Lined

**\$400,000.00 FIRST MORTGAGE
SEVEN PER CENT. GOLD BONDS OF
THE ALTON BEACH REALTY COMPANY
SECURED BY FIRST MORTGAGE ON
THE LINCOLN HOTEL**

The Alton Beach Realty Company proposes to create and issue \$400,000.00 Seven Per Cent. Gold Bonds to be known as "The Alton Beach Realty Company's First Mortgage Seven Per Cent. Gold Bonds". Said Bonds are to be Coupon Bonds, of a denomination to be hereafter determined, with the privilege of registration, to be dated and to be payable \$40,000.00 annually from 1931 to 1941 except so far as previously called for redemption, and to bear interest at the rate of 7% per annum, payable semi-annually on January 1 and July 1 of each year.

The bonds will be callable at 102 and accrued interest up to June 30, 1935 and at 101 thereafter; and will be secured by a first mortgage upon The Lincoln Hotel property, situated in Miami Beach, Florida, described and appraised as follows:

The Lincoln Hotel property is situated on a very valuable piece of Lincoln Road property with 325 feet of Lincoln Road Frontage, extending from Washington Avenue to Drexel Avenue and having a depth of 272 feet. This was the first of the Carl G. Fisher hotels at Miami Beach. The first unit of 34 rooms was constructed in the year 1916 and opened for the season early in 1917. In 1920 the capacity of the house was increased to 68 rooms for the season 1920-1921. In 1924 the capacity was again increased from 68 to 102 rooms for the season 1924-1925 and this capacity is the present capacity of this hotel.

The value of the property covered by the mortgage is:

| | |
|---|------------------|
| Land Value | \$245,000.00 |
| Buildings (Gunn & Goll, Inc. appraisal, Dec. 1, 1929) | 301,379.60 |
| Furniture & Equipment (Albert Pick & Co. appraisal Dec. 1, 1929) | <u>70,063.51</u> |
| Total Valuation | \$616,443.11 |

Earnings as reported by the management for the year ended August 31, 1929 have been as follows:

| | |
|--|------------------|
| Gross Earnings | \$180,728.51 |
| Operating Expenses, Maintenance & Taxes | <u>84,955.70</u> |
| Net Income | \$ 95,771.81 |

The annual interest requirement on the above issue calls for \$28,000.00 per annum, which is being earned in excess of three and two fifths times the interest charges based on the above statement.

Exclusive of 1927 - the unusual year following the storm at Miami Beach - the earnings for the past five years, during which the hotel has had a capacity of 102 rooms, after taxes but before depreciation is deducted, average \$62,425.85. This annual earning is over two and one-fifth times the annual interest requirement of \$28,000.00.

The depreciation is automatically taken care of by the \$40,000.00 annual amortization of the bonds.

1920

Lincoln Hotel Investment

Hotels

Occupying a site on Lincoln Road of an entire block - 325.6 feet on Lincoln by 172 feet on Miami and Drexel.

The original building has 32-rooms and has made this year a profit of between \$21,000 and \$22,000. The new annex to this Hotel will cost about \$135,000 and will show a net profit, we believe, of between \$60,000 and \$70,000 for next season.

I will sell you this Hotel for \$300,000.00 - \$150,000.00 cash and the balance distributed over equal periods of seven (7) months - and guarantee 12½ interest net on this investment for a period of ten (10) years - or will repurchase the property from you at any time you wish to dispose of it, after two (2) years, paying \$330,000.00 back for the property. Or in other words - a 12½% investment in the meantime and a \$30,000 bonus for the return of the property in two years.

The way the property is booked up now, it ought to show easily \$60,000 net returns for next season. Lundberg's prospectus for next season shows a little better than this.

Carl G. Fisher.

1930

Lincoln Hotel

We are preparing to issue new First Mortgage Bonds on the Flamingo and Lincoln Hotels, and I have been so impressed with the attractiveness and soundness of the issues that we have decided to offer these bonds first to a few investors who have lived in the hotels, and who have been in a large measure responsible for their outstanding success.

These issues will be offered through the First National Bank of Miami, but we are particularly desirous of having our guests participate, which naturally will result in the further success of these hotels through the more active interest of our guest bondholders.

These bonds are secured by First Mortgages on two of the best and steadiest income producing hotels on Miami Beach. A study of the enclosed prospectus will disclose clearly the unquestioned value back of the bonds, and an unusual record of earnings over a long period of operation, which assures the prompt payment of all interest and principal maturities.

