Dear Judge,-

I wired you that I could see you here on Saturday and that you are to spend Sunday with me at Dania twenty miles away from here- I go up every night in my car.

I want you to come then so we can have all day Sunday unmolested at the Grove except a short time when we must go to Davie to see the Glades-

If some other day would suit you better, come ahead, but do not come before Thursday - I won't say anything meanwhile to the other candidates.

Yours

JMC
