I think we should comment on this and ask for addl information.

They have omitted any ref. as to how why who pay for pumping--
both in text and in annual cost tables.. seems strange to me
they would do this (never heard of it before, did you ?)

Pl draft something to effect that we are all for the water
conveyance and for the Natl Park , but do want more infor
re costs of pumping .etc..

& who pay how much ?

JOR. Bach
