Re: Historic Arch Creek Road

Dear Maureen:

Congratulations are in order for your good work on preserving the Historic Arch Creek Road. It sounds like you obtained concessions from the owners that the County could not force and that the owners had refused to do voluntarily at the request of the County.

I hope you know that although we initially disagreed about liability to the County, I have always had for you the highest professional respect and personal affection.

YOU SMOKED 'EM OUT!

Warmest regards,
