information supplemental to the two previous digs can help support and document our request of you.

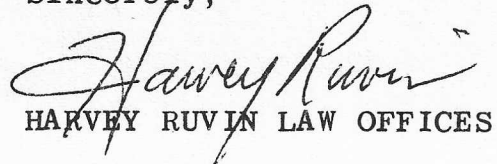

The Arch Creek Site has many unique aspects and its preservation will not only be a benefit to the State but go a long way towards establishing a SENSE OF COMMUNITY in Dade County.

We are simultaneously seeking action on the part of Dade County (I enclose copy of recent letter to County Manager) and Congressman Claude Pepper's Office has assured us of aid as well.

We certainly appreciate your consideration of this request and stand ready to assist in its expeditious handling.

With warmest regards, I remain,

Sincerely,
