

15,000 STRIKERS BESIEGE TROOPS AFTER EJECTION FROM FRENCH FACTORY

CLERMONT, Ferrand, France, June 16. (UP)—Upward of 15,000 strikers and sympathizers tonight threw a siege ring around army regulars and police who a few hours earlier had ousted them forcibly from the Bergougnan rubber factory.

Trapped in the strikers' encirclement were some 300 troops inside the factory itself and about 2,000 security guards, mobile guards and police around the outside of the plant.

The 1,500 sit-down strikers who were driven from the factory earlier today, together with thousands of sympathizers, barricaded all the streets around the factory.

About 180 persons were injured last night in clashes between the strikers and security forces. More clashes were feared tonight. Local authorities said the atmosphere was like that of the Communist-led strikes which paralyzed France last November.

House to Fight Boost In ERP by Senate

WASHINGTON, June 16. (UP)—The house today rejected the senate's increases in the foreign aid money bill and asked for a conference with the senate to adjust differences.

WASHINGTON, June 16. (UP)—House Economy Chief John Taber said today the house did what was "honest" in cutting \$2,160,000,000 from the foreign spending program, and served notice he will fight the senate decision to restore \$1,175,000,000.

The New York Republican insisted that the \$5,980,710,228 voted by the house was "sufficient . . . for a judicious administration" of the foreign aid program. The amount was for 15 months.

Taber is chairman of the house appropriations committee. As such he will be one of the leading figures in the senate-house conference to iron out differences.

The senate early today voted \$6,125,710,228 for 12 months—a net of \$1,175,000,000 more than the house approved.

Six-Power German Plan Rejected by Soviet Union

WASHINGTON, June 16. (UP)—Russia, as expected, has rejected the six-power agreement for self-government in western Germany, it was disclosed today.

Diplomatic sources said the Soviet Union's objections to the six-power plan to set up a separate western German government were communicated on June 7 to Sir William Strang, chairman of the London conference, by the Soviet ambassador in London.

Russia objected to the plan, it was said, on grounds that it violated terms of the Potsdam agreement. This has been the Soviet position on all earlier actions taken by the Western powers in western Germany.

Diplomats still anticipate that Russia will follow up her objections soon with stiff formal protests to all six powers.

Sighted Floating Wreckage Thought Missing Fortresses

LISBON, June 16. (UP)—Lisbon airport officials reported today that search planes had found wreckage afloat in the Atlantic which might be that of three American Flying Fortresses missing since Monday.

Two Portuguese warships were ordered to the area where American airmen spotted the wreckage, according to airport officials. The missing Fortresses left the Azores islands Monday morning for Ajaccio, Corsica. Twenty-one crewmen were reported aboard, in groups of eight, seven and six, advices from Santa Maria, the Azores, said.

The last heard from the planes in the Azores was a distress call saying that an engine of one plane was afire, and it was returning to Santa Maria.

Arabs Will Reject Plan On Palestine Partition

CAIRO, June 16. (UP)—The Arab states have served notice on Count Folke Bernadotte that they will reject any Palestine solution calling for partition or setting up a Jewish state, the secretary general of the Arab League said today.

Abdel Rahman Azam Pasha, the League secretary, said the Arabs told the United Nations mediator that they were willing to discuss any solution which did not involve partition of Palestine.

Bernadotte and two assistants conferred for more than two hours with Azzam, Premier Mahmoud Nokrasky Pasha of Egypt, and the premiers of Lebanon and Trans-Jordan.

Nokrasky said the talk was "exploratory," and Bernadotte did not put forth any definite proposal for a Palestine settlement.

Egypt charged that Israeli troops seized 11 villages in South Palestine after the truce deadline last Friday.

House Passes Money Bill Over President's Veto

WASHINGTON, June 16. (UP)—The house today over-ride President Truman's veto of a \$975,914,700 appropriation bill which carried a "rider" he disliked.

The vote to over-ride was 288 to 113. This was 20 votes more than the necessary two-thirds majority to over-ride. Many Southern Democrats deserted the administration on the issue.

The rider called for transfer of the U. S. Employment Service from the Labor Department to the Federal Security Agency. Mr. Truman opposed that.

The house vote put the issue up to the senate. If the senate also over-rides the veto, the measure will become law. If it upholds the President—as seemed likely—the bill is killed in spite of the house's action. A veto prevails unless both houses quash it.

Fifteen New Polio Cases Reported in North Carolina

RALEIGH, N. C., June 16 (UP)—Fifteen new cases of infantile paralysis were reported in North Carolina today, nine of them in hard-hit Burke county, the state board of health announced.

The new cases boomed the state's total to 166 polio victims, more than nine times as many as last year. Through June 1947, only 18 cases were reported though a heavier outbreak in the fall brought the year's total to some 300 cases.

Polio appeared to be spreading fast in Burke county, where the nine new cases today made a total of 22 reported since June 1. Three cases were reported in the county earlier.

GOLF TOURNEY BID ERASED BY U. OF M.

Racial Problem, Housing Lack Is Blamed

The University of Miami today withdrew its bid for the 1949 National Intercollegiate Golf Tournament for reasons which Vice-President Jay F. W. Pearson stated were "partly racial."

The local school had placed a bid for the tournament to be played on the Coral Gables Biltmore course.

The announcement came from Dean Foster Alter, coach of the school's golf team, who stated that adequate facilities were not available to handle the entries from all regions of the country.

Alter previously had stated that the plans were mapped to house the golfers in the new housing units on the Main Campus.

Racial Issue Important
Dr. Pearson added to Alter's announcement, admitting that the racial question of probable Negro entrants played a part in the decision to withdraw the bid.

"The University will be confronted with the same problem whenever it attempts to do anything in sports or other fields on a national scale," Pearson told the Riviera-Times.

Alter wrote to Ted Payson of Northwestern University, chairman of the NCAA golf committee, asking that the U. of M.'s bid be withdrawn when the committee which will select the site of the 1949 tournament meets.

Blue-prints of the Biltmore course had been submitted to the committee by "Umps" Clark, and Alter expressed confidence the tournament would be held here up to this morning.

New Methodist Church OK'd by City Commission

The green light for the construction of the new South Miami Methodist Church at the corner of Ponce de Leon Boulevard and Red Road in Coral Gables was given last night by the city commission.

The city approved a request presented by Clayton Acker, building committee chairman, that the city vacate an alleyway splitting the church site, in return for a 25-foot lot to provide egress from the existing alley. Approval must also be secured for moving the power line of the Florida Power and Light Company.

A drawing of the new church which will be Mediterranean in style, was displayed before the commission. It was designed by Architects Lloyd Frank Vann and John Lyell.

Negro Nabbed In Hit-Run Case

Joe H. Marshall, Negro, Dixie Highway, was in city jail today, charged with being the driver in a hit and run accident in which a nine-year-old Negro girl was injured.

Marshall was arrested after Irene Major, Negress, 129 Frow Avenue, told police that Marshall's car had knocked down her daughter, cutting a six-inch gash in her arm.

Investigation proved that Marshall stopped his car after he had hit the child, but then drove off without offering assistance, police stated. The accident occurred on Frow Avenue.

Marshall is charged with failure to report an accident, and leaving the scene of an accident.

\$550 Worth of Rings Reported Stolen

Mrs. William L. Shaw, 627 Avenue Camille, today reported the theft of rings valued at \$550 to the Coral Gables police.

