Mrs. W. S. Jennings  
1845 Main Street  
Jacksonville, Florida

Dear Mrs. Jennings:

The enclosures fully explain themselves.

Governor Dave Sholtz before the Century Club, Miami Biltmore Hotel, Coral Gables, last evening spoke glowingly regarding the importance of the Everglades National Park as a Florida State asset.

The National Highway officials annual convention is in session there. Mr. Treadway hopes to get a motion passed by this important body favoring the Everglades National Park during this session.

With sincere regards,

Very truly yours,

Ernest F. Coe  
Executive Chairman
