school purposes only. Upon vote the motion was adopted.

---

Application was presented from L. T. Millirons for release of State road right of way reservation in Deed No. 129—Gadsden County. Also presented was approval from the State Road Department for release of the reservation as requested.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize release of State Road right of way as requested by Mr. Millirons. Upon vote the motion was adopted.

---

Two applications were presented from the City of Jacksonville for conveyance of the following described property in Duval County:

17 lots in Grand Park Add. for widening and extending West 21st Street to become a part of a new State road to Callahan, and

Lot 9, Block 1—Marvin-Mason Realty Company's  
S/D for opening Dent Street.

No offer was made for the lots.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees decline to convey the lots without consideration and make counter proposal to deed under Chapter 21684 upon payment of one-fourth of the 1932 assessed value. Upon vote the motion was adopted.

Motion was made by Mr. Larson, seconded by Mr. Mayo, and duly adopted, that the following bills be approved and the Comptroller requested to issue warrants in payment therefor:

T. W. Brown, C.C.C., Nassau County .....	\$ 7.25
J. F. Cochran, Postmaster .....	134.24
J. F. Cochran, Postmaster .....	50.00
<b>TOTAL .....</b>	<b>\$141.49</b>

Mr. Elliot reported transfer for the month of March of the following amount to General Revenue Fund from receipts under Chapter 18296:

TRANSFER UNDER CHAPTER 20368

FROM FUNDS UNDER CHAPTER 18296

J. Edwin Larson  
State Treasurer

For transfer to General Revenue Fund \$50,000.00

Motion was made by Mr. Larson, seconded by Mr. Mayo and duly adopted that the Trustees disclaim interest in the following certificates, the opinion being that they evidence no title in the State under Chapter 18296, and that recommendation be made to the Comptroller that such certificates be cancelled; also that certificates issued in Sumter County covering land not located within that county but certified under the Murphy Act, be recommended to the Comptroller for cancellation:

Mr. D. C. Smith, Attorney for Fort Pierce Inlet District, submitted proposal to the Trustees for release of the "public purpose" provision in Deeds No. 17126 issued in 1923 and No. 17183 issued in 1924 to Fort Pierce Financing and Construction Company. Mr. Smith explained that Fort Pierce Financing & Construction Company has agreed to convey to the Inlet District the following described land:

All of the land owned by said company on Causeway Island north of State Road No. 162 and west of U. S. Coast Guard property, and all property owned by the Company on Causeway Island south of State Road No. 162 and west of a line drawn at right angles to said road 500 feet east of the easterly end of the concrete viaduct at the west end of Causeway Island,

in exchange for the following land owned by Fort Pierce Inlet District:

All land owned by the District on Causeway Island south of State Road No. 162,

also conditioned upon the Inlet District securing from the Trustees release of the "public purposes" clause in the two deeds referred to. In consideration for the release the Inlet District offers the Trustees \$50.00 an acre for the land to be deeded to said District by the Financing and Construction Company.

Upon consideration of the proposal, motion was made by Mr. Watson, seconded by Mr. Larson, that the matter be referred to the Attorney General and the Land Department for examination and report at the next meeting. Upon vote the motion was adopted.

---

Mr. J. Velma Keen, on behalf of Elmer E. Whittle, presented application to purchase

6.4 acres of submerged land in Section 24, Township 36 South, Range 17 East, Sarasota County,

for which he offered \$150.00 an acre. It was explained that Mr. Whittle owns an apartment house and the land applied for lies north and south and adjacent to his property.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees secure an appraisal of the property before taking action on the application. Upon vote the motion was adopted.

---

Mr. W. S. Middleton, Mayor of Pomona, Florida, requested that the Trustees reconsider former action taken in connection with sale of reclaimed land marginal to Lake Broward, Putnam County, and execute quitclaim deed to the town at a price of \$500.00 for approximately 300 acres.

Information was furnished that the Trustees had placed a value on this land of \$10.00 an acre, but in view of the circumstances it had been indicated an offer of \$5.00 an acre from the City of Pomona would receive favorable consideration.

Motion was made by Mr. Watson that the Trustees decline to change the price heretofore fixed on this property—\$5.00 an acre. Motion seconded by Mr. Larson and upon vote adopted.

Lot 4 of NW $\frac{1}{4}$  of SW $\frac{1}{4}$  of Section 5, Township 19 South, Range 23 East, Sumter County,

the lot to be used for public school purposes. Offer of \$5.00 accompanied the application, which amount was equal to one-fourth of the 1932 assessed value.

Motion was offered by Mr. Larson, seconded by Mr. Watson, that the Trustees accept the offer and authorize dedication of the lot for public school purposes. Upon vote the motion was adopted.

Consideration was given to request from Town of Apopka for conveyance under provisions of Chapter 20424 of 1941 of approximately 104 lots (in Orange County) formerly owned by the City.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees authorize conveyance of the lots applied for upon payment of \$1.00 per lot and the filing of evidence of former ownership as required in the Act. Upon vote the motion was adopted.

---

Mr. Elliot reported that pursuant to recent action of the Trustees, Melbourne-Tillman Drainage District had agreed to offer fifty-five cents (55¢) an acre for approximately 2745 acres, being all land owned by the State under the Murphy Act in said district, subject to regular advertisement and sale, in Brevard County.

Motion was made by Mr. Watson, seconded by Mr. Larson, that the Trustees authorize advertisement and sale of the lots applied for with a base bid of fifty-five cents an acre. Upon vote the motion was adopted.

We also are filing a master sheet of these separate tracts, numbering from 427 to 433, and

each item on the master sheet having its corresponding listing on one of the separate sheets first above referred to herein.

As stated, we recommend the authorization by the Trustees of the sale of the lands involved by separate tracts, for the minimum bid shown on each sheet under the line of "Committee Recommendation."

Respectfully yours,

At the meeting of the Trustees January 29th, authority was given to advertise Hendry County land for sale based on application from L. P. Austin, and the following Notice was published in the Clewiston News February 15th, 22nd, March 1st, 8th and 15th, 1946:

### NOTICE

Tallahassee, Florida, February 9th, 1946

NOTICE is hereby given that the Trustees of the Internal Improvement Fund of the State of Florida will offer for sale, and will receive competitive bids in Tallahassee, Florida, at 11:00 o'clock A. M. March 19th, 1946, for lands in HENDRY COUNTY, described as follows:

Sections 19, 20, 28, 30, 31 and 32, Township 45 South, Range 34 East; and

Sections 4, 6, 7 and 8, Township 46 South, Range 34 East.

THIS NOTICE is published in compliance with Sections 270.07, 270.08 and 270.09, Florida Statutes 1941.

The successful bidder is to pay the advertising cost.

The Trustees of the Internal Improvement Fund reserve the right to reject any and all bids.

BY ORDER of the Trustees of Internal Improvement Fund of the State of Florida.

Millard F. Caldwell, Governor.

ATTEST: F. C. Elliot, Secretary  
Trustees I. I. Fund.

The land was called out for bids starting with an offer of \$32,292.24 from L. P. Austin. Other bidders were C. B. Knowles and Solon Crews. Highest bid offered was \$45,000.00 from C. B. Knowles.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees confirm sale of the land described in favor of Mr. Knowles at the price bid. Upon vote the motion was adopted.

Mr. Watson asked that consideration be given to method of sale now used by the Trustees and whether

or not it would be advisable to continue sales under the general plan now in force.

Discussion was had as to length of the contracts now used and whether or not cash payments should be increased and reduction in the time for completing contracts.

Motion was made by Mr. Watson that the matter be referred to the Special Attorney, Mr. Parker, for recommendation as to any changes in the Trustees' plan of sale, with special reference to selection of land to be released from contract and amount of cash payment.

Mr. Parker was present and replied that he had been studying the contract plan and his recommendation would be that no material change be made as the Trustees had authority to cancel the contract at any time upon failure to make payments without the necessity of foreclosure; that title to the property remained in the State until completion of all payments and that the party taking contract was required to pay taxes.

Motion not having been seconded, failed of adoption.

The Trustees having considered application from Florida Humus Company at the meeting January 22nd, agreed to advertise certain lands in Orange County for bids and objections, and the following Notice was published in the Orlando Sentinel February 8th, 15th, 22nd, March 1st and 8th, 1946:

#### NOTICE

Tallahassee, Florida, February 6th, 1946

NOTICE is hereby given that the Trustees of the Internal Improvement Fund of the State of Florida will offer for sale, for objections and competitive bids, in Tallahassee, Florida, at 11 o'clock A. M. March 19th, 1946, the following described lands in ORANGE COUNTY, Florida, to-wit:

Those certain lands which formerly comprised a part of the bottoms of Lake Apopka which have been permanently drained and reclaimed, located between the lines of Government survey of the original margin of said lake and its present ordi-

nary high water mark, in Sections 10, 11, 12, 13, 14, 15, 23, 24 and 30, Township 21 South, Range 27 East, and in Sections 18 and 19, Township 21 South, Range 28 East, comprising 2610 acres. more or less.

Accurate description to be furnished with deed.

THIS NOTICE is published in compliance with Sections 253.36, 253.37 and 270.07, 270.08, Florida Statutes, 1941.

The Trustees of the Internal Improvement Fund reserve the right to reject any and all bids.

BY ORDER of the Trustees of Internal Improvement Fund of the State of Florida.

Millard F. Caldwell, Governor.

ATTEST: F. C. Elliot, Secretary  
Trustees I. I. Fund.

The land was called out for bids and objections. No objections were filed and the only bid received was made by Charles O. Andrews, Jr., representing Florida Humus Company, as follows:

\$1.00 per acre, or .....	\$2,608.22
Plus 3% interest from Dec. 15, 1892 .....	4,167.50
<b>TOTAL .....</b>	<b>\$6,775.72</b>

Mr. Andrews requested that the Trustees adopt a resolution which with the deed conveying the land would tie the present transaction with the old conveyance in 1892 and complete the title in his company.

