(circle the letter next to the appropriate classification)

- A. MAINTENANCE OR REPAIR:** The act or process of applying measures to sustain the existing form, integrity and material of a building or structure and the existing form or vegetative cover of a site. It may include initial stabilization work, where necessary, as well as on-going maintenance and repair. Samples of material must be submitted with the Application.
- B. RESTORATION:** The process of accurately recovering the form and details of a property and its setting as it appeared at a particular period of time by means of the removal of later work or by the replacement of missing earlier work. All applications for restoration shall include site plans (if required by the Building Permit), a statement with bibliography historically justifying the work, and any additional photos or information to support the proposed work.
- C. REHABILITATION:** The process of returning a property to a state of utility through repair or alteration which makes possible an efficient contemporary use while preserving those portions or features of the property which are significant to its historical, architectural and cultural values. All applications for rehabilitation shall include: site plans (if required by Building Permit), and any other supplementary information, such as drawings, that will support the proposed project.
- D. DEMOLITION:** The process of destroying or tearing down a building or structure or a part thereof, or the process of removing or destroying an archeological site or a part thereof. The applicant shall include a report explaining why the proposed action should occur. If this action is to occur for reasons of financial hardship, all pertinent financial data should be included pertaining to the cost of preservation, demolition and new construction. Any other material pertinent to the application is also encouraged as supplementary information.
- E. NEW CONSTRUCTION:** The process of constructing a building or structure that has never existed at that location. Applications shall include: a site plan, elevations, floor plan and/or landscape plan.
