## LEGION SPONSORS GET OUT VOTE DRIVE TUESDAY

### PRECINCTS TO BE MANNED; TWO GABLES MEN LISTED ON BALLOT

Members of Coral Gables Post 98, American Legion, launched a drive today to get out the vote for Tuesday's election and to prevent a recurrence of the apathy shown during the two previous elections this year.

Under the chairmanship of Larry G. Ropes, the Legionnaires have formed an organization to man the various Gables polling places to insure the fact that freeholders vote on the county bond issues up for approval.

The Legion will also provide transportation to and from the polls and any Gables citizens wishing to be taken to vote may call the Legion Home (4-4065) and a car will be dispatched.

Legionnaires, and the various Gables precincts they will man, include F. H. Fischer, 59; F. E. Henry, 60; A. F. Knibichly, 79; F. V. Tomkins, 80; E. W. Winegar, 81; Lee Russel, 82; W. H. Keefe, 83.

Local voting machines will list candidates for the offices of U. S. Senator, representative, justice of the state supreme court, state comptroller, railroad commissioner, state representative, county purchasing agent, county commissioner, school board and commissioner of the Florida inland navigation district.

Republican candidates are opposing Democrats in all but the supreme court, state comptroller, and navigation district posts.

Two Gables men are listed on the ballot. James Henderson is the Democratic candidate for school board in district three. He is opposed by Earl F. Coffin, a Republican. Duncan Held is seeking to oust Democrat Bill Joyce from the position of Dade County purchasing agent.

Six amendments to the state constitution are also listed for approval or rejection.

## 'Canes Make Philly Debut This Evening

The University of Miami's Hurricanes make their first Eastern appearance in 10 years tonight when they tackle the Villanova Wildcats in Philadelphia's Shibe Park.

Coach Jack Harding predicted a tough session for his University of Miami gridgers as they boarded the train Wednesday evening for the Quaker City. Forty-one squad members made the trip.

Despite the fact that they have lost three of the seven games they have played, the Wildcats are acknowledged to be one of the better eleven of the East, and betting was one point in favor of Villanova yesterday.

All of the Hurricane players are reported to be in top condition with the possible exception of Bulldog Frantz who hurt his knee earlier in the week during a scrimmage session. He is expected to see limited service this evening.

Thirty thousand fans are expected to flock to Shibe Park to see the encounter.

## O. B. Sutton Will Head Kiwanis

### Other Officers Are Named On Tuesday

Justice of the Peace O. B. Sutton was named president of the Coral Gables Kiwanis Club in balloting which took place at the luncheon meeting, Tuesday, at the Country Club of Coral Gables.

Denis V. Renuart was elected first vice president and Dr. Chas. R. Foster, second vice president. Sutton, who will succeed Frank N. Holley, Jr., on January 1, served the club during the year as its first vice president.

Elected to the board of directors were Frank Hoover, Leroy J. Boope, Andrew N. Houston, Dr. Arthur H. Weiland, Shelby Gaskin, Byron Sperow and Walker McGough. Gaskin, Sperow and McGough serve for one year, while the others serve for two.

Guest speakers for the occasion were Senator Spessard L. Holland and Representative-nominee Geo. Smathers, both Kiwanians. Senator Holland told the club that veterans in Florida Universities are making grades above the average of non-veterans. He said that only seven-tenths of one percent of veterans failed while the average among non-vets was 30 percent.

He also stressed the importance of aviation as a link between Miami and Latin America, and said that Puerto Rico, now four hours by air, is looking toward Florida senators and congressmen for representation.

C. W. Peters also spoke briefly on the coming Community Chest Drive. Wendell Sumner was in charge of the program.

## Sale of Apartments Is Announced

The sale of four furnished apartments on Sidonia and Santillane Avenues in Coral Gables by Louis Merwitzer, Miami builder, for \$131,100 has been announced by the M. Giller Co., Miami and Miami Beach brokers and developers.

Merwitzer, formerly of Pittsburgh, Pa., reports that the properties were sold eight days after they were listed with the Giller organization. He plans to build three more similar structures in Coral Gables at an early date, he says.

Each of the apartments are furnished and four of them contain four two-bedroom units, while the other has four single bedroom units. They were built primarily for navy personnel housing during the war and were built according to navy specifications, having hardwood floors, and the best of utilities and fixtures.

Purchasers of the properties were Robert Rodenberg, co-owner of the Nikko Sightseeing Co., Miami Beach, who acquired the building at 15 Sidonia; William D. Sullivan of Surfside, who bought the building at 20 Santillane.

Steve S. Stauridis and Aristidimos P. Kineklis, both of 775 N. W. 13th Ave., Miami, acquired the apartments at 19 and 31 Santillane.

## Park Meter Fines to Be Increased Soon

An increase from 50 cents to \$1 for parking meter fines will go into effect within the near future, it was announced yesterday by W. G. Kimbrough, director of public safety.

The city ordinance as passed by the commission calls for a maximum of \$1 on these meter fines. A revenue of \$25 was collected for the 50 meter violators of the past week.

MRS. FRANK N. HOLLEY, JR., inspects one of the first copies of her new book "Blood on the Beach," which goes on sale today.

## Helen Holley's New Novel Makes Bow Here Today

### 'BLOOD ON THE BEACH' IS MURDER MYSTERY THRILLER

A "local talent makes good" story is right in order for Mrs. Frank N. Holley, Jr., whose new book, "Blood on the Beach," came out today.

For a number of years Mrs. Holley has written articles and short stories for leading national publications, but this is her first full length mystery. The book was published by Mystery House of New York City.

The story of Madam Teresa Venable, called Miss Tessie; three strange deaths, an astonishing will and a poisoning are combined by Mrs. Holley into this new thriller, which has Miami Beach as its setting. Treatment of the Miami Beach detective as a typical "Georgia Cracker" is skillfully done even though Mrs. Holley is originally from the north—Marysville, Ohio.

An autographing party will be given soon for Mrs. Holley by a Miami department store. Copies of "Blood on the Beach" will be available in all leading bookstores.

## Rotarians Schedule Art Demonstration

Jean Jaques Pfister, well-known Coral Gables artist, will address the Coral Gables Rotary Club at its meeting today at the Country Club of Coral Gables.

Pfister will discuss painting in oils and at the same time illustrate his points by painting an actual picture for the Rotarians. Lloyd Parks is program chairman.

## Two Fined For Reckless Driving Here

Burton Belenky, 20, 425 West 25th Street, was fined \$14.50 Monday for reckless driving and causing an accident.

Also for reckless driving Charles Brown, 21, 2178 N.W. 13th Terrace, had his driver's license suspended for 90 days.

Ten minor accidents occurred in the city during the past week.

## James Oliver to Head Art, Photo Departments

Plans for the addition of art and photography departments to the Coral Gables Riviera were revealed today by Albert E. Harum, publisher.

In charge of the two new departments will be James Oliver, who will join the staff on November 11. A complete darkroom and art department will be constructed in the Riviera plant at 300 Avenue Aragon.

Oliver received his art training at the Ringling School of Fine Arts in Sarasota, Florida, and at the New York School of Fine and Industrial Arts.

While in art school he won first prize in commercial art and design at the Society of the Four Arts, Palm Beach, in competition with students from art schools, colleges, universities and high schools throughout the state.

Prior to the war he served as art director for Mark Byron, Inc., Advertising Agency.

Following the outbreak of hostilities, Oliver joined the Navy and

## Galaxy of Tennis Stars to Play In Rotary Sponsored Show Here

Coral Gableites will be treated to one of the best tennis exhibitions of the year on Wednesday evening when the Coral Gables Rotary Club stages a farewell performance for Gardner Mulloy, prior to his leaving for the Davis Cup matches in Australia. All proceeds for the event will go to the Coral Gables War Memorial Youth Center. The event, which will begin at 8 p.m., will be staged in the University of Miami tennis stadium on Avenue Andalusia.

Exhibition tennis matches scheduled for the evening include a singles match between Barbara Scofield, Western Champion from San Francisco and Bruce Johnson. This is Miss Scofield's first public appearance in Florida. Mulloy will make his first appearance in a singles match with Buddy Behrens of Fort Lauderdale, the Southeastern Amateur Champion. He is also teamed with Betty Ruth Hulbert in a mixed doubles match with Doris Hart, Woman's Eastern Intercollegiate champion and her brother, Bud Hart.

The matches will be augmented by music by the University of Miami Band, and an exhibition of baton twirling by University Majorette Nan Wickwire and Ralph Woodmansee, Youth Center baton twirler, and drum major of the Ponce de Leon High School band.

Another feature of the evening will be the presentation of farewell gifts to Mulloy, prior to his departure to Australia.

Youth Center members, especially trained by Coach Mercer Beasley of the University tennis team, will act as ball boys and ball girls. They include Ted Rose, John Eullette, Sam Lee, Henry Lyden, Paul Wilhelm, Ward O'Connell, Virginia Woolley, John Phillips, Patsy Gaudier and John DeNoon.

Tickets will be \$1.50 for adults boxes, seating ten each, are available at \$25.

## Scholarship Is Offered To Gableites

Three scholarships similar to that won last year by Donald Lee Brown, Ponce de Leon graduate who has entered the Massachusetts Institute of Technology, are to be awarded in April to three Florida students by the Pepsi-Cola Scholarship Board on the basis of special aptitude tests.

For the third consecutive year, high school seniors throughout the country are being invited to participate in the nation-wide competition for the 121 liberal four-year college scholarships being offered.

Special aptitude tests, prepared and scored by a special examining board, will be given in each of the participating schools on Friday, February 14. Winners will be announced in April.

The Pepsi-Cola Scholarship Board is a group made up of prominent school administrators, college presidents, and university deans and professors. In its hands rests the organization and administration of the entire scholarship program. Floyd W. Reeves, professor of administration of the University of Chicago, is president of the board; and John M. Stalaker, Dean of Students of Stanford University, is director of the program.

## Gra-Y Clubs Are Started In Gables

Organization of a Gra-Y program in the Elementary School got under way this week under the sponsorship of the Hi-Y club at Ponce de Leon High School.

Three clubs were organized in the 5th and 6th grade groups. They have been named the Black Panthers, Tornados and the Sabertooth Tigers. They will be led by Rod Gaines, Ray Williams and Dave Pippingier, all members of the Ponce Hi-Y Club.

The groups will meet on Wednesday afternoons, after school. Inter-club football games are planned.

## Local Air Mail Use Shows Sharp Increase

Postmaster Hugh P. Emerson reports that as a result of the reduced rates of postage on domestic air mail, there has been a considerable increase in the sale of the new 5-cent air mail stamps. He also states that the citizens, business firms and organizations of Greater Miami have responded in a most encouraging manner to the many requests for cooperation in the celebration this week of "Air Mail Week."

