- The Historic Preservation committee convened April 20, 2006 – 6:18pm.

Some conferences of special note are the National Trust for Historic Preservation Annual Conference, the Florida Trust for Historic Preservation and the African American Preservation Group bi-annual meeting.
- The committee also held discussion regarding the historic preservation committee's involvement in any park opening ceremonies or events by creating a signature activity, project or theme. Some of the ideas that Chair Pinkney and Erica McKinney discussed are, but were not limited to, continuing oral history interview collection; developing themes such as "Why I'm Proud of my Heritage" and developing an annual collectable Trust poster or image.
- There was some short discussion surrounding the Trusts' oral history project's progress, future oral history grants and other possible funding sources.
- The committee agreed, voted on and passed a quarterly meeting schedule that will begin following the May 18, 2006 meeting.