Perhaps the best evidence of the attractiveness of these issues is the fact that although no public offering has been made, owners of over \$200,000 of the present outstanding bonds which mature in June, have asked to trade in their old bonds for bonds of the new issue. Among these investors are some of the oldest winter residents of Miami Beach who are very closely familiar with the operating records of both hotels.

If you desire further information relative to these bonds, the same can be obtained from our Treasurer, General Robt. H. Tyndall, at our Miami Beach office, or from the First National Bank of Miami, or the First National Bank of Miami Beach.

Hotels

Mr. Frank J. McNamara,
Hotel St. Francis,
Newark, N. J.

August 2nd, 1921.

My dear Sir:

Your letter to Mr. G. S. Kron has just been forwarded to me. I am sending you under separate cover a little photograph of the Lincoln Hotel.

When we first built the Lincoln, it was our intention to build several hotels to cater to the very best class of wealthy patrons at the Beach, and from these hotels to sell some of these patrons residential property, in which we have been very successful, however, neither the Lincoln or the Flamingo hotel will accommodate the applications for reservations. At the present time, we need at least ten hotels at the Beach the size of the Flamingo or larger. It is our purpose to build hotels and then sell them as fast as we can afford to do so. From these hotels each season we get a large number of purchasers of residences and building sites.

The Solid block of property on which the Lincoln is situated, in my estimation, will be worth at least \$300,000 without any improvements considered, in less than ten years. We have, at the present time, invested in the Lincoln almost \$300,000 so that the land value is hardly considered. We have splendid servants' quarters, fine equipment and a fine class of customers. We had one family with us season before last that stayed practically the entire season and retained their rooms thru the season regardless of the fact that about half the time they were off on their yacht. We also had a man, wife, and daughter at \$60.00 per day who stayed the entire season, retaining their rooms throuout, altho the check up will show that the rooms were not occupied half the time. With this class of patronage the Lincoln has been very successful.

All of the rooms in the new addition of the Lincoln are very large, in fact larger than necessary, but there is a splendid air current and there is a demand for this class of accommodations. The hotel should make about \$75 per season but in the past we have had to use the hotel to entertain guests who have been compelled to make special rates to polo players, some of the chasers, etc., which has cut down the earnings considerably.

If you have not seen the hotel it will be well to make an immediate trip to Miami Beach and look it over to be an unusually large one and I have no doubt that the Lincoln will be at capacity. If you care to run out here to Indianapolis, we have maps, photographs and a great deal of other data, which we will be very glad to show you.

Very truly,

THE LINCOLN HOTEL

Miami Beach, Fla.
March 5th, 1923.

Mr. Hugh Davis,
Norfolk, Va.

My dear Davis:

I have yours of the 2nd. The Lincoln was built in two parcels; the first one started out to be an apartment house, but we finally changed it into a hotel. The other part was built under heavy strike conditions.

To build and furnish this hotel cost more than \$250,000. I think a somewhat better job might be done at this time in the building for \$175,000.00, and the furnishings about 25 percent less than we paid.

Price & McMenahan, Bellevue Court Bldg.
1418 Walnut St., Philadelphia, have a full set of the plans and they, no doubt, would be able to fix you up at a very nominal cost and give you an estimate on present day prices.

Most sincerely,

Carl S. Fisher.

HOT(S)

MEMO:

July 25th, 1924.

Mr. Kohlhepp:

Enclosed find a rough sketch of the Lincoln Hotel and grounds.

I want to add to the Lincoln, twenty-four rooms and twenty-four baths in a three story building, each of the baths to be an outside bath; two large chimneys, which will give twelve fire places.

The annex to be connected with the main building by a two story covered walk; and to be connected for service with the kitchen with a one story covered walk; a small individually operated elevator for trunks and waiters.

Please get figures on this and let me have them soon.

Also advise if you have gotten out the floor plans and the estimate on the changing of the old office building so that the Lincoln could use this building next winter as an annex.

Carl G. Fisher

THE CARL G. FISHER PROPERTIES

MEMO TO Hotel Managers
FROM Michael J. Glenn

DATE December 29, 1930
SUBJECT Protection of Guests
and Property

Because of the seriousness of the following, I believe it should be brought to your attention, in order that you may be prepared to cope with anything that may arise from it.

