Mr. William Galloway,

My dear Galloway:

When Mrs. Fisher gets ready to shut up the house, I think you might as well take a good vacation in Indianapolis, as you have had a hard summer.

I don't blame you a bit for feeling that it is a long way from New York, and possible it might not be the best thing for you to move down there. If you decide it would be best to stay in Indianapolis, I will give you one thousand dollars a year....just for old times sake. I am enclosing herewith check for one thousand dollars. However, I want it distinctly understood that you are not to invest any of this money in business or in an investment of any kind.....you are certainly the original easy mark when it comes to "gold brick" articles.

Drop me a line once in a while, and let me know what you have in mind, and what is on your mind.

Don't say anything to the folks that I have sent you this check.

Yours,

GGG-AD

you from my heart, also for the Consideration
you have shown me for at least 20 years.
I will take the vacation you have given
me, after closing up the house.

I will write you again soon after
I go back to Indianapolis.

Again thanking you for the letter
and that wonderful handwriting

I remain your truly

P.S.

No more investments for me

Dear Mr. Fisher:

I hope you will not assume that my delay meant any lack of gratitude! Your letter was forwarded to me, in Indianapolis; I cannot adequately explain how thankful I was to receive it. You have made it possible for me to attend a Physical Education School, this summer, this will enable me to qualify for a larger field.

Very appreciatively,
Karlina Falloway.

Dear Galloway :

Since we have come down here we have had several people in the house trying to fit in and run the place, but not with satisfactory results. The man and wife we brought down could not and would not do - and it was necessary to let them go right away. They were only here two or three days. The Housekeeper we brought down is a nervous sort of a woman without the ability to direct, so we have let her go. We have found one very good colored boy who has had lots of experience. He is very good and very willing. We also have a fine maid - Victoria is a peach. We have a cook and a butler coming Monday and I believe that this cook is a Swiss and that he will be alright.

However, I have enough work here and will have for the next five or six months to use you on the job to good advantage, particularly in making drinks and doing the buying of vegetables, meats, etc. When Wyckoff gets here he will furnish us with all of our meats, our ice and water. In a short time we will have our own gardens. If you can come down, I will give you a salary here of \$200 a month so that you can send \$100 a month to your family while you are here - and this same salary will carry them next year at Indianapolis.

But in paying you this salary I want to make an agreement with you that you will put at least \$50 or \$60 in the Bank each month and not invest it in the enameling business or any other business, for I am afraid that you cannot give enough time to the business to watch it properly - and I think in the long run you would be better off with this money accumulating and drawing interest. You would then be saving and sure of your investment - and could make your investments in property instead of businesses. At almost any time and without warning a thousand things can come up to wreck a small business, particularly if you are not in a position to be on the job and attend to it yourself. I have thought over the matter considerably and I think this is the best thing for you to do - it will give you an assured income and an assured saving account.

On receipt of this letter, wire me.

Yours very truly,

Dear Galloway:

We are not going to open the Sands Point house this year; except the sun porch, living room and my room upstairs. You can get these in shape right away.

I expect to spend most of my time on my boat or at the office building; but will keep you at the house, as I am trying to sell this place this year.

You had better have the kitchen equipment in shape to operate occasionally, if necessary.

Yours very truly,

Dear Mr. Fisher:

I in a very great extremity I am appealing to you, for a scholarship. You were very liberal to the small school in Louisville, Ky; a scholarship of about one-fifth that amount would enable me to study several years, in New York. My ability lies chiefly in two fields: physical training and aesthetic dancing, and Art.

I now have charge of the aesthetic dancing here, at Tuskegee, but the pitance I earn won't permit me to go to summer school, this summer. Notwithstanding, I want to stay another year to complete two years of experience, which will enable me to secure a more lucrative position. In your bounty, please be kind enough to help me!! I shall anxiously await a reply.

Yours truly,

Karlene Falloway.

TO WHOM IT MAY CONCERN:

Mr. William Galloway has been in my employ for over twenty years as cook and butler.

He is first class in every particular, writes a splendid hand, can keep very accurate accounts, is familiar with any branch of housework.

He doesnot drink or smoke.

Mr. Galloway is a man of excellent character, and I can recommend him to anybody who can use his services.

He has handled moneys for years for me, and handled my entire household more satisfactorily than anyone I have ever had in my employ.