One of the most unique, as well as the most popular of the features of the air mail campaign has been "Charlie Mailbox." Charlie is a talking mail box stationed in the lobby of the Miami postoffice. Charlie's "commentator" sits at his desk in another part of the building and answers all questions concerning patrons' mail problems. When questions are slow, he "speils" for air mail. Credit for this unique innovation goes to a resident of Coral Gables, J. M. Coker, 3702 Segovia street. Coker is an engineer with the Southern Bell Telephone Co. He responded to the Miami Post Office publicity committee's call for suggestions in publicizing Air Mail Week, and provided the "ears" and "vocal cords" for Charlie Mailbox.

## Gableites Taking Lead In Aviation Country Club

Three Gableites figure prominently in plans, announced this week, for the establishment of a \$150,000 country club for airline employees and their families, which will be located in Miami Springs.

William H. Mitchell, 1254 Avenue Andalusia, is listed as vice president of the club, while Frank H. Evans, 2510 Alhambra Circle is secretary and treasurer. Arrio Pardee, 2512 Alhambra Circle, is a member of the board of directors. Arden J. Brake is president of the organization, which has been named the "Sky Haven Country Club."

Dean Russell A. Rasco of the University of Miami law school, represented the new club at the meeting of the Miami Springs city council last week and asked that a license be issued for the club.

The club has purchased the Ford estate on Hunting Lodge Drive, and it is proposed to purchase adjoining property to provide a total of approximately six acres.

The club will include a dining room, bar and cocktail lounge, tennis courts and a swimming pool.

President Brake has pointed out that the club will fill a long-felt need for the area's aviation fraternity, and stated that Greater Miami had missed many opportunities to play host to aviation groups because of the absence of a club of this kind.

It will provide a headquarters for the aviation industry in the Miami area.

## Legion Auxiliary Initiation

American Legion Auxiliary, Coral Gables Unit 98, will have initiation at 8 p.m. November 6th. All new members are asked to be present. Mrs. R. Wickard and her committee are in charge of refreshments.

Other speakers in the science section will be Dr. L. L. Williams, Jr., on November 4; Dr. J. J. Ochs, November 6, and Dr. Lydia J. Roberts, on Nov. 7. All lectures will be given at 8:15 p.m. in the north campus theater.

Tickets are on sale in the University Symphony office, Amidon's Music stores, Cordelia's Book store, Gulfstream Appliances, Inc., and the Miami Beach Radio shop.

## Beckman, Ward Will Address Parole Board

Ed Beckman and Betty Ward, directors of the Coral Gables War Memorial Youth Center, will journey to Fort Lauderdale on Monday where they will address the convention of the State Parole Board.

Beckman and Miss Ward will represent South Florida recreation interests and will speak on combating juvenile delinquency through youth centers.

J. Edgar Hoover, director of the Federal Bureau of Investigation, will be the principal speaker.

## Shock Teams Working On Business

### Women Plan Report Party On Monday

Decision to extend the drive for the Coral Gables War Memorial Youth Center to November 7 was announced this week by Harry W. Morgenthaler, president of the Youth Center, and Paul H. Brinson, drive chairman.

The leaders reported that the drive was nearing the \$37,500 mark last evening and that the total was expected to be reached today.

Twenty "clean-up teams," termed the shock troops of the drive, went to work in the business area yesterday and will continue making contacts today. They are contacting merchants who have not been approached by regular workers.

An additional total, expected to send the drive nearer to its \$75,000 goal, is expected at 10 a.m. on Monday when the woman's division will stage a report meeting and Coca-Cola party at the Youth Center.

A small contribution towards the success of the drive was made last night at the Halloween party staged for the youngster members at the Youth Center. Prior to the party, the "teen-agers" roamed through the Gables in costumes demanding the traditional "trick or treat." All monies received were turned into the drive fund. A five-year membership was awarded for the most money turned in, a three-year membership for second place and one-year membership for third place.

In addition, prizes were given for the prettiest, funniest and most novel costumes at the party.

## Will Study Pre-fab Houses For Veterans

The possibilities of using prefabricated housing to help solve the problems of Gables veterans will be discussed by the Veterans Housing Committee of the Coral Gables Post 98, American Legion, at its meeting on Monday evening.

Arthur Brigham, who has just returned from a trip to the north, where he investigated the possibilities of using prefabricated homes in this area, will present his report to the committee.

The plan of action decided upon by the committee will be presented to the post at its meeting next Wednesday.

### Realtors To Meet

The regular Tuesday meeting of the Board of Realtors will be held November 5 in the directors' room of the Coral Gables Federal Savings and Loan Association at 7:30 p. m., announced Paul Mickler, president.

## Poorman Tackles Problems Of Rising City Costs

By RITA ZARET

Edwin Poorman, newly appointed city finance director, is a man on a sea-saw!

Faced with the problem of increasing costs which ultimately bring about increased fees, Poorman has a full-time job trying to keep municipal government abreast of the growth of the town. "Though the overall cost will grow with the growth of the city, it is my hope that per capita cost will diminish somewhat within time," he said.

"There can be no question but that Coral Gables is a booming city, and while prosperity may slow down—which I hope it does because it's a little too wild right now—the going will still be good for a long time to come, in my opinion."

One of the first changes that Poorman administered was the

new city license ordinance which went into effect October 1. Aimed at equalizing inequities in license fees, decreasing the classifications of licenses, and changing some regulations, Poorman said that the revamping process was considerably less trouble than he had thought it would be and that good progress was being made. "Of course, there are still some bugs in the new ordinance, but we hope to be able to iron them out," he commented.

#### Episcopal

The Young Peoples' Service League of St. Philip's Episcopal church will leave Coral Gables on Saturday morning to attend the meeting of the young peoples groups of the Eastern Deanery at Key West, Fla. This meeting brings together representatives of all the young peoples groups from West Palm Beach to Key West. The meeting will open with registration at 3 p. m. Saturday afternoon. The afternoon will be given over to recreation and sight-seeing. At 8 p. m. Saturday evening there will be a formal Banquet and dance. The young people will attend a corporate Communion at St. Paul's church on Sunday morning. The business session of the Deanery Meeting will be held at 2 p. m. Sunday afternoon at which time new officers will be elected, the Deanery Adult Counsellor and Chaplain chosen, and the program of the young people of the Diocese of South Florida for the coming year will be presented.

#### Baptist

There is a place for every member of the family at the Sunday school of the University Baptist church at 9:45 a. m. A supervised nursery is kept during the Sunday school and morning worship service. The pastor, Dr. Ladislau Biro, will bring the third in his series on "The Arch Enemy of Man." His topic for this Sunday will be "Render Unto the Devil That Which Belong To the Devil." The ordinance of the Lord's Sup-

### Ground Broken For Lutheran Church Here

Ground was broken this past week for the construction of the first unit of the St. James Evangelical Lutheran Church of Coral Gables. This first unit of construction will consist of a chapel, having a seating capacity for 300 people and five Sunday school rooms. The chapel will be erected on Phoenicia avenue, between Ponce de Leon boulevard and Galiano

street. As soon as building conditions improve the congregation plans to erect its main church building, facing the Antilla Hotel, on East Ponce de Leon Blvd. Robert Fitch Smith designed the structure.

St. James has enjoyed a steady growth since its organization in April, 1945. Although work hadn't started until October of the same year, when the Rev. Mr. Sutorius was installed, the congregation numbered 100, with a communicant membership of 61.

At present services are being held in the auditorium of the Coral Gables Elementary School, where they intend to remain until construction on their present site is completed. The congregation formerly occupied the Music Work Shop of the University of Miami, until the building and expansion program demanded the return of the facilities.

#### Episcopal

Next Sunday services at St. Philip's will be observed as within the Octave of All Saints Day with special music and sermon. Holy Communion will be celebrated at 8 and 11 a. m. with church school at 9 a. m. Dr. Christopher Sparling's sermon subject "Soul's of the Righteous."

#### Lutheran

Divine worship will be held Sunday morning at 11 o'clock in the auditorium of the Coral Gables Elementary school, Ponce de Leon Boulevard at Mirera. Rev. C. J. Sutorius, the pastor, will preach on the subject "The Cure For Aching Hearts."

We urge you to bring your children to receive a thorough Christian education, the one thing that is needful.

The Confirmation Class will meet at the parsonage on Friday afternoon at 4 o'clock.

The regular meeting of the church council will be held Monday evening at 8 o'clock at the parsonage. (Church News Con'd on Page 3)

### We Believe in Keeping Them Smiling on the Job!

You've all seen that grin of Milo Parker's before — and if you're one of the "regulars" here at Parks Motors, you'll know that it was not assumed just for that picture! In fact, people have commented, time and again, on the fact that ALL of the boys here at Parks seem to have been born with a smile — and they've told us how much THEY enjoy being served by a man who seems to enjoy his work so much.

We get rather puffed up with pride when people tell us things like that, Charlie . . . for it shows us that our customers really appreciate the boys who "do the job" for them — and because we know that, we also know that you'll back us up in holding to the policies that keep our boys that way. It has been the custom for a good many years, for most service stations and auto repair shops to keep open for business DAY AND NIGHT — SEVEN DAYS A WEEK — and altho some businesses did away with that practice during the war years, we've noticed that once more they're getting back to that SLAVE-DRIVING method of doing business.

That may sound like an exaggeration, Charlie — but when you consider the men who do the work, those boys really mean SLAVE-DRIVING — and that's why Parks Motors service DOES NOT BELIEVE IN KEEPING OPEN FOR BUSINESS AT ALL HOURS.

We feel that the boys who work for us deserve every break that they can get — they enjoy THEIR leisure time just as much as you do, Charlie — and because they GET THAT LEISURE here at Parks is the main reason why they "keep smiling" on the job. Knowing that they can quit at regular hours each day — and having a Saturday afternoon and Sunday to spend with their families, means that they are going to give you just that much BETTER SERVICE DURING THE HOURS THAT THEY ARE ON THE JOB!

We KNOW that you'll be only too glad to co-operate with us in maintaining our policy of "giving the boys a break" — and you'll be more than repaid for YOUR part in this plan by the cheerful service you'll always get at Parks.

So how about it Charlie! Why not make it a habit EVERYWHERE to get your gas BEFORE 6 P.M. — and surely you can remember to "fill 'er up" on Saturday morning for your week-end!

## University Canterbury Club to Meet

The first meeting of the Canterbury Club of the University of Miami will be held on Wednesday evening, November 6, at 6:30 p. m. in the Card Room of San Sebastian Dormitory, University Drive. This meeting will bring together all those students and members of the University Community with a common interest in the Episcopal Church. A cordial welcome is extended especially to all new students and faculty to attend this reception. The purpose of this meeting is to provide a means for the Episcopal students and members of the University Community to become acquainted with one another and the work of the Canterbury Club at the University. It will be a dessert meeting.

