

BURGLARS RAID STORE STEAL SAFE, \$300 CASH

—Story on Page Three—

Aid for Stricken Area Mayor W. Keith Phillips of Coral Gables confers with Dr. Carlos Puig, consul general of Ecuador and Miami's Mayor Robert Floyd on a county-wide drive to secure food, clothing and funds for the survivors of the devastating Ecuador earthquake. Following the conference Mayor Phillips issued a proclamation, calling on Gables residents to come to the assistance of the stricken area.

She Helps One of the first persons to arrive at the Coral Gables police station with an armload of clothing for the survivors of the Ecuador earthquake was Mrs. Franklin F. Brooks, who scoured trunks and closets to unearth this bundle. Clothing may be turned in at the police station at any time during the day.

Chiefs Two officials of the Cuban National Police receive honorary membership badges in the Dade County Police Chiefs' Association from its president, Coral Gables Safety Director William C. Kimbrough. Left to right: Kimbrough, Lt. Jose Hernandez, Maj. Louis Verona, Miami Police Chief Walter Headley and Judge Stanley Milledge. The presentation took place last night at the Country Club of Coral Gables, where Judge Milledge was the principal speaker.

Air Force Selecting Red Targets

AIR CHIEF TAGS SOVIETS 'ONLY ENEMY'

WASHINGTON, Aug. 12 (UP).—Gen. Hoyt S. Vandenberg said today Russia is America's only possible enemy, atomic bombing in the event of war has "the" first priority, and the joint chiefs of staff are now selecting targets.

The air force chief of staff denied all allegations made against the B-36 superbomber that it is either an inferior vehicle for an atomic attack or that it is a plane bought through political pressure. He testified before the House Armed Services Committee.

The committee is investigating alleged procurement irregularities and the whole concept of war planning as now being done by the air force and the joint chiefs of staff of which Vandenberg is a member.

Vandenberg discussed the theory underlying strategic bombardment and approval of plans to conduct it by the joint chiefs of staff. The chiefs include besides himself, Adm. Louis Denfeld of the navy and Gen. Omar Bradley of the army, now to become chairman of the joint chiefs.

"It is pointless to talk in riddles," Vandenberg said. The only threat to American security and world peace "comes from the Soviet Union."

Dealings with Russia, he said, cannot be based on normal diplomatic negotiations and that nation can be contained only by "active participation of the United States with the other nations of the Western World."

The United States with atomic bombs in "significant quantity" and the B-36 to haul them can check the "aggressive designs" of Soviet leaders, although it is "deplorable that we have to think in these terms," Vandenberg said.

We work cheap. A want-ad in the Riviera-Times costs little and gets results.

Brain Surgeon Is Summoned For Author

ATLANTA, Aug. 12 (UP).—A noted brain specialist was summoned today in an effort to save the life of Margaret Mitchell who was critically injured last night while crossing the street frequented by Scarlett O'Hara in the pages of her fabulous novel, "Gone With the Wind."

Dr. George F. Dowman, Atlanta brain specialist, was called in as Miss Mitchell lay in a state of semi-coma at Grady Memorial Hospital.

A careening automobile, operated by an off-duty taxicab driver, Hugh D. Gravatt, 29, bore down on the famous author early last night as she and her husband were crossing Peachtree Street to attend a movie.

Miss Mitchell was knocked to the pavement unconscious. After emergency treatment that included two blood transfusions she rallied sufficiently to open her eyes and recognize a few faces. Doctors said her condition remains "extremely critical."

NEGRO SOUGHT AS RAPIST IS CAPTURED

COLUMBIA, S. C., Aug. 12 (UP).—A slender Negro suspected of attempting to rape a white woman was turned in by his family today after he esued out of one of the biggest man hunt traps in South Carolina history.

Willie Junior Tolbert wearily walked out of his house near Greenwood at 8 a. m. and gave up to Sheriff J. Cal White and one deputy, after weaving his way out of the cotton patches, corn fields and woods where 1,000 citizens and scores of officers hunted him Wednesday night near Graycourt, S. C.

Sheriff White said "he was ready to give up. He just didn't like that crowd at Graycourt."

RIVIERA TIMES
Friday, Aug. 12, 1949

GOVERNOR RESTING FOLLOWING COLLAPSE

TALLAHASSEE, Fla., Aug. 12 (UP).—Gov. Fuller Warren today was resting from a state of "physical exhaustion" which forced him to leave his office at noon yesterday.

The 43-year-old governor was not under medical care, however, and is expected back at his office "within a few days," Loyal Compton, his press secretary, reported.

Compton pointed out that Warren had been working from 10 to 15 hours daily in preparation for the special session of the legislature scheduled September 7.

Vaughan Seen As Willing To Testify

WASHINGTON, Aug. 12 (UP).—Chairman Clyde R. Hoey of the Senate investigating committee said today that Maj. Gen. Harry H. Vaughan "has indicated a willingness to appear before the committee and testify at any time the committee desires."

Hoey made the statement to reporters at the White House. He said he visited the White House on another matter and did not discuss the five percent investigation with President Truman.

Presidential Assistant John R. Steelman once endorsed "five percent" James V. Hunt, it was also disclosed today.

Dr. Steelman's "O. K." of Hunt was revealed to the Senate investigating committee by Francis D. Flanagan, committee investigator, who described dealings between Hunt and the Deering-Milliken Research Trust of Greenwich, Conn., a non-profit organization.

As this phase of Hunt's activities was brought out, Sen. Joseph R. McCarthy, Republican, Wisconsin, interrupted the hearing to demand that Maj. Gen. Harry H. Vaughan, President Truman's military aide, be called to testify.

Heat Wave Break Seen By Tonight

By United Press

The weatherman today forecast a "definite break" in the heat wave which has baked the eastern half of the nation for almost a solid week.

United States forecasters said that a mass of cool air high over Canada and the Hudson Bay is pushing southward. Cooler air already covers Minnesota, Wisconsin and most of lower Michigan.

The cool air in the East was hanging 120 to 130 miles northeast of New York City and moving southward very slowly. But cloudy skies already had given New York respite from the heat, and the cool front was expected to reach the scorched metropolis tonight.

ANTI-ALLIED FEELING MOUNTING IN GERMANY

FRANKFURT, Germany, Aug. 12. (UP)—Some violence and serious anti-Allied sentiment was apparent today in the final stages of the campaign for Germany's first free parliamentary elections since Adolf Hitler seized power in 1933.

