### Crammed Press Table Drawer Reveals Old Memo on City Manager Government

Like Fibber McGee's closet, the drawer in the press table in the Coral Gables commission chamber is crammed full of odds and ends that threaten to burst forth whenever it is opened.

Near the front of the drawer can be found scratch pads, maps and pencils and other prosaic articles, but if a reporter wishes to delve further, during a dull period in a commission meeting, his quest grows more interesting.

For example, a little probing during last Tuesday's meeting revealed a hot letter from Johnny Lamb to a previous commission over an involved real estate deal on the incinerator tract. It also brought forth an unsigned memo to the late Mayor Joe Whitley, containing a brief, but informative, history of the city manager form of government.

Whether the late mayor wanted the information for a speech or just for his own edification is not revealed. But the memo, found midway back in the drawer, presents some interesting sidelights on the form of government our city employs:

"Memo to Mayor Whitley: 'The City Manager form of government is used by 516 cities in these United States, four Canadian Provinces, Ireland and Porto Rico.

"While other cities sometimes have more commissioners, the City of Coral Gables, by its electors, elect five (5) commissioners, one of whom is elected mayor. The duties of the commissioners are to select and appoint a city manager to administer the legislative acts passed by them. It is the duty of the commissioners to see that proper legislative acts are enacted and that the city manager operates the city in the proper manner.

"This form of government is fast growing in the U. S. and lends itself to a more efficient government by the fact that it withdraws itself as much as possible from the inefficiencies of politics or political leaders.

"In the State of Florida each city is granted a charter by an Act of the Legislature and that charter states the limitations in which the Commission and City Manager may act.

"The first city in the U. S. to adopt the city manager-commission form of government was Staunton, Va., in 1908. This was followed by Sumner, S. C., and a short time later by Cincinnati, Ohio. Statistics show that at this time almost one of every five cities over 10,000 population now operate under the commission-manager form of government.

"In conclusion, it has been found that the operation costs of a commission-manager form of government is far below those operated in the old manner."

Members of the press, who cov-

er commission meetings, intend to do some further exploring during the next "dull period."

That is, if the janitor doesn't read this and decide to clean out the drawer.

### Gables Applicants Are Sought In Red Cross Nurse Drive

Coral Gables applicants are being sought in an intensive campaign to recruit 40 girls by August 1 for the nurses training school at Jackson Memorial hospital, it was announced yesterday by Mrs. Ruth Knowlton, chairman of the nurse recruitment committee of the Dade County Chapter, American Red Cross.

Although the committee recruited many nurses and nurse trainees for the army and navy during the war, this is its first peace-time project.

The need for nurses has increased since the war ended, Miss Geneva Simmons, R.N., who is assistant director of student activities for the training school here, explained Thursday.

Expanded army and navy staffs, veterans' hospitals, rehabilitation centers and industries have absorbed hundreds of nurses tending to make a shortage, she said.

Basic requirements for girls interested in becoming nurses are that they be between the ages of 18 and 30, single, high school graduates and in good health.

Applicants who are accepted following a personal interview with Miss Simmons are given a medical, dental and mental examination all of which must be passed before beginning actual training on September 11, the starting date of the next class.

Further information on enrolling in the nurses' training school here may be obtained either at Red Cross headquarters, 507 N. E. First Ave., or at Jackson Memorial hospital.

Anxiety is a word of unbelief or unreasoning dread. We have no right to allow it. Full faith in God puts it to rest.

—Horace Bushnell.

### Col. Van Deusen Heads Cadets At Fla. Military Academy

The appointment of Col. Edwin R. Van Deusen, recently retired field artillery officer of the United States Army, as commandant of cadets and history instructor at Florida Military Academy, St. Petersburg, was announced this week by Col. Walter B. Mendels, academy president.

Col. Van Deusen was graduated from West Point in the class of 1909 and from the basic and advanced service school of the cavalry and artillery. He also was graduated from the Command and General Staff College at Fort Leavenworth and from the Army War College at Washington, D. C.

He taught military science and tactics at Princeton University from 1923 to 1929 and was on the faculty of the Executive Field Artillery school at Fort Sill, Oklahoma, from 1935 to 1939. He also was professor of military science and tactics at Cornell University from 1942 until he retired from service this spring.

The colonel's son, Frederick F. Van Deusen, will enter FMA as a sophomore at the opening of the fall semester.

### Colonel Beck Takes Command Of Hospital

Col. Clyde M. Beck has replaced Col. A. H. Corliss as commanding officer of the Pratt General Hospital in Coral Gables, it was announced by Army officials this week.

Col. Corliss will go to Fort George Wright in Spokane, Wash. A graduate of the college of physicians and surgeons, University of Tennessee, Col. Beck was commanding officer of the Ashford General Hospital, White Sulphur Springs, W. Va., from September, 1942, until its deactivation.

He entered the Army medical corps in July, 1917, and served overseas with the 90th division in World War I.

His wife and their son, James A. Beck, former air forces major, will make their home here.

### Pentland Joins University of Miami Board of Trustees

The election of Robert Pentland, Jr., to the board of trustees of the University of Miami has been announced by Dr. Bowman F. Ashe, president of the Coral Gables institution.

Pentland returned recently after serving as a colonel in the Army for three and one-half years. He is a senior member of the accounting firm of Pentland, Purvis, Keller & Milton, and president of the South Florida Children's Hospital.

Pentland's appointment is the third to the board of trustees during the past year. N. B. T. Roney and George Whitten were named several months ago.

### Chamber of Commerce Bulletin Keeps Members Up on Activities

"Coral Gables Trade Winds," the new monthly bulletin of the Coral Gables Chamber of Commerce, made its debut to the membership this week.

The bulletin is designed to keep the membership informed of the current activities of the chamber and its members.

The first issue reported that as a result of the recent membership campaign, the organization's budget had passed the \$14,000 mark and is still climbing.

Trade Winds also reported on the publicity activity of the Chamber of Commerce, listing a group of publications that will carry pictures and stories about Coral Gables in their next issues.

Information activities, the bulletin reported, continue at a seasonal level, and credited this fact to the activity of the Florida State Advertising Commission, which is carrying out a campaign to publicize the state as a whole.

"During the past week," Trade Winds reported, "we have filled informational inquiries for names of dentists, realtors, manufacturers, lawn service companies, and about the University of Miami, War Memorial Youth Center, famous homes in the area, unusual recipes, and of course, the inevitable housing, housing and more housing."

The bulletin also carried a congratulatory paragraph about M. L. Neher, new president of the American Institute of Laundering; Jim Henderson, nominee to the school board; Willard Ware, recently named Florida representative to the national board of the Liquefied Petroleum Gas Association; and C. S. Raymond of Giffen Roofing, who has been elected first

To Carolina Farm  
Mrs. Harris Link, 701 Avenue Camillo, and two children, Eileen and Bill, have left for "Fanning Field Farm," Arden, N. C., where they will stay until September 1. Mr. Link plans to join his family in August.

### Three Gables Men On Advisory Board

Leslie H. Coombes, Donald F. Peck and Paul A. Mickler will represent Coral Gables on a nine-man advisory board which will work with the new county planning board, to be named in July, it was announced this week.

The group will discuss a general plan for county development, including streets, zoning, hospitalization and the airport problem.

We cater to Cranks  
They're Our Best Customers  
Now wait a minute, Charlie—don't get huffy! We're NOT calling you nasty names. Matter of fact, we're simply giving forth with our weekly bragging—only this time we're bragging about YOU! Funny way to brag? We don't think so—and we don't think you will either, if you'll just calm down long along to finish this!  
The fact that you're one of our best customers proves that you're a crank, Charlie! For when we say "crank", we're referring to the man who owns an automobile and knows that when it comes to service and repairs that ONLY THE BEST AVAILABLE is what he wants. THAT'S WHY YOU BRING YOUR CAR TO PARKS MOTORS... for we have the most experienced men and the finest equipment available.  
People who are "cranks" about their cars, Charlie, know that slipshod repair jobs cost them more in the end—and they also know that they are jeopardizing the lives of themselves and their families unless they keep their cars in perfect running condition. Pleasing people like you is a cinch for the boys here at Parks, for they KNOW that every job they turn out will meet the requirements of even the toughest "crank"—and they also know that for that very reason you appreciate the fine workmanship and prompt service that you get.  
We've spent the past ten weeks telling you about the men and equipment here at Parks Motors—but the surest proof we could have that their work is tops is the fact that you, Charlie, keep coming back! WHEN YOU CAN CONSISTENTLY SATISFY A "CRANK"—THEN YOU KNOW YOU'RE GOOD!

### New Home Development To Benefit Gables Business

Direct benefit for the Coral Gables shopping district was seen today in the announcement of plans for a 300-home development on the 400-acre Stengle site, just west of this city.

The site, once proposed as an airport by Carl Stengle, and the center of a controversy which raged between Stengel and the county commission, was sold last week for \$225,000 to Harry Reigenia of Miami and New York.

