Basketball Tip Off Dinner Highlights

President **Maidique** addresses the crowd of 300 guests.

The Florida Lottery's **Bebo Kramer**, and his wife **Ketty**.

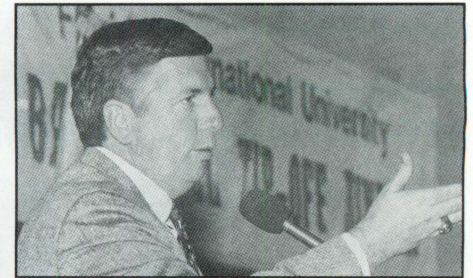

President **Maidique**, **Dick Young**, **Pat Kennedy** and **Bob Weltlich** discuss the Golden Panthers upcoming season.

Kay Fahringer, along with **Seth Gordon** and his wife **Laura Bradley**.

Dick Young thanks **Eddie Hondal** and his wife **Frances** for all their support of Golden Panther Athletics.

The evening was capped off with the wit and humor of Florida State head coach **Pat Kennedy**.

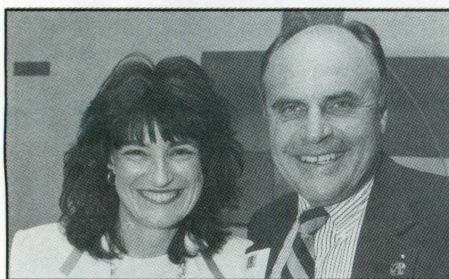

The Cheerleaders get the crowd excited about the upcoming basketball season.

Karen Moore, **Laura Bradley**, **Jud Taylor**, **Seth Gordon**, **Senator Mario Diaz Balart**, **Victoria Hernandez**, and **Steve Sauls** share in the fun of the tip off dinner.

Jay Litt, of the class of 1973, was the master of ceremonies.

Olga Magnuson and **Dick Young** discuss FIU basketball.

Martha Pantin and her husband **Leslie**, along with **Dick Young** and **Joaquin Avifo**.

Women's Head Basketball Coach **Cindy Russo** previews the upcoming season.

Aviño/Buchholz Tennis Weekend

The FIU-Aviño/Buchholz Tennis Weekend, benefitting the FIU tennis program and Metro-Dade County, will take place on Saturday and Sunday, January 16-17 at the International Tennis Center on Key Biscayne. This promises to be an exciting, fast-paced weekend of tennis, food, fun and prizes.

County Manager Joaquin Aviño and Lipton Chairman Butch Buchholz, along with FIU Head Coach Peter Lehmann, have teamed together to make this one

of the finest tennis fundraisers around.

Beginning with the Stan Smith Tennis Clinic on Saturday, January 16, over 200 youngsters from inner-city programs will be brought to the ITC for a free clinic by Stan Smith.

On Saturday, the Family/Friend Tournament will begin. Last year, a record 112 teams participated, making for great competition and fun for everyone. The Corporate Challenge will begin on Sunday morning, January 17

with teams representing many South Florida corporations. Last year 30 teams battled out for the championship.

The final event of the weekend is the Pro-Am tournament. Last year 48 teams competed in this event. Overall, the weekend raised over \$50,000 for the FIU Tennis Programs.

To participate in the 1993 FIU-Aviño/Buchholz Tennis Weekend or become a sponsor of the event, call the Golden Panther Club at (305) 348-2903.

Hospitality Events Scheduled For Basketball Season

The Golden Panther Lounge will be open once again to Club members and their immediate families preceding selected basketball games during the 1992-93 season. Please bring your membership card for admittance.

The Lounge will open one hour prior to the tipoff of single games. It will be open for women's basketball games as follows: December 13 against the University of Miami; January 2 against Lehigh University.

For men's games, the lounge will be open as follows: December 9 against North Florida; January 5 against Cleveland State.

During doubleheaders, the lounge will be open from 7:00 pm - 8:00 pm.

The hospitality doubleheader nights are: January 23, February 6, February 25.

Kay Fahringer
President
Golden Panther Club

To our Golden Panther Club Members:

Despite recent setbacks caused by Hurricane Andrew, we look forward to another successful year for FIU intercollegiate athletics.

