

# ARABS BESIEGE HOLY CITY AS ISRAEL'S FORCES CAPTURE ACRE IN 4TH DAY OF FIGHTING

TEL AVIV, May 18. (UP)—Israel's army captured the ancient walled city of Acre today, but reports indicated that plight of 100,000 Jews in Jerusalem was becoming desperate as Arab forces besieged the Holy City.

In the fourth day of fighting since the British mandate in Palestine ended and the new Jewish state of Israel was proclaimed, Arab legion troops occupied Bethlehem, birth-place of Christ. Egyptian planes raided Tel Aviv, Israel's capital, for the 13th time. Forces of six Arab nations—Egypt, Syria, Lebanon, Trans-Jordan, Iraq and Saudi Arabia—were reported fighting in the Holy Land.

But Jews struck back strongly, and their capture of Acre, where 4,000 Arabs penned in the old walled city surrendered, was militarily the most important victory reported today. The Arabs, hit by typhoid fever and short of ammunition, could not hold the moated fortress which a century and a half ago stopped Napoleon.

Jewish forces also made some progress according to official reports here, in their attack on Ramleh, Arab strong-point on the vital highway from Tel Aviv to Jerusalem.

## Auto Workers File 10-Day Strike Notice With GM

DETROIT, May 18. (UP)—The CIO United Auto Workers union filed a 10-day strike notice today against General Motors Corporation and clamped tight picket lines around Chrysler Corporation plants in a drive for wage increases.

UAW officials formally notified the Michigan State Labor Mediation Board that a dispute exists between the union and GM and that a strike impends on May 28 when the present contract expires.

Negotiations proceeded in the UAW-GM dispute involving both wages and working conditions in an entirely new contract. Neither side has made a move to resume talks in the seven-day old Chrysler strike.

Several scores of state police troopers took up positions at struck plants to prevent new outbreaks of violence. Pickets and suburban police clashed yesterday when strikers barred gates to white collar workers at the Highland Park plant.

## Futuristic Weapons Enable Attack by U. S. Anywhere

WASHINGTON, May 18. (UP)—The combination of futuristic weapons that may determine the outcome of any new war appeared today to be within the grasp of the United States.

From the cryptic words of security-conscious officials, it looked as though American forces in the not too distant future will be able to bombard any spot on the globe with atomic weapons.

This conclusion was based on two developments:

1. President Truman's announcement of the successful test of three "improved" atomic weapons at Eitwetok atoll.
2. Practical assurance that the Navy can go ahead with its projected construction of the world's biggest aircraft carrier, a 65,000-ton ship capable of launching atom bombers.

## Lewis Spared New Penalty In Civil Contempt Case

WASHINGTON, May 18. (UP)—The civil contempt conviction against John L. Lewis and the United Mine Workers was set aside today by Federal Judge T. Alan Goldsborough at the government's request.

Goldsborough took under advisement a government request to dismiss the no-strike injunction which is in effect against Lewis and his union.

The government's surprise move had no effect on the fines of \$1,420,000 imposed on the union and \$20,000 on Lewis for criminal contempt for failing to obey sooner a court order to call off the recent soft coal strike "forthwith."

Goldsborough had imposed the fines. They are being appealed by Lewis and the union.

## Students Quit Roulette Game Still \$33,100 in Black

LAS VEGAS, Nev., May 18. (UP)—Three weary college students stopped playing the whirling roulette wheel today after reporting that their eight-day earnings dropped from \$39,000 to \$33,100.

"We need a rest. We're just too tired to continue," Dr. Roy Walford, San Diego, Cal., explained as the three cashed their chips.

He declined to say that a streak of bad luck, that topped their eight-day winnings from \$39,000 to \$33,100, caused them to stop playing the number one.

Future plans of Walford and his companions, Albert Hibbs, Chillicothe, O., and Jack Cortez, New York, were indefinite. They didn't say whether they would return to the tables.

## Profit Taking Wave Cuts Down Prices on Market

NEW YORK, May 18. (UP)—A wave of profit-taking hit the stock market just before closing today, driving down prices in all sections.

The list had moved in a narrowly irregular course with the leading shares showing losses of a few cents. Tickers fell behind the market shortly after 2:30 p.m. Stock after stock was forced to new low ground for the session.

Oil shares, strong earlier in the day, gave up gains. Pure Oil, one time up 2 points, fell to a small net loss. Santa Fe was a wide lower in the carrier issues.

## Gableite Draws One Year Sentence in Morals Case

MIAMI, May 18. — Lloyd Eugene Goldman, former Coral Gables bus driver, was sentenced to one year in the state penitentiary today by Judge Ben C. Willard, who found him guilty of a statutory offense.

Goldman had entered a plea of not guilty to the charge of having improper relations with a young high school girl on October 21, 1947 and had elected to be tried without a jury.

## Coal Talks Threatened

WASHINGTON, May 18. (UP)—John L. Lewis today threatened to call off negotiations for a new coal contract if producers vote to seat a negotiator not to his liking.

But a showdown was postponed when the wage conferees recessed their first negotiating session tonight without voting on the issue.

# Merchants Organize; Plan Sales Fete

## May 27, 28, 29 Chosen for 3-Day Effort

### Business Area Plans to Parade Merchandise Value

Values, values and more values will keynote a three-day sales carnival to be staged by local merchants on Thursday, Friday and Saturday, May 27, 28 and 29, it was announced today.

Final plans for this three-day spree of special price events in Coral Gables stores were laid last night when merchants met at the Country Club of Coral Gables to organize a Merchant's Bureau of the Chamber of Commerce.

The majority of the local shop-owners will participate in the carnival, the object of which is to show the residents of Coral Gables and the Gables trading area, that the community's business area is second to none in Greater Miami.

Special newspaper advertisements are now being prepared for publication on the day before the carnival and during the event, telling of the many special values being prepared for shoppers by the merchants.

In addition to featuring special items at sale prices, many stores

## West Miami Names Zoners

### Group to Confer With County

A five-man zoning board, which will set up a zoning code for West Miami, was named last night by the town council.

Matthew Sleppin, Thomas W. Mitchell, and Lawrence Morrison were named for two years, while Robert Stevenson and Edward Burris were appointed for one year terms.

They will confer with representatives of the Dade County Regional Planning Board in drafting the zoning code for the new city.

William Knox was named engineer to conduct the survey for the town's projected \$40,000 street paving program.

Thurmond Whiteside, who has been acting as town attorney, had his appointment made permanent.

A delegation from the new town of Westgate, in the northern section of the county, paid a courtesy call on the council. The delegation included the mayor and councilmen.

## Merger Forum Thursday Nite Planned by JCs

Gableites will be given an opportunity to hear both sides of the Dade County-Miami Consolidation question Thursday night when a round-table discussion will be held at Coral Gables Elementary School.

The meeting is under the sponsorship of the Coral Gables Jaycees, and is being held in conjunction with their "Get-Out-The-Vote" campaign.

Dr. D. R. Larson, of the Government department at the University of Miami will act as moderator. Coral Gables city commissioners Tom Mayes and Dave Hendrick will speak against the proposal while Harry Jackson and Al Sherman of the Miami Jaycees will try to sell the affirmative side.

Although the Coral Gables Jaycees have already gone on record as opposed to consolidation, a spokesman for the group emphasized that both sides will be given equal opportunity to advance their arguments.

Discussion by the speakers will be limited to 20 or 40 minutes. Following the round table discussion, the meeting will be thrown open for a question and answer forum.

The Jaycees have urged every citizen of the Gables to attend the meeting in order to get first-hand information on the question which will be decided by next Tuesday's election.

## Errant Driver Fined \$25 On 2 Counts

Fines and forfeitures totalling \$320 were levied in municipal court last night by Judge C. S. Robertson.

John Elliott, 2745 NW 28th Street, paid a total of \$25 for reckless driving and causing an accident. Charges against A. J. Hardett, 20th Street and LeJeune Road, who was involved in the accident with him, were dismissed.

James B. Wilkins, University of Miami, was assessed \$5.00 in costs for driving without a license. Donald T. Pierce, 2614 Cardena Street, who was involved in a wreck with Wilkins, forfeited a \$25 bond on charges of reckless driving and causing an accident.

Livingston Wildgoose, 122 Prow Avenue, Negro, was fined \$10 and costs for disorderly conduct by fighting while Ruby Frederick, the object of his fistcuffs, had charges against her dismissed.

John Stadnik, Miami Springs, arrested on a morals charge and charged with disorderly conduct, forfeited a \$250 bond.

The trial of Kenneth Forbes, charged with doing real estate business without a license, was postponed until Friday.

## Woman Reports Morning Gunshots

Mrs. Theodore Kundtz, 8021 Ingraham Highway, reported to police today that she was being disturbed by gun shots in her neighborhood during the early morning hours.

A check made today by Officers R. L. Treif and E. F. Peagram failed to turn up the offenders.

## Held is Named GOP Alternate To Convention

GAINESVILLE, Fla., May 18. (UP)—C. C. Spades today headed Florida's delegation to the Republican national convention. The state GOP executive committee yesterday chose him as national committeeman, an alternate at large and chairman of the delegation. M. Duncan Held of Coral Gables was named an alternate-at-large.

The committee came from behind closed doors to report their business was conducted "in harmony" despite the bickering which divided Florida's Republicans before the first primary.

The committee also voted to choose candidates for state supreme court justice and for a vacancy in the sixth judicial district circuit in the May 25 primary.

To serve with Spades, ten Stansue Milan, called the safety director yesterday to inform him that ragweed was growing rampant on a vacant lot near where she lived, and that hay fever victims in the neighborhood were suffering as a result.

Despite the fact that it was a strange assignment for a police

## 2 Boys Nabbed In Theft Attempt

Two boys, 8 and 9 years old, who thought that breaking into the pro shop at the Country Club of Coral Gables tennis courts was a good idea, felt the full wrath of the law yesterday.

Re Macy called police yesterday afternoon to report the burglary attempt, and Officer Andy Borders apprehended them.

Reported Officers Borders, "I scared them good, turned them loose and turned their names over to Detective C. F. MacNeil of the Juvenile Bureau for future reference."

## Seven Gableites Honored at 'U'

Three Gables men and four Gables women were elected to the University of Miami's highest honor societies this morning.

Elected to Iron Arrow was Warren Gates, Sydney Dimmig and Larry Donovan. Tapped for Nu Kappa Tau were Kay Sullivan, Sally Hunter, Jeanne Rasco and Ruth duPerrica.

## 'Dangerous' Mental Patient Escapes from Pratt Hospital After Knocking Out Guard

### GABLES POLICE BROADCAST ALARM AS ESCAPEE ROAMS IN STREETS

An areawide alarm was broadcast today by Gables police for an escaped mental patient from Pratt Veterans Hospital, who was described as "extremely dangerous."

