

Ike Boom Grows as 3 States Move to Block Truman

GEORGIA PARLEY CALLS ON PRESIDENT TO WITHDRAW; N. Y. SAYS HE CAN'T WIN

By UNITED PRESS

A Democratic Draft-Eisenhower-for-President drive gathered new momentum today.

At the same time, it was reported reliably that representatives of the Truman-for-President wing of the Democratic party were trying to smoke out a new statement of political position from Gen. Dwight D. Eisenhower.

White House Secretary Charles G. Ross said he knew nothing about any approach to Eisenhower. He said President Truman had no part in any such move or any knowledge of it. Publicity director Jack Redding of the Democratic national committee likewise said the report of an approach to Gen. Ike was news to him.

Latest developments in the draft-Eisenhower drive came from Georgia, New York and Illinois.

The Georgia state Democratic convention overwhelmingly approved a resolution calling for Mr. Truman to withdraw and asking Eisenhower to "consent" to nomination to head the Democratic ticket. Mr. Truman said yesterday he is in the race to stay.

A stop-Truman, draft-Eisenhower movement developed in the New York state Democratic organization. Jeremiah T. Mahoney, New York state Democratic committeeman and a delegate to the Democratic national convention, spearheaded a move to block Mr. Truman's nomination. He said in a letter to the Democratic state chairman he is convinced that Mr. Truman could not be elected and whopped it up for Eisenhower.

Chicago Democratic leader Jacob M. Arvey said a draft-Eisenhower meeting would be held in Philadelphia before the Democratic convention opens there July 12.

Italian Workers Walk Out In Protest Against Gasperi

ROME, July 2. (UP)—From the Alps to Sicily, an estimated 3,000,000 Italian workers left their jobs at noon today in a half-day strike directed against the anti-Communist government of Premier Alcide de Gasperi.

There was no violence in the first hours of the walkout, which was led by industrial workers who closed every plant and factory, but special police squads were alerted in all the large cities of the nation for possible trouble tonight, when political rallies were planned.

Thousands of store employees, local transportation union workers, and other labor groups went out in sympathy with the industrial workers in the first of a series of Leftist-directed demonstrations against the government.

Continuous Parleys Slated As Berlin Rift 'Worsens'

LONDON, July 2. (UP)—The Berlin situation has "worsened" to such a degree that United States, British and French diplomats here will remain in almost "continuous consultation" day and night, a foreign office spokesman said today.

The cold war between Russia and the Western Powers has become even more serious since Russia's walkout from the four-power Berlin Kommandatura yesterday, the spokesman said.

The foreign office spokesman confirmed that a strong joint note of protest against the Soviet starvation blockade of the German capital was being considered, but said it was "only one of various possibilities under consideration."

Earlier it was learned that the three western nations are attempting to draft a note which will be tough, but will not commit the Allies to a course which they admittedly could not back up with force.

End of Tito Regime Seen by Foreign Diplomats

WASHINGTON, July 2. (UP)—Some diplomatic officials believe Marshal Tito's days as Yugoslavia's Communist dictator are numbered.

They have been closely watching the Communist family quarrel in Eastern Europe from the time the Kremlin-sponsored Cominform denounced Tito and Tito blasted back. In the light of recent developments, they believe the odds are stacked against him.

They are inclined to believe:

1. That things have gone too far now for the Kremlin and Tito to resolve their differences and "kiss and make up."
2. That the Kremlin, with steady pressure or a sudden coup of some sort, eventually will oust Tito from control of Yugoslavia. They believe it highly unlikely that any one member of the Communist bloc can stand up and defy Soviet Russia and the rest of its satellites indefinitely.

Steel Men File Charges Citing Lewis as Unfair

WASHINGTON, July 2. (UP)—U. S. Steel Corp., and nine big competitors today filed unfair labor charges against John L. Lewis and the United Mine Workers for insisting on a union shop in the 1948 coal wage contract.

The charges were filed with Robert N. Denham, general counsel for the National Labor Relations Board. They are the first step in the Taft-Hartley act procedure toward an injunction requiring Lewis and the union to withdraw the demand.

Informed sources said such an injunction, if issued, probably would be broad enough to require the miners to work in the steel companies' captive mines pending determination of the charges.

Mulloy Moves to Doubles Finals

WIMBLEDON, July 2. (UP)—Tom Brown of San Francisco and Gardner Mulloy of the University of Miami advanced to the finals of the men's doubles competition by rallying for a 1-6, 6-3, 4-6, 6-4, 8-6 victory over Lennart Bergelin of Sweden and Jack Harper of Australia. Brown and Mulloy will meet Bromwich and Frank Sedgman of Australia tomorrow for the title.

Bandit Gets \$7,000 Payroll

PITTSBURGH, July 2. (UP)—A bandit today escaped with the \$7,000 payroll of the Hachmeister Chemical Co.

The bandit, wearing dark glasses and brandishing a foreign-made automatic, held up James W. Hughes, an employee of the payroll department.

He made off with a payroll intended for 175 men and eld led police after running through a weed-grown lot that lies between the Soho Community House and the Soho Bath House.

GIRTMAN JR. ELECTROCUTED AFTER CRASH

Contact With Live Wire Kills Gableite

James D. Girtman Jr., 27 Avenue Sidonia, was killed at 12:40 a.m. today following an automobile accident between Waverly and Winter Haven.

Deputy Sheriff Bob Hazlett of Winter Haven told United Press by telephone that Girtman's car had rammed into a telephone pole, but that he was apparently not severely injured. He met death when he stepped from the car after the crash and touched a live wire that had been knocked down by the impact.

His body was discovered early this morning, lying across the live wire, about five feet from the automobile.

Girtman, the eldest son of Mr. and Mrs. James D. Girtman, 1700 Leleune Road, was driving alone to Silver Springs, where he expected to meet his brother, George, today for a fishing expedition.

George is proceeding to Lakeland to make arrangements to return the body to Coral Gables for funeral services and burial.

Mr. and Mrs. Girtman, his parents, and his brother Charles were in Cloudland, Ga. when the accident occurred. They are returning immediately.

Gables Jewry To Play Role in Patriotic Program

Kurt Singer, author, foreign correspondent, and authority on international affairs, will headline a community Americanism program sponsored by the Coral Gables Lodge B'nai B'rith at 8:15 p.m. next Tuesday, at Hille House, 3306 Ponce de Leon Boulevard.

According to Leonard Spiegel, president, Mayor W. Keith Phillips and other civic and community leaders have been invited to participate in the program and hear Singer discuss his best seller "Spies and Traitors" which has been translated into 15 languages.

Civic and veterans organizations in Coral Gables and adjacent communities are expected to attend the patriotic program. Members of the Women's Chapter of Coral Gables have urged their full membership of 172 women to hear the foreign correspondent and world traveler.

Singer was for many years closely associated with the underground of several nations and his lectures revealing the workings of communism and fascism have been given before more than five million persons in this country. He has contributed feature articles to the Saturday Evening Post, the American magazine, Liberty, the New York Times, and New York Herald Tribune. He is a member of the United Nations speakers research committee and is visiting in Miami Beach for a short time where he expects to complete a new book.

Jerome Adelman and Alex Alvin are co-chairmen of the Americanism program.

The public is invited and there will be no admission charge.

City, Too, is a Taxpayer and Pays An 'Unjust' Load in McIlwain's Opinion

Direct Federal, state and municipal taxation levied on the City of Coral Gables by other governmental units was labeled as "unjust" today by City Manager William T. McIlwain in a memorandum to the city commission.

"Very few of our citizens realize that more than \$87,166, or 8.6 percent of the net operating budget of the City goes to pay direct taxation for various purposes from which the city receives very little, if any, actual benefit or return from the money paid for such taxation," he commented.

McIlwain listed Federal taxes totaling \$52,630, which include withholding deductions amounting to \$48,430 and tax on Venetian Pool admissions of \$4,200.

Almost 8 Percent

State gasoline taxes amount to \$22,050 and auto licenses for city vehicles, \$126. Tags for buses amount to \$5,390 for a total of \$27,566 paid in state taxes.

"Based on an estimate of \$1,005,413 for one year net operating costs for our city government, the direct taxation of Federal and State Governments levied on the City of Coral Gables is 7.9 percent of the total requirement. These calculations do not include Federal Excise Tax on gasoline because the statutes exempt municipalities," he said.

"If the City of Miami Bus Franchise tax in the amount of \$6,970 (for the fiscal year 1947-1948) is added to the total of \$80,196 the total estimated taxes levied on the City would be 8.67 percent of the net operating budget, or a total taxation of \$87,166," McIlwain pointed out.

Seen Big Burden

"This estimate does not include Dade County taxation of City property, which is levied by the City Assessor, nor does it include various indirect taxes of

the Federal and State governments. The City will pay \$357 to the County Tax Collector and \$245 to the Florida Industrial Commission (because we self-insure for Workman's Compensation) which is not included in this estimate.

"Very few well run and efficient private business enterprises would be able to continue profitable operation with such a burden of taxation to carry in addition to normal operating costs, because these costs can be considered as double or duplicating taxation. The citizen pays these same taxes on his personal income and pays again in supporting the tax structure of the municipality.

"It is suggested that the City Commission and our citizens give serious study to ways and means of relieving this unjust burden which must be taken from the pocketbook of our taxpayers," he concluded.