Mrs. Shaw said that the rings had been taken from a dresser drawer in the bedroom, along with a small diamond stickpin. Watches and other miscellaneous jewelry were not disturbed.

Stolen were a wedding ring and an engagement ring, welded together. The engagement ring contained one large diamond set in yellow gold while the wedding band had seven smaller diamonds in yellow gold.

Liquor Sales to Minors Bared by Ponce Club

City Weighs Adding to Incinerator

Tract Offered Commission for \$25,000 Price

The city commission last night took under advisement a proposal for purchasing additional territory for its incinerator tract at a cost of \$25,000.

J. J. Lamb, who sold the original 55.2 acre tract west of Coral Gables to the city, appeared at the meeting to notify the city fathers that he had a deal pending to sell a triangular section just west of the incinerator for a site for a Drive-in theater.

Lamb stated that he wanted to record that he was not trying to force the city to buy the land, but that he was appearing at the request of City Manager William T. McIlwain.

The triangular tract is bounded by Dade Boulevard, Coral Way and a platted section of Waterway Drive. Lamb said that he'd be willing to sell the land for \$5,000 down and the balance at \$4,000 annually plus three percent interest.

McIlwain told the commission that while the site is not needed immediately, that with the growth of the city plus the University factor, that additional acreage will be needed within a few years.

Lamb said that because of the fact that two other drive-ins are proposed for the area, that he would have to have an answer in the near future.

Poorman Wins Office in New Ex-G-man Group

Circuit Judge Marshall C. Wisheart today approved the charter of the Pan-American chapter of the Society of Former Special Agents of the Federation Bureau of Investigation, a national social organization.

Elmer W. Gross of 3120 Lucayo Street, Coconut Grove, was listed as president and Edwin E. Poorman, city clerk and finance director of Coral Gables was named as treasurer. Other officers are Walter E. Dence, vice president and William H. K. Donaldson, secretary.

Among the 22 former FBI agents who signed the charter as subscribers were George L. Knight, 4500 Ingraham Highway; William D. Roman, 4019 E. Prado Boulevard; R. G. Danner, former Miami city manager, 2485 Trapp Avenue, Coconut Grove and Mayor Robert L. Floyd of Miami.

Two Grove Students Win Legion Award

At the recent award day in Coconut Grove Junior High School, W. E. Burkins and Mrs. L. C. Henry, representing the Lindley De Garmo American Legion Post and Auxiliary, presented John Hiers Jr. and Dorothy Sullivan, the American Legion Citizenship Awards.

These awards are given to the most outstanding boy and girl in the school. Winners were selected by the faculty and students combined.

Signs Erected

New "One Way" and "Do Not Enter" signs were installed yesterday at both entrances to the 100-block of Avenue Giralda.

Drunk Driver Pays \$70 Fine

Fines totaling 70 were reported paid today by Thomas J. Jones, 826 Madrid Street. Jones was found guilty in Municipal Court on Monday evening on charges of reckless driving, driving while drunk and having no current inspection sticker.

Have your Riviera-Times follow wherever you go. Call 85-1661, Circulation Department.

State Asked to Take Over 3 Streets And Create 4-Lane Super Highway

The State Road Department today was requested to effect improvements to three Gables thoroughfares, including the conversion of the University Concourse section of Ponce de Leon Boulevard into a four-lane super highway in conjunction with U. S. I.

By commission resolution the department was requested to assume maintenance of the Con-

South Miamians to Pay New Tax on Utilities

Citizens of South Miami will begin paying a tax on their utilities on July 1 which is estimated to enrich municipal coffers from \$800 to \$1,000 a month, Mrs. Sylva G. Martin, city clerk, announced today.

The ordinance, levying the tax on all utilities, was passed on final reading last night by the city council.

The new levy is patterned after a similar ordinance adopted by the city commission in Coral Gables last year. It levies a 10 percent assessment on the first \$25 for utility service, including electricity, water, telephone and bottled gas, and is scaled downward.

The council passed the ordinance after stating that it was necessary as an additional source of revenue to meet operational demands of the expanding community.

Frat House Problem Posed For Solution by City Fathers

The question of where fraternity houses should be located in Coral Gables bobbed up again last night at the meeting of the city commission.

The question was put to the commission by William Hester, secretary of the University of Miami, who stated that in his opinion it was time that the commission made up its mind where they were going to allow the buildings to be erected.

His statement brought the report from Commissioner David Hendrick that the University had not given the city a clear picture of what the school had in mind, adding that the last report that he had heard was that the fraternities would be located on campus.

Hester and Marion Manley consulting architect, told him that it was found later that there would not be room for them on the campus and that other provision had to be made.

New Pleas Offered in Damage Suit

Oscar C. Evans, partner in the former Turner-Evans Sports Store at 1913 Ponce de Leon Boulevard today filed a motion in Circuit Court to allow him to file additional pleas in a \$25,000 damage suit brought against him by Mr. and Mrs. Taylor C. Shakelford.

Evans maintains that the claims of the Shakelfords were set forth in bankruptcy proceedings from which he was discharged on February 15, 1948, and that he is not now responsible. Evans was adjudged bankrupt in December 1947.

The action against Evans was brought by the Shakelfords as a result of a collision with a car owned by the Turner-Evans partnership. The accident occurred at South Dixie Highway and Rosario Street on April 13, 1947. Evans was driving the car at the time.

Mrs. Shakelford is suing for \$10,000 damages for a brain concussion, a broken knee-cap, broken teeth and cuts and abrasions. Shakelford is suing for \$15,000 damages for a brain concussion, damages to his car and hospital bills.

Action Deferred On Aerial Map

Action on the authorization of aerial photographic maps of Coral Gables was deferred last night by the city commission.

L. W. Robinson Jr., public works director, appeared before the commission to recommend an expenditure of \$1,202 for the maps, which he said would be valuable to the public works and zoning departments as well as the city commission.

Woman Driver Rushed to Hospital

Mrs. Penelope Baker Duncan was rushed to Pratt Hospital by ambulance today, after police discovered her slumped over the wheel of her automobile "in intense pain" on University Drive near the Main Campus parking lot.

Police were called by D. G. Singletary, 4075 Batterssee Road, who reported that he saw the woman with her head down on the steering wheel while the car was still in motion. Her husband is a doctor at the hospital.

Her ailment was not immediately diagnosed.

Chamber OKs Better Dealing Unit

Budget for Year Is Approved

Authorization for the formation of a Better Business Committee to act as a liaison group between local retailers and consumers was given President James A. Henderson last night by the directors of the Coral Gables Chamber of Commerce.

The committee, which Henderson is expected to name this week, will review any complaints against local business concerns and attempt to effect amicable adjustments.

The directors heard Eugene Mumpower, president of the Retail Merchant's Division, outline the progress made by the newly organized group, which he said was receiving enthusiastic support.

Budget Approved
The audit for 1947-48 and the budget estimate for 1948-49 was presented by Mrs. Mary T. Moore, executive secretary and general manager, and approved by the directors.

Col. J. R. Younger, employed recently as a contact representative, reported on membership activity and industrial service, including surveys made for firms in the industrial area; securing of better bus service and plans for the industrial Open House the week of July 12.

The directors discussed plans for the publication of a new Chamber of Commerce map which would include information on churches, schools, recreation places and pertinent municipal information.