The man, Joseph Crocker, slugged a guard during an exercise period at the hospital this morning and made his escape, garbed in a grey hospital robe and white slippers.

The search centered around the Bird Road area at noon today, with four Gables squad cars on the prowl. The escapee stole a bicycle from the A. L. Reynolds home at 3800 Toledo Street and was last seen heading south.

Police believe he may be trying to reach Miami to board a bus.

Escapee Described  
Two Gables housewives who spotted the man as he prowled the Durango Street-Toledo Drive neighborhood were able to give police a description of the escapee.

A Mrs. Fleming, whose home is at 3710 Durango, notified police after the man came to her door and rang the bell.

"He asked me for some clothes," Mrs. Fleming related. "I told him I'd see if I could get him some but he fled as soon as I closed the door."

Mrs. Fleming immediately notified the police.  
Mrs. Harry Higgins of 909 (Continued on Page Three)

## VOTERS TO PARTICIPATE IN POLL DRAWING

Voters will be offered prizes by the Miami Junior Chamber of Commerce for exercising their franchise at the polls May 25, according to plans announced today by E. D. Cox.

Cox appeared before the county commission and obtained permission to have inspectors and clerks distribute tickets bearing numbers at each precinct polling place.

They also were granted permission to have containers placed in the 92 voting precincts as receptacles for the numbered stubs. The voter retains his half of the stub.

The organization plans to give prizes in each precinct and a grand prize for the county winner. Cox said that a recent court decision held that such an event would not be a lottery because no money was exchanged.

## Kimbrough to the Rescue as Ragweed Menaces Avenue Milan

Safety Director William G. Kimbrough took on a new duty yesterday, that of hay fever fighter.

Mrs. J. C. Donaldson, 828 Avenue Milan, called the safety director yesterday to inform him that ragweed was growing rampant on a vacant lot near where she lived, and that hay fever victims in the neighborhood were suffering as a result.

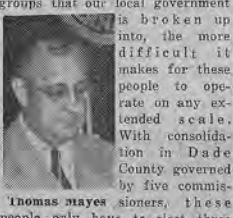

Despite the fact that it was a strange assignment for a police officer, Kimbrough went into action. A conference was held with City Manager William T. McIlwain and Parks Superintendent Harley Pittman. As a result, the offending weed will be eradicated with weed-killer.

Mrs. Donaldson told the Riviera-Times today that she was surprised to find that rag-weed grew in Florida. A Tennessee doctor had advised her grandson to move here to avoid the stuff.

## Merger Bill Fails to Establish Safeguards Against Abuse of Power

By THOMAS C. MAYES  
Coral Gables City Commissioner  
Editor's Note: This is the seventh of a series of articles by Mr. Mayes on the important consolidation question. One article will be carried daily until the day before the election on May 25.

Dade County being a resort area, illegal gambling and other vices have flourished. Many people, directly or indirectly, involved in these enterprises have grown rich. I maintain that such conditions cannot exist without the knowledge and consent of our office holders. The more different groups that our local government is broken up into, the more difficult it makes for these people to operate on any extended scale. With consolidation in Dade County governed by five commissioners, these people only have to elect three

Thomas Mayes, city commissioner, says these people only have to elect three

## 15-Year-Old Gets License Suspension

The second 'teen-ager within a week had his restricted driver's license suspended today as Traffic Lieut. Floyd P. Brasher continued his crack-down on high school students speeding and driving recklessly in cars and on motor scooters.

The youth, who lost his driving privilege for 10 days, was arrested after Brasher had clocked him doing 50 and 55 miles per hour on Granada Boulevard from Dixie Highway to Bird Road. He was driving his mother's car.

Brasher began his campaign after he had warned students at a special assembly at Ponce de Leon High School that such driving tactics would not be tolerated. Brasher said today that if the 'teen-agers do not cooperate, that the suspension period will be extended from 10 to 30 days.

## Lions Auxiliary Meeting Called

Mrs. John W. Thomson Jr., retiring president of the Coral Gables Lions Auxiliary, announced that a called business meeting will be held tomorrow at 12:30 p.m.

The general membership will attend the special session to take place at the home of Mrs. Robert McVoy, 324 Avenue Madeira. The meeting will take the place of the desert bridge party customarily scheduled for the third Wednesday of each month.

## South Miami Council To Meet Tonight

Regular meeting of the South Miami City Council will be held tonight at 8 o'clock at the South Miami City Hall, 251 Sunset Drive.

## Gables Man Gets Executive Post With Sales Firm

The appointment of Robert E. Hoose, 912 East Ponce de Leon Boulevard, former head of the Brazilian Technical Instructors Commission under the Brazilian Air Ministry in Chicago, as executive vice president of Inter-American Sales and Services Inc., is announced today by Edwin P. Stahl, president of the corporation.

Hoose joined Inter-American on January 1st of this year; his appointment followed the resignation as vice president and treasurer of Miss Edith del Junco.

Originally from New Castle, Pa., Hoose attended Penn State and was graduated from the University of Pittsburgh. Before and during the early part of the war he was in charge of operations at Wilson Aviation in New Castle, later going into the aviation insurance brokerage business.

He came to Miami in 1942 and a year later was transferred to Sao Paulo, Brazil, where he was associated with aviation technical training for three years. He was director of the Brazilian commission in Chicago for over a year.

## Junior Red Cross Plans Final Party Tomorrow

Students of the Coral Gables Elementary School will supply the entertainment for the final Junior Red Cross Elementary Dade county council meeting and party which will be held at the School Administration Building auditorium, 275 N.W. 2nd St. Miami, at 3 p.m. tomorrow.

Miss Ann McHugh, president, announced today that election of officers, reports of the year's activities and a party in honor of the teacher-sponsors and representatives will be held at that time.

Children from Coral Gables who will supply the entertainment are Betty Sutton, Carolyn Jones and Martha Jarvis who will give dramatic readings; Patricia Crawford, an acrobatic dance; Peggy Driver, a pantomime. Other students will offer musical selections.

Refreshments will be served and all teacher-sponsors and representatives are invited to attend.

## Mumpower Will Head New Group

### Miracle Mile Retailers Join With Ponceites

Eugene Mumpower was elected president and James Rankin vice president when representative merchants met last night at the Country Club of Coral Gables to form a new Merchants' Division of the Coral Gables Chamber of Commerce. The meeting was held in the civic room of the Country Club of Coral Gables.

Mrs. James B. Moore, executive secretary of the chamber, was elected secretary of the new group, which will utilize the facilities of the parent organization.

The merchants have divided themselves into 14 classification groups, and a temporary chairman for each group will be named by Chamber of Commerce President James A. Henderson, who acted as temporary chairman at last night's meeting.

Each group will meet with its chairman and will elect its representative on the board of directors of the Merchants' Division. These representatives will

## City Reviews Budget Tonite

### Paper Balance Is Achieved

Finance Director E. B. Poorman reported today that the city commission last night reached a "tentative paper balance" on the city's fiscal budget, but would probably subject it to additional review at tonight's city commission meeting.

Poorman said that he was not ready, at this time, to release figures on estimated revenues and expenses, but that he was working as rapidly as possible to get the budget estimate in shape for conferences with the Citizens Tax Committee of the Coral Gables Chamber of Commerce.

He said that otherwise, the agenda for tonight's meeting, which convenes at 8 p.m. at city hall, is a light one. Several recommendations from the zoning board and miscellaneous requests have been filed for commission consideration.

An ordinance setting up zoning standards for the recently annexed Coral Groves and Coral Estates subdivisions was passed at the last meeting on first reading, and will be up for final passage tonight.

## Junior Red Cross Plans Final Party Tomorrow

Students of the Coral Gables Elementary School will supply the entertainment for the final Junior Red Cross Elementary Dade county council meeting and party which will be held at the School Administration Building auditorium, 275 N.W. 2nd St. Miami, at 3 p.m. tomorrow.

Miss Ann McHugh, president, announced today that election of officers, reports of the year's activities and a party in honor of the teacher-sponsors and representatives will be held at that time.

Children from Coral Gables who will supply the entertainment are Betty Sutton, Carolyn Jones and Martha Jarvis who will give dramatic readings; Patricia Crawford, an acrobatic dance; Peggy Driver, a pantomime. Other students will offer musical selections.

Refreshments will be served and all teacher-sponsors and representatives are invited to attend.

Graduation, Weddings Cause Flurry of Excitement

By DOT THAGARD

Spring is already here and we know June is just a step away, what with graduation plans, vacation plans, and best of all to our romantic female mind... wedding plans. Practically the center of an epidemic of romance, is Mrs. Vida Githens of 1700 LeJuene Road, who recently

entertained for Miss Helen Harrell, popular elementary school teacher, whose engagement announcement started an avalanche of pre-nuptial parties. The party hosted by Mrs. Githens was a lovely bridal shower held on the spacious lawn of the Le Juene Road home. A large umbrella trimmed with pastel ruffles held the many gifts brought for the honor guest.

Bridal Shower

Ruth Githens, daughter of Mrs. Vida Githens, also entertained with a bridal shower, last Sunday for Charlotte Hicks, who will marry Skip Jones this fall. The guests were classmates of Ruth and Charlotte, who graduate this June from Ponce de Leon High School. In discussing post-graduation plans, with much of the discussion going to college plans, the announcement by seven of the thirty girls present, concerning their own wedding plans for this summer and fall soon took the 'stage.' To us the most interesting, pertaining as it does to our area, are the plans announced by Ruth Githens, the hostess, of her own wedding plans. Ruth will marry Don Greenleaf, the day after graduation, June 11th, with the ceremony to be held at the Plymouth Congregational Church in Coconut Grove. The young couple will make their home at 210 S.W. 38th Court, close to the Gables, where Ruth grew up. Parties for Ruth and Don will start next week making a hectic and busy two weeks for the young bride-elect. Don is employed by Eastern Airlines.

To Ohio

Mr. and Mrs. George E. Tift, and son Billy, daughter and son-in-law and grandson of the H. Higgenbothams, 636 Avenue Zamora, left last Wednesday, to spend the summer at their cottage in Harbour Hills, just outside of Columbus, Ohio. Planning to return in the fall, the Tifts will visit George's folks, and young Billy will meet his paternal grandparents, while in Ohio.

Among new residents, will be Mr. and Mrs. Earl Gates, who with young sons Harold and Earl Jr., will occupy the lovely new home at 1740 Segovia, when it is completed in a few weeks. The Gates have lived on S.W. 14th Street and 44th Avenue, so the move will not be a great one. Having to decide the number of their new home was one of the problems that confronted the newcomers as they had no less than five numbers to choose from, the old S.W. 16th Lane, S.W. 44th Avenue, (and incidentally the difference of Lane and Avenue made a difference of six months in telephone installation, with the Avenue address winning over the Lane, with the phone already installed), the more recent change to Madeira and Segovia brought the choice of the house number to a narrower margin, with the final choice being an Eastern frontage and the subsequent Segovia Street address.