'U' to Resume CG Address On Stationery

Emerson Ruling Opens Avenue For Change

The University of Miami today assured the Coral Gables Chamber of Commerce that it will return to the use of the postal designation "Coral Gables" on its letterheads and other mailing pieces.

The action culminates a successful campaign on the part of the Chamber of Commerce, that started when the University postal designation was changed to "Miami, University Branch, Florida."

The Chamber secured a ruling from Postmaster Hugh Emerson, which would permit the University to continue using the address "University of Miami, Coral Gables, Fla." on all of its outgoing mail. However, before the Chamber forwarded the ruling to University officials, thousands of unused letterheads had been sent to the printers where the Coral Gables designation was ruled out and the Miami designation substituted.

In a letter received by the Chamber today from Dr. J. F. W. Pearson, University vice-president, he acknowledged receipt of the postmaster's ruling and commented, "We are as happy as you are to return to the use of the wording, 'Coral Gables, Fla.'"

2 Hurt in Crash Of Work Truck In South Miami

Two persons were injured yesterday afternoon when a City of Coral Gables truck, carrying 21 Negro workers, collided with another truck at Ludlum Road and Hardee Drive in South Miami.

Gale E. Miller, 6811 S.W. 57th Terrace, driver of the other truck, was treated at Dade County Hospital for cuts over his eye and on his hand. James Tucker, a Negro city employee who was riding the city truck, was treated for a cut on the back of his head. Both were released following treatment.

Gilbert Davis, Florida City, driver of the city vehicle, stated that he was travelling west on Hardee Drive and was making a right turn onto Ludlum Road when the other truck collided with him. Miller reported he was driving south on Ludlum.

The city truck sustained slight damage but Miller's vehicle was almost completely demolished.

Twenty Rotarians To Give Blood

Over 20 members of the Coral Gables Rotary Club have already volunteered to donate a pint of blood each to bolster supplies at the Dade County Blood Bank, it was announced today by Dr. Roy T. Bovard, president.

Dr. Robert Kaiser, who is heading the committee to secure the blood donations, has announced that the Blood Bank will send its portable unit to the County Club of Coral Gables on July 9 to secure the donations.

Other Paring Cuts Deficit By \$30,000

Expenditures Now Ready for Public Hearing

A strong recommendation of the Citizens Tax Committee of the Coral Gables Chamber of Commerce, that the city's trash and garbage removal department be placed on a near-paying basis through increases in garbage collection fees appeared to be the answer, today, to balancing the 1948-49 fiscal budget.

The city commission, which met last night, appeared to be in accord in proposing a new ordinance which would increase fees for garbage and trash collections approximately 40 percent overall.

In addition the commission, meeting with the tax committee, pared the nearly \$60,000 deficit to approximately \$30,000 to strike the balance.

The garbage and trash department's predicted loss for 1948-49 had been set up in the budget for \$40,000. The department has never been operated at a profit.

Under the increased fees system, officials said that the department would be on a near paying-basis, but would probably still show a slight loss.

Items pared from the operating budget at last night's meeting included \$2,511 for a fence and slat house at the nursery; \$1,000 donation to Fairchild Tropical garden; \$1,000 from the advertising fund and \$13,100 for a new fire engine. The fire engine item has been transferred from operating to a proposed capital fund planned for the future.

Incidental changes in items of revenue and expenditure were other factors tending toward reaching a balanced budget.

The budget is now being revised in preparation for an open hearing set for 5 p.m. July 6 in the city commission room.

U. of M. to Observe Holiday on Monday

In as much as July 4 falls on Sunday this year, the University of Miami has declared a holiday for Monday so that Independence Day might be celebrated.

There will be no classes on Monday, nor will the administrative offices be open, it is announced by Dr. Charles Doren, Thurgood dean of administration.

Offices will reopen and classes will be resumed as usual Tuesday.

Dade Polio Toll Reported at 14

Dade County's polio total for 1948 reached 14 today when Dr. T. E. Cato, head of the county health unit, reported the latest case, that of a 22-year-old veteran in the Northwest section of Miami.

Two of the 14 cases were reported and one Dade County death was reported Thursday. The second death in the county was that of an eight-year-old Broward county girl.

GROVE SCHOOL TAX EXEMPTION ASKED COUNTY

Recommendation that the Florida Adirondack School at 3775 Main Highway Coconut Grove be permanently exempt from paying county taxes was made in a special master's report filed in circuit court late yesterday by Louis J. Hamel.

Circuit Court Judge Ross Williams issued a temporary injunction restraining County Tax Assessor J. Newt Lummus Jr., from assessing 1948 taxes on the school property on August 31, 1947, and recommended that the injunction be made permanent.

County taxes amounting to about \$2,000 annually for 1947 and 1948 will not be collected if the circuit court accepts Hamel's recommendation that the real estate be classed as school property although it is used only three months of the year.

Mazer Assigned To Japan Duty

Headquarters, 315th Composite Wing, Fifth Air Force, Fukuoka, Japan—Captain Nathan H. Mazer, brother of Joseph H. Mazer of Coral Gables, has been assigned as Ordnance Officer of the 315th Composite Wing, Fifth Air Force, in Japan, according to an announcement by the Public Information Officer.

Captain Mazer served as Base Armament and Ordnance Officer at the Yokota Air Force Base prior to his present duty assignment. He entered the military service in 1941 and was stationed at Bolling Field, Washington, D. C., before going to Japan to join the Fifth Air Force in December, 1946.

Mrs. Mazer and daughter, Amy Isabel, reside with Captain Mazer in Japan.

Cops Fail to Find Reported Intruder

Police were called to the home of D. E. Hard, 328 Avenue Cadmia, last night when Hard heard an intruder running through his yard.

Officers J. B. Steiner and R. L. Treff, who answered the call, reported that they made a search of the neighborhood but could find no trace of the nocturnal visitor.

Honor Our Forefathers, Don't Join 'Em, Red Cross Advises on Eve of Holiday

When our Forefathers started independence Day back in 1776, they didn't intend us to celebrate it by risking an untimely reunion with them, says the American Red Cross.

So, when you fare forth on the Fourth, take it easy!

Here's a Red Cross check list for a safe and sane holiday weekend as recommended by Dade County safety services director, Godfrey Novotny:

FIREWORKS—If you must play with fireworks, do so with extreme caution. Store in a cool place and set them off outdoors

away from people and buildings. Adult supervision and control of the display will help reduce the danger of accidents to children. Watch fingers and eyes. Fireworks are banned in Coral Gables by municipal ordinance.

OUTDOORS—If your plans include water sports, hiking or camping, know your capability and stay within it. Swim in a supervised place and don't stay in too long. Remember Red Cross water safety rules. If you plan to fish from a bridge be careful not to step back, when landing a fish, into heavy holiday traffic. Take

your sun gradually. Even on a long holiday weekend you can't get a sun tan for the whole year. Don't let a bad burn ruin your fun.

ON THE ROAD—Drive sensibly. Holiday highways are choked with traffic, so don't take chances. Allow plenty of time to get where you're going. Pass when the road is clear and observe speed limits—they're for your protection. If you get tired, switch drivers or pull off the highway for a quick nap.

Remember the Fourth is Independence Day and stay FREE of accidents.

Mayor and Mrs. W. Keith Phillips, he will celebrate 32 years of married bliss tomorrow with a home dinner party. Guests at the Phillips board will be their three married children and their families plus Doug, their teenager son.

EVENTS MEETINGS
RIVIERA TIME TABLE

Organizations are invited to list scheduled activities in the daily Riviera Time Table. Listings for this calendar of activities must reach the Riviera-Times editorial offices by 3 p.m. the day preceding publication.

CORAL GABLES

1st Methodist Communion Offering To Be Used for European Relief

Holy Communion will be observed at the First Methodist Church at 11 a. m. Sunday. The communion offering taken at this time will be used for relief work in Europe.

Along with all of the communion offerings taken in various Methodist Churches this Sunday, the offering will be carried by Bishop Arthur J. Moore to Europe this month and distributed to needy persons there.

During the 11 a. m. service, Ruth Higgins, soprano, will sing the "Twenty-Third Psalm" by Mallote.

At 6 p. m., the college age group will leave the church for an outdoor vesper service, picnic and swimming outing.

COCONUT GROVE

Bryan Methodists Hold Communion

Holy Communion will be observed during the 11 a. m. worship service this Sunday at Bryan Memorial Methodist Church.

For his morning sermon topic, the Rev. Albert D. Hagler has chosen to speak on "The Touch of His Hand."

Sunday School classes begin each Sunday at 9:45 a. m.

Evening youth meetings include Intermediate fellowship at 7 o'clock and Youth fellowship at 7:45 o'clock.

SOUTH MIAMI

Holiday Topic Set for Sunday By Rev. Morgan

With classes for all ages, Sunday School begins services at South Miami Baptist Church this Sunday at 9:45 a. m. Free bus transportation is provided for those in outlying sections to and from Sunday School.

For his 11 a. m. sermon, the Rev. Frank C. Morgan will speak on the topic "Let Freedom Ring." His 8 p. m. sermon topic is "A Special Invitation—from God."

Sponsored by the Sunday School department, special services will be held at 3 p. m. at the Kendall home for the aged.

When the Baptist Training Union meets at 6:45 p. m. sound movies will be shown. The film, "We, Too, Receive," is based on actual experiences during the recent war of fliers shot down in enemy territory in the South Pacific. A story hour union for tiny tots is conducted during the B.T.U. meeting.

