## For 36 Years Confidence and Security

Years and experience writes lasting laws.

Judge a bank by its history, its policies, its management and its ability to serve.

It takes long years of experience, covering many fields of activity to build quality banking service. Character, the vision behind its policies, the judgment of its officers and the details of its service must be built upon confidence.

The First National Bank of Miami celebrates its thirty-sixth anniversary. It was founded on December 2nd 1902 — just six years after the City of Miami began its corporate existence. It has earned a record of distinction for faith and discernment, and for outstanding service within the sphere of its influence.

The First National Bank of Miami, through sound insight into the handling of its depositor's money, and its knowledge of the history of finance, has lead wisely—counseled sanely—both in times of stress, and in such periods of over-exuberance as a growing city must endure.

Today, after thirty-six years, The First National Bank of Miami is particularly proud of the irrefutable proof that its policies have been sound and that it stands upon a foundation of confidence and experience.

*Your City Directory*  
— Gives Full Coverage

# The City Directory

places the city on the map and is its only representative to the world beyond its own gates.

¶ It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

¶ It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

¶ The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

¶ Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

# POLK'S BANKERS ENCYCLOPEDIA

*The "Purple Book"*

**Bank Directory of the World**

It contains bank statements in statement form with totals and date, giving details as to capital, surplus, undivided profits and analyzed deposits including asset items of loans and discounts, cash and exchange, with segregation of bonds as to government, state and municipal.

Bank officers, directors, correspondents and accessible banking towns are conveniently arranged, with memberships in F D I C designated and special list of Transit Numbers in numerical form.

Among other reference features are clearing house rules and regulations with officers, names of national, state and city officials, national and state bank examiners, banking laws and regulations, bank attorneys and state and city maps.

It carries a complete list of the Investment Bankers Association and members of principal stock exchanges, dealers in commercial paper, as well as a selected list of general investment dealers.

Supreme in the bank directory field, this reference medium is of everyday practical use and importance in the world of banking and finance.

Issued in March and September each year.

Price \$15 Per Copy or \$20.00 to include Monthly Supplements.

## STATE AND SECTIONAL EDITIONS

From the sheets of the complete volume of Polk's Bankers Encyclopedia, State and Sectional Books are made up on special order and available in several styles at rates in accordance with desired specifications.
