Senate Committee Reverses Previous Interama Decision

LEONARD LANG
Editor-in-Chief

The opening of the FIU North Miami Campus (Interama) moved a step forward when the Senate Ways and Means subcommittee "B" reversed its recommendations last week and decided to go ahead with additional funding for State University Systems (SUS) operations.

This means that FIU North Miami Campus (Interama) will probably receive partial funding to open in January 1977 and

subsequent full opening in June 1977. A \$2.5 million operating budget for 1976-77 has been jointly developed by the University and Board of Regents (BOR) staff and approved by the Finance Committee of the Board.

If the Legislature approves the action, FIU North Miami will begin a limited service program for 300 full time equivalent students on the campus as early as Winter Quarter, increasing to 500 in Spring. The planned full service program of instruction

for 1,000 students will begin Summer.

The subcommittee's recommendation to cut funding of the North Miami Campus brought the most reaction from FIU officials. Community concern and FIU lobbying in Tallahassee were involved in attempting to change the subcommittee's recommendations.

When FIU opens in 1977, by June, North Miami Campus will offer programs in Accounting, Childhood Education, Criminal Justice, Humanities, Management, Marketing, Masters of Business Administration, Mathematical Sciences, Psychology, Public Administration, Social Work and Special

Education.

In other recommendations made by the subcommittee: restored an increase of approximately \$600,000 in out-of-state tuition fee waivers, reconfirmed the enrollment limiting action placing an enrollment ceiling at the lower and upper levels of teacher education programs of

approximately 1,800 full time equivalents (2,500 headcount) below projected levels, deferred action on a staff recommendation to eliminate approximately 250 faculty research positions and proposed elimination of the trust fund with such revenues to be deposited in the general revenue fund.

Demonstration Planned Against Tuition Hike

DOROTHY STEIN
Staff Writer

A demonstration by students from Florida's nine state universities in protest of recent tuition hikes will take place in Tallahassee April 22, according to SGA Chairperson Jose Eiriz.

The demonstration is being organized by the Students Against Cutbacks (at the Universities of Florida and South Florida), and while not under the auspices of the various student governments, it has the support of many of these groups, as well as the endorsement of the United Faculty of Florida.

A representative of the SAC, Bruce Williamson, of the University of South Florida, addressed a hastily gathered group of FIU students last Thursday, April 1, at University House, in an effort to drum up interest in the demonstration.

Williamson said the demonstration is intended to be "militant," in the sense that they would like to involve as many people as possible to march through Tallahassee to the Capitol, bearing posters and chanting their demands: no tuition increases, no enrollment cuts and no cutbacks in educational programs or services.

The demonstration will be "peaceful," he said, in the sense that it will be orderly and non-destructive. A recent similar demonstration by 6,000 university students in Trenton, N.J., according to Williamson, resulted in the legislature dropping the proposed tuition increase.

Specifically under attack by the Students Against Cutbacks are the proposed enrollment cuts and the tuition hike authorized earlier last month by the Board of Regents. A junior for example, paid \$12 a credit hour last year, is paying \$15 this year. If the proposed increase goes into effect, he will pay \$16.50 next year.

FIU students interested in participating in the demonstration are asked to get in touch with the SGA Office as soon as possible.

Investigation Underway To Catch A Thief

An investigation is underway by the FIU Campus Safety Department concerning the removal and defacement of candidate Alan Sakowitz's posters.

Sakowitz, candidate for Student Government Chairperson, has filed "three or four" complaints to the Safety Department charging that someone is removing his banners and defacing his flyers.

Sakowitz has lost more than 60 posters since the campaign began.

According to Sergeant William Martin, investigating the alleged criminal activities, this constitutes larceny of property, vandalism and possible violation of State Election Campaign laws. Martin hopes to complete his investigation prior to the election.

Here Are Proposed Tuition Increases

If the state legislature doesn't veto the proposed registration fee increases recently approved by the Board of Regents, the following fee increases will go into effect in the Fall Quarter, 1976.

Florida juniors and seniors would pay \$1.50 more per credit hour, with out-of-state juniors and seniors paying \$4.50 more per credit hour.

Registration fees for in-state graduate students would go up \$2 per hour with out-of-state students paying \$5 more per credit hour.