A two bedroom, two bath house, this home is equipped with electric heaters and designed for easy housekeeping and comfortable living. Mr. Gates is the owner of the Coral Gables Detective Agency.

Mrs. E. K. Howard Jr. is finding time none too plentiful these days with daughter Patsy preparing for a dance recital, which is to be held tonight at Miami Senior High School. Patsy is to dance in three numbers, two toe dances, and a military tap... so costumes and preparations are not something one can give the old one-two to, it has taken some planning and lots of time. The Howards' son Bill is to graduate from Ponce de Leon High School on the 10th, and is already enroute for next year at Georgia Tech where he will study Industrial Engineering.

Shun Cold Showers, Bath Expert Says NEW YORK (UP)—This country may lead the world in the number of bathtubs but many Americans don't know how to take a bath properly, according to Harold J. Reilly, for 30 years head of a health service here. "A lot of people actually do damage to themselves by lack of proper bathing knowledge," Reilly said. "They seem to think that sitting in a hot tub, using a lot of perfumed soap, shivering under a cold shower and drying by the brisk rubbing of a rough towel are essential parts of being clean and healthy. Actually, some of these things can hurt their health."

Sitting in a hot tub is all right as far as it goes, but that doesn't mean you're getting clean, he explained. The dirt that has come off is still with you when you get out because you have been sitting in dirty water. Tub bathers should finish off with a cooling—not cold—shower and pat—not rub—their bodies dry with a towel.

"Cold showers are never advisable except as a treatment by a physiotherapist for poor circulation," Reilly added. "Brisk drying overheats the body to the point where, if you go near a draft or dress immediately and go outdoors, you are likely to get some kind of muscular ache or a cold."

Lad's 'Accident' Puzzles Police Police were wondering today whether 13-year-old Donald G. Van Ordsal, 3577 SW 14th Street was really hit by a car or just has a good imagination. Bus dispatcher Lee Davis called police when Donald told him he had been hit by a car at Alhambra Circle and Ponce de Leon Boulevard. He displayed a bicycle with the front wheel missing but no scratches or dents on it. Neither was the boy scratched, cut or bruised.

Police, who drove him to his home, said that the lad was unable to give them any description of the car.

Grove Youth is Bitten by Dog Jimmie Lee Bird, 11, son of Mrs. J. L. Bird, 2564 Trapp Avenue, Coconut Grove, is recovering at his home from a dog bite below his left knee. Jimmie was bitten by a dog near his home late Monday and treated at Jackson Memorial Hospital.

He was one of five persons bitten by dogs in the Miami area, Monday.

Two Bikes Stolen At Venetian Pool Two bicycles were reported stolen from outside the Venetian Pool yesterday, Gables police said today.

Bucky Yoke, 444 NE 36th Avenue and H. B. Caple, 3000 SW 25th Terrace, both reported bicycles stolen.

Mumpower Will Head New Group

(Continued from Page One)

be empowered to speak for their groups.

Own By-Laws

In addition, the merchants decided to draw up a set of by-laws for the government of their division. This will be accomplished through the appointment of a special by-laws committee.

Henderson, in opening the meeting, told the assembled retailers that he thought the idea of forming a merchant's division to handle the problems peculiar to that group and to promote Coral Gables as a business center "is a wonderful one."

He stated that many of the residents do not realize how rapidly the business area of Coral Gables has grown, and that it is necessary to continually campaign to call this fact to their attention.

Citing the motion picture "Miracle on 34th Street," Henderson urged merchants to obtain a list of articles that can be purchased in the Gables and where they can be bought, and to tell customers where they can find an item if it is not carried by them.

Urges 'Follow Through'

"This organization will be what you people make it," he said, "let's start out and follow through."

Citing the necessity for all the retailers in Coral Gables to work together, Henderson said "Miracle Mile cannot exist without Ponce nor can Ponce exist without Miracle Mile. It's got to be a community-wide project with the promotion of Coral Gables always uppermost."

"If I can say at the end of my term of office that there has not been one single business failure in Coral Gables it would be wonderful," he added. "One failure hurts every business in town."

The classifications, from which directors will be elected at separate meetings during the next two weeks, include:

- 1. Women's apparel, yard goods, linens. 2. Men's and boys' clothing, sport shops. 3. Children's clothes, toys, juvenile furniture. 4. Shoes, luggage and leather goods. 5. Jewelry, gifts, books, music and camera stores. 6. Drugs, sundries, variety stores, hobby shops. 7. Furniture, hardware, paint, electrical appliances. 8. Restaurants, bars and grills. 9. Groceries, fruits, meats, fish, bakeries. 10. Printers, publishers, engravers, radio stations, photographers, office supplies and art dealers. 11. Auto supplies, auto dealers, tires, filling stations. 12. Beauty shops, cosmetics, reducing salons. 13. Cleaners and laundries. 14. Miscellaneous. (Because there are some businesses in Coral Gables represented by only one or two outlets, insufficient for a separate group, a miscellaneous group has been suggested.)

Every day our classified columns are increasing because your neighbors and friends are making money through them. For best results dial 48-2641 yourself.

Merger Bill Fails to Establish Safeguards Against Abuse of Power

(Continued from Page One)

boroughs or taxing districts in municipalities not yet consolidated with the county.

6. Give voters exclusive power to amend or repeal charter, but allow board of commissioners to propose charter changes.

7. Substitute simple merit system requirement for 'blank check' provision in existing draft which preserves all civil service rights of employees of the county or any of its governmental units.

8. Eliminate section which re-

quires charter framers to preserve specified offices with existing jurisdiction and duties. Permit charter framers to consolidate or abolish offices or reassign existing duties. If that seems impossible, require preservation of the particular offices for four years only and permit charter to establish their jurisdiction and duties during that period.

9. Make Police Commissioner appointive, instead of elective. Eliminate impeachment provision for Police Commissioner. Better still, let charter framers decide.

10. Allow two months, instead of one, between publication of proposed charter and referendum thereon. Combine referendum with regular election, if possible.

11. Require (a) one-year delay after defeat of charter, and (b) petition 2,000 registered voters for election of new charter board.

The suggestions made by Mr. Wilmot were imperative. He had spoken as an experienced administrator. His attempts to correct the bill were in vain. The entire measure seems one of hasty planning. Is it the right measure for Dade and Miami? How can any one answer the question when the proper amount of research has not been put into the creation of the solution?

A consolidation plan may have worked well in Denver. That is no assurance this particular plan will work in Miami. I am told this entire plan was re-written from one for Key West that never has been given life. It is merely chance that the present proposal will be the answer to any of our local problems. It is so replete with defects that the voters should not permanently commit themselves to this theory of consolidation but rather this proposal should be rejected and allow sufficient time for a proper proposal. The people of Dade County should not be willing to open the door to the many abuses that are possible under this plan.

Mr. Wilmot has remarked, "I wish very much that we could defer action on this proposal, in order to make certain that this particular type of consolidation is the one we need."

May 27, 28, 29 Chosen for 3-Day Effort

(Continued from Page One)

are planning on offering prizes and souvenirs for their customers during the three-day period.

Representatives of the Riviera-Times and the Miami Daily News attended last night's meeting to work out final plans with the retailers.

Customers were advised to get set for a shopping event, the like of which has not been witnessed in Coral Gables since the pre-war period.

Fly Snake Skins To New York For Milady's Shoes

NEW YORK (UP)—Flying snakes need not necessarily signify a hangover.

A \$20,000 shipment of cobra skins from Siam and India was landed at LaGuardia airport as the latest of a lengthening line of exotic cargoes flown by Seaboard & Western Airlines from remote corners of the globe.

Feminine fashion foibles dictated air shipment of this largest and most valuable reptile skin cargo. The two tons comprising over 30,000 individual skins, represent at least 10,000 pairs of shoes and countless accessories now at peak demand.

Bible Salesman Fails To Read Own Wares

AMERICAN FALLS, Ida. (UP)—Murray Bollwinkle, business man, was asked by an elderly salesman to cash a check.

The salesman said it had been given him by a woman living in this area. Bollwinkle obliged. Later he began checking and found there was no such woman on the bank records.

Bollwinkle called the sheriff. They found the salesman at the edge of town. The salesman paid the money back and moved on with his wares—Bibles.

### WALL STREET TRADING

MARKETS AT A GLANCE  
By United Press

NEW YORK, May 18. (UP)—Stocks opened narrowly irregular in moderately active trading today. Bonds ruled steady. Cotton futures declined 4 to 15 points.

A majority of stocks showed small gains in the main list with some of the oils showing wider advances. Motors eased a trifle on strike developments. Rails met some further profit-taking and sagged in several instances.

Radio Corp. and Continental Motors each had blocks of 2,500 shares, the former at 13 1/4 up 1/4 and Continental at a new high of 9-3/8 up 1/4.

### Gables Guard Unit Appeals For Recruits

An appeal to young men in Coral Gables who have passed their 17th birthday, veterans and non-veterans, was made today to join the Coral Gables unit of the National Guard, Company B, 211th Infantry. Headquarters are maintained on the North Campus of the University of Miami.

The recently formed infantry unit has a quota of 195 men. All officers and non-commissioned officers are veteran students at the University of Miami.

A full day's pay in grade is paid members for the one two-hour drill period each week and in addition members will have an opportunity to attend many of the Army's schools, located throughout the nation.

This year the unit will go on 15 days active duty at Camp Jackson, North Carolina, beginning July 5. Full pay and allowances is authorized for this period.

The unit meets every Tuesday from 7:30 to 9:30 p.m. in room 244, North Campus building.

All members are issued full uniform and equipment.

The usual drill period is taken up with instructions in basic drill, manual of arms, operation of infantry weapons and tactics. Instruction is aided by the showing of training films.

Lieut. Kirk Sullivan is commanding officer.

More than three fourths of the American nation's labor force were engaged in the production of physical goods—agriculture, forestry and fishing, extraction of minerals, and manufacturing and mechanical industries—in 1870 with more than half in agriculture. By 1930, only 21 per cent were in farming and only 53 per cent in all phases of production.

### Second Soviet 'Peace Talk' Bid Rejected by U. S.

WASHINGTON, May 18. (UP)—The State Department for the second time in a week today rejected Russia's suggestions to start "peace talks."

In a formal statement, the department described Premier Josef Stalin's statement of his interest in peace as "encouraging," but announced that the specific issues listed by Stalin were not ones that could be negotiated between the United States and the Soviet Union alone.

The issues listed by Stalin were those proposed by Third Party candidate Henry A. Wallace on May 11 in an open letter to Stalin. Wallace suggested them as a basis of negotiation for ending the cold war. Stalin last night accepted them as proposals for discussion.

