FIVE CENTS

# SPECIAL PARLEY SLATED ON WATER RATE HIKE

—Story on Page Three—

**First License** City Clerk Edwin B. Poorman issues the first license under the city's new and liberalized wine and beer law which permits restaurants that have a seating capacity of 50 or more to serve the beverages. First to file his application and have it approved by the city commission was Restaurateur Jack Kertes of the Rah Rah Eat Shop.

**Chow Time** Faith and begorra but it's a great day for the Irish! Young Bruce Leary calls the roll as he prepares to serve chow to these Irish Setter pups. And listen to the foine names! "Gallagher, Clancy, Shawny, Macushla and Colleen".

**Promotions** Traffic Capt. Floyd P. Brasher and Det. Capt. A. M. Bishop admire their new badges, following their promotion to the rank of "captain" yesterday at Coral Gables Police headquarters. The promotions became effective following the passage of the 1949-50 municipal budget by the city commission, which authorized the necessary salary increases for the veteran force members.

# Ratification Seen Certain For Pact

## SOLONS SET FOR BALLOT LATE TODAY

WASHINGTON, July 21. (UP) — The North Atlantic Security Pact comes to a final vote in the Senate today with ratification apparently assured.

Chairman Tom Connally, D., Tex., of the Foreign Relations Committee predicted there would be only about 13 votes cast against the anti-aggression treaty. A two-thirds majority of the senators present is necessary for ratification.

The Senate was called into session at 11:15 a.m., EDT, three-quarters of an hour earlier than usual, to clear the way for a vote at 5 p.m.

Connally and other senate leaders also forecast rejection of proposed reservations to the treaty which would disavow any obligation on the part of the United States to furnish arms to Europe.

Seven nations already have ratified the pact and Italy's chamber of deputies was to vote on it later in the day. The treaty has been ratified by Britain, Belgium, Canada, Denmark, Iceland, Luxembourg and Norway. Other signatories are France, Portugal and The Netherlands.

## Atom Exec Faces Charges

SANTA FE, N. M., July 21 (UP)—Tracy Snelling, suspended as director of public information at the Los Alamos atomic installation when he disappeared for a week, was expected to appear in District Court today on charges of embezzling Red Cross funds.

Snelling, 37, turned up at FBI headquarters in Dallas, Tex., yesterday, ending an intensive four-state search for him.

He was flown back here last night in a plane chartered by the Atomic Energy Commission. He was hustled from the airport to the office of Los Alamos County District Attorney Bert Prince.

Prince said that Snelling gave him a lengthy statement but the prosecutor refused to divulge its contents. Snelling was lodged in city jail for the night, pending his appearance today in District Court on charges of embezzling \$1,008.96 from the Red Cross.

## Governor Warren Slates 'Important' Radio Talk

TALLAHASSEE, Fla., July 21 (UP)—Gov. Fuller Warren will make a 15-minute radio address of "major importance" tomorrow at 10 p. m.

Warren said he would discuss "thoroughly" the \$55,522,412 financial deficit which Comptroller C. M. Gay says the state faces during the next two years.

The governor added, however,

## CHURCHILL BLAMES FDR FOR 'SURRENDER' POLICY

LONDON, July 21. (UP)—Winston Churchill placed on the late President Roosevelt today the full responsibility for the "unconditional surrender" policy regarding Germany, and admitted that the British cabinet would have rejected such a policy. Mr. Roosevelt made the "unconditional surrender" statement at Casablanca without consulting him, the wartime prime minister told the House of Commons.

Churchill contended that he had "not the slightest doubt" that the British government would have turned down the policy if the cabinet had been consulted in the matter.

The secrets of the Casablanca conference came out in Commons debate on foreign policy, marked by an angry exchange between Churchill and Foreign Secretary Ernest Bevin.

Bevin sought to lodge a major share of blame for the sad state of affairs in Germany upon the "unconditional surrender" declaration of Churchill and Mr. Roosevelt. Churchill interrupted Bevin to say:

"The first time I heard that phrase used was from the lips of President Roosevelt."

## Truman Dulls Atom Alarm

WASHINGTON, July 21 (UP). President Truman told a news conference today that there is nothing alarming in current secret discussions involving this country's policy on atomic energy.

Speaking specifically of his recent secret night meeting with congressional, cabinet and military leaders, the Chief Executive said this conference was relatively unimportant.

But he was critical of one of the participants in the conference for, as he put it, leaking to the press about the conference before it was held.

Mr. Truman said he did not like that when it happened and he still does not like it.

He said that eventually the true facts will come out. When this happens, he said, reporters will find that no deep, dark secrets were involved.

The Australian Union of Temperance and Total Abstinence once went to court for an order restraining an owner from adding Scotch whisky to the diet of his horse.

## Klan Records Stolen from Residence

BIRMINGHAM, Ala., July 21 (UP).—The home of a Ku Klux Klan leader, now in jail for refusing to produce a Klan membership list has been ransacked and the records apparently stolen, it was disclosed today.

The wife of Klan Director William Hugh Morris notified the sheriff's office this morning that their house had been "turned upside down" by intruders. So far officers have not located the Klan records in the ransacked house.

Other rapid developments in a mounting series of incidents in Alabama's mob violence experiences:

1. Dr. E. P. Pruitt, 72, founder of the Federated Ku Klux Klan, Inc., of Alabama, announced today that he had quit as president and chairman of the board of governors of the Klan.
2. An American Legion group charged that the law was "blundering and failing to function" in the prosecution of hooded violence here.
3. Alabama authorities urged legislative action, rather than a court battle, to revoke the Klan's charter in Jefferson county where most of the recent record of floggings and intimidations by masked gangs took place.

## TRUMAN PLANNING SOJOURN IN FLORIDA

WASHINGTON, July 21 (UP) President Truman plans a November vacation in Florida, two Florida congressmen said today after a White House visit.

Reps. George A. Smathers and A. S. Herlong said after talking with the Chief Executive that he hopes to take his wife and daughter to his favorite resort, Key West, for a family vacation in November.

The Chief Executive probably will take an earlier vacation shortly after Congress adjourns.

## Truman Acts To Absolve Army Aide

WASHINGTON, July 21. (UP) President Truman said today he does not believe his military aide, Maj. Gen. Harry Vaughan, was mixed up with the so-called "five percenters."

But he told newsmen he would permit Vaughan to testify in a Senate investigation if Vaughan is asked to do so.

A Senate investigating committee which is looking into the capital's thriving "influence industry" has not yet decided whether to call Vaughan. Subcommittee chairman Clyde M. Hoey, D., N.C., said it will study all the evidence first.

"Five percenters" are Washington agents who get government contracts for businessmen in return for a fee or commission, usually five percent of the contract. This is not an illegal practice. Vaughan's name figured in the current inquiry from the start when one "five percenter" boasted that he was a very close friend of the General.

## Col. McCormick Buys Times-Herald

WASHINGTON, July 21. (UP) Purchase of the Washington Times-Herald by Col. Robert R. McCormick, publisher and editor of the Chicago Tribune, was announced today in a front-page box in the Times-Herald.

