

EXCERPT FROM SOUTHWEST FLORIDIAN, FORT MYERS,
FLORIDA, of JUNE 26th, 1937.

Recently the governor asked for and got the resignation of all the members of the Everglades National Park Commission. He gave as the reason that he wanted to be sure what was to be done with the money recently provided by the legislature for the commission. He stated at this time that he might reappoint some or all of the members. Ernest F. Coe, who has devoted more than ten years to the securing of this park, and who was a member of the old commission and the executive head of the organization, should be reappointed to the same position, and everything else should be done that can be done to expedite the opening of this national park. The federal government is ready to do its part when Florida does what it agreed to do. Keep Coe on the job, Governor Cone. He is the man to get results.