Henderson reported on the work done to date by the Citizens Tax Committee and commended the group for its work.

CITY PUSHES FOUR PAYING PROJECTS HERE

The city commission moved last night to accomplish four pending paving projects in Coral Gables.

The commissioners ordered a public hearing called for July 6 on the paving of Blue Road from Orduna Drive to LeJeune Road and the paving of the alleyway from Salzedo Street to LeJeune Road between Alhambra Circle and Avenue Giralda.

It authorized Frank Howard, who appeared in person, to proceed with his poll of property owners on the repaving of Pinta Court.

It set up a special improvement district for the cutting through and paving of Avenue Catalonia from Segovia Street to Anderson Road, but deferred action on condemnation proceedings to clear title on an obstructing property for 30-days. Paving of the 545 feet of dedicated but never established roadway is estimated at \$1,090.

Auxiliary Sends Two to Girl's State

For the second year the Lindley De Garmo Unit No. 70, American Legion Auxiliary, has sponsored two girls to Girl's State in Tallahassee, and this year, the ones selected by the faculty of Ponce de Leon High School were Eleanor Day and Nell Newton.

Co-operation of the Housekeepers Club made the project possible.

In order to attend Girl's State, one must be an outstanding student in the Junior year, and be able to return to school the following year, teaching the principles of democracy. Girl's State elects a Governor and representatives, and the Governor later goes to Washington to Girl's Nation.

\$13,000 Home Authorized Here

A permit for the construction of a \$13,000 residence was issued today to T. S. Dill. The home, which will be built at 1426 Avenue Vantoria, was designed by LeRoy K. Albert.

City Opens Probe of Bars Here

Students Offer Data Gathered First-hand

City Attorney Edward L. Semple today sifted evidence turned over to him by a Ponce de Leon High School club, indicating that the majority of beer and wine bars in Coral Gables are guilty of selling alcoholic beverages to minors.

The evidence was gathered as a club project by the Ponce Key Club, the members of which worked under cover in a drive to wipe out the sale of intoxicants to minors in the community.

Semple stated today that he planned to confer immediately with Safety Director William G. Kimbrough and to launch a sweeping investigation based on the evidence presented by the club.

The high school students, who went from bar to bar gathering their data over a period of several months, told Semple that in numerous instances no one questioned their ages.

They also said that in some places they were able to purchase corn whiskey, sold to them under the counter by the bartender. The liquor purchased has also been turned over to the city attorney, together with the time and place each bottle was purchased.

Full List Provided
The Key Clubbers, who have been leaders in school activities at the high school, have furnished the city attorney with a complete list of places at which they were able to purchase beer, wine and other intoxicants by the bottle and by the drink.

The club voted to launch the independent investigation when it became apparent to members that intoxicants were being sold to high school students throughout the city.

Semple stated that persons found guilty of selling alcoholic beverages to persons under the age of 21 face revocation of their licenses.

While he could not reveal today what turn the probe would take next, the city attorney said emphatically that the city was going to put a stop to the practice "once and for all."

Restriction Bonus Voted to Builders Using Two Lots

An ordinance granting reductions in square footage requirements for buildings erected on more than one lot, was passed on final reading last night by the city commission.

The ordinance was proposed as an inducement to prospective home builders to use larger building sites.

On all zoning in residential areas of 1527 square feet or more, if the owner will build on 1 1/2 lots or more, he will be granted a 5 percent reduction in square footage.

If the owner builds on two 50-foot lots or more, he will be granted a 10 percent reduction in square footage.

The deductions apply only to lots having a minimum of 50-foot frontage as plotted. If an owner takes advantage of the reduction, the minimum setback on the width of the lots will be 10 feet.

Budget Hearing Set for July 6

Public hearings on the 1948-49 municipal budget were officially established last night for 5 p.m. July 6, by action of the city commission.

The Citizens Tax Committee of the Coral Gables Chamber of Commerce, now making a study of the budget estimate, is expected to formulate its recommendations at a meeting at 8 o'clock this evening at the Country Club of Coral Gables.

EVENTS MEETINGS RIVIERA TIME TABLE

Organizations are invited to list scheduled activities in the daily Riviera Time Table. Listings for this calendar of activities must reach the Riviera-Times editorial offices by 3 p.m. the day preceding publication.

This Evening

- ARCHITECT'S BOARD—meets at City Hall, 4 p.m.
- MUNICIPAL COURT—convenes at Police Station, 5 p.m.
- VETERANS OF FOREIGN WARS—dinner at Elks Club, 7 p.m.
- AMERICAN LEGION—meets at Post Home, 8 p.m.
- GABLES THEATER—"Good News" and Zale-Graziano fight pictures. Feature begins at 2:50, 5:10, 7:30 and 9:50. Fight pictures at 2:35, 4:50, 7:15 and 9:30.
- CORAL THEATER—"Desire Me," Greer Garson. Feature begins 2:00, 4:00, 6:00, 8:00 and 10:00.
- GROVE THEATER—"The Tender Years," Joe E. Brown. Feature begins, 7:35, 9:35.
- PARKWAY THEATER—"Frontier Marshal," Randolph Scott. Feature begins 2:35, 4:25, 6:10, 7:55, 9:40.

Tomorrow

- BREAKFAST CLUB—Meets at La Sevilla Restaurant, 7:30 a.m.
- ELKS CLUB—Regular lodge meeting, 8 p.m.
- GABLES THEATER—"High Wall," Robert Taylor. Feature begins: 2:00, 3:50, 5:55, 7:55 and 9:55.
- CORAL THEATER—"Desire Me," Robert Mitchum. Feature begins 2:00, 4:00, 6:00, 8:00 and 10:00.
- GROVE THEATER—"Fiesta," Esther Williams. Feature begins 7:25, 9:35.
- PARKWAY THEATER—"Frontier Marshal," Caesar Romero. Feature begins 2:35, 4:25, 6:10, 7:55 and 9:40.

Research Convinces Scientist That God Guides Destiny

By JOSEPH L. MYLER
United Press Staff Correspondent

WASHINGTON (UP)—A lifetime of scientific research has convinced Dr. Robert A. Millikan that there really is a Divinity that guides man's destiny.

Many men of science have been agnostic. They believed that life and the universe could be explained without recourse to God.

But the 80-year-old Nobel Prize winner, retired now as president of the California Institute of Technology, holds that "a purely materialistic philosophy is . . . the height of unintelligence."

Millikan proclaimed his views at a meeting here of the American Physical Society. No scientist has delved more deeply into the mechanics of matter. It was Millikan who first determined the charge and mass of the electron, the tiniest known particle in the universe.

Quotes Einstein
He told the country's leading physicists that "wise men in all the ages have seen enough to at least make them reverent." He quoted Dr. Albert Einstein as saying:

"It is enough for me to contemplate the mystery of conscious life perpetuating itself through all eternity; to reflect upon the marvelous structure of the universe, which we can dimly perceive, and to try humbly to comprehend even an infinitesimal part of the intelligence manifested in nature."

"That, Millikan said, "is as good a definition of God as I need."

Sees Man Godlike
"For while the Great Architect had to direct alone the earlier stages of the evolutionary process," Millikan said, "that part of Him that became us—for we are certainly inside, not inside, creation's plan—has been stepping up amazingly the pace of vegetable, animal and human evolution since we began to become conscious of the part we had to play."

"It is our sense of responsibility for playing our part to the best of our ability that makes us God-like."

