Dear Mr. Gardner:

Please be advised that Dade County is opposed to the request by the City of North Miami, that the Department of Natural Resources transfer a strip of land from its park inventory to the Florida Department of Transportation.

Nevertheless, it is our understanding that the subject property is not necessary for the completion of the above-mentioned FDOT project. We have been advised by the FDOT District Office that they will not be requiring the land in question. Still, we are forwarding this letter to confirm our commitment to the preservation of the Arch Creek historical and archeological site.

Sincerely,
