Gentlemen :

The Alton Beach Realty Company has a large real estate development at Miami Beach, Florida. We have 550-acres on which is located a fine 18-hole Golf Course, a small exclusive 35-room hotel and a very large Bath-House. Miami has about 30,000 population in the Summer time and probably 60,000 in the Winter time.

There is a splendid call there for Japanese help : we already have five Japs on our place and we like them very much. It has occurred to us that if we could get fifteen or twenty, maybe thirty, Japanese boys to be caddies on our Golf Course this Winter that they would do well. We also need Japanese waiters, cooks, etc, from December 15th to April 1st.

The climate is very fine and there are first class quarters for the men, with shower baths and cooking facilities.

Kindly let me hear from you as to what you charge per man and what kind of men are available.

Yours very truly,

Dear Sir:-

Kindly notify me about Messrs. Fishers and Suto. How are they getting along now a days. I am very much anxious about them, as I have not heard from them since November last while the Spanish Influenza epidemic spreading all over the Country.

I hope nothing happen to them.

Dear Mr. Tsubai,

Replying to your letter of January 4, regarding Tashiro and Suto, they are both well of the "flu" now, and doing fine. I regard both of them very highly. I have had them with me now for some time, and I don't know how we could get along without them.

I wish we had four or five more like them from San Francisco. This is a fine country for Japanese, especially good ones for cooks, butlers, gardeners, and all sorts of workmen.

While Tashiro and Suto are with me, I will look after them and take good care of them.

Yours very truly,

The bearer of this letter, Shigezo Tachiro, has been connected with this Company for the past four years and is particularly efficient in the development of our nursery, as head of all of our planting, gardening, etc. - and we take great pleasure in placing our endorsement upon him.

I wish to say that we found him not only most competent but in every way honest and trustworthy - and he has given us splendid results in our landscaping.

Mr. Tachiro's salary in our employ has been One Hundred and Fifteen Dollars per month.

We have found Kotaro Suto not only most competent in his work, but reliable and trustworthy in every way - and we can highly recommend him.

His salary while in our employ has been One Hundred and Fifteen Dollars per month.

Mr. Frank O. Van Doren,  
Alton Beach Realty Company,  
Miami Beach - Florida.

Dear Van :

The money I gave Tashiro, Suto, Nakamura and Joe was a present and has nothing to do with their salaries. Pay their salaries in full up to the time they leave. I meant to give the other Jap, also, a fifty dollar present - Kawashima. Pay him fifty dollars for me.

Tell Suto that I discovered I brought his marine glasses North with me by mistake. Tell him to buy another pair if he needs them right away, charging same to me, or he can get those when he arrives in Indianapolis. I want them to stay out at the house when they are here - so have them call me or Miss Rossiter as soon as they arrive.

Regarding the Shatts letter of May 15th : I don't understand just what you mean by taking title in Continental Realty Company. Please explain.

I anticipated this rainy weather and this means that all of our heavy overhead is practically useless to us. This was one reason I wanted to get our force cut down. Get this in mind thoroly : I want Brayton's gang cut down as quickly as possible - also Hoerger's gang, with just enough men left Brayton to get some trees planted - and then after the first of June Brayton goes with Floyd, and Hoerger is to cut his men down to just enough necessary to carry on the Bay Shore work. Our man - Leak - can easily get along with just six or eight men and do a clean-up job. There isn't much else necessary until November - other than just a clean-up job.

Mr. Krom's salary continues.

Yours very truly,

Mr. Carl G. Fisher

Dear Sir:

We are so anxious to go back to Miami but our plan does not come out right. Since last fall both Suto and myself worked so hard for finding nice girls. For this purpose we travelled most of our times. But most of our women does not like to go so far country as Miami. This is the reason for which we are still staying here.

We are so sorry to you that we could not return at the time we had promised you Sir. and we sincerely beg you forgiveness for

Our dishonesty as we <sup>are</sup> not wishingly postponing  
our return - spending precious time & money.

We really tired out - staying in Japan any  
longer and we are ready to go back to  
Miami as soon as we get married -

I do not care now what woman  
shall be my bride for Miami Beach is  
dearest to me than bride-to-be - My mind  
is always with you and beach.