The elections will be held Sunday. Some 25,000,000 Germans on this side of the Iron Curtain will elect 400 deputies to the new Bundestag, a federal parliament representing all 11 states in the three western zones.

Fighting broke out last night at Brunswick, in the British zone, when members of the extreme right wing German Rights party began singing Nazi songs at a rally. A speaker on the platform also attacked socialist policies between the two World Wars.

Socialists armed with rubber hoses broke into the hall and rushed the speaker's platform. They clashed with a gang of guards around the platform. Several were injured before police, who had been guarding the building, stepped in and stopped the battle.

In addition to singing Nazi songs, the Rightists sang "Deutschland Uber Alles," the forbidden German imperial anthem, and decorated the speaker's platform with the black, white and red flag of the Kaiser's Germany.

The battle and the Nazi tendencies of the German Rights party highlighted a charge made only a few hours before by an American military government spokesman that there was an anti-Allied movement afoot in Germany.

The spokesman, unidentified, said over the American zones radio network that there was an "awakened nationalism" spreading across western Germany.

Shoots Himself Down
MOSES LAKE, Wash.—(UP)—A National Guard pilot "shot himself down" when a bullet from one of the wing guns of his fighter plane ricocheted off a rock during strafing practice and struck the engine's cooling system. The pilot, Capt. William P. Coburn, Boise, made a safe landing.

Voting against confirmation of Clark were Republican Senators Homer Ferguson of Michigan and Forrest C. Donnell. They have repeatedly criticized Clark's actions as attorney general. Ferguson said he planned to issue a statement later.

OUR TOWN

By JIM MOORE

Several months ago, there appeared in this column a sample "Quiz for Candidates." The idea of the quiz was to insure the electorate that the men who desire to run for public office are qualified and that they know something about the city, county or state which they wish to serve.

The "Our Town" quiz was designed to test candidates for municipal office and concerned itself with Coral Gables. Apparently other folks have had the same idea.

Recently I have received two letters from John F. Wilmott, the director of the Dade County Research Foundation and a resident of our community. Mr. Wilmott sent me a sample of a quiz which was developed by City Manager Wayne E. Thompson of Richmond, Cal., for use by civic organizations to test their members on how much they know about municipal affairs. It was thorough and searching.

In his second letter, Mr. Wilmott sent a clipping of a letter, written to the editor of the Wall Street Journal, in which F. W. Brittan of Audubon, N. J., points out that schools and universities require applicants to show proof of mental development by submitting to oral and written tests, that the armed services require applicants to take I. Q. tests but that politicians do not have to pass examinations or be subjected to inquiries concerning their abilities to discharge their duties as members of the government or body politic. Mr. Brittan thinks that we should "raise our sights" by requiring all candidates for public office to pass written and oral examinations before allowing their names to be placed on the ballot.

I was particularly interested in the comments that Mr. Wilmott had to make on the subject:

"It is a good idea, all right, but has practical limitations," he stated. "After all, we ought not to use the elective process for positions which require technical skill such as assessors and tax collectors, police heads, etc. These are all administrative positions which ought to be filled by appointment just as we do in the Gables. How can you and I judge the qualifications of candidates for state agricultural commissioner or state utilities commissioner as we are now called upon to do? To me, that's preposterous.

"We have to bear in mind that, in case of legislative or policy offices, a candidate's attitude on major issues may be more important than his factual knowledge. A candidate who has sound views on maintaining zoning standards, scientific assessing, strict law enforcement and a merit system may be the best man of the lot, even if he can't rattle off the names of all the Supreme Court justices. Conversely, some glib citizen who is crammed to the gills with "facts" may be positively dumb from a civic standpoint.

"I agree, knowledge of facts is important, but the inferences which people draw from facts are sometimes even more important."

And you can't argue too much with Mr. Wilmott about that, can you?

Know Your Merchants

F. E. Sexauer has been in the leather goods business for over 56 years and has been in his present business location for the past two years. He and his wife Sadie run Sexauer's Luggage Shop at 242 Miracle Mile. They have two married daughters. Sexauer's was formerly located at 333 N. E. 79th St., Miami Beach.

MEMPHIS, Tenn. (UP) — A used car dealer attracted shoppers when he changed the prices on his lot of vehicles. Instead of the usual windshield prices of \$600, \$900, etc., prices were quoted at 39 cents per pound, 69 cents per pound and 87 cents per pound.

JIM MOORE

Courthouse Corridors

By ARTHUR PEAVY

Nearly a year ago, Charles H. Crandon, former chairman of the county commission, announced with great fanfare that he was appointing a committee to "end all committees," preparing plans for a Pan American Mart in the Miami area. D. Richard Mead, Miami Beach realtor, was named chairman of an imposing group.

This week the committee made its first report. It didn't shake the foundation of the courthouse. The committee, by formal resolution, agreed that such a trade mart would be a good thing for the community; that it should be operated under the county port authority; located in downtown Miami and financed with state and federal funds.

Then the committee sat back to await the pleasure of the county commission. The commission apparently was not pleased. There was no new information in the resolution which also failed to reveal any evidence that the committee, according to Mead's accompanying letter, had met several times on the matter.

Members of the commission indicated that they were ready to shelve the committee with the customary letter of thanks and to name Port Director A. B. Curry to represent the county on the Miami Chamber of Commerce committee, which was not only duplicating, but exceeding the activities of the Crandon committee.

The strangest reaction came from Miami Beach Commissioner Louis F. Snedigar, also a realtor, who characterized the so-called report and resolution as "the poorest report I've ever seen."

Regardless of what action the county takes regarding a trade mart or world's fair, the commissioners are not digging into the county coffers to pay for any more \$1,600 dinners. The recent get-together of civic leaders of Greater Miami to discuss these items cost the county \$400 as its share of the cost of the dinner. Miami, Miami Beach and Coral Gables were assessed the balance.

The county and the University of Miami have run into a snag in acquiring title from the war assets administration of Chapman Field.

The county has received official federal sanction to convert some 500 acres into a master park while the University will get (as soon as this legal barrier is out of the way) more than 150 acres for educational purposes.

The deal was in the bag when a Coral Gables attorney stepped in and presented his claim to a portion of the property under an ancient law which had been forgotten.