Activities planned for the year are impressive. The men's and women's basketball teams are ready for their best seasons ever. The Avino/Buchholz Tennis Weekend is scheduled for January 16-17 and should prove even more exciting than last year's event. Soccer, volleyball, baseball, golf...all sports...are moving ahead with plans for the coming year.

Events are scheduled for your participation and we ask you to come out, attend the games, find out for yourself what a great time you and

your family will have as you give our student-athletes encouragement by your presence.

The spring drive is high on our priority list of coming events and I welcome your involvement as a volunteer in this effort. Unfortunately, the fundraising activities of the Golden Panther Club have been adversely affected by Hurricane Andrew, making this spring drive a most important program. Call the Golden Panther Club office at (305) 348-2903 and let us know that you will participate. It's a lot of fun...plus, you'll feel good for the efforts you make on behalf of the FIU athletic program.

New members have joined our Golden Panther Board of Directors, adding increased enthusiasm to our goal of assisting student-athletes in the attainment of their objectives, both on and off the playing field. The entire board joins with me in thanking you for your continued interest and support. We look forward to seeing you at some of the games.

Have wonderful holidays...and...
Let's Go Panthers!!!!

-Kay Fahringer
President

Tip Off Dinner A Success

Pat Kennedy, head basketball coach at Florida State University, was the featured guest speaker at the FIU Tip Off Dinner on October 19 at the Graham Center Ballroom.

Over 300 guests were on hand to meet head coaches Bob Weltlich and Cindy Russo and their student-athletes. A good time was had by all and special thanks go to Pepsi-Cola, Eagle Brands/Budweiser and Southern Wines and Spirits for providing the liquid refreshments.

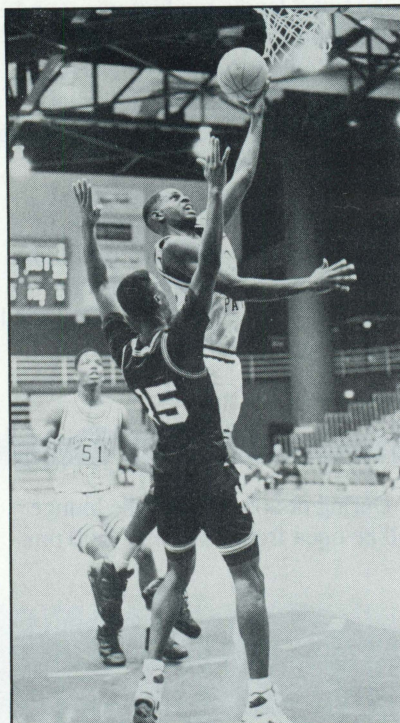

Basketball Looks To Continue Climb

Both the men's and women's basketball teams look to continue their climb at the Division I level. For the men, Head Coach Bob Weltlich and his squad are looking for their first winning season since becoming Division I in 1987-88. For the women, Cindy Russo and her squad are aiming for its first NCAA Tournament after advancing to the National Invitational Tournament a year ago.

Senior Dwight Stewart headlines the list of players on the men's team. He led the team with an 18.3 scoring average and 6.4 rebounding average last season and is the current holder of 23 school records.

Three other returning starters give Weltlich an experienced and veteran team heading into the '92-93 campaign. Sean Prude (9.5 ppg, 5.2 rpg), Clarence "Bobo" Flourmory (7.0 ppg, 4.8 rpg) and Benny Valdes (5.0 ppg, 123 assists) started for most of the year and should all play key roles in the Golden Panthers bid at their first Trans

Dwight Stewart returns for his senior campaign as the school's all-time leading scorer.

America Athletic Conference championship.

Michael Joiner and Matt Tchir are returning lettermen, while Keith Greer returns after sitting out the 1991-92 campaign with a knee injury.

Five newcomers could also play key roles in the team's success. Chuck Stuart (Lon Morris (TX) College), Neville Marriott (Gulf Coast CC), Malcolm Nicholas (Miami Senior HS and Palm Beach CC), Damon Wilcox (North Miami Beach HS) and Stefan Young (Fatima College (Trinidad)) all should aid in the team's success.

