Mrs. Thurston Roberts is joining the Everglades National Park Association Executive Council, together with a number of other outstanding citizens representing the State at large; all fervent to use their influence toward creating and maintaining that kind of public interest so necessary for the success of the Park.

Truly, we are all working for a project which can well be esteemed one of Florida's big opportunities, which, with completion, will not only bring increased fame to our State, but through the hundreds of thousands of tourists attracted to the Park swell our public income many millions of dollars annually.

Your contacting with W. McL. Christie, to be Speaker of the House in the forthcoming Legislature, is but one of the almost every day opportunities you advantage of to help carry on progress with the Everglades National Park.

With all sincere regards,

Very truly yours,

EFC/kj

Ernest F. Coe, Executive Chairman  
Everglades National Park Commission
