Clark + O'Nan  
done*

Dear Ray:

During the Child Care Planning Conference, Dr. Sandra Clark and Ms. Barbara O'Nan presented the needs for a child care program for the citizens of the West Dade area. Naturally, a child care program located close to the campus would benefit the faculty, staff and students at Florida International University and I support the need for such a program to be initiated as soon as possible.

*Goerke*

The Child Care Planning Conference has investigated locations in this area and was not able to locate any uncommitted county land available for this project. Florida International is willing to discuss the donation of one acre of land on our campus for construction of a Child Care Center. We would want to approve the architectural design of the building to assure compatibility with our existing campus master plan. The request for donation would require approval by the Board of Regents and the State Cabinet and I expect such approvals would take a minimum of 90 to 120 days after we reach agreement on the location and tentative operation.

Best wishes.

Sincerely,

*(Signature)*  
Charles E. Perry