The State Department today took the same position that Secretary George C. Marshall announced last Wednesday when he refused to entertain the idea of negotiation between Russia and the United States alone on issues that also affect other countries.

### High Court Dismisses Suit To Ban Merger from Ballot

TALLAHASSEE, Fla., May 18. (UP)—Leon county Circuit Judge Hugh Taylor today dismissed a suit for a declaratory judgment which would have prevented the proposed Dade County-City of Miami merger proposal from going on the general election ballot.

The declaratory judgment also would have interpreted the proposed constitutional amendment merging the two local governments.

The judge's action was not final. He gave the Dade Citizens Protective League, which brought the suit, permission to amend its bill of particulars after the coming May 25 primary in Dade county when the local electors will decide whether they favor or disapprove the proposal.

The league will then argue the case on its merits at a hearing set for June 18.

### Louisiana Ex-Governor Freed Of Jury Fixing Charges

NEW ORLEANS, May 18. (UP)—A Federal District Court jury, after deliberating 72 1/2 hours, today pronounced former Gov. James A. Noe innocent of a charge of fixing a jury in a \$135,000 income tax evasion case three years ago.

But the jury found oil multimillionaire William T. Burton, former State Senator Joe T. Cawthorn, a protégé of the late Huey P. Long, and Marcel F. La Branche guilty.

### Mrs. Peterson To Teach Crafts

Mrs. Yvette Peterson, a trained arts and crafts worker, will meet with the jet-racer and clay-modeling groups tonight at 7 in the Youth Center.

Volunteering to give two or more hours a week to the youths, Mrs. Peterson will give the young people the benefit of her skills in plastics, leathers, wood, paints, and other artistic mediums.

After the Youth Center ends its spring sessions June 15th, she will spend the summer as Arts and Crafts Leader at a Wisconsin camp. She will resume her volunteer work at the center on October 1st, when the fall session begins.

Mr. Peterson has his own way of contributing to the welfare of the children in the Gables. Roy has volunteered to mind the Peterson children at their home at 916 Avenue Alberda while his wife is over at the Center.

### \$25,000,000 Increase In Wheat Reported

MANHATTAN, Kans. (UP)—Dr. H. H. Laude, chairman of a nine-state committee for research on hard winter wheat in the Great Plains area, estimates conservatively that there has been a \$25,000,000 increase in wealth from wheat because of research in the last 15 years.

Laude, professor of agronomy at Kansas State College, heads a committee of researchers in Texas, Oklahoma, Colorado, Nebraska, Wyoming, South Dakota, Minnesota, Montana and Kansas.

Laude said that, through the research work, 10 new varieties of wheat had been introduced in the last 15 years. Those varieties, planted on 12,000,000 acres, added 25,000,000 bushels to the annual yield.

# YOU ARE THE JUDGE!

## YOU MUST MAKE THE DECISION IN THIS ELECTION

- Weigh the Evidence—
- 1—Your Circuit Court, your State Supreme Court and your United States Supreme Court are the three great bulwarks of protection for all peoples living under the Freedom of Democracy.
  - 2—The greatest enemy of this great freedom is dictatorship!
  - 3—Honest men disagree among themselves. Such disagreements too often lead to your Circuit Court—your first outpost of protection.
  - 4—Your Circuit Judge makes no laws. It is his duty to interpret your laws, to decide which of the disagreeing parties has or has not abided by your law. He hears all sides of the controversy, chiefly through the words of your witnesses and of your lawyers. He makes a decision.
  - 5—However just that decision may be, it will make one of the disagreeing parties unhappy. The loser's wrath falls upon your Circuit Judge, him who makes the decision.
  - 6—A good Circuit Judge must have the actual experience and must possess the courage to wisely interpret your laws without fear or favor; and without interference of group pressure or veiled dictatorship.
  - 7—Your Circuit Judge Ross Williams has opposition to his re-election because he will not tolerate dictatorship from any individual, group or faction. That fact has been well known for many years to you the people who elected him—and to your lawyers!
  - 8—In place of Judge Williams you are being asked to substitute as Circuit Judge a highly respected young attorney who has little, if any, trial court experience and who has no experience as judge of any court.

What Will Be YOUR Decision?

Your tax dollars pay this public servant. Knowing that you have for 10 years hired a capable, learned, experienced man, one who had 18 years of previous practical court trial experience, one of unquestioned integrity and proved courage, SHALL YOU RISK REPLACING HIM WITH AN UNPROVED EMPLOYEE, ONE WHO HAS NOT YET SERVED HIS APPRENTICESHIP IN THE COURTS OF JUSTICE?

# YOU ARE THE JUDGE!

## KEEP ROSS WILLIAMS YOUR CIRCUIT JUDGE

- Here are some of the many of your leading lawyers who say the answer is "NO." They say the CORRECT decision is
- |                        |                  |                    |

### 'Dangerous' Mental Patient Escapes from Pratt Hospital

(Continued From Page 1) Andres Street noticed the man as he scrambled through a pile of boards in a vacant lot at the rear of the Reynolds home.

Armed With Stick She reported to police officials that she thought he was a construction worker until he cautiously approached the Reynolds home, armed with a stick, and entered the garage from the back yard.

"I was just going over to see what was going on when he came careening out the front door of the garage on Mr. Reynolds' bicycle and went pedaling off," she related.

Notified by Mrs. Higgins, Miss Helen Reynolds left her society department desk at the Riviera-Times and went home to investigate. She reported that the prowler had carefully moved her bike out of the way in order to get at her brother's bicycle.

# OUR TOWN

## Let's Untie Them

By Al Harum

A good many Gableites came to Florida to participate in the informality of the Southland—in addition to the fact that we have oodles of sunshine and health. A major portion of that informality is manifested in the clothes we wear.

AL HARUM

In Northern restaurants, for instance, patrons are obliged to wear coats and ties right through the weltering summertime. In Coral Gables such a rule would be the exception. We dress for comfort and are still able to maintain our respectability. The choking tightness of a tie and the cloying adhesion of a long-sleeved shirt are often a source of discomfort during the long Summer days. So we don't wear ties and long sleeves.

The reason I bring the subject up is that, through all this informality, the members of the Police Department are obliged to wear the aforementioned choking tie; the same rules which apply in Winter apply during the summertime.

There is a feeling among the members of the department that some relaxation of regulations might be appropriate during the warm period.

They suggest an open shirt without tie. This is a matter for members of the City Commission to decide. Whether the matter is brought to the attention of the commissioners officially or not, it should be placed on their agenda.

As often as we are angry with a policeman we find that he is a human being, fraught with the same human characteristics we all enjoy.

He gets warm, too.

His job is to enforce the law and, from what I've been able to observe, they do an excellent job with their small numbers in Coral Gables.

Let's not put a noose around their necks all Summer long. Let's allow them some of the informality which brought so many of us here.

### WHAT A WEEK!

I go to church on Sun.  
 So I behave 'til Mon.  
 I wake to find it Tues.  
 When I confuse the Muse  
 (Before you're out of bed)  
 With lines for you on Wed.  
 I hope that naught occurs  
 To crab our date for Thurs.  
 But if it does I'll try  
 To make a date for Fri.  
 Although you well know that  
 My pay-check comes on Sat.  
 We then could end the week  
 —Dancing cheek to cheek.

TOM HENDERSON

### Slot Machines Appeal

**SAGINAW, Mich. (UP)**—Saginaw officials are wondering whether the state's ban against slot machines has created a mass of frustrated coin machine addicts. They advertised for a man to collect nickels from the city's parking meters and received 35 applications.

### Poetic Justice

**INDIANAPOLIS, Ind. (UP)**—Patrolman James A. Miller has handed out hundreds of parking tickets. Then another policeman got him for illegally parking his motorcycle. Without saying a word, Miller shelled out \$2 at traffic court.

### Ham Comes High

**MOLINE, Ill. (UP)**—James Stoneking got a ham at the rate of \$26.60 a pound, but didn't get to keep it even at that price. Stoneking was charged with pilfering a four-pound ham from a restaurant. He was fined \$106.40. The ham was returned to its owners.

### House Heated/Free

**VALE, Ore. (UP)**—Mr. and Mrs. James Hawley have no worries about how to heat their home during cold eastern Oregon winters. A natural hot water flow near the Hawley home has been harnessed to pipe heat into the house.

## SHORT QUIRKS

### Secret Vice

**BISMARCK, N. D. (UP)**—A well-dressed man was caught carrying a comic book out of a newsstand concealed in a magazine for which he had paid. He explained that he liked to read comic books but was ashamed to let anyone know it.

### Herd Is Prolific

**FLEMINGTON, Mo. (UP)**—Neil McShane, dairyman, is hitting it rich. Eleven Jersey cows in his herd have given birth to 11 heifers in the last three months. There was a 12th calf, a bull, born in that time, too. One of the cows produced twins.

### Paper Waste Found Useful

**MADISON, Wis. (UP)**—Two University of Wisconsin scientists believe their discovery can halt stream pollution from paper mill wastes. Profs. W. H. Peterson and Reid Leonard have developed a process for turning sulfite waste from paper mills into lactic acid, used in tanning leather, processing foods and making lacquer.

### MEMORIAL DAY REMINDER

THE THURMOND MONUMENT CO. offers regular individual grave markers for Memorial Day delivery at \$35 plus cemetery charges. Price includes lettering.

THURMOND memorials of ageless granite built to conform with cemetery regulations are of highest quality, material and workmanship obtainable. Visit our showroom displaying a large stock of monuments and markers so you may see and select your actual memorial.

## It Says Here

Well, the penny postcard barrage has started with **Dora and Ev Livesay** firing the first shot from **White Sulphur Springs**. We can't quite call 'em the first entrants in the **Blanket Derby**, because they failed to mention how many blankets they were using up there. Anyhow they comment that it has rained and practically spoiled Ev's golf game and that they are ready to come back to Coral Gables via Charleston, W. Va. . . . and here's the latest entry in the station wagon naming contest from **Dot Thagard**. She suggests that **Pat and Roff Elliott** name their new buggy "**Dun-giv-Adam**." The contest ends Friday with a jug of champagne for the best one. So send 'em in.

Here's hearty congratulations to **Mike Kelly** for his recent tuna catch. Watch the sports page for more about it. . . . **Jim Rankin** tells a story about a farm he owns up North. Seems the tenant farmer owned a pretty good bull, which he said was worth about \$1,500. "I'm going to make that bull worth \$5,000," said Jim—and he did. The next time he was in the village store, he rigged a conversation with his brother in which they let the villagers overhear the fact that the farmer had refused a \$5,000 offer for the animal. It didn't take but a few days for it to be generally accepted in the entire farming area that the bull was indeed, a \$5,000 bull. . . . **Z. O. Young**, a groceryman in the northwest section, is fighting his own battle against consolidation. Mr. Young writes, illustrates and distributes his own mimeographed pamphlets, pointing out the dangers and evils in the merger.

