Mr. Ernest F. Coe, Executive Chairman,  
Everglades National Park Commission,  
Dade County Court House,  
Miami, Florida.

My dear Mr. Coe:

Thank you for the minutes and your letter agreeing to carry out my request in regard to all the affairs of our Commission in getting same ready to turn over to new people, if they are appointed. I am glad that Mr. Pancoast is taking my suggestion and going to Tallahassee.

Please send to the Governor, marked "PERSONAL" a copy of the Lands and Boundaries Committee report. I have asked Mr. Copeland to make a corrected map of the area we have now adopted and send it to the Governor.

I am certainly tired, but happy over the results except that we have all been asked to walk out, but perhaps the Governor only wants to be sure that he can control matters.

With all good wishes,

Sincerely,

Mrs. W. S. Jennings, Official Representative of the Everglades National Park Commission, in charge of Legislation