Newspapers carried the story of the county and University of Miami negotiations with the war assets administration right up to the point where checks were sent to the government for the land, and then silence.

The truth of the matter is that the legal entanglement has been placed in the lap of the county attorney, who is burning midnight oil in an effort to unscramble the omelet.

When this is done, the county is ready to start building a master park on the property. The city of Coral Gables had a bid in for the property, but withdrew in favor of the county when the county commissioners agreed to submit their plans for the park to the Coral Gables city commission for their approval before development.

It Says Here

Jeff Helm sends a clipping from the Providence, R. I., Journal bearing the headlines, "Providence Summer Is Hotter than Miami's or Atlanta's. Writing from New York, Jeff says, 'Just returned here after 10 days in Providence and from the enclosed you can readily see that we are automatically disqualified from the "Penny Blanket Derby." Maybe all our friends up here will believe us now. At least WE are convinced.' . . . Photographer Bill Moeser is puzzled over a mystery phone call he received this morning asking him if he remembered what happened on a Sunday two years ago . . . Two husky youths from Chicago moved into a garage apartment in Coral Gables last night. In a few minutes they were knocking on the door of the main house. "There's a big spider in our room," they said. "What shall we do?"

DOG TALES

By TOM FARLEY

While distemper is no longer the dread scourge it was ten or fifteen years ago, thanks to improved veterinary practices and greater general knowledge of the subject, it still remains to be conquered. There is as yet no certain cure for the disease but the partial immunity offered by preventive inoculations is something every dog owner should be grateful for. Most of the so-called "cures" on the market are of no value, and some are positively harmful to dogs.

Distemper is a sly disease, the early symptoms of which often resemble some trifling canine ailment. Vomiting, diarrhea, refusal to eat, a dry cough, and a rise in temperature—any of these might be logically passed off by a dog owner as a temporary malaise.

Of all the symptoms, it is the temperature rise that usually provides the best warning that a dog has contracted the virus which produces distemper. Within a twenty-four or forty-eight hour period, the temperature may shoot up to 104, sink again to normal and then slowly rise to 104 again. Usually at the second rise, the dog develops conjunctivitis. The cornea of the eye sometimes becomes ulcerated. Gastro-intestinal symptoms include vomiting and constipation, followed by diarrhea. The patient may also develop tonsillitis and a dry cough.

During the second and most dangerous, stage of distemper, the dog often begins to manifest nervous symptoms—convulsions, a rhythmic twitching called "chorea," and paralysis of the muscles of mastication and of the tongue. It is in this stage that permanent injury may be done to the animal's vulnerable nervous structure, or that death may result.

The best advice for any dog owner who suspects that his pet has distemper is to consult a reputable veterinarian without delay. Diagnosis is always difficult and often requires a laboratory test before it is conclusive. The patient is likely to be given massive doses of homologous anti-distemper serum. He will have to be kept quiet and warm, usually in an isolated part of the house, and fed easily digestible meals. If you have been feeding him a high-grade brand of commercial dog food, you can continue him on that diet, but it is usually best to feed at four-hour intervals.

Since distemper has a more severe effect on rundown dogs than on healthy ones, it's a good principle to keep your dog in as sound physical condition as possible. Risk of infection may be avoided by giving him preventive inoculations as a puppy, keeping him away from dogs that are or have been infected—distemper germs remain potent for as long as three months—and avoiding places which you know infected dogs have visited.

**Gets College Degree
After 41 Years**

PITTSBURGH (UP) — Mrs. Pa., finally has completed the college course she started in 1918. Mrs. Butler finished her freshman year at the Ohio Wesleyan before her marriage in 1919. Through the years she continued intermittent study at University of Pittsburgh and Indiana State (Pa.) Normal College, meanwhile raising three sons and teaching in rural schools. In 1943, she returned to Pitt, taking a light schedule of night classes. Now that she has won her degree, she plans to write and study history and spend a little more time with her boys, L. Glenn, jr., 23; Gerald, 14, and Teddy Gordon, 12.

Gablesgrams

By HELEN REYNOLDS, SOCIETY EDITOR

"Age," a subject usually taboo with women, will be the chief topic of discussion Wednesday morning when members of the junior women's clubs in district 11 of the federated clubs meet. "It's going to be discussed up to '30' years, and down from '35' years," quipped Mrs. Charles DeCamps, first director of the Coral Gables Juniors. "You know at the present time the Florida Federation law says that when a junior reaches the age of 30 she automatically advances to the senior club. We are trying hard to have the age limit changed to 35, and believe me, we have strong arguments to support our claim," she continued. The session will take place at the Miami Woman's Club. Mrs. Arthur Camfield will represent the juniors.

Little Miss Linda Maureen Lanigan, who will be two weeks old tomorrow, got her first glimpse of her parents' home yesterday. She, and mamma and poppa, the Roddy Lanigan's, Jr., and sister, Kathy, had been guests of the Denis Renaults, maternal grandparents, at their country home since Linda and

Mamma returned from the hospital. "We have lots of help and a registered nurse to look after Linda," Mrs. Lanigan, the former Denise Renault, reported, "and Kathy is wild about her new sister, which makes it easier—or maybe harder (she just wants to be near her every minute)" said attractive Mrs. Lanigan.

Mr. and Mrs. Milton B. Garriss, of 1822 Country Club Prado, are getting acquainted with their 14 months' old grandson, Barbour, since he and his mother, Mrs. Charles Barbour Fisher, came down for a visit. The Fishers, who have been residing in Memphis, are in the process of moving to Nashville, Tennessee, where Mr. Fisher has been transferred by his company. "It's really grand that it took a 'moving' to bring Dottie and 'Barb' down here for a visit," Mrs. Garriss said.

It had to be the youngest member, Ellenwood, of the Louis Brown family, 7950 Sunset Drive, South Miami, to come down with a case of the measles. "But then, she caught them from her Aunt Mary Ann Batchelor, who lives right next door," laughingly revealed Mrs. Brown, the former Betty Batchelor. "And now the latest victim is her uncle David." The measles, however, didn't strike until the Browns had returned from vacationing. They visited Mr. Brown's parents, the senior Mr. and Mrs. A. Louis Brown, in Virginia, and Betty's brother-in-law and sister, Dr. and Mrs. George Hazelhurst, in Flushing, New York.

