

THE EVERGLADES NATIONAL PARK PROJECT  
 APPROVED BY CONGRESS AND BILL SIGNED BY  
 PRESIDENT ROOSEVELT MAY 30, 1934

GOVERNOR'S OFFICE  
 ALBANY, N. Y.

Dear Mr. Coe:

September 25, 1930

"I am glad that the Everglades National Park project is getting on so well. I can tell you that, knowing this country at first hand, I am very hopeful that it can be preserved for the nation for all time."

Very sincerely yours,  
 FRANKLIN D. ROOSEVELT.

GOVERNOR'S OFFICE

TALLAHASSEE, FLA., November 9, 1934

"The Everglades National Park should be seen by every one of the hundreds of thousands of visitors annually coming to Florida. No other spot in the United States excels it in enchantment, mystery and strangeness of scenery and wild animal life. Here we find nature little changed through eons of time."

Very sincerely yours,  
 DAVE SHOLTZ.

Issued by The Everglades National Park Association  
 Miami, Florida, and Washington, D. C.
