This is one of three books prepared by prisoners at Fort Jefferson, probably in 1864, and given to Capt. H. D. Brown of the 110th N. Y. Volunteers as a wedding present. They contain pressed specimens of marine flora native to Tortugas.

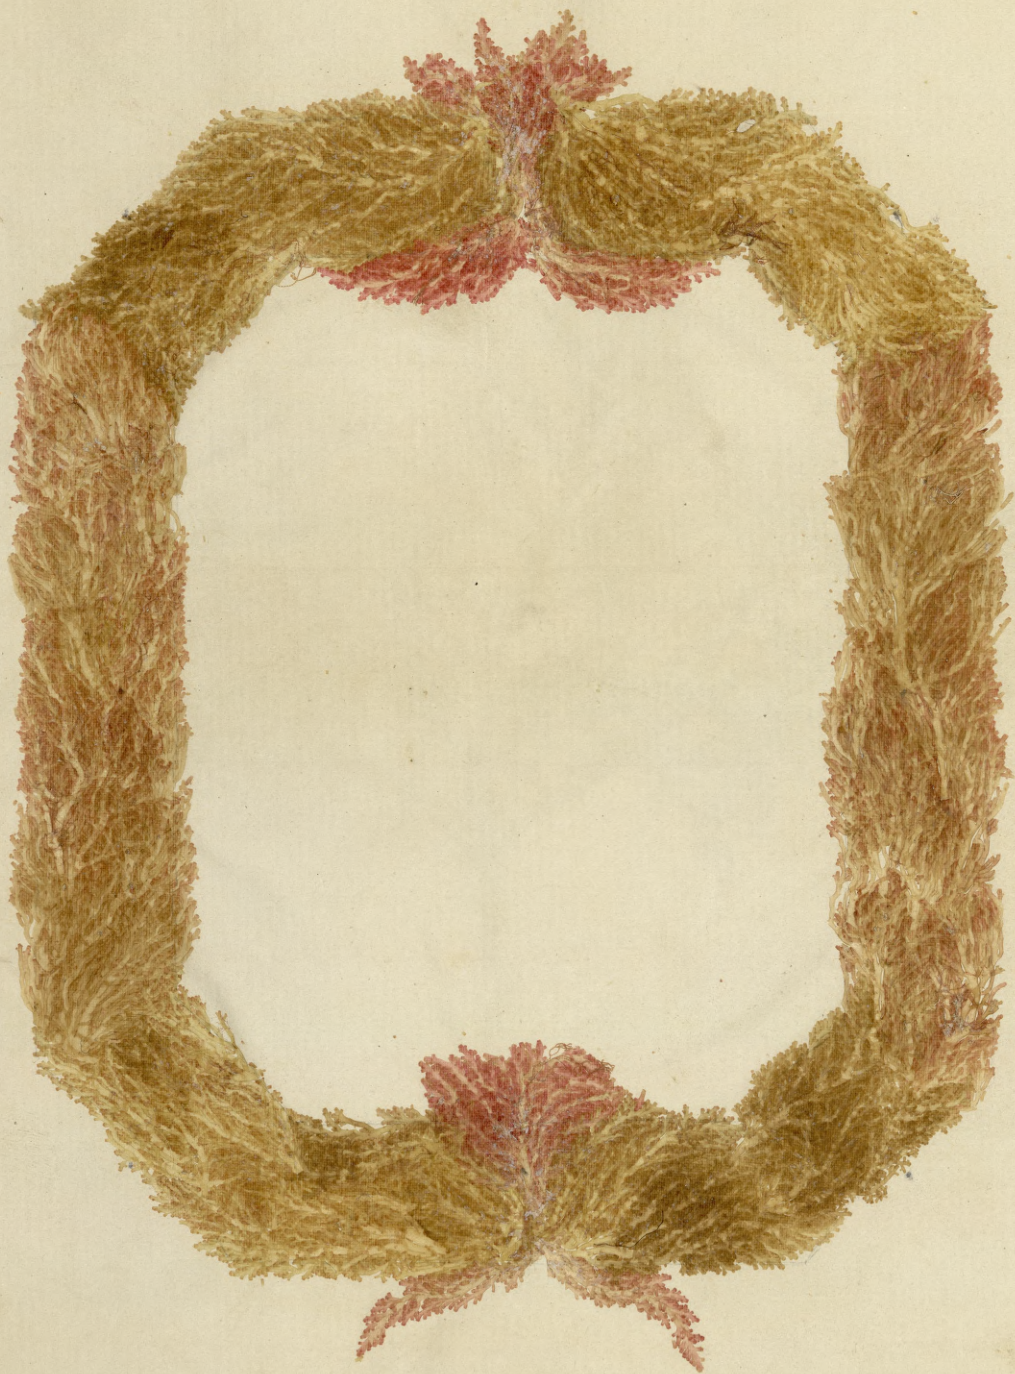

The books were purchased by the National Park Service in June 1947 from J. J. Lipsey, book dealer, 1920 Pinegrove, Broadmoor, Colorado Springs, Colo., who obtained them from Mrs. Frank Perkins of Broadmoor, Colorado Springs, the daughter of Capt. Brown.