A prominent hotel owner on Miami Beach has been receiving registered letters, mailed from a post office box in Miami, demanding \$10,000. We have every reason to believe that this is the work of an international, organized ring of black-mailers, and the threats they have made and carried out prove them to be a very dangerous outfit.

Inasmuch as this information has been turned over to the Department of Justice, it is absolutely necessary that you treat this as strictly confidential.

Because of the numerous robberies in summer resorts this past summer season by clever hotel thieves, I believe we should be well prepared, and take every precaution to prevent any similar occurrence in our hotels. Our greatest help in this connection can come from the hotel employees, if they are properly instructed.

All employees should be instructed to report immediately any strange persons loitering in or around the hotels, or in fact anything of a suspicious nature. This system has been very effective in hotels where it was used. In order to stimulate the interest of employees along this line, it is customary to reward them for any information of value.

If I can be of any service to you in speaking to your employees along this line, I will be very glad to do so.

OK
M.J.G.

Yours very truly,

M. J. Glenn

\$500,000.00 FIRST MORTGAGE
EIGHT PER CENT. GOLD BONDS OF
THE ALTON BEACH REALTY COMPANY
SECURED BY FIRST MORTGAGE ON
THE LINCOLN HOTEL

The Alton Beach Realty Company proposes to create and issue \$300,000.00 Eight Per Cent. Gold Bonds to be known as "The Alton Beach Realty Company's First Mortgage Eight Per Cent. Gold Bonds". Said bonds are to be Coupon Bonds, of a denomination to be hereafter determined, with the privilege of registration, to be dated _____ and to be payable \$25,000.00 annually from 1931 to 1941 except so far as previously called for redemption, and to bear interest at the rate of 8% per annum, payable semi-annually on January 1 and July 1 of each year.

The bonds will be callable at 102 and accrued interest up to June 30, 1935 and at 101 thereafter; and will be secured by a first mortgage upon The Lincoln Hotel property, situated in Miami Beach, Florida, described and appraised as follows:

The Lincoln Hotel property is situated on a very valuable piece of Lincoln Road property with 323 feet of Lincoln Road frontage, extending from Washington Avenue to Drexel Avenue and having a depth of 272 feet. This was the first of the Carl G. Fisher hotels at Miami Beach. The first unit of 34 rooms was constructed in the year 1916 and opened for the season early in 1917. In 1920 the capacity of the house was increased to 68 rooms for the season 1920-1921. In 1924 the capacity was again increased from 68 to 102 rooms for the season 1924-1925. and this capacity is the present capacity of this hotel.

The value of the property covered by the mortgage is:

| | |
|---|------------------|
| Land Value | \$245,000.00 |
| Buildings (Gunn & Goll, Inc. appraisal, Dec. 1, 1929) | 301,379.60 |
| Furniture & Equipment (Albert Pick & Co. appraisal Dec. 1, 1929) | <u>70,063.51</u> |
| Total Valuation | \$616,463.11 |

Earnings as reported by the management for the year ended August 31, 1929 have been as follows:

| | |
|--|------------------|
| Gross Earnings | \$180,728.51 |
| Operating Expenses, Maintenance & Taxes | <u>84,956.70</u> |
| Net Income | \$ 95,771.81 |

The annual interest requirement on the above issue calls for \$24,000.00 per annum, which is being earned four times the interest charges based on the above statement.

Exclusive of 1927 - the unusual year following the storm at Miami Beach - the earnings for the past five years, during which the hotel has had a capacity of 102 rooms, after taxes but before depreciation is deducted, average \$62,425.85. This annual earning is over two and one-half times the annual interest requirement of \$24,000.00.

The depreciation is automatically taken care of by the \$25,000.00 annual amortization of the bonds.

Dear Mr. Fisher:

The Lincoln is now filled to capacity, having rented more rooms as single rooms than in former seasons. Our house count is not as large, due to this and a reduced rate our daily receipts are approximately one third less than they were a year ago.

Our operating expenses have been reduced and if business holds up to expectations during the next three weeks we will show an operating profit of between twenty and twenty-five thousand dollars for the season. If weather conditions in the North change I believe that our March business would improve so that we could show a larger operating profit, this with our total season receipts approximately one-half of what they were in 1930-31 and one-third of that of 1929-30.

Apr. Jan 1930 - 615,683 ~~per~~ truly yours,

Fred L. Bennett

May 4th 1933.

