"When I went through rush, we tried to find out who we wanted to spend our college years with, where we wanted to grow and who we wanted to learn from. I looked at a lot of fraternities, but I really wanted to be a Phi Gam."

"In the Dodgers organization we like to think, plan, and make decisions for the long haul. We take our time, get good people, and ride with them through the good and the bad.

What impressed me most about Phi Gamma Delta was the quality of the men. I rate very highly my fraternity experience."

The Values of Phi Gamma Delta

We are united by **FRIENDSHIP**. It is the basis of our brotherhood. Because of it we accomplish far more than we do as individuals. Friendship is the sweetest influence.

We promote the pursuit of **KNOWLEDGE**. It is the key to a fuller, richer life. We gain it through education, the harmonious development of the powers of the individual.

We encourage **SERVICE**. We have the ability, the opportunity, and the duty to serve our fellow human beings. Our reward is the satisfaction that comes from serving.

We believe in **MORALITY**. As gentlemen of quality we must do what is right as individuals and as a group. Moral behavior is the basis of society's existence.

We strive for **EXCELLENCE**. It is attained only when we fulfill our total potential. Mankind benefits when each of us becomes all that we can be.