## Presbyterian

Dr. Nevin H. Schaaf, pastor of First Presbyterian Church of Coral

Gables, will speak on the Restoration Fund during morning worship service, 11 o'clock, November 3. Reports from China show that church buildings have been destroyed and many church institutions have been looted or are in ruins. In view of the needs of Protestant churches, hospitals and schools in all war-torn areas, the churches of America have pledged \$27,000,000 for the restoration of these facilities. November 3 has been designated by the Presbyterian, USA, General Assembly as "Restoration Fund Sunday" to present the needs for prompt response in making this fund available. Beatrice Hunt, choir director, will present the anthem, "Lord of Our Life" (Howard) and Verdi's "Praise Ye" will be sung by a trio composed of Marion McCreedy, soprano; Carroll Smith, tenor, and Nicholas Shipke, bass baritone. Warner Hardman, organist, will play "Cavatina" (Raff) and "Allegro Moderato" (Vincent).

## Christian Science

"Everlasting Punishment" is the subject of the lesson-sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, November 3. The Golden Text is: "The Lord is known by the judgment which he executeth: the wicked is snared in the work of his own hands" (Psalms 9:16).  
Among the citations which comprise the lesson-sermon is the following from the Bible: "Cast away from you all your transgressions whereby ye have transgressed; and make you a new heart and a new spirit; for I have no pleasure in

the death of him that dieth, saith the Lord God: wherefore turn yourselves, and live ye" (Ezekiel 18:31 to 32).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In trying to undo the errors of sense one must pay, fully and fairly the utmost farthing, until all error is finally brought into subjection to Truth. The divine method of paying sin's wages involves unwinding one's snarls, and learning from experience how to divide between sense and Soul" (p. 240:27-32).

## Poorman Tackles Cost Rises

(Continued from Page One)  
Poorman attended the University of Michigan where he got his law degree. After practicing in Chicago and Chicago Heights for about 10 years, he joined the FBI for five years during the war. Poorman was transferred to the FBI office here three years ago. "That's when my wife and I decided that this is the best town there is and where we'd like to settle. Fortunately, I got the chance to do just that."

The father of two youngsters, a boy and a girl, Poorman says, "I guess my wife is the most important part of the family." Recreation hasn't had much of a place in Poorman's life the past

five years, but he's looking forward to the days when he can give his fishing rod a good workout. In the meantime, he's busy holding onto the city's purse strings, but he "likes it."

SUBSCRIPTION RATES—Six months, \$2.00; One year, local \$3.00; One year, out-of-town, \$3.75. Entered as Second Class Matter May 21, 1926, at the Post Office at Miami, Fla., under the Act of March 3, 1957.

Vote Tuesday
Coral Gables voters face another important election on Tuesday. Not only will it be the first election when a second party is making a serious bid for recognition, but the electorate will be asked to decide several other important matters.

Time for Action
While a lot of letters have been written, and a lot of words been said, the low-flying aircraft continue to rattle Gables windows and disturb the peace of mind of hundreds of our residents.

Lines That Rhyme...
SILENCE
Silence—drifting noisily by so apt to sneer.

Industry will continue a seed bed for world revolution unless and until it becomes a force for world renaissance.

Nations which have long known the value of coal may now begin to learn the value of miners.

Time goes faster if you watch your work and not the clock.

"Made in U.S.A."—is that just an advertisement—or a guarantee?

It is far easier to despair generally than to change specifically.

Industry will either be the cradle or the grave of post-war democracy.

OUR TOWN

Scene Stolen

By Jim Moore

Some 500 managers of Chambers of Commerce from all over the country looked our town over this week and gave it an enthusiastic stamp of approval.

As a matter of fact, the city and the Chamber of Commerce did a neat bit of scene stealing, and I believe that the visitors will remember Coral Gables a lot more favorably than they will Miami, or Miami Beach.

Coral Gables welcomed the delegates with a reception and barbecue at the Country Club of Coral Gables. Actually, Coral Gables gave the reception while Miami sponsored the barbecue. But from the comments I have heard from the visitors since that time, our town got all the credit.

Last week's Riviera was replated with a special front page that screamed "Coral Gables Welcomes NACOS" in big black letters. NACOS is the short name for the National Association of Commercial Organization Secretaries.

Mr. Catts was quite surprised to see the picture, because he had never posed for it. It was made a week before he got to town with yours truly standing in for the president.

All of the delegates received a copy of the paper with a 21st Anniversary Supplement inserted. The next day, at the hotel, they were asking for more. So you can be sure that they took them back to their respective communities where others will read of Coral Gables.

Paul W. Williams, the vice president, who is managing director of the Dayton, Ohio Chamber of Commerce, is so impressed with Coral Gables that he is purchasing property on Avenue Garcia and plans to live here permanently some day.

It just goes to show what we can do to make conventions "Coral Gables conscious" even though we don't have facilities at present to house such a convention.

Coral Gables' part was well planned and well executed. The Chamber of Commerce is to be congratulated.

Gables Hairdresser Receives Eight More Awards for Heroism in Pacific

Probably the last place in the world you would look for a Navy fighter pilot would be in milady's beauty salon! But that's where you can find Lieut. Bill Kingston, Jr., USNR.

Lieutenant Kingston stood at attention while Captain M. F. Leslie, commanding officer of the Air Reserve Unit, read the citations accompanying the medals. The first DFC citation was for shooting down three Jap planes while on a search mission for a Japanese task force.

The fourth Air Medal was for shooting down an enemy aircraft in the vicinity of the island of Okinawa on April 29, 1945. The other awards are in recognition of his meritorious acts while participating in aerial flights in the Pacific during which he inflicted extensive damage to enemy airfields and installations.

Soviet Views U. S. Jobless
An article in Pravda said unemployment was growing steadily in the United States and that only the maintenance of a large military establishment by the U. S. government had succeeded in temporarily checking a further growth.

Buffalo Shuffle Off
Hudson, Wis.—Charles A. Ward, owner of the Quality Park Farms, said he would ship virtually his entire herd of 30 buffalo to slaughter in an effort to relieve the meat shortage.

It Says Here

Senator Spessard Holland and George Smathers dropped into the office for a chat on Tuesday, after they had spoken at the Kiwanis Club meeting. The Senator told us that Coral Gables is the only Florida town in which he gets lost.

We don't know how the WCTU would interpret this, but the opening of a bar saved a man's life in Coral Gables last week. The Elks opened the bar in their new building on Thursday afternoon, and several of the brothers were sitting around trying it out.

We just remembered something else about Senator Holland. He carries a package of Tums. No wonder, when you consider all the banquets and luncheons he has to attend... Henry Briggs is busy working on some plans for American Legion sponsored boxing shows in Coral Gables...

Larry Larson's new map will be out shortly now... Pete Gascoyne, who has gone into the lumber business for himself, donated the wood to finish the new boxing ring at the Youth Center...

In the Editor's Mail
As a new resident may I protest at lack of mosquito control (as in Miami) because in six months I have lived next to a large pile of open oil cans, which you know breed in water contained after rains and no effort seems to be made by "trash" men to clear real trash.

Editor, The Riviera:
Upon reading of the "It Says Here" column in the Friday, October 18th edition, I most heartily, as well as my buddies, appreciate your defense of the GI student.

If it were not for the thoughtfulness of many Gableites, many of us would be unable to continue with our education. We who have lived in fox holes, over crowded barracks, or cramped quarters aboard ship want to express our sincere gratitude to you and those public-spirited home owners who have given us this chance to be comfortable while attending the University.

If the necessity arises, I will be glad to get up a petition against the ouster of GI students whether or not zoning laws permit. I feel sure that the "Gableites" will, for the most part, back us up.

Again, thank you for your stand in this matter. Sincerely, MIKE O'BRIEN, University of Miami.

**TILES AND TREASURE SHIPS**

When you drive through the Douglas Entrance into Coral Gables, or out Coral Way to the City Hall, take a look at the mellow, multi-colored roof tiles on these two edifices. Those tiles are hand-made, moulded over the thighs of workmen, and brought to the Caribbean Islands in the 16th century as ballast in treasure ships.

Perhaps it was Orellano who brought them in 1549. He was one of a group of adventurers who set out for the mythical Eldorado, land of gold and jewels. Whether it was Orellano or one of the other parties, some fortune hunters dumped them on the islands of the West Indies to make space for untold treasure they expected to take back to Spain.

Priests on the islands salvaged the tiles and used them to put roofs on their missions and monasteries. They were excellent protection from the baking sun and torrential rains, but as centuries passed the walls of the missions fell and heaps of tiles were again left to be re-discovered.

Architectural treasure hunters found them still there in the 20th century, and they were again loaded on ships, but this time they came to Florida as treasure, not ballast.

There are imitations of these 16th century tiles on many of the buildings in Coral Gables, but skillful artisans in Florida and in the Old World have failed to duplicate them in blended colors and strength. These secrets of production were carefully guarded by the master of the Spanish tile yard and apparently died with him.

The Douglas Entrance, the City Hall—these are only two of the early structures roofed with hand-made tiles. See if you can recognize the others. There's a difference. These roofs, like rare old Oriental rugs, are priceless.

**Make Sure GI Overseas Gets His Xmas Package**

There's no point in sending your Coral Gables GI overseas a Christmas parcel unless you are reasonably sure he'll get it, says Major George F. Heinz, Postal Officer, Seventh Army, and he tells you how to do your part to speed delivery.

He asks that these instructions be followed: Don't use a gummed sticker for the address. It might get damp and slip off the package. Print his full name, rank or grade, serial number and APO number on the paper in which you have securely wrapped the package. Print your name and return address in the upper left corner.

Here's a new one: List the contents of the package, together with your name and return address and the full name, rank or grade, serial number and APO number of the addressee, on a sheet of paper and insert it inside the package before wrapping. Reasons: Packages may break open. If so, postal authorities can check contents, rewrap the package, readdress it and continue it on its way.

Gifts should be packed in a strong box with plenty of cushioning inside to keep contents from rattling around. Use heavy wrapping paper and heavy cord. Perishables, inflammables, poisons or intoxicants are not permitted and fragile parcels will not be accepted. Mark the package "Christmas Gift Parcel."

Select your gifts wisely. He gets food and clothing and can buy a lot of common items at his Post Exchange. Electrical appliances sent to Europe may be useless, as much of the continent's electrical output is of a different voltage than in the U.S. and it may be direct current instead of alternating.

You can send a package weighing up to 70 pounds and the combined length and girth must measure no more than 100 inches.

# When the Mail Arrives Beauchamp's Worries Begin

By MARGARET BLUE

Some folks worry when they don't receive any mail but John L. Beauchamp's worries begin when the mail arrives. You see, Beauchamp is the newly-appointed superintendent of the Coral Gables post office, succeeding A. L. McLain, who returned to his former home in Georgia.

"At present our space is inadequate for the amount of mail we have to handle," stated Beauchamp, "but I believe service will show a definite improvement when the new post office is built. The financial department is especially cramped for additional space.

"The volume of Christmas rush seems to be starting early this year," he continued, "but the biggest change, noticeable in all post offices, is the increase in airmail letters since the postage has been reduced to five cents."

Coming to Miami "for the season" 25 years ago from a small town in West Florida, Beauchamp started to work at the Miami post office within a week after his arrival. He served at the Coconut Grove branch 20 years prior to his present appointment in Coral Gables.