Millikan cited instances in the war when, in his view, "something other than any demonstrable superiority of the allied performance tipped the scales in our favor."

More Than Coincidence
"Almost a turn of a hair in some, if not most, of these events," he said, "and civilization might have been doomed. But it was saved."

"Shall I say by human agents? Yes, in part, for we are certainly a part of the great evolutionary scheme."

"Just how we fit into the plans of the Great Architect and how much He has assigned us to do, we do not know, but if we fail in our assignment it is pretty certain that part of the job will be left undone."

"But fit in we certainly do somehow, else we would not have a sense of our own responsibility. A purely materialistic philosophy is to me the height of unintelligence."

The New Look begins early, when it comes to ice cream. And why shouldn't it? asks the National Dairy Council. Because ice cream is not only tops for taste but doctors recommend it for sound nutrition and better health for young and old, summertime or any day in the year.

President Hasn't Any Easy Job

WASHINGTON (UP)—What does the President of the United States have to do?

Everyone knows he has a hard job. Just how hard it is, few voters appreciate.

His working hours generally are from 7 a.m. to midnight—except on nights when he toils "late". He lives in a goldfish bowl as for as his private as well as public life is concerned. Secret service agents never let him out of sight and his personal physician gives him twice daily—or oftener—checkups.

The pressure never ceases. Visitors, mail and problems pour in without respite.

Human Story Told
Merriman Smith, United Press White House correspondent, has undertaken "to show in human factors and in words of as few syllables as possible how the intricate 20th century presidency operates in his new book, "A President Is Many Men."

Avoiding the legalistic side of the story, Smith endeavors to highlight and describe the office now sought so eagerly by a host of candidates.

"It is the story of the night President Jackson's guests ate nearly a ton of cheese at the White House; how some of the most distinguished world figures are not above stealing White House silver for souvenirs; the story of what Thomas Jefferson called the life in 'splendid misery,'" Smith said in a foreword to his book.

Many Men Around
Back of the President moves an army of advisers, secretaries, experts, "idea men," "insiders" and workmen of all kinds.

Mainly by anecdote and allusion to the striking or bizarre historical facts, Smith gives a lively picture of this army in action. Dozens of anonymous but powerful figures are brought to the surface and the author gently exposes their methods.

It's extremely hard for the President to amuse himself. A dance or dinner party turns into a rigorously programmed affair at which he, his wife and family are apt to be prize exhibits, and in which they must follow strictly formalized procedure. A trip finds his every mile recorded in a special White House book, endless arrangements involved, and urgent communications dogging him at every step.

Bound by Tradition
The President is bound by tradition and rule in many, many ways. He was not even allowed to help himself to a "snack" out of the White House ice-box under a rule that he must not touch anything but absolutely fresh food. Franklin D. Roosevelt finally shattered that obviously antiquated rule.

The President is bound by tradition no millionaire could buy, to be sure. His private plane and private railway car are far beyond any private individual's dreams. His prestige and power defy exact limitation. And his wife can indulge herself in various ways, if she wishes: Mrs. Coolidge drank two quarts of orange juice daily while she was in the White House.

In the round, however, the White House makes a poor sort of home. Smith recounts as indicative of life there the story of "Sistie" and "Buzzie", the Roosevelt grandchildren, who once took some aluminum serving trays to use as sleds because no one had remembered to get them real ones.

Gets Her Piano, Even If It's in a Trailer
FORT WAYNE, Ind. (UP)—When Robert Skeetz was courting his wife he promised her that she'd always have a piano.

Not long after they were married they found themselves living in a 22-foot trailer. There was no other place.

Mrs. Skeetz held him to his promise. That's why the Van Horn trailer camp responds with the sound of a piano at almost any hour of the day.

RIVIERA NOTEBOOK

Book Published in 1821 Cites Virtue of Democracy

By Mary Helm Clarke

This evening new American citizens will be formally recognized at a program in Bay Front Park. They will be welcomed to the American Way of life. Some of these new citizens came from nations more or less imbued with democratic ideals. Others have thrilled to the pomp and ceremony of a monarchy. There are virtues in any form of government, provided the leaders have the interest of the people at heart.

David Batcheller, law student at the University of Florida, has discovered a discerning analysis of various governments in his family library in South Miami. The small yellowed volume is a "COMPEND OF HISTORY" offering "a general view of the present state of the world." The book was published in 1821—one hundred and twenty years ago—"believe it or not."

In the Compend of History, the author, Samuel Whelpley, A.M., said, "Some writers insist that a government, in order to have virtue, strength and duration must combine the principles of monarchy, aristocracy and democracy. Monarchy is the strongest; aristocracy the most wisdom; democracy the most virtue. Could a government be formed which would unite the strength of monarchy without tyranny; the wisdom of aristocracy without its ambition; and the virtue of democracy without its weakness and folly, that form would be the best."

Mr. Phelpley continues with a couple of sage observations which might prove to be straws showing the way the wind will blow in the coming presidential elections.

"Our government" he declares, "combines only aristocracy and democracy. The probability is, that though republican in theory, it will, in the course of events become in a great measure, aristocratic." He bases this premise on the fact that "power and influence can never be long separated from wealth."

We of the year 1948 look to the new citizens, bringing to our democracy a national devotion to a leader, to help us unite the strength of monarchy, the wisdom of aristocracy and the virtue of democracy. Together we will enrich and refresh the American Way.

P.S.—This is the same historian who said "Man is but an atom of an atom world" in 1821.

ures are brought to the surface and the author gently exposes their methods.

It's extremely hard for the President to amuse himself. A dance or dinner party turns into a rigorously programmed affair at which he, his wife and family are apt to be prize exhibits, and in which they must follow strictly formalized procedure. A trip finds his every mile recorded in a special White House book, endless arrangements involved, and urgent communications dogging him at every step.

Bound by Tradition

Firm's Assets Outstrip Its Adding Machine

FRANKLIN, Ind. (UP)—The board of directors of the Mutual Building and Loan Association happily acknowledged after months of waiting that the firm's assets had passed the \$1,000,000 mark.

Secretary A. P. Butz had a clerical problem, however. He told the directors they must order a new adding machine at once.

"The old one just takes care of figures up to \$999,999.99," he said.

WALL STREET TRADING MARKETS AT A GLANCE

By United Press

NEW YORK, JUNE 16. (UP)—Stocks dropped fractionally at the opening today. Cotton was 9 points higher to 2 points lower. Bonds were steady.

Union Oil of California, opening on 3500 shares, was 35 1/2, up 1/4 and a new high. Johns-Manville, Radio and U. S. Rubber were firmer.

Phone Probe Nears Close At City Hall

Florida Railroad and Public Utilities Commission members were hopeful of closing hearings on the Perrine telephone case by this afternoon at the Coral Gables city hall. But neither Southern Bell Telephone Co. attorney Harold B. Wahl nor William C. Gaither, representing the Perrine subscribers, believed that lengthy cross-examination of telephone company employes would be completed by that time when the hearings was recessed at noon today.

Chairman Jerry Walters said that other hearings scheduled in Tampa and Panama City would necessitate an adjournment until at least the latter part of July unless the hearing was completed today. Another month to review the proceedings was given as the estimate before the commission would be prepared to present its decision.