## EARLY TRIAL IS SLATED FOR NEGROES

GROVELAND, Fla., July 21. (UP) — County officials today promised an early trial for three Negroes indicted on charges of raping a young white woman, hoping the prospect of quick justice would prevent further mob violence and terrorism here.

Circuit Judge T. G. Futch said he would call a "special court session in 10 to 14 days" to try the three young Negroes who were indicted last night.

A hastily-summoned grand jury returned true bills against Samuel Shepherd, 23, of Groveland, Walter Irvin, 22, of Clermont and Charles Greenlee, 17, of Alachua.

The Negroes, held in a secret jail since their capture a short time after the rape was reported Saturday, were not brought here for the jury hearing.

A fourth Negro, named and accused of the crime by the 17-year-old victim and her husband, is still at large.

Judge Futch summoned the grand jury to meet at nearby Tavares, the county seat, yesterday after the crime touched off three nights of violence by white gangs seeking vengeance against the Negro population.

Incidents of terrorism on Saturday, Sunday and Monday included the burning of three Negro houses, rioting and gun-shooting by yelling white mobs in the Negro section, and a Ku Klux Klan parade.

## Shot Gangster Is Guarded

LOS ANGELES, July 21 (UP). Additional guards were placed around the hospital room of wounded gangster Mickey Cohen today following a telephoned warning that mobsters planned a new attempt to kill him.

The warning came as bickering law enforcement agencies joined forces to find the gunman who shot Cohen and three companions in hopes of preventing an outbreak of large-scale gang warfare here.

# Polio Cases Increase Sharply Thruout U. S.

WASHINGTON, July 21. (UP)—The number of polio cases reported throughout the nation is increasing sharply. More cases have been reported already this year than during the same period last year. The height of the dread season is expected to be reached about mid-August. The U.S. Public Health Service said today that 1,016 new cases of infantile paralysis were reported during the week ended July 16, compared to 684 cases reported in the preceding week.

During the corresponding week last year only 716 cases were reported.

Thus far this year, 4,895 cases have been reported compared to 3,601 for the same period last year. However, the increase is not quite as much as it would seem.

Some of the cases included in this year's report are undoubtedly hold-overs from last year, a public health official explained. The service selects the third week in March, usually the beginning of the new polio year, from which to reckon the number of cases.

Since the third week in March, 3,971 new cases have been reported compared to 3,251 cases reported from mid-March, 1948, for the corresponding period.

Thus far this year nine states have reported more than 100 new polio cases. They are Texas, 1,019; California, 628; Oklahoma, 345; Arkansas, 328; Minnesota, 186; New York, 156; Illinois, 129; Indiana, 107; Michigan, 101.

Seattle is built on seven hills between Lake Washington and Puget Sound. It has 200 miles of waterfront.

## WOMAN, 76, STRUCK BY AUTOMOBILE

A 76-year-old woman was treated at Doctors' Hospital yesterday for a splintered leg bone after she had been struck by a backing automobile on Miracle Mile.

Police listed her as Miss Bertha Comstock, 4209 Avenue Santa Maria, and stated that the small bone in her left leg had been splintered.

According to the accident report, Vernon Kane, 110 Avenue Salamanca, stopped on Miracle Mile to allow a car to back from a parking space. When he saw the car did not have sufficient room, he backed his own vehicle. At that moment he stated he heard some shout, "Look out!"

He stopped his car and got out, to find Miss Comstock lying on the sidewalk. Police said that she said that she was not hurt and wanted only to be taken home, but Kane insisted on driving her to the hospital for examination.

Police stated that the accident was unavoidable and no charges were placed against the driver.

## Gables Child Badly Hurt By Vehicle

A four-year-old Coral Gables child was in a serious condition in Jackson Memorial Hospital today after being struck by an automobile, shortly before noon, on Douglas Road near Avenue Alcantarra.

Hospital authorities stated that Robert DeCostas, 42 Avenue Marabella, had suffered head injuries, an abrasion of the left arm, a cut over the right eye and other superficial cuts.

The driver of the automobile was Gerald Miller, 17, of 520 SW 22nd Road. Miller said that he was driving "under 30 miles per hour" on Douglas and noticed the child and a little girl playing nearby.

He said that just as he approached them, the boy darted in front of his automobile. No charges have been placed against him, but Capt. Floyd P. Brasher, head of the traffic division, stated that he had requested Miller to remain at the police station until more definite word regarding the child's condition could be received.

The child is the son of Mr. and Mrs. W. R. DeCostas. DeCostas is a local attorney.

## 'U' Booklet Is Published On Termites

Designed to aid the householder in his war against termites is "Florida Termites," one of a series of technical pamphlets published by the University of Miami Press.

Written by Dr. E. Morton Miller, professor of zoology at the University of Miami, the booklet provides detailed information on the various species of termites found in Florida, their habits and distribution, and means of control and extermination.

For the student and exterminator interested in identifying the species, there are descriptive keys accompanied by illustrations. The work is the result of ten years research and study conducted by Dr. Miller who has been with the University since 1930.

## Tie-in Sale

SAN FRANCISCO (UP)—Turned down when trying to advertise in the San Francisco News' classified section was a man who wished to list his wife, children and house for sale in a "package" deal. He said he wanted a change.

# Special Meeting Set to Hear Final Reports On Water Rate Boost

## Retail Sales Here Top 18 Million During '48

Coral Gables retail sales during 1948 topped 18 million dollars, it was reported today by the Chamber of Commerce, following receipt of statistical estimates published by the State Chamber.

The total was reported in the copyrighted Sales Management Magazine survey, which listed retail sales at \$18,161,000.

The report indicated that of the total, \$6,320,000 was in food sales; \$1,601,000 in general merchandise; \$1,182,000, drugs; \$682,000, furniture household and radio.

The estimate also listed the effective buying income per family at \$4,226.

In the monthly bulletin of the Retail Merchants Division of the Chamber of Commerce, distributed today, the figures were quoted with the comment, "These figures are used pretty widely but of course are, at best, estimates. They do not tally with estimates made by this office in every instance."

## WATER HAZARD CAUSES FREAK CRASH HERE

A puddle of standing water was blamed for an accident yesterday afternoon in which a car skidded 82 feet and then smashed into a parked automobile. The driver escaped injury.

Billy C. Walterson, 1900 N. W. 97th Street, told police that he was driving south on Ponce de Leon Boulevard when he hit the puddle near Avenue San Sebastian.

The car immediately went into a skid, careened 82 feet, and side-swiped the parked car of Gustave Maritz Posner, 1149 Avenue Milan. Posner's car was knocked 27 feet by the impact, while Walterson's traveled 58 feet before coming to a halt.

He was not held by police.

## COP-CUSSING CHARGE WINS COURT DISMISSAL

Charges of disorderly conduct by using profane language after being booked on a traffic charge, were dismissed in Municipal Court last night against Irving Perlman, 3971 S. W. Eighth Street.

The charges had been preferred by Officer Dan Retting who charged that Perlman had used profanity upon learning that he was being booked for reckless driving by running a stop sign.

Perlman paid a fine of \$10 and costs on the reckless driving charge.