Activities for the week include a Sunbeam Band meeting at the church on Tuesday afternoon at 3:30 o'clock. At 7:30 p. m. the Deacons will meet at the church, and at 8 p. m. a B.T.U. business meeting will be held in the same place.

Prayer meeting and the monthly church business meeting will be held Wednesday evening at 8 o'clock.

Thursday's activities include a meeting of the WMU at 10 a. m., a beach party for intermediates in the Sunday School department at 4:30 p. m., and choir rehearsal at 7:30 p. m.

COCONUT GROVE

'Dust of the Road' To Be Sermon Topic

Both the Church School and the morning church service begin at 10 a. m. at Plymouth Congregational Church.

This Sunday, the Rev. David J. Davis will deliver a sermon on the topic "The Dust of the Road." During this morning service, Edward Doe, guest soloist will render "O God Have Mercy" from the oratorio "St. Paul" by Mendelssohn.

On Wednesday evening at 7 o'clock a watermelon social for members and friends of the church will be held in the church gardens.

CORAL GABLES

Lutherans to Hear Dr. Mees' Theme

The theme chosen for the Sunday morning sermon at St. James Lutheran Church by Dr. O. C. Mees is "Wolves of the Spirit."

At 7:30 p. m. the Senior Luther League will meet for a debate during the fellowship session. Also at this time, motion pictures will be shown.

Due to the Fourth of July holiday, the church council will meet at 8 p. m. Tuesday instead of Monday.

COCONUT GROVE

Seabury Forum Group to Meet

Holy Communion will be celebrated at 8 a. m. at St. Stephens Episcopal Church this Sunday.

A choral eucharist and sermon will be offered by Father Paul Lattimore at 10 a. m.

The Seabury Forum, a group of college age students, will meet at the church from 7 p. m. until 10 p. m.

Week-day Communion services are conducted each morning at 7:30 o'clock with the exceptions of Monday and Friday mornings when the services are held at 10 o'clock.

SOUTH MIAMI

Church to Play Host Sunday to Youth Caravan

Beginning this Sunday, the First Methodist Church of South Miami will be host to one of the youth caravans currently being sent out all over the world by the Methodist Church.

Made up of a councilor and three college students who have been specially trained for this work, the caravan will have special services for young people of all ages at the church at 3:30 p. m. These services, consisting of study and recreation, will continue each afternoon at this same time.

All young people, thirteen and over, and people interested in youth work are invited to attend these services.

Dr. Carroll Varner, pastor of the church who has been in Michigan due to the death of Mrs. Varner's father, will be back to lead the services. Enroute home he will attend the jurisdictional conference of the Methodist Church in Columbia, South Carolina.

CORAL GABLES

Christian Science

First Church of Christ, Scientist, in Coral Gables is opposite City Hall Park. Morning service, 11 a.m. Evening service, 8 p.m. Sunday school, 9:30 and 11 a.m. Nursery School, 11 a.m.

"God" is the subject of the lesson-sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, July 4.

The Golden Text is: "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me" (Exodus 20:2, 3).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Fear thou not; for I am with thee: be not dismayed; for I am thy God: I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness" (Isaiah 41:10).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Principle and its idea is one, and this one is God, omnipotent, omniscient, and omnipresent Being, and His reflection is man and the universe. 'Omni' is adopted from the Latin adjective signifying 'all.' Hence God combines all-power or potency, all-science or true knowledge, all-presence" (455:17-4 principle).

Cash prizes are to be awarded this year to the best kept stations and flower gardens of British railways, with over 1,000 contestants. Special allowance will be made for handicaps in "blitzed" areas.

FROG HOLLOW NEWS

Homes Get 'New Look' At Hands of Hollowites

By DOT LEONARDY

We saw the lights pop on last Monday evening around 10 p. m. on 88 Street at the William Quisenberry Jr. residence. This told us Mr. Q. had returned from his vacation. His wife and little daughter, Bell, remained in Virginia Beach for a few additional days of relaxation. Incidentally all the dogs in the community did their greeting with loud and continuous barking 'till the lights went off.

The Melvin Kaufmans' little poochie has his own private abode. The Kaufmans are enjoying their new porch, asphalt tile. It's perfectly laid out for an oversize checker board game. Huge squares of black and green. One could use plates (full of goodies) for checkers and sure have a swell time.

All set for summer rains and September storms, the J. C. Waaghs, 3711 S.W. 61st Avenue are displaying new metal awnings.

It's a debate between Evelyn and Ed Kennedy at 6079 S.W. 38 Street. The discussion is to determine whether they should christen their newly acquired fence (all around the back yard) or the recently long delayed installation of that telephone. Terry 8, goes around singing to baby brother, Randy and little pup, Daisy, "They Fenced Us In," and "no more can we roam."

Joe and Margie Gates on 60th Court just completed bricking in their front porch with slum brick and adobe columns. And before the concrete got dry they started making plans to sell their house and return to Birmingham, where Mrs. Gates' parents live and are in business. It's rumored that Joe may return to the army.

Zooming off by plane, Mrs. George (Maxine) Patterson on 60th Court flew this week with her two children Carolyn, 3, and Kathline, 1, to Texas to visit Maxine's parents who have not seen her for several summers.

For a clever mail box you should see the Paul N. Estes arrangement on 60th Avenue. A unique little garden grows at the base with a border of neat white stones. Also noted were the new metal awnings and closing in of the porte cochere with concrete blocks.

Richie Clawson on 60th Place relinquished his home to an old school chum recently married. The bride was the former Miss Carol Frye from Coconut Grove and groom, Stanley Seymour. Richie moved out to stay with his dad for a week and gave the Seymours the full run of the house.

Those of you who admire antiques will find it worth while to

make the acquaintance of friendly and charming neighbors, Mr. and Mrs. H. W. Wirebaugh at 3719 S.W. 60th Avenue.

Wirebaugh is employed with Lowry Electric Company and Mrs. Wirebaugh has been in the banking business some 20 odd years, presently as auditor for the Miami Beach First National.

CORAL GABLES

Dr. Biro Offers Two Sermons

Dr. Ladislav Biro will bring both morning and evening messages at University Baptist Church this Sunday.

During the 11 a. m. service the Ordinance of the Lord's Supper will be observed. The choir will render the anthem "Bread of Life" by Vail.

Bible School meets each Sunday at 9:45 a. m. with a class for people of all ages. Baptist Training Union meets at 6:30 p. m.

Mid-week prayer meeting is at 8 o'clock each Wednesday evening.

Riviera Presbyterians Give School Attendance Awards

At the 9:30 a. m. Church School session at Riviera Presbyterian Church this Sunday, first year award gold pins will be presented a number of pupils who have maintained a perfect attendance record since last July.

Holy Communion will be observed at the morning

worship service. The minister, Rev. Bruce A. Cumming, will give a brief meditation on the article in the Apostles' Creed, "I Believe in the Forgiveness of Sins."

A nursery will be maintained during this service for small children. Following the service, a congregational business meeting will be held.

The young people of the church will be in charge of the evening service at which time they will give reports on the recent youth conferences at Mt. Dora and Miami Beach. This will be the last evening service until September.

Rev. Cumming will leave next week for Richmond, Virginia where he will engage in graduate study at Union Theological Seminary. Sunday morning services will be conducted by visiting ministers, the first being by the Rev. Dr. Frank E. Harlow of Coral Gables.

CORAL GABLES

Presbyterians Plan Sacrament

The administration of the Sacrament of the Lord's Supper at 11 a. m. this Sunday will begin activities for the second year in the history of the Gables Presbyterian Church.

At this service Dr. B. M. Larson will deliver a meditation message on the subject, "This Freedom." A reception of new members into the fellowship of the church will take place.

Care is provided for children of pre-school age while their parents attend the morning church service.

Sunday School, with classes for all age groups, is conducted each Sunday morning at 9:45 o'clock.

At the evening church service held at 8 o'clock, Dr. Larson will speak on the subject, "That Christ May Have the Pre-eminence."

CORAL GABLES

Dr. Schaaf Returns To Pulpit Sunday

After three months leave of absence, Dr. Nevin H. Schaaf, pastor of the First Presbyterian Church, will return to the pulpit Sunday morning to conduct the quarterly Communion service at 11 o'clock.

Returning to the choir as guest soloist for two weeks is Bill Diard, tenor, who will sing "Bread of Heaven" by Franck. The choir will be heard in "Shall We Deny Our Lord," by Blount. Warner Hardman will render several selections on the organ.

A service of Christian Baptism will be held at the church at 5 p. m. with Dr. Schaaf officiating.

Young Adult Forum and Westminster Fellowship meet in the evening at 7 o'clock in the church and Parish House.

CORAL GABLES

Dr. Biro Offers Two Sermons

Dr. Ladislav Biro will bring both morning and evening messages at University Baptist Church this Sunday.

During the 11 a. m. service the Ordinance of the Lord's Supper will be observed. The choir will render the anthem "Bread of Life" by Vail.

Bible School meets each Sunday at 9:45 a. m. with a class for people of all ages. Baptist Training Union meets at 6:30 p. m.

Mid-week prayer meeting is at 8 o'clock each Wednesday evening.

"They've kept him up there ever since the carnival!"

Employers Urged To Grant Leave For Army Duty

Cooperation of Florida businessmen in granting leaves to employees for summer training with Army reserve and National Guard groups was cited today.

In letters addressed to 153 directors of state Chamber of Commerce, Colonel R. G. Howie, commander of the Florida Military District, expressed appreciation for the splendid support given by employers to the Army reserve component training program.