Please give us little more time, Sir,  
We will surely repay for this kindness when  
we back there again.

Wishing you are always excellent health and  
good luck and with best wishes to Madam,  
We are.

Dear Tashiro and Suto :

We were so very glad to hear from you after all these months and to know that you have not forgotten to return. We will be very glad to have you back just as soon as you find your brides. We hope you will soon find the brides you want.

Our season is nearly over and a great many people are going North for the Summer. Mrs. Fisher leave for Indianapolis about April 3rd and I will go about three weeks later. It is quite warm here now but very beautiful.

You will be surprised when you see our new Flamingo Hotel : it was not finished when you left. It is a very fine hotel and has been filled all season. We had to turn away about 3000 people, as we had not enough rooms.

When you find your brides write us and let us know when you will come back. With best wishes from us all -

My dear Tom:

I have two Japs in San Francisco named Sato and Tashiro. They left me a year ago to go to Japan and get brides. I don't know whether they have been married or not. They write me continuously and on the 8th sent me a telegram, copy of which I enclose you.

These Japs never send any forwarding address so that I may communicate with them. I think they don't understand that this is necessary. They are very valuable servants and I am anxious to get them back to Miami Beach.

If they are sick and without funds, I would like to advance them sufficient funds. If it is possible, without too much trouble, for you to locate these two Japs for me, I would like to have you do so and advise them after this to send me their address so that I may reach them by telegraph.

Thanks much for your trouble -

My dear Carl:-

Attached is copy of wire sent you today. Suto seems anxious to get back to Miami but I never believe a Jap and do not know whether he means it or not. I note that he wired you on August 9th, that they would leave in a week or two - now he tells me that they will leave in two or three weeks from this date. He said Tashiro has a bad cold and it will be that long before he can travel. They have their brides with them. He said they had plenty of money to provide for them until they arrived in Miami.

It has been a real pleasure to be of some service to you and I would almost wish that you might get into further trouble with most anyone out this way so we could be of assistance.

I hope Jane and yourself are well and happy. Please remember me to her. With kindest regards, I am

Dear Sir:-

We were so much surprised when we got letter from Mr. Calman, Manager of St. Francis Hotel, and ~~was~~ told that you were so kindly tried to locate us. Suts called him at Hotel & heard your kind message, we are much obliged for it.

We are very sorry knowing that telegram operator evidently did not- mentioned my street-address which I put it down in my last letter. We are so anxious to go back to beloved Miami Beach, our minds are already there, but on account of my illness, had been spent our precious time over a month here in vain. There is nothing to be worry we just had bad cold ~~so~~ while we were on steamer which suffered all of us four-

and mine is most, other three  
got well but am not quite  
recovered, it will take week  
or so to be go out.

We were only afraid that you  
may tired out for waiting our  
return to Beach. We hope you would  
kindly forgive us simply because  
there were no reason we just had  
bad luck through our long absence.

The intention of our departure for

Please give us few more week

My dear boys:

I was very glad to hear from you but after this you boys must put your address on your letters.

There is no particular hurry in your going to Miami Beach. Any time will be satisfactory and if you want to start in the flower business, I will arrange this with you when I come down in November. In the meantime, I have told Mr. Van Deren, who is there, to let you each have a small garage to live in.

We have built twenty houses since you were there and all have nice small garages attached. These will be very nice for you and your brides.

If you want to start, as you said, in business for yourself, this will be satisfactory to me and if you wish to work for me, it will be satisfactory, or if you wish to have the flower business at the hotel. In fact, when I come down we will fix things up some way or other to suit you boys.

Very truly yours,

CGF:EM

Dear Sir Shigo Jackson

I can not find any words to express my heartfelt thanks for you and Mrs Fisher's utmost kindness, help and deep sympathy which you had given to me during my illness. And am only fearing how could I repay even the bit of this great debt.

Yesterday Mr Pan coast told me that you are kindly going to pay my Doctors bills and also give me half of the salary for the month of Oct.

I will very very gratefully accept your kindness Sir, but I must thankfully refuse the help of money. Please do not

Misunderstand me but there is no reason to be helped so much. I am getting enough salary to live on and protect myself from any missteps.

