KEY WEST.

[THE GEM OF THE SEA.]

LOCATION AND IMPORTANCE.

Key West (the city and island both bearing the same name) is one of the series of islands known as the Florida Keys, at the extreme south of the peninsula, and is the county seat of Monroe county; the rendezvous of the United States naval vessels of the North Atlantic squadron, having the finest, most secure deep-water harbor on the Gulf; the headquarters of the U. S. District Court for the Southern District of Florida; is the largest port of entry on the Gulf coast, and from its large customs collections ranks as the thirteenth port in the United States. It is 240 miles south of Tampa; 290 miles south by east from Cedar Key, and 90 miles north of Havana, Cuba.

POPULATION.

The total population of the town in 1831 is recorded at 300. In 1876, 12,733; in 1886, 17,442; in 1887, **18,940**; and at the present rate of increase will reach 35,000 inside of the next five years.

COMMERCIAL.

Key West derives its importance in the commercial world from—

First. Its geographical position, it being the extreme southern point of the United States;

Second. For its capacious harbor, the great depth of water over its bar, and the ease of ingress and egress to and from its outer and inner roadsteads, and

HAIGHT & DUDLEY

PRINTERS

POUGHKEEPSIE, NEW YORK

WE HAVE EXCELLENT FACILITIES FOR THE PRODUCTION OF THE FINER GRADES OF WORK, IN BLACK OR COLORS, QUICKLY AND AT REASONABLE PRICES. OUR REPUTATION FOR SUPERIOR PRINTING IS KNOWN ALL OVER THE WORLD, AND WE COULD FILL A BOOK WITH COMMENTS SIMILAR TO THOSE QUOTED BELOW.

No establishment in this country surpasses, and few equal its productions.—*Inland Printer, Chicago.*

No printing office in the land turns out better work.—*Typographic Advertiser, Philadelphia.*

Mr. Haight keeps up his reputation as the most versatile of American artistic typographers. His mastery of every detail of execution is simply wonderful; his strong individuality marks every specimen from his hand so distinctly as to scarcely need the evidence of the imprint to decide its paternity. The contrasts in style are widely distinct, ranging from classic neatness to the most elaborate decorative effects, but all the specimens, without exception, are strikingly attractive and tasteful, and bear the impress of the hand of a master craftsman.—*Paper & Printing Trades Journal, London, England.*

Mr. Haight's skill as an original designer of artistic color work is too well known to need comment; frequently we have said "this is his best: he won't beat it!" but the next specimen shows that his inventive faculty knows no rest.—*Id.*

We have heard Mr. Haight described as the "Boss" Printer of the United States. His work is certainly of the finest possible kind, and he must be an artist of no ordinary pretensions.—*London Press News.*

This printer's typography is not excelled by anything produced in the States, which is certainly saying a good deal.—*Printer & Stationer, London, England.*

Nothing has been overlooked in the construction of these vessels; and their fine model, full power and excellent sea-going qualities, have won for them the enviable reputation they possess.

Passenger accommodations, both Cabin and Steerage, are unsurpassed. Staterooms being above the main deck, are light, roomy and thoroughly ventilated, thus assuring to the traveler the greatest degree of comfort attainable.

Connections are made at all the ports at which these Steamers touch with all Railroads and Steamboats.

Through Coupon Tickets are on sale, and Through Rates of Passage and Freight are named to interior towns and cities, including those of California, Mexico, New Mexico and Arizona.

No other Passenger Steamers run between New York and ports above named, except Fernandina.

THIS IS THE FAVORITE ROUTE TO FLORIDA.