Issues Call For Aides In Red Cross

The Dade County Chapter of the American Red Cross is urgently in need of volunteers to train as Nurse's Aides, according to an announcement by Mrs. R. Ernest Nitzsche, volunteer services chairman. "We have a waiting list for those who wish to become Gray Ladies," said Mrs. Nitzsche, "but we are desperately in need of Nurse's Aides."

At the present time, a class of 10 volunteers is waiting for a full complement of 20 before training starts. The course lasts for a total of 80 hours. Thirty-five hours of classroom work are required, followed by 45 hours of in-service training in the hospital. After complete satisfactory training has been accomplished, a capping ceremony is held, at which time the applicant takes a pledge of service.

Local Red Cross Nurse's Aides work in the Veterans' Hospital in Coral Gables and at Jackson Memorial Hospital. Full information may be obtained by writing to Red Cross Volunteer Service Headquarters or by telephoning 3-3873.

Twenty Two Episcopal Young People Plan Trip To Key West Tomorrow

Twenty-two young people, members of the Young People's Service League of St. Phillip's Episcopal Church, will leave by automobiles tomorrow morning for Key West to attend the summer deanery meeting of the Southeastern Deanery.

St. Paul's Episcopal Church in Key West will be the host parish. They include Frances Olney, president of the league at St. Phillip's; Elizabeth Driver, Letitia Woods, Beverly Clark, Jean

Ann Okell, Ellen Lewis, Patsy Hoyt, Nancy Lutton, Hilda Hoyt, Patsy Hardin and Sylvia Greene.

Also Tom Lutton, Brooks Hardin, Charles Gessler, Billy Dismukes, George Brooks, Paul Setze, Bill Lewis, Ernest Wilcox, Jim McGee Harry Couch and Dick Fredericks.

Chaperone and counselors accompanying the group will include Miss Betty Perry, Mr. and Mrs. Ray Lipe, and Ronald Theobald.

MRS. WILLIAM COX CALLS DADE CLUBS TO ECUADOREAN HELP

Mrs. William Cox, president of the Dade County Federation of Women's Clubs and past president of the Coral Gables Woman's Club, has issued a call for warm clothing and blankets to aid the stricken Ecuadoreans.

First to answer the call was the Coco Plum Woman's Club

members, who offered the club as a headquarters to receive clothing and money in a story in Tuesday's Riviera-Times society section.

Warm clothing was stressed in the request, because of Ecuador's geographic location. It's mountainous.

Coral Gables Club Station

Other clubs answering the call are the Coral Gables Woman's Club, 1001 E. Ponce de Leon Boulevard, and the Miami Woman's Club, 1737 N. Bayshore Drive.

In West Miami, the Lions Auxiliary is conducting a telephone campaign for the supplies. Mrs. George Jahn, president, will, however, permit her home, at 3254 S. W. 57th Court, to be used as a receiving station in that district.

Another group, the recently formed Miami Shores Woman's Club, is doing a house-to-house canvas for clothing. The members will take turns at the receiving station set up in the City Hall

Plans September Vacation

Mrs. Albert M. Russell, of 3270 Riviera Drive, plans to spend the month of September in New York, where she will see the latest shows, and in Hartford, Connecticut.

Want a tenant? Hundreds of prospects read want-ads in the Riviera-Times every day.

Summer Calls for Salads; Try New Dressings for Taste

There is something about salad and summer that go hand in hand. Instead of struggling to find new salads, try using new dressings on favorite salad combinations.

A "magic mayonnaise" which is mixed from sweetened condensed milk makes a good topping for fruit and vegetable salads. It can be mixed ahead and placed in the refrigerator to be served

over molded fruit salad or stuffed tomatoes.

Magic Mayonnaise

Two-thirds cup sweetened condensed milk; ¼ cup vinegar or lemon juice; ¼ cup salad oil or melted butter; 1 egg yolk, ½ teaspoon salt; dash of cayenne, and 1 teaspoon dry mustard.

Mix ingredients and place in jar; cover tightly and shake vigorously for two minutes. Or place the ingredients in a mixing bowl and beat with a rotary beater until mixture thickens. If thicker consistency is desired, chill before serving. Recipe makes 1 ½ cups.

This fluffy dressing can be varied by adding a quarter cup of chopped olives or of cottage cheese. If you are serving it with a salad for a party luncheon, you might add toasted cheese crackers to the plate. Just put slices of your favorite cheese on top of the crackers, sprinkle with paprika and place under a low broiler flame until the cheese is just melted.

Plain mayonnaise can be given countless variations with little effort. Chopping up a little pimento and green pepper in the mayonnaise gives an interesting flavor. Or turn it into a Russian dressing by adding chopped olives, pickles, a little Roquefort cheese, a dash of tomato ketchup and a little chili sauce.

Cottage cheese can be beaten up with a little cream, lemon juice, salt and pepper to top a fruit salad. And the old favorite French dressing can be used on healthful tossed salads fresh from the garden. Or use any number of the layered canned variety for quickies.

Coral Gables Country Club Will Stage First Fashion Show of Season Tomorrow

Fashion-wise college and high-school-bound girls will make up a large share of guests at the Country Club of Coral Gables tomorrow when the club stages its first style show of the 1949-50 season.

Making up one of the larger and interesting tables (13, to be exact) is that of Mrs. J. P. Reeder, who will be hostess at a mother-daughter group. Mrs. Reeder's two daughters, Joan, who attends Bucknell College, and Nancy, who is a Miami High school senior, will be her guests; also Mrs. T. E. Lewis and daughter, Jane, a Vanderbilt University student; Mrs. Barco Bishop and daughter, Betty, who graduated at Miami High last June; and Mrs. Gerard Rapp and daughter, Frances, who will enter Hood College this fall.

Dutch Treat Popular

At another table Mrs. Charles Yelvington will head up a "dutch treat" table composed of Mrs. Fritz Compton, Mrs. Russell Eastman, Mrs. Cynthia Greiner and Mrs. Arth Randolph.

Lunching twosome will be Mrs. Roger Wolin, who will honor her mother, Mrs. Frank Gibler and houseguest from Houston, Texas.