Another reason that I cannot accept your kindness is due to my self-respect. I am always trying to be a man not troubled other and independent, to be a honest and kind for other. This is my principle and am always faithful to it. In some meaning this is my religion — I can't change my faith. If I have your help now, then, there is no more Tashiro, he is dead.

I repeat, Sir. Please don't hurt your feeling for my

stubbornness I am appreciate  
your kindness through my heart  
and shall never forget and  
if you are more kind to me  
please allow me to let me pay  
all Doctor's bills and the  
salary for the month of Oct.

I want pay for 8 days not more.

If you allow me my request  
without a word I will be  
very happy and feel like a man.  
or you may loss me.

Very Respectfully

Shige Tashiro

Owing not throughly explain my thought

Mr. E. M. Gould, President,

Dear Mr. Gould:

I have your letter of May 8th. You probably know, our Company is straightening up a lot of our past liabilities as a result of the hurricane, etc., and we are just not in a position to take on new obligations with your Golf Club; although I want you to feel we are heart and soul in favor of your Club and will do everything necessary to help.

Confirming my conversation with you this morning, I would suggest you talk with the two Japs, Tashiro and Suto, who are the two most intelligent gardeners on this Beach, with the exception of our General Superintendent, Mr. Fred Hoerger, who has had years of experience in raising shrubbery, grass, etc. You can turn the contract over to the Japs and feel that they are very honorable hard workers and can undoubtedly handle your job better than you can possibly do it yourself.

We will give you seeds from the pines to plant and other cuttings we can give you by the hundreds from our oleanders; but I believe the delay would not be worth while and that you had better buy these things from the Japs.

We may have an extra water wagon which we can loan you. At any time you want some expert advice regarding the growing of these various plants on your golf course, you can call on Mr. Fred Hoerger or the Japs for advice and you can expect one hundred per cent cooperation.

Personally, I would like to see you get this golf course planted with everything that will grow there this coming summer, even if you have to cut a lot of it down later.

Very truly yours,

F. R. Humpage

At Mr. Fisher's request yesterday, you advanced to him \$100.00 in cash. This money was paid out by him to Tshiro for shrubbery, trees, and planting to beautify the garden space at the Lincoln Hotel.

In addition to the above, Mr. Fisher has entered into an agreement with Tshiro to deed to him some certain lot in Lincoln subdivision (said lot to be selected by Tshiro) and as and when said lot has been selected and deed is prepared, it has been agreed that the lot selected will be free of taxes. The value of this lot has been placed by mutual consent at \$1000.00; the consideration for deeding this lot to Tshiro is that he is to furnish, when and as selected, certain additional trees, shrubbery and plantings, for use on the properties of the Carl G. Fisher Company, or the Alton Beach Realty Corporation, or any other Company in which the Carl G. Fisher Company owns the controlling interest.

In the event that any individual or Company, other than the so-called Carl G. Fisher Associated Companies, as above mentioned, should purchase trees, plantings, shrubbery, etc. and apply the cost of same against this \$1000.00, credit established by the transferring of this lot to Tshiro, said individual or company is to pay into the treasury of the Carl G. Fisher Company cash for such an amount as they may have purchased, unless by authority of Mr. Fisher, or the writer, the Carl G. Fisher Company are authorized to carry same as a charge against the individual or Company, buyer of said plantings, shrubbery, etc.

The above is submitted at this time in order that you may have full information as to the conditions and arrangements made by Mr. Fisher with Tshiro.

Never before could I find a way to thank you. Then you began work on your new home. When you told me you would like for me to fix the front for you, I knew then that after many years I would at last be able to show you my appreciation. On the south side of your house against the wall in growing a poinsettia plant. It has grown very tall about a foot higher than the wall. How would you like it trained?

When the flowers bloom it would be very pretty if they were in layers of bloom or would you prefer that they be trimmed closely like bougainvillea. We have it tied now to the wall but when new limbs come out they stick out. That way it would bloom beautifully in the winter.

Please give me some idea as to how you want it. Then I will go ahead and fix it that way. Thank you for your answer in advance,