Motion was made by Mr. Watson that the resolution be not adopted for the reason that in his opinion it incorrectly recited parts of the law with which it deals. Motion was lost for lack of second.

Motion was made by Mr. Mayo, seconded by Mr. Larson and duly carried that the bid of Florida Humus Company be accepted for the land and that the following resolution be adopted, Mr. Watson voting No:

#### RESOLUTION

WHEREAS, the Trustees of the Internal Improvement Fund by resolution adopted February 25, 1879,

entered into a contract with the Apopka Canal Company whereby said company agreed to enter and ditch and drain certain swamp and overflowed lands in Townships 20 and 21 South, Ranges 26, 27 and 28 East, in Orange and Lake Counties in consideration of the Trustees conveying title to it of four out of five acres drained and made suitable for cultivation; and

WHEREAS, said work was completed and approved by the Engineer for the Trustees and deeds to said land duly executed and delivered to the said Apopka Canal Company, including Trustees Deed No. 14,757 dated December 15, 1892, and

WHEREAS, said Deed No. 14,757 included lands for which the Swamp Land Patent was never issued to the State of Florida by the United States Commissioner of Lands, said lands being lake bottom lands, title to which vested in the State of Florida by virtue of its sovereignty, and having been permanently reclaimed in pursuance of said contract, and

WHEREAS, the authority of the Trustees to sell and convey such lands on December 15, 1892 was not clearly set forth by law but said authority was subsequently granted the Trustees by Chapter 7891, Laws of Florida 1919, now Sections 253.36 and 253.37 Florida Statutes 1941, and

WHEREAS, a survey has been made and map has been filed in the office of the Secretary of the Trustees, showing an accurate and complete description of said lands situate, lying and being in Orange County and on the northwesterly side of Lake Apopka, a general description of which is as follows:

The lands lying between the shore of said lake and what is known as Government Shore Line Survey of April 25, 1883, embracing land between said line and the present shore line of said Lake Apopka, as shown on Plat referred to. The said lands are located in Sections 10, 11, 12, 13, 14, 15, 23 and 24, of Township 21 South, Range 27 East, and in Sections 18, 19 and 30 of Township 21 South, Range 28 East. (Exact description of said land to appear in deed.)

WHEREAS, Apopka Canal Company claims to have returned said lands for taxation in Orange County for

the year 1893 and, together with its successors in title, claim to have paid State and County taxes thereon for each successive year including the year 1945, and

WHEREAS, The Florida Humus Company, and its predecessors in title including the Apopka Canal Company, claim to have been in open, notorious, continuous and peaceful possession of said lands since December 15, 1892, and

WHEREAS, the Florida Humus Company, the successor in title to the Apopka Canal Company, has made application for a confirmatory deed to said lands under the provision of Chapter 7891, Laws of Florida, 1919, (Sections 253.36 and 253.37 Florida Statutes 1941) and has bid for said land \$2,608.22, plus interest thereon from the date of the original deed at the rate of 3% per annum in the amount of \$4,167.60, and has offered to exchange lands owned by it in Lake County, Florida, as additional consideration for said lands under the provisions of Chapter 8525, Laws of Florida 1921, (Sections 253.42 and 253.43 Florida Statutes 1941), and

WHEREAS, notice of the application of the Florida Humus Company, to purchase such lands on competitive bids and subject to objections, has been duly published in the Orlando Reporter Star, a daily newspaper of general circulation, published in Orange County, Florida, on February 8, 15, 22 and March 1 and 8, 1946, and

WHEREAS, the bid and offer for exchange made by Florida Humus Company was the only bid and offer for exchange received when the land was offered for sale by the Trustees of the Internal Improvement Fund on March 19, 1946, at which sale there were no objections filed; and

WHEREAS, to sell and convey said land is in compliance with the contract entered into by and between the Trustees and the predecessors in title to Florida Humus Company,

NOW THEREFORE BE IT RESOLVED:

1. That the application made by Florida Humus Company to purchase the lands heretofore described be and is hereby accepted in accordance with said bid,

and that a deed conveying title to said lands be duly executed and delivered to Florida Humus Company, a Florida corporation;

2. That the offer made by Florida Humus Company to exchange the following described land in Lake County, and the deed conveying title in said land to Trustees of the Internal Improvement Fund, be accepted:

SE $\frac{1}{4}$  of NW $\frac{1}{4}$  of Section 33, Township 20 South,

Mr. Andrews brought up the question of oil and mineral reservations and requested that they be eliminated.

The Trustees were not agreeable to omitting the reservations and the request was not granted.

Mr. Paul Brown and Mr. Evans Crary, representing Sperti, Inc., submitted application for a lease to gather agar-agar bearing marine algae (a weed from which agar-agar is taken) from the waters of Florida extending from Port Inglis, south along the west coast of Florida up to and including the Florida keys, and also the inland waterways of Florida from St. Augustine down to and including Biscayne Bay region to Florida Keys. Mr. Brown made the following proposal: that his company would like to be protected by being given a lease under the same terms and conditions as lease No. 448 dated November 30, 1945; not exclude anyone else from gathering the weed, but in the event another lease be given that such lessee be required to construct a plant in the State approximately the same as required by Sperti, Inc.

Information was furnished that Lease No. 448 was for a period of ten (10) years with payment at the rate of \$1.00 per dry ton and a guaranteed payment of not less than \$500.00 annually.

Attorney General Watson suggested that the Trustees authorize lease to Sperti, Inc., covering the area described upon payment of annual rental of \$5,000.00; that the Trustees will not lease to any one who will not put up a plant in Florida under the same conditions required by Sperti.

Mr. Brown and Mr. Crary asked that they be given time to submit the proposal to their company, which was agreed to.

Later during the meeting Mr. Crary reported that he had talked with his company by phone and they asked that the Trustees have their attorney prepare lease along the lines discussed and send to said company for examination; that if that could be done he had reason to believe that it would be agreeable with his company. He also stated that Sperti, Inc., desired to hold its present Lease No. 448 and secure the new lease on the additional area.

Without objection the matter was ordered held pending preparation of the lease for submission to Sperti, Inc.

---

Mr. Watson retired from the meeting.

Mr. Archie Clements, City Attorney, and Mr. Fred H. Howard, Mayor, presented application on behalf of the City of Tarpon Springs, Florida, for conveyance of approximately 222 lots for which an offer of \$2.00 per lot was made. It was explained that the City desired to acquire the lots for construction of veterans' homes.

Governor Caldwell asked if the sale would be made with the understanding that all lots would be sold to veterans, to which Mr. Clements replied that the City planned to offer the lots to veterans without cost but asked that the Trustees not make a requirement of the transaction that the lots be sold only to veterans for the reason that they did not believe there would be that number making application to build; that the City would like to acquire the lots in order that they be placed on the assessment roll and bring in revenue to the city; also that approximately 44 of the lots would be used in connection with the airport for public purposes.

Motion was made by Mr. Watson that the Trustees accept the offer of \$2.00 per lot with the understanding that veterans will have preference in the acquisition of lots, without cost, according to whatever sale program the City may have. Motion seconded by Mr. Larson and upon vote adopted. Deed was directed drawn under provisions of Chapter 21684 of 1943, in favor of the City of Tarpon Springs.

Request was submitted from Thos. H. Horobin for two right of ways for constructing bridges from the village of Surfside to property purchased by him in Dade County, sale of which was confirmed this date. Easements requested are designated as follows:

1. In prolongation 50 feet wide each side of the center line projected westwardly from 96th Street in Surfside from the high water mark on the Easterly shore of Indian Creek to the bulkhead line of property proposed to be bulkheaded and filled; and
2. In prolongation 50 feet wide each side of the center line projected westwardly from 95th Street in Surfside from the high water mark on the Easterly shore of Indian Creek to the bulkhead line of property proposed to be bulkheaded and filled.

Mr. Elliot explained that it would be necessary for Mr. Horobin to have easements from the State before he could get a War Department Permit to cross navigable waters.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees grant request from Mr. Horobin for the two easements. Upon vote the motion was adopted.

---

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline to renew Grazing Lease No. 109 in favor of Lykes Brothers, expiring August 24, 1946, involving 174.53 acres in Sections 27 and 34, Township 40 South, Range 32 East, Glades

County, said request having been submitted by J. H. Holloway. Upon vote the motion was adopted.

Offer of \$5.25 an acre was presented from Sherrill Dillard of Emporia, Florida, for purchase of

Lots 1 and 2, Section 21, Township 15 South, Range 27 East, containing 77.89 acres in Lake County.

Motion was made by Mr. Larson that the offer be declined and counter proposal made to Mr. Dillard to advertise the land for competitive bids provided he agrees to bid not less than \$7.50 an acre on date of sale. Upon vote the motion was adopted.

---

Application was presented from Florida Inland Navigation District for spoil area in Flagler County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize easement as requested for Maintenance Spoil Area No. 3100-A involving 25.8 acres in Township 12 South, Range 31 East, Flagler County. Upon vote the motion was adopted.

Mr. Chester Ferguson, representing Arnold Oil Explorations, Inc., presented request for execution of oil lease on the area south of the Pasco County line covered in their Exploration Contract and Option to Lease No. 224.

