FOR MR. GOLF BALL didn't stand a chance recently when these four women teed off on him to cop top honors in a tournament at King's Bay Yacht and Country Club. About 40 members of the Women's Golf Association played, and it was the first action seen on the just-completed golf course. Taking their swings are, front to back, winner of the A division, Mary McCrackin, 6500 SW 128th St.; "B", Estella Van Armen, 1200 Country Club Prado, and Marian Krystow, 7401 SW 74th Ter.; and "C" winner, Dorothy Hall, 7380 SW 121 St.

LeJeune Project Is Stalled Again

He'll Be Here Nov. 26

High Flying Santa Will Whizz Into Coral Gables

Old Saint Nick will then be paraded through the downtown area on a special float obtained for the occasion.

His arrival will put the 1960 Christmas shopping season into full swing.

\$10 Assessment

The Retail Merchants Division of the Coral Gables Chamber of Commerce, which has assessed its members \$10 each to finance Santa's royal reception and long stay here, has asked

other merchants to participate in the event.

Donations may be made at the Chamber of Commerce office.

The RMD has agreed to set Dec. 9-23 as the period during which stores will remain open nights.

Closings will generally be at 9 p.m., but this was left up to individual merchants. Stores will not be open on Sunday.

It'll be a high flying Santa who'll come to Coral Gables the morning of Nov. 26.

The gregarious old gent with a bag full of toys will land his helicopter near Coral Gables City Hall at approximately 10:30 that morning and will greet and expected mob of kiddies, many of whom will cast eyes on him for the first time.

Santa, long accustomed to airborne travel, has switched to the helicopter for his visits to this snowless area.

Live Deer

But live deer will be on hand at Merrick Park across Biltmore Way from City Hall to make him feel at home.

And a band will liven things up by playing some of his favorite yuletide numbers on his arrival.

South Miamians Score In Debates

Two South Miami residents were among University of Miami debaters who swept to a record-making victory in the Carolina Forensics matches last week.

Teammates and debate partners on the novice squad, UM Freshmen Art Rothenberg and Ronald Shapo helped top their division. Rothenberg lives at 951 Sylvania Blvd., Shapo at 1600 SW 17 Ave.

In all, the UM squad brought home a record five trophies, including victories in the varsity and novice debate divisions and the impromptu speaking.

Safety Lane Hitch Causes Newest Problem

What ever happened to the plans for LeJeune Rd.?

Recently revealed plans for its improvement by widening and repaving to four lanes show that it will not be constructed in the manner agreed to months ago.

What happened?

In the final analysis it will have to be noted that the agreement between the Chamber of Commerce, City of Coral Gables, the County and State Road Board could not be reduced to engineering drawings.

The reason this could not be done was simple:

A 70-foot right of way could not accommodate safely four lanes of traffic, a left turn lane and five-foot sidewalks on each side.

Complicating the problem of left turn lanes is the fact that the planners who laid out the city created many non-matching intersections where the streets fail to join.

Added to the fact that 60 feet is a far cry from the 100 feet recommended, the engineers finally threw up their hands.

Therefore, don't look for left turn lanes when the highway is placed under construction in December.

Two Elderly Persons Injured

Two elderly persons were injured in a two-car collision at the intersection of Galiano and Palermo the morning of Nov. 10.

Treated at Doctors' Hospital were George H. Knutson, 75, of 3400 LeJeune Rd., and Elizabeth M. Friedemann, 66, of 3240 Riviera Dr.

Knutson was knocked out of his car following the collision and suffered contusions of the face, hands and knees. He was also treated at the scene by Coral Gables firemen.

The Knutson car was eastbound on Palermo and collided broadside with the northbound Friedemann auto.

Gables police, who charged Knutson with disobeying a stop sign, said that the Friedemann car had the right of way.

Damage to each vehicle was estimated at \$500.

150 Golfing Fans Needed For PGA Tourney

The City of Coral Gables needs the help of at least 150 persons to sponsor the Professional Golf Association Tournament, Dec. 8-11, at the Biltmore Golf Course.

Sponsorship for the second annual national golf tournament cost \$150 and will help raise approximately \$22,500 toward the event.

Last year's tourney drew some of the top names in golf and the city hopes to draw more top talent for this year's event.

Qualifying rounds are scheduled to get underway Dec. 5, with competition beginning Dec. 8.

PGA Tournaments are nationally televised and brought thousands of players and spectators to the Gables last year.