Gaither said he did not think a compromise with the Telephone Company's proposal to give the area in question "foreign service" will be called for. Foreign service would place the Perrine subscribers wishing the service on the Miami switchboard at an advanced base rate. Gaither commented that the telephone company could serve the area with normal service much more economically than was forecast.

The alternate proposal was "extended scope" service, which would allow the Perrine subscribers to call Miami without paying tolls (at an increased base rate) but would require toll charges for calls to Perrine. That solution would still be discrimination against Perrine business and agricultural interests, Gaither previously told the commission.

Commission members said that the technical testimony by employees of the company would be reviewed by newly-appointed member S. R. Ryan. Ryan was formerly with the Ohio Public Utilities Commission. He was not present at the hearings, but the commissioners said they planned to have him give an opinion on the case from recorded testimony.

The commission ordered that Perrine be included in the Miami service area in March after a January hearing at the city hall, and this hearing is one of appeal by the Southern Bell Telephone Co.

'Brickbats' Bring Action On Bills, Truman Claims

ABOARD TRUMAN TRAIN, June 16. (UP)—President Truman said today that the "brickbats" he has been tossing at congress are forcing the legislators to take action on bills he considers vital.

Heading into his home territory of Kansas and Missouri, the President told listeners that two weeks of "pouring it on" congress was beginning to pay off.

"I've been pouring it on them and they have got the jitters back there," he told a crowd in Albuquerque, N. M., late yesterday. "They have gone to work."

As he neared his native Missouri on the trip back to Washington, the President was mapping high strategy for the November presidential campaign, confident that he will win the Democratic nomination.

It was learned that he plans a high-powered, 48-state campaign tour as soon as the nomination is safely in his hands.

Agricultural Commissioners Accused of Lobby for Gain

WASHINGTON, June 16. (UP)—A federal grand jury today accused the Texas and Georgia state agricultural commissioners of lobbying in congress for their own personal gain.

The indictment charged that they lobbied in behalf of legislation that would increase commodity prices for their own gain.

Also indicted were a New York Cotton broker, a Washington commodity trader who already is under investigation by the Department of Agriculture, and two farm organizations.

Individuals indicted were J. E. McDonald, Texas commissioner of agriculture; Tom Linder, Georgia commissioner; Robert M. Harris, senior partner of the New York cotton brokerage firm of Harris & Vose, and Ralph W. Moore, Texas and Washington commodity trader.

Steel Strike Is Called For Midnight on Sunday

PITTSBURGH, June 16. (UP)—A strike of 18,500 CIO United Steelworkers against the Aluminum Company of America was set today for midnight Sunday as the result of a breakdown in wage negotiations.

About 500 employees already are on strike at Alcoa's Detroit plant. Other plants to be affected are at New Kensington, Pa., Alcoa, Tenn., Mobile, Ala., Baden, N. C., Edgewater, N. J., Bauxite, Ark., and Bridgeport, Conn.

Union negotiators have rejected an Alcoa wage offer of 8 per cent, with a minimum hourly raise of nine cents. The union reportedly scaled down its demand to 13 cents after first asking for between 25 and 30 cents.

Harum Moves To Third Round In Net Tourney

Special to the Riviera-Times

DAVIDSON, N. C., June 16.—Al Harum Jr., sole Gables survivor in the second round of the Southern tennis championships yesterday, scored a surprise victory over Gabriel Savros this morning to earn the right to meet seeded Skippy Roddey of Charlotte.

In the quarter finals this afternoon the New Orleans boys champion took the first set 6-4 before Harum forced the canny net player back to the baseline with sizzling forehands and blasted his way to 6-4, 6-4 victories in succeeding sets.

Harum reached the third round by defeating Tom Jordan, Montgomery, Ala., 6-2, 6-1 yesterday.

Bill Merriam went down before the driving game of Oscar Mullis, Columbia, yesterday in a heart-breaking junior division three-setter. Bill took the first set, bowed the second set and was leading 3-0 in the third when the tourney veteran Mullis turned on the power to clinch the match 4-6, 6-4, 6-4.

In other boys second rounders, Lacey Keeler, Charlotte, seeded four, defeated David Harum 6-1, 6-0 and Bobby Sierra, Tampa, ousted Paul Seitz, 6-4, 6-1.

Double play is slated this afternoon.

THESE YOUTHFUL RHYMSTERS are pictured with prizes they won in a limerick contest sponsored by the Miracle Juvenile Shoe Store. In the front row with store operators Paul Draxler and Sol Cohen (extreme left and right) are pictured with Douglas Kelley, Brad Nelson, Bruce Tucker, first-prize winner, Catherine Shafer and Frederic Pittz. In the second row are James FitzGibbon, who received the prize for his sister, Mary; Joseph Perrell and Ann Jordan, Carol Bell and Robert Winzork, two other winners, are not pictured.

Too Suggestive

SALEM, Ore. (UP)—One of the 50 books given to the Marion County jail library by the Salem Lions Club was rejected by Sheriff Denver Young as "too suggestive." Its title: "Saws, Knives and Files." The book was published by a Fitchburg, Mass., steel firm.

Admiral Joins Bar

SALEM, Ore. (UP)—Rear Adm. Thomas L. Gatch has been admitted to the Oregon bar by the State Supreme Court. Gatch is retired from the U.S. Navy. He was commander of the U.S.S. South Dakota until he received a shrapnel wound during the battle for Guadalcanal.

Trindade Honored By Bolles School

Special to the Riviera-Times

JACKSONVILLE, June 16 — Raymond L. Trindade of Coral Gables was awarded the Baldwin trophy as the new boy rendering the greatest service to the school, at graduation exercises at the Bolles School.

Trindade, one of 72 graduates receiving diplomas, holds diving championships in the national, southeastern and Florida AAU meets and is also state high school champion.

He was also a member of the Bolles 200-yard relay team that lowered the state high school record in Daytona recently.

News of Social Import in the Coral Gables Area

Miss Britt Nuptials Announced

Of interest in the college set is the announcement of the marriage of Miss Anne Mae Britt and Benjamin Murray Thompson Jr., which took place May 27th in Atlanta, Georgia.

The bride is the daughter of Mrs. Fay Morrison Britt of 1519 Granada Boulevard and E. M. Britt of Charleston, West Virginia. Her maternal grandparents are Mr. and Mrs. O. J. Morrison of Charleston and Coral Gables. She was graduated from Ponce de Leon High school and Stephens Junior College, Columbia, Mo., and received her Bachelor of Arts degree this May from the University of Miami. At Miami she was a member of Delta Gamma, national sorority.

Mr. Thompson is the son of Benjamin Murray Thompson of Blytheville, Ark., and the late Mrs. Thompson. He attended the Arkansas schools and during the war entered the United States Army in which he served four and one-half years as a lieutenant in the Air Force, with duty in the European field. He is attending the University of Miami where he is a member of Sigma Alpha Epsilon fraternity.

South Miami Foursome Heads For Pennsylvania

Headed for Philadelphia, Pennsylvania, are Rev. and Mrs. Frank C. Morgan, Eleanor Morgan, and W. C. Reeves of South Miami.

The foursome left Monday for the City of Brotherly Love where the Morgans will spend a few days at the home of Mr. Reeves before going on to Winona Lake, Indiana.

At the Lake, Mr. and Mrs. Morgan and their daughter will visit Mr. and Mrs. Harry Bittikoffer, South Miami wintertime residents.

