My dear Mr. Coe:-

Please have check for the enclosed voucher sent direct to me from Comptroller. The work cost more than I thought it would as I had to stay longer than I thought it would take but I guess it was worth it, at least I hope so.

I sent you a page from the House Journal showing the vote on the bill 707-Please send those who voted for the bill nice letters in Mr. Pamcoast's name and thank them for me as you did the Senate. They were all pleased to get the letters of thanks and spoke of them to me. Please send Speaker Christie as specially nice letter also Butt of the Rules Com. and his members, Collins, Harrell, Collins and Wood of Liberty. They helped to get our bill on special calendar. Holt presented the bill on the floor and McCarty moved to the motion or amendment of the Chairman of appropriations on the table which would have cut the appropriation to \$10,000. Platt and Rogers of Broward steered the moves and Slater Smith also helped to get the bill placed on the Calendar. Please also write Mr. Grassfield and Mr. Harold Colee of the State Chamber and thank them for very wplendid help.

I guess this will clean us up.

May M. Jennings