The attractive feminine members of Dr. Marvin G. Flannery's family will make up a five-some including Mrs. Flannery and daughters, Mickey, Mary and Ellen. Mickey, by the way, who was named the outstanding senior girl at Ponce de Leon High school, will enter Florida State University come September. Mary, so she tells us, can hardly wait for school to reopen. She attends Ponce de Leon High school.

With Mrs. R. B. Staley will be her daughter, Katherine, and Mrs. James D. Hobb, Mrs. Jack Pepper and Mrs. Fred Lorenz forming another fivesome.

Mrs. John J. Dunne will honor her two daughters, Viola, who is studying nursing at St. Vincent's in Jacksonville, and Mary, who will enter Chestnut Hills College, Chestnut Hills, Pennsylvania.

Also honoring a back-to-school group will be Mrs. Tommy Hand, who will entertain for her daughter, Marie, about to enter St. Mary's-of-the-Woods in Indiana; Miss Ann Stahl, who attends Michigan State Normal School; Catherine La Pointe, who is a student nurse at St. Vincent's Hospital in Jacksonville, and Mrs. Ginger Kabara.

Granada Youth Elect Schuler

William Schuler has been elected president of the Youth Fellowship group of the Granada Presbyterian Church.

Other officers serving the group, just forming, are Doris Wedemeyer, secretary, and Fred Bassett, treasurer.

The group will meet at 6:30 p. m. Sunday with the president presenting the program.

Byron Sperows Leave Tomorrow on Vacation

Mr. and Mrs. Byron Sperow will motor to Columbus, Ohio, where they will pick up their son Byron, Jr., who has been vacationing this summer with his grandparents. They will all go to Chicago. Before returning

NEW MODEL HOME TAKES SOAP AND WATER BATH INSIDE AS WELL AS OUT

Housecleaning in one of the new model homes will consist of giving everything a good soap-and-water sudsing.

The house is washable, inside and out. The furniture, the walls, the lamps and the drapes—everything can be washed or wiped off with soap and water.

The house has just been put on display, sponsored by the New York and New Jersey Heart Associations. Decorator Patricia Harvey started with one of the porcelain enamel five-room houses made by the Lustron Company and then added furnishings and decorations which are completely sudsable.

Koroseal, a plastic material which comes in weights and finishes for all kinds of home decorating, is one of the main washable features. The table tops get their washable finish from a plastic coating called formica. The lamp shades either are made from fiberglass or metal, and the rugs throughout the house are interwoven cotton loop designs.

The living room uses a textured version of the plastic material for the window curtains and pinch-pleated plastic draperies in bright green and white vertical stripes. The curtain material is a frosty, opaque white, so it eliminates the need for window shades.

The upholstered chairs are covered with the plastic with a fabric backing to take away all of the shiny, rubbery look. Still another version—a leatherette finish—is used on the divan. The same material is cleverly used to make even the picture frames washable. The mats are covered with a light shade of the leatherette plastic and the frames with a harmonizing, darker shade.

Mrs. Harvey designed the boy's room in the washable house as a combination bedroom, workshop and playroom. The rug is a cotton

REVIEWS Moviegrams

By Marjorie Sherrill

Deep in the heart of Mexico "The Big Steal" projected its crime and chase into 90 minutes of average cinema tactics. It took advantage of the Mexican lust for romance and adventure, and of Robert Mitchum, who, under several aliases, was his usual inimicable self.

Jane Greer, looking as demure and cool as any innocent ingenue, capably delivers a tough and slangy dialogue intermingled with some good Spanish, while William Bendix chases about Mexico after Patric Knowles, who gives them all a merry ride.

Bendix, a corrupt Army official, in the process of deflecting a large sum of Army money in his own direction, tangles with Mitchum, who must clear his name by catching the thief. Patric Knowles is the indubitable tool of Bendix, and the immediate object of Mitchum's search. The comparatively small sum of \$2,000, of which Knowles has defrauded Jane Greer, leads her to join in the search, and precipitates the boy-meets-girl incident with Mitchum.

"The Big Steal" has its humorous moments; its rapid auto thrill—chasing around the curving mountains of Mexico; and an over-abundance of fist fights, which seem to be a requisite on the screen at this time. It definitely can claim to be rapid-fire action, and of moderate entertainment value. It is now showing at the Gables Theater.

It is difficult to reconcile the hard-boiled "Johnny Allegro" with the soft-spoken florist, but once we have become used to the paradoxical George Raff, he casts his magnetic, dark-eyed magic over Nina Foch, and finds himself entangled with this mysterious young woman.

We Floridians find it hard to accept the fact that there is a hidden island surrounded by moun-

Pastors Announce Subjects For Sunday Church Rites

The Rev. Wayne Van Gelderen, pastor of the Sylvania Heights Baptist Church, will lead the new Daily Vacation Bible School which starts Monday, August 15, assisted by a group of experienced teachers and superintendents. All children are cordially invited to attend the school, which begins at 8:30 a. m., and a large picnic will be held at the close of the school on August 26.

"My Name Is Han," the first moving picture of a series, will be shown on Sunday evening, August 14, at the Granada Presbyterian Church. At the regular 11 a. m. service, the Rev. B. M. Larson will speak on the topic, "The Yoke That Is Easy." Robert Lawson will lead the Young People's Vesper Service at 6:30 p. m.

Returning to the pulpit after serving on active duty with the Navy, the Rev. Carrol Varner of the First Presbyterian Church will speak on the subject, "In the Slight of God" at the Morning Worship Service at 10:50. Miss Elsie Miller and Etta Mae McKinney will sing a duet.

Guest minister from the Methodist Church, Winter Park, Florida, will deliver a sermon entitled, "Look To The Stars" at the regular 11 a. m. service at the Bryan Memorial Church, August 14.

"Primary Concepts of the Christian Gospel" will be discussed by Dr. Nevin H. Schaaf, pastor of the First Presbyterian Church of Coral Gables, at the Morning Worship Service, beginning at 11 a. m.

The Rev. Harley Core, a former pastor of the Plymouth Congregational Church, will return to preach on Sunday, August 14, in the absence of the Rev. David J. Davis.

"Challenges To Heavenly Living" and "The Message of the Cross" will be the topics discussed at 11 a. m. and 7:45 p. m., respectively, by Dr. W. E. Denham, former pastor of the First

at the regular 11 a. m. service. The Church School will be held at the same hour.