### Ware Named To Board Of Gas Assn.

Willard M. Ware, of Gas-Oil Products, Inc., of Florida, 1913 Ponce de Leon Blvd., has been elected a member of the national board of directors of the Liquefied Petroleum Gas Association, it was announced this week by Charles O. Russell, of Des Moines, Iowa, the new president.

Mr. Ware is the Florida state representative on the new board and was named in an election in which all members in his state participated. The new board of directors and new officers were seated at a national convention of the association at Colorado Springs, Colo.

Members of the association are the producers and marketers of liquefied petroleum gas—butane and propane—more commonly known as "tank" and "bottled" gas. Makers of appliances and equipment used with these gases are also in the association.

The sale of the site, and its use as a site for 300 homes, certainly is in line with Hendrick's suggestion," Curwin said.

### Electric Energy Production Hits New Record

Production of electric energy in Florida reached a high of 2,652,894,000 kilowatt-hours in 1945 and marks the continued development of industry and growth of the state, the research division of the Florida State Chamber of Commerce stated today in its weekly business review.

The 1945 record was 9 per cent above 1944 and represented 1.19 per cent of the total electric production of the nation. This latter proportion showed a significant increase of .13 per cent over the previous year," it was stated.

The 10-year period, 1936-45, has witnessed a growth of 269 per cent in electric energy production in Florida. During the period, annual increases approximated 12 per cent until 1942 when a mere 2 per cent increase occurred over the previous year. The years 1943 and 1944 showed annual increases of 19 and 25 per cent respectively.

"By type of prime mover, the 1945 total may be broken down as follows: 2,522,362,000 KH steam; 91,008,000 KH internal combustion and 39,524,000 KH hydro," the researchers pointed out.

"The 77 generating plants in Florida used in the production of energy last year, 6,193,631 forty-two gallon barrels of oil and 2,635,995 MCF of gas."

It was noted that growth in plant capacity in the state has been contingent to increased production of power and stands today at 550,140 kilowatts.

### Board of Realtors In New Quarters

Officers of the Coral Gables Board of Realtors have been moved from 141 Avenue Navarre to 20 Avenue Girard, it was announced by C. Dana Woodman, president.

The new officers are located on the ground floor of the newly constructed building.

"There's a lot of horsepower in Shell gas. Find out for yourself by driving into the Riviera station today."

### JULY FOURTH, 1946 By VIOLET McDOUGAL 1300 Granada Blvd.

Born of the glory, brought to solemn birth  
Beneath the torch of liberty and light,  
The torch that sweeps injustice from the earth  
And leaves the gleaming sword of truth and right,

Our birthday dawns beneath a flag unfurled  
Above the farthest places of the earth,  
To bring new hope and freedom to the world,  
That men may know what peace and joy are worth.

The bright triumphant flag that brought  
release  
To stricken nations sunk in dark despair—  
The flag of victory, the flag of peace,  
Bringing them hope in answer to their prayer.

Inheritors of all the glorious past—  
God grant our spirits may not fail or lag,  
For peace has found the troubled world at last—  
A new day dawns! And we salute the flag!

### Vets Seeking Boats Should Check First

Veterans seeking G.I. business loans for commercial motor boats should consult the Miami U. S. Coast Guard office before closing any deal for such vessels, Veterans Administration advises.

VA said field reports from Coast Guard officials indicate veterans are buying motor boats that require expensive repairs or changes before they can be certified for commercial operation. In some cases, according to Coast Guard reports, the cost of repairs or alterations is so great that the veterans do not have sufficient funds left from their GI loans to comply with Coast Guard requirements and therefore cannot begin business operations.

The Coast Guard suggests that a veteran who plans to purchase a commercial motor boat with a GI loan should request the owner to have the vessel inspected by the Coast Guard Marine Inspection Office and that both the veteran and the owner should be present on the date of the inspection. The inspection will result in a list of repairs and alterations required for commercial operation. The veteran then can obtain an estimate of the cost for this work and thus determine how much money he will need to begin his business.

In addition to the boat inspection, the commercial operator must undergo a physical and professional examination to qualify for a license.

There is no disparity in marriage like unavailability of mind and purpose.—Dickens.

### Student's Exchange Has Movie Equipment

Twenty years in the business of buying and selling movie equipment in Texas has qualified Mrs. J. A. Black for her position as owner and operator of the "Student's Exchange" recently opened at 144 Avenue Aragon.

Mr. and Mrs. Black have been Gables residents for four years coming here from Texas, where Mr. Black with his brother operated the Black Brothers Movie Equipment Co.

In addition to old and new movie equipment, the Student Exchange has camera projectors and films. For the student, they have college text books of current use for sale

### Jaycees, Boy Scouts Use Cooperation To Beat Shortages, Install Plumbing

It took the Jaycees and the Boy Scouts of Troop 7 to show Coral Gables that a little cooperation is all that is needed to accomplish a difficult plumbing job in the face of current shortages.

For many years the scouts have been pondering ways and means of installing running water in the scout cabin on the Granada Golf Course, but their efforts met with failure. Then the Jaycees took the plumbing job on as a project.

Today the water splashes merrily from the faucet; and cooperation keynoted the successful completion of the venture.

At first the task, in these times, seemed almost impossible. Two hundred feet of scarce pipe had to be secured to tie the cabin outlet into the main. A 200-foot trench had to be dug, and the plumbing had to be connected.

Frank Tye of the General Engineering Company volunteered to supply the pipe and the necessary plumbing tools. Rex Hawkins promised a ditch digging machine. Bob Farranto dug into his pocket and came up with the money for the meter installation fee. Ed Keating of the Consumer's Water Company lent his aid and City Plumbing Inspector Joe Dunn donated his services as general supervisor.

Fourteen Jaycees joined the scout troop members on the Granada golf course and pitched in

or exchange and will post the names of such text books daily. New juvenile books and games for both old (cribbage) and young are also carried.

### Miami Realtors Hear Paine Speak

Philip E. Paine, Coral Gables attorney and tax expert, was principal speaker at the monthly meeting of the Miami Real Estate Board last evening at the Garden Restaurant.

Paine, author of three volumes on income tax, discussed income tax problems as they relate to the real estate business. An open forum was conducted following his talk.

Airosol SALES CO. INC. ST. PETERSBURG, FLORIDA

CORAL GABLES RIVIERA

OUR TOWN

Probe Needed

By Jim Moore

The fact that the Miami Junior Chamber of Commerce has called for a grand jury probe of the activities of the Dade County health unit indicates that the people of Coral Gables are not the only ones who are dissatisfied with the county unit health plan.

As it has been pointed out before in The Riviera, the current polio situation provided the first big test of the efficiency of the county board. It was the first real opportunity for the citizenry to see if they had benefited by surrendering their health administrative prerogatives in a consolidation move.

To the moment, all of the facts seem to indicate that they have not.

Commissioner Charles Crandon has accused the Jaycees of allowing zeal to outweigh judgment in calling for the grand jury investigation. This is just another instance of the commissioner casting aside the demands of the people he is supposed to represent with a caustic remark.

The Miami Jaycees are to be commended for their courage and initiative in demanding this investigation. When the health of the people, especially the youngsters, is at stake, no measure can be called too stringent.

If and when the grand jury begins its investigation, it should also be informed of the fact that the city of Coral Gables found it necessary to employ its own health inspector during the polio crisis, because the county was unable to provide this community with adequate manpower.

Mr. Crandon claims that the county organization is an efficient one, completely adequate to meet the needs of the people of Dade County. But Coral Gables has not found it so. Even allowing for the fact that the health unit does its best, Coral Gables does not receive the service that it did from its own health unit. It has found that efficiency and service have been lost rather than gained through this first step towards consolidation.

It is time for the residents of this community to demand adequate service from the health unit or to take steps to reestablish a city health department and write the consolidation venture off as a bad job.

Do you vote for certain candidates because you trust their personal integrity or because you hope for personal gain?

The real point of giving something up is to make room for taking something on.

The fire in men's hearts needs to be a fire that both warms and burns.

Going full steam with the brakes on causes sparks but little else.

It Says Here

Well, from now on there isn't going to be any caste system in the Army. An officer has been afforded the privilege of standing side-by-side with an enlisted man and hoisting a few convivial ones. Shucks, here in Coral Gables we're way ahead of the Army. That has been going on all the time at the Country Club of Coral Gables, the Friendly Bar, The Huddle, and a lotta other places around here...

They also have 200 miles of paved streets while Miami Beach can claim only 150... According to the Board of Realtors we have 2,911 improved buildings, but the estimate sounds a little low to us... The L. W. Robinsons have sold their Country Club Prado residence and plan to apartment it for awhile. When things get back to normal they plan to build on five acres south of here with a swimming pool and all... Tom Pool, back from the North, shows some missing front molars when he grins. He says he lost his bridgework while swimming at Avalon, N.J... The Red Franklins helped pay for the James Henderson's vacation via the poker table the other night... L. C. Shepard, who edits the local Rotary Club Bulletin was surprised to learn this week that the editor-of the St. Petersburg Rotary bulletin is named L. C. Shepard... Hayes Wood had his son, David, as his guest at the Lion's Club luncheon. Dave is still in the Army... Keith Phillips, Jr. sounds just like his daddy when he talks... Betty Weaver lost her date book Saturday and showed up at the Country Club with three escorts... Jim Robinson reports seeing a family, with their car pulled up on a Coral Way vacant lot, having lunch picnic style... The Legion junior baseball project seems to have bogged down for lack of a coach.