Mr. Lindsey Hopkins,
P.O. Box 830,
Atlanta, Ga.

My dear Lindsey:

I enclose you balance sheet, just taken from the Lincoln Hotel report. You will notice in spite of 24 rooms less for revenue, our returns are greater. Also you must not overlook the fact that we had a reduced rate of from 30% to 40%.

We have the ground space, and need in the Lincoln 30 to 50 more rooms, and also at least six shops on Washington Avenue, facing east, and three shops on Lincoln Road, facing north. This ground space is available, and we are now up to a point where there is a demand for shops on Lincoln Road, as Lincoln Road has finally come into its own as the high class business street of the Beach.

This entire addition to the Lincoln, as I have outlined here, would cost us about \$30,000, giving us an additional gross revenue of \$20,000.

Just keep this in mind and think it over.

Hope to see you soon. I am sticking along here with the expectation of a couple of good sized deals that we may get in such shape that we can complete them some time this summer. Expect to leave here about the 15th.

Business continues good, and building records are beating last year; Miami Beach has more than doubled Miami, and as far as we know it is the brightest spot in all America in building homes at this time.

Yours very truly,

CARL G. FISHER

we deeply sympathise with their troubles in connection with this harbor, we at the sametime, must not overlook the fact that their trouble was the best possible thing that could have happened for our Company, just at this time.

I hope you can get away for a rest, if not, hope you will have time to write me and tell me how things are going generally with you. We send best regards to you and India.

Yours,

C. G. FISHER

Mr. H. G. Romfh,
First National Bank,
Miami, Fla.

My dear Ed:

I enclose you a memorandum of the possibilities of a small annex to the Lincoln, facing east on Washington Avenue, giving the addition of 20 rooms in this building, which is as large as can be built without interfering with the light and air, and the Lincoln Gardens, which are a big part of the Lincoln popularity.

It would not be practical to have downstairs bedrooms on the Washington Avenue side, and I think these five stores can be rented at \$75.00 per month for six months.

The Lincoln this year made \$23,568 gross operating profit, without the 24 rooms which it has always had across the street, and I think the Lincoln perhaps turned away more guests during the height of the season than any other hotel on the Beach, in fact I am quite sure they did.

Allowing for a very liberal reduction in these figures the investment is quite attractive for the Lincoln. Jack Trimble is considerably in the banking business now in Indianapolis, and he does not seem to react favorably towards an additional investment.

Can your mathematicians figure a plan whereby this investment could be added to the present bond issue on the Lincoln, and what would it cost for this additional capital.

I wanted to get to see you before I left and talk this matter over with you, but I have been tied up on several other deals, and have just completed two rather attractive deals that at least relieve us of some taxes, and give us a fair income.

I am leaving for Port Washington tonight, so good-bye to you and the rest of the family, - and good luck!