Coral Gables was selected for the event when Havana, Cuba, proved politically unstable following the Castro Revolution.

Good Skate Needed

Richard Stengle, 28 Zamora Ave., manager of the Little Theatre Properties department of the Country Club of Coral Gables, is in need of a pair of ice skates for the club's next production "Anniversary Waltz," by Jerome Chodory, to be presented, Nov. 28, 29 and Dec. 1 and 2 at the Club.

South Miami To Purchase Brown Parcel For \$39,000

South Miami Tuesday night, in effect, purchased the Brown property, a parcel of land including a fertilizer warehouse adjacent to City Hall on Sunset Drive, for \$39,000.

Council authorized City Manager C. B. Petry to execute purchase of the property from Winfred Brown to include three annual payments.

The first installment will be \$25,000, with the remaining payments of lesser amounts.

The land, designated as 6110 SW 62nd St., is a tract 100 by 100 by 100 feet.

The city, when it takes over possession of the land in 90 days, will tear down the fertilizer building and revamp the entrance to City Hall.

Meanwhile, the city's inspection station, lying immediately east of the Brown property, may be moved to another location.

In other business, Council PASSED a resolution granting lot size and frontage variances to permit the construction of a single family residence at SW 67th Ave. and SW 76th Ter.

READ a letter from Scott Bagby, who has been retained by the city to present a master plan of the city, saying that he will submit the plan to the city fathers at a tentatively set special Council meeting Nov. 29. The plan was due last month. Council last week wrote Bagby to find out when the plan would be ready.

TABLED a resolution granting assorted variances for the construction of a new Mount Olive Negro church in the city's colored section. The variances apply to the front, rear and side setbacks. The church now is in a frame structure at 6316 SW 59th Pl. which would be torn down for a new CBS structure.

GRANTED permission to South Miami Baptist Church to the erection of a tent from Nov. 30 to Dec. 3 for use in the promotion of a church membership drive. The tent, 60 by 90 feet in size, will be erected in an area directly across SW 62nd Ave. from South Miami Hospital.

READ a letter from Marion Boriss, director of Public Works for Metro, stating that a master plan for Metro's sanitary sewer system is underway and won't be completed until Dec., 1961. South Miami had requested information from Metro about the county's proposed sewer program in hopes Metro could give the city sewage disposal in the near future. South Miami now is contemplating laying its own sewer pipes.

Statewide Program

West Lab Pupils Get Dental Check

About 90 pupils at West Laboratory School had their teeth last week at a visitor and their parents will be glad they did.

The children were having their teeth checked by a dentist.

Dr. Bernard Neuwirth of the Dental Health Association checked the teeth of kindergarten pupils and other children who are now at West Lab.

A blue card stating the condition of each child's teeth and recommended care will be given him to take home to his parents for their consideration.

"This program is part of a state-wide program," explained the principal, Dr. Glenn Thomas.

Dr. Thomas pointed out that West Lab is one of six Dade County schools taking part in the dental checkup.

Dade Demonstration Elementary in Coral Gables is the only other area school involved in the dental survey.

"The reason for making the survey," said Dr. Thomas, "is to find out the attack rate of the dental caries (cavities)."

"They examined to find out the total number of permanent teeth decayed, the number of them missing and the teeth that had to be taken out because of dental neglect."

Marine Lab Opens Doors For Summer Study

By LAURA HENRY
An opportunity for Southwest High School juniors and seniors to work at the Miami Marine Laboratory this summer is one of the plans that resulted from the Regional IV, National Science Teachers Association, meeting on Miami Beach. Mr. James F. Miley, biology teacher, attended the meeting and was recorder for one of the discussion groups. He explained that another new idea is the Biological Science curriculum, now in the trial stage in schools throughout the county.

Al Leliard, a Southwest student, won a \$50 savings bond for his poster titled "Inform Yourself and Vote." The contest, sponsored by the League of Women Voters, was held in honor of American Art Week.

Southwest has sent out College Day invitations to 60 colleges and universities throughout the United States. Representatives

The long, sharp claws on a grizzly bear's forepaw can slash an enemy mortally, but the animal uses them more often for digging out ground squirrels and mice, the National Geographic Magazine says. In quest of such prey, bears can give a meadow the appearance of a plowed field.

from the schools will meet Nov. 30. They will discuss tuitions, entrance fees, fraternities, sororities and other problems that face college freshmen. Students will have a chance to attend three separate meetings during the day.

