First Street

Dear Mr. Johnson,

As a result of the meeting with Mr. George Perez, the following Items were agreed:

Item #1. The determination of the Wetland location is an unknown issue in the project that needs to be clarified before any design proposal can continue and develop.

Item #2. The main objective is to avoid the interference of wetland area and the proposed design.

Item #3. Mr. George Perez will get in contact with DERM Coastal Section and have the information of the wetland area.

1 BKR FROM
LUBERT

Item #4. Once the wetland area is located, a new meeting will be scheduled to continue the discussion of the civil design alternative and the environmental permitting that is going to be involved.

Item #5. Mr. Perez explained that environmental permitting services are not part of his contract. Mr. Aviñó advised that if this service is required, a fee proposal shall be presented.

Item #6. Mr. Perez will contact Ms. Vega to coordinate time, date and place of next meeting.

Best Regards

Sandra Vega.