Mr. Rogers Eikenberry, layman of the First Methodist Church, will speak on the topic, "Salt of the Earth" at the 11 a. m. Worship Service. Miss Jane Helms will lead the 5 p. m. Worship program, discussing "Journey To the East." Mr. Bill Hess will conduct the Worship program at 7 p. m. for the Older Youth and a Vesper Service will be held for the Young Adult Fellowship at 3:30 p. m. at Crandon Park.

Golfer Clicks Off Aces

ABERDEEN, Wash.—(UP)—Bob Crook, a bank official, hopes maybe to score a hole in one at each of the Grays Harbor Country Club's 18 greens by 1989. He scored his third ace on the No. 4 hole in July. His two previous single-wing shots were registered on No. 7 in 1941 and No. 9 in 1943.

You say it with pride...
"We own our own home"

There's a special pride that goes with home ownership you get from nothing else in the world. You can't help but feel it. You're solid citizens. You "belong" to the community and you know, deep down, that as long as your home stands it is shelter, stability, security for you and your family.

It's a lifetime investment—keep it in repairs. Money is available for materials and labor. You have three years to repay in easy monthly installments. See our loan expert now.

HOME BUILDERS ADVISED TO CHECK ON SITES

CHICAGO (UP)—The U. S. Savings and Loan League advises prospective home builders to check the zoning and deed restrictions covering the sites they plan to buy.

"You will want to know, first, if the type of property you expect to build is legal," the league said. "Then you will want to be sure that no garages and gas stations are going to spring up on the next

corner, and that an apartment building won't be erected to shut out your light and air five and six years from now."

OSCAR A. KNIFE, Defendant.
vs.
ADRIAN C. KNIFE, Defendant.
NOTICE REQUIRING DEFENDANT TO APPEAR.

You are required to file with the Clerk of the Circuit Court at Miami, Florida, on or before the 12 day of September, 1949, your written appearance to a suit brought against you in default of which a decree pro confesso may be entered against you. DONE AND ORDERED this 11 day of August, 1949.

By E. LEATHERMAN, Clerk.
(Seal)
By W. M. STOKING, Deputy Clerk.
Aug. 12, 19, 26, Sept. 2, 1949.

LEGAL NOTICE

CORRECTION
Notice is hereby given that on August 2 the Commission at the City of Coral Gables adopted an ordinance, title of which is as follows:

ORDINANCE No. 513
AN ORDINANCE AMENDING SECTION 2 OF ORDINANCE No. 459; FIXING AND ESTABLISHING THE MAXIMUM RATES TO BE CHARGED FOR THE TRANSPORTATION OF PASSENGERS IN TAXICABS; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH; AND DECLARING THIS TO BE AN EMERGENCY ORDINANCE.

IC. B. POORMAN, City Clerk
City of Coral Gables,
Florida.
Aug. 12, 1949.

(Continued from Page Eight)
tains anywhere in our vicinity, but though we doubt its credibility, we admire the undertones of mystery with which Hollywood imbues our state. It's always pleasant to see a film that is purported to have taken place in Florida, and the complicated tale of "Johnny Allegro" is exciting. Johnny finds himself embroiled in a plot of such far-reaching significance, it involves the United States Federal government. A former convict, he finds himself abetting the law, until a problem arises. Shall he give Nina Foch up to the police, or shall he turn criminal? A large sum of money will be at his disposal if he evades the police. "Johnny Allegro" is a good mystery film interspersed with a bit of unconvincing bow-and-arrow trickery, but generally worth a visit to the Miracle Theatre.

An unusual picture that succeeds, despite an absolute triumph of miscasting, in achieving the rank of a picture you will remember, is "The Fountainhead," now showing at the Coral Theatre. Gary Cooper does what he can, or will, with the part of Howard Roark, an engineer of fortitude and extreme originality, who cannot overcome his passion for Patricia Neal. She, too, is drawn to him, when she finds him working on her father's project as a common day laborer. Unable to break the spell, she marries his rival, Raymond Massey. Massey, too, is unaccountably drawn to the man, and gives him his chance to fame, because of his unwilling admiration for Cooper.

SANDS NEW SERVICE STATION OPENS TOMORROW

Friday, August 12, 1949 RIVIERA-TIMES Page Eleven

Denominations Merge

MARIETTA, O.—(UP)—Marietta College, an independent school founded in 1835 with the help of the Congregational Church, now gets 92 per cent of its enrollment from among students affiliated with other churches. A Buddhist, a Mormon and a Romanian Orthodox Catholic, as well as four Quakers, are listed among the students.

New Business Is Located At Entrance

Coral Gables will have one of the most modern gas stations in the Greater Miami area when the new Sinclair gas station at the corner of Ponce de Leon and Flagler streets has its formal opening this Saturday.

The station, designed by architects Stewart and Skinner, has an 8,000-gallon gas capacity and covers an area 100 feet in length and 60 feet in width.

The lubrication equipment is housed in white stainless steel cabinets and resembles a modern housewife's kitchen. One of its features is an all-overhead greasing system, eliminating cumbersome portable grease cabinets.

The lighting throughout the station and on its signs is indirect cold cathode lighting, designed to give maximum light output combined with the least possible glare.

The station employs six men and is owned by Leonard G. Sands. It is the most modern of the 10 service stations constructed by the Sinclair Oil Co. and is equipped to handle all types of automotive problems.

Instrumental in the building of Sands Service Station are: Hamilton Construction Co., of 7641 N. E. Third Place, Miami, general contractors; Miller Electric Co., 404 S. W. Eighth Avenue, who installed the electrical installations; George Obenour, Jr., 6242 N. E. Second Avenue, specialists in roofing, sheetmetal and hardware, did the roofing; Interstate Marble & Tile Co., 4000 N. Miami Avenue, did the tile work; V. J. Hoecherl Painting Co., 2047 N. Miami Avenue, painting and decorating contractors. All the glass installations were done by Gentry Brothers Glass, 3740 N. E. Second Avenue, Miami. The Aro grease equipment was supplied by Miami Automotive Parts Company, 3824 S. W. Eighth Street, Coral Gables.

Painters Give Their All

ANCHORAGE, Alaska—(UP)—The city ball park was splashed with a new coat of paint in the biggest painting spectacle ever seen in Anchorage. More than 100 painters turned out and "gave all they had," completing the job in one evening.