Pills Won't Take Place Of Strawberry Short Cake

LONDON (UP)—Dr. Hellmuth Edhardt Heitz, one of the world's leading authorities on concentrated foods, says future generations need not fear the advent of capsuled beefsteaks or pillbox strawberry short cake.

Heitz, who began experimenting with food concentrates nearly 20 years ago after getting the idea during a big game hunt, asserted in an interview that solid food could never be substituted as a permanent diet.

Gableite Asks \$75,000 in Suit

William B. Haggard, 837 El Rado Street, today filed suit for \$75,000 damages in circuit court against Nolan-Brown Motors Inc., 2044 Biscayne Boulevard, Miami.

Haggard claimed that he was permanently injured on April 15 when he was struck by a motorcycle driven by Henry Ward Kinard as he was crossing South-west Eighth Street at 42nd Avenue.

The suit charged that the motorcycle was owned by the automobile company and that Kinard was an agent or employee of Nelson-Brown Motors Inc.

Held for Failure To Answer Ticket

Failure to pay a ticket for overtime parking resulted in the arrest, yesterday, of Edward D. Cameron, 3223 SW 27th Street. Cameron posted \$25 bond for appearance in municipal court.

Claims Half Century As Woman Driver

LOS ANGELES (UP)—Mrs. Jessica P. Merville has evidence to back up her claim of having driven longer than any other woman.

The 89-year-old former antique dealer doesn't claim to be the oldest driver, but she can prove that she has been driving since 1898.

She has photographs showing that her father's first car, an 1898 one-cylinder Winton, was the first one in Mt. Morris, N.Y., and one of the first three seen in Buffalo. She has pictures to prove that she drove it, too.

Looking for something? Call the Riviera-Times Classified Department today for quick and efficient service. Dial 48-2641.

Florida Delegation Adamant On Stand Against Truman

TALLAHASSEE, July 2. (UP)—After the first ballot, any strong states' rights candidate could pluck Florida's 20 votes at the Democratic national convention—maybe even Republican vice presidential candidate Gov. Earl Warren of California.

A United Press poll showed today that the peninsular state's 28 delegates still were agreed on one thing—not to nominate President Truman.

The startling proposal that Warren would clinch victory for the Democratic party in 1948 came from Mrs. J. D. Alderman of Jacksonville, vice chairman of the Florida delegation. It is her own private notion, Mrs. Alderman said, and she has no idea how the Democrats can grab off the California governor from the Republicans.

"But he could hold both parties together at a time when America needs peace," Mrs. Alderman added. Warren was nominated by both parties when he ran for governor.

Chiseling Disapproved NEW YORK (UP)—Six married women who pleaded guilty to accepting state unemployment compensation checks while they were working were given jail sentences up to 30 days.

Dentist Deprecates 'Bad Tooth' Theory CLEVELAND (UP)—Dentists attending a meeting of the Cleveland Dental Society were told to look for neurosis in a patient who complains of a "bad tooth" as the source of aches and pains throughout his body.

The advice was given by Dr. Edward O. Harper, assistant professor of psychiatry at Western Reserve University.

He said the dentist should suspect neurosis or some form of psychosomatic illness when the patient's complaints are entirely out of harmony with conditions as they exist in the mouth.

"There was a time when the focus-of-infection theory held a position of importance as a cause of all maladies," Dr. Harper said. "Followers of the theory often advised the pulling of teeth."

The doctor added that "many perfectly good teeth have been sacrificed at the altar of the focus-of-infection theory."

Maynard Hedstrom, whose views are respected by all races throughout the islands, look askance at the plan and have declined to support it.

HAVE YOU HEARD THE ONE ABOUT THE 4 PENGUINS? They came up here from the Antarctic. And summers were quite a problem. How could they keep cool? The first penguin plumped for attic ventilation. And it worked wonders. He's written his agent to go ahead and sell the igloo. The second penguin installed a big air-cooling fan. He's wiring money to Mrs. P. and the kids to come on up and join him. The third penguin (who smokes a lot) figured he needed complete air conditioning. He sleeps like a kitten now. The fourth penguin bought himself a big new electric fan. It's been weeks since he even thought about the old home berg. Yes, each in his own different way solved his problem of how to keep cool in summer. And they all lived happily ever after. Certainly Penguins aren't smarter than people! SEE YOUR DEALER TODAY! Brand new cooling appliances are now available at your electric dealer's. See him today and breeze through the hot weather. Convenient terms are available.

OUR TOWN

Big Four Harmony

By Al Harum

Imagine Joe Stalin, Ernest Bevin, George Marshall, Winnie Churchill and Harry Truman draped around a piano. Joe's singing baritone and Winnie's coming up with the tenor licks. George Marshall has his usually jutting jaw pulled 'way back as he reaches for those basso notes, while Bevin's carrying the melody. And guess who's at the piano—why, Harry, of course.

The boys haven't a care in the world unless you can call the manufacture of harmony a care. There's nary an off-key in the crowd and nobody's walking out on the party. There's not only harmony of note and voice but harmony of heart and soul.

They've just finished singing "Let Me Call You Sweetheart" and are currently working on "Someone in the Kitchen With Dinah." The starvation blockade of Berlin is far from the thoughts of Brother Stalin as he injects his sound baritone into the tone scheme. Harry's forgotten about the upcoming Democratic convention. Dewey and Ike Eisenhower as his fingers travel expertly up and down the keyboard.

Wouldn't that be a wonderful way to tackle the problems that are gnawing away at our world peace and harmony?

The Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America Inc. thinks so and, having partaken myself of the joy of music at one time or another, I am inclined to agree with them.

Warren Zinsmaster and Bob Holbrook, stituted chapter of SPEBSQQA because one evening, are pledged to do their part to "Keep America Singing" as a means of averting the misunderstanding and trouble which leads to war. They report that the convention constituted a general jubilee for everyone present, with quartets bursting into song at the drop of a tuning fork.

The local SPEBSQQA chapter—aside from their effort to "Keep America Singing"—is working toward the establishment of a musical scholarship for talented boys and girls who are unable to continue their training. They sing for almost any worthy cause and for their own enjoyment every Tuesday evening at the Gables Elks Club.

If the Stalin-Churchill-Truman-Bevin-Marshall were really draped over a piano they would undoubtedly be a regularly constituted chapter of SUEBSQA because one of their number, President Truman, already holds a card in the organization. Incidentally there are 23,500 members. Properly distributed this sizeable number should be able to get the "Keep America Singing" drive off to a good start.

Telephone Sounds Alarm
 SEYMOUR, Ind. (UP)—A telephone turned in a fire alarm at the Truman Hotel. An electric disinfecting machine got hot and set a bed afire. The flames melted the telephone and caused the instrument to drop to the floor. That started a buzzing signal heard at the hotel's switchboard.

Come January 1, 1949 Yarrowborough will have more than a working knowledge of the affairs of the county and will be an asset to the district and the county. Perhaps it wouldn't be a bad plan for Louis F. "Red" Sneider to adopt. If memory serves right, Red hasn't attended a county commission meeting as an observer since his election. It will be worth his time and will be beneficial to Miami Beach if he does.

Coral Gables may like to know that the county will continue to maintain the roadside parks within its municipal boundaries. A week ago the county commissioners decided to withdraw because merchants wanted the trees removed.

Since that time the county parks department and Coral Gables' city manager have gotten together. It will be announced, probably next Tuesday, that the county will continue this service.

However, this policy will not extend to the city of Miami, as Miami has not agreed to cooperate with the county parks department. In fact, a letter has been written to the city government by a city official stating that the city government will not support the county in controversies with merchants.

It Says Here

A Riviera-Times reporter, strolling across the neatly clipped grass of the Alhambra Circle parkway, poor for professional reason, broke for social reasons, spied a bed-raggle greenish piece of paper. He picked it up, gazed unbelievably and began feverishly to search for more. You guessed it, money! Anyone who can come to the Riviera-Times office, tell where and how much money the reporter found may be able to claim it.—P.S. Also serial numbers.

SCIENCE AT WORK

By PAUL F. ELLIS
 United Press Science Writer

NEW YORK (UP)—Women may be more resistant to injury from an atomic bomb explosion than men, a preliminary study shows.

The report was made by the American Journal of Roentgenology and Radium Therapy in commenting on the effect of the bombings of Hiroshima and Nagasaki.

In a new compilation of the casualties, the magazine said that six months after Hiroshima, the dead and missing totaled 92,133, excluding military dead; and that in Nagasaki there were 23,753 dead, 1,924 missing, 23,345 wounded and 89,025 other sufferers.

A study of the sex incidence, according to the magazine, showed that the distribution was equal in one area, but in another sector more women survived than men.

"Apparently under identical conditions," it said, "women are more resistant than men."

The preliminary studies also have shown, the magazine said, that there is good reason to believe that reproductive disturbances, malignancies of one form or another shortened life span and altered genetic patterns will in time appear in greater or lesser degrees.

"The injurious effects resulting from the explosion of an atomic bomb may be placed in two main groups," the magazine reported. The first includes the immediate injuries which may range from sudden death in one zone, to severe reaction in another, and no noticeable effect in a third.

"The second group contains the late changes and especially the more or less permanent changes which have resulted over a period of years. Eventually, a third group may be added, including the genetic (reproduction) changes but it may be one or several generations before such changes can be properly evaluated."