They tried to get Jack Gramley to take the job but he was unable to accept... Bud Follette was in town with his wife the other day. First time for many a month... O. B. Sutton says watermelon is a boon to folks on a diet. Just eat a big piece when you feel hungry... Ralph McCormack claims his dairy is one of the few in the south that has those square milk bottles... Peg Beaton says the public library won't list its telephone until it gets enough money to handle a research clerk. The \$2,500 hike this year isn't enough, she says, and hopes someday to see the library set up on a \$2.00 per capita basis... The Upton Ewings lament that the pool closing hit them hard. When it's open they take a daily swim there... Ed Groat, just back from the Navy, has joined that great association of horse hunters... Reddy Klowatt was mischievously turning the current off and on during Monday's rain storm.

It just goes to show, this wild life isn't all it's cracked up to be. Chuck, the male half of a pair of lovebirds in the Harum household, flew the coop just as we went to press last week, circled once around the yard and launched himself on a spree. On Tuesday Chuck lobbed back into the yard, lighted on the cage occupied by his lonely mate, almost fought to get back... Pvt. Clarence Quick, Biltmore patient, still doesn't believe what his buddies tell him — that he danced the rumba Tuesday eve... Bob Farranto's eating regularly again — his wife's back... everything's the way you look at it: Pressman Wright of the Riviera looked at the clock from the mezzanine, departed for the night an hour early... he found out about it when his bus pulled into Miami... George Donoghue's not up on the best sellers: he credited a quote from the new testament to

the old in the Lions Club bulletin... and the Rev. Ladislav Biro checked him up on it... we don't like people who go away on a vacation and don't take us with them... gifts to be awarded at the Lions installation next Tuesday are mounting.

Visits Roommate

Miss Gloria Cummings, student at Florida State College for Women, Tallahassee, had as her houseguest for a week her roommate, Miss Frances Hare of Quincy. The

On Business Trip

Combining a business and pleasure trip are Mr. and Mrs. Aaron B. Floyd who are in New York and Canada for several weeks. Mrs. Floyd is "Gladys Winthrop," milliner of Coral Way. While in New York she will buy for her shop. They expect to visit friends on Long Island and will return to Coral Gables to reopen their business in October.

young women are attending the summer sessions at "Tally."

NATIONAL EDITORIAL ASSOCIATION

MEMBER OF THE NATIONAL EDITORIAL ASSOCIATION and Florida Press Association, Albert E. Harum, Editor and Publisher, Kenneth S. Reynolds, Business Manager, James E. Moore, Managing Editor, Helen Reynolds, Society Editor, Gertrude Hardeman, Circulation Manager.

The Needed Lump

Subversive forces know the "leaven" of their philosophy will only work in a "lump" or group of people who are bitter enough to want to get even with some other group or class. Or who, morally indulgent, want license for their lusts. Or who are frustrated and want recognition—merited or not—which the present setup of society denies them. If they find no such "lump" ready to their hand, they set out among men to create bitterness, demoralization and frustration. They mould the "lump" their "leaven" needs.

The "leaven" of democracy also needs a certain kind of "lump" to work in. Its aim is to set up a society in which men may live together as free, virtuous and rational beings. Democratic "leaven" only works, therefore, in groups of people with the spirit that seeks freedom, with a character that aims at virtue, and with a mentality that places truth ahead of any personal, commercial, racial or national prejudice.

Here, too, there may be no "lump" ready to work with. Those who would defend and perpetuate democracy today, therefore, must know how to reawaken the free spirit among men, create virtuous character, distinguish truth for them and make it preferable to falsehood.

Costly experience has shown that this kind of "lump" cannot be moulded through efforts at self-improvement, through educating the intelligence, through forming organizations or any of the other things men usually suppose. The truth that makes men free, and the virtue that makes character, come as a result of simple selfless obedience to God. This is the indispensable ingredient for any "lump" in which democracy can work. Without it any loaf we try to raise will only end up a dictatorship.

The world moves ahead, not through men who push themselves forward, but through those who pour themselves out.

The thing that really makes men equal is that we all can change.

"I slept in that bed, folks!"

"Remember, I wrote you about it just after my outfit got to Rome in 1943? "And remember, I said I hoped that some day we could all come over here together and I could show you some of the places I'd been and the things I'd seen. "Well, here we are, Mom. And it sure is fun." To many and many a family, a trip abroad

has taken on a meaning it would never have had before the war. And to many and many a family, the dream of that trip can come true, sometime in the not too distant future. The sure way to make it come true is this: 1. Hang on to every single one of the Bonds you've bought. 2. Keep on buying Bonds—as many as you

can, as often as you can. 3. If you're on a Payroll Savings Plan, stick to it. There is no easier, no safer, no surer way to provide yourself with money for the future... for the things you want to buy or do in the future. (Don't forget, you get back \$4 for every \$3 you put into U. S. Savings Bonds.)

PORK AND POLIO!

Will you have a nice, delicious dead rat for your Sunday dinner? Very tasty, broiled, roasted or fried. You might also try some luscious dead flies, chicken or fish innards, maggots, etc. . . . .

Horrible and impossible, you say? Quite the opposite! You eat it all the time in the form of PORK! The evolution of dead rats, etc. and garbage back to your Sunday dinner is very simple.

WHAT DO YOU THINK HAPPENS TO GARBAGE? If you killed a rat, you would throw it in the garbage can. You would do the same with all other waste, no matter how objectionable. Now what happens to this filthy collection? You guess that it is burned or dumped somewhere. Guess again! IN NEARLY EVERY LARGE CITY OR TOWN, NORTH AND SOUTH, MOST OF THE GARBAGE IS DELIVERED TO PIG FARMS.

Coral Gables is one of the few exceptions where this practice is not followed. But in the towns and villages in the pork producing areas, this procedure is followed in almost 100 per cent of the cases! This garbage is good eating for the porkers. They are not choosy and will eat anything. Usually they are given a fast serving of corn for fattening purposes just before they are sent to market. But the majority of your so-called "corn fed hogs" ate swill the major part of their existence. So when we consume a nice roast of pork, or pork chops or a juicy slice of ham — we don't see our friend the deceased rat or the other products of the garbage can.

BUT THEY ARE THERE JUST THE SAME!! You know that some people are allergic to various foods. Isn't it reasonable to believe that some people are allergic to pork products?

IF THIS BE TRUE — WHAT IS THE ULTIMATE RESULT? WHY DOES PORK SPOIL SO EASILY IN HOT WEATHER? WILL YOU HAVE A DELICIOUS DEAD RAT FOR YOUR DINNER TONIGHT?

POLIO HAS DISAPPEARED SINCE MEAT DISAPPEARED FROM THE MARKETS. MEATS WILL BE COMING BACK IN ABOUT TWO WEEKS! - - - LAYMAN

The idea expressed above is a layman's theory on the cause of polio. We will soon have a wonderful opportunity to see if it is correct. Watch the polio cases when meats, especially pork products, return to the markets again. I have nothing to sell or join. DO YOU HAVE ANY INFORMATION? THAT'S ALL!

**To New York**  
Mr. and Mrs. Marvin J. Scoville and daughter, May Lou Scoville, will leave about July 15 for New York for about two months' vacation when they will occupy their new home at 4000 S. W. 10th Street.

**Air-Time Research**  
New York — With the airplane moving transportation speeds towards the 400 miles an hour mark, an Air-Time Research Institute has been founded to study the social, economic and other effects of such fast movement.

**'Pop' Concerts Planned Here For Summer**

(Continued from Page One)  
and Lewisohn Stadium style. Beverage service will be optional. The Philharmonic Society of Greater Miami, which is collaborating with the club in presenting this series, was formed by a number of members of the club, as a corporation not for profit, for the purpose of stimulating interest in music of all kinds through the presentation of concerts and recitals. Tickets for this series will be sold to non-club members on an invitational basis at a nominal price: Six dollars and tax for the series of six concerts, or seven dollars and twenty cents (\$7.20) or one dollar and tax (\$1.20) for separate concerts. Members ONLY will be admitted free.

