The Comptie Constituency

The Comptie Constituency is a distinguished society established to honor donors who have supported the endowment in a significant way, or who have made specific provisions in their estate plans that will benefit the future of the Historical Museum of Southern Florida. The Comptie Constituency gets its name from the native cycad that was Miami's first cash crop and the backbone of South Florida's economy. Seminoles, and later pioneers used the starch of the comptie root for food and other purposes. We recognize the following donors, for gifts that will impact the museum in a positive way for years to come.
