OCT 25 1935

Court House
Miami, Florida
October 25, 1935

Mrs. W. S. Jennings
1845 Main Street
Jacksonville, Florida

My dear Mrs. Jennings:

Many thanks for your letter of October 23.

We are pretty well written up on abstracts of title of land in Dade County, and anticipate the work of this kind in Monroe County will be less complex. Through the generosity of abstract companies, free access to their records and County records, we have been able to develop quite a complete record of abstracts. In many instances, this search has developed many interesting features. We are locating as rapidly as possible the present owners and their addresses. In many instances this is not proving to be a simple task.

Mr. Thomas Pancoast and Mrs. T. V. Moore met with Mr. Alexander and me yesterday morning. It was the concensus of opinion that a meeting of the Commission should be held as soon as practicable and that Tallahassee would be the logical place. Both Mrs. Moore and Mr. Pancoast could attend a meeting there on November 18. We are writing to Governor Sholtz to ascertain if it would be convenient for him to call a meeting on that date and, if not, for that date, what date he would name.

We understand that the Park Commission's appropriation is now available for the uses the Park Act prescribes.

With all best wishes,

Sincerely yours,

Ernest F. Coe
Executive Chairman
Everglades National Park Commission