Beauchamp did take time out from his work to fall in love and marry a fellow employee. They celebrated their eleventh anniversary last month. Since Mrs. Beauchamp is Spanish, their two sons speak English and Spanish equally well.

"Our 7-year-old boy, Johnny, Jr., fortunately is dark and good looking like his mother; our 2-year-old boy, Billy—well he looks like me except for his red hair," said Beauchamp.

Sports hold a special appeal to Beauchamp and he boasts that he never misses a game in the stadium. Though he is still a newcomer to the Gables post office, Beauchamp has already impressed employees with his keen sense of humor and polite manner.

In a bad year, forest fire destruction in the U. S. totals 200 million dollars.

## Potato Use In Florida Is Advocated

Florida housewives can help the farmer and please their families at the same time by serving a few extra potatoes this week instead of some of the wheat and corn products commonly served to fill out the daily menu, says Mrs. Vera Walker, state Board of Health nutritionist. Too long has this "health-giving" food been neglected because of a misguided belief that it is fattening.

Actually, the nutritionist points out, the modest amount of calories in potatoes are good quality calories, accompanied by vitamins and minerals which are not fattening. An average serving of potato has no more calories than an apple or a banana, and "we need some calories anyway, especially children and the more active adults."

Right now potatoes are on the market in another bumper crop, 20 million bushels larger than last year's record crop, and 67 million bushels more than the Department of Agriculture's goal.

For some tasty and nourishing potato dishes, Mrs. Walker suggests potatoes combined with milk or cheese for a main dish, potato soup and potatoes and milk gravy (make the gravy with a bouillon cube or with peanut butter or scallion potatoes with cheese. You may be able to overlook the meat you don't have, and the milk will provide some good quality protein to help take its place nutritionally. Left-over mashed potatoes mixed with beaten eggs and baked as potato puff is another good dish.

## Aquarium and Auditorium To Be Self-Liquidating

The aquarium and auditorium, the two largest items to be voted on in the county bond election on Nov. 5—totaling \$3,250,000 of the entire issue of \$4,050,000—will be self-liquidating and revenue producing. A. D. Barnes, director of county parks emphasized this week as the county's campaign to get out the votes gained momentum.

The \$2,000,000 aquarium, to be located on county-owned property on Virginia Key, will not only be the largest in the world, but is designed to present the most dramatic living exhibit of marine life ever planned, and also serve as a definite aid to Dade county schools and to the fishing industry of South Florida.

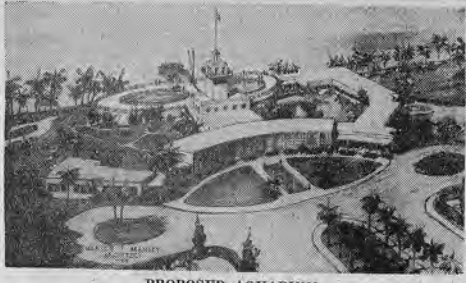

Members of the county commission when planning this aquarium, Barnes declared, had available extensive studies and reports made by Coverdale and Colpitts, consulting engineers, who made the traffic and revenue surveys for the purchasers of the revenue bonds for the Rickenbacker Causeway.

Based on these surveys, it has been estimated that 800,000 vehicles, or 2,000,000 persons will cross the causeway annually when it is completed to Virginia Key. Conservatives, reducing this figure to as low as 250,000 persons a year, see the aquarium, from a

small admission fee, paying operating expenses and retiring the bonds without cost to the taxpayers of the county.

A modern auditorium is an essential necessity for Dade county, Barnes said. This week the Miami Lions Club in its official publication endorsed all of the bond issues, with special reference to the \$1,250,000 bond issue for the auditorium. This expenditure will bring to Dade county many attractions which have by-passed this area in the past, and the project will be revenue producing from its restaurant and fees from entertainments and conventions.

The other bond issues to be presented to the freeholders will include \$500,000 to complete the central unit of the ocean-front park north of Baker's Haulover; \$200,000 for a storage warehouse, and \$100,000 for development of the county park east of Homestead on Biscayne Bay.

PROPOSED AQUARIUM

## Stall Allotments Completed At Tropical Park

The quality of the thoroughbreds which will be quartered at Tropical Park during the 40-day meeting scheduled to open Monday, Dec. 2, will be higher than ever, judging from the list of stall allotments recently completed. A pair of crack Western routers—American Derby winner Eternal Reward and Classic hero The Duke

—will head the colony, one which also will include the fleet filly, Jupiter Light; the clever stake winners, British Buddy, Bohanet, Westminster and Plebiscite; the sharp New England juveniles, Mel Eppley and Sile; and the Inaugural Handicap prospects Hydrant, Windmill, Trojan Fleet and Shiny Penny.

There will be more than 800 horses for Racing Secretary Dunne to call upon, right on the grounds, not counting the many at the two other local tracks. No 2-year-old racing at Tropical during 1947 meant no stalls for horses of that age, so the now-yearlings must look elsewhere for accommodations. A million dollars in prize money, of which \$105,000 is in stakes, should result in competition of the highest order from the very first day, an afternoon which will be highlighted by the running of the \$7,500 Inaugural Handicap. Chief

interest should be attracted by the \$30,000 Double Event, a stake run in two sections, with \$15,000 added to each. It is at one mile and a furlong, open to 3-year olds and upward. As had been promised, those who remained the longest at Tropical Park last spring were given preference in the awarding of stalls. And so, two of these men, plutocrat Merritt "Happy" Buxton and Baltimore's rotund Don Yates will have 25 horses each on the grounds, thus topping all other trainers numerically. One of the more formidable aggregations which will be quartered here is the Bobanet Stable of the Baltimorean Bruce Livie. The outfit, numbering 14 head, makes its initial winter campaign this season. The great majority of the combine are well above the general run. First arrivals of horses slated

for action here are due this week. The firm of Brosnan and Halley will move in half a dozen from Garden State Park, which closed the Jersey season on Saturday, while an even dozen will be unloaded from Chicago's Hawthorne track. Six of these are the property of O. L. Hopper and a like number are owned by John Bainton of Coral Gables. All are medium horses, judging from 1946 Northern records.

On Friday, Nov. 1, they will be eligible to start training over a track which has been resurfaced and graded during recent weeks. It will present a topsoil 21 inches in depth, a cushion which appears ample for even the weakest legged racers. By opening day, Monday, December 2, it should be in perfect shape.

### Lease Apartment

Mr. and Mrs. Whitmer Milner, who have recently leased an apartment at 729 Avenue Valencia, have as their house guest Miss Margaret Vollier of Smyrna, Ga. Mrs. Milner is the daughter of Mr. and Mrs. F. F. Crowley of 519 Avenue Sevilla. Mr. Milner is associated with Virgil Wright Franklin Life Insurance Co., and their son Whitmer, Jr., attends Ponce de Leon High school.

### Away Four Months

A trip through the middle west and a sojourn in Hollywood, Cal., was just a trip for Mrs. Louise Gross of 1252 Avenue Aquila, because after seeing all those places she still prefers Florida. Mrs. Gross visited her daughter in Philadelphia and was away four months.

# Home Gardenas to Benefit From Hydroponics Tests

By GENE STRUL

Calling all ye ole victory gardeners! Just those, of course, who have nearly broken their backs in a war time show of patriotism, attempting to reap a harvest of fruits and vegetables. No longer need the home farmer curse Florida's gravel, and sandy soil. The army has solved the problem of the gentlemen farmers—and now, rather than a general nuisance, gravel and sand has been transformed into an asset.

Under the direction of Corp. Godfrey E. Chaffin, and his civil service aide, Robert Luckhardt, both attached to the Quartermaster's Corps, an army hydroponics unit has been established at Pratt General Hospital. The research, and the training of men in the use of a substitute for farming soil of insufficient quality should prove valuable to local agriculturalists.

Troops and residents of Iwo Jima, Atkinson Field in New Guinea, and Ascension Island are also benefitting from these experimental stations. Non of these places are on direct supply lines, and also lack soil in which to grow vegetables.

Chaffin, who has worked with the army project for almost a year, has had three years nursery experience in California. He declared that it would be well for Dade county's farmers, as well as potential farmers to become acquainted with out-of-doors gravel culture.

"Construction of other units in Japan to be operated by the Japanese government, and staffed by American trained Japanese under the supervision of the United States Army, is just an idea of the satisfactory progress made in this field," continued the corporal. "Many people have inquired as

to what can be grown through the Hydroponics process. The best way to answer this, is to list the vegetables that have flourished here at Pratt General Hospital."

Chaffin pointed to records proving that tomatoes, cucumbers, peppers, lettuce, celery, corn, potatoes, eggplant, radishes, various types of melons, beans and cabbage have been grown through hydroponics.

"If water cross is desired, Dade farmers will find it possible to grow all that is wanted. Strawberries also do well. You see, the growth of food isn't limited by any means. You can grow what you wish."

While walking among the beds, cucumbers, wax and Kentucky Wonder beans, tomatoes, peppers, eggplant, celery and lettuce were apparently thriving in this remarkable process.

"The method is as follows," Chaffin pointed out, "the plants are placed in gravel, and loaded with a nutrient or chemical solution three or four times each day, allowing the solution to drain immediately, or stand in the beds about 30 minutes, but no longer. Good drainage is important. The solution clings to the particles of gravel or sand, which supports the plants, and holds the moisture for feeding the roots of the plants. The chemicals replace the necessary elements of the soil."

Chaffin added that hydroponics is the answer to the control of moisture. Rain can be drained off as it falls, and when there is no rainfall, the plants do not have

PERRY COMO and HARRY JAMES are just two of the favorites that appear in the swell musical 'If I'm Lucky,' opening at the Parkway Theatre today. Others you will be glad to see are Carmen Miranda, Vivian Blaine and Phil Silvers.

JAMES GLEASON is a smart cop and knows all the questions, but Peggy Ann Garner and Connie Marshall have the answers—and they're keeping them, in the laugh-riddled who-dun-it "Home Sweet Homicide" opening at the Grove Theatre Saturday night at 9:30 and playing through Tuesday.

## Army Restrictions On Newspapers Are Liberalized

If you want to send your soldier overseas The Riviera just go to the circulation department and enter his subscription, providing he has a permanent APO number.

A request from your GI for the paper, or any other second class matter, such as books or other publications, is no longer necessary, Major George F. Heinz, postal officer of the Seventh Army, stated today in explaining modifications or restrictions that have required a request from the addressee for specific publications. Book clubs may also accept orders for overseas Army personnel without requests from the soldier addressee.

Major Heinz pointed out that a permanent APO number contains

no more than four digits, whereas a temporary APO number contains five. Second-class printed matter, under the new ruling, may be sent only to permanent APO numbers.

### Buy Home on Aquila

Dr. and Mrs. Martin Mangels, Jr., and daughter Merrilee, four years old, have recently bought the home at 1220 Avenue Aquila and are among new comers from New York. Dr. Mangels is a surgeon with offices in the Ingraham Building, Miami. Merrilee attended Exmoor pre-school.