## Hollywood Film Shop

By PATRICIA CLARY  
United Press Staff Correspondent

**HOLLYWOOD (UP)**—Since David Niven came back from England, the movie colony hasn't had an easy moment.

Movie stars look carefully now before they sit down. If Niven's been by, their chair may collapse under them. They invent excuses to dodge his hearty handshake. Maybe he'll break an egg in their paw.

"I am a rabid practical joker," Niven admits shamelessly. "And don't ask me what that reveals about my character."

The stars are stepping cautiously on the set of Warner Bros. "A Kiss in the Dark," in which Niven stars. They don't know who's next.

Niven opened his bag of tricks on this picture with a joke on **Broderick Crawford**, who plays a loud-mouthed bully. Crawford was supposed to down Niven with a single punch to the jaw, and Niven whispered to Jane Wyman to scream the instant he hit the floor.

**Shower of False Teeth**  
 Crawford swung. Niven dropped. Miss Wyman shrieked. And the horrified Broderick was showered with false teeth. "That's the first gag I've tried on this picture," Niven said smugly. "Watch out, everybody."

For jokes, Niven has tried noisemakers of all kinds, crazy telegrams, intricate electric set-ups and garlic-rubbed walls.

"I don't think there's anything new under the sun in the way of jokes," he said. "But people always fall for the same thing over and over again. So do I."

The best joke of Niven's career was one somebody pulled on him. He got an invitation to a masquerade party and got all dressed up, even to face makeup, as a clown.

A butler ushered him into the drawing room and there he discovered that everybody else was wearing strictly formal dress. He spent the evening as a clown.

"My hostess, who wasn't in on the joke, was completely bewildered," he said. "One of the other guests, who once took a joke at my hands, marked the invitation for a masquerade."

Finding movie chorines for lavish musicals these days is like looking for a needle in a field of haystacks.

Dance directors **Kenny Williams** and **Seymour Felix** say the shortage is mostly their own fault. They've been wearing out the old girls without training any new ones.

"Just a few years back," Williams muttered, scratching his abundant head of hair, "the girls were pounding on the gates to get work. Talented kids, who knew how to dance, and who could whip a tough number into shape in less than a day."

"But where are they today?" sighed Felix, massaging his own half-bald pate. "It takes two months to line up a chorus now and another month to teach the new girls enough routines to go through the picture."

The 20th Century-Fox dance directors have been combing Hollywood for the combination of beauty and ability required for chorines to back up Betty Grable in "Burlesque." She's teamed with **Dan Dailey** in a repeat performance of their hit in "Mother Wore Tights."

Few Left Now  
 Four years ago, they estimated, they would have been able to find 100 experienced and capable chorines in casting office lists ready for a call. Today only about 15 or 20 are left.

"One reason good gals are hard to find, said Williams, "is that we used the same girls over and over, picture after picture, for so long. We knew we could rely on them, so naturally we kept calling the same bunch."

"Meanwhile," Felix pointed out, "dance directors all over town overlooked the fact that not enough newcomers were getting a chance to build up experience. They didn't get work often enough."

Now, about half of the 100 old standbys have retired. Some are in high-paying industrial jobs they started during the war. Others have families to care for.

"This leaves those 15 or 20 good chorines mighty busy," Williams said. "We were lucky to be able to grab most of them for 'Burlesque.'"

## THE TEEN SET

### Teen Agers Give Girl Jazz Band Super Rating: 'They're Real Gone—and Back!'

By Betty Betz

"Those girls are REAL gone!" said little Paddy as he clapped his hands and stomped his feet to the eight-to-the-bar rhythms of the All Girl Jazz Orchestra. A few of them came up for a junior jam sesh in my studio and after everyone cleared out I fully expected my landlord to break my lease.

"What'd she do, open a dance hall up there?" asked the woman downstairs to the elevator man.

"Naw . . ." said Spence, "It's a pack of jitterbugs."

Say, when these girls got warmed up, even the building couldn't stand still, and the boogie "came in like Gangbusters."

"Anything the men can play, WE can play better," said sweet and shy Mary Lou Williams, who set the pace of the rhythms on my midget upright and said that she could use a few more octaves on the small keyboard. The girls played informally in the middle of the room, and—the kids either sat around on the bare floor or danced whenever they felt like it. Most fascinating musical instrument was the vibraphone, played by pretty Margie Hyams, and during "Intermish" all the kids wanted to try it.

"Looks like she's got a fist full of lolly pops," remarked one boy about those little mallets she used to beat out the chords. They used no music, as they "feel" a song and every girl sort of works out her own arrangements. They'd start out with a slow "oldie" like "Sweet Lorraine" and work up to the hottest be-bop this side of 52nd Street. Every so often you'd hear one of the gals shout, "I'm hip!" "hurry on down!" or else they'd let out just plain girlish squeals at the peak of a really "insane" number.

"When I was a little girl in Pittsburgh, my mother had an organ and I started picking out tunes by the time I was three or four. I kept up my practicing and then graduated to a piano, and then I really found myself. I never had a lesson . . . it just comes natural. The real test for would-be jazz players is whether they have the feel or not. You can study for years and years but you won't get any place if you don't feel the music inside."

Then one of the girls in my teen age gang sat down at the piano and played a few songs which Miss Williams said were very nice. Another girl with a torch

voice sang a few songs, and two pretty blonde twins, Jane and Joyce Willey, put on a cute dance exhibition.

"That's just how you get started in show business," said Miss Williams, "you can get a lot of experience by entertaining your friends. Say, those twin girls are pretty good . . . Why don't they get professional jobs?" I went over and asked the girls if they were interested in taking up their dancing seriously.

"Well, we already teach every day after school at the Fred Astaire Dancing Studios. Is that professional enough?" Jeepers! Not only are those girls "real gone," but they're "real gone, and BACK" as our Girls in Jazz would say. It was a terrific "hopsesh" kids . . . and I only wish that all of you could have been there!

Betty Betz

Mary Lou Williams was hounded for her autograph after the jam session was over and was asked by a junior reporter how she got her start as the great Cafe Society piano soloist.

"When I was a little girl in Pittsburgh, my mother had an organ and I started picking out tunes by the time I was three or four. I kept up my practicing and then graduated to a piano, and then I really found myself. I never had a lesson . . . it just comes natural. The real test for would-be jazz players is whether they have the feel or not. You can study for years and years but you won't get any place if you don't feel the music inside."

Then one of the girls in my teen age gang sat down at the piano and played a few songs which Miss Williams said were very nice. Another girl with a torch

voice sang a few songs, and two pretty blonde twins, Jane and Joyce Willey, put on a cute dance exhibition.

"That's just how you get started in show business," said Miss Williams, "you can get a lot of experience by entertaining your friends. Say, those twin girls are pretty good . . . Why don't they get professional jobs?" I went over and asked the girls if they were interested in taking up their dancing seriously.

"Well, we already teach every day after school at the Fred Astaire Dancing Studios. Is that professional enough?" Jeepers! Not only are those girls "real gone," but they're "real gone, and BACK" as our Girls in Jazz would say. It was a terrific "hopsesh" kids . . . and I only wish that all of you could have been there!

### Parties Honor Couple Moving Up State

An outdoor barbecue was given Sunday evening by Mr. and Mrs. Earl Meyer, 4750 S.W. 5th Street, in honor of Mr. and Mrs. W. G. Willis who are moving to Silver Springs the tenth of June.

The Willises, who have been residents of Greater Miami for the past fifteen years and who are now living at 4777 S.W. 5th Street, are moving to the central part of the state to set up their own business.

Saying farewells to them Sunday evening were forty of their friends whom they have made since they have lived here.

Assisting the Meyers with the barbecue was Mrs. Glenn Wheat. Other farewell parties have been planned for the Willises before they leave. Included in these events is a luncheon which Mrs. J. M. Markley, 3150 S.W. 19th Terrace, will give in honor of Mrs. Willis next Tuesday. Twenty guests have been invited. Mrs. P. H. Scheffsky will assist the hostess.

### Tampa Visitors Leave for Home

After spending a week in the home of Mr. and Mrs. R. E. Fowler, 897 S.W. 27 Avenue, Tech. Sgt. and Mrs. C. A. Anderson and son, Joel, will return to their home in Tampa today.

Mrs. Anderson, who is the daughter of the Fowlers, and her husband and Joel recently returned from Japan where Mr. A. was stationed with the Army of Occupation. He is now stationed in Tampa.

### RIVIERA CHURCH CIRCLES MEET

Mrs. Carl S. Sealander, 5721 Riviera Drive, will be hostess to Circle One of the Riviera Presbyterian Church at her home Thursday morning at ten thirty o'clock. Mrs. G. W. Kosel will have charge of the program and Mrs. Sealander will present the devotional.

Circle Two will be entertained at eight o'clock Thursday evening by Mrs. Harry Thompson, 3658 S.W. 23 Terrace. Mrs. F. K. Anderson will direct the program, "The 1948 Birthday Objective" and the devotional will be given by Mrs. George Beecham.

### Gableites Entertain At Coke Party

Invitations are being issued by Mrs. John B. Sullivan and Mrs. Boyce P. Ezell Jr. for a coke party which will honor Mr. Grant Stockdale, candidate for a post on the Dade County Board of Commissioners.

The informal morning party will be held at eleven o'clock tomorrow at the home of Mrs. Ezell at 1540 Avenue Trevino.

### Massachusetts Family Purchases Home

Among newcomers to the Coral Gables area are Mrs. J. M. Norris and her daughters Marjorie and Rhoda, who formerly called Quincy, Mass., home. Mrs. Norris is a Miami career woman. Marjorie attends the University of Miami and Rhoda high school. The trio reside in their own home at 5999 S.W. 44th Terrace.

# Beach Party to Feature Final Garden Club Session

## Installation of New Officers To Follow Picnic Luncheon At Matheson's Hammock

Informality will mark the last meeting of the year of the Coral Gables Garden Club, and picnic food from fried chicken to ice cream, will grace the bountiful board in place of the ubiquitous May breakfast.

The time is eleven thirty o'clock Monday morning and the place, the shelter at Matheson's Hammock.

Following a custom of several years standing—that of having an informal party—the installation of new officers, never-the-less will be marked by solemn rites and will take place after the al fresco luncheon.

Mrs. George Corrigan, retiring president will be the installing officer. New officers are Mrs. George Simpson, president; Mrs. Walter Wipprecht Jr., and Mrs. John Norman, first and second vice president; Mrs. Francis S. Graham and Mrs. Leonard C. Olson, recording and corresponding secretaries, Mrs. Horace Cordes, treasurer and Mrs. William T. Hilles, auditor.