The Trustees having heretofore requested opinion from the Special Attorney, Julius Parker, as to whether the 1945 Acts would have any effect on Contract No. 224, report was submitted giving his opinion as follows:

"It is my opinion that if the Trustees of the Internal Improvement Fund find that Arnold Oil Explorations, Inc. has complied with all of its obligations under the original contract of October 4, 1941, that the Trustees of the Internal Improvement Fund are obligated to execute a drilling lease in accordance with the form appended to the original contract and without material variations therefrom, without mutual agreement between the parties. It is my opinion however that all of the acts passed subsequent to the execution of this contract on October 4, 1941, which are valid exercises of the police power of the State, would be applicable to any leases affected now in pursuance of the contract. I refer specifically to the acts relative to the conservation of oil and gas and all other acts which are valid exercises of the police power and which do not impair the obligation of the original contract."

Discussion was had as to the terms of the lease form attached to the contract and the requirements for drilling wells, the Governor being of the opinion that the drilling requirements were not sufficient.

Mr. Larson expressed the view that there should be some definite commitment as to drilling of the wells; that he had been opposed to execution of any lease to the Arnold interests under their Contract No. 224 feeling that they had not complied with the contract as to exploration work.

Motion of Mr. Lee to execute and deliver the lease in accordance with findings of the Board more than a year ago was lost for want of a second.

Consideration was given to whether or not the objections had been withdrawn from the coast and beach communities around Tampa, St. Petersburg, Clearwater, Sarasota and Bradenton, Mr. Mayo and Mr. Larson having expressed the opinion that they would like to be satisfied as to whether or not their objections had been met by laws enacted in 1945.

Mr. Ferguson was of the opinion that the laws enacted at the 1945 session of the Legislature gave ample protection to beach property. He also asked if the Trustees would be agreeable to executing the lease provided his clients would agree to a provision in the lease requiring that within one year the lessee will commence drilling one well to a depth of not less than ten thousand feet and pursue until oil or gas is encountered or it is definitely determined that they cannot proceed, unless oil or gas is found at a less depth; that in the event the well is abandoned before reaching ten thousand feet that another well be commenced.

Motion was made by Mr. Mayo, seconded by Mr. Lee that the lease be granted with the additional condition for commencing the drilling of a well within one year to a depth of not less than ten thousand (10,000) feet. Upon vote the motion was adopted.

Information furnished was that the lease would cover the areas south of the south line of Pasco County covered in Contract No. 224 and will be designated as follows:

All water bottoms of the Gulf of Mexico within 3 leagues (10.36 statute miles) of the ordinary high water mark of the outermost shore included within Drilling Blocks 14-A, 15-A, 16-A, 17-A, 18-A, 19-A, 20-A, 21-A, 22-A, 23-A and 24-A;

All submerged lands and water bottoms of all bays, sounds and bayous of the Gulf, and adjacent Government water front lots contiguous to water bottoms of the Gulf of Mexico, in Drilling Blocks 14-A to 24-A, both inclusive, included within Drilling Blocks 1-B, 2-B, 3-B, 4-B, 5-B, 6-B, 7-B and 8-B;

Also bottoms of and water bottoms adjacent to rivers hereinafter named which flow through natural channels into the Gulf of Mexico, to-wit: Myakka, Manatee, Little Manatee, Alafia, Caloosahatchee (from its mouth to LaBelle Bridge) included within Drilling Blocks 1-C and 2-C.

Mr. R. A. Gray, on behalf of the State Board of Conservation, submitted bids for printing 1,000 copies of Chapter 22819 of 1945—Oil Lease Act—about 25

pages—with information that Bulkley-Newman Printing Company had made the lowest offer.

Upon discussion as to the fund from which the printing could be paid, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees of the Internal Improvement Fund be billed for the cost of the work. Upon vote the motion was adopted.

---

Mr. Willis G. Waldo, President of Florida Ramie Products, Inc., appeared before the Trustees and explained that there had been some changes in the Reconstruction Finance Corporation in Washington and it had ruled against the offer from Florida Ramie Products, Inc. to assume all expense in connection with drainage of certain land on which the State was to produce ramie, giving as its reason that title to the land was not in the company.

It was the opinion of the Trustees that it would be advantageous to pay for the drainage of this land, whereupon, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees make available \$20,000.00 for draining the

S $\frac{1}{2}$  of Section 16, and All Section 20, in Township 43 South, Range 37 East, Palm Beach County, Florida,

with the understanding that the drainage work would be done by prison labor under the supervision of Florida State Farm No. 2. Upon vote the motion was adopted and so ordered.

---

The Secretary requested authority to purchase an acreage atlas covering each of the counties of Dade, Broward and Palm Beach at an estimated cost of \$120.00.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize purchase of the maps requested. Upon vote the motion was adopted.

---

Action was deferred until the next meeting on consideration of rules and regulations submitted by Mr. Elliot for administering the Veteran's Homestead Act—Chapter 22819 of 1945.

Upon vote the motion was adopted and the applications denied.

---

Application was presented from E. M. Magaha, on behalf of W. A. Williams, for sand and shell lease in the Gulf waters near Estero Beach, Lee County, for which he offers to pay twenty cents (20¢) per cubic yard, or fifty cents (50¢) per load.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees authorize one-year sand and shell lease in favor of W. A. Williams upon payment of 50 cents per load. Upon vote the motion was adopted.

---

Application was presented from A. M. Collins, on behalf of Ocala Manufacturing Ice & Packing Company, for extension of one year on Timber Lease No. 351 providing for removal of timber from

Lots 7 and 8 and N½ of Lot 9, Section 30, Township 6 South, Range 20 East; Bradford County.

The Trustees having deferred action last week pending further information, Mr. Wells presented letter from Mr. Collins explaining that while he was in the service it was impossible to get the timber cut and since his return the labor situation has been such that very little timber has been taken out; that owing to high water the crew can work only a few months out of the year and he will be unable to cut the timber he has paid for by expiration of the lease.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees authorize extension of one year on Lease No. 351 as requested by Mr. Collins. Upon vote the motion was adopted.

---

Mr. Wells reported that Walter and David Cooper, holders of a lease for taking sunken logs from the Suwannee River, had made no showing towards taking out timber under the lease and that he had notified lessees that unless some showing is made immediately he will recommend that the Trustees cancel the lease.

Offer of \$100.00 an acre was presented from Lamar Johnson of Lake Worth, Florida, for purchase of

30 acres of reclaimed lake bottom land in Section 16, Township 44 South, Range 43 East, Palm Beach County.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the Trustees decline offer and make counter proposal to advertise the land for competitive bids provided applicant will agree to bid not less than \$150.00 an acre on date of sale. Upon vote the motion was adopted, Mr. Watson voting No.

---

Mr. Wells reported that on March 5th the Trustees granted lease to Southern States Oil and Land Company, upon application from Jas. B. Hammond, but that the required payment had not been made to date.

The Trustees directed that Mr. Hammond be notified that unless payment was received by Thursday, April 11th, 1946, the action taken would be rescinded and lease cancelled. It was so ordered.

---

Mr. Thomas L. Glenn, Jr. of Sarasota, Florida, appeared before the Board in connection with W. B. Harvard Mortgages No. 17542, No. 17543 and No. 17545 covering land in Sarasota County purchased by Mr. Harvard and Thomas L. Glenn, Sr. in 1925 at a price of \$40.00 an acre. Information was furnished that \$10.00 an acre cash was paid on the land but no further payments made; that in December 1931 Mr. Harvard abandoned his interest in favor of Mr. Glenn; that taxes have become delinquent on the land and tax certificates issued until the Trustees notified the Clerk to not issue certificates on the land under mortgage; that he and his father have attempted to clear up as much of the taxes as they could and now make request that the Trustees convey to him land equal to cash payment and allow him to purchase the remainder of the land under mortgage.

Mr. Wells reported that the title to the land is back in the State, the mortgages having been foreclosed.

Upon discussion of the subject, motion was made by Mr. Watson, seconded by Mr. Mayo, that Mr. Glenn be requested to submit the complete proposition in

writing and when received that it be referred to the Land Department and the Attorney General's office for recommendation to the Board. Upon vote the motion was adopted.

---

Letter was presented from Hudson Pulp & Paper Corp. (Southern Division) requesting that the Trustees give written consent to accompany application to the War Department for a permit to dredge a channel, construct sheet pile dock and raw water pump house and to cross Rice Creek with a pipe line, all to be used in connection with a paper mill to be located near Palatka.

Mr. Elliot recommended that the Trustees interpose no protest, provided the proposed pipe line crossing Rice Creek does not impair the navigable capacity of the creek as the same be provided for in War Department permit for such crossing.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the request from the Pulp Company be granted under the condition as recommended by Mr. Elliot. Upon vote the motion was adopted, Mr. Watson voting in the negative.

---

The Secretary presented proposed rules and regulations in connection with Chapter 22860, Acts of 1945—; Veteran's Homestead law.

Mr. Thomas L. Glenn, Jr. asked that consideration be given to cases similar to one in his county where a soldier applied to homestead forty (40) acres, part of which was owned by the State and the remainder by the County; that the law called for one application only from any veteran, and he wondered if there could be some way worked out to allow one application to cover the two classes of land.

• Mr. Elliot was of the opinion that something could be worked out in cases of the kind referred to by Mr. Glenn.

Consideration was given to the different classes of land to be made available for homestead and other features of the act.

All of the members not having had opportunity to study the proposed rules and regulations, Mr. Watson

suggested that action be deferred one week, which was agreed to and so ordered.

---

Request was presented for Dade County correction deed to substitute name of grantee—Dade Developers,

Inc., for Fred W. Vanderpool, Receiver, said receivership having been terminated. Information was furnished that the Attorney General's office had approved correction requested.

Motion was made by Mr. Watson, seconded by Mr. Mayo, that the Trustees authorize execution of Dade County Deed No. 3594-Cor. to Dade Developers, Inc. Upon vote the motion was adopted.

Two applications were presented for release of reservation for State road right of way—one in Bay County and one in Hillsborough County—accompanied by recommendation from the State Road Department that the reservations be released.