### Vacation At Lake Blair

Dr. and Mrs. Blair Madsen and son David, five months old, have just returned to their home, 1401 Le Jeune Road from Ocala, where they visited Mr. Madsen's parents, Mr. and Mrs. Elwood Madsen. They enjoyed fishing and resting most of the three weeks time at Lake Weir.

to suffer, for the solution is regularly pumped into the beds.

"We find," reported Chaffin, "that another good factor in plant growth is sterilization of soil or gravel before planting. This is easily and effectively carried out in hydroponic beds."

Producing flowers through the same method is more common today. Up to this time there has been little out-of-doors hydroponics growing of flowers, but greenhouse nutrient solution culture is widely used. Farmers will find an additional advantage in using hydroponics, in the fact that an easily balanced standard of

fertilization can be maintained in the solution.

Miss Helen Carpenter, administrative secretary to Luckhardt and Chaffin, was quick to point out that while the unit is operating out of Pratt General Hospital, they were in no way controlled by the hospital staff.

"We are delighted to have visitors see our garden," stated Miss Carpenter. "But be sure to call, and let us know when to expect you, for we are now in the midst of training a class of army personnel, and it would be impossible to take care of visitors during class hours."

Selections from "Madame Butterfly" and "Showboat" will be included in the Philharmonic concert scheduled for Tuesday, November 5, in the patio of the Club.

The orchestra of the Philharmonic Society of Greater Miami under the direction of Oliver Washburn will be co-starred with tenor Arturo Di Filippo in this operatic concert. This is the fifth in a series of informal concerts presented by the society.

Club members will miss having the regular Wednesday night dance on November 6, for the South Florida Medical Association is playing host to the Southern Medical Association, which is holding its convention here. This is the last scheduled entertainment for the convention members.

Here's the latest on the fashion shows. Mrs. J. Allen Brown, president of the women's executive board, announced that board members have approved the idea for the shows and plans are being formulated to present the first fashion luncheon shortly after December 1. Helen Lane Charn School models will wear clothes carried exclusively by Coral Gables merchants.

## Woman's Club Tea Monday Will Be Gala Affair

### Gablesgrams

By HELEN REYNOLDS, SOCIETY EDITOR

Observing her birthday anniversary and her last year in high school, Miss Joy Cobb will entertain at luncheon tomorrow at the Country Club of Coral Gables. Her guests will include most of the girls with whom she started in school in her elementary days. Nicknamed "Little Witch" by her family because her birthday falls on Hallowe'en, pretty Miss Cobb will wear a blue peplum dress trimmed in silver bars for her party; will have decorations of red and yellow flowers for her table. Invited are the Misses Johanna Parker, Jane Smith, Jerre Brigham, Juddy McIntyre, Joan Brown, Barbara Brown, Barbara Johnson, Harriet Quillian, Barbara Bayer, Ann Simpson, Kitty Pankey, Betty Newman, Martha Bents, Helen Stevens, Sue Adams, Louise Dobbs, Nancy Jackson, Beverly Duckett, Peggy Randall, Peggy Ott, Diana O'Brien, Eda Ann Bates, Jane Thomas, Joan Hunt, Renee Lipman, Frances Olney, Carolyn Cribben, Bertha Moore, Patricia Wilkins, Helen Giersch, Rhea Crafton, Gail Clinton, Elizabeth Denning, Florence Stewart, Susan Hardin, Pat West, Helen Johnson, Katherine Hardeman, Felicia Wells, Betty Jo Miller.

"JOY"

The goblins and the ghosts walked last night at Claire Whitehurst's Hallowe'en party for 20 of her intimate friends. Claire dressed as a gypsy introduced her featured guest a "grown up ghost" Herbert Brown, while Mrs. George Pawley told beautiful fortunes for everyone.

A note from Dewing Woodward telling us that "In recognition of National Art Week, Dewing Woodward has hung in her studio Groot Genoeg (which translated means 'big enough') a baker's dozen of her recent canvases and cordially invited her Coral Gables neighbors to visit this informal 'one-man-show' every afternoon from one to five." Dewing Woodward who lived for 20 years in the Gables now lives and has her studio at 3261 S. W. 23rd Street.

### BETTY BRONSON DILLING AND HARRY VAN RIPER PLAN MARRIAGE TODAY

Of interest here in South Florida and in North Carolina is the marriage of Betty Bronson Dilling, daughter of Dr. and Mrs. Reid R. Bronson of South Miami and Harry Van Riper of Weaverville, N. C.

The candlelight ceremony will take place at 7 o'clock today in the country home of the bride-elect's parents in the presence of the members of the two families and a few close friends. Dr. Nevin Schaff will officiate.

The bride, who will be given in marriage by her father, will wear a semi-tailored cocoa brown gabardine suit with gold accessories and will carry a bouquet of yellow chrysanthemums. Mrs. George Hirsh will be her matron of honor and will wear a suit of moss green with brown accessories and corsage of baby mums.

Captain A. P. Bismark will serve Mr. Van Riper as best man.

The bride-to-be is a graduate of Penn Hall, Chambersburg, Pa. and attended the University of Wisconsin.

Mr. Van Riper, the son of Harry Van Riper and the late Mrs. Van Riper, is a graduate of Augusta Military Academy. Upon graduation he immediately joined the U. S. Marine Corps and served three years with action in the Pacific theatre. He is now associated with Eastern Air Lines. After a wedding trip the couple will reside in South Miami.

### MEMBERS WILL HONOR CLUB'S NEW PRESIDENT

Gala opening tea of the Coral Gables Woman's Club, heralding the fall season, will take place from 3 to 5 p.m. Monday at the clubhouse.

Guest of honor will be the new president, Mrs. William Cox and Mrs. Reid R. Bronson a past president, and chairman of arrangements announces that six former presidents will preside at the tea urns. They are Mrs. Don Peabody, Mrs. O. H. Sandquist, Mrs. Louie Lanford, Mrs. William T. Hilles, Mrs. John DeNoon and Mrs. Evan D. Roser.

### Young Marrieds Enjoy Party

The young married group of the Coral Gables Congregational Church enjoyed a Hallowe'en party recently in the church lounge. Mr. and Mrs. Kenneth Bayless and Mr. and Mrs. Orville Haller entertained 12 couples for the evening. A spaghetti supper was followed by appropriate Hallowe'en games, including bobbing for apples.

This social group has been growing steadily at each monthly get-together and its members are expecting a good turnout at the winter meetings.

### Plan Fall Meeting

The Men's Club of St. Philip's Episcopal Church will meet at 7 p.m. Tuesday in the parish house for the first get-together of the fall season.

Cy Washburn's orchestra of the Country Club of Coral Gables will play throughout the afternoon. Mrs. Earl DeNoon, music chairman will present and accompany Mrs. Guy Finn, contralto in a group of songs.

New yearbooks will be ready and distributed by the chairman of publication, Mrs. Herbert O. Vance. Mrs. G. G. Lee is chairman of the reception committee and Mrs. J. Coleman Jones, hospitality. Mrs. William C. Merriam has charge of decorations.

**Announce Baby**  
Mr. and Mrs. Francis C. Barrios of 450 S. W. 8th Court, are announcing the birth of a nine-pound, seven-ounce daughter which has been named Eileen. Mrs. Barrios is the former Miss Regina Meeghan.

**Philharmonic Society Plans For Next Tuesday Night**

The Country Club of Coral Gables patio, will again be the scene Tuesday night of the fifth in the series of concerts presented by the Philharmonic Society of Greater Miami. Oliver Washburn will direct and Arturo Di Filippi will be the guest soloist.

An operatic concert featuring the works of Verdi, Puccini, Kern, Rossini and Leoncavallo will be given.

Dr. DiFilippi is a native of Italy who attended Highland Park College, graduated from the Juillard Institute, and received the degree Doctor of Music from Kansas Wesleyan. He returned to Europe to sing in opera in Berlin, Milan and Rome. Returning to the United States in 1928 he sang in opera in New York, with the Los Angeles Philharmonic, with Roxy and his Gang, and was featured at the Radio City Music Hall. He appeared in concert and recital at Carnegie Hall and Town Hall. Coming to Miami in 1938 he formed the Opera Guild, of which he is the managing director.

**Dramatics Group Plan Meeting**

Florida Beta Chapter of Theta Alpha Phi, national honorary dramatic fraternity, will hold a business and social meeting Sunday at the home of Leonard Schwartz, 1553 S. W. 7th St., Miami Beach.

Plans for a "talent contest" for the entire student body for the University of Miami will be discussed and also a production for Theta Alpha Phi for the coming year.

Officers for the 1946-47 chapter season are Elliot Wallman, president; Charlotte Frank, vice president; Janice Greenfield, secretary; Lester Moore, treasurer and Barry Lipkin, historian.

**Otto Ellisons Return**

Mr. and Mrs. Otto Ellison have returned to their home, 415 Alhambra Circle after a summer in their native North Dakota. Just before their return, the Ellisons were guests at the dinner ending the pheasant hunting season in Minot. Guests (this year) of honor at this annual affair were the foreign members of the United Nations. The Ellisons traveled during the summer as far west as California and visited in Los Angeles and San Francisco. Their son Otto, Jr., attends Exmoor school; daughter Ruth, Providence Nursing School, Everett, Washington.

**Entertains at Horse Show**  
Miss Joyce Stedman entertained six of her young friends in the Stedman box at the horsemanship given Sunday for the benefit of the Humane Society of Greater Miami. Miss Stedman has won blue ribbons with her horses in former horse shows in Florida and Connecticut.

Lamont and their daughter, eight-year-old Margaret, who attends St. Theresa's school, are the new owners of the home at 5833 Devonshire Blvd. Mr. Lamont has returned to his business, Babcock & Lamont, builders, after war's interlude of four years in which he served as a lieutenant-commander in the Navy. The Lamonts plan to build again in the Gables, a permanent home, in the near future.

**Vollmers Home**

Dr. and Mrs. Leo Vollmer and their fine family of six children—three boys and three girls—all attending grade school, have arrived to take possession of their newly acquired home, 825 Avenue Sevilla. Dr. Vollmer has opened offices for the practice of dentistry at 225 Alhambra Circle. Dr. Vollmer has taught dentistry in New York and Toronto and practiced general dentistry in Pennsylvania for ten years.

**"WEE FOLKS" CELEBRATE BIRTHDAYS**

Lynda Ann Klebold celebrated her third birthday by entertaining her little friends and their mothers at a Halloween party Tuesday, October 22. Lynda Ann is the daughter of Mr. and Mrs. R. S. Klebold, of 419 Avenue Villa Bella.

Guests at the party included Mrs. T. A. Wills, Bambi and Anita; Mrs. J. M. Parmelee and Bobby; Mrs. K. Alexander and Beth; Mrs. E. M. Miller and Joan; Mrs. Bill Daniels, Danny and Patricia; Mrs. A. Maloff, Stephen and Judy; Mrs. Marge Watson, Rev and Dave; Mrs. Grace O'Mally, Mrs. Woodie Uthoff, Miss Jenny Howard, Mrs. Lorraine Frey and young Freddie Mook.

Mrs. Klebold was assisted by Lynda Ann's grandmother, Mrs. P. E. Lindblad.

Although Eleanor Cain is eight years old and her sister, Evelyn, is but five, the girls celebrate "twin" birthdays, as each was born on October 15.

This year the sisters were entertained at a dinner given by their grandparents, Mr. and Mrs. Cullen Cain, 547 Avenue Navarre. Eleanor and Evelyn are the daughters of Mr. and Mrs. Forest Cain.

**Mr. and Mrs. Richard Davis Spend Honeymoon in Canada**

Mr. and Mrs. Richard Earle Davis are en route to Canada where they will spend a month's honeymoon following their marriage October 24th. The bride was formerly Miss Lareeta Cater, the only daughter of Mr. and Mrs. Robert Lawson Cater, of Forsyth, Ga., and Coral Gables. The groom is the only son of Mr. and Mrs. Ralph Nelson Davis, of Miami.

Dr. Aquilla Chamlee, of Fort Valley, officiated at the ceremony which took place in the First Baptist Church of Forsyth, using the same ritual which he used at the wedding of the bride's parents 28 years ago.

Serving as ushers were Albert Bunn, Tharpe Hill, Frank B. Wiltingham, George H. Alexander, Paul Cater, Harry Dews, Charles F. Heard and Albert W. Banks.

The groomsmen were Jerry Simmons, Paul Welch, Robert R. Royce and Revis Butler, Jr., all of Miami and Coral Gables; John Bittick and John Heard of Forsyth, and James French, Seattle.

Mrs. James V. Mitchell of Forsyth, was matron of honor, and the bridesmaids were Miss Peggy Sargent, Miss Mary Jane Westerdahl, Miss Mary Carter and Mrs. Scott Dawson, all of Coral Gables; Mrs. Thomas T. Fletcher of Macon, and Miss Catherine Hardin and Miss Susan Bunn of Forsyth.

The bride wore the traditional wedding gown of ivory brocaded satin, made along the simplest lines, the skirt extending to form a long train.

She was given in marriage by her father, and the groom had for his best man Gaither Perry, of Miami.

Following the ceremony, Mr. and Mrs. Cater entertained at a reception at their home on Indian Springs Drive.

Out-of-town guests included Mr.

### Beloved 1st Grade Teacher Of Coral Gables Elementary Weds Chicagoan In Church Rite

Of interest to a large group of Coral Gables friends, including hundreds of former elementary school pupils, is the announcement of the marriage of Mary Brunner Feaster and Archie Victor Jackson of Chicago, Ill., and Miami Beach, which took place Monday evening at the Miami Beach Community Church, Dr. R. Wiley Scott officiating.

For her marriage the bride wore a gray gaberdine suit with matching accessories and orchids.

Attending the couple were Commander and Mrs. Allen W. Neal, brother-in-law and sister of the bride.

The former Mrs. Feaster, who will soon round out her 25th year as teacher of the first grade in the Coral Gables Elementary School, was the first teacher appointed to the Coral Gables school

in 1922. She now teaches the children she started in school. Many a Coral Gables parent "willed" their children to their own beloved first grade teacher the day they were born.

She is the daughter of the late Dr. and Mrs. Norman Brunner, pioneer Miamians.

Mr. and Mrs. Jackson will reside at the Tatem Hotel, Miami Beach for the winter and in Hinsdale, Ill., summers, where Mr. Jackson is a member of the Hinsdale Country Club.

### MR. AND MRS. FULLER RETURN FROM HONEYMOON

Mr. and Mrs. William E. Fuller, Jr., have returned from their honeymoon spent in the northern part of the state and are residing at 2028 S.W. Sixth Street.

The wedding took place September 21st in the lounge of the San

Sebastian, girls' residence hall at the University. Dr. J. C. Sims, officiated.

The bride, given in marriage by her father, wore traditional white with fingertip length veil and antique-herloom jewelry. Her matron of honor was Mrs. Spencer R. Garrett of Columbus, Ga. Miss Patricia Lane and Mrs. Douglas A. Harrison served as bridesmaids.

They wore taffeta gowns made alike in red (sate au lait and French blue and carried garlands of fern and dark red carnations.

Howard S. Reeder was best man and groomsmen were W. Gerard Slater and Douglas A. Harrison.

Mrs. Fuller attended Michigan State College and Oberlin College, Oberlin, Ohio. Her husband attended the University of Florida, where he was a member of Sigma Phi Epsilon fraternity.

JUNIOR CLUB LEADERS

MRS. DAVID O. SCHRINER —Charbeau Picture

Mrs. David O. Schriner, this week's Coral Gables Junior Club leader, is a North Carolinian by birth and a Floridian by adoption. She was born in Greenville, "but I was practically reared all over the south, she told your reporter, "for my father, as a young medical doctor, traveled a great deal until he settled with his young family in Portsmouth, Virginia."

The daughter of Dr. and Mrs. S. W. Phillips, tall and dark haired Billie Phillips attended almost as many schools as there were grades in her elementary school years, which she found a little confusing. She was graduated from Woodrow Wilson High School in Portsmouth and Kee's College, Norfolk. Three of her four brothers followed professions, one following in the footsteps of his father, and now practices in Richmond, Va.

As a young girl Billie learned to ride and owned her own horse when she was 12 years old. When she married David, a captain for Eastern Air Lines, and went to live on Long Island, Mrs. Schriner hoped her young husband would enjoy riding horseback as much as she did.

"But there I was fooled, she said. "Capt. Schriner was a born aviator and couldn't see horseback riding as a hobby, or as a means of getting around. He said: "What a way to travel, no buttons, no brakes. I'll take golf."

Eastern Airlines brought the Schriners to Miami and to Coral Gables to reside. Their young son, two-year-old David, junior, was born here and that makes us all "crackers" now, exclaimed Mrs. Schriner.

Mrs. Schriner's other hobbies are gardening and golf. "But I'll never excel as my husband does in the latter, she says. Way out in front in golf, Capt. Schriner is playing this week in the Miami Country Club championship flights and he isn't bothered by "snow blindness" in Florida as he was in New York.

For her club, Mrs. Schriner serves as co-chairman for the dental clinic, their most important project. Members of the Miami Country Club, Capt. and Mrs. Schriner hope to soon become members of the Country Club of Coral Gables. There home is at 5866 S.W. 28th street.

Occupy New Home  
Mr. and Mrs. H. L. Gregory and sons, Lee, 6 and Gary 4, have just moved into their newly completed and pretty Florida ranch type home at 728 Avenue Catalonia. Mr. Gregory is one of the partners of the Southern Underwriters, formerly the Carl Owensby and Co., of Coral Gables. Lee attends the Coral Gables Elementary and Gary, Exmoor school.

Gablesgrams

(Continued from Page Nine)

George Smathers were guests at a small informal party Tuesday morning at the home of Mr. and Mrs. Lem E. Stephens, 3300 Granada Boulevard. Mrs. A. W. Barrett greeted guests at the door.

Mr. and Mrs. John E. Norman returned recently to their home, 4620 Avenue Santa Maria after a long motor trip the first in a number of years. They visited historic spots in Virginia and spent some time at "White Gate" outside of Charlottesville, the home of Coral Gables residents, Major and Mrs. R. R. Hogan. They visited in at their former home in West Virginia and in Cincinnati at the Meyer Y. Coopers who winter in Coral Gables.

A whole summer's honeymoon at Chestnut Hills, Mass., was enjoyed by Mr. and Mrs. W. G. McGilvary who this week returned to their Coral Gables home, 1033 Avenue Obispo. The former Miss Ramona Stuart and Mr. McGilvary were wedded last June, left immediately for Massachusetts.

Mrs. McGilvary's parents are Dr. and Mrs. L. C. Stuart, Rome, N. Y. They visit each winter in Coral Gables with their married children who live neighbors to one another on Avenue Obispo.

Mrs. Frank Headley and her sister Mrs. Edwin Brantley have joined Mr. Headley at the Everglades Hotel where they have taken a suite for the season. Mrs. Headley and Mrs. Brantley came down by plane. Mr. Headley motored down. They spent the summer at The Manor, Asheville, as is their custom.

Representing Coral Gables Mayor and Mrs. Thomas C. Mayes and Mr. and Mrs. William T. McIlwain will attend the opening of the "Hall of Art," 425 Lincoln Road, Monday night which, it is reported, will have all of the fanfare accorded a Hollywood premier.

All the old-fashioned games of Hollow'en were enjoyed by the 40 guests attending the Kelley family party last night. Hosts were the Kent Kelleys, the Jack Kelleys and their parents, the J. Lawrence Kelleys at the latter's home, 1319 Avenue Castile.

Woman's Group To Observe Date Executive Board

The Community Congregational Woman's Association will give a luncheon in the lounge of the church Friday, Nov. 8th, at 12:30 o'clock, which will celebrate the 100th anniversary of the American Missionary Association. Following this, devotionals will be led by Mrs. Louis McDavitt, the regular business meeting and "Highlights" from the state federation meeting at Avon Park, given by Mrs. Ida Stone Walker, president and Miss Fannie Thomas, delegate. Board meeting, called by the president, Mrs. Walker for 10 a.m.

SAE Names Pledges

Seven Coral Gables students are listed among the 50 pledges announced today by the Sigma Alpha Epsilon fraternity at the University of Miami. They include Tommy Mumford, Tommy Follard, Kenny Gathings, Hugh Lee Wood, Bill Hays, Jack McGrath and Logan Botts.

Junior Women Plan Flower Arrangement Course For Mid-November Dates

The Coral Gables Junior Woman's Club is sponsoring a flower arrangement course to be given by Mrs. Paul Ochiltree on Nov. 11, 13, 14 and 19. The first meeting on the 11th will begin at 7 p.m. at the club house and will feature movies of various arrangement and models exhibiting flower hats made by Mrs. Ochiltree. The next two meetings will be held in the afternoon from 1:30 to 3:30 p.m., while the last is a "bring your own lunch" session from 10 to 3.

Mrs. Ochiltree, who is well known throughout this area, has studied and taught art. She ran an interior decorating shop in Dayton, Ohio for fourteen years, after which she took up flower arrangement, studying in both Chicago and New York. In connection with the club theme of the year, "Children, the

Citizens of Tomorrow," special emphasis will be placed on teaching children this art and appreciation of it. Thanksgiving and Christmas decorations will also be gone into in detail.

Any members of the Club who are interested are requested to call Mrs. W. F. Esslinger, Jr., 4-3729, or Mrs. Robert Gregg, 48-5676, chairman.

## Book 'Exposing' South Rouses Ire in Kay

By RUSSELL KAY

Stetson Kennedy, son of the South, whose grandfather fought for the Confederacy and whose ancestors pioneered the region (two of whom signed the Declaration of Independence) has written a book "Southern Exposure," which purports to be the "Truth" about the "best-kept-about-region in America."