Dear Hught

Galloway has decided to go on his own, and he is finding himself a home here.

Do you have in mind a bright young men who wants a job, whô is a cook and can be helpful in driving an automobile, wait on table, and do anything he is asked to do, the same as Galloway has been doing?

He will have to work - and work for a small salary.

I thought up around your neighborhood you might have someone in mind.

Drop me a note.

Yours,

Dear Mr. Fisher:

Yes Galloway has been ill, quite ill, in the Post Graduate Hospital, New York, suffering from an abscessed throat and threatened at one time with pneumonia. Fortunately he escaped the threatened pneumonia, in time recovered from the throat affliction and is now back at his duties in the McIntosh household in New York City, the family having moved into the city for the winter.

Upon receipt of your note I called the Port Washington estate of the McIntosh family and fortunately got in touch with the housekeeper. She gave me the facts and I told her to tell Galloway you had heard of his illness and had written to inquire as to the facts. She said she would see Galloway that evening and would tell the Old Boy of your interest. In case you wish to drop him a line the address is Care Allan J. McIntosh, 740 Park Avenue, New York City.

Now as to Ziggy and his family. By the grace of the assistance of the State Welfare Dept. they are still eating. He continues to get the regular allowance of \$6.00 per week but to date neither he or I have been able to find a job for him. Realizing the small allowance he is receiving would not permit even a modest Thanksgiving, Christmas and New Year Day meal for his family Nan and I took them a modest but adequate basket on those occasions with a few presents from Patsy's supply, and such clothing as we could spare. It is needless for me to tell you they were appreciative, and I am glad to be able to tell you Ziggy and the children are well and Mrs. Klackowski getting along with only an occasional visit to the doctor's office.

About me paying you a visit. You know I would like to do that but at the present moment I am so busy steering my own financial ship up into the wind that I dare not take my hand from the tiller. It costs more to keep my family clothed, fed and warm in the winter than in the summer. Fortunately we have escaped snow and ice to date but with the temperature down to fifteen degrees above zero this morning I feel sure the snow and ice is in the offing and I must stick around and be ready to give assistance.

Sent the Capehart into New York to Howard Lyons upon receipt of your letter. He will report its sale direct to you I suppose.

Have had a few inquiries for rentals but not one prospect for a sale. One woman wants to rent No. 7 house for a year. She has no children but I told her the house was for sale only. I could not get her interested in the Carman and Harry houses. They are for rent but they are asking too much for her to pay. They want \$150.00 per month and she will only pay \$100 per month.

I have been working on two local contractors to build in the Colony for investment but they complain the local money market is still so tight they cannot get funds to start activities.

All of the local merchants report increased business this holiday season and automobile dealers say their business is well ahead of

Dec 4 1935

last year at this time. A Dodge dealer told me last night they have sold seven new cars already while last year their first sale was made on March 1st. I have talked with a dozen or more people who have business in New York and without exception they have all reported increased business since last fall over the previous year. Everbody seems hopeful up here, that is everybody but the real estate dealers. They are hopeful in that they see a return of business when other activities get underway.

The Purdy Boat Co. is sitting with ears attuned for a rap from returning prosperity. The job they are figuring upon, a good-sized boat, has not materialized as yet. It was due to show up after the first of the year so there is still time for it to come in on schedule. Mr. Purdy is well as are the boys and the women of the two families.

Nan, the girls and I want to thank you and Mrs. Fisher for the delicious basket of preserved fruit and nuts you sent for Christmas. It sure helped cheer up the Woolworth brnd of gifts the various members of the family had assembled and it arrived at the correct hour, Christmas Eve.

From all reports you are having a big crowd of winter visitors down there this year and I am sure Miami Beach will get its share of hotel guests and real estate sales.

I just received a telephone message from Stan Mason, the photographer who has had the picture frame you sent me last summer to be sold, and he said he had an offer of ten dollars for the frame. I realize it is probably no where what it cost, however, it is ten dollars and ten dollars today is ten times as big as ten dollars when the frame was purchased so I told him to take the ten. I will collect it enroute to the post office with this letter and enclose it to you.

Remember me to Mrs. Fisher, Mr. and Mrs. Kiser, Fred and any others you might consider interested in whether or not I am holding a lily in my hand.

As ever,

Art
