RE: Old Dixie Highway (Military Trail)

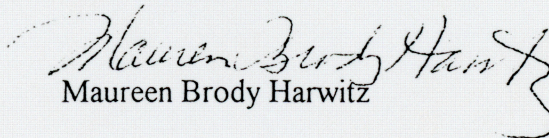

Dear Ms. Siegel:

I am representing the Arch Creek Trust, inc., a not for profit Florida corporation, in its efforts to protect, preserve and maintain the historic Arch Creek area for the benefit of the public. As we discussed, the Trust would like to work with the City of North Miami Beach to resolve problems. The Trust welcomes the opportunity to amicably resolve the problems that will be created by the existing North Miami Beach plan using the historic Military Trail as part of a strip mall parking lot.

As I discussed today in our telephone conversation, the Trust requests under Chapter 119, Public Records Act: copies of any resolution, petition or other action by the City of North Miami Beach to vacate, close, or abandon the right of way that was part of Old Dixie Highway (Military Trail) from the north boundary of the Arch Creek Park to NE 139th Street and Biscayne Blvd. If such action was taken, it would be subsequent to January 23, 1973.

The Trust will remit costs for the preparation of the requested copies.

Very truly yours,

Maureen Brody Harwitz