By Martin Branner

Riviera Times SCORECARD

By DON CUDDY Sports Editor

Little Jeff Arnold's tennis barnstorming "down east" found him practically in his Gables backyard yesterday. The 13-year-old boys' player, who advanced to the semifinals of the Vermont Junior championships at Burlington by upsetting third-seeded Larry Harrison of Burlington, ran smack into Gableite Billy Merriam, who was top-seeded in the tournament and won the finals.

Pigskin Prognosticators are Sounding

The smell of pigskin is in the air (ain't it delicious) and the usual pre-season dope magazines purporting to give a clear picture of the coming season are hitting the stands. One I've seen only gives the Hurricanes the nod over Rollins and Louisville and a "snaky" against South Carolina. It does, however, refer to Bob Campbell as one of the best backs in the South. Gee, thanks.

This corner is of the impression "Whitey" will be All-American if his leg holds up against that schedule.

Cavalry of Wrestling Seems Established

Wrestling has definitely been revived here, Major W. H. Peoples assured this reporter at the Coliseum Wednesday night. He had a good selling point with about 3,300 fans in the arena. A lot of them were there through various "gimmicks" but Peoples expects improved talent will hold many regular fans after the give-away tickets run out in November. The crowd was reminiscent, for some Gableites, of the 1928-29 period when Jim London and Jumpin' Joe Savoldi were packing the same hall—and the gal grapplers put on a great show.

Riviera-Times Keg Sweepstakes on Two-Day Schedule

The Riviera-Times second annual "pins above average" bowling sweepstakes will again be a two-day affair at the Playdium August 20-21. Reason for dropping the previously-announced plan for a one-night stand is that tournament director Phil Cusick expects a field of over 200 local leglers will be shooting for the trophy . . .

Team-Jumping Softballers Irk Fans

There has been some criticism of Youth Center Softballers Hal Euden, Bill "Speedy" Hecht and Jim McGuire ditching their National Air Lines softball team for Curls Liquors to play in the district four tournament at Boca Raton. Minus the three key players the Buccaneers were disgraced by being upset in the first round of the Miami Gold Ball tournament Monday.

Ponce de Leon's football Cavaliers are going to be a mid-week team in this year—they have all five "home" games scheduled for the Orange Bowl on either Tuesday, Wednesday or Thursday . . . Andy Gustafson's coaching staff is due back in the office Monday for a fortnight of note-comparing before practice opens . . .

Skish, Pistol Fund Drives Report Lag

Merchants Must Win 2 And Wait

Coral Gables Merchants have to win and wait in two games tomorrow and Sunday against Eastern Air Lines and the Miami Air Force.

Having dropped games to Florida Power & Light and Stevens' Market nines last weekend, the Merchants are now a full game behind Stevens' in the Greater Miami league standings and can only get a crack at the second-half pennant and the playoff series with Eastern by Stevens losing one of their remaining two games. The Merchants are idle tomorrow but take on Eastern Sunday.

Manager Bill "Speedy" Hecht may take advantage of the Silverliners' heavily-portside batting order by converting southpaw Ray Hamilton from first base to the mound for tomorrow's 3 p. m. game at Shenandoah Park. His other choice is righthander Tommy Day or Willy Kelly for the hurling chore.

Sunday the Merchants return for their final regular-season game on University of Miami Field in a 3 p. m. clash with Miami Air Force. Bud Fisher will probably take the mound as the Merchants struggle to win their remaining games, including one rained-out fray that may have to be played to determine the league leadership.

Air Service, Model Play in Gold Ball

Aircraft Service's softball team may get some consolation tonight for being bounced out of the playoffs for the second-half championship in the Youth Center Men's League by National Air Lines.

The Air Service team plays the Moore Park Juniors in the second round of the Miami Gold Ball tournament at Edison Center at 7:30 p. m.—the same team which bounced the Buccaneers out of the Gold Ball Monday. Mac Flythe, who hurled a no-hitter for Air Service Wednesday, or Jimmy Day may get the starting nod.

At the same time Model Laundry of the Gables loop plays Shenandoah Presbyterian at Shenandoah Park.

Junior Netters Play Palm Beach

Six junior boy tennis players and two junior girls will represent Coral Gables in a match with the Palm Beach junior tennis team at Palm Beach at 11 a. m. tomorrow in Salvatore Park, Pro Leo Fullwood announced today.

Making the trip, by car tomorrow will be Al Harum, Jr., Dick Rutledge, Dick Taylor, David Harum, Henry Leyden and Ish Skogstad. Karol Fagoros and Eileen Shumer will play the girls' singles and doubles matches.

Police Leave For Teaneck Shoot Sunday

Two Coral Gables sports teams with ambitions for national championships in northern meets this month were reported today to be lagging in their drives for expense funds.

Eddie Miller reported that only \$210 of an estimated \$600 required for expenses for an eight-day Coral Gables Youth Center skish team invasion of Chicago August 26-28 has been raised. Coral Gables Rotary donated \$25 and other contributions have been gained by selling memberships in the Coral Gables Casting club.

The team, which won the state and Southeastern junior casting championships, is composed of Jimmy and Tommy Schulte, Chester Mosley, Leo Corti, Bernard Lyons and alternate Sammy Skogstad.

Coral Gables Police pistol team, State Peace Officers' champions, leave Sunday for the four-day New York Daily Mirror International Pistol matches at Teaneck, N. J., August 18-21. Results of their fund drive was undisclosed but believed to be several hundred dollars short of the expenses goal. Making the trip will be Safety Director Bill Kimbrough, F. J. Neff, Del Edwards, Sgt. Harry Bell and Norman E. Crouch.

Venetian Pool's Dade Swim Champs Enter So. Florida Meet at Hollywood

Venetian Pool will send its Dade County championship swimming team into the South Florida finals tomorrow 17 strong under the guidance of Coach Jack Harris at the Hollywood Beach Casino Pool. Two members of the team, Eileen Dawson and Barbara McNeil, both junior divers, were scheduled to

compete in the same tank at 1 p. m. this afternoon.

Juniors (under 12 years of age) on the team which will start preliminaries at 10 a. m. are: Eileen Dawson, Ann Sivacek, Barbara McNeil, Barbara Jones, John Rosasco, Ken McNeil and Dan Booz.