Directors to be installed will be Mrs. Corrigan, Mrs. Fred Grimham, Mrs. Fred Miser, Mrs. Charles Fuchs, Mrs. Evan D. Roser, Mrs. Howard Sullivan, Mrs. Worth St. Clair, Mrs. Robert Pontland Sr., Mrs. Edwin N. Belcher, Mrs. William Merriam, Mrs. M. B. Garris, Mrs. Charles Miller, Mrs. James Ammen, Mrs. George Williams and Mrs. Herman Feick.

### Bring Silver!

Members are asked to be sure and bring silver for their own use at the picnic luncheon. In charge of the arrangements are Mrs. Graham, with Mrs. Douglas Reynolds as assistant.

Committee members assisting

MRS. GEORGE SIMPSON

are Mrs. James Ammen, Mrs. George Arnold, Mrs. Alfred B. Carter, Mrs. James Llewellyn, Mrs. Phillip Heimbald, Mrs. Merriam, Mrs. Lowell Southern, Mrs. Roser, Mrs. Thomas Horobin, Mrs. John Wynn, Mrs. Cresswell Stedman, Mrs. Simpson, Mrs. George Williams and Mrs. Orvis Yingling.

## Gableites Head For Summer Homes in 'Chi'

"Just as soon as we can get our things together, we're leaving," says Mrs. John F. Shallenberger who, with her husband, is planning to return to their summer home in Chicago, Illinois, soon.

The Shallenbergers, who reside at 1025 Avenue Catalonia, spend six months of the year in Chicago and six months down here. They plan to return to the Gables around the first of December.

Leaving Saturday for their summer home in Chicago, Illinois, are Mr. and Mrs. W. C. Atwell of 706 Coral Way. Enroute to the northern city, they will make a short visit in Atlanta, Georgia. Before they return to the Gables around the first of November, they will visit in various parts of Wisconsin.

## Mrs. Hodsdon To Be Installed As AAUW Head

Mrs. Nicholas Hodsdon of Coral Gables will be installed in the office of president of the American Association of University Women in ceremonies to be held Saturday at the Country Club of Coral Gables.

The installation breakfast will take place at one o'clock with Miss Birdie McAllister serving as installing officer.

Mrs. F. N. Chaplin will give the invocation and the history will be read by Mrs. Jack O. Knowles. Piano selections will be presented by Mrs. Raleigh Petteway.

Mrs. Kuss Williams is chairman of the program committee. Decorations will follow the theme "Unity of All Nations." Mrs. J. F. Sauder is chairman of this committee.

Miss Millicent Mattocks and Mrs. S. K. Wood are taking reservations, which should be in by Wednesday night.

## Mrs. Hendrick Host at Jaycee Wives Party

To enable wives of Jaycees to meet and become acquainted with other Jaycee wives, there will be a meeting of the Coral Gables Junior Chamber of Commerce Auxiliary at the home of Mrs. David Hendrick Jr., 504 Avenue Aragon, on Monday evening, May 24, at eight o'clock.

"Informality will be the theme of this get-acquainted party," says the hostess who will be assisted by Mrs. John Galbraith.

This will be the first in a series of social meetings which the auxiliary is planning to have. At the last meeting of the group it was decided to have two meetings a month, one a business meeting at the club and the other a social meeting at one of the members' homes.

All Jaycees' wives are urged to attend this first social.

## Gableites Take Part in State K of C Session

Coral Gables residents, headed by clergy from the Church of the Little Flower, will play prominent roles in the annual meeting of the Florida State Council, Knights of Columbus, scheduled Saturday through Tuesday in Miami.

The Rev. Thomas Comber will serve as Arch Priest in the Pontifical Mass to be sung at Gesu Church Sunday morning, while the Rev. George Cummings, a Gables resident before entering the priesthood, will assist at celebration of solemn Requiem Mass in conjunction with the meeting Monday morning.

Benediction at the annual State Council dinner Monday will be given by the Rev. Patrick Trainer. Coral Gables women who will serve as co-hostesses to greet delegates from all parts of Florida will include Mrs. J. J. Dunne, Mrs. Denis V. Renault, Mrs. Andrew T. Healy, Mrs. C. B. Schry Jr., and Mrs. W. T. Shively.

## West Miamians Tour Up-State

Mrs. Robert H. Manley, newly elected president of the West Miami Woman's Club, Mr. Manley, and their two children, Geoffry and Susie, left recently to spend two weeks at Sarasota and Silver Springs.

The Manleys, who reside at 6317 S. W. 16 Street, will return home the last of this month.

## Market Owners Buy New Home

Owners of the Keystone Market on Flagler Street, Mr. and Mrs. Clifford Nagel are among new residents who formerly called Cincinnati, Ohio, home. The couple reside in their own home at 5738 S.W. 26th Street.

## GROVE ARTIST FINDS GENTLEMEN PREFER BLONDE DOLLS -- TOY ONES, THAT IS!

By Chuck Wiley

Gentlemen prefer blonde dolls; toy dolls, that is. Such are the findings of Mrs. A. E. Aikens, 3117 Indiana Street, whose business it is to make the dolls gentlemen prefer. "I guess I just never got over playing with dolls," said this young matron who estimates that during the past three years she has made approximately five hundred dolls.

Shortly after Mrs. Aikens moved to the Grove five years ago from Detroit, Michigan she took up the hobby of making dolls.

"When I first began making them, I had no idea of selling them. They were primarily for gift purposes," she explained.

One day when her husband took one of the dolls to the office, his fellow workers were so pleased with it that they began giving him orders. That was the end of Mrs. Aikens' hobby and the beginning of a business.

Since she was unable to go shopping, due to an illness which kept her at home, her husband had to purchase the satins and laces needed for the dolls' dresses.

"During his lunch hour," Mrs. Aikens related, "he and a buddy of his would go around to various fabric and yarn shops and purchase all of my materials."

As orders began to roll in, Mr. Aikens was given additional chores. He began helping put hair on the dolls' cotton-filled heads.

"I made on the average of one doll a day," the Groveite explained. "The week before Christmas of 1946, I filled thirty-five orders."

Her most popular dolls are those with blonde hair and blue dresses. These, she explained, are ordered mostly by men.

"It seems that the frillier they are, the better men like them," she said. "I found that to be true when, after selling my milkman a doll for his wife, I got at least fifty orders from other milkmen with his company!"

Next in popularity with the menfolk are the red haired dolls with green dresses.

The dolls Mrs. Aikens produces are all one size; about twelve inches long. Each of their faces is carefully embroidered, never drawn.

One of her best productions is that of a bride which recently won first place in the stuffed toy division of the Grove Home Demonstration Club of which Mrs. Aikens is a member.

Dressed in a white satin wedding dress trimmed with white lace, the doll displays a three quarter length white lace veil complemented by white lace gloves and shoes.

This doll was made for a special occasion, as

—Riviera-Times photo by Bauer Mrs. Aikens

are most of Mrs. Aikens' toy babes. For example, she makes the bonidior novelties for Valentine's Day, graduation day (complete with cap and gown), and Easter. All of the dolls' gowns are original creations of the maker.

Prices of the dolls are determined by the cost of the material. The usual cost is four dollars, but if the dollie is gowned in cotton, the cost is three dollars.

In spite of her success in the doll business, Mrs. Aikens gave up the business last summer.

"They were just too popular," she modestly confessed.

Now she makes the toys mostly for gifts but occasionally she will take an order if she's not too busy filling her role as mother and housewife.

Hurl, her eight year old son, and Dorine, ten year old daughter, keep her pretty busy. As for them helping her make the dolls, she says "that's out of the question. Dorine doesn't like sewing and Hurl thinks dolls are strictly for girls."

Although she's not counting on Dorine ever taking up her doll making hobby, she figures Hurl will take a little more interest in the hobby when he learns to appreciate the fact that gentlemen prefer blonde dolls; toy dolls, that is.

## Gableites Will Spend Summer in Shade Of Trees Immortalized by Joyce Kilmer

If Walter M. Van Nort of 4514 Alhambra Circle waxes lyrical in the "Reporus Summertime" he's promised to relay back to Coral Gables from his old home town, no one will be more amazed than Mr. Van N. But no one should be surprised at all, for

ultimate destination of the gableite's Gableite and his sister, Mrs. Charles N. Manfred, will be the old Kilmer farm in Westchester, New York.

"Our home in Larchmont is part of the old Kilmer homestead property, and the cool green spreading maples that shade it are said by old timers to have been the inspiration for Joyce Kilmer's beautiful poem "Trees," Mr. Van Nort related today.

The two Gableites will leave their home here a week from tomorrow for a motor tour that will take them first to the Fishburn Military Academy at Waynesboro, Virginia, to pick up Mrs. Manfred's son, Charles N. Manfred III, a junior at the Academy.

They'll linger long enough to witness the school graduation before going on with their added passenger to Washington, D. C., and to Williamsburgh, Va., for a sightseeing tour of points of historic interest.

After a stopoff at Atlantic City, N. J., for the Shriner's Convention, the threesome will proceed to Larchmont to set up summer headquarters.

"We'll take short trips into New York City and the suburban areas renewing old friendships — and will no doubt bump into some Gables friends as we always do," Mr. Van Nort predicted.

Later in the summer they will meet some Gables neighbors far from home—by appointment—at Glenn Clark's "Camp Farthest Out" on Lake Winnepesaukee, New Hampshire.

"We've arranged to repay the visit Mr. Clark paid us down here during the latter part of August, at the same time that Dr. and Mrs. Harry I. Marshall will be there," he reported.

If the traveling mood is still upon the Van Nort entourage they may go on to Rockport, Me., for another summertime reunion with the Marshalls at the latter's Maine summer place.

## Bach Banned Be-Bop Prevails

The University of Miami Woman's Club enjoyed a fashion show of hand-made frocks at its concluding session—and music hand-tailored to fit the occasion, too.

"Please, none of that long-hair stuff!" program chairman Mrs. J. Maynard Keech begged pianist-member Mrs. W. Scott Mason, whose studies have given her more than a nodding acquaintance with Messrs. Brahms, Beethoven and Bach.

The talented musician obliged by digging into a trunk and coming up with three lilting, tuneful melodies she had composed herself, "Must This Be the End?", "I'll Keep On," and "Why Did I Change My Mind About You?"

Then, just to prove she knew what the score was, Mrs. Mason gave out with bebopped-up versions of such "classics" as "The Old Gray Mare" and "Take It Off, Take It Off" as background music!

## Eyes of Gableites Are on Texas

Off by plane Thursday will be Mrs. I. Hall (Mary Belle) Macy and Mrs. Leo (Virginia) Cloney.

