

MINUTES OF THE SUBCOMMITTEE ON COUNSELING
OF THE COUNCIL ON STUDENT AFFAIRS

PRESENT: Mrs. Hardwick, Reverend Hora, Mrs. Kassner, Mr. Smading
Dr. D. Smith, and Mr. Spence

ABSENT: Miss Blakley ✓

Don Smith opened the meeting by expressing the feeling that this proposal is not finalized enough to pass judgment on it since it's a philosophical document, not a detailed plan.

Don Smith expects a yes or no answer on the proposal as a vote of confidence for the approach. (T. L. Spence suggested that a copy be sent to Jim Cunningham prior to his forthcoming visit.)

This subcommittee basically supported the philosophy and ideas set forth in the proposal. They expressed the hope that a more detailed joint proposal could be written to include the program ideas of the Division of University Services and the School of Health and Social Services and yet warned that our primary mission is to provide services to our students, then to the community at large.

It was suggested by the subcommittee that these minutes and xeroxes of the proposal be distributed to all Council on Student Affairs members prior to our next meeting and that the proposal be an item for the agenda.

Submitted by T. L. Spence