Undergraduate registration fees would be cut \$6 per credit hour for the Summer Quarter 1977, below the previous three quarters' charge. This recommendation by the Regents is to encourage more students to attend classes during the summer when enrollments have always been lower than other times during the year.

Registration fees for both in-state and out-of-state freshmen and sophomores would go up \$1 per credit hour if the Legislature approves the changes.

They Paddled 4 Miles For Muscular Dystrophy

The Occupational Therapy Club walked away with top honors in the second annual "Whatsit Water Race," a boat race to raise money for muscular dystrophy. The race was March 6 at Key Biscayne.

Ten OT students and one professor, Mrs. Beth Weiner, paddled four miles on their eighteen foot long torpedo-like

creation. The orange and black boat is comprised of seven oil drums welded together. According to regulation, only five people could ride on the boat at one time. Consequently, the crews were replaced at one mile intervals.

The twenty boats that participated were required to be entirely home made in design and power. A display case containing photos and awards can be viewed on the first floor of University House until April 9.

The club was awarded two trophies: one for collecting the most money (\$450) and one for the best boat. A representative from the club will present a check to Jerry Lewis on his annual Muscular Dystrophy Telethon, Labor Day weekend.

Monies collected will go towards a one week summer camp for handicapped children. The camp gives the children the opportunity to participate in horseback riding, swimming, dancing, basketball and other activities adapted to their individual abilities.

FIU Organizes Bahama Cruise

Faculty, staff and students interested in taking the FIU Bicentennial Cruise to the Bahamas April 9 must sign up now. The S.S. Bon Vivant will leave Miami next Friday, arrive in Nassau Saturday morning and return to Miami Sunday afternoon.

The price per person ranges from \$90 to \$120, depending on the type of cabin. The rate for a child sharing a cabin with one adult is \$59.50. There is a \$10 port tax for adults, \$6.50 for children.

Those interested in the cruise should call SGA Sen. Irvin Marcus Pollard at ext. 2121.

Hillel at FIU will have on display, in the first floor lobby of the Athenaeum a series of pictures and documents from the Holocaust until April 9.

The exhibition depicts the history of the destruction of the Jewish community of Eastern Europe by the Nazis.

Course In Europe Offered

PHYLLIS FRIEDMAN
Staff Writer

The Criminal Justice Department is again offering a summer course in Europe en-

titled "Independent Research."

Students in this 15 credit course will investigate the criminal justice system in other countries in the areas of courts, police, jails among others. Any

research course is the prerequisite.

Seminars will be conducted in May on how to handle investigation in a foreign country. Dr. Robert Clark, associate professor of Criminal Justice, said, "Students will be doing research under conditions of adversity. Because of the bombings in England, tourists are not welcome in the new Scotland Yard. But that shouldn't hold a determined student back.

"Students will be meeting various British officials, such as the Attorney General and the Parliamentary Secretary, who will help them gain access to institutions necessary for their research purposes. Comparing criminal justice systems is very challenging and interesting."

There is no limit to the number of students who may apply for this summer course. The deadline for applications is the first week in June. Students interested should see Dr. Clark in DM 298B or in the Criminal Justice Office or call 552-2322.

April 12:

Engineer To Speak

Victor DeCario, professional engineer, associate and Data Processing Manager for the Post, Buckley, Schuh, and Jernigan Company, will address the Technology Society, Monday, April 12 at 6:30 p.m., UH 210. All students and the general public are invited.

DeCario will speak on "Computer Applications in Engineering Practice." Dedicated to the concept of "complete and efficient utilization of existing computer software," he will discuss their use in management and engineering design. Being an active member of state and national engineering societies, he has experience in municipal and structural engineering. He has managed, designed and marketed computer programming services in both the U.S. and England.

The Technology Society of FIU, which is sponsoring DeCario, is the registered student organization of the School of Technology. The Society was established more than a year ago with the aim of

becoming a student chapter of ASCA, which is the professional forum of civil engineers in America.

According to the Society's secretary, Charlotte J. Saper, "A number of benefits can be gained from affiliation with the Technology Society, some of which are exposure to professional role models like DeCario, sharing of mutual interests and concerns particularly regarding jobs and discussion of professional-scientific-technical issues that affect the future of our lives and livelihoods."

