

Jacksonville, Fla., June 26, 1936.

Dear Mr. Coe:

Thanks for the notices. I still believe it would have been better to have had the whole Commission at the lands' hearing so that they could each have had first hand information, so I am sorry for that reason it was called off. I think the meetings of the Commission are too far apart so that the members lose interest, in fact I have heard them express themselves to that effect, as I tried to impress upon you when you were here. I was going to try to come although I am almost sick ahead with a dreadful cold and had arranged to have someone stay at the house for me. Will try to come at another time if it is not too far distant. I think we should do something. I do not like for things to drag along. We are losing a great opportunity to get money to buy land with.

Sincerely,
May M. Jennings

Mrs. W. S. Jennings