Yours,

CCF-MH

CARL G. FISHER

Mr. E. G. Romfh, - #2

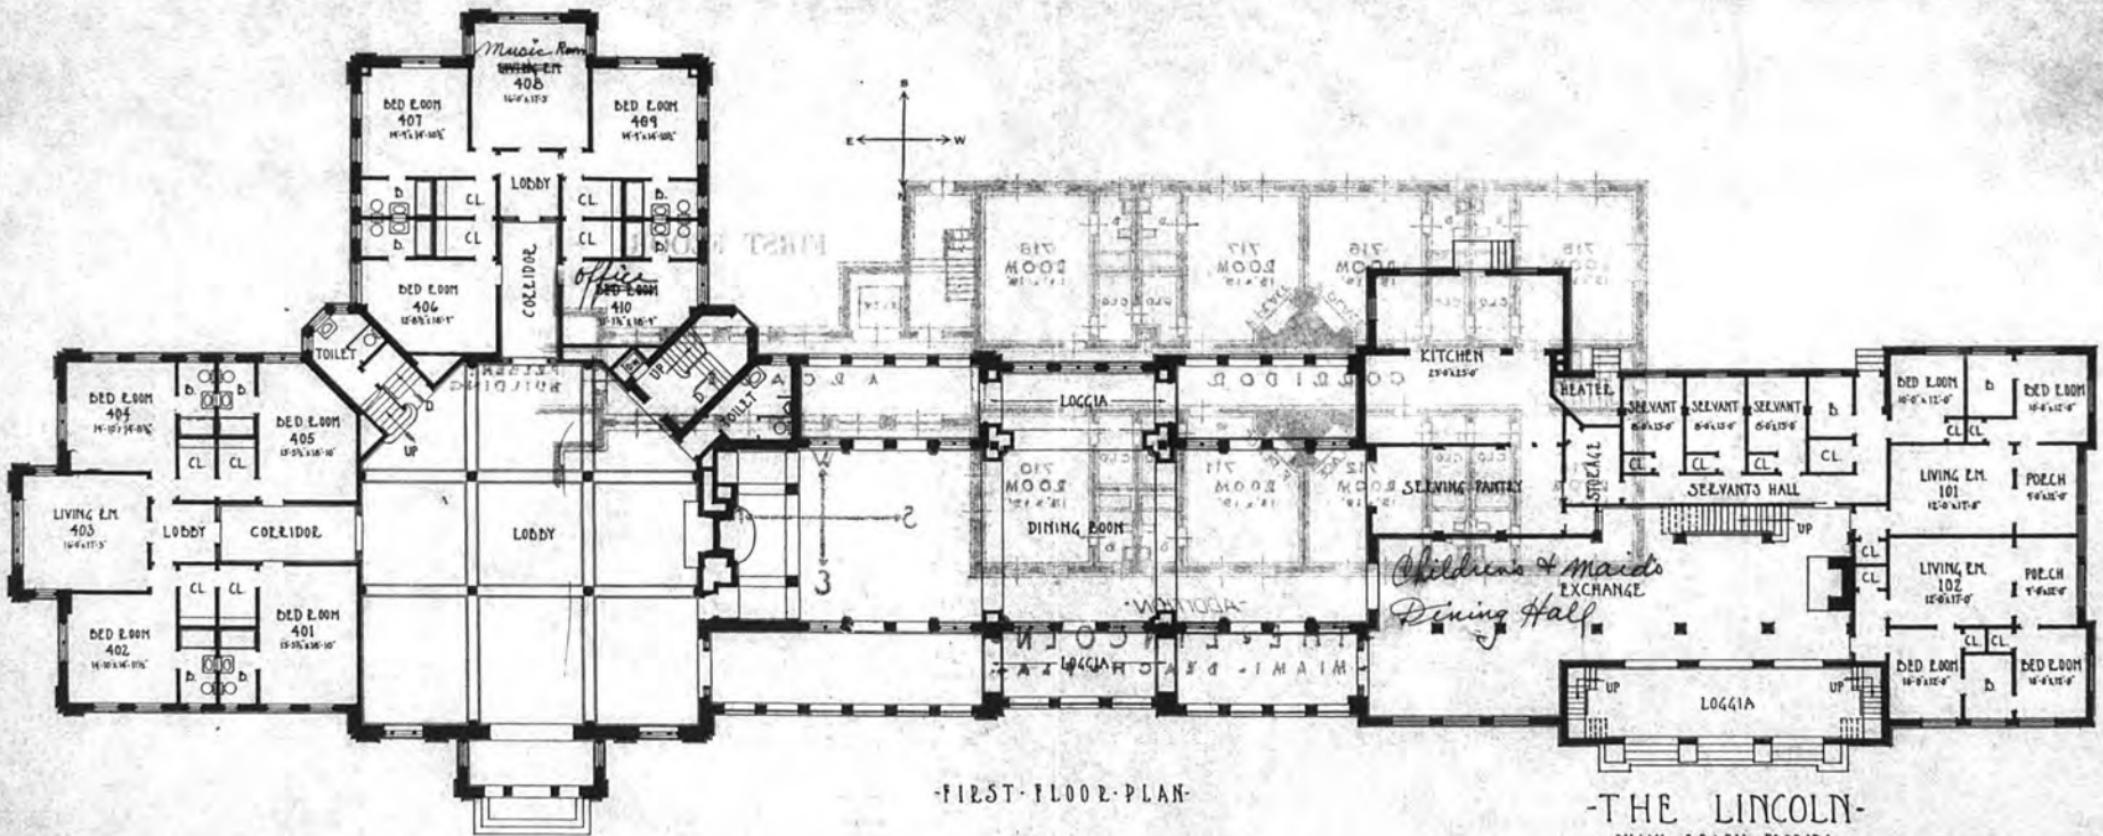

Bennett operated this year on 49.3% of gross income,
and with these additional rooms and using the same
operating costs of last year, he should be able to
better last year's figures.