Motion was made by Mr. Mayo, seconded by Mr. Watson, that the following deeds be executed, releasing road reservations as recommended by the Road Department:

Bay County Q.C. Deed No. 633—To E. E. Brewton  
 Hillsborough County Q.C. Deed No. 667—To Ben-  
 nie Elmer Springer.

Upon vote the motion was adopted.

---

Letter was presented from Attorney General Watson giving opinion on the subject of "superiority among various groups who may, under the provisions of Chapter 21684, 1943, acquire Murphy Act lands." The body of the opinion is as follows:

"I do not find in Chapter 21684 that any one of the several classes of applicants, who may apply for this type of land, may be given a preference over any other class of applicants, and it is my belief that, in the situation recited in your letter, the individual is entitled to a deed who under paragraph (1)(a) of the act became the successful bidder at a regular Murphy Act sale, although later a municipality made application under paragraph (1)(b) for the same land. The municipality, under Chapter 21684, has no higher rank or precedence which would justify the Trustees in rejecting the bid of the individual and conveying the property to the municipality which is the subsequent applicant.

“It is my opinion that these lands should be conveyed pursuant to Chapter 21684 to the first applicant who meets all the requirements of the law.”

Motion was made by Mr. Mayo, seconded by Mr. Watson, that applications under Chapter 21684, 1943, be handled according to opinion from the Attorney General. Upon vote the motion was adopted.

---

Letter was presented from Mr. Manley P. Caldwell, Attorney for Everglades Drainage District, asking that the Trustees consent to sale of the land heretofore withheld from sale and designated as a conservation area. Mr. Caldwell attached copy of letter from James A. Dew making application to purchase certain of these lands and representing that his clients own 4540 acres surrounding the conservation area.

Also letter was presented from Palm Beach County Resources Development Board—R. J. Blank, Manager—asking that the Trustees refrain from selling any of the land in the conservation area for the reason that the lands are submarginal and their highest and best use would be for water conservation.

Motion was made by Mr. Watson that the Trustees continue the present policy of not selling any land in the area in question until some official action is taken by Everglades Drainage District. Motion seconded by Mr. Mayo and upon vote adopted.

---

Letter was presented from Mr. Manley P. Caldwell, Attorney for Everglades Drainage District, together with copy of deed used by the district in joint sale of Murphy Act lands. The letter was for the purpose of consulting the Trustees as to any objection they might have to change in the deed form eliminating the reservation for road easements, the purpose being that a general clause be substituted.

The Trustees were of the opinion that no action was necessary for this Board to take.

---

The Secretary called attention to action of the Trustees March 19th, in connection with application from City of Tarpon Springs to purchase certain lots

within the city limits, the main use to be for veterans' homes.

After reviewing the former action, motion was made by Mr. Watson that the Minutes of March 19, 1946, recite the motion as adopted and that the Trustees now agree on interpretation of the motion as follows, to-wit: That the Murphy Act deed contain a recital that for a period of six months preference will be given to veterans, thereafter land to be open for sale by the City without any such preference, and, further that the State deed require and recite that at the end of the six months period a resolution be adopted by the governing body of the City of Tarpon Springs, Florida, to the effect that the City has pending no applications from veterans, which shall be conclusive evidence that the property may be sold without further preference. Motion seconded by Mr. Mayo and upon vote adopted.

---

Motion was made by Mr. Mayo, seconded by Mr. Watson and duly adopted, that the Trustees disclaim interest in the following certificates, the opinion being that they evidence no title in the State under Chapter 18296, and that recommendation be made to the Comptroller that such certificates be cancelled:

Proposal was submitted from C. L. Leggett for exchange of land owned by him in Madison County for other land owned by the State, under the Murphy Act, in Taylor County.

Information was furnished that a subdivision known as Eridu is divided into lots and blocks and is located in Madison and Taylor Counties; that the Tax Assessor of Madison County assessed all the subdivision in his county for the years 1928 through 1943, and Mr. Leggett paid the taxes in Madison County on all the land except Block "L", which resulted in that part of Eridu lying in Taylor County coming to the State under the Murphy Act. Rather than go through the procedure of securing refund of the tax erroneously paid, Mr. Leggett requests that the Trustees exchange land with him.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize exchange under the provisions of Chapter 21684 of 1943, the State conveying to Mr Leggett

Mrs. J. V. Keen, on behalf of Mr. J. F. Burket, presented offer of \$100.00 an acre for sovereignty land lying adjacent to upland property and being described as located

East of Lots H, I, J, K, L and M of Plat of Schutts  
Sub. of Government Lot 4, Section 1, Township

Mr. Keen and Mr. Burket were present and explained that the area had been filled and cottages had been built on the property; also that Mr. Burket and associates had been paying taxes on the filled property for seven or eight years.

Information was also furnished that the area was originally mangrove swamp and had been filled in and improved by the Brotherhood of Locomotive Engineers and a number of buildings erected thereon; also that an adjoining tract had been sold recently at a price of \$220.00 an acre.

Upon discussion of the subject, Mr. Burket raised his offer to \$220.00 an acre.

Attorney General Watson requested reconsideration of application from Mr. Kenneth Ballinger and Mr. A. Richardson for sand lease in Ochlockonee River, presented to the Trustees February 26, 1946. Mr. Watson explained that applicants desire an area that does not conflict with any other lease, for which they agree to pay ten cents (10¢) per cubic yard and a guaranteed minimum annual royalty of \$300.00 in advance. They want lease to carry a provision that the Trustees will not lease the same area to anyone else.

Governor Caldwell expressed the view that the minimum royalty payment should be boosted and also that he was not in favor of granting exclusive leases over large areas.

Mr. Wells reported that at the time of the application two other leases in the same territory were in the process of execution but since that time one had given up his rights.

After discussion of the subject, motion was made by Mr. Watson that the Trustees authorize five-year sand lease to Mr. Richardson and Mr. Ballinger covering the area requested, except where lease is outstanding, upon payment of ten cents (10¢) per cubic yard. Motion seconded by Mr. Mayo and upon vote adopted.

Mr. Watson suggested that the applicants be notified verbally that the Trustees will not make any other lease for the present on the area covered by their lease.

Governor Caldwell agreed that it would be satisfactory with him that the present policy of the Board be that leases will not be granted in an area already under lease, but would not be agreeable to making it a permanent policy.

Motion was made by Mr. Watson, seconded by Mr. Mayo and duly adopted, that the Trustees approve the following listed salaries, expense accounts and miscellaneous bills and authorize the Comptroller to issue warrants in payment therefor:

Re: Report on Murphy sales  
in Special Cases.

Gentlemen:

Your committee undersigned, having examined the list of properties submitted to it by the Secretary-Engineer of your Board, representing Murphy land sales for prices considered insufficient, does hereby recommend the sale of said lands for the minimum base bid shown upon sheets numbered from 434 to 446, dealing separately on each sheet with each separate tract, the said sheets being made to accompany this report and enclosed herewith.

We also are filing a master sheet of these separate tracts, numbering from 434 to 446, and each item on the master sheet having its corresponding listing on one of the separate sheets first above referred to herein.

As stated, we recommend the authorization by the Trustees of the sale of the lands involved by separate tracts, for the minimum base bid shown on each sheet under the line of "Committee Recommendation."

Respectfully yours,

NATHAN MAYO

Mr. Elliot having reported that the Attorney General's office approved granting the request, motion was made by Mr. Watson, seconded by Mr. Mayo, that the Trustees disclaim interest in the certificate for the reason that it vested no title to the land in the Trustees. ATTEST: F. C. Elliot, Secretary.

---

Tallahassee, Florida,  
May 15, 1946.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. Edwin Larson, Treasurer.  
Nathan Mayo, Commissioner of Agriculture.

---

F. C. Elliot, Engineer and Secretary.  
Sinclair Wells, Land Clerk.

---

Motion was made by Mr. Larson, seconded by Mr. Mayo, that Minutes of the Trustees dated March 5th, 12th, 19th, 26th, April 2nd, 9th and 16th, 1946, be approved as presented. Upon vote the motion was adopted.

---

Application was presented from Cummer Sons Cypress Company for five-year lease to remove dead head logs in the Suwannee River and its navigable tributaries, from Branford south to the mouth of the river, through Suwannee, Lafayette, Gilchrist, Dixie and Levy Counties. The Company offers to pay the Trustees \$10.00 per thousand, Doyle Log Scale, for the logs removed and agrees to defend their right to take them from the river, will save the State harmless against any claim by other parties and agrees to remove not less than \$500.00 worth of timber per year.

The Trustees were not agreeable to authorizing lease on the basis of \$10.00 per thousand, whereupon motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees make counter proposal to execute lease on the basis of \$12.50 per thousand feet with provision for annual payment of not less than

\$500.00, and the further provision that the Company will save the Trustees harmless against claims from other parties to logs in the bed of the river. Upon vote the motion was adopted.

Mr. R. C. Bowers, representing Cummer Sons Cypress Company, asked that he be given a few days to contact his company and the Board agreed to hold the matter open until Tuesday, May 21st.

---

William J. Bulloch of Monticello, Florida, submitted application to purchase or lease two islands commonly known as Rock Island, approximately one mile offshore from the mainland and two and one-half (2½) miles West of the mouth of the Fenholloway River in Taylor County, containing 10 acres.

The Trustees were not in favor of selling the two parcels, whereupon, motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize five-year non-exclusive lease upon payment of \$10.00 annually, it being understood that the area will not be posted, and lessee to have privilege of renewal on terms to be agreed upon. Upon vote the motion was adopted.