The Institute of Life Insurance reports that the health record among U. S. life insurance policy holders during the first half of 1948 has continued at or near the high mark of last year.

There are indications that maintenance of the current experience could see a new record low mortality rate established during 1948, the institute says.

It reported that during the early months of the year, there was an upturn in the death rate, but that since then conditions have improved somewhat.

The institute also announced that the life insurance medical research fund has awarded an additional \$103,000 in research funds for heart disease. The new grants raised to nearly \$2,000,000 the amount provided by the fund since it was organized in 1945.

The awards, announced through M. Albert Linton, include 12 student fellowships, three post-graduate fellowships, and nine grants in aid to hospitals and universities.

The largest grant was to Western Reserve University in Cleveland for research by Dr. Normand L. Hoer.

A Word to the Wives

Not long ago we read a story in the 'New Yorker' magazine about a woman baker who, because she baked hand kneaded bread, for a few home customers, had built a gigantic bread business employing 40 "hand kneaders" alone.

Dowling's in Coral Gables are the sole agents for a hand kneaded bread, "Scott's" (made in Miami). We tried a loaf and we, too, fell under the spell of the tastiness of a hand kneaded loaf. This bread may be sliced "paper thin" and who doesn't like to slice bread, if possible, that thin. It retains its flavor and freshness and is grand toasted. And what is best about that is that it may be toasted, sliced thin, without crumbling or curling up.—H. R.

Richard Aveys Visit 'Hoosier' State

Mr. and Mrs. Richard L. Avey, 5021 S.W. 5 Terrace, have returned to their home after a two-week auto trip to Indiana and Illinois.

With their children, Ronald, Jimmie, and Victor, the Aveys traveled to Bloomington, Indiana to renew acquaintances made when Mr. Avey used to work there.

From Bloomington, they went to Johnston City, Illinois to attend the military funeral of Mr. Avey's brother who was killed overseas.

Whartons Leave On Motor Trip

Captain and Mrs. E. B. Wharton of 533 Avenue Marjora are leaving today on a long motor trip with three major destinations planned.

At Berea, Ohio, their first stop they will visit their son and family H. B. Wharton, Mrs. Wharton and grandchildren Frances, Barbara and Thomas. The junior Mr. Wharton is manager of Eastern Air Lines in Cleveland, Ohio. Going on from there the Whartons will visit Mrs. Wharton's sister and brother-in-law, Colonel and Mrs. W. B. Davis, formerly of the Gables, now of Marietta, Georgia. Later they will visit Major and Mrs. Arthur Blisener, retired army major and his wife at Charleston, S. C., returning home about the first of September.

Mrs. Flannery Visiting Parents

With her youngest daughter, Ellen, Mrs. M. G. Flannery has gone to Evanston, Illinois to visit her parents, Mr. and Mrs. W. A. Sayles.

Mother and daughter will return to their home, 3701 Durango Street, around the middle of this month.

On 'Fourth' Trip

Miss Virginia Seymour and Miss Isabel Mercer will spend the Fourth of July holiday on a foreign flying trip.

Leaving by Pan American clipper ship early tomorrow the two-some will first visit Port au Prince, Haiti; then Ciudad Trujillo in the Dominican Republic. There they will be guests at the "Jaraquá" Hotel.

Each Friday Classified will carry real estate values in homes your chance for a wonderful buy.

Sashayin' Around

with SUZY

Strike up the band!
 Here comes that grand and glorious Fourth once again. The weekend that starts off with a bang and ends with a pang . . . The weekend dedicated to picnics, traffic snarls, accidents, parades, sunburn, hot dogs, hamburgers, watermelon, new bathing suits, games, pickles, mustard, sand, tummyaches, excitement, fireworks, headaches and crowds . . . crowds . . . crowds! . . . The Fourth of July is the birthday of the United States . . . so don't forget to remember why you are celebrating. On the Fourth of July in 1776 the stirring words of the Declaration of Independence became an inspiration to every patriotic American . . . We hold these truths to be self-evident: That all men are created equal; that they are endowed by their Creator with certain unalienable rights; that amongst these rights are life . . . liberty . . . and the pursuit of happiness.

At Mrs. George Romfh's luncheon: Harriet Romfh was telling us that George and little Johnnie will return to the fold on the 10th of June . . . "Sis" (Mrs. Melbourne) Martin was ambitiously doing "petit point" and very pretty, too . . . Mrs. Vose Babcock was telling us some very interesting things about ranching: Vose has several thousand head of cattle on his ranch near Clewiston: We learned for one thing, that "twenty four beef" is much more delicious than beef that has been aged (the aging does tenderize, however) . . . Also that California is buying Florida beef, via Texas . . . as loves it . . . (don't tell anyone I told you) . . . But funnier still is the fact that Floridians are buying Florida beef sent West to fatten quickly . . . and shipped right back where they started from . . . as western beef.

In case you are curious to know, the name "Fourth Estate" applies to members of the newspaper profession . . . it originated in France as a way of describing classes . . . there was the clergy . . . or First Estate; the nobility, or the Second Estate; the common people, or Third Estate . . . and those who gathered, wrote and edited news for the press . . . Fourth Estate.

Robert Blain Crew's lovely long pigtails are gone . . . and we miss them . . . Another femme who has recently been clipped is Nancy Randolph . . . It's a ballerina cut for her . . . We liked that matching "eyebrow" tie, pocket hanky, and socks worn with the dove grey suit by William T. Law . . . The Dicky Bird song and that woody woodpecker laughing up his sleeve have got me warbling too . . . and talking about birds . . . I saw another cuckoo clock this week . . . this one really different . . . for altho it looked like a clock it was really an ivy holder . . . The Ardean Millers are spending a safe and sane Fourth in Bimini . . . "fishin'".

At Erving's: . . . Charles May, looking thinner, but smiling that famous smile, as he greeted his many friends from the Gables . . . Maestro Cy Washburn confiding that his philharmonic symphony has members from most of the leading symphony orchestras in the world . . . and that the summer recitals have been very successful . . . Tommy Miller, looking thoughtful, as usual as he became a man "in front of" instead of a man "in back of" . . . thinking, no doubt that the other fellow's grass is always greener . . . Attorney "Pete" Blackwell D.D. (Divine Dancer) . . . Archie Morrison telling us his opinion of Yale, Harvard and Princeton . . . not to mention Vassar, Smith and Mt. Holyoke . . . Very special opinions, too . . . We found out that little lady Morrison, aged two and one half . . . will one of these days attend Vassar . . . I wish I could plan things as easily as that!

Have fun on that "big" weekend.

Courthouse Corridors

By ARTHUR PEAVY
 Riviera Times Staff Writer

Although a "friendly" suit will be filed against the City of Miami to test the legality of the city delivering Jackson Memorial Hospital to the county, another hurdle looms before the county can undertake the expansion program it desires for the hospital which is sorely needed.

The second obstacle is expected to be another suit which may attack the county commissioner's budget for 1948-49, or may attack the proposed \$2,500,000 bond issue for hospital expansion.

While the budget commission was holding its public hearing on the new budget, a well known attorney attended the session, but took no part in the proceedings. It is expected that he will file the suit when it is filed.

Recently it was predicted that the county commissioners would be asked to consider a county garbage disposal plan. This week Chairman Charles H. Crandon was handed a prospectus of the plan. No discussion of the proposal has been made publicly by the commissioners, in fact, it is doubtful if Crandon has had time to study it, but within a few weeks a young attorney is expected to present it formally to the commission. A similar installation has just been completed in Cairo, Egypt, and as soon as the engineers return to the United States you may expect the details.

It is known however, that the new process produces a high grade fertilizer and that the plant is to liquidate itself within 10 years. After that it will belong to the county.

The county's acquisition of additional government surplus buildings and lands, this time the \$2,400,000 ATC base near Homestead, leads one to believe if perhaps the county port authority isn't going overboard a bit in acquiring such properties.

The county's airport facilities now are valued at some \$75,000,000, most of it at the Miami International Airport. The properties newly acquired near Homestead are reported to consist of barracks, officers and enlisted men clubs and two swimming pools. Most of the barracks were demolished or partly demolished by the 1947 hurricane.

Taxpayers may wonder to what use the county can put these new properties, as they are not strictly airport installations. Whatever they are used for the county must keep them in repair and insured.

Jesse Yarrowborough, commissioner-elect from district one, who succeeds Charles H. Crandon in January, continues to attend county commission meetings as an observer.

UP AND DOWN BROADWAY

By JACK GAVER
 United Press Drama Editor

NEW YORK (UP)—One of the most popular singers in New York—and one of the most constantly employed—gets little publicity. He is Billy Banks of the Diamond Horseshoe.

However elaborate may be the floor show at this night club, the customers always come away talking about Billy, who sings before and between the shows. He has plenty of voice and a seemingly endless repertoire of popular songs. He can croon as softly as Sinatra and he can boom out something like "Ol' Man River" until the chandelier vibrates. And he can accompany his vocalizing with stand-still or ambulating strutting that is out of this world.

The Negro singer, who used to be with Noble Sissle's band, went on his own in 1938 and on Christmas night of that year began a run at the Horseshoe which has never been broken. He estimates that he has given 7,150 performances there—two shows on week days and three Saturday nights—without a single absence.

Producer Max Gordon has finally achieved his goal of a play that has run 1,000 performances on Broadway. "Born Yester-

day" did it for him after a producing career of a quarter of a century, during which he has had many long-run successes. His nearest approach previously was with "My Sister Eileen," which was good for 865 showings. "Born Yesterday," of course, is still turning a nice profit.