**Tree Farms Cross Continent**

With the recent dedication of Florida's first "tree farm" by Governor Millard Caldwell, the national tree farm movement has now crossed the continent from the extreme northwest, where it started in Washington State, to the extreme southwest. Florida now becomes the 11th state to certify tree farms. The program has already been inaugurated in Alabama, Arkansas, Mississippi, North Carolina, Texas, Washington, Oregon, California, Idaho and Montana, West Virginia, Tennessee, Maryland, New Jersey and five New England states, plan to join the movement soon. Governor Caldwell, at left of photograph, is presenting Florida's first tree farm certificate to Albert Kuhn, of the Weaver-Loughridge Lumber Company of Boyd, which has qualified 70,000 acres of forest land as properly managed and protected for the continuous production of forest crops. In the background, left to right, are Jack W. Simmons, Tallahassee, member of the Florida Board of Forestry and Parks; C. H. Coulter, state forester; N. Culbreath, turpentine operator of Wakulla; and Harold Coles, Jacksonville, executive vice-president of the Florida State Chamber of Commerce. In Florida, the tree farm movement is sponsored by the Florida State Chamber of Commerce and the Florida Board of Forestry. Nationally, the program is being developed by the American Forest Products Industries, Washington, D. C., to spur greater growth of forest products and to combat the destructiveness of forest fires.

**Gables Poet's Work Included In Radio Book**

The Exposition Press announced today the publication of Poetry Broadcast, an anthology of verse specially compiled and prepared for radio presentation, which includes the work of Hatty Liningier, 1213 Alberca St. "About two hundred radio stations now broadcast poetry," write the publishers, "and with this impetus, the public will have its interest awakened in contemporary poetry, resulting in a greater popularization of this fine art." Poetry Broadcast, which num-

bers many of America's best loved poets among its contributors, features a special section devoted to biographical material concerning each poet in the anthology. Another radio anthology of poems and lyrics is no win the process of compilation, and authors interested in competing for a place in this new volume are invited to write to The Exposition Press, One Spruce St., N. Y. C., 7.

**Do You Know These Facts About Florida?**

Florida has more sunshine in winter and less in summer than the Northern states. In Florida the shortest day in the year is only about three hours shorter than the longest day; along the northern border of the United States there is a difference of more than seven hours. This is the reason why Florida has mild winters and cool summers.

Florida leads the nation in the production of grapefruit, celery, Fullers' earth and phosphate and in winter-grown crops. Florida ranks first in producing tomatoes, snap beans, eggplant, cucumbers, pepper, and Irish potatoes. Although Florida still has ten million acres of farm land yet to be developed, it still grows a greater variety of food products than any other state.

Florida contains 35,000,000 acres—four times larger than Holland and larger than Main, Vermont, Connecticut and Rhode Island. The peninsula state has almost 1,500 miles of coast line and 30,000 lakes.

Florida has the shortest river in the world! Falmouth Springs (Suwannee county) has a discharge of 3,600,000 gallons of water per hour. The river so formed flows for 900 feet and disappears in the ground, to reappear several miles away and empty into the Suwannee river. Many Florida lakes have subterranean connections.

Sugar cane is another important crop, both for syrup and sugar. The largest sugar mill in the United States is located at Clewiston. A smaller mill and sugar refinery is operated at Fellsmere.

Florida has the second largest body of fresh water entirely within the United States, Lake Okeechobee, 717 square miles.

The City of Coral Gables operates its own bus line, with buses running to downtown Miami, a nine-hole golf course, and the Venetian swimming pool, all of which at the present time are showing a nice profit.

Based upon exaggerated boom-time beliefs, Coral Gables real estate was assessed in 1926 at a value of \$90,810,350, which was then assumed to be one-half the fair value of the land alone.

Commercial fishing in the state of Florida brings a gross return of about \$10,000,000.

**Navy Plans Air Program On Monday**

Thousands of Naval pilots and enlisted men, former combat airmen who have returned to civilian life, again associate themselves with the navy Monday, July 1, when the Naval Air Reserve peacetime program for national air security is activated at 22 naval air stations throughout the nation, including Opa-locka.

The national peacetime program for these men, who will spend approximately one day a week in refresher flight training, will be participated in by more than 6,000 naval pilots and more than 20,000 enlisted men.

Open house will be the order of the day on all the 22 naval reserve air stations on Sunday, June 30. Additional information on the program will be given in a nationwide broadcast over the CBS network Saturday afternoon at 3 p. m. EST, with ranking navy officers and movie star Wayne Morris, one of the reserves who will be participating on the program.

Air groups, which will furnish the flight personnel for inactive units of the fleet, will be kept in training on these stations so that in the event of another national emergency a potent naval air striking force will be available within 30 days. Made up entirely of reserves on inactive duty, the Naval Air Reserve will provide a "second team" of "minutemen" to back up the regular units of the fleet.

Strategically located throughout the United States to serve the largest centers of population the air stations are situated in every section of the country. Men who participate in the regular part-time duties will be enlisted in the organized reserve of the navy and will be paid on the basis of their rank and rate for the time they serve. In addition there will be a large group of inactive reservists who will serve in the volunteer reserve without pay. They will not be on a definite schedule and will report whenever possible to participate. Included will be both officers and enlisted men.

the eve of the day the Declaration was adopted wrote, "Yesterday the greatest question was decided which ever was debated in America; and a greater perhaps never was, nor ever will be, among men. The world knows and agrees that this act was destined of God; but it occurs to me that what we need today is a 'Declaration of Dependence'.

At St. Philip's Sunday the services are as follows: 8 a.m. Holy Communion with the Rev. Mr. Davidson celebrating his first communion; 11 a.m. morning prayer and sermon by the rector. This will be a patriotic service.

Congregational Rev. Roy Gilmour Pavy of the Congregational Church has chosen for his text, "Passing through Open Doors".

Methodist "The Problem of Human Suffering" is the sermon topic of Dr. J. H. Daniel for the 11 a.m. service Sunday at the Coral Gables Methodist Church.

First Christian Rev. Andrew W. Gottschall will be the guest preacher Sunday at

READING ROOM of First Church of Christ, Scientist, Coral Gables. where all are welcome to read, borrow or purchase.

the First Christian Church, 222 Menores Ave. Special music by the choir under the direction of Pat Sullivan, director and Mrs. Ray G. Hicks organist will be given at the 11 a.m. worship service. Sunday school at 10.

Presbyterian Discussing "Paul's First Missionary Sermon", Dr. Nevin H. Schaaf, Pastor, will conduct the eleven o'clock Morning Worship Service of the First Presbyterian Church of Coral Gables Sunday.

Catholic Church of the Little Flower, 1120 Avenue Anastasia. The Rev. Thomas Comber, pastor. Sunday masses 6:30, 8:30, 10, 11 and 12 a.m.

Christian Science "Christian Science" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, June 30.

buy wine and milk without money and without price" (Isa. 55:1). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "If ye love me, keep my commandments. And I will pray the Father, and he shall give you another Comforter, that he may abide with you for ever; At that day ye shall know that I am in my Father, and ye in me, and I in you" (John 14:15,16,20).

Lutheran Divine worship will be held Sunday morning at the regular worship service at 11:00 o'clock at the University of Miami Music Workshop, 2900 Ponce de Leon Blvd. at Palmetto.

Baptist Services begin at the University Baptist Church with the Bible School at 9:45. The Morning Worship Service, at eleven o'clock, will include the message by the pastor, Dr. Ladislau Biro, and a tenor solo by Mr. Kenneth R. Forbes.

Former Gableite Directs Shelborne Summer Program

Shelborne hotel continuing its regular winter schedule, is in the midst of a successful summer with an entertainment calendar with a mid-season aspect. Ralph McEntyre, formerly associated with the Miami Biltmore in Coral Gables, is summer manager, during the absence of Milton M. Chapman who is away at his summer operation, Mayview Manor, Blowing Rock, N. C.

McEntyre, a veteran of US Army Air Corps, also is a veteran hotel man. Besides the Biltmore, he has been associated with the Netherlands Plaza, Cincinnati, and Hensloper hotel, Rehoboth Beach, Del.

Winter luxury the year round is the new program of the Shelborne where the air conditioned dining room and cocktail lounge remain under hotel supervision. The former, serving three meals a day, is under the skilled direction of Chef Charles Huelb, formerly of the Roney Plaza and Five o'clock club, and Maitre D'Hotel Joe Poteuch of the Waldorf Astoria and Roney Plaza.

During this last service of the day, the ordinance of baptism will be observed.

"I LOST 32 LBS.!" WEAR SIZE 14 AGAIN! Once 136 lbs., Miss Reynolds lost weight weekly with AYDS Vitamin Candy Reducing Plan. Now she has a model's figure. Your experience may or may not be the same but try this easier reducing plan. Very First Box Must Show Results or money back.

chestra, heard at 8 p.m. Wednesday, Thursday and Friday over Radio Station WKAT.

Foremost among entertainment attractions are the Tuesday night galas when amateur rumba contests are held with handsome prizes going to the winners.

Miss Vadah Walker, gracious social director, personally arranges weddings, luncheons, dinners and bridge parties.

Summer innovation for Wednesday is dinner served on the pool deck until 9:30 and swimming until 10:30. Chico Lopez is head of the Shelborne dance studio and additional

services maintained at the hotel the year around include the men's and ladies solarium, Mario's Beauty salon and the hotel valet shop.