---

Action of the Trustees on February 26, 1946, was reconsidered based on new application from J. Kenneth Ballinger on behalf of A. R. Richardson. Proposal submitted was for lease covering the bed of Ochlockonee River between high water lines from the township line between Townships 1 and 2 North, Range 2 West, northeasterly to the Florida-Georgia State line, being approximately 15 miles, with minimum royalty payment of \$300.00 annually in advance to be applied against total payment at the rate of ten cents (10¢) per cubic yard, and the filing of \$1,000.00 bond as guarantee of performance. Applicant requests that the non-exclusive clause be eliminated and agrees to have as a part of the lease an exception of the one-mile area under lease to H. W. Grimsley so long as said lease remains current.

Upon discussion of the application, the Trustees were not agreeable to eliminating the non-exclusive clause but indicated that so long as price of the material

was not exorbitant there would be no disposition on the part of the Board to grant other leases in that area.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize five-year non-exclusive lease in favor of Mr. Richardson over the area described and upon terms and conditions as outlined. Upon vote the motion was adopted.

Mr. Julius Parker and Mr. Wells were requested to work out a lease which would be suitable and carry out the provisions as discussed.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the following applications be denied, the appraised value in each case being in excess of the offers made:

T. T. Turnbull, on behalf of Stevens & Company of Mobile, Alabama, permit to dredge shell in Choctawhatchee Bay, in Okaloosa and Walton Counties, and East Bay in Bay County, under terms as existing Lease No. 353 in another area; Southern States Oil and Land Company offers to pay \$100.00 an acre for approximately 76 acres of land created by Government dredging marsh and tidal flats at what is known as Camp Belle, Carrabelle, Franklin County;

Dr. J. N. Gilbert offers \$1565.00 or an average of \$22.25 an acre for Lots 2, 3 and 4, Section 32, Township 35 South, Range 30 East, containing 70.31 acres in Highlands County;

W. A. Bishop of Palmetto, Florida, offers \$30.00 an acre for purchase of NE $\frac{1}{4}$  of SW $\frac{1}{4}$  of Section 29, Township 34 South, Range 18 East, containing 40 acres in Manatee County;

Dave King, City Manager of Key West, Florida, on behalf of City Commissioners, offers \$6.00 an acre for bay bottom lands within the confines of Garrison Bight, located adjacent to Roosevelt Drive in Key West, Monroe County;

Barton & Barton of St. Petersburg, Florida, on behalf of Wilson M. Hubbard, offers to pay \$75.00 an acre for 8.26 acres of submerged land known as Daisy Key Reef, Boca Ceiga Bay,

located in Section 18, Township 32 South, Range 16 East, Pinellas County;

W. R. Kenoyer of St. Petersburg, Florida, offers \$82.50 an acre for 10 acres of tidal land in Boca Ceiga Bay, Pinellas County;

Mr. and Mrs. Robert A. Hornecker offer \$300.00 for approximately 5 acres of submerged land adjacent to their upland property in Section 12, Township 27 South, Range 15 East, Pinellas County;

Williams and Dart, Sarasota, Florida, on behalf of Karl Bickel, offer \$75.00 for 0.5 of an acre of submerged land in Sarasota Bay, Sarasota County.

Upon vote the motion was adopted and the offers declined.

---

Request was presented from R. M. Zimmerman of Miami, Florida, that the Trustees increase the acreage in lease granted him March 5th, to fifty acres, as the reef on which he will operate comprises 50 acres and the Coast Guard will mark off the entire area as dangerous to navigation. The lease granted March 5th involved 10 acres in Monroe County, southeast of Garden Cove on Key Largo at an annual rental of \$2.00 per acre, to be non-commercial and for experimental purposes only.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees defer action and that the request be referred to the Conservation Department for report. Upon vote the motion was adopted.

---

Offer of \$150.00 an acre was submitted from G. M. Simmons of Titusville for purchase of submerged areas in Indian River facing upland lots owned by applicants in Titusville, Brevard County.

Motion was made by Mr. Larson that the Trustees have the land appraised before taking action on the application. Motion seconded by Mr. Mayo and upon vote adopted.

Application was presented from Southern States Oil and Land Company for permit to search for and remove precious metals and stones and non-ferrous metals from the under-water areas in Gulf, Franklin, Wakulla, Jefferson and Taylor Counties. The Company offers \$100.00 annually for said permit and 12½ per cent royalty on recoveries.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees grant request of Southern States Oil and Land Company and execute lease for one year at the price offered. Upon vote the motion was adopted.

---

Application was presented from T. T. Turnbull, on behalf of Ashley Johnson, for ten-year lease on submerged river bottoms adjacent to upland property of the State Road Department located near the Ochlocknee Bay bridge on State Road No. 10 in Franklin County. Area applied for comprises a parcel 50 feet by 20 feet on which to locate a wharf, and applicant offers to pay \$100.00 annually with option to renew. Lease from the Trustees will be contingent upon receiving lease from the State Road Department.

Action on the application was deferred pending information from the State Road Department as to whether that agency would have any objection to such lease from the State, the Trustees indicating that they would be agreeable to executing lease provided there were no objections. It was so ordered.

---

Request was presented from J. Ben Fuqua, representing Bradenton Dredging Company, for extension of Shell Lease No. 61 to include the water bottoms between the Atlantic Coast Line and Seaboard Airline railroad bridges and they offer to increase the minimum monthly payments from \$10.00 to \$20.00, the lease to be for a period of five years.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees approve extension of Lease No. 61 for a period of five years, including the additional area and requiring minimum monthly payment of \$20.00. Upon vote the motion was adopted and lease authorized.

Application was presented from Clifford A. Payne of Jacksonville, Florida, offering \$100.00 for an area of tidal marsh land adjacent to Section 47, Township 1 South, Range 28 East, and bordering the St. Johns River, Duval County. It was estimated that the tract comprises between twenty and thirty acres.

Motion was made by Mr. Larson that the Trustees decline offer submitted and make counter proposal to accept \$150.00 subject to advertisement for objections. Motion seconded by Mr. Mayo and upon vote adopted.

---

Request was presented from W. H. and Juanita E. Powell for permission from the Trustees to assign Fishing Camp Lease No. 431 to William C. Blackwell, said lease covering a small tract of land adjoining the Overseas Highway in Monroe County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees grant permission for assignment of the lease as requested. Upon vote the motion was adopted.

---

Mr. Wells reported that the Trustees had a number of mortgages, delinquent in payments for many years, and unless the drainage taxes were paid up and certificates redeemed, the land would revert to Everglades Drainage District; that he had taken the matter up with the District and it had agreed to withhold action until consideration could be given by the Trustees.

Upon discussion of the number of mortgages now delinquent, motion was made by Mr. Mayo, seconded by Mr. Larson, that all such mortgages be turned over to Mr. Julius Parker, Attorney for the Trustees, with request that they be foreclosed as soon as possible. Upon vote the motion was adopted.

Motion was also made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize payment of delinquent taxes and redemption of tax certificates on lands covered by delinquent mortgages. Upon vote the motion was adopted.

---

Mr. Wells presented Notice of land advertised for sale on May 7th, pursuant to action of the Trustees

Mr. Elliot having reported increase in the Murphy Act work and the necessity for additional help, motion was made by Mr. Mayo, seconded by Mr. Larson, that he be given authority to employ an additional clerk to assist in his office. Upon vote the motion was adopted.

---

Request was made for approval of conveyance under Chapter 21684, Acts of 1943, of a large number of lots in the following designated areas:

 All in Dade County, Florida.

The Secretary explained that title to the land vested in the Trustees under the provisions of Chapter 14717, Acts of 1931—the Everglades Act—and there were Murphy Act certificates against the property; that conveyance under the above chapter would merge title in one agency—Trustees Internal Improvement Fund.

A delegation composed of Luther Jones, R. L. Braddock and R. Y. Creech, representing approximately twenty (20) owners of land on Kraemer, Torry and Ritta Islands in Lake Okeechobee, designated as Islands Improvement Association, came before the Trustees with request for assistance in providing dykes around these islands. Written statement was submitted out-

lining the plans of the association substantially as follows:

Owners of several hundred thousand acres of land contiguous to Hillsboro and West Palm Beach Canals have requested Everglades Drainage District to organize improvement districts for making those canals effective in flood and water control; only lands to be improved will be taxed; United States Engineers have held hearings to investigate the feasibility of the plans and the advisability of participation by the Federal Government; approximately 1500 acres of high land on the islands are useless at a lake level of 15.5 to 17 feet; since building of the Federal dyke tillable seasons have been so short crops could not be expected; in order to carry on the outside work proposed, the United States Engineers and the engineers of the land owners have agreed that a dyke will enable owners to use these lands but the cost of such dykes will be prohibitive for land owners alone. The association believes a favorable report will be submitted on the basis of the owner, the State and Federal Government cooperating in construction of the dyke. The State is requested to join the owners and the Federal Government by selling State lands between the meander line and the line of the proposed dyke to highland owners individually (at a price of \$50.00 an acre) and to contribute monies received from these sales, or as much as is necessary to insure an equitable contribution on the part of the State. In order to insure financial participation by land owners, Mr. Manley Caldwell has been engaged in forming drainage districts on each of Kraemer, Torry and Ritta Islands for the purpose of producing money. Participation by the Federal Government will be affected greatly by favorable attitude of the State of Florida.

Letter was presented from Mr. Lamar Johnson, Engineer for Everglades Drainage District, stating that the District supported the general proposal and was sympathetic with the objective of this group's proposal.

The subject was discussed and it was ascertained that about 1350 acres of State land would be available for sale to the island owners. Inquiry was made as to the cost of the proposed dykes but a figure could not be given as an estimate had not been made. Governor Caldwell remarked that he was favorable to the plan but would like to have some assurance that the Federal Government would take the matter up and go forward with it to completion, which view was concurred in by Mr. Larson and Mr. Watson.