On the women's side, six returning players give Cindy Russo optimism heading into the coming year. Leading the way is Andrea Nagy, a first-team All-TAAC selection, who was also named to two freshman All-American teams. She set a single season school record with 282 assists.

Albena Branzova returns after leading the team in scoring and finishing second on the team in rebounding a year ago. She averaged 15.8 points and 7.4 rebounds and was named a second-team All-TAAC performer.

Desi Dakova, Shelly Godboldte, Ursula Roach and Katina Curry all return from a year ago, while Julie Auger returns for her junior year after sitting out the 1991-92 year.

Five newcomers could also play prominent roles in the team returning to post-season play. Tatana Pokorna (Prague, Czechoslovakia), Rachel Matakas (Olathe, Kansas), Renee Jacksch (Vienna, Virginia), Karlin Sedlacik (Council Bluffs, Iowa) and Alison Tunnicliff (Ajax, Ontario) round out the lineup.

Matakas was the Kansas Player of the Year, while Sedlacik was named a junior college All-American. Pokorna has played in several European Junior Championships, winning the gold medal in 1988.

WKLG-FM To Air Golden Panther Basketball

WKLG Radio (102.1 FM) will air Golden Panther basketball in 1992-93, Athletic Director Dr. Dick Young announced.

Steve Michael will handle the play-by-play for the third consecutive year. Michael has been in the broadcast business for 17 years and is seen throughout the year on ESPN, SportsChannel and Prime Network broadcasting boating, waterskiing and tennis events. The Minnesota native has also broadcast in the past for the University of Oklahoma and Oklahoma City University.

WKLG, a fifty thousand watt station located in Key Largo, has a listenership in Monroe, Dade and South Broward Counties.

WKLG will air all 30 regular season contests, beginning with the regular season opener on December 1 against the University of Miami.

"I am extremely pleased to be able to deliver the upcoming season — all 30 games — on the number-one modern country station in Monroe County, with great penetration into Dade and Southern Broward Counties," Young said.

Fall Sports Recap

Cross Country

For the second consecutive year, both the men's and women's cross country teams swept the Trans America Athletic Conference team titles. Head Coach Mike Becker's men's team nosed out Georgia State by eight points, while Sally Carei-Martinez's women's team ran away from the pack by defeating runner-up Georgia State by 37 points.

On the men's side, five runners finished among the top ten to help the Golden Panthers rally for the victory. Georgia State placed three runners among the top four finishers, but Calvin Whitaker led a charge that gave FIU the team title. Whitaker finished in third place, while Joe Maselter (5th), Jimmy Sellers (7th), Scott Pasternski (8th) and Brian Herring (10th) all earned All-Conference honors as well.

On the women's side, the Golden Panthers placed four runners among the top five finishers to easily capture its fourth conference crown in the past five years. Michele Owen finished first and was named the TAAC Runner of the Year, while Joanne Kluss (2nd), Kristen Lawton (3rd), Shar Crader (5th) and Raquel Guzman (10th) earned All-Conference honors as well. Carei-Martinez was named the TAAC Women's Coach of the Year.

Men's Soccer

After finishing the 1991 campaign with a 17-3-3 record and advancing to the NCAA Division I Tournament for the first time, Head Coach Karl Kremser's squad finished the '92 campaign with a 10-9-1 record.

Against a schedule which included six teams that advanced to the NCAA Tournament, the Golden Panthers dropped eight one-goal decisions during the season, including contests against nationally-ranked St. Louis, Southern Methodist, Creighton and defending NAIA national champion Lynn.

Kike Ruiz was the team's top weapon during the season as he tallied 34 points, the most by an FIU player in six years. He moved up to fifth on the school's all-time career scoring chart with 74 career points.

Don Gaillard finished his brilliant four-year career in fourth place on the school's all-time career scoring chart with 28 goals and 24 assists for 80 points.

Titto Torrejon, Chris Rue and Matt Melde all scored in double figures and moved into the school's top 25 all-time career scorers. Trent Tokos had his second consecutive solid season on defense.

Freshman Jeff Cassar started much of the year in goal and finished with two solo shutouts and a 1.41 goals against average. Bryan Boes also posted two shutouts in goal and finished with a 1.06 goals against average.