Elected President Lions Auxiliary Mrs. A. C. Zimmerman of 438 Sunset Road was recently elected president of the Miami Beach Lions Auxiliary. The luncheon-election was held at the Shelborne Hotel.

MRS. LAURENCE A. SCHROEDER, JR.  
Leonard Parke Photo

Because her two-year-old daughter was born on Easter she was named Bunny and "Bunny she probably will be called all her life, though her christened name is Mary Elizabeth," said Mrs. Laurence A. Schroeder, Jr., this week's Junior Woman's Club leader subject. Mrs. Schroeder, who is an accomplished miniature portrait painter and whose talent in the arts has been of invaluable use to her club, finds her two children, Larry, 6, and Bunny require the greater part of her time. She frankly states that her children and her home at 5004 Alhambra Circle are her first interest.

As Mary Elizabeth Sims, the daughter of Mrs. O. V. Sims of Miami Beach, and the late Mr. Sims, this talented young matron came to Miami from Mobile in 1925. She attended Robert E. Lee, Jr., and Miami Senior High Schools. During these years Mrs. Schroeder with her parents, active in church work, became a student and teacher in the Central Baptist Church of Miami.

Florida State College for Women beckoned Mrs. Schroeder after her graduation from high school. At Tally she was pledged to Phi Beta Phi fraternity and majored in art. Continuing her art studies she was a pupil of the late J. Phillip Schmand in New York.

The Schroeders were married in 1936, when Mr. Schroeder was just out of Yale law school. He was a member of Alpha Sigma Phi fraternity, and spent most of his pre-college years in the East. A Miami attorney, Mr. Schroeder went into government service after Pearl Harbor and served as

### Gablesgrams

By HELEN REYNOLDS, SOCIETY EDITOR

Marilyn Mayes, young daughter of Mayor and Mrs. Thomas C. Mayes, gave a farewell party for her "Three and One Half" Club just before she left Sunday by motor with her brother Tommy and mother for Bloomington, Ill., and a summer visit with her grandparents, Mr. and Mrs. W. A. Read. Marilyn explains the name of her club like this: "Three little girls (including herself) gave full time making scrap books for shut-in children this winter, while one little girl gave 'half time.'" Mrs. Mayes plans to attend the Kappa Kappa Gamma National Sorority convention, to which she is a delegate, at Mackinaw Islands, July 1-7. Mayor Mayes will visit his folks in Tennessee, enroute to Illinois, sometime later in the summer, when the family will motor to Canada for their first real vacation since the war.

Twenty-four young Florida girls plus a counsellor are spelling out a quarantine of two weeks in a cottage one and one-half miles from Juliette Long camp for girls in Cloudland, Ga., according to Mrs. A. D. Barnes, 916 Avenue Mariana, who returned Tuesday from accompanying her daughter Adrienne to the camp. Mrs. Barnes says that a state of confusion reigns in the towns and cities because of the polio scare, and that a different set of rules to follow is presented the tourist in each community entered between here and North Carolina.

Mrs. Lewis N. Robinson left Tuesday for Rochester, Minn., where she will enter the Mayo Clinic. Enroute, she will be joined at Columbus, Ga., by Mr. Robinson, who will accompany her north. Returning Mrs. Robinson plans to visit in Memphis and Little Rock, Ark.

Edwin C. Bliss who attends Brown University in Providence, R. I., is home for his summer vacation, the guest of his parents, Mr. and Mrs. Whitney C. Bliss, 3901 S. W. 6th Street. At Brown, Edwin was made vice president of Lambda Chi Alpha fraternity. He has as his house guest his room-

### MRS. WILLIAM COX, PRESIDENT CORAL GABLES WOMAN'S CLUB RETURNS FROM CHICAGO MEET

"My sweetest memory-meeting so many splendid club women from all over the world," exclaimed Mrs. William Cox, president of the Coral Gables Woman's Club, who returned Monday from Chicago, Ill., after attending the National Convention of Federated Women's Clubs.

Mrs. Cox reports there were 1,100 delegates. Among these were representatives from Alaska, London, Hawaii, Canada, Sweden, Argentine, Brazil and the Philippines.

The delegate from the Philippines was a native Filipino, Mrs. Cox said, and president of the Manila Woman's Club. "She was dressed in her native costume at the international luncheon party, and I made myself known to her, as I had lived for many years in Manila when my husband was a naval officer. She was so pleased she bowed and kissed my hand," said this Coral Gableite.

Many famous men, in and out of office, were speakers, no less than ten each day, Mrs. Cox said, but the most memorable one was the

talk on the UNRA by former Mayor La Guardia of New York. "He was so picturesque, so fiery and so little that only the upper part of his face was visible to the vast number of guests as he sat at the speaker's table," Mrs. Cox said.

Among statistical reports of interest was the fact that from the 50,000 yards of new material in the "Mound of Cloth" for overseas, Florida contributed 3,600 yards; of the \$3,600 contributed, Florida's gift was \$600. The Florida delegation was third in representation of numbers attending.

The General Federation of Women's Clubs is the largest organization in the world, representing membership of over two million women.

MRS. DONALD GLEN SINGLETARY, nee Miss Evelyn McRae, daughter of Mr. and Mrs. Edwin Lee McRae, 4021 El Prado Boulevard, whose wedding took place last night at the Plymouth Congregational Church. Mr. Singletary is the son of Mr. and Mrs. Glen Dillard Singletary of Garden Home, Oregon. —Lloyd Le Man Photo

### TEA TO HONOR PONCE GIRLS

A tea honoring girl graduates of the June class, Ponce de Leon High School, will take place from 3 to 5 o'clock today at the home of Mrs. Herbert O. Vance, 4520 Avenue Santa Maria.

Mrs. Isabelle Mustard, superintendent of nursing at Jackson Memorial Hospital, will be the guest of honor.

Presiding at the tea table will be Mrs. Bernice Knowlton and Mrs. Florence Williams. Mrs. Vance the hostess, is the immediate past president of the Parent-Teacher Association at Ponce.

### Mrs. Winegar Hurt in Fall

Mrs. William Edward Winegar, 647 N. Greenway Drive is a patient at University Hospital, suffering from the effects of a broken back sustained in a fall in her garden last week. Unaware of a mocking bird's nest in a nearby tree, Mrs. Winegar was bending over her favorite gardenia bush, when she was attacked by the disturbed bird. Frightened, she stepped backward and fell. Now in a cast, Mrs. Winegar will be home in about a week to receive her friends. Her sister, Mrs. Caryl H. Anderson of Grand Rapids, Mich., arrived Monday by plane to be with her sister.

### Miss Janice Ann Booher Weds Douglas Stewart Griffin In Presbyterian Church Patio

The patio of the First Presbyterian Church of Coral Gables was the setting for the marriage of Miss Janice Ann Booher and Douglas Stewart Griffin at 7:30 o'clock last night, with Dr. Nevin H. Schaaf reading the service.

White net over taffeta fashioned the bride's dress which was made with V shaped yoke, tight bodice, long sleeves and shoulder bertha of lace and net. The bouffant skirt ended in a long train and her finger-tip-length veil of net was attached to the head with a Juliette cap of net.

Orchids and Valley lillies formed the bride's bouquet. Miss Priscilla Alden Crosby, maid-of-honor, wore light blue net made with off the shoulder decollete and full sweep skirt. A bandeau of net and ping rose buds were worn in her hair and her flowers were matching. Little Miss Judy Elizabeth Booher, three year old sister of the bride was flower girl. The bride-groom's uncle served as best man.

Following the ceremony a reception was held at the home of Mr. and Mrs. Hugh Booher, parents of the bride, 540 Avenue Minorca. Mrs. Booher wore a white silk suit with gardenias in her hair to receive the guests.

Mrs. Jack Keele and Miss Doris Snow assisted and kept the bride's book. Out of town guests included Mr. Griffin's mother and aunt Mrs. B. J. Griffin and Mrs. Walter Payne both of Orlando.

The bride attended Florida State College and the University of Miami where she is a member of Kappa Kappa Gamma Sorority. Mr. Griffin recently was discharged from the United States Navy with the rank of ensign. He is enrolled in the summer session of the University of Miami and will complete his studies there entering the full term in the fall. The couple will reside in the home of Mr. and Mrs. W. G. Ward, 2604 De Soto Boulevard for the summer. Mrs. Booher wore a white silk mer.

### OUT-OF-TOWN GUESTS ARRIVE FOR PAINE-O'BRIEN WEDDING

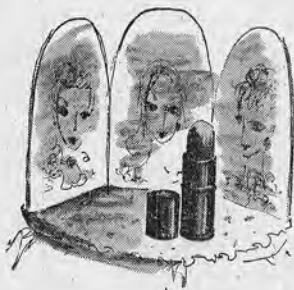

Out-of-town guests for the wedding of Miss Rhoda Betty Paine and Francis P. O'Brien, Jr., arrived this past week. Mr. and Mrs. Francis P. O'Brien, parents of the bridegroom-to-be and his sister, Miss Mary O'Brien have arrived from Lowell, Mass.; also his aunt, Miss Margaret Bay of Lowell, George O'Brien, the brother of the junior Mr. O'Brien, who recently returned from service overseas and the Pacific, will also be a guest at the wedding.