Sept. 11 has been set as the closing date for "Command Decision," the William Wister Haines war play which many of us thought was the best dramatic work of the 1947-48 season. It opened at the Fulton Theater last Oct. 1.

On Sept. 14 the company, headed by Paul Kelly, will start an extensive national tour in Hartford, Conn.

Nat Harris has closed his Harem night club for the summer, scheduling a reopening for Sept. 9 . . . Marc Connelly's first new play in several years, "A Story for Strangers," has been purchased by Dwight Deere Wiman . . . The repertory company organized in the season just ended for the City Center of Music and Drama will have a home of its own for at least a part of the 1948-49 season, thus leaving the City Center with more time for its opera troupe. The Marquis de Cuevas' offer of his International Theater for a trial period until Jan. 1, 1949 was accepted by the City Center board.

Lock Helps Burglars Break Into Store

CHICAGO (UP)—A lock that was supposed to keep them out helped burglars break into a men's clothing store.

They removed the lock from a door but the door still would not open.

One of the thieves tossed the lock through a plate glass window. They got \$1,400 worth of clothing before a jangling burglar alarm frightened them away.

Kinderhook, N. Y., the birthplace of Martin Van Buren, received its name "Children's Point" from Henry Hudson because of the Indian children who gathered on the shore to see his ship.

Panhellenic to Draw Up Program at July Meeting

AGDs to Act As Sorority Hostesses

Mrs. Richard Oelkers Jr., program chairman for the Panhellenic Association will outline the yearly program at the regular monthly meeting of the group Saturday, July tenth at the Miami Shores Country Club.

The meeting will get under way at ten o'clock in the morning with Alpha Gamma Delta sorority as the hostess group.

Martha Lummas, society editor of the Miami Daily News, will be the speaker. Her topic will be "Newspaper Reporting."

Mrs. Burton Ames, alumnae president of the Alpha Gams, will receive guests at the door and will be assisted by the actives who are in town for the summer.

Actives serving will be Rita Strankle, Ada Lee Bozarth, Olive Jane Whitehead, Edith Ann Bates, Betty Jean Griffin, Barbara Hunt, Helen Johansen, Nancy Jones, Dorothy Walker, Kaki Jones and Mary Walker.

Program Outline

Gamma Phi Beta will be hosts at an afternoon meeting honoring the scholarship girls, August fourteenth. On September eleventh, Phi Mu will be hosts. Reports of the various sorority conventions will highlight this meeting. Also reports on the National conference are slated.

New members will be welcomed by Delta Delta Delta at the October ninth tea and the annual children's party will be under the wing of Kappa Kappa Gamma on November ninth.

On December eleventh the annual Christmas luncheon will be held.

Theta Upsilon will welcome Panhellenic members at a tea on January twelfth and the Chi Omegas will serve as hosts for the annual Valentine Day tea February twelfth.

The annual election of officers will take place on March twelfth when Kappa Alpha Theta will be hosts.

Alpha Omicron Pi will welcome members at a tea on April ninth and the annual Mother's Day luncheons will be held May fourteenth. At this time the newly elected officers will be installed.

Representatives from each sorority have held a meeting with Panhellenic and completed plans for the summer rushing program.

Edwards Girls to Return From Camp

Returning home tomorrow from Kendall, where they have been attending Girl's Auxiliary Camp as representatives of the South Miami Baptist Church, are Evelyn and Juanita Edwards, daughters of Mr. and Mrs. Ralph Edwards; Ruth Jean Parker, daughter of the Floyd Parkers; and Evelyn Tatum, daughter of Mr. and Mrs. Ernest Tatum.

The South Miami girls went to the camp on Monday. When they return, the Royal Ambassadors of the church will take their places at camp Monday through Saturday of next week.

R. A. campers from South Miami will include Hilary Stewart, son of the John Stewarts; Wendell Collins, whose parents are the Clayton Collins; and Carl George, son of Mr. and Mrs. Lester George.

When dates for one big rush party were drawn.

The dates and sororities are July 2, Chi Omega; July 6, Theta Upsilon; July 9, Alpha Delta Pi; July 13, Kappa Delta; July 14, Delta Gamma; July 16, Phi Mu; July 20, Kappa Alpha Theta; July 25, Alpha Chi Omega; July 27, Sigma Kappa; July 30, Alpha Omicron Pi.

Delta Delta Delta drew the first August date, August 3rd; August 6th, Delta Zeta; August 10, Alpha Gamma Delta; August 13, Gamma Phi Beta; August 17, Zeta Tau Alpha; August 20, Alpha Xi Delta; August 24, Alpha Phi; August 27, Pi Beta Phi; and August 31, Kappa Kappa Gamma.

Fishing Trip Set by Friends

For men only is the fishing trip John W. Hoover, 6700 Le-Jeune Road, is going on tonight.

With a group of his friends, he will journey to the Keys for a week-end of deep sea fishing. The group will stay at the camp, owned by Earl Baum and Dr. J. H. Kenna, until they return to their homes Monday afternoon.

Mrs. Bryant Visits Parents in New York

Mrs. Henry H. Bryant III and seven months old daughter, Carole Ann, are in Hunter, New York where they are visiting Mrs. Bryant's parents, Mr. and Mrs. Fred Quick.

The Gablettes will return to their home, 1520 Avenue San Ignacio, the last of this month.

Mary Jane Westerdahl To Wed Jack Price

Miss Mary Jane Westerdahl

Coral Gables and Coconut Grove families will be joined in the marriage of Miss Mary Jane Westerdahl and John Wesley (Jack) Price which will take place next Fall.

Announcement of the engagement of the pretty daughter of the Lawrence E. Westerdahl's, pioneer residents of Coral Gables, and Mr. Price, son of Mr. and Mrs. William Thomas Price of 3462 North Moorings Way Coconut Grove pioneer Miamians, is being made today by the bride-elect's parents.

Miss Westerdahl is a graduate of Ponce de Leon High school and the University of Miami where she was a member of Kappa Kappa Gamma Sorority.

Her fiance, a native Miamian, is also a graduate of Ponce de Leon High school. He attended the University of Florida where he was a member of Beta Theta Pi fraternity and was graduated from the University of Miami. He is a member of the Bachelor's Club, Miami.

Objects d'Art Presented Here

A florentine hand-carved set of sixteenth century ivory wall brackets plus two statuettes of bisque which were also made in the sixteenth century, were presented Major and Mrs. J. Taylor Phillips, 43 Avenue Madeira, Wednesday by Mrs. Phillips' aunt, Mrs. Charlotte Martindell, and the latter's daughter, Mrs. Marion French.

The occasion for the gifts, which came all the way from Eleanor Duse's villa in Italy, was the first wedding anniversary of the major and his wife.

Throughout the day, friends and neighbors of the Phillips' dropped by their home to wish them a happy anniversary.

Further celebrating their special day, the Gablettes journeyed to the Riviera Country Club for dinner that evening.

Miss Taylor Visits Tennessee Relatives

Miss Jeanne Taylor, who resides with her aunt and uncle, Mr. and Mrs. E. E. McCarty, at 47 Avenue Zamora, is in Tracy City, Tennessee where she is visiting relatives.

Enroute to Tracy City she stopped off in Franklin, Tennessee to spend a few days with one of her aunts.

Next week she will travel to Evanston, Illinois to visit another aunt, Mrs. William T. Fisher, until she returns to the Gables the first of August.

Vacation School Outing Ends Summer Session

A picnic and swimming outing at Matheson Hammock ended Vacation Church School at the Coral Gables First Methodist Church today for 157 Gables youngsters.

Arranged by Glenn Watters, educational director at the church, the outing was held as a climax to the daily school sessions which have been held for the past two weeks.

Using Palestine as their topic, the young students have been studying the land and the people and have even made visits to Temple Israel and the Miami Beach Jewish Community Center.

Numerous handcraft articles, which were made by the youngsters during the two-week session, will be on display at the church during the morning services this Sunday.

Porters Visit Relatives Here

Here to spend the summer with their aunt and uncle, Mr. and Mrs. Coulton Skinner, at 4309 Avenue Santa Maria are Claire and Frederick Porter.

The young guests, who are the children of Mrs. Skinner's sister, Mrs. Newton Porter, are from Haverhill, Massachusetts.

"This is their first visit to South Florida," Mrs. Skinner said, and explained that they had always been used to swimming at northern beaches but that they seemed to like our beaches better.

Lazy Life on Cruise Ship Appeals to Mrs. Frank Holley

"That lazy sort of life certainly appealed to us," enthusiastically acclaimed Mrs. Frank N. Holley Jr. who, with her husband, recently returned from a six-week boat cruise to South America.

"We stayed on the boat the entire time with the exception of three days," Mrs. Holley explained and said that they "didn't even think about getting seasick."

Aboard the SS Argentina, the Gablettes sailed first to Rio de Janeiro which, according to Mrs. Holley, has "the most beautiful harbor in the world."

After a day or two in Rio, the Holleys traveled to Santos, one of the principal coffee ports in Brazil, where they went ashore and took an auto trip to Sao Paulo.

Ice Cream Cup Cakes Provide the 'New Look'

It's fun to surprise the family with a new dessert—or better still—an old favorite in a "new look" dress. What could be more nutritious than ice cream combined with cup cakes in this novel way. And homemade ice cream, made from extra rich concentrate assures the dessert of being an immediate success.