Mr. Hilsabeck, Chairman of the Board of Commissioners of Everglades Drainage District, remarked that the Federal Government would like to know that the Trustees are agreeable to participating in the proposed plan before going ahead with the work of making estimates.

Motion was made by Mr. Watson that assurance be given that the State will go along with the proposed plan provided there will be no conveyance of land until the State has assurance from the Federal Government that it will complete the work and the further assurance that proceeds from the sale of State land will be sufficient, together with contributions from other sources, to complete the project. Motion seconded by Mr. Larson and upon vote adopted.

Mr. D. P. McKenzie, on behalf of the Board of County Commissioners of Levy County, requested that the Trustees refund the amount of \$3,446.20 charged by the Trustees for handling the sale of Levy County land October 1, 1945, of lands, title to which vested in the Trustees under Chapter 14572, Acts of 1929.

Mr. Elliot explained the procedure followed in sale of land under Chapter 14572 and stated that the charge referred to was not for handling the sale alone but was the basis arrived at by the Trustees several years ago as the approximate cost of administering these lands over a period of ten or more years; that in the instant case the County received 86.73% and the State 13.27%; that owing to the volume of business done by the Trustees during the past several years the percentage of costs had decreased but no change had been made in the policy of handling sales.

Upon discussion of the request, Mr. Larson was in favor of refunding the entire charge made by the Trustees in the sale but the Governor and Mr. Watson felt that the Trustees should receive costs for handling the land.

Motion was made by Mr. Watson, seconded by the Governor, that the Trustees refund to Levy County the difference between the 10% and the .056—\$1,315.11. Upon vote the motion was adopted.

ATTEST: F. C. Elliot, Secretary  
Trustees I. I. Fund.

Mr. Wells called the land out for sale and reported that written objections had been presented by J. Lewis Hall on behalf of A. E. Blackburn, on the following grounds:

Said lands were improved by objectors' predecessors in interest, and these objectors are, under the rules laid down by Trustees, the only persons entitled to purchase said lands;

Said lands adjoin uplands of objectors' predecessors in interest and/or title, and objectors are the persons entitled to purchase said lands; For said reasons, objectors desire that Trustees refuse to sell lands advertised.

Mr. Hall was present and verbally protested the sale on the additional grounds that his clients held a \$90,000.00 judgment against this and other property formerly owned by Brotherhood of Locomotive Engineers and was in the position of upland owner and entitled to purchase the land sought to be bought by Mr. Keen's clients. He stated that if the Trustees sell the land to Mr. Keen his (Hall's) client will have no recourse, and request was made that the Trustees delay sale until the Courts can determine who holds title, or if Mr. Blackburn can establish his rights that the land be put up at public auction.

Mr. Julius Parker, Attorney for Trustees, reported that he had gone into the case thoroughly and his opinion is that Mr. Keen's client has good record title to the upland property which gives him the right to purchase; also that in 1936 clients of Mr. Hall brought suit but did not make this particular land the subject matter of that suit although they state it was their intention to do so.

Mr. Keen informed the Trustees that Mr. Blackburn purchased the judgments referred to in 1936 but the judgments were filed back in 1929, according to information, and in 1935 the mortgage was foreclosed

and the rights of all claimants wiped out. That was before Mr. Blackburn came into the picture. The judgment holders had their day in court and their rights were wiped out.

Mr. Hall asked that if the Trustees declined to grant his request and make deed to Mr. Keen's client, that there be reserved to his client the right to go in and review the case if he establishes his rights as upland owner.

Claims from both parties were given consideration and fully discussed, whereupon motion was made by Mr. Lee, seconded by Mr. Larson, that the Trustees proceed with the sale of the land as advertised and confirm sale in favor of Venice Inlet Company, client of Mr. Keen and Mr. Burket, at the price offered—\$220.00 an acre. Upon vote the motion was adopted.

Mr. Julian E. Ross, City Attorney of Fort Lauderdale, Florida, and Mr. John Morris, Chairman of the Board of County Commissioners of Broward County, submitted request for conveyance to the City of

Certain bottom lands under a portion of New River Sound in Section 12, Township 50 South, Range 42 East, lying East of Intracoastal Waterway channel, approximately 3.5 acres in Broward County.

Mr. Ross explained that the area would be used for governmental purposes of the City of Fort Lauderdale in order to relieve the congested traffic condition in New River, for the purpose of providing a yacht basin and docking facilities, in order to provide access to another tract of bottom land heretofore deeded to the City by the Trustees, and other necessary requirements of the City in connection with the water front. The City offered \$1.00 for deed to the land.

Pursuant to suggestion of the Governor, motion was made by Mr. Larson that the Trustees approve conveyance of the land subject to investigation by Mr. Elliot as to value of the property and its location with reference to other areas in New River Sound, and also subject to advertisement for objections. Motion seconded by Mr. Lee and upon vote adopted.

Application was submitted from F. D. Yaun, representing Lakeside Cooperative of Moore Haven, to purchase at a price of \$50.00 an acre

That part of Parcel 7-2-S lying North of Park Avenue in Glades County, containing 1.60 acres in Section 12, Township 42 South, Range 32 East.

Information was furnished that the parcel is desired as a site for a refrigerated assembling plant for milk, also that it will be necessary to have the parcel surveyed.

Motion was made by Mr. Lee, seconded by Mr. Larson, that the land be advertised for objections based on the offer made, applicant to pay cost of survey. Upon vote the motion was adopted.

---

Mr. R. L. Braddock, on behalf of H. A. Braddock, presented application to purchase at a price of \$50.00 an acre the following described lands adjoining his upland property on Torry Island:

Submerged lake bottom land below the meander line in Section 35, Township 43 South, Range 36 East, containing 20 acres in Palm Beach County.

Mr. Braddock explained that in order to keep his cattle on the land it will be necessary to construct certain dykes which will fit in with the plan of the Federal Government as submitted to the Trustees May 21st from Islands Improvement Association for dyking three islands in Lake Okechobee.

The Secretary called attention to the fact that pursuant to action taken May 21st, the Trustees would not make conveyance of any land until assurance from the Federal Government that the proposed work would be completed.

In a discussion of the question the Governor suggested that permission might be given for Mr. Braddock to do the necessary dyking with a view to purchasing the land when plans have been completed and approved by the Federal Government and the Trustees; that should said plans not materialize and the Federal Government not go through with the program, the Trustees would not be inclined to sell the land applied for at the price of \$50.00 an acre.

Mr. Braddock stated that it would be agreeable with him to not take title at this time if he could have permission to do the necessary dyking in order to prevent moving several thousand head of cattle to another area.

Motion was made by Mr. Larson, seconded by Mr. Lee, that the application to purchase be denied. Upon vote the motion was adopted.

Motion was then made by Mr. Larson, seconded by Mr. Lee, that Mr. Braddock be permitted to do the work described, and if the Federal Government goes through with the plan outlined May 21st by Islands Improvement Association the land applied for will be conveyed to Mr. Braddock at \$50.00 an acre; should the plans not materialize the Trustees will then determine at what price the land will be sold. Upon vote the motion was adopted.

---

Edgar G. Hamilton, Attorney of West Palm Beach, submitted application on behalf of client, Raymond Rector, to purchase a fractional acre of land in

Section 26, Township 43 South, Range 36 East,  
Palm Beach County,

for which he offered \$100.00.

Information was furnished that Mr. Rector had a home on the land but question had arisen as to whether sale had been made sometime ago or whether still owned by the State.

Mr. R. L. Braddock was present and requested that sale not be made at this time as the parcel in question was adjoining his property.

Without objection action was deferred on the application and the subject referred to Mr. Elliot for examination and report. It was so ordered.

---

Action was taken by the Budget Commission May 24, 1946, authorizing transfer of \$2,500.00 of the \$5,000.00 allocated by the Trustees March 28, 1946, to a special fund for participation in hydrological survey being made by the United States Geological Survey:

Hon. J. Edwin Larson, State Treasurer     \$2,500.00

Upon motion duly adopted, the Trustees adjourned.

MILLARD F. CALDWELL,  
Governor—Chairman.

ATTEST: F. C. Elliot, Secretary.

Tallahassee, Florida,  
June 11, 1946.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. M. Lee, Comptroller.  
J. Tom Watson, Attorney General.

F. C. Elliot, Engineer and Secretary.  
Sinclair Wells, Land Clerk.

Mr. LeRoy Collins presented request from Mrs. George F. Baker for extension of Lease No. 193 issued April 30, 1941, for a term of ten (10) years covering 250 acres of lake bottom land in Section 36, Township 3 North, Range 1 East, Leon County, and permission to construct a dam and spillway across a certain portion of Lake Iamonia.

It was explained that Mrs. Baker desired to expand her investment by building a larger dam and two additional spillways and to take in an additional area in order to protect the property from vandalism. Mr. Collins stated that Mrs. Baker would like a five-year extension of her present lease or a new lease for ten years to become operative when approved.

Mr. Wells reported that the present lease provided for payment of \$50.00 annually but application for the additional area did not mention additional consideration, to which Mr. Collins replied that if the present rental was not sufficient his client would increase the payment.

Question of whether the Trustees had authority to lease the lake bottoms was considered, whereupon Mr. Watson moved that the application be referred to the

Trustees' Special Attorney, Mr. Parker, for report as to his findings on the question. Motion seconded by Mr. Lee and upon vote adopted.