Joseph Ayala, 728 North Miami Avenue and Carey F. Cash, 1300 Douglas Road, both were successful in having charges of reckless driving dismissed by the court.

## Motorist Pays Fine of \$50

Dr. Donald T. Leigh, 36, of 821 Lorca Street, was fined \$50 and costs in Miami Traffic Court Wednesday night where he was convicted of reckless driving on April 19.

Dr. Leigh was the driver of an automobile which crashed into a tree on Coral Way, seriously injuring two women passengers in his car.

Thursday, July 21, 1949 RIVIERA-TIMES Page Three

## U OF M REGISTRATION IS SLATED FOR FRIDAY

Student registration for the second summer session at the University of Miami is scheduled for Friday and Saturday. Registration offices will be open throughout the day Friday, and for half-day on Saturday. Registration permits are now available at the registrar's office in the administration building on the main campus, and these should be obtained prior to date of registration, it is pointed out by Malcolm Beal, registrar.

## Ouster Appeal Is Received

City Clerk Edwin B. Poorman announced today that he had received notice of appeal to the city commission on the discharge of H. G. Medlock, former waste superintendent.

Medlock's ouster was upheld last week by the City Trial Board. He had been discharged by City Manager William T. McIlwain after his arrest on charges of usury and conducting a loan business without a license. He faces similar charges in Court of Crimes, filed by the county solicitor's office. According to testimony at the Trial Board hearing, Medlock loaned money to Negro employes, charging them 15 cents per dollar per week. He denied the charges.

Poorman said that the appeal would be presented to the commission at the August 2 meeting, following which a date will be set to hear the appeal.

## Vandals Strike At Golf Course

Burglars made two raids on the Coral Gables Biltmore Golf Course last night, stealing electric drills valued at \$100 from the equipment shed and soft drinks from the refreshment stand.

At both locations the intruders had smashed panes of glass to gain entry.

Evening class registration, conducted under the University Division of Adult Education, will get underway on Thursday and continue through Saturday. Registration hours on Thursday and Friday will be from 8:30 a.m. to 4:30 p.m., and from 7 p.m. to 9:30 p.m. On Saturday the hours will be from 8:30 a.m. until noon.

Housing for students will be available on Thursday, while classes in both the regular school and the division of Adult Education evening school will start on August 1.

## Matonican Rites Planned

Masonic funeral rites will be conducted at the Philbrick Coral Gable Chapel at 2 p. m. Friday for Mathew Matonican, 62, who died Monday evening at his residence, 1036 Avenue Obispo.

Matonican, who was a 32nd degree Mason, died exactly three weeks after the death of his wife. He had been a Gables resident for three years, coming here from Cleveland, Ohio, and was a retired merchant.

He is survived by a daughter, Mrs. John Leninger, Coral Gables, and a son, Al Matonican of Birmingham, Mich.

## CITY FATHERS TO CONVENE ON TUESDAY

Plans for a special meeting of the city commission, to hear the reports of experts probing an increase in water rates, was revealed today by City Manager William T. McIlwain.

McIlwain said that the long awaited report from New York Rate Expert Francis Mylott had finally arrived and was now in the hands of Sidney Hoehl, special expert engaged locally by the commission to investigate a 22 percent boost in rates, effected last August by the Consumers Water Company.

The city manager stated that the special meeting had tentatively been set for 5 p.m. next Tuesday, July 26, in the city commission chamber. He added that the meeting would be open to the public so that any interested citizens could hear the report.

Both Mylott and Hoehl were engaged by the city when the utility firm raised rates without first obtaining the sanction of the city commission. Following a preliminary study, the city issued an order to the water firm to defend the rate boost at a special show cause hearing.

The exhibits which Consumers Water Company presented at the hearing were forwarded to Mylott in New York for analysis, and his delayed report has just been received.

McIlwain did not reveal whether or not the report upheld the increase or disagreed with it. That will be made public following Hoehl's study and further recommendations.

If the commission rules that the rate boost was not justified, Consumers Water Company must rebate excess fees, that have been collected since last August 1, to consumers.

## Even in a Tractor

OTTAWA, Kan. (UP)—Failing to stop for a red traffic light, James Walburn was arrested and charged with drunken driving. He was at the controls of a tractor.

# 'Skeeter War' Is Declared

The South Miami District Chamber of Commerce opened war on mosquitos today and enlisted the Dade County Mosquito Control Office as an important ally.

The first offensive is expected to be launched today when the county forces, under the generalship of Fred Stutz, launch a chemical warfare attack against the enemy in the area that extends for a mile south of Sunset Drive between Red and Ludlum Roads and for a mile north.

## Chamber Urges Retailers to Check On Unknown Solicitation Plans

The Coral Gables Chamber of Commerce today urged Coral Gables businessmen to check with the Chamber offices when approached by persons, unknown to them, who are seeking donations or offering merchandise or services for sale.

Speaking through the official bulletin, "Trade Winds", the Chamber stated, "Your Chamber of Commerce is a member of the National Better Business Bureau and receives regular bulletins of warning against persons and firms making fraudulent solicitations, etc. When approached by someone you do not know and offered merchandise or asked for donations, by all means call your Chamber of Commerce and check first!"

In addition to the aerial chemical bombardment, the South Miami District Chamber of Commerce is asking additional support from its county ally.

Pointing out that spraying by air destroys only the pests actually in the air, but does not control larvae, Charles T. Fuchs, Chamber president, wrote Stutz today, adding, "We must of course depend on your faithful attention to our area, and while those sections heaviest with mosquitos demand first call, please make sure that we in the 'outlying sections'—as you put it—don't have to wait 'several days'. Sometimes we feel pretty sure that we should have first call, the little stingers got that ferocious!"

## It Never Fails

The city budget has been officially adopted, the millage has been established at 21, the same as last year, and the city officials are clearing their desks of several miles of adding machine tape, reams of scratch paper and the other paraphernalia necessary to set up budgets.

The appropriation ordinance, setting in motion the budgeted expenditure of \$1,056,200.35, was passed by a unanimous vote of the city commission on Tuesday night.

Now is the time for the folks, who did NOT appear at the open budget hearing, to start grouching and griping about the way the city is spending the taxpayers' money.

It never fails to happen.

## Monetary Musicians

From Boston comes a dispatch stating that three Greater Boston bankers are the backbone of a Dixieland band which has been drawing customers from Cape Cod to Marblehead.

As members of the "Vinal Rhythm Kings", a band which sticks to razz-ma-tazz and shys away from be-bop or modern tunes, they are union members and draw union pay. However, they say that music is their hobby and not their profession.

We think it's a good thing for bankers to slip away from the staid confines of their moneyed institutions every now and then and indulge in the relaxation of a few hot licks.

At least we are intrigued by the thought of what may happen if the custom spreads. It might be downright enjoyable to hear Jim Leybourne giving forth with a trombone smear; George Chatfield tickling the ivories and George Caster making with the downbeat on the skins.

## Price Tag on Life

What price would you put on your life?

That question attracted more than academic interest when a "dare-devil" show playing in St. Louis asked for volunteers to drive a car into a head-on crash with another at 45 miles per hour.

"Name your own price", the advertisement said. There were 50 takers.