Dance To Be April 9

A dance sponsored by the United Black students will be April 9. The \$2.50 dinner admission includes a dinner of conch fritters, curried chicken, white rice and vegetables. Beer and punch will also be served. The theme of the evening, which begins at 8 p.m., is Caribbean. Music will be provided by a local

band specializing in Island music.

The dance will be in UH 211 and all proceeds will go toward club expenses as well as to a scholarship fund sponsored by the United Black Students.

Tickets may be purchased the night of the dance.

Comment *Sakowitz's Posters Were Amusing*

Poor Alan Sakowitz. (Sackowitty as one SGA member calls him.) Someone has been tearing down his signs. Alan, 19, is running for Chairperson of Student Government.

In the past week more than 60 of his hand painted banners have disappeared from the campus. Mysteriously, Jose Eiriz posters have appeared in the same spots where Alan's used to be, Alan is

upset. He's made at least three complaints to Campus Safety thus far.

This is too bad. Alan's posters have been amusing. One in particular, taped over the cafeteria door read: "Alan Sakowitz, he stands on the issues. Who stands on ladders and steals these signs?"

That one is gone. So is the one over the forum clock that read:

"Now is the time for Sakowitz." The clock was showing through the O.

Undaunted, Alan continues his

Communication Breakdown Costly

To the Editor:
I bought the book Production Concepts, Analysis, Control, 2nd edition, for BUA 202 last quarter. My teacher last quarter advised me that I did not have the proper prerequisite for the course. I decided to take the course the following quarter. Now I have learned that the school is using the 3rd edition instead. The FIU Bookstore will not buy back the 2nd edition book, so I and other students have had to pay the price for the teacher's lack of proper communication.

The teachers at FIU should take note to let the Bookstore know well in advance the discontinuation of books previously used for specific courses. This way the Bookstore can make note of it (in the form of bulletins or whatever), to the students so they do not get stuck with these useless books.

JOHN EDLER

campaign. He has a reserve pile of posters at home that he brings to school each day to replace the old banners. This has been a costly proposition.

Alan is sure this malicious action is coming from someone close to Jose Eiriz. Jose thinks

this is a publicity stunt to get Alan attention. It's working.

It's too bad that the destruction of posters has turned into such a big issue. There are much greater problems at hand than apprehending the mysterious poster thief.

Unfair Tactics Show In Election

To the Editor:

It has come to my attention that unfair tactics in the upcoming election are very noticeable and disturbing.

As a concerned student, I'm aware of this situation as I am sure others are also. This concerns the malicious destruction of campaign posters on campus. This occurrence involves the removal, by unknown culprits, of posters belonging to Alan Sakowitz.

In the upcoming elections only two candidates are seeking the position of Chairperson of the SGA. These persons are Eiriz and Sakowitz. Eiriz's posters however, remain in view of the

students and Sakowitz's posters are continually found destroyed or not found at all. It can also be noted that candidates running for office in the SGA who are not seeking the position of Chairperson do not find their signs destroyed or missing.

I feel the students should be made aware of this situation and appeal to those persons involved in this behavior, cease using such tactics. The students at FIU have a right to be informed who is seeking a political position in SGA as well as those seeking an office have a right to campaign. Let's give all candidates an unbiased chance to do this!

CANDIDATE FORUM

NAME: Jose V. Eiriz
AGE: 24
COLLEGE: Arts & Sciences
MAJOR: Pol. Sci.
ENROLLED: 1 year
FULL TIME
GPA: B
POSITION: Chairperson
EXPERIENCE IN STUDENT GOVERNMENT: Offices held in SGA at FIU. Currently chairperson of SGA, former congressional aide, former chairperson of SGA, former consular, senator of Arts & Sciences, President Pro Tempore of Senate, Parliamentarian of Senate. Member of University Council, University President Executive Staff, State Council of Student Body Presidents, Board of Directors of Florida Student Association, member of legislative committee of FIU Foundation, Interama Campus Committee, former chairman of Rules & Agenda Committee, Fall Festival Committee. Awards: Highest SGA Award, Most Outstanding Senate member, Who's Who Among Students in American Universities and Colleges.

OTHER EXTRA CURRICULAR ACTIVITIES: I have attended the BOR meetings every month and have participated actively in presenting the views of the students of FIU. I have traveled to Washington, D.C. to a convention on Collective Bargaining and how students fit into a two party system as the third party. Interests outside of school: Actively campaigning for a prospective newcomer for the legislature who will support student needs.