If there is anything GOOD that might be said about the South, you won't find it in Kennedy's book, which is patterned after Carlson's "Undercover" and equally as biased. The three hundred odd pages of "Southern Exposure" is devoted to picturing the South as rotten to the core, steeped in ignorance, stinking with disease, lawless, intolerant and insane to the point that it has infected the entire nation.

Based in its entirety on half-truths and innuendoes it attempts to so horrify the reader with tales of brutality, injustice, greed, avarice and hate as practiced by Southerners in their dealings with the Negro, the sharecropper, the laboring man and the underdog as to turn the stomach of a "gentle" reader, so naive as to swallow it whole as an accurate and authentic revelation of fact.

Reviewing the history and background of most any section of the country one could assemble a book equally as critical and flaming, if in doing so they went out of their way to ignore every decent, worth-while, kindly and courageous act of a people and carefully confined the manuscript to a sordid review of everything unworthy and vile.

I do not contend that the wrongs, injustices and evils dealt with by Mr. Kennedy do not exist, nor do I attempt to condone or make light of them, but I do contend that it is unjust and unfair to condemn and malign a whole section or a whole people for the evil and unrighteous actions of a few.

For every action of intolerance and abuse of the Negro so vividly recounted in Mr. Kennedy's book I can produce ten of kindness, consideration and justice displayed by Southerners in their dealings with the Negro.

In lauding the cause of organized labor and condemning employers of the South for so-called unfair labor relations practices, Mr. Kennedy finds it convenient to completely overlook all of the evils practiced by labor and its leaders in their dealings with employers and their utter disregard of the public welfare.

Florida sharecroppers got a taste of Union tyranny and injustice during the war when they left their farms and sought work in the cities. They were gouged for working permits, fees, dues and assessments and held their jobs, if they were lucky enough to get one after buying a "permit to work" at the mercy of a labor overlord who could hire and fire them at will and did when such action enabled him to replace the luckless chap with a newcomer and another "initiation fee."

I hold no briefs for the Tamagones, the Bilbos, the Rankins or the O'Daniels with their creeds of hate and intolerance and their assumed championship of "White Supremacy"—they are no credit to the South or to the Nation and by the same token I do not see eye to eye, nor do I subscribe to the fanatical and equally intolerant views of the Peppers, the Wallaces, the Reuthers and the Kennedys.

I recognize the fact that many industrial leaders are guilty of inhuman and unjust actions in their dealings with labor and that some are aided and abetted by law enforcement officers, but I have found this to be the exception rather than the rule. I do not subscribe to the "New Deal" philosophy that ALL employers are so-and-so's and that all who work for wages are downtrodden and abused.

We have had too many speeches and too many books that violently portray one side or the other in connection with the cause of labor and management or with race and color. They add nothing to the solution of those problems but only serve to further widen the breach and inflame one group against another.

The South has no corner on selfishness, greed, hate and intolerance. You find these ugly forces rising their evil heads wherever mankind abides or deliberates, whether it be the Paris Conference table, the directors room of a corporation or the Labor Temple.

## Hallowe'en Party Held At Elementary

By SUE COPELIN and JANET WELLS

Ghosts and goblins were seen Thursday at the Coral Gables Elementary School celebrated Hallowe'en again this year. The party was held for the entire school. Children did not wear costumes, but made their own masks and hats. The room mothers were in charge of this and helped furnish the ice cream and cookies.

The Coral Gables Elementary School is very glad to have such an accomplished young lady as Miss Betty Carr as the head of our musical department. She is from West Virginia, and a graduate of the Conservatory of Music in Cincinnati, Ohio. Miss Carr thinks that the band will be a big success as all of her pupils are working hard.

## Clevelanders Buy Here

Mr. and Mrs. Anthony Rudolph, formerly of Cleveland, O., have bought the new home at 4141 Barbara Avenue for their home, moving there from 1040 Avenue Astoria where they have been residing. Mr. Rudolph is associated with the Peninsular Life Insurance Co. in Miami. Their children are Carol, 12; Marilyn, 10; Jimmy, 9; and Rosemary, 3 years old. Mrs. Mary G. Kall of Cleveland, O., a sister of Mrs. Rudolph, is their winter-time guest.

## To Honor War Brides

Douglas Haig Chapter of the Daughters of the British Empire will hold a tea honoring British war brides in the Greater Miami area, from 3 to 6 p. m. Tuesday at the home of Mrs. C. D. Milner, 6222 N. E. First Place. Those from the Coral Gables area are invited to phone Mrs. Dorothy Farnleigh, 4-4761 to arrange transportation.

Dr. and Mrs. George Coleman and three-year-old daughter Sandra are residing in their recently acquired home at 4121 Barbara.

smart author has learned that muck-raking, filth and abuse are profitable ingredients when mixed adroitly in a manuscript. Mr. Kennedy will in all probability make a lot of money from "Southern Exposure" at the expense of his native South, but he will have to live with himself and I am content that the authorship is his and not mine.

## First Set of Twins Arrive at Pratt Hospital

The first set of twins delivered at Pratt General Hospital, Coral Gables, Florida, arrived recently. Their proud parents are Lt. and Mrs. William Schaidt. The twins, one a boy and the other a girl, have been named William Frederick and Candace Rae. The parents have nicknamed them Sandy and Candy. William Frederick weighed 5 lbs. 1 oz. upon arrival, and Candace Rae 4 lbs. and 15 ounces.

Lt. Schaidt entered military service in July, 1941, and received his commission in June, 1943. Lt. Schaidt saw service in Italy and spent about ten months of his military career in that theater. At the present time Lt. Schaidt is stationed at the Miami International Air Depot, Miami, Florida. His hometown address is 637 Green St., Cumberland, Md. Mrs. Schaidt was formerly Wan-

## Wheel Club Paper Drive Highlights Ponce News

By BETTY NEWMAN

Ponce's Wheel Club begins a new paper drive, the first this year, Sunday from the City Hall at 9 sharp. Using trucks furnished by the Rotary Club the boys will go from house to house and pick up bundles of waste paper.

All residents of Coral Gables are requested to have their old newspapers and magazines tied in bundles and on the walk in front of their houses by 9 86nday. CLUB GETS THEATER

Wheel Club members sold tickets to the first performance of the new University of Miami Ring Theater all last week. The club will get tickets sales for the opening nights of the performance this winter.

"Claudia" was the first play produced by these performers and the show was held last Monday night. "It was a lively and interesting play," said Darryl McCall, Wheel Club member who was present at the show.

The largest amount of tickets, 26, was sold by Bill Merriam, Jr., revealed Mrs. Herberta Leonard, club sponsor.

## BAND PLAYS NAVY DAY

The Ponce band, under the direction of Mr. Paul Cremaschi, and the Ponce Cavalletes put on some exhibition drilling at the Orange Bowl Monday night during the six Anderson, daughter of Mr. and Mrs. J. R. Anderson of 828 Winthrop Drive, Tucson, Ariz.

After his separation from military service, Lt. Schaidt plans to make his home in Tucson, Ariz.

Navy Day pageant. The band played some nautical tunes and did some fine marching. The Cavalletes did a snap drill with all the precision and neatness for which they are noted.

The Chess club, formed last year under the sponsorship of Mrs. Irene Murray, elected its new officers last week. After a stiff runoff Tom Obenauer and Jim Connell were elected co-presidents while Letton Nay is treasurer and Jean McGoogan is secretary.

A chess tournament for club members only will begin this week and last for "at least" two months, according to Tom Obenauer, club co-president.

## TEAM PLAYS SATURDAY

Football again heads the sports under this week-end when the Cavaliers tackle Fort Lauderdale's Flying Lo in the Orange Bowl tomorrow night. The Cavaliers have been down in their luck for the past five games but since the majority of injured team men have recovered from their injuries hope is riding high in the hearts of the boys. The Lo knuckled under to the Cavaliers in one game last year and tied with them in another.

The Cavalletes and band will give the between-the-halves show. CLASS HEARS OELKERS

The experimental civics class

had as speaker Wednesday, Representative Richard Oelkers, Jr., who spoke to them on Florida legislature. This class is part of Dr. Charles C. Peters' project in new methods of teaching.

Blue Monday lost its place to Blue Wednesday day before yesterday. The reason? Report cards, of course. The first six weeks grading period came to an end last Friday and report cards were issued Wednesday. Those students whose averages place them on the first honor roll will receive honor pins at the first award assembly. The pins are to be given by the Student Council as part of the plan to encourage better scholarship. As we go to press the number of students on the top honor roll this six weeks is not known.

## Bunce School Expands Facilities

Four new faculty members have joined the staff of the Bunce School of Laboratory Technique D.F.M. Bunce announced recently. They are: Juan Reyes, Columbia University; Alberta Adams, University of Kentucky; Marie Colburn, University of Denver; and John Westfall, St. Louis, Mo. Included also in the expansion of the school is the addition of two laboratories, two offices, and a classroom.

In the South it takes 20 years to grow a tree suitable for pulpwood; 40 to 70 years to grow a tree large enough for a sawlog.

**THE LORD'S INSTRUMENT**

In colonial days there was a certain tireless minister who felt called upon from time to time to venture forth through the wilderness to preach in distant frontier settlements. Since he had to pass through Indian-infested forests, he took his rifle with him, a practice much frowned upon by his faithful wife, who felt it unbecoming of a gentleman of the cloth.

"My dear husband," she protested one day, "why do you carry that great heavy rifle on these long journeys? Don't you know that the time and manner of your taking off has been decreed from the beginning of time, and that rifle cannot vary the decree by a hair's breadth?"

"That is true, my dear wife," the good man answered, "and I do not take my rifle to vary, but to execute the decree. What if I should meet an Indian whose time had come according to the decree and I didn't have my rifle?"

**TOO MUCH NOSE**

The bishop was coming for tea, and it was well known that the dignitary was sensitive about his unusually large, red nose.

The hostess took her little daughter aside beforehand and made her solemn promise that she would say nothing about the bishop's nose.

When the bishop arrived, the little girl sat by quietly, with none of her usual boisterous, outspoken manner. But the mother noticed that her eyes were constantly on the bishop's outstanding feature; she intently watched it bob up and down with every word he said.

The hostess grew so worried that she could hardly keep up the conversation, and she was glad when the maid brought in the tea. The hostess busied herself pouring the tea, keeping a warming eye on her quiet little daughter.

There was silence as the cups went round; then the mother noticed that the child was opening her mouth to speak.

The hostess quickly handed the bishop a plate of lemons and blurted out:

"Oh, Your Grace, do have some nose in your tea!"

Adviser—True love is something you will never regret. I'd suggest you marry the one you love.

Perplexed—Yes. I think I will.

Adviser—By the way, do you have the widow's address handy?

**HER LUCKY BREAK**

Mr. Smith was a stubborn individual. He would never wear rubbers when it rained nor put on an extra sweater if the nights were chilly. Mrs. Smith was peeved at his obstinacy.