An Illinois farm boy thought it would be worth \$20,000. But a lad who has "been driving a jalopy in Kentucky" thought "25 bucks" should cover everything.

When you consider the fact that we had six crashes with seven people injured in Coral Gables over last week end, they might be able to find folks here who would do it for nothing.

## Tears in Your Beer

With the Coral Gables city fathers pondering over how to limit additional beer and wine licenses under the new liberalized law that permits eating places seating 50 to apply, word comes via United Press, that German brewmasters are asking permission to put more pep in their brews.

German beer has come a long way from the watery brew turned out just after the war. Last Autumn's improved grain supplies made it possible to increase the strength to 75 percent of what it was before the war. But Germans and foreigners still are not drinking it in large quantities. Industry leaders say that German consumption of beer is way below pre-war standard and there is no hope of better business in the near future.

Maybe if revision of the occupational license ordinances doesn't solve the dilemma of the Coral Gables commissioners, they might try adding a little aqua pura to the local brews.

# OUR TOWN

By JIM MOORE

I was quite interested to read the other day the comments that Miami Commissioner Perrine Palmer Jr. had to make about the proposed Marina at Dinner Key.

My interest was not particularly in Dinner Key, but in whether or not our own city fathers should not take a tip from his remarks, and begin to be a bit more serious about some boat facilities for our own.

Palmer contends that the construction of a Marina at Dinner Key should bring to an end the loss of hundreds of thousands of dollars a year to this area.

He quoted one of Miami's economic surveys to bear out his statement that such losses were resulting to Miami businesses and wage earners "because of the many free-spending yachtsmen unable to find winter space here for their boats."

Palmer says that the Dinner Key project, now in the last stages of financing, will provide space for up to 250 small boats. I might add that advance requests for reservations have already taken up that many spaces.

It will not add a cent to Miami tax bills, he said, but will be completely self-liquidating through dockage charges and rentals for other facilities.

He further estimated that the total amount of money spent with Miami commercial houses as a result of the marine recreational industry is thirty million dollars annually.

Now if Mr. Palmer's contentions are true, and there seems to be no reason to doubt them, it looks like Coral Gables may be doing a little sleeping at the switch.

Obviously the Marina, when completed, will not be able to take care of all of the boats in our area that desire docking facilities and other marine services.

We are trying to promote our waterway system and to attract boat owners here to build homes along the canals. But we offer them nothing in the way of marine service for their craft.

We have made several half-hearted attempts to do something about a city yacht basin or a marina near the point where the main canal joins up with the bay, but actually we have accomplished very little.

Maybe we should start doing something whole-hearted.

## MA BAKES A PIE

The Surinam cherry's a succulent thing,  
Born of the blossoms that bloom in the spring.

The mocking birds love them, and likewise do I,  
Especially, brother, when baked in a pie.

So when, as if answering my secret wish,  
I saw Ma preparing my favorite dish,  
I walked off softly, lest I shake it and bust  
That heavenly filling right out of its crust.

Alas, for those great expectations of mine,  
I was not to partake of that structure divine;

For this was the day for the church ladies' luncheon,  
And the pie was baked for their absolute munchin'.

Almost as big 'round as a bicycle tire,  
That goody was, surely, a thing to admire.  
Yet, as it was borne from my car to the church,  
I did not regret being left in the lurch.

For the ladies, bless 'em, deserve all the best,  
And I hope they all tackled that pie with zest.

As for me, although to misfortune schooled,  
I, nevertheless, just sat there and drooled.

J. L. BEERS

## Make Own Jewelry

WEST LIBERTY, W. Va. (UP)—Students at West Liberty State are making their jewelry these days instead of buying it. It is part of an art department course instituted by instructor Ruth Vest, who says the work combines the originality of the amateur with the refinement of the professional.

## It Says Here

Phyllis Capp drops us a line from the Waldorf-Astoria in New York stating she's having a wonderful time seeing the shows and that Sunday night she was a contestant on "Stop the Music" and won a gorgeous Evans kit, worth \$325. She also adds that it's sticky and hot so that she's getting a lot of pleasure out of telling the "natives" about cool Coral Gables . . . Inga and Paul Ropes send word from Mayview Manor at Blowing Rock to start sending the Riviera-Times. They miss it . . . The Jaycee Bulletin records that Dick Roberts has now fully recovered from a "very rare and serious ailment—Chicken Pox!" . . . One of the society writers took her car into Edward's Garage yesterday and in an authoritative tone told the mechanic, "I konw exactly what the trouble is. It's a spark plug." It turned out to be the brakes . . . Ken Decker is moving to Orlando.

## Saved by Bell

PORTLAND, Ind. (UP)—When the call bell rang at the Adair Hotel, an armed robber fled and the night clerk, Jack Myers, was saved by the bell. The holdup man thought the call bell a burglar alarm.

## DOG TALES

By TOM FARLEY

Many dog owners make the mistake of teaching their pets to do a few tricks before they give any thought to teaching the dogs good manners and simple obedience. Once the fundamentals of obedience are learned, the dog will be more easily controlled and can then learn tricks. Though it is preferable to start this training shortly after a dog comes into a home, it is never too late, and an older dog can learn just as easily as a young one.

Before starting the first lesson, it is important that the home trainer thoroughly understand certain things. First, the dog should be kept on leash during training periods so that commands can be enforced. Second, commands should be given in a firm, friendly tone of voice, without shouting. Third, lavish praise should be offered if the dog responds properly, or strong disapproval if he does not. In that way, the dog is never in doubt.

The leash and collar used are very important. The leash should be a long one, preferably six feet. The collar should be a slip chain collar, a simple metal link strand with rings at both ends, which slips easily over the dog's head. Any correction, other than by voice, should be a quick, sharp jerk on this collar.

After the dog has gotten used to the leash and collar, teach him to "sit" on command. Don't use the expression "sit down" as "down" is another, separate command. To make the dog assume the sitting position, stand on his right side and take a short grip on the leash with the right hand. Place the left hand over the loins. Pull up on the leash at the same time your left hand pushes back with a rolling motion. If the dog is directly in front and pacing the trainer and the right hand is used, the thumb will be on his right side. If he is at the left side in what is known as the "heel" position, the left hand will be used with the thumb still on the right side.

Praise the dog lavishly when he responds. Repeat this lesson during brief training periods for a few days. By then the dog should have learned this first step in his training curriculum. Remember that a dog wants to behave in a way that will please his master, but he must be shown what is expected from him. A short time spent each day teaching a dog will make him a respectable member of the family and the community.

# PACT IS SEEN AID TO PEACE BY MARSHALL

By JOHN L. STEELE  
UP Staff Correspondent

(Copyright, 1949, by the UP Associations)

WASHINGTON, July 21. (UP) Gen. George C. Marshall, former Secretary of State, said today he feels certain that "the Atlantic Pact will contribute to world peace."

The wartime Army Chief of Staff told the United Press exclusively that he also believes the mutual defense treaty will "immeasurably" strengthen the security of the United States and its 11 partners in the Atlantic area.

He is now living in retirement at his Leesburg, Va., home.