REASONS FOR SEEKING THIS OFFICE: The chairperson's position is one that must be occupied by experienced leadership. It must respond to the needs of the students it was created to serve, and act instantly on issues that may arise at a moment's notice. The chairperson must be capable of dealing with the state legislators and BOR members in presenting persuasive constructive arguments on behalf of students. I as chairperson have been doing this on the local and

state levels. Through my efforts and those of the Florida Student Association we have created enough pressure on legislators to initiate legislation that will be on the agenda at the upcoming session.
 House Bill 395—Student on BOR
 House Bill 1178—Limiting BOR to 5 year terms
 House Bill 1483—Student collective bargaining
 House Bill 2708: Right to student files
 Senate Bill 131—Student on BOR,
 trial basis
 Senate Bill 259—3 students on BOR

These and other House and Senate Bills have come to light because of Florida Student Association which I am on the Board of Directors. This is the first step to getting more books in the library, more funds for programs and all the other necessities the student must receive to get a quality education. I feel I have the experience needed to continue the fight on students needs and have proven the leadership necessary!

WHAT WILL BE YOUR MAIN PRIORITY: Students are facing the greatest dilemma of all time—TUITION INCREASE. The cost of education for students is rapidly increasing year by year and so is the cost of living. Some college students are working at everything from prostitution to selling term papers as the recession has made straight jobs harder to find and school bills more difficult to pay. My main priority has been and shall continue to be as chairperson where it counts the most to students—THE COST OF EDUCATION. When will the burden on students be eliminated? Obviously the BOR and the state legislature have not found the answer or are unwilling to face the question. My answer to this is a very strong one. I feel students are consumers and presently also the co-producers of education through the tuition we pay. The right to quality education is no longer quarantined unless you can afford it and then one wonders if you're getting your moneys worth.

Everyone should have an equal opportunity to consume higher education, and not be restricted because one doesn't have a substantial bankroll. As I have stated before, organizing on the state level a Florida Student Association, which lobbies on behalf of students at the BOR & State Legislature, becoming a credible organization in the eyes of the legislature by representing student needs, has brought us out of the "Dark Ages" when students could not participate in the "system" controlling their educational future. While the Florida Student Association can not claim sole responsibility for the change in the BOR position on tuition hike, there can be no doubt that FSA was the only group speaking for the students and had a significant effect in saving the average student \$90-\$120 in tuition. In turn through my efforts and those of other student governments, the Florida Students Assoc. has made possible to address real student interests with foresight and concern.

EXPERIENCE IN STUDENT GOVERNMENT: Vice-chairman Budget Committee, Public Relations Committee, Campus Safety Director, Search & Screen Committee
REASONS FOR SEEKING THIS OFFICE: There is a need for communications in SGA between senate members; the SGA & students and the students (and Senate) and the State i.e. lower budget
WHAT WILL BE YOUR MAIN PRIORITY: Lower SGA spending, fight for student representation in all levels of state government i.e. funding etc. and I would like to try to involve more students in their educational system
APPROXIMATE TIME TO DEDICATE TO SGA: As much as needed to get the job done properly
ADDITIONAL COMMENTS: I feel students must take a more active role in the educational processes. It is not enough to simply be a student. The student of today must be actively involved in the educational system, if not students will be the silent minority who suffer not the state legislators, not the high administrators and not the governor. If we continue on the present course of student non-involvement we could drop to 47th in the U.S. in educational spending.

POSITION: Senator
EXPERIENCE IN STUDENT GOVERNMENT: Founder the Guatemalan Relief Fund
REASONS FOR SEEKING THIS OFFICE: I would like to contribute my energies for the development of our new university by devoting time to helping community as well as students. I would like to see this University become involved in, not only matters of school, but in matters and issues of community, as well. One of the ideas that were presented at the schools opening was the FIU could become 10-20 hours a week.
ADDITIONAL COMMENTS: The academic gateway to Latin America. There should be a developing trend toward this idea. I also would demand that the tuition not be raised as well as new programs be added to our already existing scarceness of programs. There does exist the necessary funds for this.

