**RE: Application to Historic Preservation Board for
Landscaping for Historic Arch Creek Road**

Dear Carol Helene:

As discussed at our meeting on-site of the Historic Arch Creek Road on December 7, 2001, please find enclosed a plan for the proposed landscaping of Historic Arch Creek Road. The plan indicates the proposed planting of Sabal Palms and an under planting of Firebush.

This application to the Historic Preservation Board will be as a companion Regular Certificate of Appropriateness to the Special Certificate of Appropriateness already issued for the road improvements. The City will complete the application forms, as the applicant, for the Regular Certificate of Appropriateness for the proposed landscape improvements.

We respectfully request that if the Arch Creek Trust is in agreement with the proposed landscape plan, the Trust pass a resolution in support of the proposed landscape improvements. The resolution could then be included in the package to be submitted to the County Historic Preservation Board. If you are in agreement with the plan and a resolution can be adopted, please provide a copy to me for inclusion in the application packet.

Should you have any questions, please feel free to contact me at 305-948-2966 (fax: 305-957-3517).

Thank you.

Sincerely,

Thomas J. Vagelino

Community Development Director

C: Gary Brown, City Manager
Darcee Siegel, Assistant City Attorney
Hiep Huynh, City Engineer