Here are some of the questions put to Marshall, and the general's answers:

**Q.** Do you regard the pact's pledge to consider an attack on one signatory as an attack on all, with the consequent commitment that each nation will take such steps as it deems necessary, as an "automatic" commitment for United States participation in any European war?

**A.** No. The United States can wage war only if Congress declares war. The treaty does not infringe on the power of the Congress in this connection, nor does it alter, I think, the relationship between the authority of the Congress and of the President as defined in the Constitution. The undertaking on the part of the United States to consider an attack on any of the Atlantic Pact nations as an attack on itself is, in reality, little more than formal recognition of the factors which affect its national security.

The language of the treaty

## THE GUMPS

makes it clear that in the event of an armed attack each nation must decide for itself the measures it should take to restore and maintain the security of the North Atlantic area, and then it must take those measures. Depending upon the nature and gravity of the attack, there are numerous measures short of the use of armed force and widely differing degrees of armed force

which might suffice to deal with the situation.

**Q.** In what manner do you believe the pact will be beneficial to the security and national defense of the United States and of the other co-signatories?

**A.** The two world conflicts which have occurred in the past 35 years have made it unmistakably clear that an aggression on any of the free nations of the

Atlantic community involves all of those nations. This is an inescapable fact. There can be no doubt that the emergence of a threat to one of these nations would have been cause for some action on the part of the United States in order to deal with the situation. Our national security would appear to dictate such action, in my opinion.

The time has long since passed when this country could defend it-

self adequately by waiting until an attack physically reached its shore. In the world of today we know that an all-out armed attack anywhere in the North Atlantic area by any major power would in fact be aimed at the United States.

The time and place to meet such an aggression is not after it has reached our coast, but whenever and wherever it begins.

# LUCKIES PAY MORE

*to give you a finer cigarette!*

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! You'll agree it's a finer, milder, more enjoyable cigarette!

**J. WAYNE ADAMS** of South Boston, Va., 22 years an independent warehouseman, says: "I've seen the makers of Luckies buy fine quality tobacco that makes a real smoke!" Mr. Adams has been a Lucky smoker for 15 years. Here's more evidence that Luckies are a finer cigarette!

**L.S./M.F.T. - Lucky Strike Means Fine Tobacco**  
So round, so firm, so fully packed—so free and easy on the draw

# Marilyn Johnson Announces Attendants for Saturday Marriage to Mr. Adelberger

Miss Marilyn Ann Johnson, who will become the bride of William Adelberger on Saturday afternoon at 4:30 p. m. at the First Christian Church of Coral Gables, has named Miss Virginia McCall as her maid-of-honor and only attendant.

Alexander Gancarz will be best man for his brother-in-law, and ushering roles will be taken by Morgan Wood and Herbert Broadwater.

Tomorrow night, Mr. and Mrs. Henry W. Adelberger, parents of the bride-groom, will be hosts for the rehearsal dinner at the Country Club of Coral Gables. Gables

winter residents, Mr. and Mrs. Adelberger have arrived from their summer home, "Green Acres," in Dayton, Ohio.

Wednesday night, Mr. and Mrs. Joe Farrington, of 5920 Blue Road, aunt and uncle of the bride-elect, were hosts at a Smorgasbord at their attractive ranch type home. Guests included members of both families, the bridal party, and out-of-town guests.

Mrs. Alexander Gancarz was a recent hostess for her future sister-in-law when she gave a miscellaneous shower at which 12 guests were present.

# Gables Legion Auxiliary Outlines New Program

New program plan of the American Legion Auxiliary, Coral Gables Unit, No. 98, is one business and one social meeting a month.

Therefore, the next meeting, being the second meeting of the month, will take the new form of social and will be held at 8 p. m. Wednesday at the Legion Hall. If the plan is successful during the summer, it will become the permanent program.

Mrs. R. A. Perry, Mrs. R. A. Peckman and Mrs. Elizabeth Bridson will be the hostesses. Refreshments will be served.

The unit is busy now with tickets and plans for a fall sale of a mixmaster and an electric iron.

# Young Visitor Likes Our City

With school out for the summer, Miss Diane Bennett is here to spend her vacation hours in Coral Gables.

Marking her first trip to our town, she arrived recently from her home in Knoxville, Tennessee to visit her aunt and uncle, Mr. and Mrs. Floyd H. Smith, 2508 Country Club Prado.

Eleven-year-old Diane, according to Mrs. Smith, likes it here so well that she says she doesn't know when she'll want to return home.

# JOHN KELSEYS BECOME PARENTS

Proud parents of their first child are Mr. and Mrs. John Kelsey of 1504 Avenue San Remo.

Weighing 7 pounds and 1½ ounces, their daughter, who has been named "Joanna May," was born on June 12 at Jackson Memorial Hospital.

Papa Kelsey, incidentally, is director of intramurals at the University of Miami.

Summer Sun has inspired an evening frock of white eyelet that has the traditional black ribbon trim accented in the back to form a bustle style trim and train.

# LOUISE BURNEN TO BECOME BRIDE OF WILLIAM EISNOR

A Florida romance culminates today in the announcement of the engagement of Miss Louise Burnen of Coral Gables and William John Eisnor of Miami.

Miss Burnen is the daughter of Mr. and Mrs. Bernard Carl Burnen, of 135 Avenue Cadima. She and her parents came to Coral Gables three years ago from New Jersey.

The bride-elect is a graduate of Brighton High School, Boston, Massachusetts. She attended Washington School for secretaries, and the Newark College of Engineering. At present she is attached to the production planning department of Pan American Airways.

Her fiance, who is the son of Mr. and Mrs. B. L. Eisnor of

South Portland, Maine, was graduated from Miami Senior High School and the University of Miami where he was a member of Pi Kappa Alpha and Alpha Kappa Psi fraternities, and the Iron Arrow, honorary society. At the University, he was a member of the varsity football squad and boxing team. During the war, he served as a Naval supply officer.

The couple have named September 10 as the day of their

# Center Sets Sunday Fete

A midsummer festival, sponsored by the membership committee of the Coral Gables Jewish Center, will be held Sunday at 8 p. m. at the home of Mr. and Mrs. Maurice Corenblum, 6404 S. W. 12 Street.

Friends and prospective members of the group are invited to participate in the festivities, arrangements for which are being taken care of by Dr. Irving Berger and Irving Gerstenfeld.

Entertainment will include selections in pantomime and monologue by Miss Sylvia Milgram. Refreshments will be donated and served by the Sisterhood, of which Mrs. Irving Gerstenfeld is the president.

# Trip to Calif. Mapped by Trio

A vacation in San Diego, California will be taken soon by Mr. and Mrs. Walter O. Gronning of 4320 S. W. Fifth Street.

Accompanied by Mrs. G's mother, Mrs. Adella Miller, of 1511 Sunset Drive, they'll leave by auto Sunday for the Golden Poppy state.

In San Diego, they'll be the guests of Mrs. Miller's daughter, Mrs. W. S. Day. They plan to be away for about two weeks.

# Sea Island Visit Made by Bennetts

Mr. and Mrs. James A. Bennett have returned home from a brief vacation in Charlotte, North Carolina and Sea Island, Georgia. The Gableites, who reside at 2601 DeSoto Blvd., were away eight days altogether.

marriage. The wedding will take place at the Church of the Little Flower.

