Mr. Ernest F. Coe, Executive Chairman  
Everglades National Park Commission,  
Court House,  
Miami, Fla.

My dear Mr. Coe:-

I am enclosing a letter which was read to the Commission from Mr. Wilcox. I also have your notice to the Legislative committee that he has again introduced the Park bill. It takes a good deal more than introductions of bills, as you know, to have them become law. I take it from Mr. Wilcox letter that he thinks all efforts along the line of the bill it would be useless to work for - possibly time lost. I candidly do not believe we will get any where.

Perhaps it would be more fair to Mr. Wilcox to use the entire letter in the minutes of the meeting. Please return it when you have used it, so that I can have it for my files.

I am sending all good wishes to you Mrs. Coe and Nancy for a Merry Christmas and a Happy, Prosperous and Peaceful New Year. I hope that Mrs. Coe will continue to improve in health until she is fully restored. I would have gone by to see her but I was with friends and they had the next day after the meeting all mapped out.

Sincerely,

Mrs. W.S. Jennings

Please send me several copies of the printed report of the Land & Boundaries Committee. I suppose you have sent Mr. Cameron several if not please do so at once because it will help him to have them to study in advance.
