To the Newspapers of Florida:-

Gentlemen:-

At the time when every loyal citizen of our State is deeply interested in a solution of the Everglades problem, we believe that your readers will be interested in a fair statement of the issues involved. We will send you, from time to time, a series of short articles written by Mr. James Milton Carson, formerly of the Jacksonville Bar and now a resident of Dania, Dade County, Fla.

Mr. Carson has given the Everglades question much careful study and writes from the standpoint of a Floridian who wishes his State to prosper and realize its utmost ambitions.

Yours very truly,

Geo. A. Paddock, Managing Secy