## Vary Meals With Liver

Tired of serving your family steaks and chops? Then give them liver fricassee for a change and see if they won't thank you over and over for it.

Dredge a pound of sliced liver in 1/4 cup of flour which has been seasoned with 1/2 teaspoon of salt and an eighth of a teaspoon of pepper. Brown in 1/4 cup of bacon drippings.

Add 2 cups of canned tomatoes, 2 medium green peppers, chopped, 6 small white onions, chopped, 1/2 teaspoon of celery salt, and 1/2 teaspoon poultry seasoning.

Cover and simmer about 45 minutes. Serve with cooked rice. Should be enough for six servings.

## Met Opera Star Is New Gableite

Spending the summer in their New York City home are Mr. and Mrs. Isador Gottlieb of 615 Avenue Madeira.

The Gottliebs, who will return home in October, are newcomers to the Gables, having moved here recently from Gotham.

Mrs. Gottlieb is well-known in musical circles as Frances Sebel, Metropolitan Opera star. She is also known for her concert solo work at the University of Miami.

## HERE TO STAY ARE BASSINGS

From Hatboro, Pennsylvania have come Mr. and Mrs. Henry J. Bassing to make their home in the Gables area at 3760 S. W. 28 Street.

"So far, we like your town very much," confided Mrs. Bassing, adding that she and her family "are here to stay."

The Bassings have three sons, Thomas, who will enter St. Theresa's kindergarten in September, Richard, 2, and John, 10 months old.

## Ex-Miamians Move Here

With their sons, Sandy and Stephen, Mr. and Mrs. S. H. Braznell, who formerly resided in Miami, have moved to the Gables. Their new address is 1364 Avenue Alegriano.

## SMITTY

By Walter Berndt

## PTA Members Contribute Favorite Recipes to Compile Silver Anniversary Cook Book

On the attainment of their 25th year as an organization, the Dade County Council of Parent-Teacher Association has issued a cook book.

The book is composed of favorite recipes of members who represent schools from the four corners of the county.

Since Florida shrimp are in season at a fair price, now is a good time to try Mrs. C. Roy Knight's recipe for Shrimp Gumbo. Mrs. Knight is a member of Ada Merritt Junior High School PTA.

### Shrimp Gumbo (a la New Orleans)

2 lbs. shrimp, 1 clove garlic, 1 small bay leaf, 1 green pepper, 2 cups of celery, 1 large onion, 1 lb. okra, dash of Gumbo File.

Saute—onion, pepper, garlic and celery (which has been cut up) to a golden brown. Add okra and tomato sauce. Boil 15 minutes. Add shrimp and Gumbo File, seasonings. Cook 15 minutes longer.

Mrs. R. E. Chivers, of the South Miami School PTA, presented the book with a good recipe for Spoon Bread.

4 cups sweet milk, 3 eggs, 1 cup yellow cornmeal, 3 lbs. butter, 1/2 teaspoon salt, 2 tbs. sugar 1 teaspoon baking powder.

Cook cornmeal with 2 cups of milk until thick. Remove from stove and cool. Beat eggs with remaining milk, adding salt and sugar. Melt butter in casserole. Fold corn meal mixture into milk

and eggs, add melted butter, pour into oiled casserole, add baking powder and bake in moderate (350 degrees) oven until done about 1 hour.

Mrs. Thomas Mayes, a member of the Ponce de Leon High School PTA, gave the book a cookie recipe that sounds good.

### Orange Spice Drop Cookies

4 eggs, 2 1/2 cups brown sugar, 18 orange slices (gum drop candy), 1 1/2 cups nuts broken, 2 cups sifted flour, 2 teaspoons baking powder.

Pour mixture in flat pan and bake at 44 degrees. Cut in squares and roll in powdered sugar.

Mrs. M. M. Beigel, member of the Sylvania Heights PTA, contributed a recipe for fudge, and who doesn't like fudge?

### Creamy Fudge

1 small can evap. milk, 2 cups sugar, 3 tablespoons cocoa.

Cook together 10 minutes. Stir occasionally. Take from fire and add: 2 small Hershey (eating choc) bars, 1 1/2 teasp- vanilla extract, 1 tablespoon butter.

Beat until thick and pour in buttered dish.

## Daughter is Born To Scarboroughs

"She's just what we ordered!" exclaimed Mrs. Roscoe Scarborough about their newly born first child.

Named "Donna Lea," the baby was born at Jackson Hospital on June 9th. She and her parents reside at 3141 McDonald Street, Coconut Grove.

## TERRY'S GIFTS ARE VARIED

Among the many gifts which came in following the birth of Terry Michele Rosser, several were appropriate for a little boy.

"Just because we named her 'Terry,' so many of our friends concluded that she was a he," said Mrs. James Charles Rosser, mother of infant Terry.

Weighing in at 5 pounds and 9 ounces, Terry, who now tips the scales at 7 pounds even, was born at Doctors' Hospital on June 13.

In addition to Terry, the Rossers, who reside at 2411 Tiger-tail Avenue, have a son, five-year-old Jimmy. Mr. Rosser is operator of one of the Nikko sightseeing boats at Miami Beach.

## Air Conditioner Tops N. C. Climate

Accompanied by her daughter, Barbara, Mrs. Louis S. Edwards, 757 Avenue Malaga, left recently for a two week's vacation in Brevard, North Carolina.

Asked if he planned to join his family during their sojourn there, Mr. Edwards quipped "Nope, I'll just stay here in my air-conditioned office, which I'm sure beats even the weather in North Carolina!"

Newcomers to the Gables area are Mr. and Mrs. William S. Lovell. Mr. Lovell, who is associated with Pan American Airways, and his wife have moved into the home at 5760 SW 47th Street.

## Sekans' Daughter Is Named Jackie

Though they're already referring to her as "Jackie," Mr. and Mrs. Andrew J. Sekan have formerly named their first child Jacqueline Lynn.

A May 27 baby, Jackie was born, weighing 7 pounds and 13 ounces, at Doctors' Hospital. She and her mom and dad make their home at 4510 S. W. Second Terrace.

**HOLLYWOOD FILM SHOP**

**Miss Russell Laughs Hard At Own Jokes in Movies**

By **PATRICIA CLARY**  
United Press Staff Correspondent  
HOLLYWOOD (UP) — When Rosalind Russell laughs in a movie, chances are she laughing at her own jokes.

Half the gags you see in a Russell movie are Miss Russell's own idea. Writers seldom dare to suggest a comedy fall scene for an actress who has an Academy Award nomination. Miss Russell suggests them herself.

**PATRICIA CLARY** "The fact that I look so austere and dignified," she said, "makes it all the funnier. I'm lucky that way."

"I just like to be funny, and certainly the public has more and more been showing that it wants to see funny films. So here I go."

"Tell It to the Judge" is Miss Russell's comedy in five years. She's been making serious pictures such as "Sister Kenny," and "Mourning Becomes Electra." As she said, the public showed that it wanted to see a funny movie by staying away in crowds.

