

MAY 26 1937

EVER 19924

Tallahassee, Florida, May 26, 1937

To: Club Presidents, State Officers & Chairmen, F.F.W.C.

The Senate has passed Bill No. 707, and it will soon be before the House, appropriating \$87,760. for the work of the Everglades National Park Commission to speed up acquisition of area for the Everglades National Park of around a million and a quarter acres. The Legislature adjourns June 4th, so please wire your representative night letter at once urging him to vote for and give his active support to insure passage of the bill in the House. Please write Governor Fred P. Cone, urging him to sign the bill, otherwise the work will have to stop and the Park may be lost to Florida.

Mrs. J. G. Kellum, President, F.F.W.C.

Mrs. W. S. Jennings, Chairman, Dept. Conservation