Miss Paine has chosen her sister, Miss Coral Dorathia Paine, as her maid of honor. Brides matron will be Mrs. Carl A. Anderson, and bridesmaids: Miss Mary Alice O'Brien, sister of the groom-to-be and Miss Marie Tyrpak, Geo. W. O'Brien will serve his brother as best man, and ushers are Austin R. Morse, Jr., and William A. Morse.

The ceremony will take place at 5 o'clock tomorrow afternoon at the Little Flower Rectory and will be followed by a reception at the home of Mr. and Mrs. Austin R. Morse, 5009 Alhambra Circle.

The last of the pre-nuptial parties for the bride-elect was given Tuesday night when Mrs. H. E. Penny of 813 Avenue Obispo entertained at a lingerie shower. Twenty-four friends of Miss Paine were present. Gifts were presented in a high wedding bell.

### GABLESGRAMS

(Continued from Page Seven)

mate, Bob Hamilton of Boston, Mass. Another son, Lieut. Whitney C. Bliss, Jr., is expected home sometime in July from Germany. As a mother's day tribute he talked to his mother from Germany.

Miss Dolores Huskamp, 1107 Alhambra Circle, entertained with a buffet supper and dancing party for 20 Friday night honoring her house guest, Miss Marilyn Crosby of Dumont, New Jersey. Marilyn and Dolores, now high school students, were former childhood playmates in New Jersey. A number of parties are being planned for the visitor who will be here most of the summer. Sunday Dolores and Marilyn will leave for Jacksonville to spend a week with friends there.

"So glad to be home in cool Coral Gables" was the remark made by Mr. and Mrs. Grant Orr, following a three weeks trip to the North. Mr. and Mrs. Orr attended the graduation of their daughter, Mary Elizabeth, from the Uni-

versity of Pennsylvania and with the graduate and their son William, spent a whirlwind week in New York City. The Orrs are occupying the E. J. Paxton home, 718 Avenue Aledo, until their new apartment, now abuilding, is ready.

PAA Capt. and Mrs. Robert Otto Buschmann, 1011 Cortez Street, are announcing the birth of a son named Junior, Sunday at University Hospital. Robert Otto, Jr., has a 17-months old sister, Virginia Claire, who is also a "junior" . . . "It's a girl!" at the A. Louis Brown's, 7900 Sunset Road, born June 22 at St. Francis Hospital. The baby, named for her mother, Elizabeth Ellinwood Brown, is the first granddaughter of Mr. and Mrs. George Batcheller of Sunset Road, South Miami.

Taking the sun and surf over the w.e. at the Coronada Hotel, 87th Street and the ocean front, were Mr. and Mrs. C. Dana Woodman and Mr. and Mrs. J. B. Flock, all of Coral Gables.

Mrs. Robert A. McVoy and son, Ross Alan McVoy, left June 17 for a two months trip and visit with relatives in the north. They will spend about a month at the cottage of Mr. and Mrs. Russell Burks on Lake St. Clair, Mich. Mrs. Burks and Mrs. McVoy are sisters. Enroute home they will visit in Bloomington, Ill. with Mrs. Ray Shotwell, an aunt of Mrs. McVoy's, and with her two brothers and families, Mr. and Mrs. Roland Sheldon Heath and Mr. and Mrs. Arthur S. Heath in Norfolk, Va.

Being welcomed back to Coral Gables is Dr. Warren W. Crim and Mrs. Crim who are residing at 918 Ferdinand Street. Before their marriage two and a half years ago, and before the war, Dr. Crim, who is a nephew and namesake of Warren W. Zinsmaster, opened his offices in the Renuart Arcade. He is now situated at 218 Avenue Almeria. During the war he served the navy as a first lieutenant in the medical corps. Mrs. Crim is the former Miss Dorothy Haupt, daughter of Mr. and Mrs. Jacob Haupt of Jamaica Estates, Long Island and Miami Beach. She is a member of the Hollis Junior League of Long Island and has wintered at the Beach with her parents for many past years.

T. E. Norman, 240 Avenue San Sebastian, returned Friday after spending 12 days in his former home state, Michigan, the first visit in 14 years. He accompanied Mrs. Norman and their two children up to Paw Paw Lake, Cocomo, her former home, where they will stay all summer. The Normans spent three days in Chicago en route north. . . . Mrs. Charles R. Lynch is a guest at the Cloudland Hotel, Cloudland, Ga., where she will stay for about six weeks. Mr. Lynch, Gables realtor, will join his wife about the first of July and together they will motor to Boston, Mass., their former home. They will also visit Cape Cod and New Hampshire with relatives and friends.

#### Visits Parents

Mr. and Mrs. Francis C. Barrios, Jr. and Mrs. J. A. Meehan, mother of Mrs. Barrios, are visiting the senior Mr. and Mrs. Barrios in St. Petersburg, who formerly lived in the Gables. Mr. Barrios, Jr., returned by plane after spending the week-end.

#### Visits Wife

Lt. E. D. Syrop, on terminal leave from the Army, is visiting his wife and her parents, Mr. and Mrs. M. Glassman of 427 Avenue Alcazar. Mrs. Syrop went on to Jersey City to meet her husband who returned from 18 months overseas.

### MISS DRANE HEADS 'SPINSTERS'

Miss Jean Drane, daughter of Mr. and Mrs. P. D. Drane, 585 Sabal Palm Road, Bay Point, formerly of Coral Gables, was elected president of the Spinsters' Club at the recent annual meeting.

Other officers include Miss Phyllis Arthur, daughter of Mr. and Mrs. P. H. Arthur, 240 N. E. 17th Street, vice president; Miss Mary Louise Check, daughter of Mr. and Mrs. William F. Check, 3115 Brickell Avenue, and treasurer; Miss Rosemary Glomb, daughter of Mr. and Mrs. F. F. Glomb, Ingraham Highway, Perrine.

Plans for a dancing party in August were discussed with Miss Barbara Findley and Miss Johanna Weiland named as committee. This party will honor new "spinsters" to be voted on at the next meeting.

#### Entertains at Cocktails

Mrs. A. M. Franklin, 1033 Avenue Almeria, will entertain at cocktails at her home and luncheon following at the Coral Gables Country Club today. The party is in honor of Mrs. R. A. Brown, of Shreveport, La., who has been widely entertained since her arrival. Mrs. Brown is the former Miss Kathryn Bostick of Miami, and was a bridesmaid for Mrs. Franklin.

### COLLEGE GIRLS MAY SERVE IN SUMMER PLAN

Red Cross Motor Corps in the Dade County Chapter is beginning its summer recruiting program, since the roster of "dependables" is shrinking daily due to vacationists leaving Miami for the summer.

Mrs. Sally W. Monroe, chairman, is voicing a special appeal to college girls home from school and club women who are staying in

town for the summer, to spend the next three months driving Red Cross vehicles on various assignments.

Among the many interesting assignments requiring drivers are the Miami Lighthouse for the Blind, Nautilus Veterans Hospital, Dade County Blood Bank, Pratt General Hospital, and various other Red Cross projects.

Applicants, between the ages of 18 and 50, may register at 507 N. E. First Avenue for duty, and every effort will be made, according to Mrs. Monroe, to arrange schedules to suit the convenience of the drivers.

Styles created for you by Miss Maynard at the Patio Beauty Salon are lasting and easy to manage.

## That Costs You Less Today Than it Did

# 15 YEARS AGO

Although your cost of living has steadily increased, here is one thing—an important thing in your life—that actually costs you less today than it did fifteen years ago. It's your telephone!

This record of low cost performance, in these times of rising prices, is enough alone to stand out like a beacon in the night.

In addition the service has greatly expanded and as more telephones have been added the relative cost to the user has steadily declined. Fifteen years ago there were 29,000 telephones in Miami and Miami Beach. Today there are 98,069. This means you can reach many more people by telephone—the better to serve your needs for business or personal use.

This record—which stands out as an achievement—is becoming more and more difficult to maintain as the costs of everything going into the furnishing of telephone service continue to rise.

**To Attend Acacia Meet**

Frank Howard of 4009 Pinta Court, left yesterday for the national convention of the Acacia Insurance Co., to be held at the Banf Springs Hotel at Banf, Alberta, Canada. He will stop off in Washington and New York for a brief visit with friends. When he returns Mrs. Howard and daughter Judy will leave for an extended trip to Detroit, Washington and

New York. Frank Howard, Jr., who is with the Navy V-12 has just been stationed at Opa-Locka and expects to be released about July 15. He has served two years and will enter the University of Miami in the fall term.

Although Florida is the last state of the Union to be developed, it has the oldest permanent white settlement.