**Works on Scripts**

Miss Russell works as hard on the scripts of her pictures as she does on her performance. She sits in on story conferences, plots out gags at night and perfects them in her free time on the set.

She has a fertile, pixie-like mind that sees the proper twist in a comic situation and bends it to fit the story.

"I haven't confined myself just to this one comedy, either," she said. "Some writers just showed me an outline of a story called "Oh Promise Me." It was going out to a bunch of studio producers and executives, but before they had it out of the envelopes I had bought it and started working on a rough screenplay."

"This one is my baby."

And the heck with drama, for a while, anyway. Comedy is much more fun, for Miss Russell and for the audience.

**THRILL OF A LIFETIME**

ST. LOUIS (UP). — Bobby Smith, 12, got a bigger thrill out of the "open house" at police headquarters than any of the thousands of guests. While looking at a display of stolen items recovered, the youngster spotted a bicycle stolen from him more than a year ago.

ROSALIND RUSSELL

**Reluctant Polar Bear Cub Learns How to Swim**

MILWAUKEE (UP) — After six months during which its mother fretted and worried, the newest polar bear cub at the Washington Park zoo here finally has learned how to swim.

The cub got a low opinion of water last winter, when it slipped into the icy water accidentally.

Like any sensible person on a cold day, the young polar bear got out of there as fast as possible and went shivering to the warmest part of the cave.

After that, Sultana II, the cub's mother, couldn't get it near the pool. The keepers tried, too, but the cub wanted no more of it.

But suddenly things changed. Without warning, the cub started

swimming, and now there's no keeping it out of the water. Nobody knows what happened. The keepers guessed the cub

might have slipped in. Or his mother may have feared her child was becoming abnormal and pushed it in.

## TRANSMISSION LINES IN THIS AREA

HOW THE NEW ELECTRIC LINE to be erected by Florida Power & Light Company will serve Coral Gables and adjacent areas is shown by map above. Already circled by transmission lines fed by the company's major power plants, the area will be traversed by a new, 14-mile, 66,000-volt line which will provide a third means by which Coral Gables and Greater Miami will receive electricity from the company's 72,000-kilowatt Cutler plant.

### Some Can't Take It

CHICAGO (UP)—Dr. Stephan Epstein of the Marshfield, Wis., clinic reports that there are a few people who are so allergic to certain of the rays in sunlight that they develop hives whenever they are exposed to the sun.

### Cradle Will Rock

SOMERVILLE, Tenn. (UP)—Roy Morris Jr., used an old pinball machine to manufacture an apparatus to rock baby's cradle. Weighing only three pounds, it also has a device to time the rocking periods.

## We Are Pleased . . .

"We are really pleased with the many contacts we have received as a result of the visits of our Welcome Wagon hostess."

This statement by the proprietor of the CORAL PARK APPAREL SHOP, 2300 S. W. Red Road, Phone 48-8927 is another evidence of the value of the WELCOME WAGON SERVICE.

## WELCOME WAGON SERVICE

"A Hostess Call Within the Home"

### Motorcycles Get Break In San Diego Parking

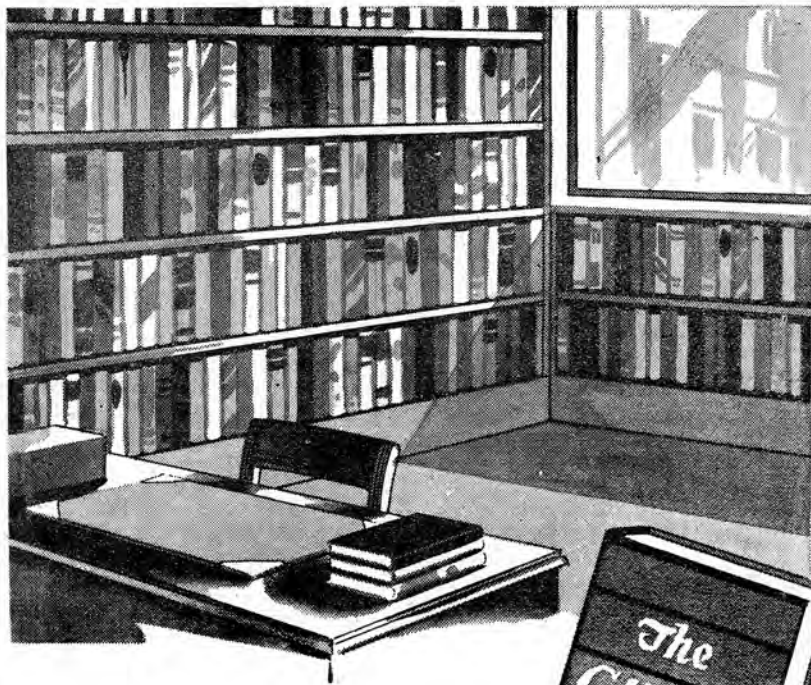

SAN DIEGO (UP) — Motorcycles are getting a break in San Diego's downtown parking problem.

Four-foot stalls have been

Painted at block-ends, each complete with parking meter, which are reserved for exclusive use of motorcycles or motor scooters. Traffic officials pointed out that the new stalls have been painted where "no parking" curbs

had been. They reported parking had been prohibited because parked autos would have obstructed the view of the intersection. The two-wheelers do not offer that hazard.

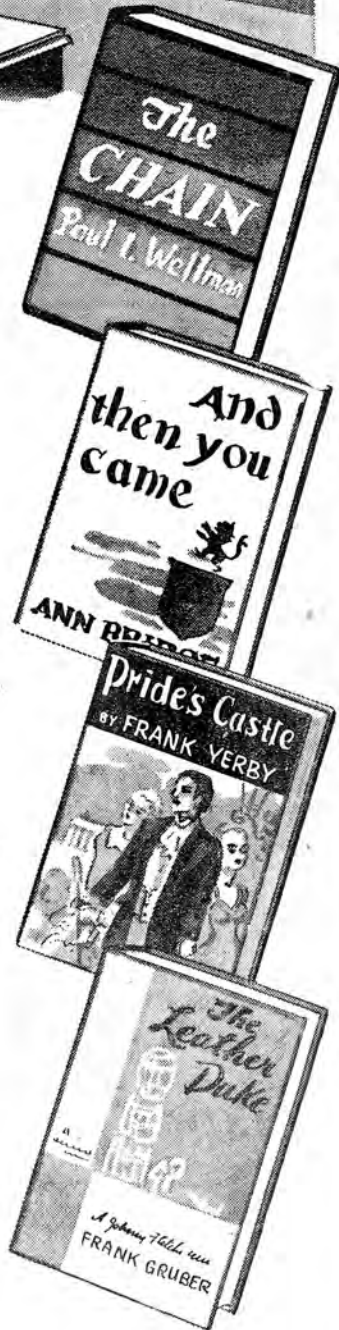

## Have you ever heard of a FREE LIBRARY?

Yes, here is a FREE lending library . . . at DANIELS! Stocked from the Herald Tribune's best seller list . . . you'll find fiction, mystery, non-fiction . . . books for practically every member of your family. New editions every week! Pick them out in air conditioned comfort.

## WINNIE WINKLE

By Martin Branner

# Sox Win, 9-4; Swap Tripp For Mitchell

ST. PETERSBURG. — Miami's Sun Sox continued their winning ways here last night when they beat the Saints 9 to 4 for the second straight in the Florida International League series.

Rene Solis retired the Saints with 10 safeties and one run in the third and three in the ninth. The Sun Sox turned 11 hits into four tallies in the second, one in the third and two each in the seventh and ninth.

Catcher Pete Stammen was the big stick in the Sox conquest, collecting three singles in as many trips to the plate and batting in two runs.

In order to further bolster their offensive attack, the Sox announced today they have swapped first basemen with Brooklyn-owned Nashua, N. H., of the Class B New England league. Bob Tripp, a classy fielder but disappointing .254 hitter, will report to Nashua today in exchange for Bob Mitchell, 21-year-old Atlantan who is hitting over .400 with Nashua. The new Sox first baseman, who stands six feet and weigh 185 pounds, hit a hefty .356 for Johnstown of the Mid-Atlantic League last year—just a single percentage point short of the league batting championship.

# Coliseum to Test Video's Effect on Wrestling Gate

The question of how telecasting of sports events effects gate receipts may be partially answered at the Coral Gables Coliseum, Manager W. H. Peeples announced today.

The basis of the test will be the regular Wednesday night wrestling shows, which have shown a steady if small gain in popularity since their origination, with television, about three months ago. Station WTVJ, which has televised the shows, terminated its contract last night and the wrestling shows will continue sans-video indefinitely.

Credit for a nation-wide boom in wrestling and other sports' popularity was at first claimed by television but that point is now being disputed by sports promoters.

# Got to Be Good For Bolanos, Says Williams

By UNITED PRESS

LOS ANGELES—Mexican Enrique Bolanos gets his third and last crack at Ike Williams' world lightweight boxing championship tonight in a 15-round bout at Wrigley Field before 18,000.

Williams was favored at 2 to 1, but insisted he is expecting "one whale of a battle."

"I've never been in better condition," the dusky lightweight king said, "But I've got to be good for Bolanos."

Jimmy Wilson, Williams' trainer, anticipated no trouble for Williams when it comes to weighing-in time.

"He'll make 135 easy," Wilson said.

Aside from Williams being a pound heavier than the challenger, Bolanos and the champion will enter the match with almost identical measurements.

# Bosox Also Blow Chance

# Yankee Punch Chills Tribe; Cards Win, Brooklyn Bows

By UNITED PRESS

NEW YORK—The status was quo in the American League race today because of the Yankee punch and a Cleveland hunch.

The punch kept repeating and the hunch went wrong. The result was a 7 to 3 Yank conquest of the Indians before a clamoring 75,340 last night—a conquest which put the New Yorkers again four and a half games in first place, still a mite out of reach from the gasping Tribesmen.

Joe DiMaggio was the big boy in the punch parade with a triple and a home run which accounted for three runs. Larry Berra also homered and even pitcher Ed Lopat, although he needed relief in the eighth, got three straight hits. In all, it was a miserable 13th anniversary game for Cleveland's Bob Feller, who was shelled in the four-run Yankee third.

But even the punch was dimmed somewhat by the hunch—the hunch that went wrong and squelched a possible Cleveland victory rally.

That came in the eighth, with the Yanks leading, 7-2. Lopat loaded the bases with none out and Joe Page came on in relief. He forced in a run with four straight balls to Boudreau. He continued wild pitching to Bob Kennedy, serving two straight balls and no strikes. The Yanks were reeling.

But Larry Doby, on third base, got the hunch he could steal home

and get away with it. Doby is fast, but no Jackie Robinson. He was thrown out, and that took the starch out of the Cleveland rally.

Blowing golden opportunities seemed in style from would-be league leaders. The Boston Red Sox did it, too. Ted Williams' homered in the top of the ninth to tie the game with the White Sox, but in their half the Sox tallied on George Metkovich's triple and Eddie Malone's long fly for a 8 to 7 victory. The Sox had seen a six-run lead go by the boards after the first two innings.

A walk and four successive singles in the eighth gave the Detroit Tigers three runs and a 6 to 5 victory over Washington. The St. Louis Cardinals gained back the game they lost to Brooklyn Tuesday in the National League race when they beat the Boston Braves, 6 to 4, in 10 innings last night while the Brooklyn Dodgers dropped an 8 to 6 game to the Pittsburgh Pirates. That left the Dodgers two and a half games in front.

Ralph Kiner's two homers, the second with two men on base in the ninth, beat the Dodgers. They ran his total to 26 for the season.

Sid Gordon's 19th homer and Dave Koslo's seven-hit pitching gave the New York Giants a 5 to 1 win over Cincinnati while Hank Sauer drove in all the Cub runs with two homers for a 4 to 3 victory over the Phillies.

## WOMETCO Theatres CONGRATULATE PARAMOUNT Theatres

for their recognition of Coral Gables as a progressing city entitled to first-run motion picture entertainment.

Wometco Theatres inaugurated the policy of presenting first-run movies in Coral Gables at the opening of the Miracle Theatre last year. Now, with the current showing of "Look For the Silver Lining" at the Gables Theatre, Paramount will present in Coral Gables first showings of its major film attractions.

WOMETCO IS PROUD TO HAVE ORIGINATED THIS FORWARD STEP IN CORAL GABLES & WELCOMES PARAMOUNT'S ADOPTION OF THE POLICY SO THAT GABLEITES MIGHT NOW HAVE A CHOICE OF FIRST-RUN MOVIES

**Oops!** "Monsieur Paris" struggles manfully to maintain his dignity while his opposite number in a baby contest, "Mademoiselle Parisette," turns modestly away and raises her arm in victory. The winners of the contest, for which a record crop of babies turned out, are Gerard Guez, 29 months old, and Esperance Cervera, 19 months old.

### Antilles

Dr. Oscar Gans (right), newly appointed Cuban Ambassador to the United States, and Mrs. Gans are photographed with Judge Otto Schoenrich, President of the Pan American Society of the United States, which honored the new appointee at a luncheon at The Waldorf-Astoria, New York.

### Talent

Ritzy, one of world's most talented Boston bulls, beats out a love song for the entertainment of neighbors in Manitowoc, Wisconsin. Besides her extraordinary talent, Ritzy takes care of such commonplace chores as carrying the mail and newspapers and acting as watchdog.

### Air Force

The world's fastest airplanes, the Air Force's North American Aviation F-86 jet fighters, roll off the assembly lines at the company's Los Angeles plant. F-86 Sabres are now being delivered to the Fourth Fighter Group at Langley Field. The First Fighter Group at March Air Base has been fully equipped with the fighter.

**Ape** Kathy Alandt of Thornton, Ind., recovers quickly after being picked up by a gorilla and goes to drugstore to share a soda with him. His lack of pockets making it difficult for him to carry large amounts of money, the gorilla is forced to economize and share a soda with two straws. Thornton was in an uproar for several weeks, but the whole thing turned out to be a gag put on by Lloyd Walton, photographer for the Indianapolis Times, whose paper wanted to know how a small town would react with a gorilla in its midst.