Women's Soccer

Head Coach Everton Edwards' women's squad finished its most successful season in 1992 with a 13-4-1 record and a No. 20 national ranking. The team has now been nationally-ranked at the end of each of the past two years and has posted a 22-8-2 record in that span. This season, the squad recorded a school-record ten-game unbeaten streak.

Catherine Liller continues to pile up the points, as she is the school's all-time leading scorer with 90 career points (34 goals and 22 assists). She tallied 11 goals and nine assists for a team-leading 31 points this season.

Cindy Greenman's 27 points (12 goals and three assists) were the most by a freshman in the eight-year history of the program. Delia DeSilva tallied 11 goals and three assists for 25 points. She moved into third place on the school's all-time scoring chart with 45 career points.

Sue-Moy Chin ranked among the top goalkeepers in the South Region, as she finished with eight shutouts (four solo) and a 1.03 goals against average.

The women posted victories over Arkansas, Tulsa, Vanderbilt and Mercer, all regionally-ranked teams, and tied nationally-ranked Duke.

Volleyball

Head Coach John Trojaniak's squad finished the season with a 13-14 record and a second-place finish in the conference tournament. Despite having to overcome many obstacles following Hurricane Andrew, Trojaniak rallied his troops and had a great turnaround following a 5-20 1991 campaign.

After beginning its practice season in early August, the team missed eight days of practice due to damage from the hurricane. Practice began again just two days prior to the opening tournament of the year in Conway, South Carolina and one of those practices was on a sand court near the school's dormitories.

The team finished that first tournament with a 2-2 record and spent much of the year around the .500 mark. Kiki Okeke and Luciano Loureiro led the team most of the year. They had 249 and 229 kills, respectively. Loureiro was also the team's top defensive player, while Jennifer Marek led the team for the second straight year with a season-best 785 assists.

Men's and Women's Golf

Both golf teams have shown dramatic turnarounds since the hiring of John Cusano in October, 1991. The women finished no lower than sixth in any fall event, while the men had a best of fourth out of 18 teams in the Embry-Riddle Invitational with an 899 total.

Moira Dunn continues to be the top performer on the women's team. She finished in the top ten in all three events, including runner-up at the Duke Invitational with an even-par 148 total. Maria Mills also turned in a fine fall season with a 78.1 scoring average and a tenth place finish at the Lady Seminole Invitational.

On the men's side, Chris Allen was the top player with a 75.5 scoring average in the fall. Keith Grassing finished second on the team with a 76.7 scoring average, while Ignacio Garcia (77.6), Derrick Cox (79.3) and Scott Brassard (79.3) all averaged less than 80 strokes per round.

The highlight of the year came in the Embry-Riddle Tournament, when Ignacio Garcia made a rare double-eagle two on a par-five hole, knocking a six-iron into the hole from 200 yards away.

Corporate Corner

The Golden Panthers wish to thank the many corporate sponsors who support FIU athletics. Among them are this year's corporate game sponsors of men's basketball:

Pizza Hut—December 9 vs. North Florida

Church's Chicken—January 5 vs. Cleveland State

Crystal Water—January 23 vs. Centenary

The Miami Herald—January 30 vs. Florida Atlantic

Pepsi-Cola—February 6 vs. Stetson

Budweiser—February 13 vs. Samford

Alamo Rent A Car—February 27 vs. Central Florida

As part of their commitment, complimentary game tickets will be distributed to various youth groups in the name of these participating companies.

Tickets are also now on sale for these and all Golden Panther men's and women's 1992-93 basketball games at the Arena box office. For more information on the Golden Panther Club season ticket discount plan, call FIU-GAME (348-4263).

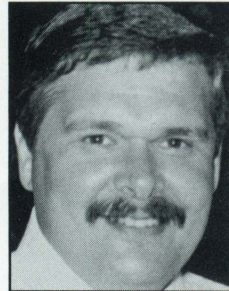

SuperShuttle, the Airport Ground Transportation System, will again be transporting students from the North Miami Campus to our men's and women's basketball games in the Golden Panther Arena.

The men's basketball team will also travel in style. The players' travel bags, warmups and shoes were all donated by **Converse**.