**Coral Gables Woman's Club Plans Birthday Party Series For Soldiers At Pratt General**

The Servicemen's Entertainment Committee of the Coral Gables Woman's Club, have inaugurated monthly birthday parties for the wards at the Pratt General Hospital, Coral Gables, in addition to the regular monthly hall entertainment for the convalescent soldiers there. These parties will be for the entertainment of those veterans not yet able to participate in the more active entertainment.

Under the new plan, each veteran whose birthday falls within the month will receive an individual gift, and the entire ward will be served with special refreshments.

The Coral Gables Woman's Club started four years ago to give weekly dances and monthly buffet suppers and dances for the British cadets; the United States Army and Navy boys during their training periods at the University of Miami. When the AAF Regional Station Hospital (Biltmore) opened its doors to receive the wounded and convalescents, the club transferred its activities to the Bilt-

more hospital continuing this rehabilitation work.

Mrs. Leland C. Shepard, as chairman for the senior club and Mrs. George Henry, as co-chairman have served during the entire four years, working unceasingly. Able assistance has been given by members of the junior department of the club. Mrs. Walter Cunningham of the junior club served at Wednesday's party. Also assisting from the junior's were Mrs. Ross Beckstrom, Mrs. Ross Curry and Mrs. William Law of the senior club. Miss Eleanor Bernard, in charge of Red Cross activities at the Pratt, has been most co-operative in assisting the club members and committees in planning the new series of parties.

**BRIDE-ELECT**

MARTHA ANN SYMONS —Burdine's Photo-Reflex

**MISS SYMONS TO WED JULY SIXTH**

Mr. and Mrs. Olin G. Symons, 825 Avenue Navarre, are announcing the engagement and approaching marriage of their daughter, Martha Ann, to Harry Housen, which will take place July 6th. The ceremony will be held in the Congregational Church of Coral Gables.

The bride-to-be graduated from Miami Senior High School, where she was a member of the Traversis Club.

Mr. Housen is the son of Mrs. Adolph Dreyes of Miami and New York City. He graduated from Andrew Jackson High School and attended the University of Miami. He was recently discharged from the United States Navy.

The young couple will reside in Miami after a wedding trip through the state by automobile.

**Something To Rave About . . .**

**More Than 3,000 Varieties Of Plants Grow in Florida**

More than 3,000 varieties is the estimate placed on the number of flowering plants grown in the Land of Flowers. Probably the full name given to this region by Ponce de Leon, when he landed near what is now St. Augustine, on April 2, 1513, was Tierra Florida—land of flowers. But he could have no conception of the vast range of floral beauty he had discovered, nor the aptness of the name given.

From the gorgeous Royal Poinciana to the Hibiscus, which blossoms without ceasing, on down to the tiniest wild flower that hides its head in the thick grasses of the Everglades, Florida offers a panorama of floral beauty that is unexcelled.

The proposed Everglades National Park, covering the extreme southern tip of Florida, holds surprises almost without number to the winter visitor. Rare air plants, that attach themselves to the stately trees, unfold their beautiful blossoms in artistic beauty.

From an address by Dr. David Fairchild delivered in 1929 before the American Forestry Association, he stated "nowhere in all my experience have I seen a greater number of orchids, or more magnificent specimens, than abound in the hammocks of southern Florida."

More than 90 per cent of the population of the United States can reach Florida within 48 hours.

War Department, the correct address should be mailed at once to: Memorial Division, Office of the Quartermaster General, Washington 25, D. C.

Next to kin who had relatives who died in the other services should mail their correct present address as follows: Those in the Navy to Bureau of Medicine and Surgery, Navy Department, Washington, D. C.; Marines, to Commandant U. S. Marine Corps (Casualty Section) Washington, D. C.; Coast Guard to Commandant U. S. Coast Guard (Casualty Section) Washington, D. C.

**A. A. U. W. Appoints Civic Committee To Work With County Waste Department**

Mrs. Robert F. Underwood, president of the A.A.U.W., Miami branch, announces the appointment of a permanent Civic Committee whose present project is to work with the County Waste Director, A. D. Bailey, in reporting violations of the sanitary laws. The members of this committee represent various sections of Dade County in order to give their survey an all-over picture of the county. Serving as chairman is Mrs. Evregt Perkins, and committee members are Mrs. Dan O. Patton, Mrs. Julius Alexander, Mrs. J. H. St. John, Mrs. William Wendt, Mrs. Henry Kenah, Mrs. John C. Gramley, Mrs. George W. La Liberté, and Mrs. Harold E. Kendall.

The first of the A.A.U.W. scheduled summer meetings was held at the home of Mrs. Ida Y. McAllister, 36 S. W. 20th Road on Monday.

The covered dish luncheon was served by Mrs. McAllister with the assistance of her daughter, Miss Birdie McAllister, and co-hostesses, Mrs. Arthur J. Cook, Mrs. Marie Riker Folsom, Miss Kathryn L. Carlin and Miss Belle Hancock.

Mrs. Ellen Whiteside, executive secretary for the council of social agencies, presented by Mrs. Dan O. Patton, gave a talk on one of the most critical problems of the post-war period, "Florida Faces Juvenile Delinquency."

Returns to Colorado Mrs. Willard Blackwood and daughters, Jane and Marcia, have left Coral Gables after a two weeks visit. They went to New York City for a week's visit and planned also to visit in Chicago, Ill., before going on to Denver, Colo., their home. While here Mrs. Blackwood was widely entertained by many friends of her former Coral Gables days. Jane and Marcia also renewed many friendships made during their school years in the Gables.

**WAR DEAD KIN ASKED FOR ADDRESS**

The War Department has appealed to those who during the war received notice of the death of a relative in the armed forces overseas to inform the military service to which the deceased was attached if they have changed their address in the United States since the date the notice of death was first received. The department has been authorized by Congress to ascertain the wishes of the legal next of kin concerning the return and final burial of World War II dead of all military services. The request is made also on behalf of the Navy Department, Marine Corps, Coast Guard, Red Cross and War Shipping Administration.

Many thousands of next to kin may have changed their place of residence since the date they received a telegram from the military services informing them of the death of a relative overseas. Such change of residence, without notification having been sent to Washington, may cause serious delays and make it difficult to send important information to proper persons.

To those next to kin who received notice of death from the

### Savings Bonds Top Million During May

Jacksonville (Special) June 27—The people of Dade County invested \$1,844,612 in U.S. Savings Bonds during the month of May, according to an announcement by the U.S. Savings Bonds Division of the Treasury Department. Florida sales of Savings Bonds for May totaled \$8,266,872, bringing the statewide monthly average for the first part of 1946 to more than eight million dollars.

Calling inflation the country's "Number One domestic problem", W. W. McEachern, Chairman of

the Treasury's Savings Bonds Advisory Committee for Florida, in commenting on the peacetime program for the continuing sale of government securities said: "I can't too strongly stress the importance of Savings Bonds as sound investments, for there was never a time when national interest as well as individual welfare called more imperatively for spending restraint on the part of the people. The amount of money in circulation is now more than three times the total at the end of 1940; demand deposits in banks have soared from about 35 billion dollars to 75 billion dollars during the same period, and time deposit have risen from 28 billion to 50 billion. The Treasury is now conducting a campaign to inform the public of the urgency for investing in Savings Bonds to back their future. If the public will put more of its cash reserves in bonds, the danger of inflation will be sensibly diminished, provided of course new sales are not offset by redemptions of bonds previously purchased, and that is why it is so important to buy bonds 'for keeps'."

### Florida Hostess Every Year To Millions of Bird Visitors

From Old Man Pelican, that homely creature, who is immortalized in a limerick to the tiny hummingbird, whose flight is too swift to be followed by the human eye, Florida is hostess to millions of birds.

The first bird sanctuary in the United States was established on Pelican Island, near Sebastian, Florida, March 14, 1909. Today the most beautiful sanctuary is at Bok Tower, near Lake Wales—said to be the most beautiful spot in the United States.

According to Audubon, the mocking bird, the Florida State bird, is the most beautiful singer in all birddom. It not only imitates but composes, and has been known to change its song eighty-seven times within seven minutes. A record unequalled.

In the extreme southern part of the state the rarer birds have their homes and hold their conventions. Cranes stalk majestically through the shallow waters of the Everglades, darting their long necks swiftly at some tidbit that swims near. The colorful flamingo, whose beautiful red and pink plumage looks like an immense rose from a distance, is almost extinct, (little thanks to the plumage hunters), but can still be found. The lacy feathers of the white egret offer a pleasing contrast to the more colorful birds. The snowy plumage of the white ibis makes the trees, from a distance, look like that beautiful bush, the snow ball.

No one can get the best of you unless you let them play upon your worst.

Gen. Eisenhower's forceful report as supreme commander to the allied chiefs of staff will be available to the public in printed form; the Government Printing Office has announced.

