County Commissioner Ruth Shack
73 W. Flagler St.
Dade County Courthouse
Miami, FL 33130

Dear Ruth,

Thank you so very much for your presentation and words of encouragement Monday night at the Arch Creek Trust Meeting/ Your reiteration of the importance of volunteerism vis-a-vis the arts and historical interests in Dade County was most helpful. I know the people in attendance felt encouraged and will encourage others to participate. Already we have set up a schedule with Parks and Recreation on the replanting of Arch Creek. In addition we have offered our help to Mr. Pekkins to see if we cannot expedite the construction of the museum. I think we are continuing along the road toward better cooperation, better understanding, and a better park. We thank you for your assistance toward that end.

Sincerely yours,

Rev. Charles L. Eastman

P.S. Please do not hesitate to contact me as to the specific help you need for the Perrine tract. It was suggested at the informal meetings we held after your presentation that perhaps while some of the donated exotics would not be fit for Arch Creek, they might be good for the Perrine tract.