The Intermediate group (13-15) is composed of Ann and Mary FitzGibbon, Nancy Stengel, Norma LeDuc, Larry Bowers and Don DeMonico. The seniors (16-18) are Joe Ann Alderman, Jane FitzGibbon, Dick Houghton and Tom FitzGibbon.

Pros Are 13-Point Choice Over Stars

By ED SAINSBURY
United Press Sports Writer

CHICAGO, Aug. 12. (UP)—More than 95,000 diehard football fans will swelter tonight at the 16th annual college all-star football game matching the National Football League champion Philadelphia Eagles with the standout collegians of 1949.

Both teams held final workouts yesterday. The Eagles took a light drill under the Soldiers Field lights last night while the All-Star crew tapered off in 90-degree heat at its Northwestern University training camp.

Haefner's 66 Paces 'World' First Round

CHICAGO, Aug. 12. (UP)—Clayton Heafner of Charlotte, N. C., threw his 240 pounds into a second-round battle today to keep the lead in the "world championship" golf tournament at Tam O'Shanter.

Heafner fired a six-under-par 66 yesterday to set the first round pace in the field of 66 competing for \$37,000 in prizes. His outstanding shot was a 50-foot putt for an eagle on the 15th hole.

Johnny Palmer of Badin, N. C., and Henry Ransom of St. Andrews, Ill., finished the first round at 67. Jim Turnesa, Briar Cliff, N. Y., Ed Furgol, Royal Oaks, Mich., Dick Metz, Virginia Beach, Va., and Jim Ferrrier, San Francisco, shared 68's.

The Eagles took a light drill under the Soldiers Field lights last night while the All-Star crew tapered off in 90-degree heat at its Northwestern University training camp.

The Eagles were rated 13-point favorites to win the contest, and even Bud Wilkinson, youthful Oklahoma coach in charge of the All-Stars, wasn't too optimistic about his team's chances.

Wilkinson also indicated that his team might not be in top physical condition because of the heat. There were no important injuries.

On the other hand, Greasy Neale, mentor of the pro squad, said his team was in "good shape."

The All-Stars will dress some 65 players for the game, and most of them will see action. Neale said the Eagles will rely on the 30-odd players who carried the team to the league title. The professionals have won eight of the 15 games played in the past while the All-Stars have five victories with two games tied.

The probable starting lineups:

Eagles	Pos.	All-Stars
Green	LT	Barney Poole, Miss.
Waters	LG	George Petrovich, Tex.
Kilroy	LT	Marty Wendell, Notre D.
Lindskog	C	Chuck Bednarik, Penn.
Marre	RG	Bill Fincher, Notre D.
Sears	RT	Al Delaney, Duke
Phiox	BE	Mel Sheehan, Missouri
Myers	QB	Jack Mitchell, Okla.
Van Buren	LH	George Zalafero, Ind.
Pritchard	RB	Clyde Scott, Arkansas
Mutha	FB	Joe Geri, Georgia

Before: Ronald Gibbs, National Football League; Umpire: M. G. Yoiz, Nebraska; Linesman: Charles Berry, NFL; Field Judge: Lawrence Eir, Nebraska.

Joey Maxim Tabbed Next Charles' Foe

NEW YORK, Aug. 12. (UP)—Joey Maxim of Cleveland was tabbed today as Ezzard Charles' next opponent for an NBA-recognized heavyweight championship fight.

Officials of the International Boxing club were negotiating with Jack Kearns, Maxim's manager, in the wake of the seventh-round knockout Charles scored over Gus Lesnevich here Wednesday. It was considered likely that Charles and Maxim will be pitted in the Chicago Stadium at Chicago in October or November.

The information that Lee Savold will meet Bruce Woodcock in London Sept. 28 hoisted Maxim to the top of the list of possible Charles opponents.

Charles, recognized as champion only by the National Boxing Association, already holds three split decisions over Maxim.

Homers Net Bums Van as Cards Idle

By STAN OPOTOWSKY
United Press Sports Writer

NEW YORK, Aug. 12. (UP)—The four-bagger made a first-placer out of the Brooklyn Dodgers today.

Taking advantage of the St. Louis Cardinal idleness, the Dodgers climbed half a game ahead of their rivals in the National League pennant chase with a winning streak of six games, five of which were decided by home runs.

Last night the Dodgers, playing the Phillies again, had a chance to take undisputed possession of first place in the league standings. They were tied with the Cards, but the Cards were idle.

And once again, it was the homer which told the tale. The Phils had a 5-3 lead when Duke Snider hit one with one man on base to tie it up at 5-5. Philadelphia runs in the sixth and seventh and two Dodger markers in the seventh upped the count to 7-7.

Then in the eighth up came Pee Wee Reese. One man was out and two were on base. He took his time—then, on a three-and-two pitch, he let go with a lunge, walloping the ball into the upper left field stands for a 10-7 victory.

The Cleveland Indians moved to within four and a half games of the leading New York Yankees in the American League when the Tribe beat the White Sox, 6 to 5, in 12 innings while the Yanks lost to the Red Sox, 7 to 6.

U.S. JOINT CHIEFS SELECTING RED TARGETS-VANDENBERG

—Story on Page Two—

Airlift As the Berlin airlift is entering its last phase, American personnel is leaving the Celle airfield, the first to cease operations. Above, it is a sad moment for Bill, the German boxer pup, who must go into quarantine before joining Capt. Madison McBrayer of Chattanooga, Tenn. Bill followed his master everywhere on the field.

Invention? The National Association of Inventors have chosen Ann Blyth, here making bubbles with aid of the "free for all" background, as "Miss Tinker's Dame for 1949." Miss Blyth will be crowned queen during the annual convention to be held in Los Angeles in October.

Huntress Lovely 19-year-old June Pedersen, of Santa Rosa, Calif., rests against the trunk of a large redwood after a pleasant hunt in the Redwood Empire. And "Miss California of 1949" can cook what she catches and shoots.

Birthday Roma, the pet one-year-old elephant of the Rome Zoo, needed more than a helping hand to get a taste of some of the 26-pound layer cake made to mark her birthday. But she decided against it and lifted a ponderous foot, mashing the present to crumbs. Only part of the frosting appealed to her.

Handicap Despite lack of one forearm and hand since birth, 16-year-old Tommy Gerard, of Cincinnati, is one of the standout ball-players in the Muni Class B league. This is the grip he uses when he goes to bat for his team, using the right arm to steady the bat.