Addresses History Classes
Mr. Thomas Cunningham, a representative of the Central and Southern Florida Flood Control District, addressed Mr. Joseph Carter's "Problems of American Democracy" classes. After showing a film on flood control, he answered questions concerning acquisition of lands for the project and the part the Army Corps of Engineers played in construction.

Wally Dayhoff, this week sharing Coaches Choice honors with Don Wood, has established himself as one of the finest pass receivers in the Gold Coast Conference. Pass receiving is only one of his powers. He is also an outstanding blocker and tackler. As halfback he has demonstrated his unusual running and passing ability.

Don Wood starts on both the offensive and defensive teams. He has been cited as "one of the hardest working boys on the team." Don played on the junior varsity team one year, and then was moved up to the varsity. He has remained varsity

guard for the past two years. The Southwest Eagles, unbelievably noted by critics as the undisputed underdog, clipped the Knights of Columbus last week in a 13-12 victory. The Eagles haven't gotten rolling this year, and in last week's game they were handicapped by a loss of a number of players due to various circumstances. The high flying Eagles met

the Jackson Generals Wednesday night in the Orange Bowl. Throughout the rugged game the Eagles fought back hard and held the Generals to a 6-6 tie. On Thanksgiving, Southwest will meet Coral Gables at the Coral Gables PBA Field in the traditional rivalry game at 10:30 a.m. At this game Southwest will celebrate its homecoming festivities.

City Relents On Parking Crackdown

Coral Gables has declared a moratorium on stringent overtime parking enforcement from Thanksgiving through New Year.

The announcement came Tuesday after the Commission heard complaints from various sources about lack of information concerning the recently ordered crackdown on overtime parkers in the downtown area.

Reaction to the get tough police has been strong among shoppers and merchants.

An error in enforcement helped create more hard feelings.

The City Commission's policy of strict enforcement of one-hour parking on downtown streets somehow was translated into strict enforcement of all parking regulations.

Police have been marking tires to prevent parkers from cheating on time by putting additional coins in meters.

The move was designed to discourage the use of downtown on-street parking by merchants and employees to the disadvantage of shoppers.

Florida's two biggest vegetable crops—the tomato and the potato—were spurned for centuries because of fear of poison or superstition. The Sunshine State now markets more than a half billion pounds each of these crops annually to all parts of the nation.

Florida is the only state which produces winter strawberries in quantity.

Car Is Demolished In Scrape With Tree

A 23-year-old youth escaped with minor injuries after his car was demolished in side-swiping a tree near the intersection of LeJeune Rd. and South Dixie Hwy. recently.

Thomas M. Marco, 2661 Bayshore Dr., was given emergency treatment at the scene by Coral Gables Firemen L. L. Lanway and R. L. Bunting and later at Doctors' Hospital.

Officer Lamar Gilbert said that Marco's 1955 model car was turning south on LeJeune Rd. from South Dixie shortly before 4 a.m. when he apparently lost control and hit the tree.

Don't Rule Out Shopping Centers

By RON LEVITT

It was recently brought to my attention that for the first time in nearly three years, there is only one suburban shopping center under construction in all of Dade County. And that one, the huge Miami Gardens Shopping Plaza, is located in North Dade.

Does that mean the surge in shopping centers construction is slowing down? Does that mean the big Southwest part of Dade has reached its peak in suburban shopping plazas?

The answers to both questions is a great big NO! And anyone who thinks differently had better take another look around.

"Just as long as there is a need for more new homes, there will be a need for more new shopping centers," according to Edward M. Strawgate, of Webster Stone, Inc., a man who has leased space in dozens of Florida shopping centers in the past few years.

Strawgate says that just as long as the population increases and just as long as new homes are being built, new shopping centers will be built.

Frederick Arthur, developer of the Miami Gardens Shopping Plaza — the lone entrant in the current shopping center sweepstakes — also agreed that "housing" and "potential housing" were the ingredients which decide whether or not a shopping center will be built.

Arthur says he selected the

North Dade site because that particular area showed great potential in having a good retail market as well as a good potential market.

But, although Arthur said his center in the northern part of the county had the "best potential" in that particular area, he admitted population growth in the Southwest would beckon new centers there, too.

One of Florida's most prominent builders (who has built five centers for developers in a two-year period) agrees with the leasing agent and the developer.