VANILLA ICE CREAM
1 can of ice cream concentrate
1 1/2 cups water
2 to 3 teaspoons vanilla.

Mix all ingredients with egg beater (or electric mixer) until well blended. Then pour mixture into freezing tray of refrigerator and freeze until entire mixture is frozen. Break up frozen mixture and turn into a deep bowl. Whip until creamy and fluffy, just slightly softer than creamy mashed potatoes. Return to freezing tray and freeze to desired consistency. Makes one quart.

Clever little ice cream cups are simple to make and well worth it when you receive the compliments of the family and guests. Just hollow out the center of the cup cake (any plain cup cake recipe will do). This is best done by cutting a circle about one and one-half inches in diameter from the top of each cake. Fill the hollow with ice cream and place the circle back on top of the ice cream. Chocolate syrup or fruit sauce make a delicious topping.

For a direct hit with the youngsters, serve butterfly cups made with ice cream. Remove a thin slice from the top of each cup cake and cut this slice in half. Scoop out the center of each cake and fill with ice cream. Insert the top slices into the ice cream at an angle to resemble the wings of the butterfly, pushing up part of the ice cream in the center in a small mound to form the body. Top with a chocolate syrup or hot fudge sauce, if desired.

Hunters to Entertain St. Pete Guest

Week-end houseguest of Atorney and Mrs. Gene B. Hunter, 1323 Avenue Astoria, will be Miss Ruth Pugh who is coming down from St. Petersburg to be with the Hunters over the Fourth of July holidays.

A long-time friend of Mrs. Hunter, who used to live in St. Pete, Miss Pugh will arrive tomorrow and will return to her home on Tuesday.

Can we help you? See Classified! Or dial 48-2641, the Riviera-Times Want Ad Department.

Gablesgrams

By HELEN REYNOLDS, SOCIETY EDITOR

Mrs. David Kilpatrick really joined the blanket class, after a two-month's stay in Hendersonville, N. C. When the Coral Gables matron went up, early in May, she piled four blankets on for sleeping comfort at night. Toward the end of her stay and the end of June too, she found only TWO were needed at night. Glad to be back in her Gables home, at 1252 Avenue Algeria, Mrs. Kilpatrick was joined by her husband who drove up to the mountains to join her at the Skyland Hotel for a brief vacation and drive home.

Members of the Coral Gables Business and Professional Women's Club went down to the train yesterday noon, to see their dear members, Dr. Adele Hampton, off for Fort Worth, Texas, to represent them at the Southern Regional Convention. Dr. Hampton who served for 22 years as executive secretary of the Dade County Medical Association has resigned. But being secretary of that distinguished group was only one of her duties from which she has not resigned. Actively the head of several telephone exchange businesses including a placement service and nurse's registry, the venerable club woman was wearing three orchids, including the one sent from her Gables club, as she boarded the Texas special.

Making snowballs in Colorado was one of the highlights of the trip Corinne and Warren Zinsmaster had and from which they returned yesterday. They climbed Pike's Peak, just like other tourists, after a visit to Colorado Springs, visited the National Gorge in the Colorado Rockies where they enjoyed a real 'snowstorm' and then to warm up went down the desert way and visited the Carlsbad Caverns, Las Vegas, and points in New Mexico. By auto the Zinsmasters traveled 6,000 miles and took in a convention at Oklahoma City all in a month's time.

Winton H. Beck will be joining Mrs. Beck in Pittsburgh, Pa., long about the tenth of this month to enjoy some of those blankets by night she has been writing about. In a letter he received from the visiting Mrs. Beck, she said "tell the Riviera-Times our children the junior Winton Becks thanked me for bringing some Florida warmth and sunshine along with me to the Smoky City." The Becks will be gone about a month before returning to their Salzedo Street home.

Celebrating his bang up birthday anniversary, away from home is James B. Moore, Riviera-Times managing-ed, who was born right smack on Yankee Doodle Day. With his wife Mary, Jim will join several other Coral Gablettes for a weekend at the Ocean-front apartments, Fort Lauderdale. In the party are the Lee Gebharts and the Harold J. Robinsons.

YMHA Subdues Carls, 7-6; Rogers Trims Coral Park

NAL Faces Crucial Delta Test Tonight

Another meeting of the giants is on order tonight in the Youth Center Men's Softball league when the pace-setting National Air Lines faces rival Delta in the first game of the twin bill.

Should Delta win with Jim McGuire's mound work, the loss will affect nothing except National's prestige and unblemished record in the second half of the league. Delta, in second place, has been tripped twice in the second half and, since this is their second attempt at National, can only back into the championship.

In the first game Thursday Carls Liquors lost a 7-6 heart-breaker to Miami Y.M.H.A. although the Hebrew team had to travel 10 innings to register the win. Carls got off to an early lead and held a 5-3 advantage until the seventh, when Miami pushed across the tying runs. Both clubs carried two scoreless extra innings before the Y.M.H.A. brought home another pair in the 10th on three walks and an error. Carls' retaliation was one counter shy as three pop-ups left another deadlocking run stranded on base.

Rogers Electric swamped the hot and cold Coral Park Market crew 14 to 8 in the nightcap. The Pikes got off to a fat 8 to 4 lead at the end six frames, but hurler Don Cobb could not stem a ten-run parade over the next three heats while his mates were impotent at the bat. Five Pike errors decided the game as Rogers strung together plural counters in the last four innings.

Coral Park was overhauled in the fifth when four straight errors and a sacrifice bunt allowed a quartet of Rogers runners to cross the plate.

In a High School league game, Renault won by forfeit from Miami Boys' Club.

The second contest on tonight's schedule will again match Rogers against Coral Park.

SCORECARD

By DON CUDDY SPORTS EDITOR

It's the Little Things That Count

When a letter comes my way like the one re-printed below it makes me more appreciative of the things Gablets work so hard to give the youngsters of the community:

"I have been a resident of Coral Gables for 15 years and am so interested in the fine things the Gables does for its youngsters. And I want to congratulate the Riviera-Times for your part in the Venetian Pool swim festival.

"There is one youngster I know who is putting in some real practice every morning at the pool so he can give the 8- to 10-year-olds competition in the 25-yard dash. He's a fourth grader at the Gables Elementary School, a member of the Cub Scouts, took part in the Red Cross swimming lessons and hopes by September 4th he'll be able to bring in a prize.

"This youngster has what it takes to be a fine swimmer, and the Festival is just the thing to bring out the best in all young Gables water-lovers."

The letter is unsigned, but its writer's interest in the small fry might be found in every adult. Ask yourself why, as a kid, you did or didn't enjoy the water and swimming. Then apply either the positive or negative end of your answer to getting a favorite youngster started.

Singleton Likes to Get Things Done

Carl Singleton might tell you he's still a sick man but he sure was plenty on the ball during Thursday's athletic commission meeting (the first he's been able to attend in some time). Where others prefer nursing the local fight business along he's all for throwing the show wide open and letting back-busting sink or swim on its own merits. Sometimes the direct frontal attack works a lot better than beating around the bush.

Sandberg Carries On Tennis Campaigns

Doug Sandberg is still carrying the Gables banner on the summer tennis circuits although most of our ambassadors of the court have returned home since the Sylacauga Cotton States tourney. Playing up in Harrisburg, Pa., he upset the second-seeded player in the tournament, 6-2, 6-1, to reach the finals where he will play LaGorce County Club's Dick Holroyd. They are also doubles partners together in the tournament.

Ben Hogan Tops 'Golden Trail' Pro Money-Winners at \$17,597

CHICAGO, Ill. — Small but in so doing took an aggregate of 3,288 strokes. His Vardon Trophy average was 69.84 and his earnings were \$9,84 and his earnings per stroke in tournament competition were \$4.39. 1948 finds Bantam Ben doing somewhat better as he has taken but 3,288 strokes in 47 rounds played to date. His earnings per stroke are now \$5.35 while his Vardon Trophy average is 69.98.

In second place on the prize winning list is Lloyd Mangrum of Chicago who has collected \$16,196.99, while Bobby Locke of South Africa holds third place with \$15,218.33. By virtue of his triumph in the recent Chicago Victory Open, Locke passed Jimmy Demaret, who did not play in this event, has won \$13,518.33.

Following Hogan in the matter of Ryder Cup points are Jimmy Demaret and Skip Alexander with 339 and 322 points respectively. Other players high on the list are Lloyd Mangrum, Johnny Palmer, Chick Harbert, E. J. "Dutch" Harrison, Sam Snead, Lawson Little and Claude Harmon. Points are awarded to the ten top players and ties in each P.G.A. co-sponsored event other than those having a field of less than 32 players, match play tournaments except the P.G.A. Championship and foreign events. This point award began with the first tournament on the 1948 Winter Tour and will continue until 50 days prior to the 1949 Ryder Cup matches. At that time the ten players with the greatest number of points will be selected for the team.

Dawson Stars Play Beach Team Sunday

Absence of several players from the South Florida Polo association forces the Sunday sandlot polo contest down to a single game this week, with Tommy Thompson's Miami Beach trio playing Dawson's All-Stars at the Dawson Bird Road ranch at 4:30 p.m. Sunday. President Bob McVoy announced today.

McVoy said that Jules Romfh will be played with Jack Svorry's team in Detroit this week-end, while Mike Calhoun, secretary of the association, remained in Chicago following last week's invasion by the Coral Gables team and will probably not play here the remainder of the summer. Calhoun will play with the Arlington Farms team led by Del Carroll.