The report covers the period from D-Day to VE-Day and is printed on heavy enameled stock with maps in two colors. This official description of the operations in Europe contains 123 pages and is for sale at \$1 per copy. Orders should be addressed to the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

Three decisive battles were listed by Gen. Eisenhower which coupled with Allied teamwork and German mistakes clinched victory in Europe. The three decisive actions were the battle of Normandy, the battle of the Falaise pocket, and the battles west of the Rhine. As a specimen of printing, the report is one of the best jobs ever produced in the Government Printing Office. The cover stock is antique paper and features the supreme headquarters shield, which is printed in five colors.

### Florida Leads the South In Variety of Trees

Florida with 328 species leads all Southern States in variety of native trees. Texas is second with 198; North Carolina third with 166.

Vast forests of pine, oak, cypress and other trees, both hard and soft woods, dot the entire state, affording retreats for game and rare birds and restful contemplation for the visitor.

Many foreign trees have been introduced and thrive. Of the 300 species of palms, some are native to Florida. The Royal palm is said to be the most beautiful tree in the world. Mahogany, the banyan, the sausage tree, the breadfruit tree and many others are grown in the southern part of Florida. The rare torrey tree is found in Torreya State Park in Liberty County.

The tung tree, imported from China, is producing oil in commercial quantities. Used in paints, varnishes, lacquers and waterproofing.

Ninety per cent of the world's supply of naval stores (turpentine and rosin) is produced in the U. S. Approximately one-third of this is produced in Florida.

Lumber of various kinds is produced in millions of board feet.

There are five woodpulp mills operating in the state; two at Panama, one each at Jacksonville, Port St. Joe and Panama City, and one under construction at Cantonment.

The Florida Forest and Park Service is doing a good job in preventing fires and in reforestation.

There are two noted trees in Florida: The Big Oak, Jacksonville, with a 200-foot spread of branches, and the Big Cypress, Longwood, estimated to be 3,000 years old.

Forest products in Florida produce an annual value of \$40,000,000 to \$50,000,000.

Income from Spanish moss amounts to \$1,000,000 per year.

**Plans Extended Vacation**  
Mrs. Ruby Pierce Jackson Brain will leave about July 10th for Ringoes, N. J., the 70-acre estate of her sister, where she plans to visit for several months. While there she will attend the "Choral School" (by invitation) which is a part of Princeton University's summer program. An accomplished musician, Mrs. Brain is an organist and director of the choir of the Coral Gables Methodist Church. She will join Mr. Brain for a sojourn at Atlantic City and together they will return about November first.

Independent operation of the reorganized Florida East Coast system under control of the St. Joe Paper Company, owned by the Alfred I. duPont estate, was authorized by the commission plan.

In Jacksonville, the office of Edward Ball, one of the trustees of the duPont estate, issued the following statement: "We are delighted to see that Examiner Jewell of the ICC has reaffirmed his former report after his second hearing for the establishment of the public interest. We are particularly pleased that the public interest was so clearly and fully established in favor of an independent operation of the Florida East Coast Railway."

In July of last year, the commission reopened the case and permitted the Atlantic Coast Line to file its plan.

The St. Joe Paper Company owns about 56 per cent of the 45 million dollars of the FEC's outstanding first and refunding mortgage bonds, the Interstate Commerce Commission examiner said.

Life lived just to satisfy yourself never satisfies anybody.

### Homesteading Vets Must Prove Intent To Live in Florida

Tallahassee, (FNS) Non-resident World War II veterans who want to take advantage of Florida's law permitting homesteading of land by former GI's can become residents by filing an affidavit that they intend to make their home in this State, Attorney General Tom Watson stated last week. The 1945 Legislature approved 40-acre homesteads on vacant and arable State lands for war veterans.

### Smathers May Enter Race For Governor

By RUSSELL KAY  
While a lot of things can happen and probably will between now and the next gubernatorial primary election, politics here and about continue to find amusement by dragging out the crystal ball and trying to look into the future.

cupping the chief executive chair becomes even more inviting and all present indications point to a stampede rather than a race with almost as many candidates as there are voters.  
Since we last discussed the subject in this column about two months ago, several new names have been mentioned and when the hat throwing stage is reached, in all probability the hats of one or more of these suggested contenders will be in the stack.  
Now it seems that Miami has the itch and feels that it might be advantageous to have one of

her sons in the governor's chair. Despite the fact that she had the opportunity last time and muffed it when she by-passed Ernest Graham, she is now seriously considering another try and is pinning her hopes on George Smathers, the up-and-coming returned veteran who demonstrated his ability to swing on the political trapeze with the greatest of ease when he unseated the hitherto invincible Pat Cannon.  
But just to be on the safe side and not have all of her eggs in one basket, Miami may enter more than one contender and another hopeful from the area that is being mentioned as a probable starter is Circuit Judge Holt.

RAY MILLAND AND OLIVIA DeHAVILLAND demonstrate a little osculatory technique from a scene in their latest picture, "The Well Groomed Bride," which opened yesterday and plays through Monday at the Gables Theater.

### Wild Game Is Abundant In Florida

Wild game of various types are more or less abundant in all sections of Florida. In the vast forests and undeveloped sections of the state may be found deer, bears, wild turkeys, foxes, wildcats, coons, "possums" and squirrels. In the fastnesses of the Everglades panthers and other game are still to be found, while in the more open sections and in the fields quail and dove offer the hunter ample opportunity to display his sportsmanship. Ducks are to be found on many of the lakes and rivers, and geese are at times quite plentiful at points on the north Gulf Coast.  
Sports fishing along nearly 1,500 miles of gulf and sea coast present the angler with an unlimited opportunity to display his prowess. The two most prized and largest sport fish are the sailfish and the

tarpon or Silver King. Many varieties of salt water fish are obtainable in these waters.  
Fresh water fish are abundant in the 30,000 lakes and many miles of rivers within the states' boundaries. The large-mouth black bass is the fresh water angler's choice as a sports fish. These bass often are caught weighing from 10 to 15 pounds. Many other species of fish are to be found in the lakes and rivers. In all, over 600 species of fish are to be found in and around the state.  
Commercial fishing, including shell fish and the sponge industry, brings a gross return of about \$10,000,000 annually.

**On Vacation**  
Dr. and Mrs. Edward Williams and son Ned, are leaving tomorrow for Richmond and Natural Bridge, Va. Ned will visit his grandmother, Mrs. Charles S. Barlow in Richmond, while Dr. and Mrs. Williams will vacation at the Natural Bridge Hotel. They will be away about six weeks.

Splendid education and training in more than 200 skills and trades are offered by the new Regular Army. Good pay and opportunities for advancement. Over three-quarters of a million have enlisted already. **MAKE IT A MILLION!** Get all the facts at your nearest U. S. Army Camp or Post, or U. S. Army Recruiting Station.

They are Tom Watson, Ed Larson and Colin English.  
While no one has committed himself, it is my guess that two will be in the starting line-up—Colin English and Tom Watson. Ed Larson is receiving a lot of encouragement and may decide to try. I would say that Tom Watson has the edge as far as vote-getting is concerned. He is aggressive, a fighter and plenty colorful as a campaigner.  
Then we must not overlook Dan McCarty. Dan is another probable starter and with his statewide contacts he could not be discounted. It wouldn't surprise me to see as many candidates in the next election as we had in the Cone campaign and whoever wins will know he has been in a race.

**US TO BUYS LANDS FOR— IRRIGATION DEVELOPMENT**  
Uncle Sam, with \$2,000,000 earmarked to start purchasing the more than 1,000,000 arid acres in the Columbia Basin of Washington State, is rolling up his sleeves to dig irrigation ditches for his biggest land-settlement program yet.  
Resold at government-appraised prices, this land — to be irrigated by water stored behind Grand Coulee Dam — will provide the productive farms for which veterans and displaced war workers clamor. Congress has allowed almost \$19,000,000 for the Bureau of Reclamation's work on the project this year. Ultimately 17,000 families will find new farm homes in an area about the size of Delaware.

Those who contend that nobody but a returned veteran will have a chance in future elections are assuming that all ex-service men and women will vote only for those who saw service in World War II. It is the writer's belief that while being a returned veteran will be helpful, it is not sufficient qualification to insure election. The veterans' vote will not go as a solid block any more than Labor, the Baptists or other groups do. Elections in Florida, Georgia and other places held recently prove that. This also holds true of the Negro vote. While a few Negroes may be influenced by this or that group, the large percentage of Negroes who do go to the polls will vote independently and for the candidate they consider best qualified for the office, just as a large percentage of all voters do.  
But getting back to the gubernatorial outlook, the addition of the names of Smathers, Holt and Sebring to those already mentioned and considered possible candidates give us a lengthy field. Fuller Warren, of course, is a certainty, in fact he has never stopped running.  
Three cabinet members are toying with the idea and it goes without saying that if they can be made to believe that they have a Chinaman's chance, they'll be in there running their heads off.

**SOME ONES THE PROOFREADER MISSED**  
The world's oldest chorus girl is said to be Mme. M— S—, 701 year old member of the Metropolitan Opera Company cast. . . The Junior Ladies Aid will serve an oyster at the church Saturday evening. . .