---

Mr. LeRoy Collins came before the Trustees on behalf of client, A. F. Rich, and made application for sand lease on Ochlockonee River with offer of ten cents (10¢) per cubic yard for all material removed. It was explained that Mr. Rich purchased facilities from Henry Hale and understood he was taking over lease Mr. Hale had from the Trustees; that based on the purchase he constructed a road at an expense of \$5,000.00 to his location and an additional \$3,000.00 in establishing equipment and machinery for taking sand; that he had been taking sand for approximately sixty (60) days and had set up a separate fund on the basis of ten cents (10¢) per cubic yard as the State's revenue and had reported to the Land Office all sand taken; that he has since been informed that Mr. Hale's authority was tenuous, having only an application pending before the Board, which he later withdrew; that after Mr. Rich purchased the Hale interest the Trustees granted lease in favor of A. R. Richardson over a large area—approximately fifteen miles of river bed—which covered the tract where Mr. Rich was operating. Mr. Richardson notified Mr. Rich that he had exclusive lease on the area and that he, Mr. Rich, would have to operate under such lease and the charge would be twenty-five cents (25¢) per cubic yard.

The Attorney General remarked that Mr. Richardson did not have an exclusive contract but the Trustees granted a lease over the large area because they were of the opinion that Mr. Richardson would render the Board a service by checking up on parties taking sand without permit.

Mr. Richardson stated that he made application for a lease in February 1946, but it was finally granted in May; that he had notified Mr. Rich that the charge would be 25 cents per cubic yard for sand sold locally but where sale was made under contract to the State or for buildings the price would be 15 cents per cubic yard.

Mr. Collins stated that his client desired lease from the Trustees in order that he might proceed with his operations and make payment to the State direct.

The Governor suggested that the two parties try to arrive at some amicable agreement as to division of the area and take the matter up again next week. It was so ordered.

Upon request from Mr. Collins that his client be allowed to continue removing sand to meet his contracts and make report and payment to the Trustees, it was agreed by the Board that such procedure be followed.

It was ordered that the matter be held up till next meeting of the Board.

---

The Secretary reported that on May 15th authority was given to release phosphate, mineral and metal reservations in Sarasota County Deed No. 58-30 executed April 23, 1938 in favor of Sarasota Dairy and Produce Company, covering

Lots 15 and 16, Block 16 in Sections 11 and 12, Township 37 South, Range 17 East—Chapter 14572 land,

and grantee desires also release of petroleum reservation.

Motion was made by Mr. Watson, seconded by Mr. Lee, that the Trustees decline to release the oil rights in the lots described. Upon vote the motion was adopted.

---

Application was submitted from Nathan Crews with offer of \$100.00 for the purchase of Everglades tax certificate land described as,

Block "M" Lake Worth Heights in Section 16, Township 44 South, Range 43 East, containing approximately 0.29 of an acre in Palm Beach County.

Client of W. D. Hilsabeck verbally offered to pay more than \$100.00 for the block.

Motion was made by Mr. Watson, seconded by Mr. Lee, that the Trustees advertise the land for bids based on the offer of \$100.00. Upon vote the motion was adopted.

---

Upon motion of Mr. Lee, seconded by Governor Caldwell, there was referred to the Attorney General

the question of redemption of tax certificate issued to an individual against property conveyed to the State by United States Sugar Company subject to any outstanding taxes or tax certificates. Upon vote the motion was adopted.

The Trustees having referred to Mr. Elliot application from Edgar G. Hamilton, on behalf of Raymond Rector, for purchase of a small parcel of lake bottom land in Lake Okeechobee near Torry Island, Mr. Elliot reported that it was within or on the edge of the area around Torry Island proposed to be protected by levee as agreed upon between Trustees and Islands Improvement Association May 21st, 1946. The exact location of the levee not having been determined by the United States Engineers it was recommended that sale of the parcel be not made at this time.

Motion was made by Mr. Lee, seconded by Mr. Watson, that recommendation and report of Mr. Elliot be approved and the land be not sold at this time. Upon vote the motion was adopted.

---

Pursuant to action of the Trustees June 11th, the subject of sand leases on Ochlockonee River was brought up for consideration. Mr. LeRoy Collins and his client, Mr. A. F. Rich, were present, as also was Mr. A. R. Richardson, holder of a lease on the River.

Mr. Collins informed the Board that his client and Mr. Richardson had failed to reach an agreement; that Mr. Richardson felt Mr. Rich should sub-contract from him; that Mr. Rich preferred to deal direct with the Trustees; that he had suggested to Mr. Richardson that he (Rich) would amend his proposal to the Trustees and pay eleven cents (11¢) for material removed,—five cents (5¢) of which the State could pay Mr. Richardson for inspection under whatever agreement they wished to make.

Mr. Wells explained that the area in question runs from the Georgia-Florida line to Lake Jackson station. Mr. Rich being interested in one mile only of the strip.

Mr. Collins for his client, and Mr. Richardson, for himself, reviewed the case as presented to the Trustees June 11th. In addition Mr. Collins explained that Mr. Rich was operating in the River prior to the time Mr. Richardson received lease from the Trustees; that he is under contract to furnish sand for State buildings and except for the fact that he has constructed a road across privately owned land to this particular spot, he could operate at other points along the River, but in view of the expenditure of approximately \$5,000.00 for the road he desires to continue at that point.

Mr. Richardson stated that he had made application for lease in February, but did not actually have the lease until May 24, 1946; that Mr. Rich did not make application for a lease until after the latter date, and he felt that where Mr. Rich was selling sand for state buildings payments should be made on the basis of fifteen cents (15¢) per cubic yard, five cents (5¢) of which should go to him, Mr. Richardson.

Governor Caldwell expressed the opinion that the Trustees would not be justified in paying 5 cents per cubic yard to Mr. Richardson for services.

Mr. Wells reported that H. W. Grimsley held Lease No. 449 authorized December 8, 1945; that he had filed bond in March 1946 but had made no payments on the lease; that he was notified May 14th to make payments due but no reply had been received. It was recommended that the lease be cancelled.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that Lease No. 449 be cancelled and delinquent payments be made immediately; that if lease was not paid up that the bond be required to settle the account. Upon vote the motion was adopted.

Governor Caldwell suggested that in keeping check on sand removed daily records be kept, each day showing amount removed, or none if that be the case.

Motion was made by Mr. Lee that the Trustees not grant exclusive lease in the river; that lease be granted to Mr. Rich to take sand from Ochlockonee River covering the mile parcel as outlined in the application, described as:

Starting from the river, crossing what is known as the Old Concord road, the same being a steel bridge across Ochlockonee River, running north-easterly one and three-fourths miles along said river bed to a point which is the point of beginning; thence along the bed of the river a distance of three-fourths of a mile in a north-easterly direction, in Leon and Gadsden Counties,

payment to be ten cents (10¢) per cubic yard—\$300.00 to be paid in advance as minimum royalty for the year. Upon vote the motion was adopted.

Motion was made by Comptroller Lee that parties having leases to remove sand from Ochlockonee River be required to make monthly reports of sand taken, that such reports show amount of material taken each day, and that check accompany monthly report paying in full for sand covered by said report; that trucks hauling the sand be marked with name of lessee and the trucks be identified by number or description as may be agreed upon between lessee and the Land Department. Motion seconded by Mr. Mayo and upon vote adopted.

Upon discussion of lease to Mr. Richardson and payment to be made him for checking on removal of sand by other parties, motion was made by Mr. Mayo that Mr. Richardson be allowed five cents per cubic yard for all sand removed from the river by other parties.

Mr. Lee stated that he could not second the motion as he felt one contractor should not be given supervision over another. The motion failed of adoption.

Upon inquiry of Mr. Richardson as to how much equipment he had on the ground and how much sand he was moving at the time, he replied that he had awaited purchasing equipment until he had the lease and then under existing conditions he was awaiting final action by the Trustees; that he has to date purchased no equipment but intended doing so as soon as he could get it.

Mr. Lee moved that every one be instructed to abandon taking sand from Ochlockonee River until requirements of the Board have been complied with. Motion seconded by Mr. Mayo and upon vote adopted.

Mr. Collins informed the Board that Mr. Rich had furnished bond required by the Trustees and would immediately pay up for all sand already taken at the rate of ten cents per cubic yard, thereby placing him in position to continue taking sand.

Mr. Richardson inquired whether there would be objection to his working out arrangements with others now taking sand to continue under him. He was advised that he could make such arrangements.

Request was presented from Henry L. Wiley of Leesburg, Florida, for purchase of, or right of way across, land described as:

In the SE $\frac{1}{4}$  of SW $\frac{1}{4}$  of Section 3, Township 19 South, Range 24 East, Lake County.

Applicant desires to dig a canal in order to have access for boats to get out into Lake Griffin.

Information was furnished that this land has been applied for by the State Park Service but the Director has indicated that there will be no objection to right of way for canal as requested by Mr. Riley.

Motion was made by Mr. Mayo, seconded by Mr. Lee, that the Trustees authorize permit for right of way requested by Mr. Riley for a consideration of \$10.00. Upon vote the motion was adopted.

---

Application was presented from H. M. Forman, on behalf of Napoleon B. Broward Drainage District, for purchase of Murphy Act land in Broward County to be created into a water conservation area as authorized by Chapter 23107, Acts of 1945. Offer of \$10,397 was made for a total acreage of 13,009 located within Napoleon B. Broward Drainage District.

Upon consideration of the request, Governor Caldwell suggested that his idea would be that the lands be taken off the market and be set aside to be used only

for water conservation, for a period of five years; that the land be tied up for that purpose and that it be made a condition of the transaction. The suggestion was agreeable to the other members.

Mr. Forman stated that since this was not what the District wanted he would take it up with his Board and advise Mr. Elliot further in the matter.

---

Request was presented from the Clerk of the Circuit Court of Indian River County that the Trustees accept bid of \$45.00 from Mrs. Oliver Knowles, listed on Report No. 75, sale of May 13, 1946, for the

West 20 acres of Tract 16, Section 27, Township  
33 South, Range 39 East, Indian River County.