Riding with Thompson in Sunday's six-chukker game will be Harold Clark and Ernie Linnmias. Bud Dawson will captain the All-Stars, with Blaine Haigler, Dr. Ernie Edwards and McVoy also slated for action.

Tourist Rally Fails to Catch W. Palm Beach

By United Press
Miami Beach and West Palm Beach still reeled neck and neck in a tie for fifth place in the Florida International League standings today after the Indians repulsed Miami's Tourists 5 to 4 and Miami Beach trimmed Fort Lauderdale, 9 to 3.

The Tourists missed connections for the first time this week before home folks at Miami Field. They just missed overhauling West Palm with a three-run rally in the ninth inning. Roy Payneck, who had kept the Tourists powerless with two hits to that point, was equal to the occasion, however, and nipped the spurge one tally short of a tie game.

Bob Erps and Roy Vinblash lead an 11-hit Miami Beach attack with home runs good for four scores. Red Toss, although relieved in the fourth, got credit for the win over Fort Lauderdale. The Tourists play host to West Palm Beach tonight at Miami Field while Miami Beach has a chance to take exclusive possession of fifth place against the weak Braves at Fort Lauderdale.

Outing Planned By Grove Sailors

A Fourth of July picnic outing in lieu of competitive races is on the agenda for members of the Coconut Grove Sailing Club for Sunday, Fleet Commodore George Crawford announced today. The sailing club will stage impromptu novelty races and the program also includes several water sports events. A barbecue will be the main feature of the affair, Crawford said. The fifth race in the summer season of competitive boating sponsored by the club will be held on July 11 out of Dinner Key.

MAJOR LEAGUE ROUNDUP:

Braves Cinch to Lead National on July 4th

By CARL LUNDQUIST
United Press Sports Writer
NEW YORK—Maybe its jumping that holiday gun a little but here's a big cannon cracker salute today to the Boston Braves who can't miss being in first place on the Fourth of July—and if the axiom holds true—at the end of the season.

The Braves led the National

Legion Books Pre-Tourney Exhibitions

Two pre-tournament games for the Gables Post 98 American Legion baseball team were announced today by Coach Hugh Vickers.

The Gablets will square off against Miami Beach Sunday, July 4, in an exhibition game at Flamingo Park as the second half of a twin bill. Harvey Seeds and Pan American Post play in the first game.

Another exhibition double-header is scheduled for Miami Field on July 12, when the Gables will play either Pan American or Harvey Seeds at Miami Field. Miami Field. Miami Beach will also switch teams to be the fourth team in the bargain bill, both of which are being staged to raise funds to send the district champions to the state tournament. The Gables won the local championship under Vickers last year.

Bud Fisher, former Ponce de Leon stellar moundman, will probably get the starting assignment on the mound for the Gables, with Bob Minick, James Hooker and Lelio Diaz standing by for relief if needed. Bernie Barnett, regular Cavalier backstop, will handle the behind-the-plate duty.

Batting for first base on the squad is Bob McDougal and Jerry Bishop. Jimmy Welch has second base all to himself, as does Johnny Ellis at shortstop and Angelo Mandis at the hot corner.

Vickers can call on Malcolm Johnson, George Lane, Ray Ehley or Roger Norville to man the garden patrol.

This May Be Doris Hart's Year To Claim World Tennis Peerage

By United Press
WIMBLEDON, England—The famed center court where the Wimbledon tennis championships are played has carried the finest players in the game to some of their greatest triumphs and also their saddest heartbreaks; and this year fortune can smile or frown on the career of 22-year-old Doris Hart of the University of Miami.

Thursday of this week, Miss Hart scored an upset that was not entirely unexpected when she dumped top-seeded Mrs. Margaret Osborne duPont of Bellvue, Del., in a thrilling match, 6-4, 2-6, 6-3, to reach the finals of the women's singles division. Saturday she may complete the three-year quest for the coveted title, symbolic of international tennis peerage, when she plays U. S. amateur queen Louise Brough of Beverly Hills, Calif.

This will mark the second time that both women have reached the final at Wimbledon. In 1946 Miss Brough was defeated by Pauline Betz of Los Angeles for the women's crown. Miss Betz has retired to the comparatively quiet professional ranks since then. Last year was the heartbreak year for Miss Hart. She advanced one more step into the finals only to bow to the then Miss Osborne, after she had defeated her 1948 California finalist opponent in the semi-finals.

It should be Miss Hart's year but the results of matches between the four queens of the tennis world, of which Mrs. Patricia Canning Todd of La

Commission Acts to Halt Prelim Subs

The Coral Gables Athletic Commission took action Thursday towards cutting down the number of last-minute preliminary fight substitutions and also a step for better "underneath" matches at the Coliseum by requiring the complete fight card to be presented to Secretary Bunny Lovett by the Monday before the show is to go on.

Previously the commission ruled that main event fighters must be present 24 hours before ring time, and ordered the clause in each contract made by Promoters Tommy DeTardo and W. H. Peeples to be adhered to.

Approval of the first big summer show at the Coliseum, matching welterweights Ernie Pelaja and Chuck Taylor for July 7 was also given.

With Chairman Bob Williams presiding, the members of the commission also considered replacements for Dr. W. W. Davies, who served as ring physician for six fight programs before he resigned Wednesday night.

Riviera Triple Golf Bill Set

A full program for the holiday week-end golfers has been planned at the Riviera Country Club, per Leonard Ott announced today.

The week-end activities start with a best ball partners' play Saturday. Sunday, Independence Day, offers two events: A mixed Scotch foursome and the finals of the partners' four-ball tournament.

Monday's extra holiday brings a flag tournament with, as an added attraction, refreshments being served at strategic points located on the course.

AIR-RAVES

By Betty Tomes

A would-be composer, his practical breadwinner brother and the brother's patient fiancée are the central figures in "It's Always Albert," a new situation comedy series...

Paul Lavelle will conduct the "Cities Service Band of America" in Sousa's "Liberty Bell" march over Station WIOD (NBC) at 8:00 p. m.

An element of mystery casts its cloud over the lives of "Mr. Ace and Jane" when a fictional whodunit takes on real-life proportions for the puzzled pair...

The great love that a boy and a girl carried in their hearts through the years will be told in "The Story of Marguerita Haviland" on "There's Always A Woman" over Station WKAT (MBS) at 8:00 p. m.

A high percentage of juvenile delinquency is directly attributable to parental neglect, in the opinion of agents of the Federal Bureau of Investigation. Jerry Devine in his broadcast of "This Is Your FBI" over Station WQAM (ABC) at 8:30 p. m. tonight, will stress this point of view...

"Beautiful Constituent" a romantic story of an ex-GI who was elected to Congress in spite of newspaper opposition will be presented in musical comedy form on "Musicomedy" over Station WGBS (CBS) at 9:30 p. m.

Movie star John Garfield, who played the part of a prize fighter in the picture "Body and Soul" will tell stories about boxing when he subs for Bill Stern on "Sports news-reel" over Station WIOD (NBC) at 10:30 p. m.

Dick Jurgens Orchestra will headline the 13-week summer series of "Spotlight Revue" which replaces Spike Jones and his City Slickers, over Station WGBS (CBS) at 10:30 p. m.

Betty Carson, singing star of the "Betty Carson Sings Show" which is broadcast over Station WBAY each Sunday afternoon at 3:15, has prepared a delightful program for your listening pleasure...

Lee Time" a program for the ladies, debuts over Station WBAY, Monday morning at 9:30. The show which features a gossip-news format designed for easy listening, will be conducted by Lee Neilson well known radio writer and actress.

On Your Radio Friday Evening.....

Table with columns for radio stations: WBAY (1490) IND., WVCG (1070) IND., WGBS (710) CBS, WIOD (610) NBC, WQAM (560) ABC, WKAT (1360) MBS. Lists programs and times for each station.

Saturday Morning and Afternoon

Table with columns for radio stations: WBAY (1490) IND., WVCG (1070) IND., WGBS (710) CBS, WIOD (610) NBC, WQAM (560) ABC, WKAT (1360) MBS. Lists programs and times for each station on Saturday.

 C. DANA WOODMAN, Realtor
 2123 Ponce de Leon Blvd. Ph. 4-4264

A definite trend towards an active summer real estate market has been noted by Warren Lehman, president of Warren Lehman Inc., local realtor.
 Lehman, in reviewing the records of his office for a ten-year period, pointed out today that during the years 1943-1946 sales were unusually good every month of the year. However prior to that time his figures indicate WARREN LEHMAN that 80 percent of the real estate sales were made from March 15 through September 15. He states that business is drifting back towards that schedule.
 Lehman told the Riviera-Times that there are more buyers about and that business is far better than it was at this time last year. He said that the market continues to be active despite the fact that this in a national election year, which usually slows the market.
 "The month of June has established a record in Greater Miami for residential building," Lehman stated. "The smart home seeker and the real estate buyer is alert to the fact that he can now build and buy for less than he will be able to for quite some time to come."
 He believes that when the election is over and "people know where they stand" that we can look forward to very active and sound business for the next few years.
 He stated that although he keeps in close touch with the building situation that he was astounded when making a recent survey of the building situation in the Coral Gables area to note the vast amount of building projects under way.
 "When you check into the records and not the names of the individuals and builders, you discover that they are good, substantial and far-sighted businessmen," Lehman stated. "That gives me, and should give you, every confidence in the future."