On their return to South Miami during the first week in July, the Morgans will pick up Mr. Reeves in Philadelphia.

Club Welfareers Meet Today

Members of the Coral Gables Woman's Club Welfare Department met today at the Robert Clay Hotel. Business session at ten thirty o'clock was followed by luncheon.

Gablesgrams

By HELEN REYNOLDS, SOCIETY EDITOR

Moving into a brand new home, in a brand new community called for a celebration by the practically-brand-new-married Marvin I. Johnsons. Accordingly Mr. and Mrs. Johnson entertained Saturday night at a house warming for about thirty-six of their friends including some of their new neighbors, some of their old Ponce high school friends and members of the crew at Eastern Airlines where Marvin works. Mrs. Johnson is the former Miss Earline Atwood, daughter of the W. H. Atwoods of Miller Road, South Miami. She was graduated a year ago this month at Ponce and married Marvin the following August. "My daddy wanted me to go to college," Earline admitted, "but Marvin and I wanted to get married and have a home and now we have this lovely new home all furnished and are very happy." The new home is one of 66 one-family homes just completed in University Park, west of the campus just off Red Road, built and now all sold by the Babcock Lamont Company.

Miss Reynolds

Mrs. J. Riley Staats, who heads two important women's clubs this year, (the Coral Gables Woman's and the University of Miami Woman's) was merrily on her way Monday of this week chaperoning a bus load of University geography students on a six weeks trip.

It's old stuff to Mrs. Staats. She did similar trips with her husband, Dr. Staats, head of the new department at the University, in by-gone years. Prior to their arrival at the University some three years ago, Dr. and Mrs. Staats were in Pennsylvania where they pioneered in field courses for students at the universities via the bus route. In addition to her chaperoning chores, Mrs. Staats follows road maps, takes charge of medicine kits, checks the groups in and out of hotels and does the reporting. Accurate reporting is one of many of Mrs. Staats' fine accomplishments. She did several marvelous pieces of reporting on the lives of interesting new University professors and their wives, choosing for her stories, which ran in the Riviera-Times, those men and women who had lived in war torn European countries. Taking the trip and the course for credits is Mrs. E. D. Pearce, a past president of the Miami Woman's Club and current bond chairman for the Florida Federation. Following the eastern seaboard states route the two club women expect to see club friends in Bangor, Maine and Mrs. Pearce will have a week-end visit with her son and daughter-in-law who will come from Chicago to meet her in Detroit.

Mrs. Staats

reporting is one of many of Mrs. Staats' fine accomplishments.

Ethel Merrick, chatelaine of Merrick Manor, 907 Coral Way, is leaving Thursday on an extended vacation trip. She will visit Mr. and Mrs. Wallace M. Quinn, annual winter manor guests, at their home in Pascagoula, Miss. Later she will go to North Carolina and be the guest of Mrs. William Knight at her home in Biltmore Forest. In Greenwich, N. Y., Mrs. Merrick will visit her sister, Mrs. Quinton Lobeck, at her home in the Adirondacks, returning about the first of September.

Helen Holley, author and clubwoman, and wife of Commissioner Frank N. Holley who with her husband, is currently visiting in Buenos Aires writes this department giving a bird's eye view of her impressions of South America. She writes of the horrible inferiority complex she is experiencing—"everybody speaks from three to ten languages and we stammer madly around with one. On the boat down I collected autographs on a souvenir menu and so far have 14 different languages—Hindi, Czech, Danish, Polish, etc.—and the surface, merely scratched. Here in this hotel (Alvarez Palace Hotel) they speak Spanish, publish menus in French, eat English and charge American." Mrs. Holley said they noticed soldiers every where (doing the goose step) on their sightseeing trips, and there seemed to be plenty of unrest in all classes, but that the city itself is a 'dream' and the weather (now beginning winter) perfect.

Mrs. J. Riley Staats, who heads two important women's clubs this year, (the Coral Gables Woman's and the University of Miami Woman's) was merrily on her way Monday of this week chaperoning a bus load of University geography students on a six weeks trip. It's old stuff to Mrs. Staats. She did similar trips with her husband, Dr. Staats, head of the new department at the University, in by-gone years. Prior to their arrival at the University some three years ago, Dr. and Mrs. Staats were in Pennsylvania where they pioneered in field courses for students at the universities via the bus route. In addition to her chaperoning chores, Mrs. Staats follows road maps, takes charge of medicine kits, checks the groups in and out of hotels and does the reporting. Accurate reporting is one of many of Mrs. Staats' fine accomplishments. She did several marvelous pieces of reporting on the lives of interesting new University professors and their wives, choosing for her stories, which ran in the Riviera-Times, those men and women who had lived in war torn European countries. Taking the trip and the course for credits is Mrs. E. D. Pearce, a past president of the Miami Woman's Club and current bond chairman for the Florida Federation. Following the eastern seaboard states route the two club women expect to see club friends in Bangor, Maine and Mrs. Pearce will have a week-end visit with her son and daughter-in-law who will come from Chicago to meet her in Detroit.

Nowlins Buy Adeeb House On Madeira

Now qualified to call themselves "Gableites" are Mr. and Mrs. Roy G. Nowlin who recently purchased the Fred Adeeb home at 730 Avenue Madeira.

Prior to moving into the Gables, the Nowlins resided at 2749 S.W. Fifth Street.

"We're here to stay, with the exception of the trip to Michigan we're planning to make next month," Mrs. Nowlin explained.

Come July tenth, the new Gableites will leave by auto for Lansing, their former home. While there, they will visit their daughter, Mrs. Clifford Gould, and two of their friends, Mr. and Mrs. B. J. Collins. They also plan to visit in South Bend, Indiana.

During their two month's absence from the Gables, Mr. Nowlin's sister and brother-in-law, Mr. and Mrs. Gordon Chambers Jr., and their daughter, Nancy, from Memphis, Tennessee, will occupy their home.

Butcher Wedding Surprises Friends

Announcement of the marriage of Mr. and Mrs. Arthur A. Butcher, the former Mrs. Vida Githens, April 17, comes as a surprise to many friends of the couple in this area.

The wedding took place at the parsonage of the Congregational Church in Avon Park shortly before Mr. Butcher left for his northern home. He has spent his winters here for the past four years.

The bride has been a Coral Gables resident for the past twelve years and is well known in church and school circles. She is a member of the special teaching staff of the Dade County Public school system, and plans to retain her position.

Friday, following the marriage of her daughter, the former Miss Ruth Githens and Donald Seaton Greenleaf, Mrs. Butcher took a plane for a weekend visit with her husband. The couple will reside at 414 Avenue Madeira.

Leigh Family Off to Maine

Dr. and Mrs. Donald Leigh and daughters, Sandra, Sharon, and Karen of 821 Avenue Lorca, are leaving this week-end for their summer home "Bugsy Boy" Sprucehead, Maine. Dr. Leigh will remain for about two weeks before returning to his practice here and will commute again in the fall to his Maine place.

Accompanying the Leighs on their very first New England States trip are Mr. and Mrs. Fred C. Chandler, neighbors at 833 Lorca, who will be the summer-time guests of the Leighs.

Miss Hanna Accepts Position in Phoenix

The teaching of business education is the same everywhere, believes Miss Jean Hanna, University of Miami business education instructor. Therefore, she has decided to take the position offered her at Phoenix College in Phoenix, Arizona this fall.