They will be Texas bound for the home of Mary Belle's mother, Mrs. Frank Lott near Dallas. After a day or two at the "U-Lazy-S" ranch at Post, Texas, huge ranch of Mary Belle's family, the two Coral Gables women will return accompanied by Mrs. Lott.

After a visit here and at Miami Beach, her former winter homes, Mrs. Lott will return to Dallas, accompanied by her grandson Bobby.

## Long Islanders Are Among New Residents

Mr. and Mrs. J. M. Briggs formerly of Long Island, N. Y., have bought one of the new bungalows at 5774 S.W. 26th Street. The family consists of daughter Marjorie Anne and son James, both teenagers. Mr. Briggs is in the building business.

## Northeastern Coastal States Are Mecca for Vacationists From Gables and Vicinity

Included in the summer vacation plans of Mrs. Harry I. Ward, 908 Avenue Obispo, is a visit to her alma mater in West Minister, Maryland.

She'll leave Thursday for Arlington, Virginia where she plans to spend a week with her niece, Mrs. Don Diefendorf.

From Arlington, she will journey to West Minister to attend an alumni banquet at Western Maryland College where her nephew, Prof. John Bayley Jones, is an instructor.

After the banquet, Mrs. Ward and the professor will go to the eastern shore of Maryland for a few days before the Gableite goes on to Philadelphia and New York. At the latter, she plans to visit her brother who has a country home at Yonkers.

Mrs. Ward plans to be away from the Gables for about a month.

A second honeymoon at Niagara Falls is what the David Coopers, 6327 S.W. 16 Street, are hoping to be able to take this summer during their forty-day vacation.

Leaving the sixth day of June, Dr. and Mrs. Cooper will go first to Gainesville where the doctor will take a three-day advanced dental course at the University of Florida.

When "school" is out for the doc, he and his wife will visit friends and relatives in Alabama, Washington, New York and Connecticut before returning home.

Vacationing in Philadelphia, Pennsylvania is Mrs. Gorham Clifton of 1140 Coral Way. Now visiting her sister, Mrs. John Sullivan, in the Quaker City, Mrs. Clifton plans to be away from the Gables until fall.

Following their visit in the capital city, they will motor to Charlottesville, Virginia to see Mr. Gentry's folks, the W. B. Gentrys, before returning home.

The Gentrys, who live at 5115 S.W. 5th Street, plan to be away for about a month.

To attend a convention of the Southern Hardware Association, L. M. George, of 5720 S.W. 12th Street, and W. J. George, 5739 S.W. 12th Street, are in Jacksonville.

After a three-day stay in the coast town, they will return to their homes tomorrow.

**SCORECARD**  
By DON CUDDY SPORTS EDITOR

### Hurry, Hurry for Hurricane Ducats

The University's football season ticket sale gets under way tomorrow and new coach, new system and an apparently revitalized Hurricane squad should do considerably to push the ducats. With almost more seating than they know what to do with, there's a good chance that some games will be bargain nights. But look again at the rugged tail end of that home slate and maybe you'll be better off getting good seats for the whole slate while you can. Which observation also brings the note that Tommy Miller at the Country Club has only a few more seats left in the special Coral Gables rooting section and the deadline is this Sunday.

### Dinner Key Talk Doesn't Worry Peeples

Monday Scorecard mentioned that the proposed Dinner Key sports arena sponsored by the City of Miami might be a threat to Coliseum bookings. It was promptly corrected on the matter by W. H. Peeples. The article that mentioned the project suggested that the University might switch its dates for basketball and boxing there and also booking the ice show figure in the plans. Athletic Director Jack Harding is in Birmingham for the SEC confab and so cannot confirm the fact that the Hurricane teams already have most of the weekend dates from the middle of December through March already booked for this year's schedule. Too, the U of M has another year to run on its contract. And the best show on the road, "Holiday on Ice," already has its dates set for the Coliseum . . . So that leaves somebody high and dry.

### Strictly for Chuckles

The proposed arena could become a political football in Miami, and casually here's some ammunition for the wiser politicians who can prove that it would be much better to take the several hundred thousand dollars needed to convert the two hangars and put it towards a decent convention hall . . . One architectural problem concerned with making the airplane barns into a palaestra seems to be pretty much under cover. The floors in both buildings slant away from each other, which would create an impossible ground floor seating problem . . . The basketball court would be sort of balanced about at the center circle—which is all right as long as an equal number of players remain on each end . . . or maybe the powers-that-be feel that the novelty of playing on a teeter-totter might be good for a laugh . . . Anyway, they've got the taxpayers money to pay the bills with . . . which is another form of the Miami sense of humor.

### Last Chance for Town Ball Club

Some time ago, Scorecard tried to whip up a storm for a Coral Gables town baseball team. There have been murmurs of interest since then and tonight comes the first chance to get a club in the Dade County league . . . Pete Roberts of the Miami recreation department has called a meeting for 7:30 tonight at the courthouse for all interested . . . and this corner would like to give all the support necessary to the project if somebody else would get on the bandwagon.

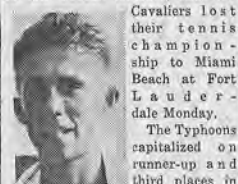

### Ponce Netters on Slim Budget

Coach Howie Doyle takes his Ponce de Leon tennis team on the road tomorrow—up to the state high school meet at Rollins College—where it figures that the Cavaliers can win the Florida crown although they lost the Gulfstream heirlooms to Miami Beach . . . The expense account afforded the four lads is mighty slim. It may be a little late to get up some contributions (except through individual donors) but it seems that Coral Gables should have a little kitty set up to aid the high school "poor relations" on occasions like this.

## Beach Edges Cavs 11 to 10 On Place Wins

Billy Merriam annexed the Gulfstream Conference singles crown and Ponce de Leon High school placed semi and quarter-finalists in the double matches, but the Cavaliers lost their tennis championship to Miami Beach at Fort Lauderdale Monday.

**MERRIAM**  
Merriam lost their tennis championship to Miami Beach at Fort Lauderdale Monday. The Typhoons capitalized on runner-up and third places in the singles for five counters and got five points for winning the doubles to edge the local crew 11 to 10 in the point standings. The tiara was topped when Merriam and Doug Sandberg bowed to the Beach duo of Phil Abrams and Tom Ungerleider, 6-4, 4-6, 7-9. Merriam and Sandberg led five games to 2 in the final set but were overhauled for the deciding points.

Miami Beach made a clean sweep of the girls division to pick up both ends of the conference championship. Ponce did not send a girls team to the meet in which more than 40 players from five schools competed.

Wednesday Coach Howard takes the same crew to the state high school meet at Winter Park, with Rollins College the host.

Merriam got four points for his singles win and Dick Murphy picked up one as a quarterfinalist in the same division. Paul Setze and Murphy also accounted for one point by reaching the quarterfinals of the doubles matches before bowing to Abrams-Ungerleider, and Merriam and Sandberg accounted for the other three markers.

## Tourists Hold Third Place with 18-Hit Barrage

Miami's Tourists remained in a third place tie in the Florida International league by pounding two Fort Lauderdale pitchers for a total of 18 hits and an 11 to 2 triumph last night.

Manager Red Ernisch provided the inspiration for Miami's slugging bee with a perfect six for six times at bat that drove in six of the bingles. The Braves could collect only two runs on six hits off Tourist moundmen Amando Roche and Jake Floyd.

Tonight the Miami team remains in the Braves camp while Miami Beach plays host to West Palm Beach at Flamingo Park. The Flamingos measured the Indians 3 to 2.

Chico Morilla pitched his eighth victory of the season for Miami Beach and gave a passable account of himself after the game in a fist fight with Mike Dastra of West Palm. He was touched for base knocks nine times but kept the hits dispersed while his mates butchered their four safeties off Mike Rossi and Tony Estrella.

Havana's loop leaders returned to foreign soil last night and promptly ran into trouble with the St. Petersburg Saints, who sneaked a 4-3 game away from the Cubans in the opening of the series.

Tampa missed a chance to trim Havana's four and a half game lead by booting away a 7 to 3 game to Lakeland.

The same clubs pick up their series on the same lots again tonight.

## Yerrat vs Lamelas 8-Rounder Gets Coliseum Ring Spotlight

Three former main-eventers drop down to the preliminary ranks tonight on the Coliseum boxing card as Cuban Antonio Lamelas makes his United States debut in the featured eight-round heat against popular local feather-weight Augie Yerrats.

## Trials Feature Biscayne Bill

The second night of the special Preparation Series at the Biscayne Kennel Club arraying young dog eligibles for next Monday's annual William Fineran Memorial Stakes and the closing night's May 31 Biscayne Derby, will claim chief attention tonight of the 10-race schedule. These popular stars are closely matched in the eighth and ninth races at 5-16 mile and the tenth race over the long Biscayne Course.

The eighth will see My Pity Pal, a youngster going in top form of late, meeting a contingent of older racers headed by the former champion, Jonora, which is returning tonight after a three weeks rest. Other leaders in this entry are, Jolly Hal, Glide By, Forever Amber and other prominent recent winners and money-finishers.

The ninth will bracket Pain, Stupid Hugh, Cunning Lass and Reno Baby as stellar youngsters against such older stars as Adora, Biscayne Inaugural champion; Gloria Ann, Perky, Road Test and Cunning Lass as recent winners and prominent top race entrants.

## Biscayne Entries

- |               |               |

|-----------------|----------------|
| 1 My Barbara    | 6 Hugh Herbert |
| 2 Galacra       | 7 Jolly Jewes  |
| 3 Russo         | 8 Consistent   |
| 4 Hoosier Hoote | 9 Jovianne     |

The tenth over the long course will see the star young racer, Jovianne and Consistent meeting such proven routers as, Gabagan, Hoosier Hoote, Hugh Herbert, My Barbara and others.

A tight hurling duel between the Beachites' Wally Morrell and Dal Powell of the Rebels is expected. Monday Morrell hurled a three hitter as the Beachites defeated the Wings from South campus 5-1, while Powell pitched an 8-2 win over the Sigma DV's to move their teams into the finals of the inter-campus play.

Morrell and Don Donaldson of the Wings battled on scoreless terms for four innings, but in the fifth Donaldson's mates fell apart to hand the Beachites a pair of runs. Goodman led off with a walk, Washkowitz slammed a single to left and Bill Hacker in left field picked the ball up in plenty of time to nail Goodman at third. Unfortunately he threw to second. The ball eluded the second baseman and Goodman moved on in to score. The Wing catcher then threw the ball into centerfield attempting to nail Washkowitz at second and he also scored. The Beach boys sewed it up with three runs in the sixth on a walk, a safe bunt, a bad throw and a two-run single by Bob Johnson.

The Wings' only run was unearned, coming in the sixth when Beachite catcher Sonny Tandlich threw low to second on a double steal in the sixth.