"A few years back many people considered that construction of shopping centers would last only a short time and then there would be a sufficient number, said builder Robert L. Turchin. "But in this area — which is so rapidly increasing in population — new homes are being built constantly. And when there is an increase in residents, it is natural they want a complete

shopping area close by."

That's what is happening in our neck of Dade County, too. The area in the far western end of Bird Road has grown rapidly. Thus another developer — Bob Bookbinder — is preparing to build a huge 70-acre center for these residents. And several other developers are eying the day-by-day growth of other parts of South Dade.

Vows Exchanged In Military Wedding

Following a wedding trip through the Scandinavian countries, United States Army First

Lieut. James Edmund Schulte, formerly of Coral Gables, and his bride, the former Miss Pa-

tricia Jeanne Atkinson of Minneapolis, are residing in Bamberg, Germany.

The couple pledged their vows in a nuptial mass Aug. 13 in the Twelfth Century Saint Michaelsberg Kirche at Bamberg. The reception followed at the Bamberg Officers Club.

White Roses

The bride, who wore a white satin sheath and veil of illusion, carried white roses. She was attended by Miss Diane Vallance of Gary, Ind., in pink chiffon. Catherine Clement, daughter of Capt. and Mrs. C. C. Clement and a first grade pupil of the bride, was flower girl.

The groom was attended by fellow officers in dress uniform who held crossed swords in the traditional ceremony as the couple left the Kirche.

The bride, the daughter of Mrs. John Robert Petrick of Minneapolis, was graduated from the University of Minnesota with a B.A. degree in education and home economics. She was a member of Alpha Delta Pi sorority.

Spring Hill Graduate

The groom, son of Mr. and Mrs. Edmund R. Schulte of 1259 Asturia Ave., was graduat-

ed from Spring Hill College, Mobile, Ala., where he was chancellor of Omicron Sigma fraternity. He was in his first year at the University of Florida and a member of Phi Delta Theta fraternity when the Army called him. He holds membership in Scabbard and Blade, military honorary, and is a member of the Country Club of Coral Gables.

SO MUCH TO BE THANKFUL FOR...

The Past Has Held Many Blessings . . . And The Future Promises Even More!

When the pilgrims gathered that first Thanksgiving Day, it was to offer thanks not only for the blessings of that past year . . . but to express their gratitude for the opportunity this new land offered. Opportunity that meant a bright future! And that opportunity, the chance to do as the individual desires, has provided the climate needed to develop the freedom and prosperity we now enjoy.

Today, we can give thanks that opportunity is ever-growing! The future of America, her people, has, in fact, never looked brighter . . . more jobs, more income, more production, more savings, more research, more leisure, more luxuries, and a space-world to conquer.

We do, indeed, have so very much to be thankful for!

Newlyweds Will Live In The Gables

Spending their honeymoon at Chapel of The First Christian Miami Beach are Mr. and Mrs. Kenneth Burton, whose marriage took place Saturday in the

Coral Gables Pilot Club Greets Officer

First Lt. Gov. Edith Mawhinney of Hollywood was the speaker and guest of honor Wednesday when the Pilot Club of Coral Gables honored the new officer on her yearly official visit.

The dinner meeting took place at 7 p.m. at the Country Club of Coral Gables.

Miss Mahinney came to Florida in 1952 from Cleveland. She has been a member of Pilot for seven years. She is a member of Alpha Delta Pi Alumnae Association, Panhellenic Association and the Florida and National Association of Mutual Insurance Agents.

The Pilot Club of Coral Gables is a service club of business and professional executive women whose clubs are international in scope.

Church of Coral Gables.

The bride, the former Nellie Lou Cox, is the daughter of Mrs. Alberta A. Cox, 532 Majorca Ave. The groom is the son of Mr. and Mrs. Frederick Rush, 528 Navarre.

The bride wore a deep lavender wool sheath dress with matching hat and accessories for the 3 p.m. ceremony. She was attended by her sister, Maureen, who wore a tan wool suit with matching accessories. Both the bride and her attendant wore orchids.

Only members of the two families were present for the wedding.

The bride was graduated from Coral Gables High School and is now employed by the Coral Gables Title Co.

The bridegroom is a graduate of Coral Gables High School and is manager of the Men's Department of Bell's Department Store.

The couple will reside at 532 1/2 Majorca Ave.

Bogey Tourney Brings Out 42

Members of the Women's Golf Association of the Country Club of Coral Gables turned out 42 strong Friday. The tournament was Blind Bogey.

Seven members scored 41. They were Mrs. Stanley Burke, Mrs. Alfred Mathers, Mrs. Albert Bachmann, Mrs. A. M. Dohre, Mrs. John Beaumont, Mrs. Rolla Budde and Mrs. Ed

Lawson. Bogey in golf is a score for each hole of the course estimated as that of skilful but not necessarily perfect play. The score is assumed to be that of an imaginary player, Colonel Bogey.

The earth, in its annual journey around the sun, travels a distance of 590,000,000 miles.

...they'll all enjoy!

What are planning to buy your family for Christmas?

Why not give them a new television, or an exciting new stereophonic phonograph.

As your friends have probably told you, home entertainment instruments, available at Lawrence Radio-Electric, are wonderful Christmas presents that you can give.

They "high-light" the many hours you and your family will spend together with delightful listening pleasure.

Lawrence Radio-Electric

Lawrence Radio - Electric, with a fine reputation to back them up, can supply Christmas gifts to fit every pocket-book.

Lawrence Electric is the center for all Zenith and RCA Victor appliances. This includes the new RCA Color Television.

"Every day more programs are being presented in color," Mr. Lawrence said. "In sports you follow the action — enjoy more of the entertainment... Color television give you the best seat in the house."

Zenith For '61

In time for Christmas, Lawrence Electric has in stock a complete line of 1961 Zenith Stereo television and radio equipment.

"Zenith has done it again," Mr. Lawrence declared. "The 1961 models are the finest in

every comparison — the finest values—dollar-for-dollar.

Zenith has specialized in quality and sound reproduction for 42 years. All these years of specialization coupled with Zenith's rigid dedication to quality has earned Zenith the quality name in sound reproduction... today's world leader in rich, true incomparable high fidelity stereo sound reproduction.

A Stereo For Christmas

A new 1961 Zenith Stereo is a perfect Christmas gift for the whole family. The '61 models are introducing a new exciting advancement in home sound reproduction... new "extended reverberation."

A turn of the reverberation control makes every note, every word come alive, as never before. It adds new magnitude to stereo, monaural records and radio programs to simulate the vibrant acoustical effects of a large auditorium... the "living realism" of the actual performance in your very own living room.

1961 Zenith Radio & T. V.

Turning to the Radio and television department of Lawrence Electric, you will not the large selection of these

items in all price categories.

Take for example the new "Tourney F 1805" with a 17" TV screen, this sells for only \$169.95. Or the "Patio Mate" with an automatic tuner can be yours for \$249.95.

Lawrence Electric also has a variety of radios that will be a cherished gift.

Zenith has introduced the "Royal 50." This is a unique all-transistor radio that sells for only \$29.95. With the "Royal 50" there's no difficulty in obtaining parts—for this is truly an American made Zenith product.

Also popular in the line of radios is the Royal 1000D. All Transistor, trans-oceanic portable radio. This radio receives standard broadcast as well as shortwave, marine weather, amateur shortwave bands, ship to ship, ship to shore, plus FAA Network of LF Weather-Navigation Stations.

Yes, Lawrence Radio-Electric is truly a center for purchasing Christmas gifts... for there are items to please every member of the household.

Stop by Lawrence Radio-Electric today. They are conveniently located in the heart of the Coral Gables Shopping Area, 2422 Ponce De Leon Blvd.

The numbers to call are HI 8-3456 or HI 3-0347.

Question: My vacation idea is water sports. What is your recommendation of a "perfect" vacation spot for me?
Answer: One of the best in the world is right at home, but similar nearby water playgrounds are the Bahamas, Jamaica, and almost the entire Caribbean—or does the Mediterranean interest you?

Gas Moves To Acquire More Parking

The City Commission Tuesday moved to acquire more land to create additional off-street parking facilities in the industrial section near Ponce de Leon and LeJeune Rd.

Spurred by the possibility that an electronics plant may hinge on the program and the need for parking for those already employed in the area, the Commission authorized City Manager L. W. Robinson Jr. to negotiate for a small lot to create ingress for a proposed lot.

The new parking facility would be created by filling in the southeast portion of the lake located at the equipment yard off San Lorenzo and LeJeune.

Approximately 70 spaces would be created in this way, but 200 to 250 are needed.

More vacant property, considered generally not suitable for building because of condition of the ground under the surface, will have to be obtained.