When the first summer session is over at the University, Miss Hanna will leave her home at 1217 Coral Way and journey to Huntington, West Virginia, for a month's visit with her mother, Mrs. Imogene Hanna.

In September, she will go to Phoenix and resume her "school-marm" duties.

South Carolinian Visiting Here

Here from Greenwood, South Carolina, is Mrs. Clarence Darby who is visiting her daughter and son-in-law, Mr. and Mrs. J. H. Halliburton, at 825 Avenue Medina. Mrs. Darby plans to visit the Gableites until the latter part of July.

After living in the Gables for four and a half years, the Halliburtons just recently moved into their own home on Avenue Medina. With their two sons, David and John, they formerly resided at 1225 Avenue Algeria.

Mrs. Venn Leaves To Visit In-Laws

Mrs. Robert G. Venn and children, Porter and Robert, left today for Wilmette, Illinois, where they will visit Mr. Venn's parents, Mr. and Mrs. T. W. Venn.

From Wilmette, the Venns will journey to Racine, Wisconsin, to see Mrs. Venn's mother, Mrs. Gideon Carbonneau.

The Gableites will return to their home at 932 Avenue Roderigo around the middle of August.

Jewish Center to Meet

A constitution for the recently organized West Miami Jewish Center will be proposed at a meeting at 8 p. m. this evening in the rear building at 1000 SW 67th Avenue.

FOUR PONCE GRADUATES at the junior-senior prom, laugh as they meet together perhaps for the last time as Coral Gables' school girls. Left to right, Miss June Widman, Miss Anne Topping, Miss Jeannette Walters and Miss Jane Lewis.

Informal Dessert Bridge Planned by Junior Women

Coral Gables Junior Club women are ambitious. They will stage their first informal summer dessert bridge party June 23rd at the clubhouse and they hope to earn enough money through the sale of tickets to buy a mimeograph machine. If they succeed, the new piece of equipment will probably be placed in the children's dental clinic the club sponsors at City Hall.

Mrs. Fred Diestelhorst is general chairman of arrangements. Committee chairmen assisting are Mrs. Arthur Lehmann, tickets; Mrs. George Henry, refreshments; Mrs. Vose Babcock, finances; Mrs. Harry Van Riper, gifts; Mrs. James Markley, decorations; Mrs. William L. Hanks, reservations; Mrs. Roy Bothwell and Mrs. Philip Barnhill, tables.

Committee members include, Mrs. James Llewellyn, Mrs. Joe Popp, Mrs. Richard Earl Davis, Mrs. Thomas L. Campbell, Mrs. Parks H. Campbell, Mrs. Harry Reeder, Mrs. Robert Shelley, Mrs. Lane Hartwell, Mrs. L. M. Sweet Jr., Mrs. John Brons, Mrs. George E. Patterson, Mrs. Michael Buss, Mrs. Warner Dan-

iel, Mrs. J. B. Forbes, Mrs. Herbert Root, Mrs. R. B. Roberts 3rd and Mrs. Thomas Youngman. In addition to Althea's and the Flamingo Honey Products, the following individuals have donated door prizes: Roy Bothwell, Mrs. Herbert Edwards, Mrs. J. Z. Holmes, Mrs. Herbert Root, Mrs. Leonard C. Olson, Mrs. O. H. McMillan and Mrs. Reid R. Bronson.

Reservations may be made through Mrs. Hanks with next Monday designated as the last day for acceptance.

In New York

Spending the summer in New York City are Mr. and Mrs. George Olsen of 3560 S.W. 16th Terrace. The Olsens will return to their home in the fall.

Tennessee Guests Honored At Luncheon

In honor of her Bruceton, Tennessee, houseguests, Mrs. Claud P. Nowlin entertained with an informal luncheon at her home, 1437 Avenue Cantoria, today.

The honorees were Mrs. John E. Wilson, Mr. Nowlin's sister, and her daughter, Marilyn, who are here for an indefinite stay. This is the first time Mrs. Wilson has visited in the Gables in sixteen years and it is Marilyn's first trip here.

Assisting Mrs. Nowlin with luncheon arrangements today was Miss Christine Nowlin, daughter of the hostess.

Invited to meet the Tennesseans were Mrs. George Stroberg, Mrs. Roy G. Nowlin, Mrs. David Hall, Mrs. Arthur H. Patten, Mrs. A. J. Lewallen and Mrs. L. W. Kendrick.

The Nowlins have just recently purchased and moved into their Avenue Cantoria home. They formerly resided at 1257 Avenue Medina. Besides Christine, they have another daughter, Betty, who is eleven years old.

3 New Members Admitted by BPW

New members recently admitted into the ranks of the Coral Gables Business and Professional Women's Club are Miss Verna Foster, traffic manager at Station WBAY; Miss Helen Pagras, bookkeeper at WBAY and Miss Mary Saunders, junior accountant, Pan American Airways.

New members of last year will have charge of the program and picnic menu the club will stage early in July, date and place to be announced. Final business session and meeting of the club was held Tuesday at the Country Club of Coral Gables. Informal social gatherings, once each month, is the program for the summer, according to Miss June McKay, president.

Circle Two will be entertained tomorrow evening at eight o'clock by Mrs. K. F. Anderson, 6940 Evergreen Plaza, who will also be in charge of the program.

At this meeting, Mrs. T. C. Hollett will serve as Bible teacher.

AIR-RAVES

By Betty Tomes

Analysis of his latest poll on the comparative strength of the leading candidates for the Republican nomination for President will be aired by Dr. George Gallup, director of the American Institute of Public Opinion, in a special pre-Republican Convention program over Station WQAM (ABC) at 10:30 p. m. Dr. Gallup, founder of the noted public opinion polls which bear his name, will discuss the results of the Institute's latest measurement of nation-wide sentiment on the major candidates and compare the strength of each today with their strength shown during the past several months. Dr. Gallup will be interviewed by Gordon Fraser during the broadcast.

Dennis Day finds that the life of a soothsayer is a troublesome one, when he gets a job as assistant to a fortune teller on "A Day In The Life of Dennis Day" over Station WIOD (NBC) at 8:00 p. m.

The State of Ohio is eulogized in song by contralto Evelyn MacGregor, when she sings the popular tune "Beautiful Ohio" on "American Melody Hour" over Station WGBS (CBS) at 8:00 p. m.

The strange story of a man whose irresistible charm could have gotten him the world will be heard when "Ladies' Man" is told on "High Adventure" over Station WKAT (MBS) at 8:30 p. m.

Nurse Judy Price has an embarrassing time at a party when she meets a handsome young visitor from South America whom she had met the day before in less dignified circumstances in "Love's Young Dream," the "Dr. Christian" play to be broadcast over Station WGBS (CBS) at 8:30 p. m.

Soprano Hollace Shaw, for whom Jerome Kern wrote "All The Things You Are" when she was featured in his show, "Very Warm For May," and singing star Phil Hanna will be the special guests on "On Stage America" over Station WQAM (ABC) at 8:30 p. m.

For reasons best known to the script writers, Lou Costello decides to become an artist and does so with disastrous results during the broadcast of the "Abbott and Costello Show" over Station WQAM (ABC) at 9:00 p. m.

The most exciting race run by the great champion Man o' War is retold on "Harvest of Stars" over Station WGBS (CBS) at 9:30 p. m. James Melton, tenor, sings a group of popular songs beginning with "Shadrack," by MacGimsey.

A carnival sideshow fraud is exposed in the course of a murder investigation in "The Case of the Iron Maiden," on "Mr. District Attorney" over Station WIOD (NBC) at 9:30 p. m.

A rhythmic tapping on timber will open the broadcast of "Star Theatre" starring Gordon MacRae and Evelyn Knight with Victor Young's orchestra and Jeff Alexander's Chorus, when MacRae sings "The Woodpecker Song" over Station WQAM (ABC) at 10:00 p. m.

Jack Hoins, former New York World office boy, aided in the dramatic capture of a slayer and became a full-fledged reporter. His authentic experience, for which he will receive the \$500 "Big Story" award, will be dramatized over Station WIOD (NBC) at 10:00 p. m.

Quite a Book
SOUTHBRIDGE, Mass. (UP)—From Iwo Jima, Cpl. George Lamontagne of Southbridge mailed his wife a letter 69 pages long and containing 36,000 words. It took him 18 hours to write it.

Robert Taylor and Audrey Totter in a tense scene from "High Wall" starts Thursday, June 17 at the Gables Theatre.

Chef Unhappy as Wife Makes Him Cook Meals

By ROBERT MUSEL

United Press Staff Correspondent
 NEW YORK (UP)—"Come in," sighed Bartelemy Sargent, shaking his head and his high white chef's cap. "Come in."

He sat sadly amid the aluminum wonder of the kitchen of the Monte Carlo, watching his 12 under-chefs prepare the dishes that had made him famous.

Every dish was brought to him for his inspection before starting upward to the dim elegance of one of the world's great restaurants. He merely nodded at most of them.

"A little more sauce for this," he said indicating poached spring chicken on a bed of creamed rice concocted with sour cream, gin and baked white grapes.

"What's cooking?" The alert young manager, Joseph Baum, eyed his star anxiously. "You are well, Bartelemy?" he inquired.

"It is fate," said the chef. Another sigh.

"Women's work is never done, eh? How about a chef? How about me, Bartelemy Sargent? Is my work ever done?"

"Well," soothed Baum, "I can get another under-chef or two. Let me see..."

"Here it is all right," said the chef, "I mean home. My home. My wife wants me to cook all the meals."

Upstairs there was music and among the dancing couples a Rockefeller and a duPont. A couple of notes of praise had come down from diners for special concoctions—the soft shell crabs amandine, for example. And the whipped

cream, nuts and brandy confection.

An assistant paused with Cotellette Pojarsky—a relic of imperial Russia concocted of the breasts of two chickens shaped around a silver of fresh butter and sautéed.

His Wife Abdicates

Sargent nodded. "I argue with my wife," he said, "but she says she is tired of worrying about whether her dishes will please me. She says, 'Bartelemy you are a famous chef. I am just a housewife. I clean better than you but you cook better than me. That is obvious, that is natural since it is your job.'"

"Therefore you cook from now on. I, too, would like some brizola like the customers at the Monte Carlo. I, too, would like herring marinated in sour cream. I, too, would like asparagus with your special vinaigrette sauce."

"I argue," lamented Bartelemy, "but, alas, she is right. So maybe I go home from here without taking off my apron or my cap."

He was so absorbed that he noticed a waiter go by with the Roquefort sauce for the salad a la Cesar. But it was all right, Bartelemy. I tasted it.

New Methods Preserving World's Art

By ALAN WADE
 United Press Staff Correspondent
 WORCESTER, Mass. (UP)—Ultra-violet light, X-rays and spectrographs are helping preserve and restore the world's great paintings, says George L. Stout, director of the Worcester art museum.

Stout, an internationally-known expert on restoration of old paintings, was called to help settle a dispute as to whether restoring work was "ruining" paintings at England's National Gallery.

"Technicians have taken off layer after layer of old brown preservative varnish. That made the paintings lighter in color and some people just didn't like the change," Stout said.

"Actually," he said, "the paintings, as Rubens' 'Rape of the Sabinas,' merely were put back into their original shape."

Paintings Deteriorate
 Canvas back of paintings get old and dried out, the former Foggy Museum official said. The wood frames become loose. Varnish put on to preserve the paintings gets too thick and cracks. And there is always dirt around as well as moist weather to attack the priceless pictures.

Conservation of the masterpieces has become a science, Stout said.

"The only trouble is that there still are not enough scientists to go around," he added.

Cleaning work on a masterpiece involves recording of condition by use of X-rays, photography under ultra-violet and infra-red and other kinds of light. The experts also use the tintometer, a gadget that measures changes in color.

Varnish solvents are spot-tested to make sure there is no danger of removing paint along with varnish.

Work Is Thorough
 "Sometimes," Stout said, "a sort of orographic map is made up, showing in a highly-magnified way the condition of every inch of the painting."

"When they start going over a picture, of course, they take into consideration its history—just

COED Housing at the University of Florida shown here is the equivalent to two dormitory units and will house 241 women students next September. These two Apartment Units have been leased by the University for the fall term opening in September. Located close to the campus, they will be fully operated and supervised by the University. These units constitute the first University operated dormitory units for women in the 43 year history of the University. Sorority houses and approved off campus private homes will also be available to women students.

what has been done to it before. Some of those English paintings had not been touched in decades."

Stout said that generally American paintings are in much better condition than those aboard.

"That is largely because our collections are much newer," he added. "When paintings are transferred to a new collection they generally are put in good shape."

Nevertheless, he said, there are always about 50 per cent of the pictures in any gallery that need minor attention of some sort.

Museum Gets Moa Birds
 NEW YORK (UP)—The American Museum of Natural History announced that Dr. Robert Cushman Murphy of its staff is bringing back skeletons of 22 moa birds from New Zealand. The largest specimen was ten feet tall and weighed a quarter of a ton when it lived more than 100,000 years ago. Dr. Murphy estimates that the last living moa probably was killed and eaten by natives about 1350 A.D.

Has to Grow Older
 ST. LOUIS (UP)—Everett Oesch, 28-year-old war veteran, is going to run again for the school board in suburban Berkeley City when he comes of age politically two years from now. He won his race this year but was disqualified by the board president, who cited a law requiring members to be at least 30 years old.

Hens Laying More Eggs
 CHAMPAIGN-URBANA, Ill.—(UP)—Your poultry yard should have about 34 more chickens a year than it did back in 1936. That's because the average hen laid only 121 eggs a year in 1936 but she had hiked her output to 155 ten years later. The report comes from the University of Illinois college of agriculture.

Rural Life Falls
 CONCORD, N.H. (UP)—Eighty-four percent of New Hampshire's small towns have declined in population during the past 48 years. A study of 14 of the communities has been started to investigate the financial and political aspects of the decline.

"Check Your Car" Is Slogan
 CHICAGO (UP)—The slogan "Check your car—Check accidents" has been adopted by the National Safety Council for its campaign during May.

They Certainly Were
 ALBUQUERQUE, N.M. (UP)—Mrs. George Koffler, a member of the Bernalillo County Humane Assn., was bitten by two small dogs which she told police "certainly were belligerent."

Job Printing

Your Printed Business Forms Represent YOU

They Are Really Your "Silent Salesmen"

Quality printing guarantees a good impression on your customers. That is why it is a source of pride to produce the very best printing with skilled union craftsmen and modern equipment. We have made a specialty of color work. Come in and discuss your individual printing needs.
