

Virginia Key Beach Park Trust Mini Train Attendant

This is an entry level position for a responsible and out going employee performing tasks involving public contact, responsibility for the rapid and accurate completion of cash transactions necessary for the general public to come into the historic mini train amusement ride, information dissemination and the safe loading and unloading of the general public.

The employee is responsible for managing amusement ride ticket sales and/or ticket validation and ticket processing. Employee must be extremely careful and accurate in calculating and returning correct change to customers, punch customer's amusement ride ticket, provide safety rules and information, deliver historical information and context about the amusement and any other information about the facility and/or literature.

This position is responsible for visually inspecting the passenger areas of the mini train for cleanliness after each ride and safety procedures. The Mini Train Attendant supervises the loading and unloading of passengers on and off of the mini train. Special procedures may come into affect during special events and rental functions.

Direct supervision of the Mini Train is the sole responsibility of the Mini Train Operator; additional supervision if necessary may come from the supervisor on duty for resolution of work crisis. Mini Train malfunctions, mechanical problems or railroad malfunctions, problems with barriers, passenger platform or other related problems must be but brought to the attention of the Mini Train Operator or supervisor on duty. The position is also responsible for the cleanliness of the passenger platform and/or other work areas assigned.

Employee will perform related work and other general park attendant duties as required.
