My dear "Worwick"

Congratulations. Form's stand
of "Back to Broward" sounds right to me
and practically everyone I have talked
to since news of it came out.

I'll bet 15 cents max. against
a rubber shoe it don't sound
good to our straddling friends and
that they will do a lot of floandering
round trying to make their position look
right -

Keep him pounding along that line
and he'll win - at any rate -

Wens' hope's

Yours.