Sigma DV nailed Powell for two runs in the first on Spank Dreeshel's triple with two aboard but from then on it was no contest as the Rebels scored in each of the last five innings to score an 8-2 win. Pat Dinonenco's two run homer in the seventh capped the Rebel's 8-hit assault on Spank and Bill Dreeshel. Spank, who worked the first four and a third innings was the loser.

## Milligan Hurls No-Hitter For National

Jim Milligan faced just 13 Coral Gables Jaycee batters in four innings as he turned in an abbreviated four-hitter for National Air Lines in the second game of last night's Youth Center Men's softball league bill. His mates pounded Tom Borden for nine hits and made the most of a half dozen Jaycee errors to send the fans home early with the score 12 to 0.

Only one Jaycee got on base to spoil the pint-size perfect game. That was Chick O'Donkski who made it to second on a double error in the last half of the fourth with two away, but he got no further. Milligan issued no passes and struck out three.

In the first half of the doubleheader, David Brothers Realtors tallied three times in the sixth frame to go out in front of Carl's Liquors. Carl's got one bingle in the top of the seventh when Walter Watts slammed out a three-bagger to drive across a mate but was nailed at the plate attempting to stretch his second safety into a four bagger.

Daniels and the Miami Boys' Club stole the show in their High School league tilt, playing nine innings to break a 1-1 deadlock. Both clubs broke the ice in the seventh to send the game into overtime.

Then Kimball Steadman singled and one out later Tom Fryer brought him home with the clincher after Bowman Hinkley advanced him on an infield out.

Rogers Electric is slated to take on National in the first game tonight with Carl's Liquors and the Elks Club on deck for the afterpiece.

**Mrs. Wadell Wins Biltmore Guest Play**  
Mrs. A. H. Wadell captured guest day honors at the Biltmore Monday with a net 81 Monday and Mrs. S. J. Smith placed second with an 83.

For the women of the Biltmore Women's Golf Association, Mrs. G. M. Nelson and Mrs. C. H. Robertson tied among the playing members with net 88's.

The first two aircraft ever ordered by the U. S. Navy were Curtiss "Triads." The planes, one a landplane and one a hydro-plane, were ordered by the Navy on May 8, 1911.

## Fortune Smiles Twice on Widow Of Lost Jockey Albert Snider

Fate, which brought tragedy into the life of Mrs. Albert Snider last March, smiled at her today. The widow of one of America's leading jockeys hit a daily double of good fortune yesterday through the loyalty of two pals and the honesty of her Negro maid.

First, Mrs. Snider received a \$4,170 check from Eddie Arcaro and Warren Wright, jockey and owner respectively of Citation, the horse her husband would have ridden in the Kentucky Derby. Snider was the top jockey for Wright's Calumet Farm until last March, when he was lost and presumably drowned while fishing in the Florida Keys.

Arcaro, who took Snider's place, promised Mrs. Snider a share of his derby earnings and Wright said he would match the sum. The check she received was "your husband's share of the Kentucky Derby commission this year."

Then last night, the Snider household at 749 Pinecrest Drive had its second blessing. The maid who was packing some of Al's clothing found \$4,000 in an envelope in one of his shirt pockets. There was also a check for \$205.

Mrs. Snider gave the maid \$200 for her honesty and banked \$8,265 for a very special purpose. The money will be saved to send her six-year-old daughter Nancy through college.

"I think that's the way Al would want it," Mrs. Snider said.

By JIM MITCHELL

## Closed Season Outmoded

Writing in "Florida Wildlife", John F. DeQuine says: "Studies made by fisheries biologists in southeastern United States have convinced them that, like the 1903 model automobile, closed seasons for bass, bream and crappie are obsolete. Furthermore, they are unanimous in their opinion that closed seasons in warm climates are as unnecessary as four thumbs."

We'd like to add our endorsement to Mr. DeQuine's statement. Some states have abolished the "closed season" and others are in process of erasing this outdated idea. Most states, however, are still clinging to the idea that seasons must be closed during the spawning periods.

Possibly in the northern states it is necessary to close the bass season to allow sufficient numbers to spawn, and for such species as trout it probably is a good idea to give them a "rest period" during certain seasons of the year. So far experiments have not been carried far enough to answer the question in the north.

But extensive tests conducted by the Alabama Agricultural Experiment Station and the Tennessee Valley Authority have proved conclusively that closed seasons in no way add to the numbers of the warm water species. First, it has been proved that all adult fish need not spawn, for one successful bass nest will produce sufficient young to stock adequately from 80 to 600 acres of unfertilized water.

A bluegill nest will produce fingerlings for 10 to 170 acres of unfertilized water. This adds up to the fact that if all fish spawned, the waters would not be able to support all the young. And overstocking is as disastrous, at least in fishing results, as understocking.

The Alabama Experimental Station also has uncovered evidence which tends to outmode the laws requiring that the "little ones" be tossed back. The number of fish hooked, then returned to the water, that die has been the center of a heated argument for years.

No doubt, there are reasons for both sides, but this fact would tend to discard the "legal minimum limits."

The station biologists learned through long observations that 75 to 95 per cent of the bass and bluegills sufficiently injured by hooks to draw blood died when returned to the water—even when handled with the greatest of care. For our money, that settles the argument.

# AIR-RAVES

By Betty Tomes

Congressman Ed Devitt of Minnesota and Congressman Richard Nixon of California will be the guest of Congressman George E. Smathers during his broadcast this evening over Station WGBS (CBS) at 7:15. They will discuss the bill introduced by Congressman Mundt of South Dakota for the purpose of outlawing communism. Communists in Washington are protesting the passage of the Mundt Bill, and discussion of its provisions should be very interesting.

Tunes from the new Broadway musical, "Inside U.S.A.," will be highlighted on "The Dinah Shore-Harry James Show" featuring Johnny Mercer, over Station WIOD (NBC) at 8:00 p.m.

Editor Steve Wilson takes his ace crime reporter Lorelei to the country but it's no picnic when the couple confront a woman desperado who runs a hot-car racket in "Phoney Farm" on "Big Town" over Station WGBS (CBS) at 8:00 p.m.

When one person has \$25,000 belonging to another, and refuses to hand it over, anything can happen. In the case for tonight's "Official Detective" program it is "Payment in Lead," the title for the exciting dramatization scheduled to be heard over Station WKAT (MBS) at 8:30 p.m.

Senator Robert A. Taft, candidate for the Republican Presidential nomination; former Assistant Attorney General Thurman Arnold; Rep. Richard M. Nixon, and Ralph E. McGill, editor of the Atlanta Constitution, will share the speakers platform with a young Iowa high school student, Richard Ball, when "America's Town Meeting" is broadcast over Station WQAM (ABC) at 8:30 p.m. The topic for discussion will be "How Should Democracy Deal With Groups Which Aim to Destroy Democracy?"

Even if ruffles and big skirts are last year's style, a girl still can stagger the stag line, as the exuberant Judy discovers on the broadcast of "A Date With Judy" over Station WIOD (NBC) at 8:30 p.m.

Screen star Margaret O'Brien and Carl Brisson, singing star, are among the guests of Dwight Weiston on "We, The People" over Station WGBS (CBS) at 9:00 p.m. Miss O'Brien reports on her recent trip abroad, and tells of her visits with Prime Minister Atlee of Great Britain, President Costello of Eire and an audience with the Pope.

A gay wedding reception ends on a note of tragedy when the bride tears herself from her groom's arms, and a few seconds later a man is stabbed to death, to provide the latest dramatic entry from "The Casebook of Gregory Hood" to be heard over Station WKAT (MBS) at 9:30 p.m.

The recovery of a priceless stolen mummy leads to the discovery of a more serious crime in the story of "The Fourth King of Egypt" on "Adventure With Christopher Wells" over Station WGBS (CBS) at 9:30 p.m. Journalist Wells, interviewing a museum executive, learns that the museum's press agent has disappeared along with the Egyptian relic, and sets out to solve the mystery.

Screen actress Jane Russell will occupy the guest spot on the "Bob Hope Show," when Bob Hope and his troupe broadcast from Antelope Valley High School and Junior College in Lancaster, California. The program will be aired over Station WIOD (NBC) at 10:00 p.m.

Susan Peters makes her return to the screen in "Sign of the Cross," which is being shown for the last day today at the Grove Theatre. Co-starred with Miss Peters in this dramatic story of a woman who would stop at nothing to attain her desires are Peggy Ann Garner, Alexander Knox and Ron Randall, who is shown in the scene above.

William Holden and Glenn Ford go into action in "Texas," return showing of an adventure drama about the "big state," which is the Grove Theatre attraction for Thursday and Friday, May 20-21. Featured on the same program is another popular return showing—"Arizona," featuring Jean Arthur and Holden.

Glamorous Rita Hayworth and Orson Welles are co-starred in "Lady from Shanghai," lusty drama of intrigue and mystery in the Far East, which opens at the Tower Theatre on Friday, May 21.

## Dodgers Lead Majors Slash

**By United Press**  
NEW YORK—The train ticket tremors shook the major leagues today as clubs slashed their squads in a rush to meet the 25-player limit by the deadline Thursday.

Brooklyn led the parade, shipping eight players to various minor league farm clubs. The Cubs, Phillies and Cards followed suit.

The Dodgers, who had been playing with a Notre Dame-sized squad, pared down to 26 players, one over the limit, when they sent five pitchers, a catcher, an infielder and an outfielder down the line on 24 hour recall.

One of the players to go was outfielder Duke Snider, the man who was supposed to make the Flatbush faithful forget Dixie Walker. He heads for Montreal.

Roy Campanella, the Negro catcher who will be the first member of his race to play in the American Association when he reports to St. Paul, also was shipped.

In addition, the Dodgers sent pitchers Willie Ramsdell and John Hall to Mobile, Dwain Sloat to Fort Worth, and John Van Cuyk

## Latest Small Car To Sell for \$545

**BUFFALO, N. Y. (UP)**—One of the best features of a new entrant in the small-car field, developed by the Knudson Manufacturing and Design Company, Inc., is a claim that it will travel 60 to 80 miles on a gallon of gas.

To go in reverse the driver does not have to use any gas. Instead, he raises a floor board and pushes with his foot on the pavement to move the 635-pound vehicle backward.

The two-passenger automobile is a roadster type with a canvas top, much along the lines of the military jeep but smaller. Having an over-all length of 90 inches, width of 45 inches and powered by a one-cylinder, four-horsepower motor, the car has but one door—on the right side.

The automobile, with the motor mounted over the rear axle, has conventional steering gear and lights. A brake and an accelerator are its only pedal controls. Moving along on 4.00x10 puncture-proof tires, the machine is said to be capable of reaching 40 miles an hour speed.

and Paul Minner to Montreal. That leaves Brooklyn eight hurlers, and manager Leo Du-rocher says he wants nine.