OFFICE: I've helped in many things, also taught school in the field Jr. High & Senior High to help others in the study of Edu.
WHAT WILL BE YOUR MAIN PRIORITY: Main priority will be to get more education to work together
APPROXIMATE TIME TO DEDICATE TO SGA: 1/2 to SGA & 1/2 to study
ADDITIONAL COMMENTS: I've organized the first International Week festivities and helping with the third one at FIU. Also work with the graduating committee as a marshal. Work with the Veterans Program giving deferments and counseling general information.

NAME: Edwin Malawey, Jr.
AGE: 33
COLLEGE: Health and Social Sciences
MAJOR: Social work
ENROLLED: One year, three months
FULL TIME
GPA: 3.0
POSITION: Student Senator
EXPERIENCE IN STUDENT GOVERNMENT: I have just completed a term as a student senator for the school of Health and Social Services. I am also an active member of the Social and Cultural Committee and the University Environment and Student Life Committee
OTHER EXTRA CURRICULAR ACTIVITIES: I am a national officer of the NFSSW (National Federation of Student Social Workers). I served as the chairperson of the SSWA, (Student Social Work Association) for two quarters. I am a member of the Dean's Committee for Career Planning. I am a member of the National Association of Social Workers, (NASW).
REASONS FOR SEEKING THIS OFFICE: I feel that I am sensitive to student needs and wishes and using my role as a student senator, being able to vote on all issues coming before the SGA, I shall exercise that sensitivity to student needs and wishes.
WHAT WILL BE YOUR MAIN PRIORITY: To insure above average representation of student needs in the area of education through cost and quality controls. Further, to try to initiate a better insurance program which deals more adequately with the cost of and quality of health care now available to the FIU student. Further, to insure that the student on this campus gets what he/she wants for their money.

NAME: Lorraine Ann Travare
AGE: 35
COLLEGE: Education
MAJOR: Secondary Ed. English
ENROLLED: Since '72
FULL TIME
POSITION: Ass. Education
EXPERIENCE IN STUDENT GOVERNMENT: One year Ass. Budget Comm., Social Publicity, IOC Life & Environment. I helped plan and execute many programs.
OTHER EXTRA CURRICULAR ACTIVITIES: I've worked with the active clubs in implementing programs, the starting up of UBS. I have worked in conjunction with different groups in order to bring entertainment, cultural and political activities to the campus.
REASONS FOR SEEKING THIS OFFICE: I've been a hard-working Senator and would like to go on being of service to the school, educational students, the professors and the community.
WHAT WILL BE YOUR MAIN PRIORITY: I feel that the Tallahassee legislators are giving us a raw deal and I'm contesting them as a concerned student and a veteran. I feel they need to know what their legislation is doing to hurt FIU as well as the other state schools. I work for SGA 5 days a week and when it is necessary I've come in weekends. My attendance is excellent and I participate as much as I can in the activities and programs set up by SGA.

If you've got the salt, I've got the Sauza.

Nothing gets a good thing going better than Tequila Sauza. That's because Sauza is the Número Uno Tequila in all of Mexico. And that's because Tequila Sauza—Silver or Gold—does best all the things anybody would want Tequila to do.

Try it the classic down-Mexico way: in a shot glass, with salt and lime on the side. Or in a Margarita. Or in a Sunrise. Who knows where it will all lead?

Men's Baseball Team Ranked Fifth In Country

The FIU baseball team is ranked fifth in the country. In the first "power index ratings" of the 1976 season. The formula used by "Collegiate Baseball," the official publication of the American Association of College Baseball

Coaches.

Despite the lofty national rankings, however, the Sunblazers lost two games out of three on their latest road trip, leaving them 19-8 for the year.

Tennis Men Trounce Brown

Under sunny skies the FIU Men's Tennis Team trounced Brown University 9-0 Thursday April 1.

Head Coach Bill Fleming said, "I'm very pleased with the victory. With ten matches left we hopefully will enter the NCAA Championship in peak condition." The NCAA championships are going to be at Maryville, Wisconsin May 19-24.

"FIU should be the top school out of District 11," commented Fleming. "I might take one or four or even six players to the tournament, records must speak for themselves."

In the four years Fleming has been head coach of men's tennis,

this is the team's best year.

"The team is playing very well together with a good record to show," Fleming said. The team's record is 18-7.

The Sunblazers have a road

trip starting Friday against the University of Florida, Flagler College, Seminole College, and Florida Tech. May 9 will be the team's last match against South Florida.