"You never take any good advice," she complained in a nagging fashion.

"Darn good thing for you I don't," he retorted, "or you would still be an old maid."

WEEKLY BUSINESS REVIEW

**Jimmy Baldi Opens Miracle Mile Salon; States Short Hair Latest in Coiffures**

"Short hair, from three to six inches in length, is the prevailing trend in coiffures," smiled Mr. Jimmy Baldi, Coral Gables hairdresser, who opened his new salon on Miracle Mile Wednesday, October 30. "Upsweeps will also be very popular this year," he continued, "and this type of coiffure will be in demand for day and evening wear."

Personality, facial contours, and the coloring of the individual will govern the length and exact style to be worn, stated this personable young man who has operated a Coral Gables beauty salon for six years.

"Simplicity will be the keynote of upsweeps which can be worn by career women, the average housewife, and the society matron," the hair stylist stated. "These hairdos should be as simple as possible," he emphasized.

Having trained in one of the Atlanta shops and studied with M. Louis in New York, Baldi is well-known in the Miami area for his hair styling for the Gibson Girls and fashion house shows.

"The ideal length for women's hair is four to six inches," Baldi said, "unless it is to be worn in a chignon or braided around the head," Baldi said.

The new short hairdos were featured in the hatrallying fashion show held at the Baldi salon Wednesday evening.

The reception and fashion show opened Mr. Baldi's Miracle Mile salon at 330 Coral Way on Wednesday evening. The coiffures were modeled by a group of the Gibson Girls of Miami.

**Knable Goes To Post Office In Buena Vista**

Promotion to the position of assistant superintendent of the Buena Vista post office takes Kenneth Knable from the Coral Gables branch after 15 years of service. The transfer went into effect today.

Starting as a mail carrier, Knable was then assigned to clerical work. He has been acting clerk in charge of the Gables office, as well as assisting with duties of the superintendent.

"If my job happened to be in West Palm Beach, I'd still live in the Gables," Knable said. "I've been here so long I know 90 per cent of the people out here and I think they are the best people anywhere."

**New Shop Features Juvenile Furniture**

Christmas shopping at Stewart's Juvenile Shop, located at 1817 Ponce de Leon, will be a joy and pleasure to Coral Gables parents, for this shop which opened Saturday, October 26, features a complete line of nationally advertised brands of juvenile furniture and one of the largest stocks of toys in the Miami area.

Operating a juvenile shop of this type in Miami Beach, the owners wished to establish a store in the Gables to accommodate the many Gables entomers who have patronized the Beach shop.

Metal toys of all descriptions to delight the younger generation are in stock. Tricycles, wagons, steel slides, toy musical instruments, doll furniture, sporting goods, and children's books to entertain the kiddies can be found here.

Crib, high chairs, beds, carriages, strollers, and other necessities for the very small child can be purchased at Stewart's.

**New Men's Shop Opens on Ponce**

Business men and college students can find the solution to their clothing problem at Surrey's Men's Shop, 1825 Ponce de Leon. This new shop opened Monday, October 28.

Specializing in better men's wear, Surrey's carries clothing for the young man-about-town and for the older business man. Suits, sports jackets, slacks, and accessories can be purchased there.

Tropical worsted suits are featured now on hand, while gabardines are expected soon from New York.

Mr. Signey Block, owner, was the former manager and buyer of Wells, located on Lincoln Road. Block was in the clothing business in New York for 25 years.

**Gables Man Is Appointed To P.A.A. Operations Post**

Following nine years of service at almost every airport in Central America, Herbert L. Thomas, Jr., 423 Avenue Navarre, has been appointed assistant to the operations manager of Pan American World Airways' Latin American Division.

The appointment was announced by Wilbur L. Morrison, vice president in charge of PAA's Latin American system.

Based in Miami, Fla., Thomas assists the international airline's operations manager in all phases of Clipper operations throughout PAA's 50,000-mile aerial network in Latin America. He also handles special operational matters pertaining to Central America, on which his experience has qualified him as an expert.

In his new capacity, Thomas is helping formulate operational procedures for placing 52 new four-engine Clippers in service on Latin American routes as part of a 500 per cent expansion program. More than half of the new 85-passenger planes are already flying Latin American skyways, with the remainder scheduled to go into service later this fall.

Thomas comes to Coral Gables from Guatemala City, Guatemala, where he served as operations superintendent of PAA's Central American section for three years.

A native of Brownsville, Texas, where he attended elementary and high schools, Thomas was graduated from the University of Texas with a Bachelor of Arts degree in business administration.

He joined Pan American's operations department in Brownsville in the fall of 1937 as junior airport manager.

Early the following year he was transferred to Guatemala in the same capacity. During the ensuing 18 months, he served three-months tours as relief airport manager at Managua, Nicaragua; Tegucigalpa, Honduras, and San Jose, Costa Rica.

In June, 1939, he was elevated to the position of airport manager and transferred to Pan American's important terminal in Panama. From there he was sent back to San Jose for a brief period as airport manager before returning to Brownsville in September, 1940, as assistant to the operations manager of what was then Pan American's Western Division.

After three years in Brownsville he was sent to New Orleans in the spring of 1943 to set up an operations section in preparation for the establishment of Clipper service from New Orleans to Central America.

This assignment completed, he was moved to Guatemala and promoted to sections operations superintendent. He remained there until his recent transfer to Miami.

Thomas and his wife, who is also a native of central Texas, have a cosmopolitan family, each of their three children having been born in a different country. Herbert, III, was born in Panama, James in Brownsville, and Nancy in Guatemala.

**Castle of Beauty Has New Owners**

Mrs. Brunell Giteles and her associate, Mrs. Allie Smith, are new owners and operators of Brunell's Castle of Beauty in the Douglas Entrance.

Mrs. Giteles comes from Hollywood, Fla., where she was associated with the Iule Marie Beauty Shop.

Mrs. Smith formerly operated her own shop near Tropical Park and prior to that was a beauty instructor in Atlanta, Ga.

They both hope to make Coral Gables their permanent home. Recently they attended a six-week course in New York City in handling and shaping of fine hair.

**Kiddie Land Shop Opens Here Today**

Mrs. Esther M. Tarnopol is the owner and operator of the Kiddie Land Shop which opens today at 338 Coral Way in the Miracle Mile section.

No novice in catering to the needs of children, Mrs. Tarnopol operated the Logan Juvenile Shop in Chicago before coming to Coral Gables for her health.

Uniqueness is the keynote of the new shop, which features a storybook atmosphere. An unusual feature will be the custom of presenting child visitors with lollypops.

The store features fine lines of children's apparel, shoes and juvenile toys.

**New OES Organization To Meet Tuesday**

Mrs. Violet Dorre and Mrs. Fay Wilson will entertain the newly formed sewing club of the Coral Gables Chapter OES at the former's home, Tuesday. Sewing for handicapped children will begin at 10 a.m. and a prize will be given for the most appropriate name for the organization. Members are asked to bring their own sandwiches. The hostesses will provide dessert and drink.

**Mrs. Koehler To Address Garden Club Society**

Mrs. Jesse Koehler will give a talk on the culture of roses before the Horticulture Society of the South Miami Garden Club at 10:30 Monday at the home of Mrs. Theon Ames, 1212 Avenue Sorolla. A cover dish luncheon will follow the meeting.

**To Honor Son**

Mrs. and Mrs. I. L. Kuesner, 809 Sevilla will entertain at dinner Beach honoring their son Conrad Sunday at Raphael's Hotel Miami Leon, on the occasion of his confirmation. Conrad attends the Coral Gables Elementary school, where he is an eighth grader.

**Clean Up Of Rest Rooms Is Urged**

For the second time this year the Florida State Board of Health is urging that restrooms in Coral Gables and other towns, particularly those in filling stations, be kept in a more sanitary condition.

David E. Lee, chief sanitary engineer, pointed out that "the tourist season is upon us and that it is necessary for the protection of health as well as the 'first impressions' of the visitors that public restrooms, usually the first stops for tourists be kept presentable."

The campaign early this year, he said, was very successful and was highly commended, but as summer came on "efforts in this regard were relaxed and as a result, in recent weeks we have begun to receive complaints from transients throughout the state that public sanitary facilities are again in a bad state of repair."

Lee was emphatic however, in pointing out that his bureau's interest in clean restrooms is not confined to the tourist season.

"We owe ourselves the same sanitary considerations, and the same high standard of cleanliness should be maintained the year round. However, we can't get away from the fact that the tourist business in Florida is Big Business. As we travel over the state we see every imaginable sort of cleanup project in motion—and for what? Getting ready for the tourist season."

"Also, the state is spending \$500,000 annually to sell Florida to outsiders. It is the responsibility of the state board of health therefore to see that so far as finances will allow, that a creditable sanitary condition be presented to our visitors."

Oil companies have been asked to keep closer check on their local station restrooms. Naturally, all local health departments are being alerted to see that routine sanitation checks are made as regularly as their limited personnel will allow.

Civic and service clubs are again asked to help in voluntary inspection. "Ask your members to speak to the station management when unsightly conditions are found, or to report them to the local health department."

"We need the help of every individual in furthering this statewide cleanup project because we do not have sufficient local personnel in any one health department to keep proper check on this situation. It all gets back to the economic situation — insufficient."

**Announce New Granddaughter**  
Mr. and Mrs. Richard Bartholomew are announcing the arrival of a granddaughter, Pamela Anne Tyson, whom they greeted for the first time on a visit to New Haven, Conn., and the home of their daughter and son-in-law, Mr. and Mrs. Richard Tyson. The baby was born Sept. 19 and her mother is the former Miss Jerry Bartholomew. The Bartholomews visited in New York en route home from California where they have spent the past six months. Mr. Tyson is a junior student at Yale University.

### Biscayne To Start School Races

The 1946-1947 Florida racing season will move into full stride Monday night, Nov. 4, when the Biscayne Kennel Club opens its nightly schooling race programs preparatory to the start of its first 40-night meeting on Nov. 15. The nightly schoolings at 7:30 p.m. will be open to the adult public only, admission free.

With 31 kennels boasting the nation's leading greyhounds registered, the meeting's competition is assured of new heights. Heading this mayor contingent of star racers will be Flashy Sir, the top dog of the past year from the Olinger & Blair string which added the All-American Challenge Cup to his great list of victories recently in the East. Another star at Biscayne will be Gallant Margaret, Mrs. G. M. Lillie's recent winner of the Revere Derby. The registry also includes a notable list of young newcomers which promise to gain many followers during the official schoolings.

Under the supervision of General Manager Joe H. Adams and Comptroller Frank G. Burghart, the spacious northside oval has been extensively renovated and re-decorated. Improvements allowed under restricted building schedules have made possible the transfer of the paddock and jenny pit to the west side of the track where the dogs are in full view of the patrons from their 6 p.m. check-in throughout the evening. Biscayne also will offer an ultra-modern electric dining clock under the supervision of S. H. Harris. The schooling race programs