It was explained that the same certificate covered the East 20 acres of Tract 16 which sold for \$520.00—the full value of the entire 40-acre tract; that by reason of the price received for the east half of the tract, the Clerk recommends that the remainder applied for by Mrs. Knowles be sold for \$45.00.

Motion was made by Mr. Lee, seconded by Mr. Mayo, that the request be denied and the Clerk notified that it will be necessary for applicant to raise her bid to \$130.00 in line with the offer made for the other part covered by the certificate. Upon vote the motion was adopted.

ATTEST: F. C. Elliot, Secretary.

Tallahassee, Florida,  
June 25, 1946.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Millard F. Caldwell, Governor.  
J. Edwin Larson, Treasurer.  
Nathan Mayo, Commissioner of Agriculture.

F. C. Elliot, Engineer and Secretary.  
Sinclair Wells, Land Clerk.

Mr. Dan McCarty and Mr. D. C. Smith, representing Fort Pierce Inlet District, re-submitted proposal presented to the Trustees March 12th, asking for release of "public purposes" clause in Deeds No. 17126 and No. 17183 upon payment of \$50.00 an acre in order that an exchange might be effectuated with Fort Pierce Financing and Construction Company. Mr. McCarty explained that the Inlet District had delayed taking further steps in the application, pending decision by the Supreme Court as to title to certain submerged areas claimed by Fort Pierce Financing and Construction Co., and that the Court had held in favor of the Financing Company. Also information was furnished that the Navy Department was de-commissioning the amphibious training base and the Inlet District had the opportunity of taking over approximately \$300,000.00 worth of permanent buildings. Map was displayed showing the areas owned by the Financing Company to be deeded to Fort Pierce Inlet, provided the reservation can be released, and also indicated the area to be deeded the Financing Company, without reservations, including a portion of the 14-acre parcel which the Trustees on January 8th agreed to sell the Inlet District.

Mr. Fred McMullen, on behalf of the Attorney General, delivered a message from the Attorney General asking that definite action be not taken until he had opportunity to study the decision rendered by the Supreme Court, referred to by Mr. McCarty.

Upon consideration of proposal from Fort Pierce Inlet District, motion was made by Mr. Mayo, seconded by Mr. Larson,

- (1) That the Trustees release the "public purposes" reservation from so much of the land conveyed in Deeds No. 17127 and No. 17183 located on Causeway Island as lies south of State Road No. 162, less the West 500 feet south of the road, for which release the Trustees will be paid \$50.00 an acre;
- (2) That the Trustees deed to Fort Pierce Inlet District that part of the 14-acre tract, authorized for sale January 8, 1946, lying within the West 500 feet of Causeway Island, said deed to contain "public purposes" clause;
- (3) The remainder of the 14-acre tract to be conveyed to Fort Pierce Financing & Construction Company, without the "public purposes" clause at a price of \$50.00 an acre.

Upon vote the motion was adopted.

It was understood that Fort Pierce Inlet District would furnish the Trustees with maps and accurate descriptions with such other information as necessary for completing the transactions.

---

Application was presented from the State Road Department for right of way across submerged land in St. Lucie County, to be used in connection with State Road No. 559.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize right of way easement as requested covering an area designated as:

That portion of submerged lands, water and fills thereon, in Sections 34, 35 and 36, Township 34 South, Range 40 East, and in Section 3, Township 35 South, Range 40 East, lying within 200

feet of the center line of existing State Road No. 559—Sec. 9406—St. Lucie County.

Upon vote the motion was adopted.

---

Offer of \$8.00 an acre was presented from C. W. Womble for purchase of

Unsurveyed  $N\frac{1}{4}$  of Section 36, Township 38 South, Range 30 East, containing 320 acres in Highlands County, Florida.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer submitted and make counter proposal to advertise the land for bids provided Mr. Womble will agree to bid not less than \$10.50 an acre on date of sale. Upon vote the motion was adopted.

---

Motion was offered by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer of \$100.00 an acre from J. U. Gillespie, on behalf of Charles F. Roberts, for purchase of 1.54 acres of sovereignty land in Township 34 South, Range 40 East, St. Lucie County. Upon vote the motion was adopted.

---

Request was submitted from S. D. Clark of Monticello, Florida, representing Florida Power and Light Company, for permission to place 31 pole anchors on State land in Broward and Palm Beach Counties.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize Florida Power and Light Company to locate thirty-one (31) pole anchors on State land in Broward and Palm Beach Counties, along State Road No. 26, described as follows:

Broward County—In Townships 47 and 48 South, Range 38 East, and in Townships 48 and 49 South, Range 39 East;

Palm Beach County—In Township 46 South, Range 37 East, and in Township 47 South, Range 38 East.

Upon vote the motion was adopted.

Offer of \$5.00 an acre was presented from Sidney E. Wilson for purchase of

Lot 11, Section 36, Township 1 North, Range 16 East, containing 73.13 acres in Columbia County.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees decline offer submitted and agree to advertise the parcel of land for competitive bids provided applicant will agree to bid not less than \$6.00 an acre on date of sale. Upon vote the motion was adopted.

---

Application was presented from W. B. Watson, Jr., on behalf of John A. Bouvier, Jr., of Miami, Florida, for sand lease covering an area in Biscayne Bay, Dade County, described generally as

Lying East of Coast Guard Island, South of County Causeway, extending northeasterly to Meloy Channel and southward to the main channel. Also described as an area opposite and 1500 feet East of the North end of Virginia Key and extending in a southerly direction with the meanders of the shore line to a point 1500 feet East of and opposite the south end of Biscayne Key.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees authorize two-year sand lease in favor of Mr. Bouvier over the area described, with minimum monthly payment of \$25.00 and the filing of \$1,000.00 bond with the Trustees to insure faithful performance of the contract. Upon vote the motion was adopted and lease authorized executed.

---

Mr. Sinclair Wells also reported that protest had been made to the taking of sand or shell along Fernandina Beach, Nassau County, and based on recommendation from the County Commissioners stop order had been issued to individuals removing the material; that a number of applications for lease had been received and the County Commissioners had indicated no objection to leases being granted covering that area on

Amelia Island South of Section 10, Township 2  
North, Range 28 East.

The Trustees indicated that consideration would be given to applications received covering the area suggested by the County Commissioners of Nassau County.

---

Easement in favor of St. Petersburg Port Authority was presented for final approval and execution, the Trustees having authorized the easement January 22, 1946.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the instrument as presented be executed and transmitted. Upon vote the motion was adopted.

---

Mr. Elliot reported that Everglades National Park Commission requests the Trustees to designate land held by the State outside of the park area to be used in exchange for privately owned lands within the Everglades National Park boundaries. Chapter 22776, Acts of 1945, provides that "The Trustees of the Internal Improvement Fund are hereby authorized, in their discretion, to exchange lands located outside of the Everglades National Park, held by said Trustees by virtue of the Swamp Land Grant Act of 1850, in this State, for lands privately owned within said proposed Everglades National Park area and in turn to convey lands so acquired to the United States; \* \* \*." The former act—Chapter 16995, Acts of 1935, authorized the Trustees to apply to exchange lands south of Township 48.

The Secretary recommended that for assisting in acquiring lands owned by private persons within the boundary of Everglades National Park in pursuance of Chapter 22776, Acts of 1945, the Trustees make available for exchange for such land the following:

Lands held by the Trustees under the Federal Swamp Land Grant Act of 1850, within Everglades Drainage District which are located South of Township 48 South, west of Range 41 East; in Townships 49, 50 and 51 South, and south of Township 51 South, west of Range 40 East, lying outside of the boundary of proposed Everglades National Park, except,

- (a) Lands sold prior to effectuation of exchange;
- (b) Lands subject to any lease prior to effectuation of exchange;
- (c) Lands located within any water conservation area set aside by the Trustees.

Motion was made by Mr. Mayo, seconded by Mr. Larson, that the Trustees approve the recommendation of Mr. Elliot and adopt it as the action of the Trustees. Upon vote the motion was adopted.

---

Mr. Elliot presented memorandum on request from the United States Interior Department for commitment from the Trustees with reference to conveyance in fee simple of land to become a part of Everglades National Park.

The Trustees discussed the memorandum and deferred action until the next meeting.

---

The Trustees having referred to the Secretary for report application from the City of Fort Lauderdale for conveyance of an area in New River Sound, Broward County, for yacht basin and docking facilities, Mr. Elliot submitted the following suggestions:

That the value of the land per acre be agreed upon for the purpose proposed;

That in sale to the City 75% of the sale price be remitted by the Trustees and 25% be considered as the equity of the School Fund in the land and be paid to the Trustees for deposit to the School Fund;

That in view of concession in cost, deed from the Trustees to the City contain the usual condition "for public purposes only;"

That the land be advertised for sale subject to objections only, since the City is the owner of the adjoining upland.

It was recalled that a similar arrangement was entered into with the City of Miami for airport and harbor facilities. The value of the land in that case was fixed at \$40.00 an acre, 75% of which was remitted by the

Trustees and 25% paid to the Trustees for the School Fund's equity.

Motion was made by Mr. Larson, seconded by Mr. Mayo, that the Trustees authorize conveyance of the land to the City of Fort Lauderdale in line with suggestions made by Mr. Elliot, the value of the land to be fixed at \$40.00 an acre—\$10.00 an acre to be paid by the City as the School Fund's equity and \$30.00 an acre to be remitted by the Trustees; the land to be advertised for objections only and deed to contain clause for "public purposes only." Upon vote the motion was adopted.

Motion was made by Mr. Mayo, seconded by Mr. Larson and adopted, that the following expense accounts, miscellaneous and special bills be approved and that the Comptroller be authorized to issue warrants in payment therefor:
