City Chiefs To Map War On Tax Plan

Shaw Calls Dinner Meeting For Tonight

The oft-proposed consolidation of tax assessment and collection facilities in Dade County will be the principal subject of discussion at a conference of mayors and finance officers called for this evening at the Country Club of Coral Gables.

The meeting, arranged by Gables City Manager George N. Shaw, will attempt to consolidate the arguments against the proposal put forth by villages, towns and cities in Dade County, who feel that such a plan would detract from their identity.

Proponents of the centralization plan foresee great saving of manpower while the municipalities feel that no such economy is possible under the proposal.

Among those invited to attend the dinner conference are E. B. Leatherman, Clerk of the Circuit Court; Van Kussrow, acting Dade County tax assessor; Dade Tax Collector Ernest Overstreet, Preston B. Bird, chairman of the Dade County (Continued on page 5)

'U' Campaign Given \$500 By Women

Drive Passes \$230,000—War Bonds Welcomed

With hotel and professional men joining the ranks of contributors to the University of Miami One Million Dollar Expansion Movement, the funds pledged and collected passed the \$230,000 mark yesterday.

Based on plans for the rehabilitation of war veterans on an extensive scale, the expansion movement is now shifting into high gear, Bruno Weil, general chairman, said today. More than \$10,000 in Fifth War Loan bonds already have been contributed.

Among organizations setting the pace for contributing to this movement was the Coral Gables Woman's club, with a donation of \$500. Other recent donations came from M. M. Weiss, Miami business man who gave \$10,000, the Miami Jockey Club and the U. S. Sugar Corp., which donated \$10,000 each, and the Miami Herald whose gift of \$5,000 was turned into war bonds.

Largest single donation to date came from Mr. and Mrs. George D. Sax, Miami Beach visitors from Chicago, in the amount of \$15,000, Weil said, and donors who wish to remain anonymous have added more than \$10,000 to the expansion fund.

War bonds contributions are especially welcomed, Weil added, but must be made out in the name of the University of Miami, Coral Gables.

Venetian Pools Launches Night Swim Periods

An announcement that the Venetian swimming pool in Coral Gables will be open Tuesday through Friday evenings during the summer has been made by John A. Rosasco, pool manager.

The pool will close at 5 p. m. but will be reopened from 6 to 9:30 p. m. on these nights. Saturday evenings will be reserved for private parties.

AN EDITORIAL

University on the March!

The campaign to raise a million dollar building expansion fund for the University is getting under way. The preliminaries started off with a bang—ten subscriptions of \$10,000 each—a total of \$100,000. That is just a beginning, and a similar daily bombardment is not looked for, though three additional \$10,000 subscriptions have since been announced, with a total of \$220,000 to June 17th. This includes a \$15,000 gift and numerous others of varying amounts.

For a long, long time the public has been thinking that "something should be done about the University." But, like the weather, nobody did much about it.

When one scans the list of subscribers, the impressive thing is the wide experience and varied activities of men who have thus placed their stamp of approval on the University in the form of real money.

There is N. B. T. Roney, well-known pioneer developer and hotel man on the Beach. They don't make 'em any wiser.

There are two University trustees, William C. Coffin and William H. McKenna, who have been on the board for many years. They certainly know the University.

There's Capt. Eddie V. Rickenbacker (don't your heart warm at the name?) distinguished president of the Eastern Air Lines, and one of the really commanding figures of the nation.

There's W. D. Pawley, founder of Intercontinental Aircraft, as well as builder of aircraft plants in China and India, and owner of the Beach transportation company.

There's S. A. Lynch, owner of a movie chain and other far flung enterprises. And there's George A. Brockway, who in 1943 gave \$100,000 to build a University library building here, as well as \$50,000 for a town library in Miami Shores.

A pretty shrewd as well as distinguished lot of business men, don't you think? Their endorsement, backed by their money, is a compliment of which any University could be very proud.

As if to clinch the argument, here are the others of this first Ten Thousand group, representing three of Miami's largest business enterprises; Burdine's, Inc., Florida Power & Light Co., and Miami Daily News Company, the latter by former Gov. James M. Cox, 1920 Democratic nominee for the Presidency.

This group action reveals the collective judgment of some of the best business brains in the country, and public spirited leaders of greater Miami.

If there were any doubters left, they are unquestionably now convinced of the vital need of the expansion of the University's plant.

It is important—mighty important—that the University have the funds in hand to enable it to begin building classrooms, dormitories, etc. at the earliest date the WPB will allow, to prepare for the education of a great number of returning veterans, under Congressional legislation which will enable them to complete their college education at government expense.

We hear the necessary organization is being set up to conduct the campaign in Coral Gables, coincident with that in other parts of greater Miami. In amount, the sum to be raised will be some two and one half times more than the largest sum raised heretofore in this area!

That means that folks will have to dig deep, in figuring their share. This is no annual charity drive. It is a non-recurring, permanently productive investment in greater Miami. The dividend harvest in satisfaction, in civic advancement, in community advantage, will be rich.

Those who can not afford to give will probably not be on the list to be canvassed. But the rest of us cannot afford NOT to give—and must give to the limit of our ability, our other obligations considered.

That this campaign overlaps the War Bond campaign is no objection—for donations of war bonds will be accepted in lieu of cash.

Let's all get in trim to pull a strong oar when the campaign crews get down to work.

And let's not forget that our contributions will constitute allowable deductions on our income tax returns.

Sand in Shoes Bring Segerts to the Gables

By HELEN REYNOLDS

"Sand in their shoes" truly fits the E. C. Segerts who this week closed the deal which makes them the new owners of Stone's Stationery and Gift shop on Ponce de Leon Boulevard.

Formerly of Detroit, Mich., where Segert, known as Pat to his friends, was an engineer with General Motors, the Segerts got their first dose of sand just a year ago when they bought the apartments at 221 Sidonia where they also live. They have one son, Charles, attending Ponce de Leon High School.

The passing of the Stone business into new hands is indeed the passing of one of Coral Gables pioneer establishments. When Charles Stone first came to Coral Gables back in boom days it was as a realtor. His office was in the then O'Leary building, known now as the Arcade Apartments and offices. He managed the building for Col. O'Leary and not until the building was sold did he move across the street.

With trailing realty sales imminent, due to the "burst and blow", Mr. Stone branched out by opening a stationery store.

Customers came to know Mr. Stone and his soft spoken wife for their willingness to "get" just what the customer wanted.

Gifts were added and with buying trips to New York a necessity to get the unusual, the beautiful and the rare, the Stones built one of the most

Calloway, Caldwell Win Promotions

Two enlisted men of the Special Services office, AAF Regional Station Hospital No. 1, Coral Gables, were elevated to higher rank, it was announced today. Sergeant Walter Calloway, 21, Kansas City, Mo., and Corporal John M. Caldwell, 31, New York City, N. Y., were promoted to Staff Sergeant and Sergeant, respectively.

S/Sgt. Calloway is the non-com in charge of Special Services and Sgt. Caldwell is head of the radio and public relations department. Both men are under the supervision of Captain Kenneth D. Loeffler, Special Services officer at the hospital.

Water Study Completed By Engineers

Will Report To Commission August 1st

A report on the engineering survey of the Gables water system will be in the hands of City Manager George N. Shaw on or about August 1, according to an announcement by the city manager today.

The survey was ordered by the city commission and the engineering firm of Greeley and Hanson of Chicago was authorized to make recommendations. A report of the commission's action was reported in the Riviera several weeks ago.

The survey followed a proposal that the City purchase the water system from the Consumers Water Company, a Florida Power & Light subsidiary.

If the engineering firm recommends that the city purchase the water property, the commissioners will then call for a referendum on the question.

Purchase of the system at a price of \$800,000—which included \$25,000 working capital—was defeated by freeholders of the city two years ago. The only price mentioned in the present proposal is one of \$750,000—a figure purely potential as no definite figure has been established by the parties involved.

A municipally owned treatment plant also is under study by the engineering firm, the city manager said.

Post-War Homes Loom As City Moves to Pave

A move by the city commission to create a street district in the Country Club 5 section today prefaced another post-war residential project with 91 lots as the basis.

The project involves the laying of 9,700 square yards of pavement at a cost of \$1.10 per square yard—or a total of \$10,670 assessed against the present holders of the property. Also included in this cost is the clearing and grading of the rights of way.

According to available information the present owners are planning the construction of a residence of large proportions for themselves and will devote the balance of their holdings to less pretentious homes.

The area involved is on Toledo from Bird Road to Biltmore Drive; Alaya from Granada to Toledo; Osorio from Granada to Toledo; Altara from Granada to Anderson; Valnera from Granada to Toledo; Colona Court from Toledo to Anderson; Michaelangelo from Vera to Marmore.

The commissioners will set a date for a public hearing on the street district project. A possible 25 to 30 residences would be possible on the plot.

Make Returns, Students Asked

Ponce de Leon High School and St. Theresa students working on the Coral Gables War Memorial drive were asked today to turn in their war stamp books within the next few days by Harry W. Morgenthaler Jr., president.

The students sought donations of war stamps toward the War Memorial-Youth Center, toward which almost \$50,000 has been donated during the campaign to date.

The war stamp books will be accepted by Mr. Morgenthaler at the campaign headquarters in the post office building.

There're Lots of Pigs So Chickens Must Go

MEAT RATIONING EASES OFF; SHAW INVOKES THE LAW

There are lots of nice fat porkers on the farmlands—so meat rationing has eased a bit.

Thus has the knell tolled for the lowly chicken in Coral Gables.

The law says "No!"—emphatically No! to the possession of "horses, ponies, cattle, goats, pigs or other livestock and poultry, pigeons and peacocks" within the city limits of Coral Gables.

But when the OPA demanded a stack of blue points for a hunk of meat, the City Fathers shut one eye and put their hands over the other so that such Gableites as desired might substitute poultry for pork and beef. After all, chicken-on-the-hoof looks pretty good when the blue points are running low.

But now along comes the OPA and eases things a bit—and along comes the influx in rats and flies which fraternize with poultry—and things are different.

Today City Manager George N. Shaw issued an ultimatum to amateur poultry raisers. Such livestock must depart from our midst by August 1—or else! The "else" being the penalty of fine and-or imprisonment.

"All citizens of Coral Gables at present keeping livestock or poultry of any nature in violation of the above provisions are hereby notified of the resumption of enforcement of the Ordinance on August 1, 1944, and to avoid hardship, are advised to gradually dispose of such livestock or poultry before that date," City Manager Shaw declared today.

Advanced to Major

Advanced to major in the Marine Flying Corps, as of last May 29th, is former Captain Andrew Csaky, USMC. Major Csaky is attached to the navy training squadron at the Opa Locks Naval Air Station. He and Mrs. Csaky entertained eight couples for dinner and dancing at the Country Club of Coral Gables last week. The occasion celebrated the graduation of the navy squadron group which Major Csaky had been training.

Long Parking Hit by Cops

Reeve Starts 'Education'

Coral Gables Police this week launched a campaign to limit parking on Ponce de Leon Boulevard to one hour and to correct careless "out of the lane" parking on the city's chief business street.

"Long time parking in front of stores is unfair to the merchants," Capt. Lou Reeve, who started the drive, said today. "There is plenty of room in the side streets for those who wish to make prolonged shopping excursions."

Reeve said that the merchants themselves were, in some cases, parking for long periods in front of the places of business of other merchants.

"We are now giving citations to motorists who park incorrectly or overtime," Reeve said. "These citations carry no fine but require a visit to police headquarters where we solicit the future cooperation of the errant motorist. If, however, the driver fails to answer the citation he is then subject to a fine."

Reeve called the present procedure an "educational campaign" which he said would be followed by more severe treatment of the violations.

PARADE, RALLY DANCE SET FOR WEDNESDAY

Dr. L. T. Fitz-Gibbon heads the committee in charge of the huge dance and bond rally to be held at 9:30 p. m., Wednesday at the Country Club of Coral Gables, following the rally parade through the business district. Capt. Clark Pertain, USO director, is parade chairman.

Formation of the parade at the Antilla hotel is scheduled for 7:30 p. m., with line of march south on Ponce de Leon Blvd., and west on Coral Way to City Hall. Major Jesse H. Brown, commanding officer of the AAF Training Detachment at the University of Miami, will be parade marshal.

Assisting Pertain will be Mrs. W. O. Mehtrens and Capt. Lou Reeve of the Coral Gables police department. Cy Washburn's orchestra will play for the dance and rally which is being staged by the Country Club.

Bond Rally Set at USO

Veterans Will Speak Tonight

The Coral Gables USO, American Legion Post 88, and the Special Services office of the AAF Regional Station Hospital will co-operate in sponsoring a rally at 8 p. m. tonight at the USO, 1810 Ponce de Leon Blvd.

The committee in charge is composed of Capt. Clark Pertain, Capt. K. D. Loeffler, special services officer, AAF Regional Station Hospital; and Walter Wigman, Legion bond drive chairman.

The special services orchestra, stationed at the hospital in Coral Gables, and conducted by Cpl. Sande Williams will play. Merchandise and other valuable prizes will be auctioned.

Among the war returnees at the hospital who will appear on the program is 1st Lt. Ernest L. Hotard of Jonesville, La., pilot of an Army transport in the China-Burma-India theater of war for ten months. Hotard flew the hump 40 times. It was on his last mission that the crew was forced to bail out, and after 14 days in the jungle, was rescued.

CWO Jack H. Wright of Dallas, Tex., also in the same theater for two years, and 1st Lt. John L. Kadela of Dearborn, Mich., who was assistant regional director of the criminal investigation division of the Provost Marshall's office at Kunming, China, will appear on the program.

Auction of merchandise, including grocery orders, and of military souvenirs, including a Japanese war bond and a Chinese flag, will be held in connection with the program. It will be announced that the largest bond purchaser before a certain time limit will be awarded one of the prizes, with the plan continuing throughout the afternoon until all prizes are exhausted. City to Force Sunday Closing

An order to enforce the Sunday closing of retail stores in compliance with the city ordinance has been issued to police chief Lou Reeve by the city commission.

Several stores in Coral Gables have been remaining open on Sunday in order to accommodate military personnel stationed in this vicinity, according to reports reaching the commissioners.

Baby Boy Born

A baby boy was born to Cpl. and Mrs. Bernard Solomon on Sunday at the St. Francis Hospital, Miami Beach. Cpl. Solomon, pianist in the Special Services Orchestra at the AAF Regional Station Hospital, Coral Gables, and his wife, Thelma, are natives of Far Rockaway, L. I., N. Y.

The 509th AAF Band, stationed at the AAF Regional Station Hospital, Coral Gables, Chief Warrant Officer Bennie Maniscalco, conductor. The band will broadcast on the WQAM Bond Rally Saturday afternoon, June 24, under the auspices of the Special Services office at the hospital.

CAPTAIN PRIDDY AND BRIDE RESIDE HERE FOLLOWING NUPTIALS AND NASSAU TRIP

Captain and Mrs. John Walter Priddy 3rd, are residing at 5700 Devonshire Blvd., following their marriage Saturday at the Church of the Little Flower rectory and honeymoon trip to Nassau.

The wedding uniting the former Miss Patricia T. Murphy, daughter of Mr. and Mrs. George V. Murphy of Garden City, L. I., and the Pan American Airways captain took place at 5:30 p. m. and was followed by a dinner at the Country Club of Coral Gables.

Given in marriage by her father, the bride wore a street length white crepe dress, shoulder length veil and corsage of white orchids. Her only attendant was Miss Gloria Patterson, also of Garden City, who wore a flamingo colored sheer. Roger Sherron was best man and Captain Freddy Muhl of

Pan American Airways was usher.

The bride attended Cherry Valley school in Garden City and Edgewood Park College, Biarellif Manor, N. Y.

Capt. Priddy is the son of Mrs. John Walter Priddy Jr., of Coral Gables, and the late Mr. Priddy. He attended Riverside Military Academy and Duke University. He and his bride will go to New York to reside about August first where Capt. Priddy will be stationed.

The bridegroom's mother, the junior Mrs. Priddy, entertained in honor of the bride party on the Friday evening preceding the wedding at her home. There were 35 guests.

Gablesgrams

By HELEN REYNOLDS, SOCIETY EDITOR

Alfresco parties become increasingly popular in Coral Gables during the summer months. Dining in the garden or spreading your lunch informally on the back stoop out from under the roof brings cool comfort to those whose days are spent in hot office buildings. . . . Miss Rosemary Hoffman will entertain members of the alumnae club of Sigma Alpha Iota, National Fraternity for Women at an alfresco supper at 7 p. m. Tuesday at her home, 517 Minorca. There'll be music afterwards in the Hoffman living room for every member of S.A.I., is a talented musician.

Mrs. I. W. England will be hostess for a pot luck supper at 6:30 p. m. Tuesday at her home 335 Menores. Guests will be members and friends of the Estrellita Club. Estrellita means "little star" and the club is the social part of the Gables chapter of the Eastern Stars. At Mrs. England's home, guests will spread their supper under the prolific mango trees or gather around the outdoor grille.

It's a boy up at the Armin Elsaessers, 3413 Toledo and he'll be christened Armin Christopher Willes Elsaesser when that day arrives. Mrs. Elsaesser, the former Betty Ramer came home today from University hospital where the baby was born on June 13. Mrs. Philip Ramer, maternal grandmother of "Chris" as he will be called, who has been a guest of the Elsaessers for several weeks, plans to return to her home in Cleveland, O., sometime in July.

Miss Minnie Livingston and her sister Mrs. Louise Pierce, former San Sebastian winter colonists who have been living at the Urney Hotel this winter, left Tuesday for the White Mountains to stay for the summer as is their annual custom. They will spend the month of October in New York City returning to the Urney in November.

Captain E. T. Goyette has returned to his home at 625 Alcazar which has been leased for the past year.

It was reunion in the Martin Avery family this week end for both family and friends. Sons Martin F. Avery Jr., and W. L. (Billy) Avery were home on their first furloughs in a year and a half. Then to make the week end more complete Mr. and Mrs. Keith Richardson of Arcadia and Mr. and Mrs. Gene Williams of Clewiston, all former Gableites, were guests of the Averages. Pvt. Martin Avery serves the army at Camp Breckenridge, brother Billy is a Camp Ft. Bragg.

High wages and independency among the colored household servants has reached a new high, at least Mrs. Clyde R. Higgins, well-known among musical circles and president of the Lions Auxiliary found Saturday. It seems that Mrs. Higgins met her former maid-of-all-work at the rummage sale the auxiliary was conducting in the Grove Saturday afternoon to aid its welfare fund. Trying to win her back, Mrs. Higgins said, "Mandy, how about giving me a few days a week this summer?" "Lawsy," Mrs. Higgins, the erstwhile maid, replied, "Ise vacationing in the mountains of North Carolina THIS summer."

Vacationing in Florida for their first summer and enjoying reunion with kinsfolk are Mrs. Bernard Whittton, her sister Miss Jeanette Parson and Major and Mrs. Whittton's two children Bernard, Jr., and Jane, all from Belaire, (Continued on page 3)

To Ohio
Mrs. William L. Huntley will leave Monday for Cincinnati where she will join her husband and son Bill, who will have a few days leave from Notre Dame University where he is a V-12 student. Mr. and Mrs. Huntley plan later to join other friends at Indian Cave Lodge near Hendersonville, N. C. for the summer.

SOUTHERN BELL
Has Not Profited
BY THE WAR

Financially the telephone company has not profited by the war. The rate of return on the amount of money invested in telephone plant in Florida during the war period has been less than any year since the depression.

While the prices of practically everything, including the costs of furnishing telephone service, have gone up, telephone rates have not increased—on the contrary long distance telephone rates have been reduced, resulting in large savings to telephone users in Florida during the past three years.

The schedule of pay of telephone workers is the highest it has ever been. At the same time taxes have increased tremendously. Since our entry into the war in December, 1941, the telephone company has paid out more than \$9,500,000 for federal, state, county and municipal taxes in Florida.

Though the telephone company is doing the largest volume of business in its history it is making only slightly more than 4½% on its investment in Florida.

Mrs. W. D. Fuller is in charge of the Red Cross sewing day each Tuesday from ten to four at the Presbyterian church recreation hall.

All women of this area interested in garment sewing for Red Cross, are invited to join with the Presbyterian women in this effort. Volunteers are asked to bring their own sandwiches.

The Presbyterian women also have set aside each Wednesday to make surgical dressings at the USO headquarters for the Red Cross unit in the Gables.

COUPLE ANNOUNCE MARRIAGE

Of interest to her many friends in Coral Gables is the announcement of the marriage of Miss Alice W. Burchard of 752 Majorca and Louis J. Melind of Chicago.

The wedding took place May 20th at All Saints Church, Ft. Lauderdale.

Mr. and Mrs. Melind are residing in the Town House Apartments, Ft. Lauderdale.

To Ohio

Mrs. Clark Young of 1725 Country Club Prado has gone to Bowling Green, Ohio for the summer as is her annual custom.

SEVERAL HUNDRED ATTEND WEDDING RECEPTION FOLLOWING MARRIAGE OF DOROTHY ASHE AND EDWARD DUNN

MRS. EDWARD FRANCIS DUNN

Several hundred guests attended the wedding reception of Mr. and Mrs. Edward Francis Dunn early Monday evening at the home of Dr. and Mrs. Bowman Foster Ashe, parents of the bride, the former Miss Dorothy Rose Ashe, following the marriage of the couple witnessed only by relatives and a few close friends.

The wedding took place in the campanile of St. Patrick's Church, Miami Beach.

The bride's table was placed on the first terrace of the South Bayshore Drive home of Dr. and Mrs. Ashe in the garden where the reception took place.

Assisting were Miss Mary Lou Yahner, Miss Jeanne Van Devere, Mrs. Robert McKenna, Mrs. William Hester, Mrs. Carroll Latimer, Miss Winifred Wood and Miss Thelma Hall.

For her wedding the bride wore a striking old fashioned model of white faille made with fitted bodice, long sleeves and long train. Fringed ruffles of the material edged the square cut neck sleeves, and train. Her veil of illusion caught to the head with fresh gardenias was slightly longer than waist length. She carried a cascade bouquet of gardenias and stephanotis.

Miss Barbara Ashe in a bouffant gown of peach net and matching headdress was her sister's only attendant, and Foster E. Alter, a cousin of the bride was best man.

Prominent among the guests were close relatives of the bride who came from far distant places for the nuptials.

Captain William Charles Esterline, USMC, a first cousin of Mrs. Ashe's and son of her only uncle, was a house guest from California, but had to leave almost during the ceremony to return to his base. Another cousin, Lieutenant John Hanly Esterline, USAE, and his bride the former Miss May Breckenridge Handy of California were guests from Camp Gordon near Augusta, Ga. From Ann Arbor, Mich., came Mrs. William Alvah Stewart, Dr. Ashe's niece and sister of the best man, Foster Alter. Mrs. Stewart's husband is a major in the army attached to the faculty of the judge advocate's school at the university of Michigan.

The bride and groom, both graduates of the University of which Dr. Ashe is president, plan to live in Coral Gables following their honeymoon trip. She is a member of the Miami Junior League and a charter member of the Spinners Club. Her sorority is Kappa Kappa Gamma.

Mr. Dunn, a son of Mr. and Mrs. Charles Dunn of Port Jervis, N. Y., is acting director of athletics at the university.

Ohio. Major Whitton is judge advocate for the army attached to the 36th street airport. They have leased Mrs. Martha Murray's home at 909 Algaringo. Mrs. Whitton and Miss Parson are sisters of Franklin Parson, assistant Miami city attorney. They visit often with Mr. and Mrs. Parson and their two children, Gale and Nancy, who reside at 839 Catalonia.

One of the cutest dog stories we've heard concerns the Franklin Parson's 12-year-old wire haired Patsy. It seems that on Patsy's birthday a party was arranged in "her" honor just like the children's parties. Patsy had a cup cake with 13 candles on it, also a present wrapped in paper. After eating her cake Patsy proceeded to push her present around the floor dog fashion until she had torn the paper sufficiently to get at the present. This so excited Nancy, "Nickey" as she is called, the younger of the two Parson children, that she "walked" for the first time in her short life, "and has been walking ever since", reports Mrs. Parson. Mrs. Parson and Nickey and Gale plan a month in the mountains of North Carolina soon. Gale will start school in the fall.

Tomorrow in far away San Antonio, Texas the marriage of Miss Mary Jane Nitzsche and Lieutenant John M. Stoddard will be solemnized at 8 p. m. in the Episcopal church. The bride-to-be, daughter of Mr. and Mrs. Rhinehold E. Nitzsche of 507 Seville, accompanied by her mother left Monday for San Antonio. A trousseau tea on Sunday at which the lovely bridal gown and heirloom veil were displayed for all her friends to see, was given by the bride-elect. Guests numbering 75 included classmates of Miss Nitzsche's from the University of Miami. From Gloucester, Mass., the summer home of the parents of Lt. Stoddard, Mr. and Mrs. C. Murray Stoddard, came the wedding veil of imported lace worn by Lt. Stoddard's great grandmother. Mrs. Edward Reeger, grandmother of the bride-to-be, of Trenton, N. J., is a guest at the Nitzsche home.

Mr. and Mrs. Hale McKeene (Elizabeth Cope) have written Coral Gables friends from New York City where they have arrived from Pasadena Playhouse in California, of their plans for the summer. Accompanied by Mary Green and Barbara Parmlee, part of the old Theater of the Fifteen Group of Coral Gables, they will open a season of summer stock in Great Neck, L. I., and will be known as the Chapel Players.

Mrs. Warren Zinsmaster, who was one of the assistants at the wedding reception Dr. and Mrs. Bowman F. Ashe gave Monday for their son-in-law and daughter Mr. and Mrs. Edward Francis Dunn (Dorothy Ashe), Mrs. William L. Huntley and Mrs. Lillian Patton De Long were among Coral Gableites noted chatting at the reception. Also talking over old university days were Major Andy Csaky and Walter Kercheski, Mrs. Csaky, Catherine Louise De Long and Mrs. Kercheski (Helene Putnam). Arriving together were Mrs. Marvin Adams and Mrs. Arthur H. Weiland, whose officer husbands are serving overseas. Others from the Gables were the William Dismukes, Miss Bertha Foster, the R. E. Rutledges, Miss Mary B. Merritt and the Franklin Harrieses.

Attends Graduation

Mrs. Pauline Harris left Wednesday for Vadaia, Ga., to visit her son and family the S. V. Harrieses. Later she will go to Albany, Ga., where she will be joined by her daughter Mrs. W. H. Rhett of 613 San Antonio. Together they will go to Maxwell Field to witness on the 29th the graduation of W. H. Rhett Jr. from the Army

Air Force school and see him get his wings. Lieutenant Rhett will return home with his mother for a short visit.

Visits Parents

Mrs. C. D. Reynolds and her sister Mrs. H. G. Richardson are leaving Sunday for a three weeks sojourn with their parents in Quincy, Ill.

Mary Louise Perry Does Movie Short

For her ability to swim great distances (50 yards) under water brought pretty Mary Louise Perry, member of the Tarpons at Florida State College for Women, a two weeks contract with Pathe News. The pictures were made at Wakulla Springs, from which Mary Louise has just returned to be with her parents, Mr. and Mrs. Walter

Wigman, "Curwig Pines," Hardee Drive. However, the young aquatic star has no movie ambitions. Arising at the crack of dawn and working until nightfall with few respites from the cold spring waters was just about more than she could take. Mary Louise also has the distinction of being the most popular "lap" acquired by the Cotillion Club at Talley this spring.

America — This is it!

ALBERT DORNE

He's doing his part . . . We must do our part!

For him the terrifying grand climax of the war is at hand.

The supreme military risk—bloody, costly in American lives.

Our boys know this. They don't have to read the heart-rending headlines or casualty lists to know what is expected of them.

They are *in* it.

But they are not finching . . . not holding back.

They will see the grim venture through to the bitter, victorious end.

And if, for your boy, or some boy you know, the price of Victory is death, you can be absolutely certain that he did his part courageously . . . for the cause of Freedom.

For us, too, the terrifying grand climax of the war is at hand.

This supreme, desperate call for American dollars—*16 billions of them*—is to enable our fighting men to carry through the grim, bloody assault to a successful conclusion and Victory.

Not just American dollars—but the dollars in your pocket—in your savings account.

You *must* buy War Bonds—now! At least *twice* as much as you bought last time. If you are already buying Bonds on a pay-roll savings plan, buy **EXTRA** Bonds during this Drive.

Your Government is counting on you. Your boy—and your neighbor's boy—millions of *them*—are counting on you. Just as desperately as you are counting on them in this fateful hour.

► Don't let them down! Do your part—as they are doing theirs. Dig down, America—dig down deep! While there is still time. This is America's Zero Hour—Civilization's Zero Hour!

And here are 5 MORE reasons for buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

Fighting Man's Story Told in Taggart's Book

"Colonel Arthur Bell of Richmond, Virginia and I buried a number of our men during the evacuation from Java to Australia. We helped find lodging and food for other of them," said Chaplain William C. Taggart today in an interview about his book, "My Fighting Congregation" which was dramatized over the air on the Cavalcade of America program.

Chaplain Taggart holds the Silver Star and the Presidential citation presented to the 19th Bombardment group, with which his book concerns itself.

The tall young man, who is now supervising chaplain of the Biltmore Hospital, stated that he wrote the book because Colonel Bell had told him that the people back home needed to know what the men in the services were really going through, and that he, being a chaplain, would be qualified to tell the story of the men who fought in the Philippine area where he was stationed.

"I thought about this book for some time, and when I was lecturing at the Waldorf-Astoria in New York, Christopher Cross, with whom I wrote it, approached me about doing the book which is now in circulation."

The chaplain, who has lived most of his life in the West, smiled modestly and spoke quietly of the decoration he wore.

"Yes," he said, "this is the Silver Star. I guess you might say it is for service."

Born in Kentucky, the chaplain attended Hardin Simmons University in Texas. His father, a retired minister, resides in Abilene, Texas.

"I'm the fourth generation of ministers in my family. I wanted to be a professor—mathematics, maybe, but I never did get to be one."

He entered service in August of 1941, and was aboard a transport when war came on December 7th, headed for the experiences which he relates in his book.

The 31-year-old minister writes articles for magazines, his latest appearing in the current Argosy. He manages to write in between his daily duties at the Biltmore hospital and two other beach hospitals.

"The invasion is being made sacred by the life blood of many American youths. These sacrifices are being made for our sake and we cannot afford to betray the confidence or mar the memory of the dead. We face today the most challenging period in American history. Though I have been here a short time, I believe that I can truthfully say that most of the people of Coral Gables can be counted on to go the second mile."

Chaplain Taggart has been stationed at Java, Australia, and in other Pacific ports.

The question is not whether we will get a hard peace or a soft peace, but whether we will get a real peace. And real peace is creative living together—not just the absence of war.

Science Lesson-Sermon Announced

"CHRISTIAN SCIENCE" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, June 25.

The Golden Text is: "O house of Jacob, come ye, and let us walk in the light of the Lord" (Isaiah 2:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "These things have I spoken unto you, being yet present with you. But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you" (John 14:25,26).

The Lesson-Sermon also includes the following passage from the "Christian Science

textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth's immortal idea is sweeping down the centuries, gathering beneath its wings the sick and sinning. . . In the words of St. John: 'He shall give you another Comforter, that he may abide with you forever.' This Comforter I understand to be Divine Science" (p.55:15-16, 27-29).

Unless we have moral gain along with economic gains and social gains, we will really have no gain at all.

Collins Hay Graduates With English Honors

Providence, R. I., June 23—Collins Hay, son of Mr. and Mrs. Henry Hay of 516 Avenue Navarre, Coral Gables, Fla., was awarded an A.B. degree with Honors in English from Brown University at Commencement exercises held this morning in the historic First Baptist Meeting House.

Hay, a graduate of Deerfield Academy, is a member of the executive board for Sock and Buskin, Brown dramatic society; a member of the Dean's List for high academic standing, and active in the Sphinx Club, student faculty discussion group.

Approximately 100 Baccalaureate degrees were conferred by President Henry M. Wriston upon Brown and Pembroke College seniors. Of this total, several degrees were awarded in absentia to former Brown students now in the armed services.

Other events held over the

Commencement week-end included a parade and review of the Navy V-12 Unit stationed at Brown, the customary Baccalaureate exercises held on Sunday at which President Henry M. Wriston delivered the sermon followed by the President's Reception for members of the graduating classes, faculty, and Corporation and the meeting of the Associated Alumni.

SOME DAY Another Train Will Come A hurried goodbye . . . the brave reassuring words of parting . . . the long train dwindling in the distance . . . a son was off to war. Months of lonely waiting lie ahead . . . waiting and praying for the day when another train may come down those same tracks bearing that son and others safely home. The vast armies in the field are counting on us to do our part. Buying more bonds than before . . . unselfish sacrifice for a common cause . . . keeping supply lines open by avoiding unnecessary trips . . . the way we perform our homefront tasks . . . all assume a new importance. Sons of hundreds of our Florida East Coast Railway families, too, have gone to war. Many of our fellow workers have joined the fighting ranks. Putting the troop trains through, keeping the freights rolling with equipment and supplies is vital to us as well as to you. The ability and determination of the Florida East Coast Railway and other railroads to effectively meet the quickening demands of war is helping to speed the day of final Victory . . . that day when other trains will come bringing your boys and ours back safely home . . . back home at last to stay.

NOTICE TO ALL CORAL GABLES CITIZENS REGARDING POULTRY AND LIVE STOCK

Ordinance No. 271 of the City of Coral Gables, adopted February 16, 1937, and still in full force and effect provides:

"Horses, ponies, cattle, goats, pigs or other livestock and poultry, pigeons, and peacocks shall not be permitted to be kept on any premises in Coral Gables north of Blue Road, excepting in that part of the south half of Block 27, Section 'K', now used for riding academy purposes, where such riding academy use is permitted subject to the other provisions of this ordinance.

"Nor shall any such animals or fowl be permitted to be kept on any premises in that part of Coral Gables south of Blue Road, within one thousand feet of any other premises occupied for residential purposes, except upon special permit granted by the City Commission, after written notice of application therefor to all other heads of families occupying a residence building within a radius of one thousand feet of the premises where the same are to be kept."

Violators of the provisions of this ordinance are subject to penalties or fine and/or imprisonment.

During the period of stringent meat rationing the City did not enforce this ordinance, except upon cases of complaints from neighbors. Because of the great increase in rat and fly menace to health, the Ordinance will be strictly enforced on and after August 1, 1944.

All citizens of Coral Gables at present keeping livestock or poultry of any nature in violation of the above provisions are hereby notified of the resumption of enforcement of the Ordinance Aug. 1, 1944, and to avoid hardships are advised to gradually dispose of such livestock or poultry before that date.

G. N. SHAW City Manager The City of Coral Gables

Edward G. Robinson and Lynn Bari are pictured above in a scene from their latest release entitled "Tampico", opening Saturday at 9 p. m. at the Parkway Theater. Miss Bari portrays a shipwrecked refugee from war torn Europe who finds herself involved in a spy chase that almost disrupts her whole life. Victor McLaglen offers a helpful hand (with no good intentions) and Edward G. Robinson, as a ships captain, is faced with a multitude of problems. The picture will be shown thru Tuesday, June 27.

Songs, dances, comedy and Betty Grable in Technicolor. We could ask for anything more. Betty is pictured above in a few poses from her latest hit, "Pin Up Girl", opening at the Grove Theater at 9:30 p. m. Saturday. In this musical, Betty is cast as a stenographer who poses as a musical star and creates a merry mess for herself. Joe E. Brown and Martha Raye help complicate matters with their comedy antics. And Charlie Spivak presents a tuneful array of new songs. The picture will be shown thru Wednesday, June 28.

Ann Sheridan and Irene Manning as they appear in a sister-act scene from "Shine On Harvest Moon," new Warner Bros. musical opening at the Gables Theater today and playing through Monday.

Deering Aids ARC Camp Service Program

The Camp and Hospital Service, a branch of the American Red Cross, under the direction of Lt. Commander Charles A. Mills, U.S.N.R.,

(ret.) of Dade County and committeemen, Ed Deering, Coral Gables, Guy W. Ellis, Miami Beach, and Mrs. Adrian Jacobs, Westchester, are providing supplementary equipment, supplies, and services for the Army and Navy personnel in this area. Such items as not covered by Army and Navy appropriations and gifts from organizations and individuals are handled by this Service. Magazines, books, planned recreation, day rooms, and especially Christmas gifts are outstanding as services rendered. Plans are being made now for spreading Christmas cheer and the aim is that there

will be no "Forgotten" man this year. Twenty-five late magazines go in each package, and three hundred and fifty packages a week are sent to servicemen on foreign duty. Not only the boys overseas receive them but the nurses receive them too. Through Ed Petry, of Miami, and Miss Natalie Edgar, American Red Cross volunteer, the collection, packaging, and shipment of magazines bring mental refreshment and relaxation to men and women far from home.

Bendinger Poem Is Published in Optimist Periodical

Fred H. Bendinger, secretary of the Optimist club of Coral Gables, wrote the following poem, which was published in the June issue of the Optimist International magazine.

"A Friend of a Boy" is a friend of a man,
And a friend of a boy is a friend of the land,
That's what they do to better this world,
To make it better for your boys and girls.
This club is a club that betters the child,
A group of men that believes it worthwhile
To bring your kids up and teach them success,
To teach them to love the joys of life,
That shows them how to conquer their strife.
It helps you guide your kid from wrong,
And makes him free and wise and strong.
In body and soul and a heart so kind,
That helps to develop a body and mind,
That will help him improve his life and acts,
That will lead him through life on the honest track.
The Optimist Club, a club of the year,
A club that rates a good honest cheer,
A club for men that seeks to endeavor,
"The Friend of the Boy", a friend forever."

Mangus Maps Future Growth

Lowell Southern, resident of Coral Gables and owner of the Mangus Landscape Nursery at 2703 Le Jeune road, has recently purchased an additional 200-feet of land on Le Jeune road between Avenues Almeria and Valencia.

He is not certain whether he will use this property for his business at the present time, but he feels that now is the time to buy property, should it be needed for later development.

Several months ago, Mr. Southern purchased 100 feet of frontage on Le Jeune road for display purposes. This land will be developed with extensive repairs to the building and re-vamping the corner of Almeria with the finest display of his materials.

"We will," he said, "from time to time, when labor per-

mits, improve our other property as we think everyone else in our fine city should do, if not more than to clear off the old underbrush and grade it over."

Invasion of the Future

D-day marked the start of a new era. Great tribulations lie ahead. But through it all a world organism of God-guided men and women with a moral backbone can create the force that builds the new world.

America, in her earlier days, gave herself to weld all races into one big family. That family must give itself now to create the family of nations.

The question ahead is not a "soft" peace or a "hard" peace—but a real peace. A real peace will be a harder job to put through than a victorious war.

Peace is not just the absence of war. It is creative living together. It is happy marriages and sound homes; industrial teamwork; a nation united and pulling together.

That is the challenge to all—and especially the teamwork at the heart of America. We must be the creative pattern for the nations.

FOR THE LADIES

If we take as much care of our brain waves as we do of our hairwaves, we would have a greater nation.

The "ology" that holds the key to human relations is not psychology, biology or geology, but plain everyday apology.

People who don't seem to be getting anywhere in life might try going straight.

We realize these days that the lost chord is not the vocal one.

Bad weeds and bad deeds are killed by getting at the roots.

Neither the ties of friendship nor the knot of matrimony are tightened by pulling.

Union-Maintenance Rule

RECENTLY here was a debate on "maintenance of union membership," carried by the nation-wide radio hookup of Town Hall. The debaters knew the subject. Both are members of the War Labor Board, which originated and enforces maintenance of union membership.

What is in effect a political movement. For one national labor organization, the Congress of Industrial Organizations, has set up what it calls its "Political Action Committee."

A political movement. Without doubt, most of the members of the C. I. O. agree in wanting Mr. Roosevelt to be President again, and many may agree with the other objectives of the C. I. O. Political Action Committee, but some do not.

The Shape of the Japanese War

developed property with reckless abandon. We chanced to sit down in

the back yard of a friend of ours in one of the pier sections of town.

"Have you seen my rat?" our friend asked. "You mean you have a pet rat?" we asked.

"Not exactly," he replied. "This one has adopted us." The words were barely out of our friend's mouth when we noticed a dark shadow upon the far end of the clothesline.

What to do about it? Don't feed 'em, say the health authorities. But can we help it if they like Mangoes?

THE SUPER LIAR

He wrote "Mein Kampf" in a prison cell, Advocating lies, if one told them well, As a means to reaching ambition's goal— And he did just that; the risking his soul.

He dipped his pen in the blood of nations To issue his lying proclamations; He swam in oceans of human gore, Until he ventured far from shore.

To late he screamed back to the beach, Using his best oratorical speech To beseech his mob and frighten the foe; Got a Bear by the tail and couldn't let go.

New retribution is hard on his heels, And soon the world will be hearing his squeals. He wrote "Mein Kampf" in a prison cell, He will write the sequel somewhere in hell.

BONDS AND STAMPS

Member Troop No. 7, Coral Gables, Fla.

Into the air, into the sky, Ready to do, or ready to die, Ready to fight, ready to win, Ready to bring our peace again.

Into the sky, into the blue, Into the sky with hearts so true, Into the sky to make us free To make it safe for you and me.

Ready to die to let us live, And all they ask is that we give, Not life, or love, or body and soul But keep our standard high with his goal.

Our standards of living: bonds and stamps, And his goal of protecting our fighting camps. He sweats and fights and goes through toil To protect his land, and ours, our soil.

The land that our fathers helped to make, The land that the enemy will never take, He's out there fighting to lick the tramps, So it's up to us to buy Bonds and Stamps.

materialistic world. But as Editor and Publisher suggest, the Press will continue to discard its prejudices (against religion, it can lead the people to a common nation-wide recovery of spiritual power, applicable anywhere anytime."

Ralph Page, the Washington correspondent for the Philadelphia Bulletin wrote along that line in his column the other day: "There will have to be a tremendous rebirth and change of heart in the domestic scene... Our home front can readily be forged into an indivisible team with one unalterable purpose: by embracing as our guide the great moral and religious principles of our civilization. These

have little in common with the contentions about legal rights, economic privileges and political preferences that now fill the world. "Rather they follow the motto of the moral rearmament movement which has been such a force in harmonizing the human interests in many of our industrial plants. "The question is what is right, not who is right. It is to judge every action by the criticism of our professed Christianity." There is the practical application which can make real the heartfelt prayers of our people as we follow the progress of our boys on the Normandy beachheads.

Building New Bridges . . .

By DuBOIS MORRIS JR.

Prayer was first-page news. The start of the long-awaited invasion seemed to remind people, from the President down, that we are up against a foe, thing too big to rope with in our own strength.

To defeat it we must find the means of organizing a superior army on the mainland of Asia. We can bomb Japan from China and from the Pacific islands that we intend to take, and we can blockade Japan from the oceanic side. But we cannot assume that a very strong army can be defeated by sea and air power alone.

As Editor and Publisher pointed out, "even that hard-boiled tribe of newspaper editors and advertising copy writers joined the throng in seeking (Divine) counsel and assistance in this crucial hour."

Some of it may perhaps have been in the spirit of the visitor from Alabama who, as the story goes, got caught by the tide in a rowboat in New York harbor and carried out to a rough and stormy sea. The oarsman was not a praying man, but at this juncture he dropped to his knees and said, "Lord, if you'll just get me back to the dock in New York, I'll manage to get myself back to Alabama."

But not all of it was panic prayer. For many people it marked a new determination to carry over the post-invasion peace the superforce of the Spirit which the great generals of this war—Eisenhower, MacArthur, Montgomery, Alexander and toms—have all recognized as essential battle equipment.

Said General Kenneth Anderson, commanding the British First Army: "I feel strongly that spiritual factors, in addition to purely physical courage and determination, contribute to victory. This Nazi thing is in truth a great evil. It takes more than physical prowess to rid ourselves of it."

The deeply moving D-day broadcast by King George from London exemplified the highest type of spiritual leadership that can lead a breakthrough of the moral and spiritual forces on a world front. He said: "This time the challenge is not to fight to survive, but to fight to win the final victory for the good cause. What is demanded from us all is something more than courage, more than endurance. We need a revival of the spirit, a new unconquerable resolve."

"We are not unmindful of our own shortcomings, past and present. We shall ask that God may do our will, but that we may be enabled to do the will of God."

Not all the prayers were mentioned in the headlines. There were countless soldiers, sailors and airmen in the invasion armada, who knew what it

meant to be "on the beam," to God as well as to operational headquarters.

A pilot with an important party aboard got lost in the fog over bad terrain with gasoline running short. That inner voice told him when to dive, and as he came through into the clear, he found himself in sight of the airfield.

In the hold of a destroyer a young able seaman was hauling up shells from the magazine. The obvious dangers in face of enemy attack left him with a churned-up inside feeling. He asked his mate, "Why are you so calm? I feel 'I've left my stomach behind.'" His buddy replied, "When things are too much for me, I ask God to take over." The seaman tried it too.

For the rest of the engagement they operated completely without fear.

A soldier in France, sent out to round up five trucks at a certain bridge and bring them in, missed the trucks; had an inspired flash of direction to return without waiting for them, in spite of orders. On his return he found the trucks had made the trip by another route. A few minutes after he left, the bridge was blown up by Nazi shell-fire.

Those are not examples of so-called "foxhole religion." These are fighting men who have found Divine guidance a practical assistance which for them is not limited to D-day prayers.

Spiritual things have continued to mean much to separate individuals in a growingly

COFFEE GIVE YOU A LIFT?—We are amused at a sign a local chain store grocer...

We were back at the same counter the following week to buy some more of the bagged article...

Interested, we asked the lady clerk, why the sign which we had interpreted to mean "Coffee will give you a lift, lean on it."

She gave us the amazing answer that Mr. S, the manager, decided to do something about customers who actually leaned on the coffee bags when they came up to be waited on.

"It didn't work," said our informant, "They leaned all the more."

Yesterday we were in the store and found someone had prefixed the word "If."

Now the sign reads, "If you are tired, don't lean on coffee." Either Mr. S is obtuse on the real meaning of coffee or he

Follow and change we need, no constant toil, Not always the same crop of the same soil.

—W. W. Story.

Be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is the good, and acceptable, and perfect, will of God.

—Romans 12:2

HE'S OFF ON HIS FIFTY-FIFTH MISSION There he goes again—out to pour more destruction on the Axis—once more to face the death of enemy fighters and flak! He won't hesitate to go out on his fifty-sixth or his hundred and fifty-sixth mission. He knows he might not come back, but he keeps on going—giving more and more until the Hitler and Tojo crews are ready to "call it quits." This is only your fifth mission—and a mission which is mighty easy in comparison with the ones he makes every week. Stay in the fight by welcoming the Victory Volunteers—at least double your Bond purchases and then keep on. Your buying means "bombs away" for the Axis!
