SECTION I

Intramural Report

The initial intramural program at Florida International University was small, but highly successful with a great deal of promise for the future. Student interest was lacking in some areas and very evident in others.

Below the intramural sports are listed along with the equipment and the teams that participated in the program for 1972-73.

Football

There were three teams with six men on a team. There was a total of thirty people that played football at one time or another. The final standings are as follows:

Scrapers	5 wins	0 losses
Tursairs	4 wins	5 losses
Out of Towners	2 wins	6 losses

Equipment - 6 footballs.

Basketball

There were 4 teams consisting of three men on a team. With a total of fifteen people showing up to play at one time or another. The final standings are as follows:

Wrestlers	10 wins	5 losses
Blues	10 wins	7 losses
Sneaks	3 wins	6 losses
Tursairs	0 wins	2 losses

### Softball

There were twenty people that played softball. Teams were chosen each time because there were different students for each game.

### Bowling & Billiards

There were seven people that were interested in bowling, but only four could meet at any one time. There was no interest in billiards.

### Wrestling, Horseshoes, and Table Tennis

These activities were advertised, but there was no student interest in this area.

### Volleyball

There were twelve people interested in volleyball. Teams were picked at the volleyball court.  
Equipment - 6 volleyballs.

\* Signs were made by the media center advertising all of the mentioned sports.
