Please provide me a copy of the WASA agreement to which you are referring.

David and Erica,

I think a meeting face-to-face with WASA is the best approach to settle down. In reference of the opinion of title, they (WASA) do not accept any other format than their standard. I provided a copy of it, and I mentioned Erica to present it in that format. This WASA agreement has been done in the past for several other projects, and the standard of DADE COUNTY has been accepted for public works. City of Miami - Dinner Key Boatyard, ID#15267 is one of them. David, can you proceed to coordinate the meeting with WASA. Thanks,

Sandra M. Vega

Erica,

I just had a conversation with Mr. Zabarro of WASA (New Business Manager). He is reviewing the agreement today, but he did state that WASA views addendums to their agreements as modifications they more than likely would not agree with. But he is going to review and see what he can do to get this agreement through the County.

Ok. Then I guess you may want to add the form for the opinion of title to see if they will approve its format too. The form was modified to apply to our situation. Let me know we need to have another conference call or face-to-face meeting with WASA.

Erica,

WASA did a comment about the format. It is not County Standard Format. I am going to forward you David's e-mail (02.25.03) in reference of the verbal comment from WASA. We are waiting for WASA final decision. It is uncertain if they are going to accept the changes and in the format we present it. I know David has been trying to get in contact with Mr. Robert Zabarro.

This is the status of the WASA agreement. I haven not submitted it for signatures and approvals until WASA confirm us that everything is going to be accept as it is. Thanks,

Sandra M.Vega

I finished review of the documents two days ago. I am ready to sign the Opinion of Title. Are we waiting to hear from the county or is the county waiting on us. Based upon the last conversation we had with WASA, aren't we suppose to execute the agreement by the end of the month.
