Mr. Ernest F. Coe, Executive Chairman,  
Everglades National Park Commission,  
Court House,  
Miami, Fla.

My dear Mr. Coe:-

Thanks for the copies of the letters sent to members of the Legislature. I am sure they will do good work and make those who voted for the appropriation feel that they are appreciated. The Senators liked their letters and many of them spoke to me about them.

I have not received my check for the last voucher sent in and I really need my money. When I first promised to try to go to Tallahassee in the interest of the appropriation I did not expect that I would have to use my own funds for the work. I am glad that I was able to do it, of course, and am proud that I succeeded, with the help of many others, in doing what the Commission sent me to do, but the delay in getting my money back will mean a hardship if it does not soon come thru. I suppose that you surely have sent the voucher on to the Comptroller and that the delay is in his office??? Please try and get me the check as soon as you can.

I talked to Mr. F. L. Ingram, State Administrator W.P.A., about the continuation of the Abstract work for the Everglades National Park and he assures me that it would be continued. I told him that Mr. Myers' work was said to be splendid and we would like to have him left on the job and he said that he would not have any thing to do with who was kept on and advised that we take it up with the district administrator of the W.P.A. I think that it would be a good idea for either you or Mr. Pancoast to see him and make sure that this work will not be disturbed. It might delay matters to have any change here if the work is as good as you seem to think it. I realize how very necessary it will be to have these records perfect when the legal transfers are made necessary, which I hope will be begun shortly, no matter who is on the Commission. There is a project already set up for Monroe Co., and this, I suppose will be the next work in line, but it will not be necessary to include the Keys at present, I think.

It is pretty hot up here, as the rains have not begun in earnest yet.

All good wishes,  
*May M. Jennings*  
Mrs. W.S. Jennings.

P.S.

Several copies of Mr. Wheeler's circular letter to the Women's Clubs in your behalf have found their way to my desk, altho I was not sent one by you.