Once more, **Ackerley Communications** has donated billboard space on the roadways of Dade County during the months of January and February. The striking design "FIU Hoops" is also a gift from Steve Hall at **Hall Graphics, Inc.**

Thanks to **Texaco** for their continued support of our entire program. Not only did they sponsor last month's 5K Ecology Run, but for the fourth year in a row have donated the entire cost of printing for the FIU men's and women's basketball media guides.

A Financial Update

Richard Gropper
Associate Athletic Director

Not unlike most areas of the university, the state budget crisis has hit the department of intercollegiate athletics hard. Cost increases exceeding \$750,000 have been imposed on the athletic budget over the last two years, while revenue has increased approximately \$300,000 over the same period of time.

Cost cutting initiatives have been extensive as a result of the new

expenses. Areas affected most noticeably include team scholarships, travel and equipment allocations, while administrative support areas such as marketing, promotions, sports information and overall staffing have experienced a "tightening of the belt" as well.

Because of these non-controllable cost increases it has become particularly important to concentrate on the areas of marketing and promotions, ticket and concession sales together with private sector fundraising.

The activities of the Golden Panther Club are more important today than ever before. I hope all members will commit to an all out effort to maintain the forward momentum of the FIU Athletic program through increased membership and overall financial support.

NCAA Rules Designed For Benefit of Student-Athletes

As the 1990's are well underway, the NCAA's latest rules have been implemented for the betterment of student-athletes and their progress toward their lifelong careers.

Many of the newest rules are designed so student-athletes can devote more time toward their classroom work and toward receiving their degrees. Some of the new rules are as follows:

A student-athlete entering his/her third year must have successfully completed twenty-five percent towards his/her degree requirements. This is a program designed so student-athletes will graduate in a period of five years. Student-athletes then must have completed fifty-percent of their work towards their degrees after three years and seventy-five percent after four years.

Student-athletes must pass seventy-five percent of their required twenty-four minimum hours each year during the fall and spring semesters. A student-athlete may only use six hours of summer school towards his/her eligibility.

Student-athletes must have taken and passed the SAT and it must be on file at the university, before that student-athlete may take an official recruiting visit to that school. This is designed to insure that schools are recruiting qualified student-athletes.

Playing and practice times have been cut down beginning with the 1992-93 school year. Teams may only use twenty hours per week towards practices or games, with a maximum of four hours per day. Teams may practice only six days in any seven day period. This is designed to provide a balance between a student-athlete's academic life and athletic life.

Schedule subject to change.

Athletics Recovering From Hurricane Andrew

Just as Hurricane Andrew affected most everybody in South Dade and many surrounding areas, the Golden Panthers Athletic Department felt the brunt of 160 mile per hour winds as well. Damage to the athletic facilities reached into the hundreds of thousands of dollars, possibly as much as one million dollars.

Golden Panther Arena received the most damage. The main gym's floor, along with an auxiliary gymnasium, both were severely damaged from water which poured in through an open roof, which had been blown off from the destructive winds. Classrooms and carpeting were also heavily damaged.

Outside the Arena, fences at the Tennis Center and Baseball Complex were heavily damaged as well. The batting cages and backstop both had to be repaired before fall practice could begin. Head Baseball Coach Danny Price delayed fall practice so the proper repairs could be made.

For six weeks, the entire athletic department was housed in a trailer outside the Arena, while workcrews put it back together.

In the meantime, coaches began wondering how this would affect their seasons. The women's volleyball team

The athletics facilities suffered heavy damage as a result of Hurricane Andrew.

seemed the most affected. The team went eight days without practicing and had only two practices prior to their opening tournament. One of those practices was on a sand court near the school's dormitories. Splitting four matches in the opening tournament seemed pretty monumental.

Following the hurricane, both the men's and women's soccer teams came to practice already in uniform (since there were no locker rooms), used the arena parking lot as a training room and altered practices slightly so as to not run

out of water, which came on a very limited basis.

Once basketball season rolled around, both the men's and women's teams practiced in a smaller auxiliary gym, which had been repaired by the November 1st practice season. The teams used high school and junior college gymnasiums for scrimmages.

Amazingly, the arena was repaired in time for basketball season, the baseball complex was repaired in time for fall practice and a great many thanks go to those who worked so hard to help life get back to normal as quickly as possible in the athletic department.
